SECTION 7 – REGULATION FD

Item 7.01 Regulation FD Disclosure

On September 3, 2008, at the Lehman Brothers 2008 CEO Energy/Power Conference in New York, NY, Armando Pimentel, Jr., executive vice president, finance and chief financial officer of FPL Group, Inc. (FPL Group), will discuss FPL Group's long-term growth expectations, including (i) reaffirmation of FPL Group's previously announced adjusted earnings per share expectations for 2008 of \$3.83 to \$3.93; (ii) revised FPL Group adjusted earnings per share expectations for 2009 of \$4.05 to \$4.25, including adjusted earnings expectations for Florida Power & Light Company (FPL) of approximately \$820 million to \$900 million; (iii) FPL Group adjusted earnings per share expectations for 2010 of \$4.50 to \$4.90; and (iv) reaffirmation of FPL Group's average adjusted earnings per share growth expectations of at least 10% per year from 2006 to 2012. These adjusted earnings and adjusted earnings per share expectations assume normal weather and operating conditions, and exclude the cumulative effect of adopting new accounting standards, the mark-to-market effect of non-qualifying hedges and other than temporary impairment losses on securities held in FPL Energy, LLC's (FPL Energy) decommissioning funds, none of which can be determined at this time. In addition, these expectations assume, among other things, continued strong commodity markets, continued public policy support for renewable power project development, including, but not limited to, the extension of production tax credits beyond 2008, selective transmission facilities and capacity expansion to support renewables, continued wind supply chain expansion, continued expansion of FPL Energy non-wind activities, access to capital markets, no acquisitions and continued constructive regulatory framework in Florida.
