Our total active membership fees in force increased approximately 2.5% during the last year and continue our trend of increasing our membership fees. Membership persistency rate (defined as the number of memberships in force at the end of a 12 month period as a percentage of the total of memberships in force at the beginning of such period, plus new memberships sold during such period) was 73.2% for the 12 month period ended March 31, 2008 an increase from the 72.1% for the 12 month period ended March 31, 2007.

Our first quarter 2008 corporate finance focus has again been on share repurchases. During the 1st quarter, we returned \$12.9 million to shareholders through the repurchase of 279,336 shares of common stock, at an average per share price of \$46.08. Since April 1999, we have returned \$375.3 million to shareholders through the purchase of 13 million shares, average price of \$28.93 per share, and \$17.1 million in dividends for a combined total of \$392.4 million representing more than 115 percent of our net earnings during the same timeframe.

Our Board of Directors has authorized an additional repurchase of 1 million shares, as we have purchased virtually all of our previously announced stock repurchase authorizations totaling 13 million shares. Purchases pursuant to the new repurchase authorization will be made at prices that we consider attractive. We expect to continue purchases after our 2008 first quarter earnings conference call scheduled for April 30, 2008. No time limit has been set for completion of the additional share repurchases.

We anticipate announcing our 2008 first quarter financial results on April 28, 2008 after the market closes. The Company will conduct a conference call to
