PROPOSAL 1: ELECTION OF DIRECTORS

INTRODUCTION

Upon the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors (the “Board of Directors” or the “Board”) of Viad Corp (“Viad,” “we” or the “Company”) has nominated the three persons listed below to serve as directors. Each of the director nominees proposed for election at this year’s annual meeting is an independent director within the meaning of the New York Stock Exchange (“NYSE”) listing standards, applicable Securities and Exchange Commission (“SEC”) regulations and Viad’s Corporate Governance Guidelines.

MAJORITY VOTE STANDARD FOR ELECTION OF DIRECTORS

Viad’s Bylaws (the “Bylaws”) provide that the vote standard is a majority of votes cast for uncontested elections of directors, which means that the number of shares voted “for” a director nominee must exceed the number of shares voted “against” that director nominee. The Bylaws further provide that if a nominee who already serves as a director is not elected by a majority vote, then the director will be obligated to tender his or her resignation to the Board. The Corporate Governance and Nominating Committee of the Board will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will be required to publicly disclose its decision and the rationale behind it within 90 days of the certification of the election results. The director who tenders his or her resignation will not participate in the Board’s decision. In contested elections where the number of nominees exceeds the number of directors to be elected, the Bylaws provide for a plurality vote standard. If a nominee who was not already serving as a director is not elected at the annual meeting, the Bylaws provide that the nominee would not become a director.

SKILLS, QUALIFICATIONS AND EXPERIENCE OF DIRECTORS

While Viad’s directors have many individual qualifications, our Board believes that certain specific qualifications are common to all of Viad’s directors, and these qualifications (as well as others) led the Board to conclude that each director listed below under the “Director Nominees” and “Directors Continuing in Office” sections should serve on the Board. These qualifications include:

- Highest ethical standards and integrity
- Willingness to act on and be accountable for Board decisions
- Ability to provide informed and thoughtful counsel to top management on a range of issues
- History of achievement that reflects superior standards for himself/herself and others
- Loyalty and commitment to driving the success of Viad
- Willingness to ask questions and pursue answers
- Ability to take tough positions, while at the same time work as a team player
- Willingness to devote sufficient time to carrying out his/her duties and responsibilities effectively as a Board member, and commitment to serve on the Board for an extended period of time
- Adequate time to spend learning the businesses of Viad
- Individual background that provides a portfolio of experience, knowledge and personal attributes commensurate with Viad’s needs

BOARD STRUCTURE

Our Board currently consists of 10 persons divided into three classes or groups. The term of one class of directors expires at each annual meeting, and nominees are elected to that class for a term of three years. Three directors are proposed for election at this year’s Annual Meeting of Shareholders.

- The Board has separated the positions of Chief Executive Officer (“CEO”) and Chairman of the Board
- The Board has an independent Chairman
- No poison pill agreement
- Company policy prohibits all directors, executive officers and employees from engaging in hedging transactions with respect to Viad securities, and all directors, NEOs and other executive officers from pledging, or using as collateral, Viad securities in order to secure personal loans or other obligations
- Viad’s NEOs and other executive officers may not sell any vested restricted stock granted in 2013 and thereafter unless and until they have complied with the Company’s stock ownership guidelines
- All directors are independent outside directors, except the CEO
- The Board holds regular non-management executive sessions

The Company has a majority voting requirement for the election of directors in uncontested elections and requires incumbent directors who do not receive a majority of the votes to submit their resignations to the Board

All standing committees of the Board are comprised 100% of independent outside directors

Three independent directors with extensive expertise in Viad's industries were recently elected to the Board, namely Mr. Benett (2013), Mr. Mace (2012) and Ms. Pederson (2011)

Forfeiture (or "clawback") provisions apply to short-term and long-term incentive compensation

Policy on insider trading generally permits Viad's directors, NEOs and other executive officers to engage in transactions involving the Company's common stock and other securities only: (a) during a trading window of limited duration; and (b) after seeking pre-clearance to avoid trading while in possession of material, non-public information

COMMITTEES AND DIRECTOR INDEPENDENCE

Our Board maintains three standing committees to assist in fulfilling its responsibilities: the Audit Committee, the Corporate Governance and Nominating Committee and the Human Resources Committee. Our Board also has one ad hoc committee: the Innovation & Marketing Strategy Committee. Each committee meets periodically during the year, reports regularly to the full Board and annually evaluates its performance. The table below provides current membership and meeting information for each committee. In addition, the table identifies the independent directors, as determined by our Board, within the meaning of the NYSE listing standards, applicable SEC regulations and Viad's Corporate Governance Guidelines. The Corporate Governance Guidelines include categorical standards for independence that meet or exceed the NYSE listing standards. All current directors on the Board are independent, and during 2014 all directors were independent, except there is, and was throughout 2014, one officer-director serving on the Board.

² Resigned from the Board effective December 3, 2014.

³ Effective as of December 3, 2014.

⁴ Effective as of April 11, 2015.

The particular areas of responsibility of each Board committee and other related information are described below. Each committee may form and delegate authority to a subcommittee of one or more members of the committee.

Audit Committee. The Audit Committee appoints Viad's independent registered public accountants and assists the Board in monitoring the quality and integrity of the financial statements of Viad, the compliance by Viad with legal and regulatory requirements and the independence and performance of Viad's internal auditors and external independent registered public accountants. The Committee conducts regularly scheduled executive sessions with individual members of Viad's management and with Viad's independent registered public accountants. The Committee has sole authority to appoint or replace Viad's independent registered public accountants. The independent registered public accountants report directly to the Committee. The Board has determined that all members of the Audit Committee are "financially literate," as defined by NYSE listing standards, and that Mr. Munzenrider qualifies as an "audit committee financial expert," as defined by SEC regulations.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee proposes a slate of directors for election by the shareholders at each annual meeting and proposes candidates to fill any vacancies on the Board. The Committee is also responsible for an assessment of the Board's performance to be discussed with the full Board annually, and for review of, and from time to time for proposal of changes to, the Corporate Governance Guidelines and the compensation and benefits of non-employee directors. The Committee has sole authority to retain and/or terminate any search firm or compensation consultant used to identify director candidates or to assist in the evaluation of director compensation.

Human Resources Committee. The Human Resources Committee oversees development and implementation of a compensation strategy designed to enhance profitability and shareholder value. The Committee also reviews and approves, subject to ratification by independent members of the Board, the salary and equity and incentive compensation of Viad's CEO, approves salaries and compensation of other Viad executive officers and approves incentive compensation targets and awards under various compensation plans and programs of Viad. In addition, the Committee has sole authority to retain and/or terminate any compensation consultant used to assist in the evaluation of the compensation of the CEO and other executive officers. The Committee also has authority to obtain advice and assistance from internal or external legal, accounting or other advisors. While the Corporate Governance and Nominating Committee is responsible for reviewing and making recommendations to the Board regarding non-employee director compensation and benefits, the Human Resources Committee has sole authority to approve grants of equity compensation to non-employee directors under the 2007 Viad Corp Omnibus Incentive Plan. The CEO makes a recommendation to the Committee on the compensation of other executive officers of Viad; however, the Committee has sole authority to approve, for the CEO and other executive officers: (a) the annual base salary level; (b) the annual incentive opportunity level and granting of incentive awards; (c) the long-term incentive opportunity level and granting of awards; and (d) any special or supplemental benefits, with the salary, equity and incentive compensation of the CEO being subject to ratification by independent members of the Board.

Independent Compensation Consultant to Human Resources Committee. The Human Resources Committee has retained Pearl Meyer & Partners ("PM&P") as the Committee's independent compensation consultant. In 2014, PM&P performed executive compensation market analysis and executive pay and performance alignment analysis. The Committee derived benchmark valuations from general industry market surveys and the Company's comparator group in consultation with PM&P. Viad paid PM&P in 2014 only for services and advice related to executive compensation. The Human Resources Committee assessed, based on the six independence factors for compensation consultants outlined in the SEC rules, whether the work of its independent compensation advisor would raise a conflict of interest. Based on a review of the six independence factors, the Committee determined that the services provided by PM&P to Viad had not raised a conflict of interest.

Innovation & Marketing Strategy Committee. The Innovation & Marketing Strategy Committee of the Board is an ad hoc committee responsible for assisting the Board in overseeing the Company's innovation and marketing strategies and related activities, reviewing and monitoring the progress of such activities and providing strategic advice in connection with initiatives to expand and accelerate the use of digital solutions by the Company.

BOARD MEETINGS AND ANNUAL SHAREHOLDERS MEETING

Under Viad's Corporate Governance Guidelines, each director is expected to attend the Annual Meeting of Shareholders, Board meetings and meetings of committees on which they serve. The Board of Directors held four regular meetings and eight special meetings during 2014. Each director who held office in 2014 attended 100% of his or her Board and committee meetings in 2014, except that Mr. Dozer was absent from one Audit Committee meeting. All directors who held office in May 2014 were in attendance at the 2014 Annual Meeting of Shareholders.

MEETINGS OF NON-MANAGEMENT DIRECTORS

Our Board held nine executive sessions of the independent, non-management directors in 2014. Regular executive sessions of the non-management directors have been scheduled for 2015.

BOARD LEADERSHIP STRUCTURE

Viad has separated the roles of Chairman and CEO. The Chairman of our Board, Mr. Dozer, is an independent director and formerly served as the Lead Independent Director since May 2013. Our CEO, Mr. Moster, also serves as a member of the Board. The Board believes the separation of the Chairman and CEO roles will allow the CEO to focus his time and energy on operating and managing the Company while leveraging the Chairman's experience and perspectives. The role of Lead Independent Director was eliminated in December 2014 in connection with the implementation of this leadership structure.

Mr. Dozer does not have an employment contract with the Company.

The Board also believes that Viad has appropriate governance practices to ensure that the full Board maintains independent oversight, including:

• All directors on the Board are independent, except the CEO

• Executive sessions of the independent directors are held at regular meetings of the Board

• An annual review of the performance of the CEO is conducted by the Human Resources Committee, whose members are all independent directors

• An annual review of the Board's performance is led by the Corporate Governance and Nominating Committee, whose members are all independent directors

• The process for selecting new directors is led by the Corporate Governance and Nominating Committee

Regular succession planning reviews are conducted by the Board for the positions of the CEO and his senior management team, as well as other significant management positions within Viad's operating companies. The Board periodically reviews interim (i.e., emergency-response) and long-term succession plans with a view toward providing for orderly transitions (in the cases of both planned and unplanned management changes) related to each of Viad's key executive positions

• The responsibilities of our independent Chairman include, but are not limited to, the following:

Presiding over regular and special meetings of the Board

Presiding over the annual shareholders meeting

Presiding over and calling executive sessions or other meetings of the independent directors

Calling special meetings of the Board (without prejudice to any rights of the majority of directors to call such meetings)

Coordinating the preparation of the meeting agendas in consultation with the CEO, and coordinating Board meeting schedules

Coordinating with committee chairpersons on agenda items and meeting schedules
Being available to participate in, and facilitating meetings with, our shareholders
Recommending independent Board advisors for the Board's approval
Leading the Board in anticipating and responding to crises
Acting as a liaison between the Board and management, and facilitating communications between the Board and the CEO between meetings, including discussing action items with the CEO following executive sessions
Working with management in defining the scope, quality, quantity and timeliness of the flow of information between management and the Board that is necessary for the Board to effectively and responsibly perform its duties
Providing advice and counsel to the CEO and other members of senior management in areas such as corporate and strategic planning and policy, mergers and acquisitions, investor relations and other areas requested by the Board
Such other responsibilities as may from time to time be assigned by the Board

CORPORATE GOVERNANCE AND NOMINATING AND HUMAN RESOURCES COMMITTEES

INTERLOCKS AND INSIDER PARTICIPATION

Viad is not aware of any interlocking relationships between any member of the Human Resources Committee or Corporate Governance and Nominating Committee and any of Viad's executive officers that would require disclosure under the applicable rules promulgated under the U.S. federal securities laws.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

In February 2007, the Board adopted a written policy and procedures for review, approval and monitoring of transactions involving the Company and "related persons" (including directors, executive officers, shareholders owning 5% or greater of the Company's outstanding stock and their immediate family members). The policy applies to any transaction in which Viad or an operating company is a participant and any related person has a direct or indirect interest, excluding de minimus transactions of a commercial or other nature between a related person and Viad or one of its operating companies, as well as any compensation arrangements with executive officers or directors of Viad that have been approved or authorized by the Board or the Human Resources Committee.

The Corporate Governance and Nominating Committee is responsible for reviewing, approving and/or ratifying any transaction involving a related person. Management will bring the matter to the attention of the Corporate Governance and Nominating Committee and provide it with all material information with respect to related person transactions. A related person transaction must be approved in advance whenever practicable, otherwise it must be ratified as promptly as practicable; provided that if ratification is not forthcoming, management will make all reasonable efforts to cancel or annul the transaction. In determining whether to authorize, approve and/or ratify a related person transaction, the Committee considers all information that it determines is reasonable under the circumstances. Specifically, the Committee inquires into whether the transaction is fair and reasonable and whether the terms of the transaction are more or less favorable to Viad than terms Viad could obtain in a comparable arm's length transaction with an unrelated third party. A related person transaction will be submitted to the Committee for consideration at its next meeting or, in those instances in which the CEO determines that it is not practicable or desirable for Viad to wait until the next Committee meeting, to the Chairman of the Committee (who has the delegated authority to act between Committee meetings with respect to this policy). The Chairman of the Committee will report to the Committee at the next Committee meeting any approval under this policy pursuant to delegated authority. The Committee will annually review with management existing related person transactions, if any, and report annually to the Board, to ensure that such transactions are being pursued in accordance with understandings and commitments made at the time they were approved, that payments are being made appropriately and that such transactions continue to serve the interests of Viad.

