PROXY STATEMENT

AIR TRANSPORT SERVICES GROUP, INC.

145 Hunter Drive, Wilmington, Ohio 45177

ANNUAL MEETING OF STOCKHOLDERS, MAY 10, 2013

This Proxy Statement is provided in connection with the solicitation of proxies by the Board of Directors (the “Board”) of Air Transport Services Group, Inc., a Delaware corporation (the “Company” or “ATSG”), for use at the Annual Meeting of Stockholders to be held at the Roberts Centre, 123 Gano Road, Wilmington, Ohio 45177, at 11:00 a.m., local time, on Friday, May 10, 2013, and at any adjournments thereof. Proxies may be solicited in person, by telephone or mail, and the costs thereof will be borne by the Company.

The proxy materials, including this Proxy Statement, proxy card and the Company’s 2012 Annual Report, are being distributed and made available on or about March 28, 2013. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission (the “SEC”), the Company has elected to provide stockholders access to proxy materials over the Internet. Accordingly, a Notice of Internet Availability of Proxy Materials (the “Notice”) will be mailed on or about March 28, 2013 to stockholders of record who owned common stock at the close of business on March 13, 2013. Stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request that a printed set of the proxy materials be sent to them by following the instructions in the Notice.

At the Annual Meeting, the holders of shares of common stock of the Company will (1) vote to elect two directors for terms of three years and until their successors have been elected and qualified, (2) vote on a proposal to amend the Company's Certificate of Incorporation to declassify the Board and provide for the annual election of directors; (3) vote on a proposal to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for 2013, (4) hold an advisory vote on executive compensation, and (5) transact such other business as may properly come before the meeting and any adjournments thereof.

VOTING AT THE MEETING

Voting Rights and Outstanding Shares

Only holders of record of shares of common stock of the Company as of the close of business on March 13, 2013, will be entitled to notice of and to vote at the meeting and any adjournments thereof. The common stock is the only class of voting securities of the Company currently outstanding. Each share of common stock is entitled to one vote at the meeting on all matters properly presented at the meeting. On March 13, 2013, there were 64,585,208 shares of common stock outstanding. At the meeting, the presence in person or by proxy of a majority of the outstanding shares is required for a quorum. Broker non-votes and abstentions will be counted for purposes of determining whether a quorum is present.

Voting Procedures

Most stockholders have a choice of voting over the Internet, by telephone or by using a traditional proxy card. Please refer to your proxy or voting instruction card to see which options are available to you and how to use them. The deadline for voting by telephone or over the Internet is 11:59 p.m. ET, on May 9, 2013. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Stockholders whose shares are held in the name of a broker or other nominee and who wish to vote in person at the meeting will need to obtain a signed proxy form from the institution that holds their shares.

Vote Required

Proposal 1: Election of Directors. The two nominees for director must each receive the affirmative vote of a majority of the votes cast at the Annual Meeting, either in person or by proxy, and entitled to vote on this proposal, in

Table of Contents

order to be elected. A “majority of the votes cast” means that the number of votes “For” a nominee's election must exceed the number of votes “Against” that nominee's election. Abstentions and broker non-votes will have no effect on the outcome of the vote. The majority voting standard is discussed further under the section entitled “Majority Voting.”

Proposal 2: Amendment of Certificate of Incorporation to Declassify the Board and Provide for the Annual Election of Directors. The affirmative vote of at least two-thirds of the issued and outstanding shares entitled to vote at the Annual Meeting is required to approve the amendment of the Certificate of Incorporation to declassify the Board and provide for the annual election of directors. This means that if you abstain from voting on this proposal, it will count as a vote against the amendment.

Proposal 3: Ratification of Selection of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes represented at the Annual Meeting, either in person or by proxy, and entitled to vote on this proposal, is required to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the 2013 fiscal year. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote against this proposal.

Proposal 4: Advisory Vote on Executive Compensation. The affirmative vote of a majority of the votes represented at the Annual Meeting, either in person or by proxy, and entitled to vote on this proposal, is required to ratify this proposal. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a vote against this proposal.

