PROXY STATEMENT

The board of directors of Abraxas Petroleum Corporation is soliciting proxies to vote shares of common stock at the 2002 Annual Meeting of Stockholders to be held at 9:00 a.m. on May 24, 2002, at the Petroleum Club of San Antonio located at 8620 North New Braunfels, San Antonio, Texas 78217, and at any adjournments thereof. This Proxy Statement and the accompanying Proxy are being mailed to stockholders on or about April 25, 2002. For ten days prior to the Annual Meeting, a complete list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for any purpose germane to the Annual Meeting during ordinary business hours at Abraxas' executive offices, located at the address set forth above.

Record Date; Shares Entitled To Vote; Quorum

The board of directors has fixed the close of business on April 22, 2002 as the record date for Abraxas stockholders entitled to notice of and to vote at the annual meeting. Holders of common stock are entitled to vote at the annual meeting. As of the record date, there were 29,979,397 shares of Abraxas common stock outstanding, which were held by approximately 1,579 holders of record. Stockholders are entitled to one vote for each share of Abraxas common stock held as of the record date.

The holders of a majority of the outstanding shares of Abraxas common stock issued and entitled to vote at the annual meeting must be present in person or by proxy to establish a quorum for business to be conducted at the annual meeting. Abstentions and "non-votes" are treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. "Non-votes" occur when a proxy:

- o is returned by a broker or other stockholder who does not have authority to vote;
- o does not give authority to a proxy to vote; or
- o withholds authority to vote on one or more proposals.

Votes Required

The votes required for each of the proposals is as follows:

Election of Directors. The four nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a particular nominee or you indicate "withhold authority to vote" for a particular nominee on your proxy card, your abstention will have no effect on the election of directors.

Appointment of Independent Auditors. The proposal to approve the appointment of Abraxas' independent auditors must receive the affirmative vote of the holders of a majority of the shares of Abraxas common stock represented and voting at the meeting. If you are an Abraxas stockholder and you are present in person or represented by proxy at the meeting and abstain from voting or if you do not instruct your broker on how to vote, it will have no effect on the proposal because holders of shares who have abstained or for which brokers are not able to vote will not be considered voting at the annual meeting and for

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

purposes of approving this proposal.

1

Voting of Proxies

Votes cast in person or by proxy at the annual meeting will be tabulated at the annual meeting. All valid, unrevoked proxies will be voted as directed. In the absence of instructions to the contrary, properly executed proxies will be voted in favor of each of the proposals listed in the notice of annual meeting and for the election of the nominees for director set forth herein.

If any matters other than those addressed on the proxy card are properly presented for action at the annual meeting, the persons named in the proxy will have the discretion to vote on those matters in their best judgment, unless authorization is withheld.

How To Vote By Proxy; Revocability of Proxies

To vote by proxy, you must complete, sign, date and return the enclosed proxy card in the enclosed envelope. Any Abraxas stockholder who delivers a properly executed proxy may revoke the proxy at any time before it is voted. Proxies may be revoked by:

- o delivering a written revocation of the proxy to the Abraxas Secretary before the annual meeting;
- o signing and returning a later dated proxy to the Abraxas Secretary; or
- o appearing at the annual meeting and voting in person.

Attendance at the annual meeting will not, in and of itself, constitute revocation of a proxy. An Abraxas stockholder whose shares are held in the name of its broker, bank or other nominee must bring a legal proxy from its broker, bank or other nominee to the meeting in order to vote in person.

Deadline for Voting by Proxy

In order to be counted, votes cast by proxy must be received by mail prior to the Annual Meeting.

Solicitation of Proxies

Proxies will be solicited by mail. Proxies may also be solicited personally, or by telephone, fax, or other means by the directors, officers and employees of Abraxas. Directors, officers and employees soliciting proxies will receive no extra compensation, but may be reimbursed for related out-of-pocket expenses. In addition to solicitation by mail, Abraxas will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send the proxy materials to beneficial owners. Abraxas will, upon request, reimburse these brokerage houses, custodians and other persons for their reasonable out-of-pocket expenses in doing so. The cost of solicitation of proxies will be paid by Abraxas.