On April 11, 2015, Viad entered into the Settlement Agreement with the JCP Group. Mr. Schechter was nominated as a director of Viad by the JCP Group and is a party to the Settlement Agreement. Pursuant to the Settlement Agreement, the Company agreed to reimburse the JCP Group's reasonable fees and expenses related to the proxy contest in an amount not to exceed \$35,000, and Mr. Schechter was appointed to the Board with a term expiring at the Company's 2017 Annual Meeting of Shareholders. During his service as a director, Mr. Schechter will participate in the standard compensation and benefits package offered to non-employee directors of the Company, which includes a prorated annual retainer fee for 2015. Subject to the approval of the Human Resources Committee, he will also receive the same restricted stock awards received by the other non-employee directors of the Company, including a prorated 2015 award based on the month he joined the Board, under the same terms and conditions as provided in the Company's form Restricted Stock Agreement for Outside Directors. For additional information regarding the Settlement Agreement, please refer to the "Proposal 1: Election of Directors" section of this proxy statement. Except as disclosed above, there have been no transactions between the Company and a related person since January 1, 2014.

DIRECTOR NOMINATIONS

As provided in its charter, the Corporate Governance and Nominating Committee has established procedures for consideration of candidates for Board membership suggested by its members and other sources, including shareholders. The Committee has authority under its charter, which has been exercised, to employ a third-party search firm to conduct research, review candidate data and otherwise assist the Committee in identifying candidates to serve as a director of our Company. A shareholder who wishes to recommend a prospective nominee for the Board should notify Viad's Corporate Secretary in writing at the address listed in the notice of meeting attached to this proxy statement. Any such recommendation should include:

- the name and address of the candidate

- a brief biographical description, including his or her occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification requirements set forth below

- the candidate's signed consent to serve as a director if elected and to be named in the proxy statement

The Corporate Governance and Nominating Committee will review the qualifications of any person timely and properly nominated by a shareholder in accordance with the Bylaws relating to shareholder proposals as described in the "Submission of Shareholder Proposals and Director Nominations" section of this proxy statement.

When the Corporate Governance and Nominating Committee reviews a potential nominee, it looks at the candidate's qualifications in light of the needs of our Board and Viad at that time given the then-current mix of director attributes. The Committee, in accordance with Viad's Corporate Governance Guidelines, assesses director nominees based on their qualification as independent, as well as consideration of diversity, skills and experience in the context of the current needs of our Board. The Committee does not have a specific policy on diversity. Director nominees also must have common qualities expected of all Viad directors, including high personal and professional ethics, integrity and values, and a commitment to representing the long-term interests of shareholders. The Committee also ensures that the members of the Board, as a group, maintain the requisite qualifications under the listing standards of the NYSE for populating the Audit, Human Resources and Corporate Governance and Nominating Committees.

Viad will deliver a questionnaire to a director candidate intended to be nominated by a shareholder addressing the candidate's independence, qualifications and other information that would assist the Corporate Governance and Nominating Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in Viad's proxy statement, if nominated by the Committee. In accordance with the Bylaws, a director candidate is required to provide responses to Viad's director candidate questionnaire related to background, qualification, conflicts of interest and director independence. In addition, the director candidate questionnaire includes a representation and agreement to be signed by the director candidate as to his or her independence and the lack of conflicts of interest.

COMMUNICATION WITH BOARD OF DIRECTORS

Interested parties may communicate directly with non-management directors, including the Chairman of the Board, and/or with the Board by writing to the following address: Viad Corp, 1850 North Central Avenue, Suite 1900, Phoenix, Arizona 85004-4565, Attention: Corporate Secretary. All communications will be delivered to the non-management directors or the Board, as the case may be, no later than the Board's next regularly scheduled meeting.

RISK OVERSIGHT

Management is responsible for assessing and managing the Company's various exposures to risk, including the adoption of risk management controls, policies and procedures. Our Board oversees the management of the Company's risk exposures by the Company's management. Our Board has delegated to the Audit Committee, as reflected in its charter, responsibility for discussing with Viad's management the major financial risk exposures of Viad and the steps management has taken to monitor and control such exposures, including Viad's risk assessment and risk management policies. Annually, Viad conducts a risk assessment to identify, evaluate and prioritize potential business risks. As a part of this business risk assessment, a financial statement risk assessment and materiality analysis is conducted, including evaluating potential fraud schemes and scenarios that might affect Viad. The risk assessment includes an evaluation of the significance of the risks, the likelihood of occurrence, the risk remaining after application of management controls and actions necessary to mitigate risk exposure. Management presents a report on the results of the annual risk assessment during a regularly scheduled meeting of the Audit Committee, typically its May meeting, and all members of the Board are invited to attend this meeting. Prior to the meeting, a written report of the results of the assessment is provided to all members of our Board. Thereafter, at the meeting of the Board, the Chairman of the Audit Committee provides a summary report to the full Board regarding the results of the assessment and the Audit Committee's discussions concerning the results. Management continuously monitors the Company's risks throughout the year.

The Board also continuously monitors and manages executive compensation risk through the design of the Company's executive compensation program. The Human Resources Committee of the Board has structured the program in a way that mitigates the potential for excessive risk-taking by NEOs in managing Viad's businesses. A few of the program's features that serve this purpose are:

- **Balanced compensation components.** The mix of pay for NEOs is not overly weighted toward either short-term incentive or long-term incentive compensation

- **Emphasis on long-term incentive compensation.** In designing NEO compensation packages, considerable emphasis is placed on long-term incentive compensation. The ultimate value of each NEO's long-term incentive award depends upon the value of Viad's stock at the time of vesting (or exercise, in the case of stock options), which encourages NEOs to consider the inherent risk of short-term decisions that may impact the future performance of Viad. As a result, these awards are intended to promote long-term, strategic decisions

- **Stock ownership guidelines.** Viad's stock ownership guidelines align the financial interests of our directors and NEOs with those of our shareholders (see the CD&A subsection "Stock Ownership Requirements")

- **Holding Period Restriction on Vested Restricted Stock.** The Human Resources Committee has instituted a holding period on a NEO's vested restricted stock until and unless the NEO meets the Company's stock ownership guidelines (see the CD&A subsection "Highlights of Our Compensation Program")

- **Forfeiture for wrongful actions.** Short-term and long-term incentive compensation is subject to forfeiture and reimbursement (i.e., "clawback") provisions relating to conduct which may be detrimental to Viad (see the CD&A subsection "Clawback Provisions for Detrimental Conduct")

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS AND EXECUTIVE OFFICERS

We believe it is important to align the financial interests of our directors and executive officers with those of our shareholders. Accordingly, we have adopted guidelines which specify the minimum amount of Viad stock that we expect directors, NEOs, other executive officers and key senior management employees to own on a direct basis, meaning stock which is subject to market risk, not simply held under option. The stock ownership guidelines call for

each executive officer to own Company common stock which has an aggregate value within a range of one and one half to five times that individual's annual salary, depending on salary level. The guidelines also call for each non-employee director to own Company common stock that has an aggregate value equal to five times the annual retainer payable to a director. All non-employee directors have met or exceeded their goals, except Messrs. Mace, Benett and Schechter, who were recently elected directors of the Company. Ms. Ingersoll has exceeded her stock ownership goals, and Mr. Moster, whose goal was increased from 3.0 times base salary to 5.0 times base salary upon being hired as our CEO in December 2014, and all other NEOs who are currently subject to the guidelines are working toward achieving their goals. The Company places a hold on vested restricted stock earned by NEOs, net of taxes, until the NEO's total stock ownership meets the Company's stock ownership guidelines or the NEO is no longer an employee of the Company, whichever occurs first.

RESTRICTION ON TRADING BY DIRECTORS AND OFFICERS

The Company's policy on insider trading generally permits directors, NEOs and other executive officers to engage in transactions involving the Company's common stock and other securities only: (a) during a Company-prescribed trading window of limited duration; and (b) after seeking pre-clearance to avoid trading while in possession of material, non-public information. In addition, the Company's policy on insider trading prohibits directors, NEOs and other executive officers and employees from engaging in hedging transactions or other transactions designed to limit or eliminate the risks of owning Viad stock, and prohibits directors, NEOs and other executive officers from pledging, or using as collateral, the Company's securities in order to secure personal loans or other obligations.

COMPENSATION OF DIRECTORS

Each non-employee director receives compensation for service on our Board and any of its committees. Directors who are also officers or employees of Viad do not receive any special or additional remuneration for service on the Board and do not serve on any of its standing committees. Mr. Moster is the only officer-director currently serving on our Board, and at all times throughout 2014 there was only one officer-director serving on the Board.

The table below provides the 2014 compensation of the non-employee directors on our Board. The dollar figures presented in column (c) of the table below represent the grant date fair value of the 2014 stock awards, which may not reflect the actual value to be realized by the director as economic and market risks associated with stock awards can affect the actual value realized. The actual value realized by the director for the stock will not be determined until time of vesting.

In 2014, non-employee directors received an annual retainer of \$45,000. Committee chairmen received an additional annual retainer of \$5,000, except for the Audit Committee chairman, who received an additional annual retainer of \$10,000. Mr. Dozer received an additional retainer for serving in the roles of Lead Independent Director and Chairman of the Board of Viad. The \$25,000 annual retainer for serving as Lead Independent Director was prorated¹ beginning from January 1, 2014 until the date of Mr. Dozer's election as Chairman on December 3, 2014, and the \$75,000 annual retainer for serving as Chairman was prorated beginning from the date of his election as Chairman through December 31, 2014. Non-employee directors also received a fee of \$1,600 for each Board meeting attended and a fee of \$1,500 for each committee meeting attended. Directors were reimbursed for all expenses related to their service as directors, including travel expenses and fees associated with director education seminars.

There can be no assurances that the amounts provided in column (c) of this Table will be realized. The amounts² shown reflect the grant date fair value of shares awarded in 2014. Assumptions made in the valuation of stock awards under this column (c) are discussed in Viad's 2014 Annual Report on Form 10-K, filed March 13, 2015, in Notes 1 and 2 of Notes to Consolidated Financial Statements, and are incorporated herein by reference.

In 2014, each of the non-employee directors was granted 3,100 shares of restricted stock with a grant date fair value of approximately \$75,000. All restricted stock granted to directors will vest three years from the date of grant, with pro-rata vesting of shares upon expiration of the three-year period if a director leaves the Board prior to the end of such period for any reasons other than for "cause," provided that full vesting will occur upon lapse of such period if the director has met certain age and holding period requirements. Full vesting may also occur upon expiration of the three-year period, at the discretion of the Human Resources Committee, if a director has terminated service due to unforeseen hardship or circumstances beyond the control of the director and such termination of service is at least six months after the date of grant. If a non-employee director were to take office after the restricted stock grant in February of each year, the new director would receive a pro-rata grant of restricted stock based on the date of election and the next regularly scheduled February grant of restricted stock.

At December 31, 2014, 9,400 shares of restricted stock had not vested for each of the non-employee directors, except for Mr. Mace and Mr. Bennett, who had 6,600 shares and 5,000 shares of restricted stock, respectively, that had not vested, and Mr. Schechter, who was not a director of the Company at that time.

The amounts shown for the non-employee directors include the corporate matching of charitable contributions pursuant to the Directors' Matching Gift Program, which provides for corporate matching of charitable contributions made by non-employee directors, on a dollar-for-dollar basis, up to an aggregate maximum of \$5,000 per year to qualified non-profit organizations having tax-exempt status under Section 501(c)(3) of the Internal Revenue Code of³ 1986, as amended (the "Internal Revenue Code"). The amounts shown also reflect the premium paid by Viad on behalf of each non-employee director for accidental death and dismemberment insurance benefits of \$300,000 and travel accident insurance benefits of \$300,000 when they are traveling on corporate business, and include dividends paid on unvested restricted stock in the amount of \$4,540 for Mr. Bennett, \$7,580 for Mr. Mace, \$16,680 for Ms. Pederson and \$18,180 each for Mr. Boggan, Mr. Dozer, Mr. Munzenrider, Dr. Teplin and Dr. Cunningham.

Mr. Schechter was appointed director effective April 11, 2015, and therefore received no compensation in 2014. Mr. Schechter will participate in the standard compensation arrangement offered to non-employee directors of the⁴ Company, which includes a prorated annual retainer for 2015 and, subject to the approval of the Human Resources Committee, the same restricted stock award received by the other non-employee directors of the Company in 2015, prorated based on the month he joined the Board.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Viad's executive officers, directors and beneficial owners of more than 10% of Viad's common stock to file initial reports of ownership and reports of changes in ownership of Viad's common stock with the SEC and the NYSE. Such executive officers, directors and beneficial owners are required by U.S. federal securities regulations to furnish Viad with copies of all Section 16(a) forms they file. As a matter of practice, Viad's administrative staff assists its executive officers and directors in preparing initial reports of ownership and reports of changes in ownership, and files such reports on their behalf with the SEC and the NYSE. Based solely on a review of the copies of such forms furnished to Viad and written representations from its executive officers and directors, Viad believes that all executive officers, directors and beneficial owners timely complied with the Section 16(a) reporting requirements in 2014.

