ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we have filed with the Securities and Exchange Commission, or the SEC, using a “shelf” registration for continuous offering process. Under the shelf process, from time to time, we may, but are not required to, sell the securities offered in supplements to this prospectus in one or more offerings.

This prospectus provides you with a general description of our Company. Whenever we decide to offer the securities noted on the cover page of this prospectus, we will provide you with a prospectus supplement containing specific information about the terms of the offering and the means of distribution. A prospectus supplement may include other special considerations applicable to that specific offering. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and any prospectus supplement, you should rely on the information in the prospectus supplement. You should read carefully this prospectus and any prospectus supplement together with the additional information described under the heading “Where You Can Find More Information.”

In this prospectus and any prospectus supplement, unless otherwise indicated, the terms “Old Republic,” “Company,” “registrant,” “we,” “us” and “our” refer to Old Republic International Corporation and its consolidated subsidiaries.

OLD REPUBLIC INTERNATIONAL CORPORATION

We are a Chicago based holding company engaged in the single business of insurance underwriting. We conduct our operations principally through three major regulatory segments, namely, our General Insurance (property and liability), Title Insurance and the Republic Financial Indemnity Group (“RFIG”) (mortgage guaranty and consumer credit indemnity) Run-off business. References herein to such groups apply to our subsidiaries engaged in these respective segments of business.

The insurance business is distinguished from most others in that the prices (premiums) charged for various insurance products are set without certainty of the ultimate benefit and claim costs that will emerge or be incurred, often many years after issuance and expiration of a policy. This basic fact casts us as a risk-taking enterprise managed for the long run. The business is therefore conducted with a primary focus on achievement of favorable underwriting results over cycles, and on the maintenance of financial soundness in support of our insurance subsidiaries' long-term obligations to insurance beneficiaries. To achieve these objectives, adherence to insurance risk management principles is stressed, and asset diversification and quality are emphasized. The underwriting principles encompass:

- Disciplined risk selection, evaluation, and pricing to reduce uncertainty and adverse selection;
- Augmenting the predictability of expected outcomes through insurance of the largest number of homogeneous risks as to each type of coverage;
 - Reducing the insurance portfolio risk profile through:
 1. diversification and spread of insured risks; and
 2. assimilation of uncorrelated asset and liability exposures across economic sectors that tend to offset or counterbalance one another; and
 3. effectively managing gross and net limits of liability through appropriate use of reinsurance.

In addition to income arising from our basic underwriting and related services functions, significant investment income is earned from invested funds generated by those functions and from shareholders' capital. Investment management aims for stability of income from interest and dividends, protection of capital, and sufficient liquidity to meet insurance underwriting and other obligations as they become payable in the future. Securities trading and the realization of capital gains are not objectives. Our investment philosophy is therefore best characterized as

emphasizing value, credit quality, and relatively long-term holding periods. Our ability to hold both fixed maturity and equity securities for long periods of time is in turn enabled by the scheduling of maturities in contemplation of an appropriate matching of assets and liabilities, and by investments in large capitalization equity securities with necessary market liquidity.

In light of the above factors, our affairs are necessarily managed for the long-run without significant regard to the arbitrary strictures of quarterly or even annual reporting periods that American industry must observe. In our view, such short reporting time frames do not comport well with the long-term nature of much of our business. We believe that our operating results and financial condition can best be evaluated by observing underwriting and overall operating performance trends over succeeding five to ten year intervals. Such extended periods can encompass one or two economic and/or underwriting cycles, and thereby provide appropriate time frames for such cycles to run their course and for reserved claim costs to be quantified with greater finality and effect.

1

We are a corporation organized under the laws of Delaware. Our principal executive offices are located at 307 North Michigan Avenue, Chicago, Illinois. Information concerning us is available on our website at www.oldrepublic.com. Information contained on our website is not and should not be considered a part of this prospectus unless specifically incorporated by reference.

RISK FACTORS

Investing in our securities involves risks. Potential investors are urged to read and consider the risk factors relating to an investment in our Company described in our most recent Annual Report on Form 10-K incorporated by reference in this prospectus, as the same may be updated from time to time by our future filings with the SEC. Before making an investment decision, you should carefully consider those risks as well as other information we incorporate by reference in this prospectus. The risks and uncertainties we have described are not the only ones facing our Company. Additional risks and uncertainties not presently known to us or that we currently consider immaterial may also adversely affect our business operations. To the extent a particular offering implicates additional risks, we will include a discussion of those risks in the applicable prospectus supplement.

FORWARD-LOOKING STATEMENTS

Historical data pertaining to the operating results, liquidity, and other performance indicators applicable to an insurance enterprise such as ours are not necessarily indicative of results to be achieved in succeeding years. In addition to the factors cited below, the long term nature of the insurance business, seasonal and annual patterns in premium production and incidence of claims, changes in yields obtained on invested assets, changes in government policies and free markets affecting inflation rates and general economic conditions, and changes in legal precedents or the application of law affecting the settlement of disputed and other claims can have a bearing on period-to-period comparisons and future operating results.