PROPOSAL ONE

Election of Abraxas Directors

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

The Articles of Incorporation of Abraxas divide the board of directors into three classes of directors serving staggered three-year terms, with one class to be elected at each annual meeting of stockholders. At this year's meeting, four directors are to be elected for a term of three years, to hold office until the expiration of their terms in 2005 or until successors shall have been elected and shall have qualified. The nominees for Class II directors are C. Scott Bartlett, Jr., Ralph F. Cox, Frederick M. Pevow, Jr., and Joseph A. Wagda. The term of the Class I director (Mr. Burke) expires in 2003 and the term of the Class III directors (Messrs. Watson and Phelps) expires in 2004.

Assuming the presence of a quorum, the four nominees for director who receive the most votes will be elected. The enclosed form of proxy provides a means for stockholders to vote for or to withhold authority to vote for the nominees for director. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares will be voted FOR the election of the nominees for director. Under applicable Nevada law, in determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The board of directors recommends a vote "FOR" the election of the nominees to the board of directors.

Executive Compensation

Compensation Committee Report on Executive Compensation

The Compensation Committee is composed entirely of directors who are not employees of Abraxas. The Committee is responsible for establishing and administering the compensation levels for Abraxas' executive and non-executive officers. The members of the Compensation Committee believe that the ability to attract and retain qualified executive and non-executive officers and provide appropriate incentives to Abraxas' executive and non-executive officers is essential to the long-term success of Abraxas.

In determining executive compensation, the Committee reviews the compensation programs, pay levels and business results of Abraxas as compared to those crude oil and natural gas exploration and production companies included in

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

the William M. Mercer 2001 Energy Compensation Survey.

Compensation Philosophy and Objectives

The philosophy underlying the development and administration of Abraxas' annual and long-term compensation plans is to align the interests of management with those of Abraxas' stockholders. Key elements of this philosophy are:

- o Establishing compensation plans that deliver base salaries which are competitive with the companies included in the Mercer Survey, within Abraxas' budgetary constraints and commensurate with Abraxas' performance as measured by operating, financial and strategic objectives.
- o Providing equity-based incentives for executive and non-executive officers to ensure that they are motivated over the long-term to respond to Abraxas' business challenges and opportunities as owners rather than just as employees.
- o Rewarding executive and non-executive officers for outstanding performance particularly where such performance is reflected by an increase in the value of Abraxas common stock.

The compensation currently paid to Abraxas' executive and non-executive officers consists of base salary, various employee benefits (including medical and life insurance and 401(k) plan benefits generally available to all employees of Abraxas), annual cash bonuses and grants of stock options and awards under Abraxas' 1994 Long Term Incentive Plan (the "LTIP").

Elements of the Executive Compensation Program

Base Salaries. The Committee believes that Abraxas' base salary levels for executive officers are consistent with the practices of the companies included in the Mercer Survey. Increases in base salary levels from time to time are designed to reflect competitive practices in the industry, Abraxas' financial performance and individual performance of the officer.

In the first quarter of each year, the Chief Executive Officer submits to the Committee recommendations for salary adjustments based upon his subjective evaluation of individual performance and his subjective judgment regarding setting each executive and non-executive officer's salary within Abraxas' salary range. This range is set by reference to the salaries paid by the companies included in the Mercer Survey while remaining within Abraxas' budgetary constraints. The companies included in the Mercer Survey are used to compare Abraxas' salary structure to that of other companies that compete with Abraxas for executives but without targeting salaries to be higher, lower or approximately the same as those of the companies included in the Mercer Survey. The Committee does not consider the performance of any of the companies included in the Mercer Survey in setting Abraxas' salary structure.

Annual Cash Bonuses. In 1994, the board of directors adopted an annual cash bonus plan which established certain criteria for the payment of annual cash bonuses to all officers of Abraxas at or above the Vice President level.

