NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Triumph Bancorp, Inc. (collectively with its subsidiaries, "Triumph", or the "Company" as applicable) is a financial holding company headquartered in Dallas, Texas. The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries Triumph CRA Holdings, LLC ("TCRA"), TBK Bank, SSB ("TBK Bank"), TBK Bank's wholly owned subsidiary Advance Business Capital LLC, which currently operates under the d/b/a of Triumph Business Capital ("TBC"), and TBK Bank's wholly owned subsidiary Triumph Insurance Group, Inc. ("TIG").

On March 16, 2018, the Company sold the assets of Triumph Healthcare Finance ("THF") and exited its healthcare asset based lending line of business. THF operated within the Company's TBK Bank subsidiary.

On March 31, 2017 the Company sold its membership interests in its wholly owned subsidiary Triumph Capital Advisors, LLC ("TCA").

See Note 2 – Business Combinations and Divestitures for details of the THF and TCA sales and their impact on our consolidated financial statements.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with United States Generally Accepted Accounting Principles ("GAAP") for interim financial information and in accordance with guidance provided by the Securities and Exchange Commission ("SEC"). Accordingly, the condensed financial statements do not include all of the information and footnotes required by GAAP for complete financial statements. The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all normal and recurring adjustments considered necessary for a fair presentation. Transactions between the subsidiaries have been eliminated. These condensed consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2017. Operating results for the three and nine months ended September 30, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018.

The Company has three reportable segments consisting of Banking, Factoring, and Corporate. The Company's Chief Executive Officer uses segment results to make operating and strategic decisions.

Revenue from Contracts with Customers

The Company records revenue from contracts with customers in accordance with Accounting Standards Codification Topic 606, "Revenue from Contracts with Customers" ("Topic 606"). Under Topic 606, the Company must identify the contract with a customer, identify the performance obligations in the contract, determine the transaction price, allocate the transaction price to the performance obligations in the contract, and recognize revenue when (or as) the Company satisfies a performance obligation. Significant revenue has not been recognized in the current reporting period that results from performance obligations satisfied in previous periods.

The Company's primary sources of revenue are derived from interest and dividends earned on loans, investment securities, and other financial instruments that are not within the scope of Topic 606. The Company has evaluated the nature of its contracts with customers and determined that further disaggregation of revenue from contracts with customers into more granular categories beyond what is presented in the Consolidated Statements of Income was not necessary. The Company generally fully satisfies its performance obligations on its contracts with customers as services are rendered and the transaction prices are typically fixed; charged either on a periodic basis or based on activity. Because performance obligations are satisfied as services are rendered and the transaction prices are fixed, the Company has made no significant judgments in applying the revenue guidance prescribed in ASC 606 that affect the determination of the amount and timing of revenue from contracts with customers.

Income Taxes

On December 22, 2017, the United States enacted tax reform legislation commonly known as the Tax Cuts and Jobs Act (the "Tax Act"), resulting in significant modifications to existing law. Authoritative guidance and interpretation by regulatory bodies is ongoing, and as such, the accounting for the effects of the Tax Act is not final and the full impact of the new regulation is still being evaluated.

Adoption of New Accounting Standards

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers" ("ASU 2014-09"), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU replaces most existing revenue recognition guidance in GAAP. The new standard was effective for the Company on January 1, 2018. Adoption of ASU 2014-09 did not have a material impact on the Company's consolidated financial statements and related disclosures as the Company's primary sources of revenues are derived from interest and dividends earned on loans, investment securities, and other financial instruments that are not within the scope of ASU 2014-09, including but not limited to service charges on deposit accounts and gains/losses on the sale of OREO, did not change significantly from current practice. The standard permits the use of either the full retrospective or modified retrospective transition method. The Company elected to use the modified retrospective transition method which requires application of ASU 2014-09 to uncompleted contracts at the date of adoption however, periods prior to the date of adoption will not be retrospectively revised as the impact of the ASU on uncompleted contracts at the date of adoption was not material.

