Notes to Consolidated Financial Statements
(Unaudited)

1. Summary of Significant Accounting Policies

Macy's, Inc. and subsidiaries (the "Company") is a retail organization operating retail stores and websites that sell a wide range of merchandise, including men's, women's and children's apparel and accessories, cosmetics, home furnishings and other consumer goods. The Company's operations include more than 850 stores in 45 states, the District of Columbia, Guam and Puerto Rico, as well as macys.com and bloomingdales.com.

A description of the Company's significant accounting policies is included in the Company's Annual Report on Form 10-K for the fiscal year ended February 2, 2008 (the "2007 10-K"). The accompanying Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and notes thereto in the 2007 10-K.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

The Consolidated Financial Statements for the 13 weeks ended May 3, 2008 and May 5, 2007, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) considered necessary to present fairly, in all material respects, the consolidated financial position and results of operations of the Company.

Because of the seasonal nature of the retail business, the results of operations for the 13 weeks ended May 3, 2008 and May 5, 2007 (which do not include the Christmas season) are not necessarily indicative of such results for the fiscal year.

On August 30, 2005, the Company completed the acquisition of The May Department Stores Company ("May"). The operations of the acquired Lord & Taylor division and the bridal group (consisting of David's Bridal, After Hours Formalwear and Priscilla of Boston) have been divested and were presented as discontinued operations (see Note 4, "Discontinued Operations").

Certain reclassifications were made to the prior fiscal year's amounts to conform with the classifications of such amounts for the current fiscal year.

Effective February 3, 2008, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 157, "Fair Value Measurements," ("SFAS 157"), as it applies to financial assets and liabilities that are recognized or disclosed at fair value on a recurring basis. SFAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosures about fair value measurements. The SFAS 157 fair value hierarchy consists of three levels: Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the Company has the ability to access; Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The adoption of SFAS 157 as it

applies to financial assets and liabilities that are recognized or disclosed at fair value on a recurring basis did not have and is not expected to have an impact on the Company's consolidated financial position, results of operations or cash flows.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company's financial assets and liabilities that are required to be measured at fair value on a recurring basis at May 3, 2008:

	Fair Value Measurements			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
	(millions)			
Marketable equity and debt securities.....	\$ 95	\$ 44	\$ 51	\$ -

In February 2008, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position No. 157-2 ("FSP 157-2") that permits a one-year deferral for the implementation of SFAS 157 with regard to nonfinancial assets and liabilities that are not recognized or disclosed at fair value on a recurring basis (at least annually). This deferral will impact the Company's accounting for certain nonfinancial assets and liabilities accounted for under SFAS No. 142, "Goodwill and Other Intangible Assets," SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," SFAS No. 143, "Accounting for Asset Retirement Obligations" and SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." The Company has elected this deferral and is currently in the process of evaluating the impact the full adoption of SFAS 157 will have on the Company's consolidated financial position, results of operations and cash flows.

SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities," ("SFAS 159"), which provides companies with the option to report selected financial assets and liabilities at fair value, became effective for the Company beginning February 3, 2008. The Company did not elect to report any financial assets and liabilities at fair value at February 3, 2008 or at May 3, 2008.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements - an amendment of Accounting Research Bulletin ("ARB") No. 51," ("SFAS 160"). SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 is effective for fiscal years beginning after December 15, 2008. The Company does not anticipate the adoption of this statement will have a material impact on the Company's consolidated financial position, results of operations or cash flows.

Also in December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations," ("SFAS 141R"). SFAS 141R establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS 141R is effective for fiscal years beginning after December 15, 2008. The adoption of this statement will affect any future acquisitions entered into by the Company, and beginning with fiscal 2009 the Company will no longer account for adjustments to acquired tax liabilities and unrecognized tax benefits as increases or decreases to goodwill. After adoption of SFAS 141R, such adjustments will be accounted for in income tax expense.

In March 2008, the FASB issued SFAS No. 161, "Disclosures About Derivative Instruments and Hedging Activities - an amendment of FASB Statement No. 133," ("SFAS 161"). SFAS 161 expands disclosure requirements for derivative instruments and hedging activities. SFAS 161 is effective for fiscal years beginning after November 15, 2008. The Company is currently in the process of evaluating the impact of adopting SFAS 161 on the Company's consolidated financial position, results of operations and cash flows.

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles," ("SFAS 162"). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States of America. SFAS 162 will be effective 60 days after the Security and Exchange Commission approves the Public Company Accounting Oversight Board's amendments to AU Section 411. The Company does not anticipate the adoption of SFAS 162 will have an impact on the Company's consolidated financial position, results of operations or cash flows.

