- (1) 1st Source Bank (“the Bank”), 1st Source’s subsidiary bank, owns no securities for its own account. These shares are registered in 1st Source Bank’s name or its nominee as fiduciary. 1st Source Bank reports that these shares are owned by many separate accounts. These amounts include 1,536,129 shares held by participants in the 1st Source Corporation Employee Stock Ownership and Profit Sharing Trust for which the Bank has no voting or investment authority. These amounts also include 5,241,134 shares owned indirectly by Ernestine M. Raclin who disclaims beneficial ownership thereof. These securities are held in trusts, of which 1st Source Bank is the trustee and has sole voting and dispositive power. These amounts also include 1,043,804 shares owned indirectly by Christopher J. Murphy III, who disclaims beneficial ownership thereof. The securities are held in trust for which 1st Source Bank is the trustee, for the benefit of his wife and children. Voting and dispositive authority for these shares is vested in 1st Source Bank as Trustee for various family trusts. Investment authority for those shares is held by 1st Source Bank as Trustee of the underlying trusts.

Due to the structure of various trusts, the amounts discussed in this footnote include 77,066 shares owned indirectly by both Mrs. Raclin and Mr. Murphy. Mrs. Raclin is the retired Chairman of the Board of 1st Source and the mother-in-law of Mr. Murphy. Also, these amounts do not include the shares reported for Christopher J. - (3) As reported in Form 13G filed February 11, 2013, Dimensional Fund Advisors LP, in its role as investment advisor for various clients, had sole dispositive and/or voting power of the shares.

Interest of Certain Persons in Matters to be Acted Upon

The Board of Directors knows of no matters to come before the Annual Meeting other than the matters referred to in this Proxy Statement. However, if any other matters should properly come before the meeting, the persons named in the enclosed proxy intend to vote in accordance with their best judgment. No director, nominee for election as director, or executive officer of 1st Source has any special interest in any matter to be voted upon other than election to the Board of Directors. Directors, executive officers, and voting trustees have indicated that they intend to vote for all directors as listed in Proposal Number 1.

Proposal Number 1: Election of Directors

The Board of Directors is divided into three (3) groups of directors whose terms expire at different times. At the 2013 Annual Meeting, one director is to be elected for a term expiring in 2014 and four directors are to be elected for terms expiring in 2016 or until the qualification and election of a successor. Directors will be elected by a plurality of the votes cast.

The following information is submitted for each nominee as well as each director and each non-director executive officer continuing in office.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH NOMINEE.

All directors have demonstrated the ability and willingness to participate in and contribute to the Board and its Committee activities. Each is actively involved in civic, community and business affairs. Such involvement is noted below with a representative sample of the boards or organizations with which they are involved.

Transactions with Related Persons

The Audit Committee of 1st Source's Board of Directors is responsible, under the terms of that Committee's charter, for identifying, reviewing and approving related party transactions that are material to 1st Source's consolidated financial statements or otherwise require disclosure under Item 404 of SEC Regulation S-K.

Banking Transactions — Directors and officers of 1st Source and their affiliates were customers of, and had transactions with, 1st Source and its subsidiaries in the ordinary course of business during 2012 and in compliance with applicable federal and state laws and regulations. Additional transactions are expected to take place in the ordinary course of business in the future. All outstanding loans and commitments were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Company and did not involve more than the normal risk of collectibility, or present other unfavorable features. Credit underwriting procedures followed were no less stringent than those for comparable transactions with other borrowers.

1st Source's Loan Policy requires prior approval by a majority of the Board of Directors of any extension of credit to an executive officer, director, principal shareholder or persons related to any of the foregoing if aggregate extensions of credit to such executive officers, directors, principal shareholders or other persons exceed \$500,000. The aggregate of loans to executive officers may not exceed \$100,000 except for loans 1) to finance the education of the executive officer's children, 2) to purchase, construct, maintain or improve a residence owned by the executive officer and secured by a first lien, or 3) secured by a perfected security interest in bonds, notes, certificates of indebtedness or other obligations fully guaranteed by the United States, cash or a cash-equivalent. Loans to executive officers are 1) reported to the 1st Source Board at its next regularly scheduled meeting, 2) preceded by the submission of a current, detailed financial statement, and 3) made subject to the condition that the loan will become due if the officer becomes

indebted to any other financial institution or financial institutions in an aggregate amount greater than \$100,000 (excluding the loans of a type noted in 1), 2) and 3) in the preceding sentence). Finally, within 10 days of the date that the aggregate indebtedness to other financial institutions exceeds \$100,000 (excluding first mortgage debt, children's educational loans and loans secured by the types of collateral described above), an executive must make a written report to the Board.

