AXIM INTERNATIONAL, INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2012
(unaudited)

NOTE 1: BASIS OF PRESENTATION:

The unaudited interim financial statements of Axim International, Inc. as of September 30, 2012, and for the three and nine month periods ended September 30, 2012 and 2011, have been prepared in accordance with United States generally accepted accounting principles. In the opinion of management, such information contains all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results of such periods. The results of operations of the nine month period ended September 30, 2012 are not necessarily indicative of the results to be expected for the full year ending December 31, 2012.

Certain information and disclosures normally included in the notes to financial statements have been condensed or abbreviated as permitted by the rules and regulations of the Securities and Exchange Commission, although the Company believes the disclosure is adequate to make the information not misleading. The accompanying unaudited financial statements should be read in conjunction with the financial information of the fiscal year ended December 31, 2011.

NOTE 2: RELATED PARTY TRANSACTIONS

During the nine month period ended September 30, 2012, the Company President advanced \$ 24,510 to fund working capital needs. This brings the total to \$30,610 advanced by the Company president since inception. There is no interest or stated terms of repayment on the advance.

NOTE 3. GOING CONCERN

The Company's financial statements have been presented assuming that the Company will continue as a going concern. As shown in the financial statements, the Company has negative working capital, has an accumulated deficit of \$ 3,245, and presently does not have the resources to accomplish its objectives during the next twelve months. These conditions raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments related to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue in operation.

NOTE 4. SIGNIFICANT EVENTS

On July 20, 2012 the Company Board of Directors approved convertible loan agreements with four individual lenders to borrow the principal amount of \$280,000 with interest at 10% and the principal due in thirty six months after the loan date. The loans may be converted into Company common stock at \$.05 per share and must be converted within twenty four months of the loan date and before six months prior to the maturity date. This borrowing approval is for a future need for funds pursuant to a joint venture agreement. It does not guarantee that the loans will be made or that funds will be available at that time. One of the individual lenders is a related party.

Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of Axim International, Inc. (“we”, “us”, “our” or the “Company”) to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. The Company's plans and objectives are based, in part, on assumptions involving the continued expansion of business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes its assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance the forward-looking statements included in this Quarterly Report will prove to be accurate. Description of Business

We were incorporated in the State of Nevada on November 18, 2010 (Inception) and maintain our principal executive office at 6623 Las Vegas Boulevard, Suite 255, Las Vegas, NV, 89119. Since inception, we have been engaged in organizational efforts and obtaining initial financing. We were formed as a vehicle to pursue a business combination through the acquisition of, or merger with, an operating business. We filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission (the “SEC”) on May 6, 2011, and since its effectiveness, we have focused our efforts to identify a possible business combination.

Effective October 3, 2011, we entered into a Licensing Agreement with Omega Research Corporation (“Omega”) for exclusive licensing rights for technology relating to the processing of organic waste to marketable by-products via the Advanced Pyrolysis System 200 (“APS200”). We will have exclusive rights to sub-license, establish joint ventures to commercialize, use and process organic waste, and sell related by-products in the territory of Jamaica, WI. We acquired the licensing rights for \$ 50,000.

Effective October 28, 2011, we entered into a joint venture agreement with Alpha International Marketing Corp (“Alpha”) to establish the APS200 system in Jamaica for converting used tires to biochar and fuel oil. Alpha, as a sub licensee, will be subject to a sub-license fee of \$ 70,000 payable in monthly instalments of \$ 5,000 per month commencing November 1, 2011. As per the Agreement with Omega, 3% of the sub license fee is payable to Omega on a quarterly basis. As additional consideration, the joint venture will remit a 3% royalty fee on all gross sales generated. Alpha is to raise \$ 250,000, half of the purchase price of the APS200 system, and we are to raise the remaining balance. Alpha is to raise such funds by June 30, 2013. We are subject to raising the additional \$ 250,000 by June 30, 2013. In the event that we do not raise such funding by September 30, 2013, our agreement with Alpha is deemed terminated and we are liable to repay the sum of all monthly license fees paid. The repayment must be made within a 12 month period. In the event that Alpha does not raise such funding, the monthly sub license fee will be retained by us.