COMPENSATION DISCUSSION AND ANALYSIS

OVERVIEW

This Compensation Discussion and Analysis (“CD&A”) section explains the 2014 compensation program for Viad’s named executive officers (“NEOs”) whose compensation information is provided in the tables following this discussion, and how those decisions reflect the achievements of the Company’s 2014 performance and strategic objectives. Viad’s 2014 NEOs are listed below:

Steven W. Moster	President and Chief Executive Officer; President of Marketing & Events Group and Global Experience Specialists, Inc.

Messrs. Dykstra and Hannan resigned from the Company in 2014, and Mr. Hines resigned from the Company in January 2015. Although each of them are NEOs for purposes of SEC rules, Messrs. Dykstra and Hannan are not subject to our current executive compensation program, and Mr. Hannan, who was an employee of the Company for two days in 2014, did not participate in the 2014 compensation program. Accordingly, in order to provide an accurate description of our executive compensation policies and practices, references in this CD&A to “executives” or “NEOs,” whether individually or as a group, are intended to exclude Messrs. Dykstra and Hannan unless the context expressly indicates otherwise. For a discussion of the 2014 compensation paid to Messrs. Dykstra and Hannan, please refer to the subsection of this CD&A titled “2014 Compensation for Certain Former Executive Officers.” The compensation for Mr. Hines, who was an executive officer of the Company as of December 31, 2014, is discussed in the CD&A in conjunction with all other NEOs who were executive officers as of such date.

Specifically, this CD&A contains the following sections:

- I. Executive Summary (page 19): summarizes the principles and results of our compensation program
- II. Pay for Performance Philosophy (page 27): describes our pay for performance philosophy and a discussion of Viad’s executive compensation framework
- III. Decision-Making Process (page 28): explains how the Human Resources Committee of the Board makes decisions and what factors it considers in setting compensation for our NEOs

The Company encourages you to read this CD&A in conjunction with “Proposal 3: Advisory Approval of Named Executive Officer Compensation,” beginning on page 64.

I. EXECUTIVE SUMMARY

OUR PRIMARY OBJECTIVE: PAY FOR PERFORMANCE

The Human Resources Committee of Viad’s Board of Directors has designed our executive compensation programs to align the interests of Viad’s executive officers with those of our shareholders, and is guided by a “pay for performance” philosophy.

Consistent with the Company’s “pay for performance” philosophy, at the start of each year, the Human Resources Committee (the “Committee”) of Viad’s Board of Directors (the “Board”) approves challenging performance goals that drive financial and strategic goals designed to increase shareholder value. In 2014, the Company delivered solid financial results and made significant progress on achieving its key long-term strategic objectives, and the Committee made compensation decisions that reflect the effective leadership and strong performance of the Company’s executive officers. The pay for performance objective of our compensation program incentivizes our key executives to make strategic decisions that further the long-term financial interests of the Company, and ultimately, allow both management and shareholders to share in the Company’s success. We believe our compensation decisions demonstrate an alignment between pay and performance and enhance shareholder value, and such decisions support the Board’s recommendation to shareholders to approve, in an advisory vote, the compensation of the NEOs.

OUR PERFORMANCE: EXECUTING ON OUR GROWTH STRATEGY TO ENHANCE VALUE

Acquisitions completed in 2014 advanced our strategic plan to increase profits and generate strong returns on investment by growing both business groups, and we are well-positioned to build on the progress made in 2014 under our new President and CEO.

We are an international experiential services company with operations in the United States, Canada, the United Kingdom, continental Europe and the United Arab Emirates. We generate our revenue through our two main business groups: the Marketing & Events Group and the Travel & Recreation Group. For more information about our business, please refer to the “Business” and “Management’s Discussion & Analysis of Financial Condition and Results of Operations” sections of our 2014 Annual Report on Form 10-K, filed with the SEC on March 13, 2015.

In April 2014, we concluded our strategic review and announced our go-forward strategy to maximize returns on investment for Viad shareholders: accelerate the growth of both business groups and continue to drive operational efficiencies and margin expansion. Our strategy for the Marketing & Events Group is to establish GES as the preferred global full-service provider for live events, with further reach to corporate and consumer events, exhibitions, congresses and conferences. We expect to do this through the acquisition of businesses that compete in industry sectors with higher profit margins, add new, value-added services for our customers that complement and enhance our existing businesses and further leverage our global capabilities. For the Travel & Recreation Group, we are pursuing our Refresh-Build-Buy growth strategy, which is focused on refreshing our existing assets to drive both rate and volume growth, building new assets and buying assets that add scale to the business and generate strong returns on investment.

In 2014, we completed the following key acquisitions:

- West Glacier Properties: On July 1, 2014, we acquired the West Glacier Motel & Cabins, the Apgar Village Lodge and related land, food and beverage services and retail operations (collectively, the “West Glacier

Properties”). The West Glacier Properties acquisition complements the Travel & Recreation Group’s existing assets and increases its presence in the Glacier National Park area, reinforcing our position as the “Gateway to Glacier”

Blitz: On September 16, 2014, we acquired Blitz Communications Group Limited and affiliates (collectively, “Blitz”), a leading audio-visual staging and creative services provider for the live events industry in Europe. The addition of Blitz has allowed the Marketing & Events Group to obtain a prominent role in the European audio-visual services market

onPeak: On October 7, 2014, we acquired onPeak LLC and Travel Planners, Inc. (collectively, “onPeak”). By acquiring onPeak, which provides event accommodations services to the majority of the top 100 U.S. events, the Marketing & Events Group became the leading event accommodations service provider in the United States

N200: On November 24, 2014, we acquired N200 Limited and affiliates (collectively, “N200”), Europe’s leading event registration and data intelligence services provider for the live events industry. The acquisition of N200 affords clients of the Marketing & Events Group yet another value-added service within a high-margin industry sector

The acquisition of Blitz provided international scale to our existing U.S. in-house audio-visual (“AV”) operations, which we launched in late 2013. In 2014, this AV team produced organic growth for the Marketing & Events Group, servicing 17 events and growing a solid pipeline for 2015. AV services naturally complement the Company’s existing suite of solutions for live events and enhance the Marketing & Events Group’s ability to provide a more comprehensive portfolio of service offerings to its customers. The creation of an in-house AV team enables the Company to service customers throughout an entire event, from creative and technology to content and design. We also successfully launched the Glacier Skywalk attraction in May 2014. This world-class attraction located in Jasper National Park, Alberta, Canada drew nearly 300,000 visitors during its first year of operation, which significantly exceeded our expectations.

With the Marketing & Events Group’s addition of new businesses offering value-added services that complement its core business, and the Travel & Recreation Group’s addition of two more high-margin operations offered in and around the most iconic natural areas in North America, Viad is well-positioned for growth. In December 2014, the Board elected Steven W. Moster President and Chief Executive Officer (“CEO”) of Viad, a reflection of the Board’s confidence in Mr. Moster’s ability to lead Viad in a new era of transformation and growth. Prior to joining GES, Mr. Moster was an engagement manager at McKinsey & Company, where he worked with a broad set of clients to create and implement growth strategies. The Board believes that Mr. Moster’s track record of executing growth strategies and improving operating efficiencies, as well as his deep understanding of Viad’s operations, give him the unique ability to accelerate the Company’s strategic growth initiatives and enhance shareholder value across both business groups.

OUR PERFORMANCE: KEY BUSINESS RESULTS

In 2014, strong performance from our senior management team resulted in year-over-year improvements in important financial goals as we continued our trend of long-term growth and enhanced shareholder value creation.

Our business strategy focuses on providing superior experiential services to our customers and superior and sustainable returns on invested capital to our shareholders. We delivered strong operational and financial results in 2014, as both business groups of Viad posted substantially increased year-over-year results, and we have made significant progress on our strategic growth plans.

Total revenue was \$1.06 billion, an increase of 11.7%, or \$111.6 million, from 2013

Total segment operating income increased by 42.8% to \$59.9 million and total segment operating margin improved by 120 basis points to 5.6%

Marketing & Events Group operating income increased by 58.0%, or \$11.6 million, and operating margin improved by 100 basis points, on a revenue increase of \$99.6 million. The improved operating results were driven primarily by favorable timing of large, non-annual events, which we refer to as "positive show rotation," same-show growth, new business wins, acquisitions and our continued focus on driving operating efficiencies

Travel & Recreation Group operating income increased by 28.9%, or \$6.3 million, and operating margin improved by 320 basis points, on a revenue increase of \$12.1 million. Excluding unfavorable exchange rate variances, revenue increased by 15.5%, reflecting the benefit of our Refresh-Build-Buy growth initiatives to refresh our existing assets to drive both rate and volume growth, which included the launch of the Glacier Skywalk attraction and the acquisition of the West Glacier Properties during 2014. Additionally, we continued to experience organic growth, particularly at our high-margin attractions

The Company's long-term performance has been similarly strong, as we have improved performance on key financial metrics over the past five years.

Total segment operating income improved by \$45.1 million (from \$14.8 million in 2010 to \$59.9 million in 2014) and segment operating margin improved by 380 basis points

*For an explanation of the methodology used in the calculation of segment operating income, please refer to Note 24 of Notes to Consolidated Financial Statements in Viad's 2014 Annual Report on Form 10-K, filed March 13, 2015.

OUR PERFORMANCE: ENHANCED SHAREHOLDER VALUE

Viad's commitment to rewarding our executives for their disciplined approach to capital deployment and strong management of working capital has enabled the Company to both protect and reward its shareholders.

Solid financial performance under the leadership of our management team has allowed the Company to maintain a strong balance sheet, while also reinvesting in the business and returning capital to shareholders. From 2010 to 2014, we have:

Generated cumulative operating cash flow of \$211.4 million

Returned \$131.6 million to shareholders in the form of dividends and share repurchases

• Paid special cash dividends of \$2.50 per share in November 2013 and \$1.50 per share in February 2014

• Increased the regular quarterly dividend by 150% to \$0.10 per share from \$0.04 per share effective with the October 2012 dividend payment

• Repurchased 1.1 million shares for \$22.0 million (Viad has announced the authorization of its Board of Directors to repurchase up to 582,002 additional shares)

• Reinvested \$287.6 million back into the business (in the form of capital expenditures and acquisitions, net of divestitures of non-strategic real estate assets)

• Marketing & Events Group acquisitions, with an aggregate purchase price of \$112.8 million, are expected to generate aggregate Adjusted Segment EBITDA* of \$14.5 million to \$15.5 million in 2015. These acquisitions include: Blitz, onPeak and N200 (all acquired in the second half of 2014)

• Travel & Recreation Group acquisitions, with an aggregate purchase price of \$81.6 million, generated aggregate Adjusted Segment EBITDA of \$10.6 million in 2014. These acquisitions include: Grouse Mountain Lodge, St. Mary Lodge and Alaska Denali Travel (acquired in 2011); the Banff International Hotel (acquired in 2012); and the West Glacier Properties (acquired in July 2014)

• The Glacier Skywalk, which was constructed at a total cost of approximately \$20 million, generated Adjusted Segment EBITDA of approximately \$4.5 million during 2014, its first year of operation

• Maintained a strong balance sheet, and a 28.9% debt-to-capital ratio as of December 31, 2014

Adjusted Segment EBITDA is a “non-GAAP financial measure,” as defined by SEC regulations. Please see Appendix *A to this proxy statement for a reconciliation of Adjusted Segment EBITDA to segment operating income, a U.S. GAAP financial measure, as well as reconciliations of other non-GAAP financial measures included in Viad’s proxy materials to the most directly comparable GAAP measures.

HIGHLIGHTS OF OUR COMPENSATION PROGRAM

The Committee has adopted practices that drive NEO performance and align executive pay with shareholder interests.

WHAT WE DO	WHAT WE DO NOT DO
<p>ü Pay for Performance: Clear financial goals for the Company and individual performance goals are set for our NEOs. Performance-based compensation constituted 75% of the total target direct compensation for our CEO and 59% for all other NEOs in 2014.</p>	<p>No Tax Gross-Ups Paid in 2014: The Company did not pay tax gross-ups of any kind in 2014, and will not pay tax gross-ups in 2015 and thereafter.</p>
<p>ü Stock Ownership and Retention Guidelines: The stock ownership minimum for our CEO is 5 times his salary, and the minimum for other NEOs is 3 times his or her salary.</p>	<p>No Hedging or Pledging: Our NEOs, other executive officers and directors are prohibited from engaging in hedging transactions with Viad stock and from pledging Viad stock as collateral for a loan.</p>
<p>ü Clawback and Compensation Recoupment Policies: Both our short-term and long-term incentive programs allow Viad to recoup compensation awards paid to NEOs and other executive officers who engage in certain acts detrimental to Viad's interests.</p>	<p>No Change In Control Excise Tax Gross-Ups: No NEOs hired in 2013 and thereafter will receive any excise tax gross-up payments in the event of a change in control of the Company. The Company instituted a 3-year phase-out period ending February 26, 2017 on change in control excise tax gross-ups for all current NEOs and other executive officers grandfathered into the Company's previous executive severance plan.</p>
<p>ü Balance Short-Term and Long-Term Incentives: Our short- and long-term incentive programs have different performance goals, which incorporate not only financial measures to drive performance, but also shareholder value measures such as TSR and ROIC.</p>	<p>No "Single-Trigger" Change in Control Arrangements: We do not award payments to our NEOs solely on account of a change in control. The Company instituted a 3-year phase-out period ending February 26, 2017 on its modified single-trigger change in control arrangement, eliminating by that time the 13-month "walk-away" right for all current NEOs and other executive officers grandfathered into the Company's previous executive severance plan.</p>
<p>ü Restricted Stock Holding Periods: Vested restricted stock is subject to a holding period unless and until the NEO or other executive officer has met the Company's stock ownership guidelines.</p>	<p>No Above-Median Targeting of Executive Compensation: We target total direct compensation of our NEOs and other executive officers at the 50th percentile of our comparator group or other competitive data.</p>
<p>ü Independent Compensation Committee: The Human Resources Committee of the Board consists entirely of independent directors.</p>	<p>No Benefit Payments Under Legacy Pension Plans: The Company has not added any new participants under its legacy pension plans since 2004, and does not intend to add any new participants in the future.</p>
<p>ü Regular Engagement with Shareholders: The Company regularly engages with shareholders through its shareholder outreach program.</p>	<p>No NEO Employment Agreements: Neither our CEO nor any other NEO has an employment agreement with the Company.</p>

The Committee, in consultation with its independent compensation consultant, Pearl Meyer & Partners, oversees, approves and assesses the effectiveness of each element of our compensation program in relation to our compensation philosophy and the market.