Other Transactions — In 2012, 1st Source Bank made a \$250,000 investment in Data Realty Northern Indiana, LLC (“DRNI”). Also in 2012, 1st Source Bank became a customer of DRNI and the Bank's primary operating system hardware is now located in the data center owned and operated by DRNI. DRNI is a managed data center and network interconnection cooperative serving businesses in 1st Source Bank's headquarters region. Under its agreement with DRNI, 1st Source Bank paid DRNI \$100,000 in December 2012 for set-up, relocation and transition services. 1st Source Bank expects to make monthly payments of \$13,000 in 2013, increasing by 2% each year for the 7 year term of the agreement (or approximately \$1,180,000 in the aggregate). Such estimated monthly payments are materially less than 1st Source Bank paid to the prior provider of such services during 2012. Data Realty, LLC is the managing partner of DRNI. The Company (since 2011), Mr. Kahn, and several other investors from the region are minority investors in Data Realty, LLC. Mr. Graham is the Chairman and Chief Executive Officer of Data Realty, LLC. He holds a majority interest in Data Realty, LLC but does not control election of a majority of Data Realty LLC's Board of Directors. Mr. Murphy is a Director of Data Realty, LLC representing the Company's interests.

In August 2010 1st Source Capital Corporation, a wholly owned SBIC subsidiary of 1st Source Bank, made a \$250,000 investment in Mobe, Inc., a mobile payments systems technology company, in the form of 13% senior subordinated promissory notes. KRW Investments, Inc., in which Mr. Khan has an interest, also made an investment in Mobe, Inc. prior to Mr. Khan's joining 1st Source's Board of Directors. In September 2011 1st Source Capital Corporation made an additional \$50,000 investment in Mobe, Inc. In December 2011

1st Source Capital Corporation substantially wrote down the investment based on its current financial performance. Mobe, Inc. defaulted on the notes in October 2012 and 1st Source Capital wrote down the investment to \$1.

### Board Committees and Other Corporate Governance Matters

In January 2004, the Board of Directors adopted Corporate Governance Guidelines to ensure and document the Company's existing high standards for corporate governance. The Corporate Governance Guidelines are in accordance with the listing standards of the NASDAQ Stock Market and Securities and Exchange Commission rules. The Corporate Governance Guidelines are available on the Company's website at [www.1stsource.com](http://www.1stsource.com).

**Director Independence** — The Board assesses each director's independence in accordance with the Corporate Governance Guidelines. The Corporate Governance Guidelines define an independent director as one who has no relationship to the Company that would interfere with the exercise of independent judgment in carrying out responsibilities as a director of the Company and who is otherwise "independent" under the listing standards of the NASDAQ Stock Market. The Board has determined, after careful review, that the following seven of the twelve current members of the Board are independent directors: Mr. Fitzpatrick, Mr. Kapson, Mr. Khan, Mr. Martin, Mr. Ozark, Mr. Phair and Mr. Schwabero. The Board also assessed and determined that Mr. Khilnani, if elected to the Board, will qualify as an independent member of the Board.

**Board Committees** — 1st Source and its major subsidiary, 1st Source Bank, share the following permanent committees made up of Board members of both organizations. Executive and Governance, Nominating, Audit and Executive Compensation and Human Resources Committee members are appointed annually after the Annual Meeting of Shareholders.

Board Leadership Structure — Under 1st Source’s Corporate Governance Guidelines, the Executive and Governance Committee is responsible for reviewing and making recommendations to the Board regarding the Board’s leadership structure, including whether one individual should serve as Chairman of the Board and Chief Executive Officer and the Board should have a Lead Director. The Executive and Governance Committee reviews the structure of the Board on at least an annual basis and monitors and makes recommendations to the Board on an ongoing basis on other matters concerning Board policies and corporate governance. Additionally, the Executive Compensation and Human Resources Committee of the Board reviews the performance of the Chief Executive Officer on an annual basis. The Board believes it is in the best interest of 1st Source to have Mr. Murphy serve as Chairman of the Board and Chief Executive Officer. The reasons for this include:

- Mr. Murphy’s past performance in both roles and his continuing ability to serve in both;
- The need for decisive leadership and clear accountability in facing 1st Source’s challenges and opportunities;
- Mr. Murphy’s extensive specialized knowledge regarding those challenges and opportunities as well as his large ownership position; and

- The majority of independent directors provides for an appropriate amount of independent Board oversight.

The incumbent chairman of the Nominating Committee, Mr. Martin, presently serves as the Lead Director under the Corporate Governance Guidelines. The Lead Director will normally chair any meetings of the Board at which the Chairman or Vice Chairman of the Board is not present or from which, for whatever reason, each has recused himself. The Lead Director also will conduct the executive sessions of the independent directors.

**Board Role in Risk Oversight** — The Board exercises oversight of the risk management of 1st Source through the functions of its committees as described above. Additionally, Board members exercise oversight responsibilities by serving on the Loan and Funds Management Committee and the Trust and Investment Committee of 1st Source Bank.

The responsibilities of the Loan and Funds Management Committee include:

- Establishing the credit policy for the Bank;

• Reviewing Bank lending activities, including approvals of loans to new or existing customers of total commitments in excess of stated amounts;

• Conducting quarterly reviews of the adequacy of the allowance for loan and lease losses and loan concentrations as compared to established limits; and

• Reviewing the Bank's Funds Management Division in its investment activities, relationships with securities dealers, relationships with other depository institutions, administration of 1st Source's asset/liability management and liquidity functions and other activities.

