**Item 1.01 Entry into a Material Definitive Agreement.**

On August 20, 2007, we entered into an agreement with Infineon Technologies AG pursuant to which we agreed to sell our Mobility Products Group to Infineon for \$450 million in cash and a performance-based payment of up to \$50 million payable in the first quarter of 2009. Our Mobility Products Group designs semiconductors and software for cellular telephone handsets and complete chip-level solutions for satellite digital audio radio applications.

The transaction is expected to close in the fourth quarter of 2007, subject to the satisfaction of customary closing conditions and regulatory approvals, including those required by the Hart-Scott-Rodino Antitrust Improvements Act.

In connection with the sale, we expect approximately 700 LSI employees to join the Infineon Communications Solutions business group. We will also enter into additional agreements with Infineon at closing, including an intellectual property agreement, a transition services agreement and a supply agreement.

**Item 8.01 Other Events.**

Our Board of Directors has authorized the repurchase of up to \$500 million of our common stock. This authorization is in addition to the authorization we announced on December 4, 2006. We previously completed the repurchase of \$500 million of common stock under that authorization. We expect to fund the repurchases under the new authorization from the proceeds of the sale of our Mobility Products Group, available cash and short-term investments.