The table below describes certain elements of our program and their link to our specific compensation objectives:

COMPENSATION ELEMENT	ENCOURAGE SHAREHOLDER VALUE CREATION	PROMOTE ACCOUNTABILITY & STRATEGIC DECISION-MAKING	PROMOTE BALANCED RISK-TAKING & ETHICAL BEHAVIOR
Short-Term (Annual) Incentive	ü	ü	ü
Long-Term Incentives	ü	ü	ü
Retirement Income and Savings Plans			ü

Additionally, the compensation elements of base salary, perquisites and personal benefits and post-termination compensation and benefits are designed to attract and retain key executives.

For the 2014 compensation program, the Committee adopted changes that more closely aligned management's interests with those of our shareholders.

Highlights of our 2014 compensation actions, which are more fully discussed elsewhere in this CD&A, include the following:

- Targeted median pay. Targeted pay is at the 50th percentile of our comparator group or other competitive data
- Reduced annual incentive award targets by 5%. In 2014, the Committee instituted a 5% year-over-year decrease in the target percentage for NEOs and other executives under the Company's short-term (annual) incentive program
- Relative Total Shareholder Return ("TSR") included as a performance goal for Long-Term Incentive Program. In an effort to be responsive to shareholder feedback received in 2014, the Committee added Relative TSR as a performance goal for the Company's three-year performance unit awards, as illustrated by the table below:

PERFORMANCE UNIT GOALS AND WEIGHTING: 2013 vs. 2014

PERFORMANCE GOALS	2013	2014
Relative TSR	0%	30%
EBITDA	40%	35%
ROIC	60%	35%

Increased emphasis on performance-based long-term incentive awards. Viad's long-term incentive compensation consists of 100% performance units for the CEO and a mix of 70% performance units and 30% time-vested restricted stock (or units) for other NEOs and other executive officers. Under the previous program, the CEO and NEOs received a mix of 60% performance units and 40% time-vested restricted stock (or units)

No tax-gross ups for NEOs. The Company did not pay any tax gross-ups on perquisites or other compensation to NEOs in 2014

No excise tax gross-ups or modified single-trigger provisions in change in control arrangements. Eliminated the excise tax gross-ups and "modified single-trigger" provisions in the grandfathered change in control arrangements of the NEOs and other executive officers, effective after a three-year sunset period ending

February 26, 2017. This measure ensures consistency between the grandfathered plans and the 2013 change in control arrangements, which eliminated excise tax gross-ups and “modified single-trigger” provisions in change in control situations for NEOs hired in 2013 and thereafter

Instituted holding periods to enhance stock ownership guidelines. The Committee implemented a holding period (i.e., no selling) on vested restricted stock granted to the Company’s NEOs and other executive officers unless and until the executive officer has met the Company’s stock ownership guidelines

Eliminated lump-sum SERP awards with tax gross-ups. Established the Viad Corp Defined Contribution Supplemental Executive Retirement Plan (the “Defined Contribution Plan”) to replace the annual payment of lump sum cash awards with tax gross-ups previously paid to our former CEO and our CFO. The prior lump sum cash payments were in lieu of the Company accruing post-2004 pension benefits for certain participants of the Viad Corp Supplemental Pension Plan (the “SERP”)

Did not add new participants under any pension plans. Since 2004, the Company has not added any new participants to its pension plans, including the SERP and the Viad Corp Retirement Income Plan (now known as the MoneyGram Pension Plan), and does not intend to add any new participants in the future. In connection with its spin-off from Viad in 2004, MoneyGram International, Inc. (“MoneyGram”) assumed all liability for pension benefits for Company employees participating in the MoneyGram Pension Plan and the SERP. This means that we disclose these legacy pension plan benefit amounts in our Summary Compensation Table, but Viad does not incur the cost of these benefit amounts

Forfeiture of long-term incentives for executives terminated within 12 months of grant date. Executives will forfeit long-term incentive awards granted in 2014 or thereafter if their employment is terminated due to retirement, death, disability or termination without cause within 12 months after the grant date. Long-term incentive awards will vest pro rata if the termination occurs after the 12-month forfeiture period lapses, and the amount of the award will be based on the length of time the executive was employed during the applicable vesting or performance period. We believe this change provides a more appropriate balance between the interests of the Company and our executives

OUR SHAREHOLDER OUTREACH PROGRAM

Our shareholder outreach program has facilitated robust and meaningful discussions with our shareholders about our executive compensation program.

The Committee, the Board and executive leadership are committed to considering the perspectives of our shareholders on all aspects of our business, including executive compensation. Consistent with that commitment, our management and Board members have used the Company’s shareholder outreach program to gather shareholder input on a range of topics related to executive compensation and governance matters, including the alignment between pay and performance and the Company’s long-standing philosophy that executive compensation should be based on long-term performance and shareholder value creation. The Company has incorporated specific shareholder suggestions into our 2014 executive compensation program, as appropriate, and these changes have been incorporated into the disclosures in this proxy statement. As feedback, many shareholders gave a general indication that they viewed favorably the executive compensation changes implemented by Viad in 2014.

Our current executive compensation program reflects significant changes made in connection with the Company’s extensive shareholder outreach efforts.

The Company’s current executive compensation program reflects significant changes made in response to shareholder feedback received as a result of the Company’s active engagement with shareholders through our ongoing shareholder outreach efforts, and the recent changes to our executive compensation program reflect the feedback received from our shareholders.

At the 2014 Annual Meeting of Shareholders, more than 97% of our shareholders voted to approve the Company’s 2013 executive compensation program for NEOs. We believe that these voting results reflect our shareholders’ endorsement of the recent structural changes made to, and the current direction of, our executive compensation program, and affirm alignment of our program with shareholder interests. Although we continue to maintain an open

dialogue with our shareholders to identify ways to further refine and improve our executive compensation program, the Committee believes our current program adequately and effectively addresses shareholder concerns, promotes the Company's business strategy and aligns pay with performance and shareholder value. As a result, the Committee did not implement significant changes to our executive compensation program for 2015.

PAY FOR PERFORMANCE: CEO TOTAL DIRECT COMPENSATION REALIZED

Our CEO's total direct compensation realized is in line with our pay for performance philosophy.

While not intended to replace the information in the "Summary Compensation Table" section of this proxy statement, which includes equity grants based on accounting values, the table below supplements the Summary Compensation Table by presenting the total direct compensation realized by our CEO during 2014. Total direct compensation realized is direct compensation actually received by the CEO during the year, and includes: (a) base salary; (b) short-term (annual) incentive payments; (c) compensation received upon vesting of restricted stock and performance-based restricted stock; (d) compensation received upon payouts of performance units under the Performance Unit Incentive Plan; and (e) net spread realized on stock option exercises. Since Mr. Moster will not actually receive the long-term incentive compensation awarded to him in 2014 until future years, the value of this compensation when realized will likely differ significantly from the amounts shown in the Summary Compensation Table. Accordingly, we believe total direct compensation realized is more representative of compensation actually received than the amounts shown in the Summary Compensation Table, and total direct compensation realized is a better measure of how CEO pay compares to company performance.

CEO Total Direct Compensation Realized: 2014¹

Compensation Element

Cash Compensation	(\$)
Base Salary	427,807
Annual Incentive	—
Total Cash Compensation	427,807
Long-Term Incentive Compensation	
Compensation Realized upon Vesting of Restricted Stock and Performance-Based Restricted Stock	203,928
Compensation Realized upon Payout of Performance Units	188,400
Compensation Realized upon Exercise of Stock Options	—
Total Long-Term Incentive Compensation	392,328
Total Direct Compensation Realized	820,135
Total Compensation - Summary Compensation Table	1,778,920

On December 3, 2014, Mr. Moster was elected President and CEO of Viad. Accordingly, the amounts in the table above are prorated to reflect Mr. Moster's total direct compensation realized as President of the Marketing & Events Group and GES from January 1, 2014 through December 2, 2014, and his total direct compensation realized as President and CEO of Viad from December 3, 2014 through December 31, 2014.

II. PAY FOR PERFORMANCE PHILOSOPHY

Viad employs a pay for performance compensation philosophy through the use of compensation components that motivate achievement of performance goals designed to enhance shareholder value, which aligns the financial interests of our NEOs, key management and other executive officers with the long-term financial interest of our shareholders. Consistent with that philosophy, Viad's compensation program is designed to accomplish the following core objectives:

Encourage Shareholder Value Creation. Our program is designed to motivate executives and key employees to strive to achieve Viad's long-term and short-term operating and financial goals, thereby enhancing shareholder value

- Attract and Retain Top Executives. We believe that it is critical to the Company's success to attract, retain and engage the best executive talent. A strong and stable management team is better-positioned to provide effective leadership consistent with long-term shareholder interests

Promote Accountability and Strategic Decision-Making. Our program encourages NEOs to consider the inherent risk of short-term decisions that may impact the future performance of Viad. Through our program, the NEOs, other executive officers and key employees participate in the risks and rewards of ownership of Viad's common stock

Promote Balanced Risk-Taking and Ethical Behavior. Integrity is a core value of our Company and is reinforced through our policies and programs, including our executive compensation program, which includes clawback provisions for short-term and long-term incentive compensation awards that are triggered if the NEO engages in conduct detrimental to Viad's interests or contrary to Viad's ethical standards. We believe that these measures promote balanced risk-taking and ethical behavior within our Company, which protect shareholder value

III. DECISION-MAKING PROCESS

The Committee reviews and approves Viad's executive compensation program and the compensation levels for the NEOs and other executive officers. The Committee has sole responsibility with respect to the CEO and other executive officers to approve:

- the annual base salary level
- the short-term (annual) incentive opportunity level, performance goals, achievement of performance targets and payment of incentive awards
- the long-term incentive opportunity level, performance goals, grant of awards and achievement of performance targets and payment of incentive awards
- any special or supplemental benefits

The salary, equity and incentive compensation of the CEO is approved by the Committee and is subject to ratification by all other independent members of the Board.

The Committee also has sole authority to retain and terminate any compensation consultant used to assist in the evaluation of the compensation of the CEO, the NEOs and other executive officers.

Total compensation is reviewed by the Committee at its regularly scheduled meeting in February. Merit adjustments, if any, to annual base salary are effective April 1 of each year. Awards earned under the short-term (annual) incentive plan (for the prior year) and long-term performance plans are generally also approved at the February meeting of the Committee. Once achievement of financial targets established for the prior year is determined, the payment of incentive awards, if earned, is not made until the Company's books have been officially closed for the prior fiscal year and Viad's financial statements have been filed with the SEC. Long-term incentive compensation awards for 2014 (as discussed in the CD&A subsection "Long-Term Incentives") were granted, and performance goals and targets for the 2014 incentive plans were determined, at the March 2014 meeting of the Committee.

INDEPENDENT COMPENSATION CONSULTANT

The Committee has sole authority to retain, terminate and approve the fees of its compensation consultant. The Committee engaged Pearl Meyer & Partners ("PM&P"), a national independent consulting firm, and PM&P has served as the Committee's independent compensation consultant since 2012.

In its role as the Committee's independent advisor, PM&P regularly attends Committee meetings and advises on matters including compensation program design, benchmarking compensation and relative pay for performance. PM&P also provided market data, analysis and advice regarding compensation of our NEOs and other executive officers. PM&P provides no services to the Company other than executive compensation consulting services provided to the Committee.

BENCHMARKING AND RESOURCES

In connection with Viad's consideration of its overall compensation program for the NEOs and other executive officers, PM&P provided services and advice on executive compensation matters. In determining 2014 competitive executive pay, PM&P provided pay data, including base salary, short-term incentives, long-term incentives and total compensation values, from multiple surveys from leading compensation consulting firms, including PM&P, Mercer and private survey sources. Both general industry and services industry data were utilized. The data were aged to July 2014 for a consistent, point-in-time reference. Actual pay data, including base salary and short- and long-term incentive pay, from Viad's executive compensation comparator group, as defined in the CD&A subsection "Compensation Comparator Group," were also used in order to determine competitive market values for purposes of benchmarking 2014 executive compensation. Target pay was benchmarked to comparator group data for the CEO, CFO and General Counsel, and to published pay surveys and other available competitive data for all other NEOs. The competitive data provided reference points for the Committee. The Committee determined appropriate levels of compensation for each NEO after considering the competitive data, and a number of other factors, including an assessment of individual performance, experience and special expertise related to the responsibilities of an executive officer, Viad's operating and financial results, the extent to which Viad's financial and operating goals were achieved in the prior year and advice from PM&P. The actual total direct compensation for all NEOs as a group was below the median of the competitive data.

