PROXY STATEMENT FOR 2007 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD JUNE 21, 2007

INFORMATION CONCERNING THIS SOLICITATION

The Board of Directors of Universal Display Corporation (we, us or the Company) is soliciting proxies for the 2007 Annual Meeting of Shareholders to be held on Thursday, June 21, 2007, at 4:00 p.m., Eastern Time, at the Holiday Inn City Line Avenue, 4100 Presidential Boulevard, Philadelphia, Pennsylvania 19131 (the Annual Meeting). This proxy statement contains important information for shareholders to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

At the Annual Meeting, our shareholders will be asked to vote upon:

- (1) the election of seven members of our Board of Directors to hold one-year terms;
- (2) a proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm (our independent auditors) for 2007; and
- (3) such other business as may properly come before the shareholders at the Annual Meeting.

Voting materials, which include the proxy statement, a proxy card and our Annual Report for 2006, will be mailed to all registered shareholders beginning on or about April 27, 2007. Shareholders holding their shares in street name should receive the proxy statement and a voting instruction form from their broker, bank or other custodian, nominee or fiduciary. We will pay the expenses of these solicitations. In addition to solicitation by mail, proxies may be solicited by telephone or in person by some of our officers, directors and regular employees or independent contractors who will not be specially engaged or compensated for such services.

Our principal executive offices are located at 375 Phillips Boulevard, Ewing, New Jersey 08618. Our general telephone number is (609) 671-0980.

VOTING AT THE ANNUAL MEETING

Our Board of Directors has set April 13, 2007 as the record date for the Annual Meeting (the Record Date). As of the Record Date, we had outstanding 31,706,385 shares of common stock and 200,000 shares of Series A Nonconvertible Preferred Stock. Each holder of our common stock or Series A Nonconvertible Preferred Stock is entitled to one vote per share on all matters to be voted on at the Annual Meeting. Holders of our common stock and Series A

Nonconvertible Preferred Stock vote together as a single class on all matters.

Only shareholders of record as of the close of business on the Record Date may attend and vote at the Annual Meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast on a particular matter to be acted upon at the Annual Meeting will constitute a quorum for purposes of that matter. Shareholders of record who return a proxy card but abstain from voting or fail to vote on a particular matter will be considered present for quorum purposes with respect to the matter. In addition, shares held by brokers or nominees who have notified us on a proxy card or otherwise in accordance with industry practice that they have not received voting instructions with respect to a particular matter and that they lack or have declined to exercise voting authority with respect to such matter (referred to in this proxy statement as uninstructed shares), will be considered present for quorum purposes with respect to the matter.

Votes not cast by brokers or nominees with respect to uninstructed shares are referred to in this proxy statement as broker non-votes.

The persons named in the enclosed proxy will vote the shares represented by each properly executed proxy as directed therein. In the absence of such direction on a properly executed proxy card, the persons named in the enclosed proxy will vote FOR the persons nominated by our Board of Directors for election as directors and

FOR the proposal to ratify KPMG LLP as our independent auditors. As to other items of business that may properly be presented at the Annual Meeting for action, the persons named in the enclosed proxy will vote the shares represented by the proxy in accordance with their best judgment.

A shareholder of record may revoke his or her proxy at any time before its exercise by giving written notice of such revocation to our Corporate Secretary. In addition, any shareholder of record may vote by ballot at the Annual Meeting, even if he or she has already returned a proxy card.

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in our quarterly report on Form 10-Q for the quarter ending June 30, 2007.

Your vote is important. Please complete, sign and return the accompanying proxy card or voting instruction form whether or not you plan to attend the Annual Meeting. If you plan to attend the Annual Meeting to vote in person and your shares are registered with our transfer agent in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from that person or entity assigning you the right to vote your shares of common stock.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Our Board of Directors has fixed the number of directors at seven, all of whom are to be elected at the Annual Meeting. Each director elected will serve until our next annual meeting of shareholders and such time as a successor has been selected and qualified, or until the director's earlier death, resignation or removal. Each nominee has consented to being nominated and to serve if elected. If any nominee should subsequently decline or be unable to serve, the persons named in the proxy will vote for the election of such substitute nominee as shall be determined by them in accordance with their best judgment.

Pursuant to our Amended and Restated Articles of Incorporation, the holder of our Series A Nonconvertible Preferred Stock is entitled to nominate and elect two of the members of our Board of Directors. The holder of the Series A Nonconvertible Preferred Stock has waived this right with respect to the election of directors at the Annual Meeting.