The responsibilities of the Trust and Investment Committee include:

- Exercising general supervision over the fiduciary activities of the Personal Asset Management Group and the Retirement Plan Services Division;
- Assigning the administration of those fiduciary powers to such officers, employees and committees as the Committee deems appropriate;
- Directing and reviewing the actions of all individuals or committees used by the Bank in the exercise of the fiduciary powers and services offered to clients;
- Implementing and periodically evaluating appropriate policies, practices and controls to promote high quality fiduciary administration; and
- Overseeing appropriate policies and procedures to ensure the Bank makes appropriate investments.

Finally, the Board receives quarterly reports from the Risk Management Committee, a management committee that oversees and evaluates the risk management process for 1st Source and 1st Source Bank and reports to the Chief Executive Officer and the Strategic Deployment Committee.

**Meetings of the Board of Directors and Directors' Compensation** — The Board of Directors held 6 meetings in 2012. No incumbent director attended fewer than 75% of the aggregate total meetings of the Board of Directors and all committees of the Board of 1st Source on which he or she served. Directors receive fees in the amount of \$20,000 per year, plus \$1,000 per Board meeting and \$1,000 per committee meeting attended (\$1,500 per Audit Committee meeting attended). Committee chairpersons also receive an additional \$500 per meeting attended (an additional \$2,000 per Audit Committee meeting attended and an additional \$1,000 per Executive Compensation and Human Resources Committee meeting attended). Total fees paid in 2012 were \$636,667.

**Annual Meeting Attendance** — Per the Company's Corporate Governance Guidelines, directors are expected to attend the Annual Meeting of Shareholders. The Chairman of the Board presides at the Annual Meeting, and the Board of Directors holds one of its regular meetings in conjunction with the Annual Meeting of Shareholders. All members of the Board at the time of the Company's 2012 Annual Meeting of Shareholders attended that meeting.

**Code of Ethical Conduct** — The Board of Directors has adopted a Code of Ethical Conduct for Financial Managers, which is available on the Company's website at [www.1stsource.com](http://www.1stsource.com). The Code of Ethical Conduct for Financial Managers constitutes a code of ethics as defined in Section 406(c) of the Sarbanes-Oxley Act of 2002 and applies to the Chief Executive Officer, Chief Financial Officer, Controller and other individuals performing similar accounting or financial reporting functions for the Company.

**Shareholder Communications** — Communications to the Board of Directors from shareholders are welcomed. All written communications should be directed to the attention of the Chairman of the Executive and Governance Committee. The Chairman of the Executive and Governance Committee shall either (i) relay a shareholder communication to the full Board or an appropriate committee chairperson, or (ii) where he feels that the communication is not appropriate to relay, at least provide a copy of the communication and an indication of his proposed disposition to the General Counsel, or another independent director, either of whom may forward the communication to any other directors if he deems it prudent or appropriate to do so. The Chairman of the Executive and Governance Committee shall forward all recommendations for Board nominees submitted by shareholders to the members of the Nominating Committee.

#### Nominating Committee Information

The Board of Directors formed an independent Nominating Committee in January 2004. The charter of the Nominating Committee is available at [www.1stsource.com](http://www.1stsource.com). All members of the Nominating Committee (see "Board

Committees” above) comply with the independence requirements of the NASDAQ Stock Market listing standards.

The purpose of the Nominating Committee is to identify, evaluate, recruit and select qualified candidates for election, re-election or appointment to the Board. The Nominating Committee may use multiple sources for identifying and evaluating nominees for directors, including referrals from current directors and executive officers and recommendations by shareholders. Candidates recommended by shareholders will be evaluated in the same manner as candidates identified by any other source except that the Nominating Committee also may consider the number of shares held and the length of time the shareholder-recommended candidate has invested in the Company. In order to give the Nominating Committee adequate time to evaluate recommended director candidates, shareholder recommendations should be submitted in writing at least 120 days prior to the next Annual Meeting to be held on or about April 24, 2014. Nominations should be addressed to the attention of the Chairman, Executive and Governance Committee, c/o 1st Source Corporation.

The Nominating Committee will select new or incumbent nominees or recommend to the Board replacement nominees considering the following criteria:

- Whether the nominee is under the age of 70;
- Qualifications, including judgment, skill, capability, conflicts of interest, business experience and technical/professional/educational background;
- Personal qualities and characteristics, accomplishments and reputation in the business community;
- Current knowledge and contacts in the communities or industries in which the Company does business;
- Ability and willingness to commit adequate time, or in the case of incumbent directors, past participation and contribution, to Board and Committee matters;
- The interplay of the nominee’s experience with that of the other Board members;
- The extent to which a nominee would be a desirable addition to the Board and any committee of the Board;
- If applicable, whether the nominee would be deemed “independent” under marketplace rules of the NASDAQ Stock Market and SEC regulations;
- Whether the nominee is qualified and likely to remain qualified to serve under the Company’s By-laws and Corporate Governance Guidelines;
- Diversity of viewpoints, background, experience and other demographics; and
- Such other factors the Committee deems relevant.

The Nominating Committee assesses its own performance, including its effectiveness in achieving a diverse Board, and reviews its charter and recommends any proposed changes every other year coincident with the bi-annual self-assessment of the full Board.