COMPENSATION COMPARATOR GROUP

We do not have a defined "peer" group that accurately reflects the nature of our core businesses because of our unique and diverse mix of businesses (from marketing and event services to travel and recreation services). However, due to shareholder feedback, the Committee, in consultation with PM&P, developed a comparator group for purposes of benchmarking executive compensation, which was used by the Committee in its decision-making process for the 2014 executive compensation program. The group included, at the time of the 2014 compensation benchmarking, 14 companies whose businesses are generally aligned with Viad's businesses, as the group includes companies with a global footprint that provide either business-to-business services or leisure and hospitality services. The comparator group companies for 2014 were as follows:

2014 Comparator Group (with ticker symbol)

Cedar Fair, L.P. (FUN)	Life Time Fitness, Inc. (LTM)
Consolidated Graphics, Inc. (CGX)***	Ryman Hospitality Properties, Inc.* (RHP)
Deluxe Corporation (DLX)	Schawk, Inc. (SGK)***
Ennis, Inc. (EBF)	SP Plus Corporation (SP)**
G&K Services, Inc. (GK)	Sykes Enterprises, Incorporated (SYKE)
Healthcare Services Group, Inc. (HCSG)	TEAM, Inc. (TISI)
Isle of Capri Casinos, Inc. (ISLE)	Vail Resorts, Inc. (MTN)

* Formerly Gaylord Entertainment Company

** Formerly Standard Parking Corporation

*** Consolidated Graphics and Schawk will not be part of the 2015 comparator group because they are no longer listed public companies due to acquisition

The comparator group was selected based on the following criteria:

Business Diversity. The comparator group includes leisure and hospitality services companies and business-to-business services companies (including, among others, diversified support services, offices services and commercial printing services) so that both elements of Viad's business operations are represented

Comparable Revenues. All companies had revenues between approximately 0.5 times and 1.5 times Viad's revenue, and the median revenue for the comparator group approximated Viad's revenue

Similar Market Capitalization. The range of market capitalization for the comparator group companies was within 0.6 times and 6 times Viad's market capitalization

Although the Committee would prefer to keep the comparator group the same from year to year, the Committee believes that adjustments to remove privately-held companies are warranted so that our shareholders can use publicly available data to perform internal compensation benchmarking analyses on Viad's compensation program. Viad's 2015 comparator group is otherwise the same as its 2014 comparator group.

IV. COMPONENTS OF COMPENSATION

The compensation components of the 2014 executive compensation program, as well as the type of compensation and the objectives of the compensation, are included in the table below:

COMPONENT	TYPE	OBJECTIVES
Base Salary	Fixed	Attract and retain executives Compensate executive for level of responsibility and experience
Short-Term (Annual) Incentives	Variable	Reward achievement of the Company's annual financial and operational goals Promote accountability and strategic decision-making Align management and shareholder goals by linking management compensation to share price over extended period
Long-Term Incentives	Variable	Encourage long-term, strategic decision-making Reward achievement of long-term company performance goals Promote accountability Retain key executives
Perquisites and Other Personal Benefits	Fixed	Foster the health and well-being of executives Attract and retain executives
Retirement Income and Savings Plans	Fixed	Retain key executives Reward employee loyalty and long-term service
Post-Termination Compensation and Benefits	Fixed	Attract and retain executives Promote continuity in management Promote equitable separations between the Company and its executives

MIX OF PAY

The Committee and management created a mix of compensation components, consistent with Viad's executive compensation philosophy, to deliver the NEOs' 2014 targeted total compensation.

The table below shows the 2014 mix of compensation components for the NEOs:

Components of 2014 Compensation

As a Percentage (%) of Targeted Total Direct Compensation

Name	Base Salary (%)	Targeted Short-Term (Annual) Incentives (%)	Targeted Long-Term Incentives ¹ (%)
Steven W. Moster ²	25	15	60
Deborah J. DePaoli	42	19	40
George N. Hines	47	21	32
Ellen M. Ingersoll	35	19	46
Thomas M. Kuczynski	46	23	31

The percentage calculation for this column is based on the grant date estimated future payouts for long-term incentives.

On December 3, 2014, Mr. Moster was elected CEO of Viad. Accordingly, the percentages in the table above are² prorated to reflect 11 months at Mr. Moster's 2014 targeted total direct compensation prior to December 3, 2014 and 1 month at Mr. Moster's 2014 targeted total direct compensation effective as of December 3, 2014.

Viad's executive compensation program, including this mix of pay, is designed to enhance shareholder value and mitigate the potential for excessive risk-taking by NEOs in managing Viad's businesses. A few of the program's features that serve these two purposes are:

- Components of compensation are balanced. The mix of pay for NEOs is not overly weighted toward either short-term incentive or long-term incentive compensation

- Targets are reasonable and value-driven. The Committee sets performance goals and targets designed with the intent that achievement will result in enhancement to shareholder value

- Long-term awards promote shareholder interests. The ultimate value of each NEO's long-term incentive award depends upon the value of Viad's stock at the time of vesting (or exercise, in the case of stock options), which encourages NEOs to consider the inherent risk of short-term decisions that may impact the future performance of Viad. As a result, these awards are intended to create and maintain shareholder value over a multi-year period
- Stock ownership guidelines align NEO and shareholder interests. Viad's stock ownership guidelines align the financial interests of our directors and NEOs with those of our shareholders (see the CD&A subsection "Stock Ownership Requirements"). The holding period restriction on vested restricted stock enhances this alignment (see the CD&A subsection "Highlights of Our Compensation Program")

- Forfeiture for wrongful actions. Short-term and long-term incentive compensation is subject to forfeiture and reimbursement (i.e., "clawback") provisions relating to conduct which may be detrimental to Viad (see the CD&A subsection "Clawback Provisions for Detrimental Conduct")

Each component of the 2014 total compensation of the NEOs is discussed below.

BASE SALARY

The base salary program helps achieve the objectives outlined above by attracting and retaining strong talent. Base salaries represent a fixed portion of the executive compensation package and are determined based on the factors discussed in the CD&A subsection "Benchmarking and Resources." The Company awards merit increases based on performance and other factors, including current base pay relative to comparator group and other competitive market data used for benchmarking purposes.

SHORT-TERM (ANNUAL) INCENTIVES

Viad's Management Incentive Plan ("MIP") is an annual, cash-based, pay for performance incentive program. The MIP is designed to motivate and reward contributions to Viad's performance during the year by making a significant portion of cash compensation variable and dependent upon achievement of Viad's annual targets for performance goals. The performance goals and the targets for those performance goals are established by the Committee at the beginning of each year. Short-term incentive cash payouts reflect the extent to which annual targets for performance goals are met or exceeded.

Targets for performance goals are set with the intent that achievement will ultimately result in enhancement to shareholder value. When determining the targets, the Committee considers past financial performance of Viad and its operating companies and its internal estimates of the current-year planned financial performance. Established growth trends, or improved profitability and operating efficiencies, which are based on economic and business conditions specific to Viad's businesses, are the gauge by which meaningful targets are set and executive performance is measured.

The Committee uses three performance levels when setting MIP targets: Threshold, Target and Maximum. The performance levels are set relative to the prior fiscal year's actual results and current fiscal year projections. The Committee expects the Company to achieve or exceed the Target level of performance, which is intended to be a stretch target. The Threshold performance level is the minimum performance level required for any MIP payout, while

the Maximum level of performance is set at a high level of performance that requires significant efforts and exceptional execution to achieve.

The 2014 performance goals for short-term incentive compensation were chosen because each of the goals strongly aligned with the overall business objectives of Viad for the year. The 2014 goals included:

2014 Short-Term Incentive (MIP)

Performance Goals	Weighting
Operating Income	60%
Revenue	10%
Operating Margin	30%

The Committee believes the Company's Operating Margin reflects a number of important competitive and business elements, including customer satisfaction, market share and cost discipline, and is therefore a significant barometer of our overall performance. The performance goals of Operating Income and Operating Margin are closely tied to achievement of Return on Invested Capital ("ROIC") objectives. Revenue growth aligns well with organic and acquisition objectives within both Viad's Marketing & Events and Travel & Recreation Groups.

Operating Income is a stand-alone goal. No payout for the Revenue or Operating Margin goals can be earned unless the Threshold Operating Income goal is achieved. For 2014, achievement by the NEOs at Threshold pays out at 50% of the performance goal's weight. Achievement at Target pays out at 100% of the performance goal's weight.

Achievement at Maximum pays out at 175% (the maximum achievement level) of the performance goal's weight. Actual results are prorated based on where they fall along the continuum from the Threshold amount through the Target amount, and from the Target amount through the Maximum amount.

The Committee does not award a discretionary cash bonus to any NEO in circumstances where performance goals under the short-term incentive plan are not met at Threshold or better. In the case of NEOs, the Committee may apply negative discretion to decrease the actual awards based on Company and individual performance. As discussed in the "Highlights of Our Compensation Program" subsection of this CD&A, in 2014, the Committee reduced the MIP target percentages for all NEOs by 5% from the 2013 levels.

For 2014, annual incentives were paid to Mr. Kuczynski and Mses. DePaoli and Ingersoll, and to Mr. Moster, because 2014 performance goals of Viad Consolidated and the Marketing & Events Group were met at 88.7% and 31.0% of Target, respectively. No annual incentive was paid under the MIP to Mr. Hines, who resigned from the Company on January 23, 2015.

2014 Short-Term Incentive Performance Goals, Weighting and Targets¹

	Performance Goal ²	Weight	Targeted Achievement Levels			Actual Results
			Threshold	Target	Maximum	
Viad Consolidated	Operating Income	60%	\$47,100	\$53,800	\$63,800	\$52,307
	Revenue	10%	\$1,013,200	\$1,039,200	\$1,078,300	\$1,041,373
	Operating Margin	30%	4.6%	5.2%	5.9%	5.0%
Marketing & Events	Operating Income	60%	\$31,500	\$37,000	\$45,300	\$31,678
	Revenue	10%	\$901,100	\$924,200	\$958,900	\$924,079
	Operating Margin	30%	3.5%	4.0%	4.7%	3.4%

All dollar amounts are shown in thousands (000) of U.S. dollars (\$) unless indicated as a percentage (%). For purposes of evaluating achievement, the financial results were translated to U.S. dollars at fixed exchange rate of: Canadian dollar (0.93 to 1), British pound (1.60 to 1) and Euro (1.31 to 1).

² Operating Income for Viad Consolidated is equal to segment operating income less unallocated corporate expenses. The

performance goals of Operating Income and Operating Margin exclude specific items which are carved out at the beginning of the year, certain items that are of a non-operating nature and other items that management does not want to incent. These items include restructuring and restructuring-related charges, certain acquisition transaction-related expenses and certain other specified items.

The formula for calculating an award under Viad's short-term incentive program is as follows:

(Annual Base Salary Earnings) x (Target Percentage) x (Company Achievement)

For 2014, Target short-term incentive percentages for the NEOs ranged from 45% to 55% of the NEO's annual base salary earnings.

Name	Threshold ¹ (%)	Target (%)	Maximum ² (%)	Actual (%)
Steven W. Moster	16.5	55.0	96.3	17.0
Deborah J. DePaoli	13.5	45.0	78.8	40.0
George N. Hines	13.5	45.0	78.8	<u>3</u>
Ellen M. Ingersoll	16.5	55.0	96.3	49.0
Thomas M. Kuczynski	15.0	50.0	87.5	44.0

¹ The Operating Income goal is a stand-alone threshold goal and no payout for the other performance goals can be earned unless the Operating Income goal is achieved at or greater than the Threshold amount. The performance goal weight of Operating Income in 2014 was 60%. The "Threshold" column in the table above reflects the NEO's Target level (as reflected in the "Target" column above) multiplied by 30%, which is the company achievement of Operating Income at the Threshold level and is calculated as follows: (Threshold amount of 50%) x (Operating Income performance goal weight of 60%) = 30%. Achievement at Threshold pays out at 50% of a performance goal's weight.

² The "Maximum" column in the table above reflects the NEO's Target level times the company achievement factor at the maximum level of 175%.

³ Effective January 23, 2015, Mr. Hines resigned as Chief Information Officer of Viad.

LONG-TERM INCENTIVES

The type and value of the overall mix of long-term incentive grants in 2014 is provided in the table below:

Type	Brief Description	Long-Term Incentive Mix
Performance Units	3-year performance period	CEO: 100%
	Payable in cash based on 10-day trading average of Viad common stock	
	Relative TSR, EBITDA and ROIC performance goals	
	Subject to clawback provisions	All Other NEOs: 70%
		CEO: 0%
Restricted Stock (or Units)	3-year vesting period	All Other NEOs: 30%
	Subject to clawback provisions	

Each year since 2012, the Committee has increased the performance-based component of Viad's long-term incentive compensation program for Viad's NEOs and other executive officers. The Committee believes these changes were needed to increase the emphasis on total pay for performance in the context of Viad's overall pay philosophy. The change in the mix of long-term incentive grants for the NEOs from 2012 to 2014 is provided in the table below:

Long-Term Incentive Mix

	2012	2013	2014
CEO			
% Performance Units	50%	60%	100%
% Restricted Stock	50%	40%	—%
All Other NEOs			
% Performance Units	50%	60%	70%
% Restricted Stock (or Units)	50%	40%	30%

The mix of performance units and restricted stock (or units) places a heavy emphasis on the financial performance of the Company, and provides incentives for executives to create and maintain shareholder value over a multi-year period because the ultimate value of each executive's grant will depend upon the value of Viad's stock at the time of vesting or payout. This mix also provides an effective retention tool for executives, as each has a three-year vesting or performance period.