Shareholders may vote for or withhold their vote from each nominee, or the entire group of nominees as a whole. Broker non-votes are not considered votes cast with respect to this proposal and will have no effect on the outcome of the election of

directors. Shareholders do not have cumulative voting rights with regard to the election of members of our Board of Directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
EACH OF THE NOMINEES FOR DIRECTOR.**

Director Independence

Our Board of Directors has determined that a majority of its members are independent directors within the meaning of applicable NASDAQ listing requirements. Our independent directors are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. In addition, based on these listing requirements, our Board of Directors has determined that Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt are not independent directors because they are all officers of the Company.

Our independent directors meet in executive session on a periodic basis in connection with regularly-scheduled meetings of the full Board of Directors, as well as in their capacity as members of our Audit Committee and Compensation Committee.

Board Meetings and Committees; Annual Meeting Attendance

Our Board of Directors held seven meetings during 2006, and each incumbent director attended all of these meetings. Our Audit Committee and Compensation Committee each held four meetings during 2006, and each member of these committee attended all of these meetings.

All incumbent directors and nominees for election as director are encouraged, but not required, to attend our annual meetings of shareholders. All but one of the current members of our Board of Directors attended our annual meeting of shareholders in 2006.

Director Nominations

Our Board of Directors has not established a standing committee to nominate candidates for election as directors. Instead, a majority of our independent directors recommend, and our full Board of Directors selects, the candidates that will be nominated to stand for election as directors at our annual meetings of shareholders. Our Board of Directors believes that this process is appropriate given the relatively small size of our Board of Directors and the fact that each independent director already serves on both the Audit Committee and the Compensation Committee. Since we do not have a nominating committee, our Board of Directors has not adopted a nominating committee charter.

In nominating candidates for election as directors, both our independent directors and our full Board of Directors consider the skills, experience, character, commitment and diversity of background of each potential nominee, all in the context of the requirements of our Board of Directors at that point in time. Each candidate should be an individual who has demonstrated integrity and ethics, has an understanding of the elements relevant to the success of a publicly-traded company, and has established a record of professional accomplishment in such candidate's chosen field. Each candidate also should be prepared to participate in all Board and committee meetings that he or she attends, and should not have other personal or professional commitments that might reasonably be expected to interfere with or limit such candidate's ability to do so. Additionally, in determining whether to recommend a director for re-election, the director's past attendance at Board and committee meetings should be considered.

Our Board of Directors has no stated specific, minimum qualifications that must be met by candidates for election as directors. However, in accordance with SEC rules and applicable NASDAQ listing requirements, at least one member of our Board of Directors is expected to meet the criteria for an audit committee financial expert as defined by SEC rules, and a majority of the members of the Board are expected to meet the definition of independent director within the meaning of SEC rules and applicable NASDAQ listing requirements.

Any shareholder of record entitled to vote in the election of directors at an annual or special meeting of our shareholders may nominate one or more persons to stand for election to the Board at such meeting in accordance with the requirements of our Amended and Restated Bylaws. In order to be considered by our Board of Directors in connection with the nominations process for our 2008 annual meeting of shareholders, all such director nominations must be received by our Corporate Secretary at our principal executive offices by February 22, 2008. Each such submission must be in writing and must comply with the notice, information and consent provisions contained in our Amended and Restated Bylaws. In addition, each such submission must include any other information required by Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act). Submissions should be addressed to our Corporate Secretary at the following address: Universal Display Corporation, 375 Phillips Boulevard,

Ewing, New Jersey 08618.

Our independent directors and the full Board of Directors will consider all candidates identified by shareholders through the processes described above, and will evaluate each of them, including incumbent directors, based on the same criteria. Although we have no formal policy regarding shareholder nominees, our Board of Directors believes that shareholder nominees should be viewed in substantially the same manner as other nominees.

The consideration of any candidate for director will be based on an assessment of the individual's background, skills and abilities, together with an assessment of whether such characteristics qualify the individual to fulfill the needs of our Board of Directors at that time.

Audit Committee

Our Board of Directors has established a standing Audit Committee. The members of our Audit Committee are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. Ms. Gemmill is the Chairperson of our Audit Committee.

Our Audit Committee operates pursuant to a written charter that complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the Securities and Exchange Commission (the SEC) and NASDAQ listing standards. The Audit Committee Charter was updated by our Board of Directors on April 18, 2006, and a copy of the updated charter is publicly available through the For Investors section of our website at <http://www.universaldisplay.com>.