The plan was amended in 1997 and again in 1999. Under the plan as amended, each participant is given an annual bonus opportunity based on the achievement of certain goals. For Messrs. Watson, Williford and Carington, the base bonus could

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

be as high as 35% of base salary if all goals are attained. For Messrs. Wallace and Dr. Billingsley, the bonus could be as high as 25% of base salary if all goals are attained. The amount of the bonuses to be paid to Messrs. Watson, Williford, Carington and Wallace and Dr. Billingsley, if any, will be based upon attaining goals set by the board of directors after assessing the recommendations of management for EBIDTA, General and Administrative expenses, Reserve Replacement percentage, and Finding Costs, with each factor being weighted equally in the calculation. If all performance goals are met or exceeded, additional bonuses of up to 25% of base salary can be earned by each participant. The board has the prerogative to adjust the bonus earned by any participant, including Messrs. Watson, Williford, Carington and Wallace and Dr. Billingsley, to take into account extraordinary factors not contemplated by the bonus plan when the impact of such contributions or factors cannot be adequately reflected by the bonus determined under the methodology described above. In 2001, the goal for General and Administrative expense was met and the following bonuses were paid:

Name	Bonus Amount
Robert L.G. Watson.....	\$27,388
Chris E. Williford.....	16,433
Robert W. Carington, Jr.....	21,910
Lee T. Billingsley.....	10,331
William H. Wallace.....	10,331

Long-Term Incentives. In 1994, the board adopted the LTIP in order to compensate executive and non-executive officers and employees who contribute significantly to the operation of Abraxas. In 1997 and 1998, the board amended the LTIP in order to increase the number of shares of common stock which may be issued thereunder to an aggregate of 1,550,000 shares. In 2000, the board adopted the 2000 Long Term Incentive Plan. In 2001, the board amended the LTIP in order to increase the number of shares of common stock which may be issued thereunder to an aggregate of 5,000,000 shares and terminated the 2000 Long Term Incentive Plan. The LTIP makes available to the Committee a number of incentive devices such as incentive stock options and non-qualified stock options, stock appreciation rights, restricted stock, performance units, performance shares and dividend units. The Committee adopts administrative guidelines from time to time which define specific eligibility criteria, the types of awards to be employed and the value of such awards. Specific terms of each award, including minimum performance criteria which must be met to receive payment, are provided in individual award agreements granted to each award recipient. Award agreements also contain change in control provisions. Option holdings and previous awards are not taken into account.

The board believes that the LTIP has given Abraxas the flexibility to structure awards to meet Abraxas' business needs. In making long-term incentive awards under the LTIP, the Committee seeks to ensure that the total compensation package, including cash compensation, is competitive with the compensation paid by the companies included in the Mercer Survey, yet substantially contingent upon the conclusion of individual and corporate efforts to produce attractive long-term returns to Abraxas stockholders.

CEO Compensation. Mr. Watson's salary in 2001 was based on the Committee's evaluation of his performance and Abraxas' performance, after reviewing competitive salary data from the companies included in the Mercer Survey and Abraxas' budgetary constraints. The Committee's determination of Mr. Watson's total salary was based upon the salaries paid to chief executive officers of the companies included in the Mercer Survey and the salary structure of Abraxas.

Policy on Deductibility of Compensation. In 1993, the federal tax laws were amended to limit the deduction a publicly-held company is allowed for

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

compensation paid to the chief executive officer and to the four most highly compensated executive officers other than the chief executive officer. Generally, amounts paid in excess of \$1 million to a covered executive, other than performance-based compensation, cannot be deducted. In order to constitute performance-based compensation for purposes of the tax law, the performance measures must be approved by the stockholders. Since Abraxas does not anticipate that the compensation for any executive officer will exceed the \$1 million threshold in the near term, stockholder approval necessary to maintain the tax deductibility of compensation at or above that level is not being requested. Compensation Committee will reconsider this matter if compensation levels

8

approach this threshold, in light of the tax laws then in effect. Employment Agreements

Abraxas has entered into employment agreements with each of Messrs. Watson, Williford, Carington and Wallace and with Dr. Billingsley pursuant to which each of Messrs. Watson, Williford, Carington and Wallace and Dr. Billingsley will receive compensation as determined from time to time by the board in its sole discretion.