In January 2016, the FASB issued ASU No. 2016-01, "Financial Instruments – Overall: Recognition and Measurement of Financial Assets and Financial Liabilities" ("ASU 2016-01"). The guidance affects the accounting for equity investments, financial liabilities under the fair value option and the presentation and disclosure requirements of financial instruments. ASU 2016-01 was effective for the Company on January 1, 2018 and resulted in separate classification of equity securities previously included in available for sale securities on the consolidated balance sheets with changes in the fair value of the equity securities captured in the consolidated statements of income. See Note 3 – Securities for disclosures related to equity securities. Adoption of the standard also resulted in the use of an exit price rather than an entrance price to determine the fair value of loans not measured at fair value on a non-recurring basis in the consolidated balance sheets. See Note 10 – Fair Value Disclosures for further information regarding the valuation of these loans.

In January 2017, the FASB issued ASU 2017-01, "Business Combinations (Topic 805): Clarifying the Definition of a Business," ("ASU 2017-01") to improve such definition and, as a result, assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or as business combinations. The definition of a business impacts many areas of accounting including acquisitions, disposals, goodwill and consolidation. ASU 2017-01 was effective for the Company on January 1, 2018 and is to be applied under a prospective approach. The Company expects the adoption of this new guidance to impact the determination of whether future acquisitions are considered business combinations or asset purchases.

Newly Issued, But Not Yet Effective Accounting Standards

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)" ("ASU 2016-02"). The FASB issued this ASU to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet by lessees for those leases classified as operating leases under current U.S. GAAP and disclosing key information about leasing arrangements. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018. Early application of this ASU is permitted for all entities. Adoption of ASU 2016-02 is not expected to have a material impact on the Company's consolidated financial statements. The Company leases certain properties and equipment under operating leases that will result in the recognition of lease assets and lease liabilities on the Company's balance sheet under the ASU, however, the majority of the Company's properties and equipment are owned, not leased. At September 30, 2018, the Company had contractual operating lease commitments of approximately \$21,863,000, before considering renewal options that are generally present.

In June 2016, the FASB issued ASU 2016-13, "Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" ("ASU 2016-13"). Among other things, ASU 2016-13 requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to form their credit loss estimates. Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. In addition, ASU 2016-13 amends the accounting for credit losses on debt securities and purchased financial assets with credit deterioration. The amendments in ASU 2016-13 are effective for fiscal years beginning after December 31, 2019, and interim periods within those years for public business entities that are SEC filers. Early adoption is permitted for fiscal years, and interim periods within those years, beginning after December 15, 2018, however, the Company does not currently plan to early adopt the ASU. The Company has assessed its data and system needs and is evaluating the impact that adoption of this standard will have on the financial condition and results of operations of the Company.

NOTE 2 - Business combinations AND DIVESTITURES

First Bancorp of Durango, Inc. and Southern Colorado Corp.

Effective September 8, 2018 the Company acquired (i) First Bancorp of Durango, Inc. ("FBD") and its community banking subsidiaries, The First National Bank of Durango and Bank of New Mexico and (ii) Southern Colorado Corp. ("SCC") and its community banking subsidiary, Citizens Bank of Pagosa Springs, in all-cash transactions. The First National Bank of Durango serves consumers and businesses from four branches in Durango, Colorado and one branch in Bayfield, Colorado, Bank of New Mexico serves consumers and businesses from three branches in Albuquerque, Gallup and Grants, New Mexico, and Citizens Bank of Pagosa Springs serves consumers and businesses from two branches in Pagosa Springs, Colorado. The acquisitions expanded the Company's market in Colorado and into New Mexico and further diversified the Company's loan, customer, and deposit base.