#### Report of the Audit Committee

The Audit Committee oversees 1st Source’s financial reporting process on behalf of the Board of Directors, retains and oversees the Company’s independent registered public accounting firm, approves all audit and non-audit services provided by the independent registered public accounting firm and oversees the Company’s compliance with ethics

policies and legal and regulatory requirements. The Board of Directors has adopted a charter for the Audit Committee to set forth its authority and responsibilities. All of the members of the Committee are independent as defined in the listing standards of the NASDAQ Stock Market and Securities and Exchange Commission rules. The Board has determined that Daniel B. Fitzpatrick, Najeeb A. Khan, Timothy K. Ozark, John T. Phair and Mark D. Schwabero qualify as audit committee financial experts, as defined by Securities and Exchange Commission guidelines.

The Committee reviewed the audited financial statements in the Annual Report with management. The Committee also reviewed the financial statements with 1st Source's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States. The Committee also considered, with the independent registered public accounting firm, the firm's judgments as to the quality, not just the acceptability, of 1st Source's accounting principles and such other matters as are required to be discussed with the Committee under Statement on Auditing Standards No. 61, "Communication with Audit Committees." In addition, the Committee has discussed with the independent registered public accounting firm the firm's independence from management and 1st Source, including the matters in the written disclosures required by PCAOB Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence", and considered the compatibility of nonaudit services provided by the independent registered public accounting firm to 1st Source with the firm's independence.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2012 for filing with the Securities and Exchange Commission.

Compensation Discussion & Analysis

Compensation Philosophy and Program

The Executive Compensation and Human Resources Committee of the Board of Directors, comprised entirely of independent directors, among other things administers the Company's executive compensation program. The purpose of the Executive Compensation and Human Resources Committee is described in its charter as follows:

- Determine compensation for senior management personnel;
- Review performance of the Chief Executive Officer;
- Establish wage and benefit policies for the Company;
- Review general human resources guidelines, policies and procedures;
- Oversee the Company's stock and benefit plans; and
- Review plans to ensure that incentives do not encourage inappropriate risk taking.

In addition, the Executive Compensation and Human Resources Committee generally reviews the recommendations of the Chief Executive Officer with regard to other executive officers and with regard to cash and stock incentives in the Executive Incentive Plan and other incentives for officers in the Company.

The Company's compensation philosophy begins with the concept that its executive officers and key employees are all in partnership with each other and with the Company's shareholders and that the Company succeeds best when the officers work together in this partnership. The Company believes that executive compensation programs should be designed to attract, retain and motivate executive officers and key employees who will make a valuable contribution to the whole enterprise and who will work for the long-term best interests of colleagues and shareholders alike. The Company accomplishes this through compensation that includes cash bonuses and equity compensation that link to the Company's overall performance on both a short-term and long-term basis, thereby aligning the executive's interests with the interests of the Company's shareholders. The Company's philosophy is to compensate fairly and to incentivize behaviors that lead to long-term substantive performance and the success of the Company.

Components of Compensation

To that end, the Executive Compensation and Human Resources Committee has implemented a compensation program for executive officers that includes the following components:

**Base Salaries:** Annual base salary is designed to compensate 1st Source executives for their qualifications, responsibilities and performance. Salaries are administered under the 1st Source Salary Administration Program

for all exempt employees. Through this program, positions are rated under direction of the Human Resources Department and placed in a competitive salary range. Annually, management establishes a salary performance grid that sets the range of merit increases that may be given to exempt personnel, including officers, depending on their individual performance and position in the respective salary range. The salary performance grid is reviewed, adjusted and approved annually by the Executive Compensation and Human Resources Committee based on market and industry information, including data from Towers Watson, Crowe Horwath, the St. Joseph County Indiana Chamber of Commerce and other publicly available sources. Additionally, from time to time the Company engages outside consultants to review its broad-based compensation programs to ensure that they are competitive and reflect market realities. An officer's annual salary will increase based on his or her position in the salary range and individual performance rating determined through the annual review process. The categories for performance under the Company's Salary Administration Program include:

- Achieved excellent overall performance and well exceeded expectations;
- Achieved overall performance and results beyond level expected;
- Consistently strong overall performance and results;
- Meets expectations; achieved overall performance and results;
- Met few expectations; has areas where improvements must be made;
- Failed to achieve results and perform at expected level.

Generally, management awards salary increases as determined under these guidelines in conformance with the approved salary grid. All of the named executive officers, including the Chief Executive Officer, are eligible to receive annual increases through this Salary Administration Program.

**Annual Executive Incentive Plan Awards:** The Company pays incentive compensation under its Executive Incentive Plan to all of the named executive officers. The Executive Incentive Plan bonuses are determined annually following the close of each year. The Plan pays a short-term award and an intermediate-term award.