The employment agreements for Messrs. Watson, Williford, and Carington are scheduled to terminate on December 21, 2002, and shall be automatically extended for additional one-year terms unless Abraxas gives the officer 120 days notice prior to the expiration of the original term or any extension thereof of

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

its intention not to renew the employment agreement. If, during the term of the employment agreements for each of such officers, the officer's employment is terminated by Abraxas other than for cause or disability, by the officer other than by reason of such officer's death or retirement, or by the officer, for "good reason" (as defined in each officer's respective employment agreement), then such officer will be entitled to receive a lump sum payment equal to the greater of (a) his annual base salary for the last full year during which he was employed by Abraxas or (b) his annual base salary for the remainder of the term of each of their respective employment agreements.

If a change of control occurs during the term of the employment agreement for Mr. Watson, Mr. Williford or Mr. Carington, and if subsequent to such change of control, such officer's employment is terminated by Abraxas other than for cause or disability, by reason of the officer's death or retirement or by such officer, for good reason, then such officer will be entitled to the following, as applicable:

Mr. Watson

- (1) if such termination occurs prior to the end of the first year of the initial term of his employment agreement, a lump sum payment equal to five times his annual base salary;
- (2) if such termination occurs after the end of the first year of the initial term of his employment agreement but prior to the end of the second year of the initial term of his employment agreement, a lump sum payment equal to four times his annual base salary;
- (3) if such termination occurs after the end of the second year of the initial term of his employment agreement but prior to the end of the third year of the initial term of his employment agreement, a lump sum payment equal to three times his annual base salary; and
- (4) if such termination occurs after the end of the third year of the initial term of his employment agreement a lump sum payment equal to 2.99 times his annual base salary.

Mr. Williford or Mr. Carington:

-
- (1) if such termination occurs prior to the end of the first year of the initial term of the officer's employment agreement, a lump sum payment equal to four times the officer's annual base salary;
 - (2) if such termination occurs after the end of the first year of the initial term of the officer's employment agreement but prior to the end of the second year of the initial term of the employment agreement, a lump sum payment equal to three times the officer's annual base salary; and
 - (3) if such termination occurs after the end of the second year of the initial term of the officer's employment agreement, a lump sum payment equal to 2.99 times the officer's annual base salary.

Abraxas has entered into employment agreements with Mr. Wallace and Dr. Billingsley pursuant to which each of Mr. Wallace and Dr. Billingsley will receive compensation as determined from time to time by the board in its sole discretion. The employment agreements, originally scheduled to terminate on December 31, 1998 for Dr. Billingsley and December 31, 2000 for Mr. Wallace, were automatically extended and will terminate on December 31, 2002, and may be automatically extended for an additional year if by December 1 of the prior year neither Abraxas nor Mr. Wallace or Dr. Billingsley, as the case may be, has

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

given notice to the contrary. Except in the event of a change in control, at all times during the term of the employment agreements, each of Mr. Wallace's and Dr. Billingsley's employment is at will and may be terminated by Abraxas for any reason without notice or cause. If a change in control occurs during the term of the employment agreement or any extension thereof, the expiration date of Mr. Wallace's and Dr. Billingsley's employment agreement is automatically extended to a date no earlier than three years following the effective date of such change in control. If, following a change in control, either Mr. Wallace's or Dr. Billingsley's employment is terminated other than for Cause (as defined in each of the employment agreements) or Disability (as defined in each of the

11

Employment Agreements), by reason of Mr. Wallace's or Dr. Billingsley's death or retirement or by Mr. Wallace or Dr. Billingsley, as the case may be, for Good Reason (as defined in each of the employment agreements), then the terminated officer will be entitled to receive a lump sum payment equal to three times his annual base salary.