According to its charter, our Audit Committee is responsible for, among other things:

reviewing our financial statements and discussing with management and our independent auditor these statements and other relevant financial matters;

selecting and evaluating our independent auditor and approving all audit engagement fees and terms;

pre-approving all audit and non-audit services provided to us, including the scope of such services, the procedures to be utilized and the compensation to be paid;

assessing the effectiveness of our internal control system and discussing this assessment with management and our independent auditor;

reviewing our financial reporting and accounting standards and principles, significant changes in these standards and principles, or in their application, and key accounting decisions affecting our financial statements, including alternatives to, and the rationale for, these decisions;

discussing with management and our independent auditor, as appropriate, our risk assessment and risk management policies, including our major exposures to financial risk and the steps taken by management to monitor and mitigate these exposures; and

reviewing and investigating any matters pertaining to the integrity of management, including any actual or potential conflicts of interest or allegations of fraud, and the adherence of management to our standards of business conduct.

Each member of our Audit Committee meets the financial knowledge and independence criteria of the NASDAQ listing requirements. Our Board of Directors has determined that Ms. Gemmill is an audit committee financial expert as such term is defined under SEC regulations, and that Ms. Gemmill meets the financial sophistication and independence standards mandated by the NASDAQ listing requirements.

Report of the Audit Committee

The Audit Committee has reviewed and discussed with Company management the audited financial statements of the Company for the fiscal year ended December 31, 2006, as well as management's assessment of the Company's internal control over financial reporting as of December 31, 2006. In addition, the Audit Committee has discussed with the Company's independent auditor, KPMG LLP, the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU § 380), as may be modified or supplemented, and the matters required by auditing standards of the Public Company Accounting Oversight Board (PCAOB), including the opinions regarding internal control over financial reporting pursuant to PCAOB Auditing Standard No. 2. The Audit Committee also has received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed the independence of KPMG LLP with that firm. Based on the Audit Committee's review of the matters noted above and its discussions with management and the Company's independent auditor, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the period ended December 31, 2006.

Compensation Committee

Our Board of Directors has established a standing Compensation Committee. The members of our Compensation Committee are Mr. Becker, Ms. Gemmill, Mr. Hartley and Mr. Lacerte. Ms. Gemmill is the Chairperson of our Compensation Committee.

Our Compensation Committee, which does not operate pursuant to a written charter, is responsible for, among other things:

- recommending to the full Board of Directors the base salary, incentive compensation and any other compensation for the Company's Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and Chief Technical Officer;

- recommending to the full Board of Directors the compensation for service as a member of the Board of Directors or any Board committees;

- reviewing and approving or ratifying management's recommendations for equity compensation awards to other employees and consultants of the Company;

- administering and discharging the duties imposed on the Committee under the terms of the Company's Equity Compensation Plan; and

- performing such other functions and duties as are deemed appropriate by the full Board of Directors.

Our Compensation Committee has historically determined the compensation for the Company's executive officers in two stages. Base salary adjustments and perquisites and other benefits (life insurance coverage, automobile allowance, etc.) have been approved mid-year, to coincide with the annual employment anniversaries of these individuals with the Company. Annual bonus awards, long-term incentive awards, and special cash and non-cash awards have been granted at or shortly after year-end. This enables the Committee to review the Company's fiscal performance for the year in determining these grants.

Our Compensation Committee has historically determined the compensation for members of the Company's Board of Directors at year-end. For 2007, however, the Committee set compensation for Board members in advance, with this compensation being payable in quarterly installments. No separate compensation is awarded for

committee service, and directors who are employees or officers of the Company do not receive separate compensation for their service on the Board.

Company management recommends to the Compensation Committee compensation for all of the Company's employees, including its executive officers and directors, in order to facilitate the Committee's activities. However, the Committee exercises independent judgment in making its determinations of compensation for executive officers and directors, and in recommending this compensation to the full Board of Directors. This includes meetings of the Committee in executive session to review and ultimately finalize its recommendations.

Compensation Committee Interlocks and Insider Participation

Each member of our Compensation Committee is an independent director under the NASDAQ listing requirements. None of the members of our Compensation Committee were officers or employees of the Company or its subsidiary during 2006, were formerly officers of the Company or its subsidiary, or had any relationship with the Company since the beginning of 2006 that requires disclosure under Item 404 of Regulation S-K. Nor have there been, since the beginning of 2006, any compensation committee interlocks involving our directors and executive officers that require disclosure under Item 407 of Regulation S-K.

Report of the Compensation Committee

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Compensation and benefits programs are an important part of our relationship with our employees. We seek to reward individuals for individual accomplishments and contributions to our long-term strategic and short-term business goals. Our compensation and benefits packages are intended to be competitive, thereby allowing us to attract, motivate and retain talented employees. We also attempt to link the business goals of our executive officers

with the interests of our shareholders, by linking a significant portion of their compensation to the value of our common stock.

How We Determine Executive Compensation

Each year, Company management and our Compensation Committee review all components of compensation to our executive officers, factoring in both recent historical compensation and near-term prospective compensation. This analysis takes into account the extent to which we have achieved our business goals, including our goals for revenues, expense management, balance sheet stability, research and development, the further development of existing business relationships, the creation of new strategic relationships and increased shareholder value. We also evaluate the individual performance of our executive officers in relation to the achievement of these goals, as well as relative pay considerations within the executive officer group.