- **Calculation of Amount and Method of Payment of Short-term Award:** Each executive is assigned a "partnership level" that is a percentage of the midpoint of the salary range or his or her annual base salary. Based on the executive's individual performance, an executive may earn between 0% and 300% of the executive's "partnership level" as incentive compensation. The actual amount received by the executive as incentive compensation is based upon the executive's performance against a set of individual performance goals developed by the executive's immediate supervisor and the executive early each calendar year. In assessing performance against these performance goals, the Company considers the level of achievement against each objective and whether significant or unforeseen circumstances altered the expected results or the difficulty of achieving the results. The amount is then adjusted based upon overall corporate performance against its annual profit plan as adjusted by the Committee. This "partnership level" percentage rises 2.5% for every 1% the Company exceeds its profit plan and decreases 2.5% for every 1% the Company falls short of its profit plan. The short-term award is paid in cash at the time of the award.
- **Intermediate-term Awards and Forfeiture:** The short-term cash component of the computed Executive Incentive Plan bonus is matched fully or partially with book value stock that is subject to forfeiture over a five-year period based on the executive remaining with the Company and on the continued financial performance of the Company. The Company believes that this form of equity-based compensation ties executives directly to the longer-term real economic performance of the Company and will encourage its executives to make sound business decisions that will grow the Company carefully over time, strengthen

its financial position and discourage decisions designed for short-term gain only. The Company acknowledges that these equity awards could become a significant portion of an individual's net worth over time. The Company predominantly has chosen book value stock as the method of compensation because it is the one value that management of the Company can affect by its collective decisions. The earnings of the Company are either added to the book value per share or are paid out as dividends on all outstanding shares (including book value shares still subject to forfeiture). In this way, the value of the book value shares are protected from fluctuations in the stock market that are unrelated to performance of the Company. The executive generally is required to hold the book value shares until retirement except that seven years after the forfeiture risk has lapsed, subject to the approval of the Company, the executive may sell 50% of these vested book value shares back to the Company at its then book value for specific purposes: purchase of a personal residence or second home, college education tuition or financial hardship.

Long-Term Incentive Awards:

- Calculation of Amount of Awards: The Company further rewards its executives for good long-term results with a long-term incentive award. Periodically, the Company establishes a set of corporate goals. These change from time to time, but usually include a growth goal, a return on equity and/or assets goal and some credit and operating performance goals. The executive bonuses under this program are calculated based upon a pre-determined mathematical formula that compares the Company's performance relative to its long-term plan and the executive's average annual Executive Incentive Plan award over the long-term award period. The final bonus amounts are determined by multiplying the result of that calculation by the executive's assigned "partnership level" for long-term incentive award purposes.
- Method of Payment: Under the Executive Incentive Plan, 25% to 50% of the long-term award is paid in cash at the time of the award, with lower cash amounts being paid to more senior executives. The remainder of the long-term award is paid to executives in market value stock, which is subject to forfeiture over a five-year period based upon the executive remaining with the Company.

Restricted Stock Awards:

- Calculation of Amount of Awards: During early 2011 the Chief Executive Officer recommended, and the Committee agreed, that restricted stock awards should be made to executives with a leadership role in achieving its long-range goals for the period ending in 2015. The amounts of the awards were based on the executive's level of authority.
- Method of Payment: The stock will be earned on a ratable basis subject to the executive remaining with the Company and the Company achieving specific financial goals during 2013, 2014 and 2015.

The Executive Compensation and Human Resources Committee has considered the shareholders' advisory approval of executive compensation. It is currently expected that shareholders will be given an opportunity to cast an advisory vote on this topic every three years, with the next opportunity occurring in connection with the Company's Annual Meeting in 2014. The Committee has made its compensation decisions consistent with historical practice and existing policies.

#### Chief Executive Officer Performance and Compensation

Mr. Murphy's compensation includes the same components described above for all executive officers of the Company. In addition, Mr. Murphy participates in the 1998 Performance Compensation Plan that is described below. Mr. Murphy's performance is evaluated by the Executive Compensation and Human Resources Committee each year against a series of objectives determined by the Committee, some of which are derived from the Company's annual budget plan and the Company's long-term strategic plan as approved by the Board of Directors.

**Base Salary:** Each year, the Executive Compensation and Human Resources Committee reviews reports by SNL, Crowe Horwath published by the Indiana Bankers Association and the National Executive and Senior Management Compensation Survey published by Compensation Data Surveys, Dolan Technologies Corporation, comparing compensation among comparable banks and also proxy statements for many of the companies identified. The Executive Compensation and Human Resources Committee uses these reports to evaluate Mr. Murphy's total compensation against total compensation for chief executive officers with similar tenure at peer banks in terms of size and complexity. The Executive Compensation and Human Resources

Committee checks comparables to ensure fairness as to aggregate compensation and its components. The Executive Compensation and Human Resources Committee applies the salary grid used by the Company for all exempt employees when determining Mr. Murphy's base salary increase.