If any lump sum payment to Messrs. Watson, Williford, Carington, Wallace or Dr. Billingsley would individually or together with any other amounts paid or payable constitute an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended, and applicable regulations there under, the amounts to be paid will be increased so that Messrs. Watson, Williford, Carington, Wallace or Dr. Billingsley, as the case may be, will be entitled to receive the amount of compensation provided in his contract after payment of the tax imposed by Section 280G.

Compensation Committee Interlocks and Insider Participation

In January 1996, Abraxas invested \$3.0 million in Grey Wolf Exploration Ltd., a privately held Canadian corporation, which, in turn, invested these proceeds in newly-issued shares of Cascade Oil & Gas, Ltd., an Alberta-based corporation whose common shares were traded on The Alberta Stock Exchange. In November 1997, Grey Wolf Ltd. merged with Cascade, which later changed its name to Grey Wolf Exploration Inc. and in 2001 became a wholly-owned subsidiary of Abraxas. Grey Wolf manages the operations of Canadian Abraxas pursuant to a management agreement between Canadian Abraxas and Grey Wolf. Under the management agreement, Canadian Abraxas reimburses Grey Wolf for reasonable costs or expenses attributable to Canadian Abraxas and for administrative expenses based upon the percentage that Canadian Abraxas' gross revenue bears to the total gross revenue of Canadian Abraxas and Grey Wolf.

Mr. Phelps, a member of the Compensation Committee of the Abraxas board of directors during 2001, served as a director of Grey Wolf during 2001. Mr. Phelps served as Chief Executive Officer of Grey Wolf Ltd. from April 1995 to May 1996 and as President of Cascade from January 1996 to May 1996. Mr. Phelps also served as a director of Grey Wolf Ltd. until 1997 when Grey Wolf Ltd. was merged into Cascade. Mr. Phelps has served as a director of Grey Wolf and its predecessor, Cascade, since 1997.

Mr. Watson, Abraxas' President, Chief Executive Officer and Chairman of the Board, served as Chairman of the board, Chief Executive Officer and a director of Grey Wolf during 2001.

Compensation of Directors

Non-Qualified Stock Option Plan. Messrs. Burke and Phelps have previously been granted options to purchase 8,900 shares of common stock under the Abraxas 1984 Non-Qualified Stock Option Plan (the "Non-Qualified Plan").

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

There are currently outstanding options to purchase 8,900 shares of Abraxas common stock under the Non-Qualified Plan. Mr. Burke holds an option to purchase 8,900 Abraxas shares of common stock at an exercise price of \$2.06 per share.

Stock Options. In 1999, each of Messrs. Bartlett, Cox, Pevow and Wagda were each granted options to purchase 75,000 shares of common stock at an exercise price of \$0.98 per share.

Other Compensation. During 2001, each director who was not an employee of Abraxas or its affiliates, received an annual fee of \$8,000 plus \$1,000 for each board meeting attended and \$500 for each committee meeting attended. Aggregate fees paid to directors in 2001 were \$122,000. Except for the foregoing, the directors of Abraxas received no other compensation for services as directors, except for reimbursement of travel expenses to attend board meetings.

Report on Repricing of Options

On March 25, 1999, the board of directors approved a plan pursuant to which the price of each outstanding stock option granted to employees and directors of Abraxas with an exercise price greater than \$2.06 per share was reduced to \$2.06 per share. However, all options repriced for Messrs. Watson, Williford, and Carington were not exercisable until Abraxas' common stock closed

12

daily trading at a price greater than or equal to \$4.12 per share for 10 days out of any 30 day trading period. This threshold was satisfied on January 4, 2001.

On March 25, 1998, the board of directors approved a plan pursuant to which the price of each outstanding stock option granted to employees and directors of Abraxas with an exercise price greater than \$7.44 per share was reduced to \$7.44 per share.