We strive to provide competitive compensation while offering programs that emphasize our key goals of rewarding performance and encouraging retention of key talent. To achieve these goals, compensation paid to our executives is structured to ensure that there is an appropriate balance between: (i) long-term and short-term performance-based compensation; (ii) cash and non-cash forms of compensation; (iii) the different forms of equity-based and other non-cash compensation; (iv) individual performance, Company performance and shareholder value; and (v) cost and expected near-term and long-term benefit to the Company. While we consider publicly available compensation information regarding other comparable companies, we do not engage in benchmarking of compensation.

Executive management makes recommendations to our Compensation Committee regarding all aspects of our compensation programs. However, final decisions on any major element of compensation, as well as total compensation for our executive officers, are made by our Compensation Committee. Awards to our executive officers are recommended by our Compensation Committee and approved by our Board of Directors at previously scheduled meetings. Our Chief Executive Officer does not participate in Compensation Committee or Board deliberations regarding his compensation. Also, our Compensation Committee does not set equity grant dates in order to affect the value of any award.

Elements of Compensation

Our total compensation program for executive officers consists of the following elements:

- Base salaries;
- Annual bonus awards;
- Long-term equity compensation awards;
- Special cash and non-cash awards; and
- Perquisites and other benefits.

Base salaries

Consistent with our overall compensation philosophy, we believe that competitive base salaries help attract, motivate and retain good performers. Base salaries are intended to be generally competitive with those offered by other comparable companies, taking into account such factors as the level of responsibility involved, the need for special expertise and the specific individual's experience and prior performance at the Company.

Based on historical practice, at a meeting held during the second or third quarter of each year, the base salaries of Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt are adjusted effective as of July 1st of that year, and the salary of Dr. Brown is adjusted effective as of June 22 of that year. Consistent with the range of salary increases for all of our employees, the base salaries for our executive officers were increased by five and one-half percent (5.5%) in 2006. We believe that these increases, as well as the overall base salaries of our executive officers, are reasonable and appropriate under current market conditions.

Annual bonus awards

Bonuses have historically been awarded to employees on an annual basis. These bonus awards have included both cash and non-cash compensation, with non-cash compensation taking the form of vested shares of our common stock. These awards are based on individual and Company performance as measured both qualitatively and quantitatively. We believe that using common stock to pay these awards aligns employee interests with those of our shareholders.

Our Compensation Committee instituted an Executive Performance Compensation Program for the Company's executive officers in 2004. This program, which runs through 2007, contemplates that executive management bonus compensation would be awarded based substantially on the achievement of performance goals to be set annually by the Compensation Committee for each individual executive officer. These goals and the awards for achieving them were to be established in a manner designed to reward enhanced Company and individual performance of both a qualitative and quantitative nature. Specific metrics for quantitative assessment were to include, for example, items such as revenues, earnings, expense management, stock price and number of new contracts executed.

The Committee, however, did not set formal performance goals and corresponding awards for the Company's executive officers for 2005 or 2006. Pursuant to its authority, the Committee determined that bonus compensation to executive officers for these years would be granted by the Committee in its discretion, taking into account the Company's financial results, business performance and other relevant factors, at year-end. The Committee concluded that this approach was appropriate in light of the early stage of the market for commercial OLED products.

Bonus awards to our executive officers for 2006 were determined by our Compensation Committee in its discretion at a meeting held on January 9, 2007. These awards took the form of shares of our common stock issued as follows: Mr. Seligsohn 13,689 shares; Mr. Abramson 23,956 shares; Mr. Rosenblatt 23,956 shares and Dr. Brown 13,689 shares. These awards were designed to recognize the substantial efforts of our executive officers to position the Company for the future, particularly in light of delays in the launch of commercial OLED products by third-party manufacturers, by accelerating technology innovation, creating new business relationships and solidifying existing ones, managing cash, controlling expenses and otherwise improving our financial performance. These awards also took into consideration the total value of the compensation packages awarded to our executive officers relative to those awarded to the executive officers of other public companies in our industry.

Long-term equity compensation awards

Long-term equity compensation awards have historically been awarded to our executive officers and other management-level employees in the form of options to purchase shares of our common stock. However, due to recent changes in the financial accounting rules based on the adoption of FAS 123R, we determined that awards of stock options should be limited starting in 2006. Consequently, long-term equity compensation awards for 2006 took the form of restricted shares of our common stock.