Base Salary Increases: Mr. Murphy did not receive a base salary increase in 2010 based on 1st Source's TARP investment at that time. Although the Committee granted Mr. Murphy a 3.91% increase in base salary in February, 2011 based on his 2010 performance, Mr. Murphy declined to accept it. The Executive Compensation and Human Resources Committee again reviewed Mr. Murphy's salary in February 2012 and granted Mr. Murphy a 5.43% increase in base salary. Under his Employment Agreement, the terms of which are summarized on page 11 of this proxy statement, Mr. Murphy has had a right to receive an annual increase in base salary as determined by the Company. Annually, Mr. Murphy is reviewed on his success in achieving the Company's business plan and budget for the year with special focus on the Company's return on equity and absolute earnings. He is also responsible for the overall performance of the Company relative to its operating and strategic plans and for representing it to various constituencies, for its community participation and for ensuring the development of a culture of independence, integrity and long-term success. Due to the changing economic equation for community and commercial banking and a need to hold salary and other compensation increases in check, Mr. Murphy recommended to the Committee that his salary be held flat for 2013. Based on Mr. Murphy's 2012 performance and the Company's performance against its annual profit plan and using the salary performance grid, the Executive Compensation and Human Resources Committee would have granted Mr. Murphy a 2 % increase in base salary but acceded to his recommendation and held his salary flat.

#### Annual Executive Incentive Plan Award

- Calculation of Amount of Award. Mr. Murphy's base award is calculated based on a "partnership level" of 15% of his base salary. That base bonus is subject to increase or decrease based upon performance of the Company as described above. The Company performed above its plan on return on assets and return on equity for the year 2012 and performed well compared to peers. Mr. Murphy generally met his qualitative and other quantitative objectives, and the Company exceeded its goals for credit quality and largely met its growth objectives. Based upon the formula tied to those objectives, Mr. Murphy was awarded a \$159,200 cash bonus for his performance in 2012 under the Executive Incentive Plan. This was matched with an equivalent value in book value stock.
- Method of Payment. Consistent with the Executive Incentive Plan, the cash award was paid in cash to Mr. Murphy at the time the award was made. The cash bonus for Mr. Murphy is matched with an equivalent value in book value stock, but paid to Mr. Murphy in cash as the five-year forfeiture period lapses. The Executive Compensation and Human Resources Committee believes Mr. Murphy's interest as an owner is significantly enough aligned with the shareholders that the Executive Incentive Plan's stock components can be paid in cash as the forfeiture risk lapses.

Mr. Murphy also participates in the 1998 Performance Compensation Plan. This plan was designed so that a program could be available to the Executive Compensation and Human Resources Committee for awarding bonuses that are specifically mathematically-based and qualify for full deduction under the tax rules described below. This program may be used to replace or supplement the Executive Incentive Plan. The Executive Compensation and Human Resources Committee this year made an award to Mr. Murphy.

1998 Performance Compensation Plan Award: Mr. Murphy was eligible for a bonus under the 1998 Performance Compensation Plan based on the Company's earning goals established by the Executive Compensation and Human Resources Committee at the beginning of 2012. The Executive Compensation and Human Resources Committee determined that some of these goals were attained. For 2012, the award level was set up to 1.5% of net income, the same as was set for 2010 and 2011. Under the terms of the plan, Mr. Murphy

earned a bonus of \$342,600, or approximately .69% of net income. \$296,300 of the bonus was awarded in cash with the remaining \$46,300 to be valued in book value stock. This amount will be paid to Mr. Murphy in cash as the five-year forfeiture period lapses in the same manner as described above for his Executive Incentive Plan stock award.

**Restricted Stock Award:** The Executive Compensation and Human Resources Committee awarded Mr. Murphy 7,500 shares of stock under the 2011 program described above based on his leadership role in the Company. This award is subject to forfeiture on the basis described above.

#### Tax Deductibility of Pay

Federal income tax law caps at \$1,000,000 the deductible compensation per year for each of the named executive officers in the proxy statement, subject to certain exceptions. Additionally, for 2009 and 2010, the Company's participation in the Capital Purchase Program (CPP) established pursuant to the Emergency Economic Stabilization Act of 2008 (EESA) as amended by the American Recovery and Reinvestment Act of 2009 (ARRA) requires it not to claim a tax deduction for any compensation paid to a named executive officer in an amount exceeding \$500,000. In developing and implementing executive compensation policies and programs, the Executive Compensation and Human Resources Committee considers whether particular payments and awards are deductible for federal income tax purposes, along with other relevant factors. The Executive Compensation and Human Resources Committee has taken what it believes to be appropriate steps to maximize the deductibility of executive compensation. It is the general intention of the Executive Compensation and Human Resources Committee to meet the requirements for deductibility whenever possible. The Executive Compensation and Human Resources Committee will continue to review and monitor the deductibility of compensation.

## NARRATIVE DISCLOSURE TO SUMMARY COMPENSATION TABLE AND GRANTS OF PLAN-BASED AWARDS TABLE

## Employment Agreements:

Messrs. Murphy and Griffith each entered into an employment agreement effective January 1, 2008. Ms. Short entered into an employment agreement effective January 1, 2013.

Mr. Murphy's agreement provides for a \$695,000 base salary at January 1, 2013, with annual increases as the Committee may deem appropriate each year, and bonus payments (paid in cash or stock at Mr. Murphy's election) under the Executive Incentive Plan and the 1998 Performance Compensation Plan. Under the other two agreements, Mr. Griffith and Ms. Short receive base salaries of \$308,500 and \$220,000 respectively, at January 1, 2013, with increases thereafter as may be determined by 1st Source, and cash and stock bonuses determined under the Executive Incentive Plan. The agreements permit gross-up payments necessary to cover possible excise tax payments by the executives and to reimburse the executives for legal fees that might be expended in enforcing the agreements'

provisions or contesting tax issues relating to the agreements' parachute provisions.