On March 7, 1996, the Committee approved a plan pursuant to which the exercise price of each outstanding stock option granted to employees of Abraxas prior to January 1, 1996, including options granted to Messrs. Watson, Williford and Wendel, were reduced to \$6.75 per share.

The Committee believed that repricing the existing options was in the best interests of Abraxas and its stockholders. In the view of the Committee, the decline of the market price of the Abraxas common stock substantially impaired the effectiveness of the existing options as a means of attracting and retaining qualified executive and non-executive officers and providing appropriate incentives to the Abraxas executive and non-executive officers. In addition, the Committee believed that a significant portion of the decline in the market price was the result of market factors that affected the stocks of the companies included in the Mercer Survey.

The following table sets forth certain information concerning repricing of stock options held by any current executive officer during the period commencing on May 7, 1991 (the date on which Abraxas became a reporting company pursuant to the Securities Exchange Act of 1934, as amended), and ending on December 31, 2001.

Section 16(a) Compliance

Section 16(a) of the Exchange Act requires Abraxas' directors and executive officers and persons who own more than 10% of a registered class of Abraxas equity securities to file with the Securities and Exchange Commission and the AMEX initial reports of ownership and reports of changes in ownership of Abraxas common stock. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all such forms they file. Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, the Company believes that all its directors and executive officers during 2001 complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act, except that Mr. James C. Phelps failed to timely report one transaction on a Form 4, which was filed late.

Performance Graph

Set forth below is a performance graph comparing yearly cumulative total stockholder return on the Abraxas common stock with (a) the monthly index of stocks included in the Standard and Poor's 500 Index and (b) the CIBC World Markets Index (the "CIBC Index") of stocks of crude oil and natural gas exploration and production companies with a market capitalization of less than \$300 million (the "Comparable Companies"). The Comparable Companies are: Adams Resources & Energy, Inc.; Basin Exploration, Inc.; Callon Petroleum Company; Columbus Energy Corporation; Goodrich Petroleum Corporation; Howell Corporation; Key Production Company, Inc.; Magnum Hunter Resources, Inc.; Maynard Oil Company; The Meridian Resource Corporation; PetroCorp Incorporated; Plains Resources, Inc.; Prima Energy Corporation; Unit Corporation; Venus Exploration, Inc.; and Wiser Oil Company.

All of these cumulative total returns are computed assuming the value of the investment in Abraxas common stock and each index as \$100.00 on December 31, 1996, and the reinvestment of dividends at the frequency with which dividends were paid during the applicable years. The years compared are 1997, 1998, 1999, 2000, and 2001.

Audit Committee Report

The Audit Committee of the Abraxas board of directors is responsible for providing independent, objective oversight of Abraxas' accounting functions and internal controls. The Audit Committee is composed of four directors, each of whom is independent as defined by the American Stock Exchange's listing standards. The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the charter is on file with the Securities and Exchange Commission and may be obtained online at www.sec.gov.

Management is responsible for Abraxas' internal controls and financial reporting process. The independent auditors are responsible for performing an independent audit of Abraxas' consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and Deloitte & Touche LLP, Abraxas' independent auditors, to review and discuss the December 31, 2001 financial statements. The Audit Committee also discussed with Deloitte & Touche LLP the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received written disclosures from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Deloitte & Touche LLP that firm's independence.

Audit Fees. The aggregate fees billed for professional services rendered by Deloitte & Touche LLP for the audit of Abraxas' annual financial statements for the year ended December 31, 2001, and the reviews of the condensed financial statements included in Abraxas' quarterly Reports on Forms 10-Q for the year ended December 31, 2001, were \$228,400.

15

All Other Fees. The aggregate fees billed for all other services, exclusive of the fees disclosed above relating to financial statement audit services, rendered by Deloitte & Touche LLP during the year ended December 31, 2001, were \$300,200, related primarily to various tax issues, potential merger activities and hedge accounting treatment.

