## Item 8.01 Other Events

On October 7, 2015, an amendment to the Amended and Restated Certificate of Incorporation (the "Amendment") of Optex Systems Holdings, Inc. (the "Company") will become effective to implement a 1-for-1000 reverse stock split (the "Reverse Stock Split") of the Company's outstanding common stock (the "Common Stock"). The Common Stock will begin trading on the OTCQB on a split-adjusted basis when the market opens on Wednesday, October 7, 2015.

Once the Reverse Stock Split is effective, each 1,000 shares of the Company's issued and outstanding Common Stock will automatically, and without any action on the part of the respective holders, be combined and converted into one (1) issued and outstanding share of Common Stock. The Reverse Stock Split will result in a reduction in the number of issued and outstanding shares of the Company's Common Stock from approximately 180 million to approximately 180 thousand. The Reverse Stock Split will affect all issued and outstanding shares of the Company's Common Stock, as well as all Common Stock underlying stock options, warrants, convertible notes and convertible preferred stock outstanding immediately prior to the Reverse Stock Split. The Amendment was authorized by the Company's Board of Directors, and by its Stockholders on August 31, 2015 in a range of 1:400 to 1:1000 which was subsequently fixed at 1:1000.

No fractional shares will be issued as a result of the Reverse Stock Split and will be rounded up to the next whole share. Stockholders holding physical share certificates will receive instructions from the Company's transfer agent,

Equity Stock Transfer, regarding the process for exchanging their pre-split share certificates for new share certificates. Stockholders with shares held in book-entry form or through a bank, broker, or other nominee are not required to take any action and will see the impact of the Reverse Stock Split reflected in their accounts. Beneficial holders may contact their bank, broker, or nominee for more information. Following the Reverse Stock Split, certificates evidencing pre-split shares of Common Stock will evidence only the right to receive a certificate evidencing post-split shares.

The Common Stock will continue to trade on the OTCQB under the ticker symbol OPXS. The ticker symbol will temporarily be appended with "D" to signify the effectiveness of the Reverse Stock Split for a period of 20 trading days. The post-split Common Stock will trade under a new CUSIP number, 68384X209.