PERFORMANCE UNITS

The Performance Unit Incentive Plan ("PUP") is designed to focus participants on the long-term interests of our shareholders by tying the value of performance units to both Relative TSR during a three-year performance period and to achievement of financial measures that are key factors in increasing shareholder value. Targets for performance goals are set by the Committee during the first quarter of each three-year performance period. Targets are set such that achievement will ultimately result in enhanced shareholder value.

Performance unit awards under our current program are measured by three factors which the Committee believes promotes Viad's pay for performance philosophy: (1) Relative TSR, which bears a direct link to shareholder value; (2) EBITDA, which rewards NEOs for increased cash flow, improved profitability and operating efficiencies; and (3) ROIC, which encourages improved returns on invested capital.

The Russell 2000 Index is used for purposes of measuring Relative TSR. The Committee believes the Russell 2000 Index provides an appropriate picture of how our stock price is performing relative to the stock prices of companies in the same stock market index and with similar market capitalizations.

The 2014 performance goals and weighting for long-term incentive compensation are provided in the table below:

Long-Term Incentive Compensation Grants: PUP

Performance Goals	Weighting
Relative TSR ¹	30%
EBITDA ²	35%
ROIC ³	35%

Relative TSR is a goal measured by Viad's relative performance relative to the Russell 2000 Index. For the performance units awarded in 2014, Relative TSR is based on: (a) the average closing stock price during the 20 trading days prior to and including December 31, 2013 ("Initial Stock Price"); (b) dividends paid between January 1, 2014 and December 31, 2016, calculated on a per share basis using the ex-dividend date with respect to each such dividend ("Dividends Paid"); and (c) the average closing stock price during the 20 trading days prior to and including December 31, 2016 ("Ending Stock Price"). Relative TSR is calculated as follows: (Ending Stock Price + Dividends Paid)/Initial Stock Price.

² EBITDA is a non-GAAP measure and means earnings from continuing operations before interest expense and interest income, income taxes, depreciation, amortization, restructuring charges, impairment losses and recoveries and income attributable to non-controlling interest. EBITDA contributions from businesses acquired during the

measurement period shall only be included in the calculation of EBITDA if the EBITDA performance goal is otherwise attained at or above the Target level. However, in no case shall EBITDA from acquisitions be included during their first year of ownership by Viad. This treatment

of acquisitions is intended to balance management’s focus between delivering strong organic results and driving growth through acquisition.

ROIC means return on invested capital, and is defined as EBITA/Average Capital. “EBITA” is defined as EBITDA minus depreciation expense, plus rent expense (excluding short-term rent expense that is recognized in cost of sales), minus implied depreciation expense on capitalized operating leases. “Average Capital” is defined as the average of the beginning and end of year balances for the following assets and liabilities: accounts receivable; inventory; accounts payable; accrued compensation; customer advances; net PP&E and capitalized operating leases; and intangibles arising from acquisitions completed after the MoneyGram spin-off on June 30, 2004. The EBITA and Average Capital from businesses acquired during the measurement period shall be excluded from measurement of the ROIC performance goal. This treatment of acquisitions is intended to avoid a possible disincentive for acquiring businesses that will generate strong returns over the long-term but put temporary downward pressure on the Company’s ROIC in the short-term. The Committee believes that the combination of the TSR performance goal and the EBITDA performance goal provide strong alignment with shareholder returns and encourage management to be strong stewards of shareholder capital.

The performance unit goals and weighting implemented in 2014 illustrate the Committee’s continuous effort to align NEO pay with measures that are important to our shareholders. In each of the past two years, the Committee has adopted transparent, uniform goals and weighting for performance unit awards that promote Viad’s business strategy and strengthen the link between NEO performance and shareholder value. In 2013, the Committee used EBITDA and ROIC as the performance goals for the 2013-2015 performance period, replacing the 2012-2014 performance period goals of operating income, invested capital, cash flow and revenue. While the previous goals aligned incentive compensation with our financial targets and long-term value creation, the Committee believes that EBITDA and ROIC, which remain performance unit goals under our current long-term incentive program, more directly advance our strategic growth objectives by strengthening the link between NEO compensation and profitable top-line growth, increased operating efficiencies and achieving synergies from newly-acquired businesses.

In response to shareholder feedback, the Committee added Relative TSR as a performance unit goal in 2014 for the 2014-2016 performance period. The addition of Relative TSR was part of the Committee’s effort to directly align NEO compensation with our stock price performance relative to companies in the same stock market index. The Committee believes that the performance goals of EBITDA, ROIC and Relative TSR play a critical role in fostering our strategic initiatives to accelerate the growth of both business groups and enhance value for our shareholders.

Achievement and Payout

The formula for calculating a NEO’s performance unit award is as follows:

$$(\text{Number of units}) \times (\text{Unit value}^*) \times (\text{Achievement Factor})$$

Unit value is determined using the average price of Viad’s common stock during the 10-day trading period beginning *on the day following the public announcement of Viad’s year-end financial results for the final year of the performance period.

The achievement factor ranges from 0% to 200% of the value of the performance units based on actual achievement.

The Relative TSR performance goal is subject to adjustment as follows:

Relative TSR Performance -	Achievement Percentage of the
Russell 2000 Index	TSR Performance Goal
90 th percentile or above	200%
75 th percentile	150%

50 th percentile	100%
25 th percentile	50%
Below 25 th percentile	0%

If earned, the performance cycle for performance unit awards made in 2014 is for the three-year period beginning in 2014 and ending in 2016. Performance units earned by NEOs for the 2014-2016 performance period will be paid in

2017. Performance unit awards are paid in cash and are earned based on the degree of achievement of the targets during the performance period. The Committee believes the three-year cliff vesting feature of the performance units will motivate executives to make long-term decisions during the 2014-2016 performance period that will be beneficial to shareholders and Viad.

Performance Unit Award Payouts: 2011-2013 Performance Period

Payouts for performance units earned during the 2011-2013 performance period were made in 2014. A payout was made to Mr. Moster because the performance period goals of the Marketing & Events Group were met at the 67.8% achievement level. Payouts for performance units earned during the 2011-2013 performance period were also made to Messrs. Hines and Kuczynski and Mses. DePaoli and Ingersoll because the performance period goals of Viad Consolidated were met at the 128.3% achievement level. The table below shows the performance unit awards paid out to the NEOs in 2014, along with the performance goals and targets, the weighting of each performance goal as a percentage of the total award and the achievement levels for each performance goal for the 2011-2013 performance period:

2011 - 2013 PUP Performance Goals, Weighting and Targets for Corporate Executives

Targeted achievement levels are based on a three-year average. All dollar amounts are shown in thousands (000).

¹ Achievement at Threshold pays out at 50% of the performance goal's weighting. Achievement at Target pays out at 100% of the performance goal's weighting. Achievement at Maximum pays out at 200% (the maximum achievement level) of the performance goal's weighting.

² "Operating Income" is net of corporate expenses.

³ "AOCF" is an abbreviation for Adjusted Operating Cash Flow, and is defined as operating cash flow plus restructuring and tax payments, minus tax refunds.

⁴ Actual results are prorated based on where they fall along the continuum from the Threshold amount through the Maximum amount. See also Note 1 above.

TIME-VESTED RESTRICTED STOCK (OR UNITS)

In 2014, restricted stock awards were made to the NEOs and other executives who have a significant impact on Viad's operational and financial goals.

The restricted stock awards promote shareholder interests and our pay for performance philosophy. Restricted stock (or units) will not vest until three years after the date of grant, and the holding period will continue for 2014 grants and thereafter unless and until the Company's stock ownership guidelines are met.

Recipients of restricted stock may vote the underlying shares and will receive dividends during the restriction period. The restricted stock units do not have voting rights, but do provide for dividend equivalents. Receipt of dividends (or dividend equivalents) and the right to vote shares are important links in aligning management's interests with those of Viad's shareholders.

2014 VESTING OF LONG-TERM INCENTIVES AWARDED IN PRIOR YEARS

Restricted stock (or units) granted in 2011 vested in 2014 (see the CD&A subsection "Time-Vested Restricted Stock (or Units)" for a description of the awards).

SPECIAL DIVIDEND AND ADJUSTMENTS TO LONG-TERM INCENTIVES

As part of its ongoing efforts to enhance shareholder value, the Company paid a special dividend on its outstanding common stock of \$1.50 per share on February 14, 2014 to shareholders of record as of February 7, 2014. In accordance with the mandatory provisions of the 2007 Viad Corp Omnibus Incentive Plan and the 1997 Viad Corp Omnibus Incentive Plan, the Committee approved equitable adjustments to outstanding long-term incentive awards of stock options and performance units issued pursuant to those plans in order to prevent the special dividend from diluting the rights of participants under those plans. The equitable adjustments to the outstanding stock options reduced the exercise price and increased the number of shares of common stock underlying such options. The equitable adjustment to the performance units reflects the effect of the special dividend, but would be paid only if performance goals are met at the end of the three-year performance period.

PERQUISITES AND OTHER PERSONAL BENEFITS

Perquisites and other personal benefits are part of each NEO's total compensation package and are reviewed periodically to ensure external competitiveness. For 2014, the perquisites offered by the Company to the NEOs included financial counseling and tax preparation, annual executive physical examination, executive medical insurance, accidental death and dismemberment insurance, club memberships and Company-paid parking. Mr. Moster also received an automobile allowance and, in connection with his promotion to CEO, a one-time relocation payment in 2014 to assist with his move from Las Vegas, Nevada to Phoenix, Arizona, the headquarters of the Company. Consistent with Company policy, we do not make any tax gross-up payments for these or any other NEO perquisites and personal benefits. Additional information on perquisites and other personal benefits provided to the NEOs in 2014 is discussed in the "Summary Compensation Table" section of this proxy statement.

POST-EMPLOYMENT COMPENSATION

Certain termination events will trigger post-employment payments and benefits for the NEOs, including retirement, change in control severance, termination for cause, involuntary termination not for cause, death or disability. These are discussed under the "Potential Payment Upon Employment Termination or Change in Control" section of this proxy statement. Post-termination compensation provides for either short-term (termination or change in control) or long-term (retirement) security to the Company's executive officers in the event their employment with the Company ends. In the event of involuntary termination, post-termination compensation is intended to provide an interim financial resource to the executive during the transition from employment with Viad.

RETIREMENT INCOME AND SAVINGS PLANS

MoneyGram is solely responsible for paying annual retirement benefits to our former CEO and our CFO under the SERP and the MoneyGram Pension Plan pursuant to its agreement to assume such liabilities after MoneyGram's spin-off from Viad in 2004. As of the spin-off date, MoneyGram assumed all liability for pension benefits for Company employees participating in the MoneyGram Pension Plan and the SERP, including, for our CFO as well as

other participants, any benefit increases based on final average earnings and covered compensation as of the employment termination date. In addition to the retirement benefits paid by MoneyGram under the SERP and the MoneyGram Pension Plan, Ms. Ingersoll also receives retirement benefits from the Company under the Defined Contribution Plan, which the Company established in 2013 to replace the annual payment of lump sum cash awards, including tax gross-

ups, previously made to certain participants of the SERP. The lump-sum awards were instituted in 2005 in connection with the Company's spin-off of MoneyGram in 2004, at which time the credited service benefits for the SERP's participants were frozen, and were made solely in lieu of the Company accruing pension benefits for Ms. Ingersoll and other participants of the SERP. Except for Ms. Ingersoll, none of the NEOs currently employed by the Company participate in the SERP, the Defined Contribution Plan or the MoneyGram Pension Plan.

All eligible U.S. employees may participate in the Viad Corp Capital Accumulation Plan (the "401(k) Plan"). In addition, the U.S. NEOs are eligible to participate in the Viad Corp Supplemental 401(k) Plan, which provides for additional employee contributions over the annual limits set by the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code") for the 401(k) Plan, plus matching contributions by Viad based on the same percentage as the 401(k) Plan.

The change in the value of the pension plans during 2014 is included in the "Summary Compensation Table" section of this proxy statement. Please refer to the "Pension Benefit Table" and the "Potential Payment Upon Employment Termination or Change in Control" sections of this proxy statement for further discussion of retirement benefits.

POST-TERMINATION COMPENSATION AND BENEFITS

Change In Control Severance

Viad's Executive Severance Plan (Tier I) provides each of the NEOs with severance benefits if the NEO's employment is terminated by Viad without cause or by the NEO for good reason (as those terms are defined in this Plan) within 36 months after a change in control of Viad, or by the NEO for any reason (other than for good reason, death, disability or retirement) during a 30-day window period beginning on the first anniversary of a change in control of Viad.

As discussed elsewhere in this CD&A, Viad has eliminated excise tax gross-ups and "modified single-trigger" provisions in the executive severance plans of all NEOs hired in 2013 and thereafter. The Company also instituted a three-year phase-out on change in control excise tax gross-ups and modified single-trigger provisions for all NEOs grandfathered into the Company's previous Executive Severance Plan (Tier I) that will make these provisions null and void as of February 26, 2017.