Some of the statements made in our reports that we file with the SEC and which are incorporated by reference in this prospectus or that may be made in any applicable prospectus supplement can constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Of necessity, any such forward-looking statements involve assumptions, uncertainties, and risks that may affect our future performance. With regard to our General Insurance segment, its results can be affected, in particular, by the level of market competition, which is typically a function of available capital and expected returns on such capital among competitors, the levels of interest and inflation rates, and periodic changes in claim frequency and severity patterns caused by natural disasters, weather conditions, accidents, illnesses, work-related injuries, and unanticipated external events. Title Insurance and RFIG Run-off results can be affected by similar factors and by changes in national and regional housing demand and values, the availability and cost of mortgage loans, employment trends, and default rates on mortgage loans. Life and accident insurance earnings can be affected by the levels of employment and consumer spending, variations in mortality and health trends, and changes in policy lapsation rates. At our parent holding company level, operating earnings or losses are generally reflective of the amount of debt outstanding and its cost, interest income on temporary holdings of short-term investments, and period-to-period variations in the costs of administering our widespread operations.

A more detailed listing and discussion of the risks and other factors which affect our risk-taking insurance business are included in Part I, Item 1A—Risk Factors, of our 2014 Annual Report to the SEC, which Item is specifically incorporated herein by reference.

Any forward-looking statements or commentaries speak only as of their dates. We undertake no obligation to publicly update or revise any and all such comments, whether as a result of new information, future events or otherwise, and accordingly they may not be unduly relied upon.

You should consider these risks and those set forth in, or incorporated into, the “Risk Factors” section of this prospectus prior to investing in our securities.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of securities offered by this prospectus will be used for general corporate purposes, including, without limitation, the repayment or the refinancing of indebtedness, repurchases of our outstanding securities, capital expenditures, future acquisitions and working capital. If net proceeds from a specific offering will be used to repay indebtedness, the applicable prospectus supplement will describe the relevant terms of the debt to be repaid.

2

RATIO OF COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS TO EARNINGS

Because we have not had any preferred stock outstanding during any of the periods set forth in the table below, the ratio of combined fixed charges and preference dividends to earnings is identical to the ratio of earnings to fixed charges. The following table shows our historical ratio of earnings to fixed charges for each of the five most recent fiscal years ended December 31, 2014. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus.

	Year Ended December 31,				
	2014	2013	2012	2011	2010
Ratio of earnings to fixed charges (unaudited)	22.4	29.8	NM(1)	NM(1)	1.9

(1) Not meaningful for the years ended December 31, 2012 and 2011, during which periods earnings were insufficient to cover fixed charges by \$137.3 million and \$237.5 million, respectively. Such shortfalls were due primarily to the weakness in the Company's mortgage guaranty and consumer credit indemnity lines.

For purposes of computing these ratios, earnings consist of the sum of pretax income (loss) before adjustment for income or loss from equity investees, distributed income of equity investees and fixed charges. Fixed charges consist of interest expense and amortization of capitalized debt expenses.

DESCRIPTION OF SECURITIES

We will describe the terms of the offered securities from time to time in any prospectus supplement for such offer.

PLAN OF DISTRIBUTION

The plan of distribution for each offering of securities pursuant to this prospectus will be described in detail in a prospectus supplement describing each particular offering.

Heitkamp, Jr., Senior Vice President, General Counsel, and Secretary of the corporation. Mr. Heitkamp holds stock and options to purchase stock granted under our employee stock plans, which in the aggregate represent less than 0.1% of our outstanding common stock.

Item 15. Indemnification of Directors and Officers.

As permitted by Section 102(b)(7) of the Delaware General Corporation Law, or DGCL, our certificate of incorporation provides that a director of Old Republic shall not be personally liable to Old Republic or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (a) for any breach of the director's duty of loyalty to us or our stockholders, (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) pursuant to Section 174 of the General Corporation Law of the State of Delaware, or (d) for any transaction from which a director derived an improper personal benefit.

In general, our certificate of incorporation provides that Old Republic shall indemnify its directors and officers to the fullest extent permitted by law. As permitted by Section 145(a) of the DGCL, our certificate of incorporation provides that we shall indemnify each of our directors and officers against expenses (including attorney's fees) incurred in connection with any proceeding (other than an action by or in the right of Old Republic) involving such person by reason of having been an officer or director, to the extent such person acted in good faith and in a manner reasonably believed to be in, or not opposed to, the best interest of Old Republic and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. As permitted by Section 145(b) of the DGCL, our certificate of incorporation provides that we shall indemnify each of our officers and directors against expenses (including attorney's fees) incurred in connection with any action brought by or in the right of Old Republic, except that if the director or officer is adjudged to be liable to Old Republic, no indemnification shall be made unless and to the extent that the Court of Chancery or any other court shall deem proper, notwithstanding the

adjudication of liability.

The determination of whether indemnification is proper under the circumstances, unless made by a court, shall be made by the board of directors by a majority vote of a quorum thereof consisting of directors who were not parties to such action, suit or proceeding, by opinion of independent legal counsel or by our stockholders. However, as required by Section 145(c) of the DGCL, we must indemnify a director or officer who was successful on the merits in defense of any suit. As permitted by Section 145(e) of the DGCL, we may pay expenses incurred by a director or officer in advance, upon receipt of an undertaking that the advance will be repaid if it is ultimately determined that the director or officer is not entitled to indemnity.

5

In addition, we have entered into indemnification agreements with our directors and certain officers under which we have agreed to provide indemnification rights similar to those contained in our certificate of incorporation and under which we have agreed to advance expenses as provided by the agreement upon receipt of an undertaking that the advance will be repaid if it is ultimately determined that the director or officer is not entitled to indemnity.

The undersigned registrant hereby undertakes:

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that the undertakings set forth in paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

7

(6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