Mr. Murphy's, Mr. Griffith's and Ms. Short's agreements expire on December 31, 2013. Each will be extended from year-to-year thereafter unless either party gives a notice of non-renewal to the other. The term of Mr. Murphy's agreement will end on December 31 of the third year following the year in which any notice of non-renewal is given. The term of the agreements with Mr. Griffith and Ms. Short will end on December 31 of the same year in which any non-renewal notice is given.

If an executive terminates employment because of any adverse change in his or her status, then the executive would continue to receive his or her base salary for a period of time after his or her termination. Mr. Murphy would receive the equivalent of 36 months of base salary with the first six months payable in a lump sum. Mr. Griffith and Ms. Short would receive the equivalent of twelve months of base salary with the first six months payable in a lump sum.

If an executive terminates employment within one year of a change in control (which term includes any third party which becomes beneficial owner of 50% or more of the outstanding stock of 1st Source, the election of a majority of new directors in connection with a sale, merger, other business combination or contested board of directors election, or shareholder approval of any transaction which results in a disposition of all or substantially all of the assets of 1st Source), then the executive will receive severance pay in cash equal to 2.99 times his "Annualized Includable Compensation for the Base Period" (as defined under the Internal Revenue Code of 1986, as amended).

In the event of an executive's death, the executive's beneficiaries would receive a payment in the amount of twice the executive's current base salary up to a maximum of \$750,000 under a group term life insurance policy provided by the Company. Mr. Griffith's beneficiaries also would receive a payment of \$600,000 under an individual policy for which the Company pays the premiums.

The employment agreements also include restrictive covenants which require, among other things, that the executives not compete with 1st Source in bank or bank-related services within the geographic region in which full service retail branches of 1st Source Bank or any affiliate are located. The agreements also prohibit the executives from ever divulging confidential information or trade secrets after termination of employment.

In the event an executive's employment is terminated because of disability and in addition to other disability programs in effect for all officers of 1st Source, the executive will receive twelve months of base salary, with the first six months payable in a lump sum and the balance paid in monthly installments beginning on the first day of the seventh month following the date of termination.

#### Bonus Plan:

Bonuses under 1st Source's Executive Incentive Plan (EIP) are determined annually as described in the Compensation Discussion and Analysis above. In Mr. Murphy's case, while determined in book value stock, the award is paid in cash as the forfeiture lapses.

The Board of Directors and shareholders approved extensions of the forfeiture period for the awards made in 1999, 2000 and 2001 by four (4) years for all members of the Executive Incentive Plan except Mr. Murphy, who forfeited the remaining 100% of the 1999, 2000 and 2001 awards in January 2005, January 2006 and January 2007, respectively. All other members of the Executive Incentive Plan forfeited the remaining 100% of the 1999, 2000 and 2001 awards in January 2009, January 2010 and January 2011, respectively.

The Company further rewards its executives for good long-term actions with a long-term incentive award. The 2010 long-term awards were made for performance during the five-year period ending in 2010. The executive bonuses under this program are calculated based upon a pre-determined mathematical formula that compares the Company's performance relative to its five-year plan and the executive's average award over the prior five years. The final bonus

amounts are determined by multiplying the result of that calculation by the executive's assigned "partnership level" for long-term incentive award purposes.

Under the Executive Incentive Plan, 25% to 50% of the long-term award is paid in cash at the time of the award, with lower cash amounts being paid to more senior executives. The remainder of the long-term award is paid to executives in market value stock and is subject to forfeiture over a five-year period based upon the executive's remaining with the Company.

Mr. Murphy was also eligible for a bonus under the 1998 Performance Compensation Plan based on goals established at the beginning of each year. For 2010, 2011 and 2012, the award level set was up to 1.5% of net income. Based on Mr. Murphy's performance, Mr. Murphy earned bonuses of \$342,600 (.69% of net income) \$424,600 (.88% of net income), and \$300,000 (.73% of net income), for 2012, 2011 and 2010 respectively. Mr. Murphy's 2012 award was paid as described in the Compensation Discussion and Analysis above. Mr. Murphy received \$374,800 of the 2011 award and the entire 2010 award in cash. The remainder of the 2011 award was valued in book value stock and will be paid to Mr. Murphy in cash as the forfeiture period lapses in the same manner as for his 2011 Executive Incentive Plan stock award.

The amounts shown in the Stock Awards column of the Summary Compensation Table represent the aggregate grant date fair value of all awards granted during the fiscal year computed in accordance with FASB ASC Topic 718. The amounts shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table represent the annual and long-term cash awards under the Executive Incentive Plan and the 1998 Performance Compensation Plan award. Estimated future payout amounts for 2012 stock awards and the corresponding grant date fair values are shown in the Grants of Plan-Based Awards Table.