The purpose of the Company's executive severance plan is to ensure, in the event of a possible change in control of Viad, that NEOs will be available (without concern for their personal financial situations) to perform their regular duties and to advise management and the Board as to whether the change in control proposal would be in the best interests of Viad and its shareholders, to assist in the change in control implementation and transition and to perform other appropriate actions. Severance benefits also provide an economic means for NEOs to transition from Viad employment. Participants in this plan are designated by the CEO and approved by the Committee. Upon a change in control, Viad's annual and long-term incentive plans also provide for accelerated vesting of equity awards and payment of annual incentive and performance units, as discussed in the "Potential Payment Upon Employment Termination or Change in Control" section of this proxy statement.

Employment Agreement

No NEO is currently a party to any employment agreement with the Company. For a discussion of our former CEO's employment agreement, please refer to the 2014 Compensation for Certain Former Executive Officers, "Employment Agreement" and "Potential Payment Upon Employment Termination or Change in Control" sections of this proxy statement.

Mr. Moster's Severance Agreement

Mr. Moster's Severance Agreement (No Change in Control) provides for a post-termination severance payment in the event of the termination of Mr. Moster's employment by Viad for any reason other than for cause, or upon his voluntary termination of employment for "good reason." This agreement is further discussed in the "Potential Payment Upon Employment Termination or Change in Control" section of this proxy statement.

2014 COMPENSATION FOR CERTAIN FORMER EXECUTIVE OFFICERS

As discussed in this CD&A and elsewhere in this proxy statement, although Messrs. Dykstra and Hannan resigned from the Company in 2014, they are considered NEOs under applicable SEC rules. Accordingly, this section contains a discussion of the 2014 compensation paid to Messrs. Dykstra and Hannan, as well as other information relevant to an understanding of how and why the Company paid such compensation.

Because Mr. Dykstra participated in the Company's 2014 compensation program, in setting his 2014 compensation, the Company adopted the same overall design, purposes, objectives and other aspects of its pay for performance philosophy as it did in setting 2014 compensation for the other NEOs. The Company's pay for performance philosophy is discussed in the "Executive Summary" and other sections of this CD&A. Mr. Hannan resigned from the Company for personal reasons on January 2, 2014, and therefore did not participate in the 2014 executive compensation program.

In determining the compensation for Mr. Dykstra in 2014, the Committee considered not only performance-related factors, but also whether Mr. Dykstra's compensation aligned with market compensation practices. For 2014, Mr. Dykstra's targeted total direct compensation, which consisted of base salary, short-term incentive compensation and long-term incentive compensation, was below the median of the competitive data. The 2014 target base salary for Mr. Dykstra was also below the median CEO base salary.

The pension-related compensation received by Mr. Dykstra under the SERP and the MoneyGram Pension Plan is the sole responsibility of MoneyGram as part of its spin-off from Viad in 2004. The Defined Contribution Plan was established in 2013 to replace the annual payment of lump sum cash awards previously paid to Mr. Dykstra and our CFO in lieu of the Company accruing post-spin-off pension benefits for certain participants of the SERP. Excluding those plan-based retirement payments and related compensation, the actual total compensation for Mr. Dykstra was below the 50th percentile of the competitive data. Our current CEO, Mr. Moster, does not participate in the SERP, the Defined Contribution Plan or the MoneyGram Pension Plan.

Mr. Dykstra's 2014 compensation package had the same components as the NEOs, as discussed in prior sections of this CD&A. The mix of compensation components for Mr. Dykstra's 2014 targeted total compensation is summarized in the table below:

Components of 2014 Compensation

As a Percentage (%) of Targeted Total Direct Compensation

Name	Base Salary (%)	Targeted Short-Term (Annual) Incentives (%)	Targeted Long-Term Incentives ¹ (%)
Paul B. Dykstra ²	28	25	47

¹ The percentage calculation for this column is based on the grant date estimated future payouts for long-term incentives.

² Reflects 2014 targeted total direct compensation prior to December 3, 2014.

Mr. Dykstra's base salary represented a fixed portion of his compensation package and was determined based on the factors discussed in the "Benchmarking" subsection and elsewhere in this CD&A.

As discussed in the "Highlights of Our Compensation Program" subsection of this CD&A, in 2014, in an effort to better align compensation with performance, the Committee reduced the MIP target percentages for all NEOs by 5% from the 2013 levels. As a result of this decision, Mr. Dykstra's MIP target percentage was reduced from 95% to 90% for

2014, as reflected in the table below:

Name	Threshold ¹ (%)	Target (%)	Maximum ² (%)	Actual (%)
Paul B. Dykstra	27.0	90.0	157.5	<u>3</u>

The Operating Income goal is a stand-alone threshold goal and no payout for the other performance goals can be earned unless the Operating Income goal is achieved at or greater than the Threshold amount. The performance goal weight of Operating Income in 2014 was 60%. The "Threshold" column in the table above reflects Mr. Dykstra's

¹ Target level (as reflected in the "Target" column above) multiplied by 30%, which is the company achievement of Operating Income at the Threshold level and is calculated as follows: (Threshold amount of 50%) x (Operating Income performance goal weight of 60%) = 30%. Achievement at Threshold pays out at 50% of a performance goal's weight.

² The "Maximum" column in the table above reflects Mr. Dykstra's Target level times the company achievement factor at the maximum level of 175%.

³ For a discussion of the post-employment compensation paid in lieu of Mr. Dykstra's MIP award for 2014, please refer to the "Potential Payment Upon Employment Termination or Change in Control" section of this proxy statement.

In 2014, payouts for performance units Messrs. Dykstra and Hannan earned during the 2011-2013 performance period were made because the performance period goals of Viad Consolidated and Travel & Recreation Group were met at the 128.3% and 133.7% achievement levels, respectively. The table below shows the performance unit awards received by Messrs. Dykstra and Hannan in 2014, along with the performance goals and targets, the weighting of each performance goal as a percentage of the total award and the achievement levels for each performance goal for the 2011-2013 performance period:

2011 - 2013 PUP Performance Goals, Weighting and Targets for Corporate Executives

	Performance Goal	Weight (%)	Targeted Achievement Levels ¹			Actual Results	
			Threshold (\$)	Target (\$)	Maximum (\$)	Amount (\$)	Weight ⁴ (%)
Viad Consolidated	Operating Income ²	60%	22,000	27,000	33,433	30,855	96.0%
	AOCF ³	30%	48,767	53,633	59,900	50,940	18.4%
	Revenue	10%	906,600	949,367	1,006,900	971,586	13.9%
							128.3%
Travel & Recreation Group	Operating Income ²	50%	20,900	22,333	24,200	22,860	64.1%
	AOCF ³	30%	27,627	28,700	30,567	28,675	29.6%
	Revenue	20%	94,467	99,099	105,367	115,096	40.0%
							133.7%

Targeted achievement levels are based on a three-year average. All dollar amounts are shown in thousands (000).

¹ Achievement at Threshold pays out at 50% of the performance goal's weight. Achievement at Target pays out at 100% of the performance goal's weight. Achievement at Maximum pays out at 200% (the maximum achievement level) of the performance goal's weight.

² "Operating Income" is net of corporate expenses.

³ "AOCF" is an abbreviation for Adjusted Operating Cash Flow, and is defined as operating cash flow plus restructuring and tax payments, minus tax refunds.

⁴ Actual results are prorated based on where they fall along the continuum from the Threshold amount through the Maximum amount. See also Note 1 above.

For 2014, the perquisites offered by the Company to Mr. Dykstra included financial counseling and tax preparation, annual executive physical examination, executive medical insurance, accidental death and dismemberment insurance, club memberships, Company-paid parking, an automobile, plus related expenses, executive life insurance, a home security system and home Internet service. Consistent with Company policy, we did not make any tax gross-up payments for these or any other of Mr. Dykstra's perquisites or personal benefits. Additional information on perquisites

and other personal benefits provided to Mr. Dykstra in 2014 is included in the “Summary Compensation Table” section of this proxy statement.

Messrs. Dykstra and Hannan both participated in pension plans during 2014. Mr. Hannan was a participant in the Retirement Plan for Management Employees of Brewster Inc. in lieu of the U.S.-based program until January 2, 2014. Pursuant to the terms of the plan, Mr. Hannan was entitled to all accrued benefits and rights under the plan up to and through January 2, 2014. In 2014, Mr. Dykstra participated in the SERP and the MoneyGram Pension Plan. Although the Summary Compensation Table includes the legacy pension plan benefit amounts paid to Mr. Dykstra under the MoneyGram Pension Plan and the SERP, these benefit amounts were paid by MoneyGram, not Viad, pursuant to its agreement to assume such liabilities after MoneyGram’s spin-off from Viad in 2004. As of the spin-off date, MoneyGram assumed all liability for pension benefits for Mr. Dykstra under the MoneyGram Pension Plan and the SERP, including any benefit increases based on final average earnings and covered compensation as of the employment termination date. Mr. Moster, our current CEO, does not receive any legacy pension plan benefit amounts from either MoneyGram or Viad under the MoneyGram Pension Plan or the SERP.

The change in the value of the pension plans received by Messrs. Dykstra and Hannan during 2014 is included in the “Summary Compensation Table” section of this proxy statement. While not intended to replace the information in the Summary Compensation Table, the table below illustrates that all of the amounts reported in the Summary Compensation Table paid to Mr. Dykstra with respect to the MoneyGram Pension Plan and the SERP over the past three years were paid by MoneyGram:

Benefit-Related Payments to Mr. Dykstra under Legacy Plans

	Viad	MoneyGram	Viad	MoneyGram	Viad	MoneyGram
Year-over-Year Change in Pension Value	\$0	\$848,946	\$0	\$137,228	\$0	\$924,910

Percentage of SCT Reported Amount Paid and Attributable Legacy Plan Benefit-Related Payments ¹	0.0%	100.0%	0.0%	100.0%	0.0%	100.0%

“SCT Reported Amount” refers to the amounts reported by Viad as “Change in Pension Value and Nonqualified Deferred Compensation Earnings” under Column (h) of the Summary Compensation Table. The SCT Reported Amounts for 2012, 2013 and 2014 for Mr. Dykstra were \$849,422, \$155,854 and \$928,978, respectively.

² Includes above-market earnings paid with respect to the Defined Contribution Plan.

In addition to the retirement benefits paid by MoneyGram under the SERP and the MoneyGram Pension Plan, Mr. Dykstra also receives retirement benefits from the Company under the Defined Contribution Plan, which the Company established to replace the annual payment of lump sum cash awards, including tax gross-ups, previously made to certain participants of the SERP. The lump-sum awards were instituted in 2005 in connection with the Company’s spin-off of MoneyGram in 2004, at which time the credited service benefits for the SERP’s participants were frozen, and were made solely in lieu of the Company accruing pension benefits for Mr. Dykstra and other participants of the SERP. Mr. Dykstra’s Defined Contribution Plan account was frozen in connection with his resignation from the Company, and will be paid out in accordance with his elections under the Defined Contribution Plan.

In 2014, Mr. Dykstra also participated in the 401(k) Plan, which is available to all eligible U.S. employees, and the Viad Corp Supplemental 401(k) Plan, which is available to all U.S. NEOs.

In 2014, Mr. Dykstra was covered under an employment agreement, which provided for post-termination severance and benefits upon certain termination scenarios. For additional detail on Mr. Dykstra's employment agreement, please refer to the "Employment Agreement" and "Potential Payment Upon Employment Termination or Change in Control" sections of this proxy statement.

Mr. Dykstra was subject to the Company's stock ownership requirements during 2014. In 2014, Mr. Dykstra exceeded his stock ownership goal, which was 5.0 times his base salary.

V. OTHER ASPECTS OF OUR COMPENSATION PROGRAM

CLAWBACK PROVISIONS FOR DETRIMENTAL CONDUCT

In order to protect Viad and its operating companies and to help ensure the long-term success of the business, annual and long-term incentive compensation are subject to forfeiture and reimbursement (i.e., "clawback") provisions relating to the following conduct:

an officer or employee knowingly participated in misconduct that caused a misstatement of financial statements of Viad or any of its affiliates, or in misconduct which constituted a material violation of Viad's Code of Ethics or certain other policies

an officer or employee was aware of and failed to report another officer or employee who was participating in misconduct that caused or could cause a misstatement of financial statements of Viad or any of its affiliates, or in misconduct which constituted a material violation of Viad's Code of Ethics or certain other policies

an officer or employee acted significantly contrary to the best interests of Viad

The clawback provisions also relate to violations of certain restrictions on competitive activities following employment termination. In addition, the annual and long-term incentive compensation awards also provide Viad with the right to stop the NEO, through a court-ordered injunction, from working for competitors and soliciting customers and employees following employment termination. Viad also may seek monetary damages for such activities.

The following incentive compensation is subject to clawback provisions:

awards of restricted stock (or units) and performance units granted in the last two years of employment

all cash bonuses paid during the last 18 months of employment

outstanding vested, but not exercised, stock options

any gain (without regard to tax effects) realized from the exercise of an option subject to the clawback provisions

As discussed in the "Highlights of Our Compensation Program" subsection of this CD&A, in 2014, the Company amended its long-term incentive agreements to include clawback provisions applying to certain NEOs and other executive officers terminated in the first year of employment. Under the amendments, an executive must forfeit any long-term incentive awards granted in 2014 or thereafter if the executive's employment is terminated due to retirement, death, disability or termination without cause within 12 months after the grant date. Long-term incentive awards will vest pro rata if the termination occurs after the 12-month forfeiture period lapses, and the amount of the award will be based on the length of time the executive was employed during the applicable vesting or performance period. The new clawback provisions provide a retention incentive for our executives, and we believe that they provide a more appropriate balance between Viad's interests and those of its executives.