A summary of the estimate fair values of assets acquired, liabilities assumed, consideration transferred, and the resulting goodwill is as follows:

(Dollars in thousands)	FBD	SCC	Total

Goodwill	\$67,994	\$4,066	\$72,060

The Company has recognized goodwill of \$72,060,000, which was calculated as the excess of both the consideration exchanged and the liabilities assumed as compared to the fair value of identifiable net assets acquired and was allocated to the Company's Banking segment. The goodwill in these acquisitions resulted from expected synergies and expansion in the Colorado market and into the New Mexico market. The goodwill will be deducted for tax purposes. The intangible assets recognized in the transactions will be amortized utilizing an accelerated method over their ten year estimated useful lives. The initial accounting for the acquisitions has not been completed because the fair values of the assets acquired and liabilities assumed have not yet been finalized.

The following table presents supplemental pro forma information for the three and nine months ended September 30, 2018 and 2017 as if the FBD and SCC acquisitions had occurred at the beginning of 2017. The supplemental pro forma information includes adjustments for interest income on loans acquired, depreciation expense on property acquired, amortization of intangibles arising from the transactions, and the related income tax effects. Additionally, because FBD and SCC were Subchapter S corporations before the acquisitions and did not incur any federal income tax liabilities, adjustments have been included to estimate the impact of federal income taxes on FBD and SCC's net income for the periods presented. The supplemental pro forma financial information is not necessarily indicative of the results of operations that would have occurred had the transactions been completed on the assumed date.

Interstate Capital Corporation

On June 2, 2018, the Company acquired substantially all of the operating assets of, and assumed certain liabilities associated with, Interstate Capital Corporation's ("ICC") accounts receivable factoring business and other related financial services. ICC operates out of offices located in El Paso, Texas and Santa Teresa, New Mexico and provides invoice factoring to small and medium-sized businesses.

A summary of the estimated fair values of assets acquired, liabilities assumed, consideration transferred, and the resulting goodwill is as follows:

(Dollars in thousands)	
Assets acquired:	
Cash and cash equivalents	\$75
Factored receivables	131,017
Premises and equipment	279
Intangible assets	13,920
Other assets	144
	145,435
Liabilities assumed:	
Deposits	7,389
Other liabilities	763
	8,152
Fair value of net assets acquired	137,283
Consideration:	
Cash paid	160,258
Contingent consideration	20,000
Total consideration	180,258
Goodwill	\$42,975

ICC's net assets acquired were allocated to the Company's Factoring segment whose factoring operations were significantly expanded as a result of the transaction. The Company has recognized goodwill of \$42,975,000, which was calculated as the excess of both the fair value of cash consideration exchanged and the fair value of the contingent liability assumed as compared to the fair value of identifiable net assets acquired and was allocated to the Company's Factoring segment. The goodwill in this acquisition resulted from expected synergies and expansion in the factoring market. The goodwill will be deducted for tax purposes. The intangible assets recognized include a customer relationship intangible asset with an acquisition date fair value of \$13,500,000 which will be amortized utilizing an accelerated method over its eight year estimated useful life and a trade name intangible asset with an acquisition date fair value of \$420,000 which will be amortized on a straight-line basis over its three year estimated useful life.

Consideration paid included contingent consideration with an acquisition date fair value of \$20,000,000. The contingent consideration is based on a proprietary index designed to approximate the rise and fall of transportation invoice prices subsequent to acquisition and is correlated to historical monthly movements in average invoice prices historically experienced by ICC. At the end of a 30 month earnout period, a final average index price will be calculated and the contingent consideration will be settled in cash based on the final average index price. Final

contingent consideration payout will range from \$0 to \$22,000,000 and the fair value of the associated liability will be remeasured each reporting period with changes in fair value reflected in operating results. The fair value of the contingent consideration was \$20,487,000 at September 30, 2018.

The operations of ICC are reflected in the Company's Factoring segment and included in the Company's operating results beginning June 2, 2018. The initial accounting for the acquisition has not been completed because the fair values of the assets acquired and liabilities assumed have not yet been finalized.

Expenses related to the acquisition, including professional fees and other transaction costs, totaling \$1,094,000 were recorded in noninterest expense in the consolidated statements of income during the three months ended June 30, 2018.

