NEWS RELEASE

INDEPENDENCE HOLDING COMPANY ANNOUNCES

2015 FOURTH-QUARTER AND ANNUAL RESULTS

Stamford, Connecticut, June 6, 2016. Independence Holding Company (NYSE: IHC) today reported 2015 fourth-quarter and annual results. As a result of the delay in reporting these results, IHC is currently working on its 2016 first-quarter results.

Financial Results

Net income attributable to IHC increased to \$.28 per share, diluted, or \$4,933,000, for the three months ended December 31, 2015 compared to \$.23 per share, diluted, or \$4,034,000, for the three months ended December 31, 2014. Net income attributable to IHC increased to \$1.71 per share, diluted, or \$29,944,000, for the year ended December 31, 2015 compared to \$.92 per share, diluted, or \$16,293,000, for the year ended December 31, 2014.

Revenues decreased to \$125,080,000 for the three months ended December 31, 2015 as compared to revenues for the three months ended December 31, 2014 of \$127,090,000; and revenues decreased to \$532,868,000 for the year ended December 31, 2015 compared to revenues for the year ended December 31, 2014 of \$533,933,000. Revenues decreased primarily due to a reduction in premiums from having exited the major medical market and a decrease in realized gains. Exiting the major medical line, which was triggered by the requirements of the Affordable Care Act (ACA), resulted in a reduction in revenue of \$15,856,000 for the fourth quarter and \$58,382,000 for the year ended December 31, 2015. These reductions were partially offset by an increase in medical stop-loss and specialty health premiums and from gains due to the following transactions which closed in 2015: (i) the reinsurance of substantially all of our run-off blocks of individual life and annuities and the sale of the infrastructure related to those blocks; and (ii) the joint venture with Ebix, Inc. to form Ebix Health Exchange Holdings, LLC, which acquired our subsidiary Ebix Health Administration Exchange (f.k.a. IHC Health Solutions, Inc.).

Chief Executive Officer's Comments

Roy T. K. Thung, Chief Executive Officer, commented, "With the sale of our stop-loss business, we are now focused on growing our remaining lines of business: group long term disability and life, statutory disability benefit policies (DBL) in New York, pet, group and individual specialty health insurance. All of these lines performed very well in

2015, and the pet and specialty health lines grew significantly. We anticipate continued growth and good underwriting results from these lines of business in 2016. Our overall investment portfolio continues to be very highly rated (on average, AA) and has a duration of approximately five and a half years. Our book value increased to \$18.73 per share at December 31, 2015 from \$17.25 per share at December 31, 2014, and our total stockholders' equity increased to \$323 million at December 31, 2015 compared to \$300 million at December 31, 2014. Both of these are all-time highs. As previously reported, we have sold IHC Risk Solutions LLC and the stop-loss business it produced on March 31, 2016 and that transaction will further increase our stockholders' equity by approximately \$100 million.