Consideration of Non-audit Services Provided by the Independent Auditors. The Audit Committee has considered whether the services provided for non-audit services are compatible with maintaining Deloitte & Touche LLP's independence, and has concluded that the independence of such firm has been maintained.

Based upon the Audit Committee's discussions with management and Deloitte & Touche LLP, and the Audit Committee's review of the representations

Edgar Filing: ABRAXAS PETROLEUM CORP - Form DEF 14A

of management and such firm, the Audit Committee recommended that the board of directors include the audited consolidated financial statements in Abraxas' Annual Report on Form 10-K for the year ended December 31, 2001, to be filed with the United States Securities and Exchange Commission

Certain Transactions

Wind River Resources Corporation ("Wind River"), all of the capital stock of which is owned by Mr. Watson, owns a twin-engine airplane. The airplane is available for business use by employees of Abraxas from time to time at Wind River's cost. Abraxas paid Wind River a total of \$314,000 for use of the plane during 2001.

Grey Wolf owns a 10% interest in certain producing properties owned by Canadian Abraxas and in Canadian Abraxas' natural gas processing plants and manages the operations of Canadian Abraxas pursuant to a management agreement between Canadian Abraxas and Grey Wolf. Under the management agreement, Canadian Abraxas reimburses Grey Wolf for reasonable costs or expenses attributable to Canadian Abraxas and for administrative expenses based upon the percentage that Canadian Abraxas' gross revenue bears to the total gross revenue of Canadian Abraxas and Grey Wolf. In 2001, Canadian Abraxas paid \$1.7 million to Grey Wolf pursuant to the management agreement.

Abraxas has adopted a policy that transactions, including loans, between Abraxas and its officers, directors, principal stockholders, or affiliates of any of them, will be on terms no less favorable to Abraxas than can be obtained on an arm's length basis in transactions with third parties and must be approved by the vote of at least a majority of the disinterested directors.

PROPOSAL TWO

Ratification of Selection of Independent Auditors

The Abraxas board of directors has selected Deloitte & Touche LLP to serve as independent auditors of Abraxas for the fiscal year ending December 31, 2002. Although stockholder ratification is not required, the board of directors has directed that such appointment be submitted to the stockholders of Abraxas for ratification at the annual meeting. Deloitte & Touche LLP has served as the independent auditors of Abraxas since August 17, 2000. A representative of Deloitte & Touche LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

On August 17, 2000, the Board of Directors of Abraxas engaged the

accounting firm of Deloitte & Touche LLP as Abraxas' certifying accountant for the year ended December 31, 2000. The decision to approve the dismissal of Ernst & Young LLP and engagement of Deloitte & Touche LLP was approved by the Audit Committee of the Board of Directors and the Board of Directors of Abraxas. Ernst & Young LLP was notified of their dismissal on August 18, 2000.

The reports of Ernst & Young LLP on Abraxas' financial statements for the two fiscal years ended December 31, 1998 and 1999 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits of Abraxas' financial statements for each of the two fiscal years ended December 31, 1998 and 1999, and in the subsequent interim periods through August 18, 2000, there were no disagreements with Ernst & Young LLP on any matters of accounting principles, financial statement disclosure or audit scope and procedures which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused the firm to make reference to the matter in their report.

Assuming the presence of a quorum, the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy and entitled to vote on this item at the annual meeting is necessary to approve the appointment of Abraxas' independent auditors. The enclosed form of proxy provides a means for stockholders to vote for the ratification of selection of independent auditors, to vote against it or to abstain from voting with respect to it. If a stockholder executes and returns a proxy, but does not specify how the shares represented by such stockholder's proxy are to be voted, such shares

will be voted FOR the ratification of selection of independent auditors. Under applicable Nevada law, in determining whether this item has received the requisite number of affirmative votes, abstentions and broker non-votes will not be counted and will have no effect.

The board of directors recommends a vote "FOR" the ratification of the selection of Deloitte & Touche LLP as independent auditors of Abraxas for the fiscal year ending December 31, 2002.