Our Compensation Committee granted restricted share awards to our executive officers at a meeting held on January 9, 2007. These awards will vest in equal increments of one-third each on the next three anniversaries of the grant date. The awards are complimentary to our annual bonus awards, and are intended to focus executive behavior on the future of our Company. In determining long-term equity compensation awards, outstanding awards from prior years are considered, as are corresponding awards to the executive officers of other public companies similar to us in terms of market capitalization or industry.

Special cash and non-cash awards

Under special circumstances, we have made cash and non-cash awards to our employees, including our executive officers. For example, we have historically awarded a small number of stock options to our employees in connection with the filing and issuance of patents on which they are named inventors. From time to time, we have also issued cash awards to our employees in connection with their having achieved special recognition in their field or in the industry. We believe that these awards are a small but important component of compensation intended to recognize our employees for special individual accomplishments that are likely to benefit us and our business.

In 2006, we granted options to purchase 250 shares of our common stock to each of Mr. Seligsohn and Dr. Brown. The grant to Mr. Seligsohn was in recognition of the issuance of a U.S. patent for which he is a named inventor, and the grant to Dr. Brown was in recognition of the filing of a U.S. patent application for which she is a named inventor. For 2006, we also issued a special cash bonus award of \$25,000 to Dr. Brown in recognition of her having been named a Fellow of the Institute of Electrical and Electronics Engineers.

Perquisites and other benefits

We provide benefits to all of our employees, including our executive officers. These include paid sick and vacation time, Company-sponsored life, short-term and long-term disability insurance, individual and family medical and dental insurance, 401(k) plan matching contributions, and other similar benefits. We believe that these benefits are an important factor in helping us maintain good relations with our employees and in creating a positive work environment.

For some of these employee benefits, the actual amount provided depends on the employee's salary, such that our higher-salaried employees, including our executive officers, receive total benefits that are greater than those of other employees. For example, 401(k) plan matching contributions amounted to \$6,600 for each of our executive officers in 2006. Although the matching contributions of our executive officers were based on the same percentage of salary as the contributions of other of our employees, because the salaries of our executive officers are higher than those of our other employees, the dollar value of those matching contributions was higher for our executive officers. However, the difference in dollar value is relatively small compared to the total compensation payable to our executive officers for the year.

We also provide an automobile allowance of \$500 per month to each of Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt. All of these individuals live a considerable distance from our offices in Ewing, New Jersey, such that we believe it is appropriate to partially compensate them for their automobile usage. Again, we do not consider this additional perquisite to be a substantial component of executive compensation.

Stock Ownership Guidelines

We do not have any stock ownership guidelines for our executive officers. However, all of our executive officers are major shareholders in the Company, and all have substantial holdings of outstanding, vested stock options and stock purchase warrants. We believe that these current holdings are sufficient to ensure that our executive officers remain committed to our Company and its business.

Change in Control Payments

In 2003, we entered into change in control agreements with our executive officers and other management employees. These agreements provide for certain cash payments and other benefits to these individuals in the event that their employment is terminated in connection with a change in control of the Company. They are known more commonly as "double-trigger" change-in-control agreements. We believe that these agreements would help to reinforce and encourage the continued attention and dedication of these individuals to our Company in the event they are asked to help facilitate a change in control. The specific benefits and compensation payable to these individuals in connection with a change in control are set forth elsewhere in this proxy statement.

Tax and Other Financial Consequences of Our Compensation Program

Internal Revenue Code §162(m)

In determining the total compensation payable to our executive officers, we considered the potential impact of Section 162(m) of the Internal Revenue Code (the IRC). Section 162(m) disallows any publicly-held corporation from taking a tax deduction for compensation in excess of \$1 million paid to its executive officers in any taxable year, unless that compensation is performance-based. Our policy is that executive compensation qualify for deductibility under applicable tax laws to the extent consistent with our overall compensation objectives. For 2006, we do not believe that Section 162(m) limited the deductibility of any compensation paid to our executive officers.

Internal Revenue Code §409A

Section 409A of the IRC provides that nonqualified deferred compensation benefits are includible in an employee's income when vested, unless certain requirements are met. If these requirements are not met, employees are also subject to an additional income tax and interest. All of our compensation plans and arrangements presently meet, or will be amended to meet, these requirements. As a result, employees will be taxed when the deferred compensation is actually paid to them, and we will be entitled to a tax deduction at that time.

Internal Revenue Code §280G

Section 280G of the IRC disallows a company's tax deduction for excess parachute payments. Additionally, Section 4999 of the IRC imposes a 20% excise tax on any person who receives excess parachute payments. Presently, all of our executive officers are entitled to payments upon the termination of their employment following a change in control of the Company, some of which may qualify as excess parachute payments. Accordingly, our tax deduction for any such excess parachute payments would be disallowed under Section 280G of the IRC. Moreover, we are required to make additional payments to these individuals to cover any excise taxes imposed on them by reason of the payments they receive in connection with a change in control.