Recipients of unvested book value and market value shares granted under the Executive Incentive Plan receive dividends at the same time and in the same amount as all other holders of 1st Source common stock.

## Executive Compensation and Human Resources Committee Report

The Executive Compensation and Human Resources Committee has reviewed and discussed the Compensation Discussion & Analysis section of this Proxy Statement with management. In reliance on these reviews and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion & Analysis section be included in this Proxy Statement.

As discussed in the Compensation Discussion & Analysis, the senior executive officer compensation plans include both equity and cash components that link executive compensation to the Company's overall performance on both a short-term and long-term basis, subject to forfeiture based on the executive remaining with the Company and on long-term real economic performance of the Company. As such, these plans do not encourage the senior executive officers to take unnecessary and excessive risks that threaten the Company. Nor do they encourage the manipulation of earnings of the Company to enhance the compensation of any employee.

The Committee also identified and reviewed the Company's five business unit incentive plans, each of which rewards measurable performance of the Company's five major product and service segments: Business Banking, Consumer Banking, Specialty Finance, Trust and Asset Management, and Insurance. Each of these incentive plans has common features that encourage high quality, long-term relationship business and discourage unnecessary or excessive risks for short-term gain. In particular, short-term cash awards generally are capped at less than 30% of a participant's salary midpoint and generally are much less after applying the respective individual performance metrics under the plans. Annual stock awards are similarly limited to a percentage of a participant's salary midpoint and have long-term attributes. They carry substantial risks of forfeiture over a five-year period if performance hurdles that are tied to

Company performance are not cleared. They are made in book value common stock transferable only to the Company upon death, disability, normal retirement, early termination of employment, or by discretionary approval of the Committee, with less favorable payout terms upon early termination of employment. The incentive plans for lenders further mitigate excessive risks by including substantial weightings or deductions for credit quality and net charge-offs. The Committee also identified and reviewed the Company's referral programs designed to encourage internal referrals by providing small, immaterial cash incentives to eligible participants.

These features, combined with the systems of controls in place to mitigate the risks of the products and services the Company offers, limit and discourage the taking of unnecessary and excessive risks. They also discourage and mitigate the risk of manipulation of reported earnings to enhance the compensation of any employee. None of these incentive plans or referral programs, alone or in aggregate, encourages unnecessary or excessive risks or presents significant risks to the Company as a whole.

Based on the foregoing, the Committee certifies that:

- (1) It has reviewed with senior risk officers the senior executive officer (SEO) compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of 1st Source Corporation;
- (2) It has reviewed with senior risk officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to 1st Source Corporation; and
- (3) It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of 1st Source Corporation to enhance the compensation of any employee.

Section 16(a) Beneficial Ownership Reporting Compliance

The Securities Exchange Act of 1934 requires executive officers and directors to file reports of ownership and changes in ownership of 1st Source Corporation stock with the Securities and Exchange Commission and to furnish 1st Source with copies of all reports filed. Based solely on a review of the copies of such reports furnished to 1st Source and written representations from the executive officers and directors that no other reports were required, 1st Source believes that all filing requirements were complied with during the last fiscal year, except that a report filed with respect to the exercise of stock options by Mr. Wessell on December 14, 2012 was not timely filed.

Relationship with Independent Registered Public Accounting Firm

The financial statements of 1st Source are audited annually by an independent registered public accounting firm. For the year ended December 31, 2012 and the twelve (12 ) preceding years, the audit was performed by Ernst & Young LLP. Fees for professional services provided by Ernst & Young LLP for the last three (3) years were as follows:

	2012	2011	2010
Audit Fees	\$ 616,250	\$ 632,000	\$ 612,400
Audit-Related Fees	21,000	21,400	20,400
Tax Fees	23,675	19,225	30,400
Other Fees	-	-	-
Total	\$ 660,925	\$ 672,625	\$ 663,200

Audit fees included fees associated with the annual audit and the reviews of 1st Source’s quarterly reports on Form 10-Q. Audit-related fees included fees for pension and statutory audits and accounting consultations. Tax fees included review of 1st Source’s federal and state tax returns and tax advice on other federal and state tax issues.

In 2003 the Audit Committee adopted an Audit and Non-Audit Services Pre-Approval Policy covering services performed by 1st Source’s independent registered public accounting firm. Under this policy the annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters. Any other services provided by the independent registered public accounting firm will require specific pre-approval by the Audit Committee unless the type of service has received general pre-approval from the Audit Committee. In addition, a pre-approved type of service will require specific pre-approval if the current year fee level for the type of service will exceed the approved fee level established annually by the Audit Committee. Requests or applications to provide services that require approval by the Audit Committee will be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC’s rules on auditor independence. All fees paid to the independent registered public accounting firm for their 2012, 2011 and 2010 services were pre-approved by the Audit Committee in accordance with this policy.

Representatives of the firm of Ernst & Young LLP will be available to respond to questions during the Annual Meeting. These representatives have indicated that they do not presently intend to make a statement at the Annual Meeting. 1st Source intends to retain Ernst & Young LLP as its independent registered public accounting firm for the year ending December 31, 2013.