During the next twelve months we anticipate incurring costs related to:

- (i) filing Exchange Act reports, and
- (ii) contractual obligations to various consultants

We believe we will be able to meet these costs through use of funds in our treasury, through deferral of fees by certain service providers and additional amounts, as necessary, to be loaned to or invested in us by our stockholders, management or other investors. As of the date of the period covered by this report, we have \$ 7,507 in cash. There are no assurances that we will be able to secure any additional funding as needed. Currently, however our ability to continue as a going concern is dependent upon our ability to generate future profitable operations and/or to obtain the necessary financing to meet our obligations and repay our liabilities arising from normal business operations when they come due. Management’s plan includes obtaining additional funds by equity financing and/or related party advances, however there is no assurance of additional funding being available.

We are in our early stages of development and growth, without established records of sales or earnings. We will be subject to numerous risks inherent in the business and operations of financially unstable and early stage or potential emerging growth companies.

Liquidity and Capital Resources

Our cash requirements for the next twelve months are \$ 65,000.

Contractual obligations – consulting fees	\$	36,000
Other consulting fees		12,000
Audit and accounting		10,000
Royalty fees on monthly sub license fee		3,000
Miscellaneous		4,000
Total	\$	65,000

Contractual obligations consist of our contract with Browngate Corporate Services Inc. (“Browngate”), whereas Browngate will provide consulting services relating to accounting and corporate governance. Browngate will also provide office space and telephone and fax rental and also administrative support. The term of the agreement is effective November 1, 2011 for a 12 month period. The agreement can be cancelled with 30 days written notice. The monthly fee for such services is \$ 3,000.

We intend on engaging the services of an engineer to assist with the maintenance and enhancement of the APS200 system. We have entered into various discussions with engineers however as of to date, no agreement has materialized.

We estimate that our audit and accounting costs to be \$ 10,000 however this amount may vary.

We can provide no assurance that the Company can continue to satisfy its cash requirements for at least the next twelve months.

We expect to obtain financing through shareholder loans and private placements. Shareholder loans will be without stated terms of repayment or interest. We will not consider taking on any long-term or short-term debt from financial institutions in the immediate future. Shareholders loans may be granted from time to time as required to meet current working capital needs. We have no formal agreement that ensures that we will receive such loans. We may exhaust this source of funding at any time.

We are dependent upon certain related parties to provide continued funding and capital resources. If continued funding and capital resources are unavailable at reasonable terms, we may not be able to implement our plan of operations.

Sources of Capital:

We expect to sustain our working capital needs with the monthly license fee of \$ 5,000 as per our agreement with Alpha and also through shareholder loans and private placements. Shareholder loans will be without stated terms of repayment or interest. We will not consider taking on any long-term or short-term debt from financial institutions in the immediate future. Shareholders loans may be granted from time to time as required to meet current working capital needs. We have no formal agreement that ensures that we will receive such loans. We may exhaust this source of funding at any time. Monthly license fees from Alpha commenced November 1, 2011 and will end January 1, 2013. There can be no assurance that such fees will be paid on a timely basis.

On July 20, 2012 we approved convertible loan agreements with four individual lenders to borrow the principal amount of \$280,000 with interest at 10% and the principal due in thirty nine months after the loan date. The loans may be converted into Company common stock at \$.05 per share and must be converted within twenty four months of the loan date and before nine months prior to the maturity date. This borrowing approval is for a future need for funds pursuant to a joint venture agreement. It does not guarantee that the loans will be made or that funds will be available at that time. One of the individual lenders is a related party.

Results of Operations

For the three and nine month period ended September 30, 2012, our revenues totalling \$ 15,000 and \$ 45,000, respectively, consists solely of sub license fees received and recoverable from Alpha. No revenue was generated during the same periods ended June 30, 2011.