Accounting Treatment under FAS 123R

As previously indicated, we have modified our approach to granting equity compensation awards due to the adoption of FAS 123R. The adoption of this new accounting standard has substantially increased the cost of granting stock option awards. Consequently, we have essentially eliminated such awards from our bonus compensation, replacing them with other forms of equity compensation that have less of an accounting impact on our Company.

Future Compensation Program Considerations

As previously indicated, our Compensation Committee did not set formal performance goals and corresponding awards for the Company's executive officers for 2005 or 2006 due to the early stage of the market for commercial OLED products. The Committee has determined that market conditions remain essentially the same, and thus has not set any performance goals or corresponding awards for 2007. Consequently, annual and long-term incentive awards for 2007 will again be awarded by the Committee in its discretion at year-end, taking into account the Company's financial results, business performance and other relevant factors.

In 2006, our Compensation Committee directly engaged the Hay Group, an outside global management consulting firm, to conduct a review of compensation for members of our Board of Directors, and to recommend an annual and long-term incentive plan for the Company's executive officers. The Hay Group's review of Board of Directors compensation was utilized in determining 2006 and 2007 compensation for Board members who are not employees or officers of the Company. The Hay Group's recommendation of an annual and long-term incentive plan for the Company's executive officers will be discussed further in 2007, and may be utilized to help determine executive officer compensation for 2007 and subsequent years.

Special Considerations for the Compensation of Our Chief Executive Officer

The compensation of our Chief Executive Officer, Mr. Seligsohn, has been reduced from what it otherwise might have been to take into account that Mr. Seligsohn also serves as Chairman of the Board of Directors and Chief Executive Officer of, and performs services for, other companies that he has founded. Most notable in this regard is Global Photonic Energy Corporation (GPEC), a privately-held corporation of which Mr. Seligsohn and his family are the

largest shareholders. We believe that this adjustment to Mr. Seligsohn's salary and other compensation is appropriate in light of his duties and responsibilities to GPEC and these other companies.

Potential Payments Upon Termination or Change-in-Control

In April 2003, the Company entered into Change in Control Agreements with the Named Executive Officers (the "CIC Agreements"). The CIC Agreements provide for certain cash payments and other benefits to the Named Executive Officers in the event of a termination of these individuals' employment in connection with a "Change in Control" of the Company, as defined in the CIC Agreements. These benefits include the following:

immediate vesting of all stock options, stock appreciation rights, warrants, stock awards and performance units held by the individual, whether or not restricted or subject to the satisfaction of any performance goals or other criteria;

a lump-sum payment equal to two times the sum of the average annual base salary and the annual bonus to the individual, including any authorized deferrals, salary reduction amounts and any car allowance, and including the fair market dollar value equivalent of any bonus amounts paid in the form of stock options, stock appreciation rights, warrants, stock awards or performance units;

a lump-sum payment equal to the estimated after-tax cost to the individual of continuing any Company-sponsored life or other insurance, travel or accident insurance and disability insurance coverage in effect for the individual, and where applicable, his or her spouse and dependents, for two years;

to the extent permitted by law, the benefits to which the individual would be entitled under the Company's long term incentive, savings and retirement plans, assuming the individual continued working for the Company for two years at his or her annual base salary;

continued group hospitalization, health and dental care coverage, with coverage equivalent to the coverage to which the individual would be entitled if he or she continued working for the Company for two years at his or her annual base salary;

outplacement assistance services for two years at a total cost not to exceed \$10,000; and

an additional payment to cover any excise tax imposed on the individual by reason of the individual receiving the payments and benefits specified above.

For each of the Named Executive Officers, the estimated payments and benefits that would be provided by the Company are set forth in the following table, based on the assumption that a triggering event took place on December 29, 2006.

(1) Under the CIC Agreements, this is to be based on the highest monthly base salary paid or payable to the employee during the twenty-four (24) months prior to December 29, 2006, including any amounts earned but deferred. It is also to include any annual car allowance. For purposes of this calculation, the employee's bi-weekly salary as of the payment period ended on December 22, 2006 was utilized. Also, an annual car allowance of \$6,000 is included for each of Mr. Seligsohn, Mr. Abramson and Mr. Rosenblatt.

(2) Under the CIC Agreements, this is to be based on the highest annual bonus to the employee for the last three full fiscal years prior to December 29, 2006, and is to include the fair market dollar value equivalent of any stock,

restricted stock or stock options issued as bonus consideration, determined as of the date of issuance and without regard to any restrictions or vesting conditions. For purposes of this calculation, the employee's 2003 annual bonus was utilized.

