**Item 1.01 Entry into a Material Definitive Agreement.**

On January 29, 2016, RespireRx Pharmaceuticals Inc. (the “Company”) issued a demand promissory note in the principal amount of \$52,600 to the Company’s Executive Chairman and Chief Scientific Officer, Dr. Arnold S. Lippa, Ph.D., who is a director and significant shareholder of the Company, in exchange for \$52,600 that was loaned by Dr. Lippa to the Company on January 28, 2016 (“Lippa Note”). The proceeds of the loan were used to pay a vendor of the Company.

On February 2, 2016, our President and Chief Executive Officer, Mr. James Manuso, agreed to loan the Company an additional \$52,600 at a future date for working capital and other general corporate purposes, in exchange for a demand promissory note in the same amount.

Each note shall be payable on demand and bear interest at a rate equal to 10% per annum, with any accrued but unpaid interest added to principal at the end of each year that the balance is outstanding. Each note grants a security interest in the assets of the Company, subject to certain conditions as set forth therein. The Company intends to repay the loans within six months from the proceeds of a separate financing transaction.

Under the notes, the terms of which have been reviewed and approved by the Company’s independent directors, each lender is to receive three-year warrants covering an aggregate number of shares of the Company’s common stock equal to the principal amount of the loan funded by the applicable lender divided by the closing price of the Company’s common stock on the date the loan is made. As such, in connection with the Lippa Note, Dr. Lippa received a warrant to purchase 3,350,319 shares of the Company’s common stock, with an exercise price of \$0.0157 per share. The exact terms of Mr. Manuso’s warrant will be based on the date of his loan to the Company.

This description of the notes does not purport to be complete and is qualified in its entirety by reference to each note, a form of which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
