Item 1.01. Entry into Material Definitive Agreement

The disclosure set forth in Item 2.03 is incorporated herein by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

Effective September 1, 2015 Reed's Inc. (the "Company") entered into an additional Term Loan (Term Loan B) with a principal balance of \$1,500,000 at prime plus 11.60% (currently 14.85%) with PMC Financial Services Group, LLC. The Term Loan is payable as follows: interest only for the first two months and then beginning December 1, 2015 four monthly payments of \$386,672.90 which includes interest in arrears. The loan is for a total of 6 months.

Concurrently, the conditions for a rate change involving Term Loan A of \$1,500,000 from December 5, 2014 have been modified. The payment terms have not been modified. Under the new conditions, the rate charge will be calculated on a sliding scale based on the trailing 6 month EBITDA. If the EBITDA measuring point stays below \$1,000,000 where it is now, the rate will rise to 12% from the current rate of 9%. If EBITDA rises to \$1,500,000 then the rate will remain the same as now at 9%.

Notwithstanding the other borrowing terms above, if Excess Borrowing Availability under the \$6 million Revolving working capital loan remains more than \$1,500,000 at all times during the preceding month (currently Reed's Borrowing Availability is approximately \$2,100,000) the Interest Rate shall remain unchanged for the asset based lending that includes the Revolving working capital loan, CAPEX capital improvement loan and Term Loan A. The six month Term Loan B rates will remain the same at 14.85%.

Reed's believes that the additional capital will add flexibility and facilitate a smooth transition during the unwinding of the raw material inventory and solidification of the Eastern United States supply chain.