- (3) Assumes all unvested or restricted stock options and stock awards automatically vest on a change of control. Does not include restricted stock bonuses awarded on January 9, 2007.
- (4) The maximum amount payable for outplacement assistance services is \$10,000.

In consideration of receiving these payments and benefits, each Named Executive Officer has agreed not to compete with the Company for six months following his or her termination in connection with a change in control of the Company. Each Named Executive Officer has further agreed that, for two years following his or her termination he or she will not knowingly (i) solicit or recruit any of the Company's employees to compete with the Company, or (ii) divert or unreasonably interfere with the Company's business relationships with any of its suppliers, customers, partners or joint venturers with whom the individual had any involvement. In addition, each Named Executive Officer is required to execute a general release of all employment-related claims he or she may have against the Company in order to receive the payments and benefits specified under the CIC Agreement.

As used in the CIC Agreement, a change in control of the Company would occur if:

any person first becomes the beneficial owner of securities of the Company (not including securities previously owned by such persons or any securities acquired directly from the Company) representing 30% or more of the then-outstanding voting securities of the Company;

the individuals who constitute our Board of Directors at the beginning of any 24-month period cease, for any reason other than death, to constitute at least a majority of our Board of Directors;

the Company consummates a merger or consolidation with any other corporation, except where the voting securities of the Company outstanding immediately prior to the merger or consolidation continue to represent at least 50% of the voting securities of the Company (or the surviving entity of the merger or

consolidation or its parent), or where no person first becomes the beneficial owner of securities of the Company representing 30% or more of the then-outstanding voting securities of the Company;

the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company, or an agreement is consummated for the sale or disposition by the Company of all or substantially all of its assets, excluding a sale or disposition by the Company of all or substantially all of its assets to an entity, at least 50% of the voting securities of which are owned by persons in substantially the same proportion as their ownership of the Company immediately prior to the sale; or

any person consummates a tender offer or exchange for a majority of the voting securities of the Company.

As used in the CIC Agreement, a termination of a Named Executive Officer in connection with a change in control of the Company would include a termination of the individual's employment:

by the Company within two years after a change in control of the Company other than for the individual's death or incapacity, or for cause;

by the individual within two years after a change in control of the Company for (i) any significant reduction by the Company of the individual's authority, duties or responsibilities, (ii) any demotion or removal of the individual from his or her employment grade, compensation level or officer positions, (iii) any requirement that individual undertake business travel to an extent substantially greater than is reasonable and customary for his or her position, (iv) a relocation by more than 25 miles of the offices of the Company at which the individual principally works, (v) the Company's breach of the CIC Agreement, or (vi) a failure of the Company to obtain an agreement from any successor to assume the Company's obligations under the CIC Agreement; and

by either the Company or the individual during the one year period prior to a change in control of the Company, unless the Company establishes by clear and convincing evidence that the termination was for good faith business reasons not related to the change in control.

CERTAIN TRANSACTIONS WITH RELATED PERSONS

Our Relationship with Global Photonic Energy Corporation

Global Photonic Energy Corporation (GPEC) is a private company that was formed by Sherwin I. Seligsohn, our Chairman of the Board and Chief Executive Officer, at about the same time the Company was founded in 1994. GPEC's business focuses on organic photovoltaic solar cells and photoelectrolysis technologies. GPEC's organic photovoltaic technologies are related to the Company's organic light emitting device (OLED) technologies, in that similar processes and materials used to emit light from an OLED may be useful for converting solar energy into electricity in an organic photovoltaic device.

Sherwin I. Seligsohn currently serves as Chairman of the Board, Chief Executive Officer and President of GPEC. Certain other of our employees who are not directors or executive officers of the Company also are employed by and/or serve on the Board of Directors of GPEC. Mr. Seligsohn and these other individuals receive separate salaries, bonuses and other compensation from GPEC for their work in these various capacities.

The Company leases to GPEC, on a month-to-month basis, approximately 556 square feet of space (constituting three offices) at the Company's Ewing, New Jersey facility. The Company also permits GPEC employees to reasonably access and use other areas of the facility, and to utilize associated utilities and other ancillary services (telephone services, computer printer services, photocopying services, Internet access, computer backup, etc.) as required in connection with GPEC's occupancy of the leased office space. GPEC pays the Company \$18.50 per square foot per year for use of the leased office space, plus an additional \$109.50 per month for associated utilities and other ancillary services. For 2006, payments from GPEC for these purposes totaled \$11,600.

The Company also subleases to GPEC one-half of the 850 square feet of office space leased by the Company in Coeur d'Alene, Idaho. Two shared employees of the Company and GPEC work at this facility. GPEC pays the Company \$400 per month for this leased space, which is one-half of the amount paid by the Company under the lease, including all rent and utilities. For 2006, payments from GPEC for this leased space totaled \$4,350.