2. Division Consolidation Costs

Division consolidation costs represent certain costs associated with the "My Macy's" localization initiative. This initiative is to strengthen local market focus and enhance selling service to enable the Company to both accelerate same-store sales growth and reduce expenses. In combination with the localization initiative, the Company commenced the consolidation of the Minneapolis-based Macy's North organization into New York-based Macy's East, the St. Louis-based Macy's Midwest organization into Atlanta-based Macy's South and the Seattle-based Macy's Northwest organization into San Francisco-based Macy's West. With My Macy's, the Company is taking action in certain markets to ensure that customers surrounding each Macy's store find merchandise assortments, size ranges, marketing programs and shopping experiences that are custom-tailored to their needs. The Company will concentrate more management talent in certain local markets, create new positions in the field to work with division central planning and buying executives in helping to understand and act on the merchandise needs of local customers, and empower locally based executives to make more and better decisions. My Macy's is expected to drive sales growth by improving knowledge at the local level and then acting quickly on that knowledge.

During the 13 weeks ended May 3, 2008, the Company recorded \$87 million of costs and expenses associated with the division consolidation and localization initiatives, consisting primarily of severance costs and other human resource-related costs.

The following table shows the beginning and ending balance of, and the activity associated with, the severance accrual established in connection with the division consolidation and localization initiative during the 13 weeks ended May 3, 2008:

	February 2, 2008	Charged To Division Consolidation Costs	Payments	May 3, 2008
		(millions)		
Severance costs.....	\$ -	\$ 68	\$ 7	\$ 61

The Company expects to pay out the accrued severance costs, which are included in accounts payable and accrued liabilities on the Consolidated Balance Sheets, prior to January 31, 2009.

3. May Integration Costs

May integration costs represent the costs associated with the integration of the acquired May businesses with the Company's pre-existing businesses and the consolidation of certain operations of the Company. The Company completed its review of store locations and distribution center facilities during 2007, closing certain underperforming stores, temporarily closing other stores for remodeling to optimize merchandise offering strategies, closing certain distribution center facilities, and consolidating operations in existing or newly constructed facilities. The remaining non-divested stores or facilities which have been closed, totaling approximately \$75 million, are classified as assets held for sale and are included in other assets on the Consolidated Balance Sheets as of May 3, 2008.

Edgar Filing: Macy's, Inc. - Form 10-Q

During the 13 weeks ended May 5, 2007, the Company recorded \$36 million of costs and expenses associated with the integration and consolidation of May's operations into the Company's operations, including additional costs related to closed locations, system conversion costs and costs related to other operational consolidations.

During the 13 weeks ended May 5, 2007, approximately \$30 million of property and equipment was transferred to assets held for sale upon store or facility closure. In addition, property and equipment totaling approximately \$16 million was disposed of in connection with the May integration and the Company collected approximately \$22 million of receivables from a prior year disposition.

The following tables show, for the 13 weeks ended May 3, 2008 and May 5, 2007, the beginning and ending balance of, and the activity associated with, the severance and relocation accrual established in connection with the May integration:

	February 2, 2008	Payments (millions)	May 3, 2008
Severance and relocation costs.....	\$ 30	\$ (19)	\$ 11

The Company expects to pay out the accrued severance and relocation costs, which are included in accounts payable and accrued liabilities on the Consolidated Balance Sheets, prior to January 31, 2009.

	February 2, 2007	Charged To May Integration Costs (millions)	Payments	May 5, 2007
Severance and relocation costs.....	\$ 73	\$ 2	\$ (36)	\$ 39

4. Discontinued Operations

In April 2007, the Company completed the sale of its After Hours Formalwear business for approximately \$66 million in cash, net of \$1 million of transaction costs. The After Hours Formalwear business represented approximately \$73 million of net assets. The Company recorded the loss on disposal of the After Hours Formalwear business of \$7 million on a pre-tax and after-tax basis, or \$.01 per diluted share.

Discontinued operations included net sales of approximately \$27 million for the 13 weeks ended May 5, 2007. No consolidated interest expense had been allocated to discontinued operations. For the 13 weeks ended May 5, 2007, the loss from discontinued operations, including the loss on disposal of the Company's After Hours Formalwear business, totaled \$22 million before income taxes, with a related income tax benefit of \$6 million.