Triumph Capital Advisors, LLC

On March 31, 2017, the Company sold its wholly owned asset management subsidiary, Triumph Capital Advisors, LLC, to an unrelated third party. The transaction was completed to enhance shareholder value and provide a platform for TCA to operate without the impact of regulations intended for depository institutions and their holding companies.

A summary of the consideration received and the gain on sale is as follows:

(Dollars in thousands)	
Consideration received (fair value):	
Cash	\$10,554
Loan receivable	10,500

Transaction costs	400
Gain on sale of subsidiary or division, net of transaction costs	\$20,860

The Company financed a portion of the consideration received with a \$10,500,000 term credit facility. Terms of the floating rate credit facility provide for quarterly principal and interest payments with an interest rate floor of 5.50%, maturing on March 31, 2023.

In addition, the Company is entitled to receive an annual earn-out payment representing 3% of TCA's future annual gross revenue, with a total maximum earn-out amount of \$2,500,000. The revenue share earn-out was considered contingent consideration which the Company recorded as an asset at its estimated fair value of \$1,623,000 on the date of sale. The fair value of the revenue share asset was \$1,725,000 at September 30, 2018. The Company received the first cash proceeds of \$174,000 from the revenue share during the nine months ended September 30, 2018.

The Company incurred pre-tax expenses related to the transaction, including professional fees and other direct transaction costs, totaling \$400,000 which were netted against the gain on sale of subsidiary in the consolidated statements of income during the three months ended March 31, 2017.

Held to maturity securities: CLO securities \$1,835 \$ (28) \$5,692 \$ (1,002) \$7,527 \$ (1,030) Management evaluates debt securities for other than temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Company to retain its investment in the security for a period of time sufficient to allow for any anticipated recovery in fair value.

At September 30, 2018, the Company had 516 debt securities in an unrealized loss position. Management does not have the intent to sell any of these securities and believes that it is more likely than not that the Company will not have to sell any such securities before a recovery of cost. The fair value is expected to recover as the securities approach their maturity date or repricing date or if market yields for such investments decline. Management does not believe that any of the securities are impaired due to reasons of credit quality. Accordingly, as of September 30, 2018, management believes that the unrealized losses detailed in the previous table are temporary and no other than temporary impairment loss has been recognized in the Company's consolidated statements of income.

Allowance for loan and lease losses	(27,256)			(18,748)			
	\$3,484,887			\$2,792,108			

The difference between the recorded investment and the unpaid principal balance is primarily (1) premiums and discounts associated with acquisition date fair value adjustments on acquired loans (both PCI and non-PCI) totaling \$20,869,000 and \$18,706,000 at September 30, 2018 and December 31, 2017, respectively, and (2) net deferred origination and factoring fees totaling \$3,136,000 and \$2,944,000 at September 30, 2018 and December 31, 2017, respectively.

At September 30, 2018 and December 31, 2017, the Company had \$54,917,000 and \$32,459,000, respectively, of customer reserves associated with factored receivables. These amounts represent customer reserves held to settle any payment disputes or collection shortfalls, may be used to pay customers' obligations to various third parties as directed by the customer, are periodically released to or withdrawn by customers, and are reported as deposits in the consolidated balance sheets.

Loans with carrying amounts of \$680,070,000 and \$596,230,000 at September 30, 2018 and December 31, 2017, respectively, were pledged to secure Federal Home Loan Bank borrowing capacity.

During the nine months ended September 30, 2017, loans with a carrying amount of \$1,965,000 were transferred to loans held for sale as the Company made the decision to sell the loans. These loans were subsequently sold resulting in proceeds of \$1,919,000 and losses on sale of loans of \$46,000, which were recorded as a reduction in other noninterest income in the consolidated statements of income. No loans were transferred to loans held for sale during the three months ended September 30, 2018 and 2017. There were no loans sold during the nine months ended September 30, 2018, other than those included in the sale of THF. See Note 2 – Business Combinations and Divestitures for details of the THF sale and its impact on our consolidated financial statements.