For many years, the Company and GPEC have both funded research in the laboratories of Dr. Stephen R. Forrest, formerly at Princeton University and now at the University of Michigan, and Dr. Mark E. Thompson at the University of Southern California. The Company's funded research relates to OLEDs and other organic opto-electronic devices, and GPEC's funded research relates to organic photovoltaic solar cells. On occasion, inventions arising from this funded research have application to both the Company's and GPEC's fields of interest.

To address this potential overlap of interest, the Company and GPEC reached an understanding, memorialized in a letter dated June 4, 2004, that patent rights derived from research funded under the research agreements after that date would be censed to each of the Company and GPEC exclusively in its respective field of interest. For GPEC, this field is organic photovoltaic cell for solar energy conversion. For the Company, this field is thin film organic electronics for displays, lasers, lighting, organic tft's, organic memories and other thin-film organic devices, but not including thin film organic photovoltaic cells for solar energy conversion. The Company has agreed to pay 75% and GPEC has agreed to pay 25% of the legal fees and other costs for patent filings claiming inventions that have application to both parties' fields of interest, which filings are made in agreed upon countries. If only one of the parties wishes to make a

patent filing in a particular country, that party bears the entire cost of the filing. Otherwise, the parties exchange no money or other consideration on account of this arrangement.

Our Relationship with Scott Seligsohn

We employ Scott Seligsohn, son of Sherwin I. Seligsohn, as an executive assistant to Sherwin I. Seligsohn in his capacity as our Chief Executive Officer and Chairman of our Board of Directors. For 2006, we paid Scott Seligsohn base salary and bonus compensation of \$96,020. On June 20, 2006, we also issued to Scott Seligsohn options to purchase 250 shares of our common stock as a bonus for the issuance of a U.S. patent on which he was a

named inventor, and with respect to which the Company is the assignee. These options have an exercise price of \$12.40 per share, and the exercise period is 10 years from the date of issuance.

On March 30, 2006, Scott Seligsohn exercised warrants to purchase 200,000 shares of our common stock that were issued to him as employment compensation on April 25, 1996. These warrants had an exercise price of \$4.125 per share, and the exercise period was 10 years from the date of issuance. The value of these warrants on the date of exercise, as determined based on the difference between the market price of our common stock on that date and the exercise price of the warrants, was \$2,095,000. Upon exercising these warrants, Scott Seligsohn received 85,065 shares of our common stock, which he continues to own. Of the remaining warrant shares, 57,935 shares were withheld by the Company to satisfy a tax liability that the Company paid on Scott Seligsohn's behalf, and 57,000 shares were sold by Scott Seligsohn under an effective resale registration statement on Form S-3 to satisfy an additional tax liability of Scott Seligsohn that arose from the transaction.

Outstanding Warrant Exercise by C. Keith Hartley

On January 6, 2006, C. Keith Hartley, a member of our Board of Directors, exercised warrants to purchase 4,000 shares of our common stock that were issued to him on January 8, 2001 as a finders' fee in connection with a private placement transaction we consummated in December 2000. These warrants had an exercise price of \$10.00 per share, and the exercise period was five years from the date of issuance. The value of these warrants on the date of exercise, as determined based on the difference between the market price of our common stock on that date and the exercise price of the warrants, was \$5,880. Upon exercising these warrants, Mr. Hartley received 4,000 shares of our common stock, which he still currently owns.

Policies and Procedures for Approval of Related Person Transactions

Consistent with applicable NASDAQ listing requirements, the Audit Committee of our Board of Directors is responsible for reviewing all transactions between the Company and related persons for potential conflicts of interest on an ongoing basis, and for approving all such transactions. Related persons include any of our directors or nominees for director, any of our executive officers, any shareholders owning more than 5% of any class of our equity securities, and immediate family members of any of these persons.

To help identify transactions with related persons, each year, we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which they or their family members have an interest. Responses to these Director and Officer Questionnaires are reviewed and transactions that might reasonably pose a conflict of interest are brought to the attention of the Audit Committee for consideration.

The transactions with related persons identified above were all reviewed with our Audit Committee at a meeting on April 17, 2007. At this meeting, the Audit Committee ratified each of these transactions following its consideration of the potential conflicts of interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, as well as persons beneficially owning more than 10% of any class of our equity securities, to file with the SEC reports of beneficial ownership and reports of changes in beneficial ownership of these equity securities. Based solely on our review of these reports as furnished to us during or with respect to 2006, we believe that our executive officers, directors and holders of more than 10% of any class of our equity securities met all applicable filing requirements, except for one Form 4 filing for Lawrence Lacerte that was submitted three business days late.