In connection with the sale of the David's Bridal and Priscilla of Boston businesses, the Company agreed to indemnify the buyer and related parties of the buyer for certain losses or liabilities incurred by the buyer or such related parties with respect to (1) certain representations and warranties made to the buyer by the Company in connection with the sale, (2) liabilities relating to the After Hours Formalwear Business under certain circumstances, and (3) certain pre-closing tax obligations. The representations and warranties in respect of which the Company is subject to indemnification are generally limited to representations and warranties relating to the capitalization of the entities that were sold, the Company's ownership of the equity interests that were sold, the enforceability of the agreement and certain employee benefits and tax matters. The indemnity for breaches of most of these representations expired on March 31, 2008, with the exception of certain representations relating to capitalization and the Company's ownership interest, in respect of which the indemnity does not expire and is not subject to a cap or deductible.

Indemnity obligations created in connection with the sales of businesses generally do not represent added liabilities for the Company, but simply serve to protect the buyer from potential liabilities associated with particular conditions. The Company records accruals for those pre-closing obligations that are considered probable and estimable. Under FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," the Company is required to record a liability for the fair value of the guarantees that are entered into subsequent to December 15, 2002. The Company has not accrued any additional amounts as a result of the indemnity arrangements summarized above as the Company believes the fair value of these arrangements is not material.

5. Earnings (Loss) Per Share

The following table sets forth the computation of basic and diluted earnings (loss) per share based on income (loss) from continuing operations:

	13 Weeks Ended			
	May 3, 2008		May 5, 2007	
	Loss	Shares	Income	Shares
	(millions, except per share figures)			
Income (loss) from continuing operations and average number of shares outstanding.....	\$ (59)	419.8	\$ 52	467.2

	\$ (59)	420.9	\$ 52	476.4
Diluted earnings (loss) per share....	<u>\$(.14)</u>		<u>\$.11</u>	

Stock options to purchase 41.6 million shares of common stock at prices ranging from \$12.79 to \$46.15 per share and 483,000 shares of restricted stock were outstanding at May 3, 2008, but were not included in the computation of diluted earnings per share for the 13 weeks ended May 3, 2008 because their inclusion would have been antidilutive.

In addition to the stock options and restricted stock reflected in the foregoing table, stock options to purchase 11.3 million shares of common stock at prices ranging from \$35.83 to \$46.15 per share and 269,000 shares of restricted stock were outstanding at May 5, 2007, but were not included in the computation of diluted earnings per share for the 13 weeks ended May 5, 2007 because their inclusion would have been antidilutive.

6. Benefit Plans

The Company has a funded defined benefit plan ("Pension Plan") and defined contribution plans, which cover substantially all employees who work 1,000 hours or more in a year. The Company also has an unfunded defined benefit supplementary retirement plan ("SERP"), which provides benefits, for certain employees, in excess of qualified plan limitations.

In addition, certain retired employees currently are provided with specified health care and life insurance benefits ("Postretirement Obligations"). Eligibility requirements for such benefits vary by division and subsidiary, but generally state that benefits are available to eligible employees who were hired prior to a certain date and retire after a certain age with specified years of service. Certain employees are subject to having such benefits modified or terminated.

The actuarially determined components of the net periodic benefit cost are as follows:

	13 Weeks Ended May 3, May 5, 2008 2007

8. Legal Settlement

The Company is subject to a wage and hour class action in California. As a result of developments occurring in the 13 weeks ended May 3, 2008, the Company concluded that it is probable that a loss of approximately \$23 million will

be incurred to settle this legal matter and has recorded this estimated amount as part of selling, general and administrative expenses. However, because this settlement is subject to court approval, there can be no assurance that the outcome of the legal matter will not result in an additional loss.

9. Condensed Consolidating Financial Information

Macy's, Inc. ("Parent") has fully and unconditionally guaranteed certain long-term debt obligations of its wholly-owned subsidiary, Macy's Retail Holdings, Inc. ("Subsidiary Issuer"). "Other Subsidiaries" includes all other direct subsidiaries of Parent, including FDS Bank, Leadville Insurance Company and Snowdin Insurance Company and, prior to the date of disposition, After Hours Formalwear, Inc. "Subsidiary Issuer" includes operating divisions and non-guarantor subsidiaries of the Subsidiary Issuer on an equity basis. The assets and liabilities and results of operations of the non-guarantor subsidiaries of the Subsidiary Issuer, including Macy's Merchandising Group International, LLC, are also reflected in "Other Subsidiaries."

Condensed Consolidating Balance Sheets as of May 3, 2008, May 5, 2007 and February 2, 2008, the related Condensed Consolidating Statements of Operations for the 13 weeks ended May 3, 2008 and May 5, 2007, and the related Condensed Consolidating Statements of Cash Flows for the 13 weeks ended May 3, 2008 and May 5, 2007 are presented on the following pages.