STOCK OWNERSHIP REQUIREMENTS

The Company's stock ownership guidelines were adopted to promote alignment between executives and shareholders in order to encourage actions to enhance long-term shareholder value. The guidelines require executives to own a minimum amount of stock on a direct basis, meaning stock of Viad which is subject to market risk and not simply held under option. The minimum required amount is based on multiples of salary ranging from one and one-half to five times an executive's annual salary, depending on salary level, as summarized below:

STOCK OWNERSHIP GUIDELINES

Executives	Ownership Guidelines
CEO	5.0 times base salary
Direct Reports to CEO	3.0 times base salary
Second Level Below CEO	1.5 times base salary

Ms. Ingersoll has exceeded her stock ownership goals. Mr. Moster, whose goal was increased from 3.0 times base salary to 5.0 times base salary upon being hired as our CEO in December 2014, and all other NEOs who are currently subject to the guidelines are working toward achieving their goals. The Company places a hold on vested restricted stock earned by each NEO, net of taxes, until the NEO's total stock ownership meets the Company's stock ownership guidelines or the NEO is no longer an employee of the Company, whichever occurs first.

LIMIT ON DEDUCTIBILITY OF CERTAIN COMPENSATION

Section 162(m) of the Internal Revenue Code limits the Company's deduction for compensation paid to the NEOs to \$1 million during the tax year, subject to certain permitted exceptions. The Company intends to structure its compensation arrangements in a manner that would comply with Section 162(m). Although the Committee plans to evaluate and limit the impact of Section 162(m), it believes that the tax deduction is only one of several relevant considerations in setting compensation. Accordingly, if it is deemed necessary and in the best interests of the Company to attract and retain executive talent to compete successfully and to motivate such executives to achieve the goals inherent in our business strategy, the Committee may approve compensation to executive officers which exceeds the limits of deductibility. In this regard, certain portions of compensation paid to the NEOs may not be deductible for federal income tax purposes under Section 162(m).

OPPORTUNITY FOR SHAREHOLDER FEEDBACK

We value feedback from our shareholders about our executive compensation philosophy and program, and welcome shareholders to express their views to the Board in writing. For more information about shareholder feedback opportunities, please refer to the "Communication with Board of Directors" section of this proxy statement.

HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee of the Board is comprised solely of independent directors. The Committee oversees design and implementation of an executive compensation strategy intended to enhance the fundamental value of Viad by increasing its earnings, cash flows, market position and financial condition, thereby providing a logical predicate for increases in shareholder value. The Committee has reviewed and discussed with Viad's management the Compensation Discussion and Analysis provided in this proxy statement and, based on such review and discussions, recommended to the Board of Directors that such Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in Viad's 2014 Annual Report on Form 10-K, filed March 13, 2015.

EXECUTIVE COMPENSATION

SUMMARY COMPENSATION TABLE

The following table summarizes the compensation in 2014 and, where applicable, 2013 and 2012, of our Chief Executive Officer, our Chief Financial Officer, each of the three other most highly compensated executive officers of Viad in 2014 and two former executive officers (collectively, the "named executive officers" or "NEOs").

The amounts presented below in column (e), "Stock Awards," and column (f), "Option Awards," of the Summary Compensation Table do not reflect actual pay, but rather represent the grant date fair value of awards granted to the NEOs and may not reflect the actual value to be realized by each executive officer. Variables that can affect the actual value realized by the NEOs include achievement levels of performance targets, economic and market risks associated with stock and option awards and performance unit valuation based on the market price of Viad's stock. The actual value realized by the NEOs will not be determined until the time of vesting in the case of restricted stock (or units) and performance units, or until option exercise in the case of option awards.

The year-over-year pension value change compensation under column (h) for Mr. Dykstra for 2012 to 2014 is not the obligation of Viad to pay, but rather is the sole responsibility of MoneyGram in connection with its spin-off by Viad in 2004. The amounts reflect the year-over-year change in the actuarial present value of the Viad Corp Supplemental Pension Plan (the “SERP”) and the Viad Corp Retirement Income Plan (the “MoneyGram Pension Plan”), each of which is the sole responsibility of MoneyGram (see Note 4, below). The following table demonstrates the allocation of these amounts listed as Mr. Dykstra’s compensation under column (h) as between MoneyGram and Viad:

	2012		2013		2014	
	Viad (\$)	MoneyGram (\$)	Viad (\$)	MoneyGram (\$)	Viad (\$)	MoneyGram (\$)
Column (h) “Change in Pension Value”	—	848,946	—	137,228	—	924,910

² Includes a one-time, promotional grant of 23,700 shares of restricted stock to Mr. Moster, effective as of December 3, 2014, pursuant to the 2007 Viad Corp Omnibus Incentive Plan. The amounts shown under this column (e) reflect the grant date fair value of long-term incentives awarded (other than stock options, the grant date fair value of which is reflected in column (f)) to the named executive officers, including restricted stock (or units) granted in years 2012

through 2014, and performance units granted in years 2012 through 2014. The grant date fair value of the performance unit awards granted in 2012, 2013 and 2014 were computed by multiplying (i) the number of units awarded to each NEO, assuming achievement at target level, by (ii) the closing price of the underlying shares on the grant date. The amounts shown under this column (e) include 2014 performance unit awards in the amount of \$279,188 for Mr. Moster, \$227,136 for Ms. DePaoli, \$127,764 for Mr. Hines, \$357,266 for Ms. Ingersoll, \$153,790 for Mr. Kuczynski and \$1,313,130 for Mr. Dykstra, 2013 performance unit awards in the amount of \$300,850 for Mr. Moster, \$300,850 for Ms. Ingersoll, \$131,280 for Mr. Kuczynski, \$787,680 for Mr. Dykstra and \$142,220 for Mr. Hannan and 2012 performance unit awards in the amount of \$269,860 for Mr. Moster, \$269,860 for Ms. Ingersoll, \$113,300 for Mr. Kuczynski, \$710,700 for Mr. Dykstra and \$127,720 for Mr. Hannan. If achievement is at maximum level, the grant date fair values of the 2014 performance unit awards would be \$558,376 for Mr. Moster, \$454,272 for Ms. DePaoli, \$255,528 for Mr. Hines, \$714,532 for Ms. Ingersoll, \$307,580 for Mr. Kuczynski and \$2,626,260 for Mr. Dykstra, the grant date fair values of the 2013 performance unit awards would be \$601,700 for Mr. Moster, \$601,700 for Ms. Ingersoll, \$262,560 for Mr. Kuczynski, \$1,575,360 for Mr. Dykstra and \$284,440 for Mr. Hannan and the grant date fair values of the 2012 performance unit awards would be \$539,720 for Mr. Moster, \$539,720 for Ms. Ingersoll, \$226,600 for Mr. Kuczynski, \$1,421,400 for Mr. Dykstra and \$255,440 for Mr. Hannan. Mr. Hannan did not participate in the 2014 compensation program and therefore

was not eligible for a performance unit award in 2014. Assumptions made in the valuation of stock awards under this column (e) are discussed in Viad's 2014 Annual Report on Form 10-K, filed March 13, 2015, in Notes 1 and 2 of Notes to Consolidated Financial Statements, and are incorporated herein by reference.

The amounts shown under this column (g) represent incentive cash awards under the Management Incentive Plan for 2012, 2013 and 2014, pursuant to the 2007 Viad Corp Omnibus Incentive Plan, each of which were paid in March of the following year. The 2014 performance targets are discussed in the "Compensation Discussion and Analysis" section of this proxy statement.

The amounts shown under this column (h) represent the year-over-year pension value change in the actuarial present value of the SERP, the MoneyGram Pension Plan and the Retirement Plan for Management Employees of Brewster Inc., as well as above-market earnings on the Viad Corp Defined Contribution Supplemental Executive Retirement Plan (the "Defined Contribution Plan"), which is described in greater detail in the "Non-Qualified Deferred Compensation Table" section of this proxy statement, and the Viad Corp Supplemental 401(k) Plan (the "Supplemental 401(k) Plan"). As discussed in Note 1 above, in connection with the spin-off of MoneyGram on June 30, 2004, liabilities associated with the SERP and MoneyGram Pension Plan obligations were assumed entirely by MoneyGram. The term "above-market earnings" represents an earning rate that exceeds 120% of the applicable federal long-term rate (as prescribed under Section 1274(d) of the Internal Revenue Code). For 2014, the year-over-year pension value change from 2013 to 2014 was \$54,451 for Ms. Ingersoll, \$924,910 for Mr. Dykstra and \$70,825 for Mr. Hannan. For 2013, the year-over-year pension value change from 2012 to 2013 was \$137,228 for Mr. Dykstra and \$14,306 for Mr. Hannan. For 2012, the year-over-year pension value change from 2011 to 2012 was \$50,876 for Ms. Ingersoll, \$848,946 for Mr. Dykstra and \$46,582 for Mr. Hannan. For the Defined Contribution Plan, the above-market earnings for 2014 were \$1,266 for Ms. Ingersoll and \$3,681 for Mr. Dykstra, and the above-market earnings for 2013 were \$6,359 for Ms. Ingersoll and \$18,082 for Mr. Dykstra. PENSION ARRANGEMENTS

As discussed in Notes 1 and 4 to the Summary Compensation Table and in the CD&A section of this proxy statement, MoneyGram is solely responsible for paying annual retirement benefits to our former CEO and our CFO under the SERP and the MoneyGram Pension Plan pursuant to its agreement to assume such liabilities after MoneyGram’s spin-off from Viad in 2004. MoneyGram assumed all liability for pension benefits for Company employees participating in the MoneyGram Pension Plan. MoneyGram assumed all liability for the SERP as of the spin-off date including, for our CFO as well as other participants, any benefit increases based on final average earnings and covered compensation as of the date of termination of employment with the Company and its subsidiaries.

Mr. Dykstra and Ms. Ingersoll also receive retirement benefits from the Company under the Defined Contribution Plan, which the Company established in 2013 to replace the annual payment of lump-sum cash awards, including tax gross-ups, previously made to Mr. Dykstra and Ms. Ingersoll. The lump-sum awards were instituted in 2005 in connection with the Company’s spin-off of MoneyGram in 2004, at which time the credited service benefits for the SERP’s participants were frozen, and were made solely in lieu of the Company accruing pension benefits for Mr. Dykstra and Ms. Ingersoll as participants of the SERP.

Mr. Dykstra and Ms. Ingersoll are the only participants in the Defined Contribution Plan. Mr. Moster does not participate in the Defined Contribution Plan, and the Company does not intend to add any new participants in the future. Since 2004, the Company has not added any new participants to its legacy pension plans, including the SERP and the MoneyGram Pension Plan, and does not intend to add any new participants in the future.

EMPLOYMENT AGREEMENT

The Company is not a party to any employment agreement with any NEOs who are currently employees of the Company. During 2014, Mr. Dykstra was employed pursuant to an employment agreement dated May 15, 2007. Mr. Dykstra’s agreement provided for an initial two-year employment term, and thereafter, on each anniversary date of the agreement, the remaining one-year term was automatically renewed for an additional one-year period, until the Human Resources Committee provided notice of its intent not to extend the employment period. Mr. Dykstra’s annual base salary was reviewed at least annually by the Human Resources Committee, which had the authority, in its sole discretion, to recommend an increase to the annual base salary, subject to approval by the Board. Mr. Dykstra did not receive an increase in salary in 2014.

During 2014 and pursuant to the employment agreement, Mr. Dykstra was entitled to participate in all short-term and long-term incentive compensation plans and programs and other fringe benefit programs offered to other senior executives of Viad in accordance with the terms of such plans and programs, and in all savings, retirement, medical and other welfare benefit plans to the same extent as other senior executives of Viad. Under the terms of the agreement, his perquisites and other personal benefits included executive medical coverage; executive life insurance; accidental death and dismemberment insurance coverage; office parking; tax planning and financial counseling

services; annual executive physical examination; club membership dues; Company-provided vehicle and auto-related expenses and a home security system. The agreement provided for health and medical coverage prior to reaching the age of 55 at the level of benefits no less than the level in existence on December 31, 2012, and post-termination medical coverage under Viad's post-retirement medical coverage plan at the level of benefits no less than the level in existence on December 31, 2012. Viad's post-retirement medical coverage plan is provided to all Viad employees who

meet certain criteria, including, among others, employment by Viad prior to the plan being frozen and 10 years of service with Viad, and who reach 55 years old before receiving coverage. The Board did not designate Mr. Dykstra as a participant in a more costly retiree medical plan provided to the prior three individuals serving as Chairman and Chief Executive Officer of Viad.

On December 3, 2014, Mr. Dykstra resigned as CEO of the Company and entered into a Severance Agreement and General Release dated as of the effective date of his resignation (the “Severance Agreement and General Release”). Under the Severance Agreement and General Release, Mr. Dykstra received severance compensation substantially in accordance with the terms and conditions of his employment agreement. Additional information regarding the terms of Mr. Dykstra’s employment agreement and the Severance Agreement and General Release is provided in the “Potential Payment Upon Employment Termination or Change in Control” section of this proxy statement.