If you properly sign and return your proxy card or complete your proxy via the telephone or Internet, your shares will be voted as you direct. Unless a stockholder provides specific instructions to withhold votes from a nominee for director with respect to Proposal 1, the persons named in the proxy will be authorized to vote the shares represented thereby “For” the election of the Board’s nominees for director. To the extent specific instructions are not given with respect to Proposals 2, 3 and 4, the shares represented by the proxy will be voted “For” the proposal.

Shares Registered in the Name of a Broker

Brokerage firms holding shares in street name for customers are required to vote such shares in the manner directed by their customers. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the meeting. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. However, since you are not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote these shares. A “broker non-vote” occurs when a stockholder of record, such as a broker or bank, does not vote on a proposal because it has not received voting instructions from the beneficial owner and does not have discretionary authority to vote on the proposal. The proposal for the election of directors (Proposal 1) and Proposals 2 and 4 are not discretionary items, so you must provide instructions to your broker in order to cast a vote on those proposals. Broker non-votes will have no effect on the outcome of the vote on Proposals 1, 3 or 4, but with respect to Proposal 2 (declassification of the Board and the annual election of directors), such votes will have the same effect as if the shares were voted against such proposal.

Revocability

You may revoke your proxy in one of the following ways: by voting in person at the Annual Meeting, by giving written notice of revocation to the Secretary of the Company prior to the voting, or by giving a later dated proxy (including by means of a telephone or Internet vote) at any time before the voting deadline, which is 11:59 PM ET, on May 9, 2013.

Confidentiality

It is the policy of the Company that all proxy cards, ballots and vote tabulations that identify the vote of a specific stockholder on any matter submitted for a vote of stockholders be kept secret from the Company and its directors, officers and employees, except when (a) disclosure is required by applicable law or regulation, (b) a stockholder expressly requests such disclosure, or (c) in a contested proxy solicitation.

Proxy Solicitation

Proxies may be solicited by directors, executive officers and other employees of the Company in person or by telephone, telegraph or mail only for use at the Annual Meeting or any adjournment thereof. The Company has retained Georgeson, Inc. ("Georgeson") to assist with the solicitation of proxies for a project management fee of \$16,500, plus reimbursement for out-of-pocket expenses. The Company may also engage Georgeson to solicit proxies by telephone for a reasonable additional fee determined on a per-completed-call basis. All solicitation costs will be borne by the Company.

Proxy Tabulation

Proxies and ballots will be received and tabulated by, and the inspector of election will be from, an independent firm that is not affiliated with the Company. Subject to the above exceptions to the confidential voting policy, comments on written proxy cards will be provided to the Secretary of the Company without disclosing the vote unless the vote is necessary to understand the comment.

Separate Voting Materials

If you share an address with another stockholder and we sent you a notice of an intent to send you a househanded mailing, you may receive multiple proxy cards but only one set of proxy materials (including our 2012 Annual Report and Proxy Statement) unless you have provided contrary instructions. If you wish to receive a separate set of documents now or in the future, you may write or call to request a separate copy of these materials from:

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for no fewer than three and no more than nine directors, as determined from time to time by the Board. The Company's Board currently consists of nine members, divided into three classes as follows:

Class I (three positions with terms expiring in 2013):

James E. Bushman

Richard M. Baudouin

Randy D. Rademacher

Class II (three positions with terms expiring in 2014):

James H. Carey

John D. Geary

J. Christopher Teets

Class III (three positions with terms expiring in 2015):

Jeffrey J. Vorholt

Joseph C. Hete

Arthur J. Lichte

On February 11, 2013, Mr. Bushman informed the Board that he will not stand for re-election at the Annual Meeting and intends to retire from the Board upon the completion of his current term at the Annual Meeting. The Board and management express their sincere gratitude to Mr. Bushman for his service to the Company and his contributions to the Board. In connection with Mr. Bushman's retirement, the Board, in accordance with the Company's Amended and Restated Bylaws (the "Bylaws"), acted by resolution to reduce its size from nine to eight members, effective immediately prior to the Annual Meeting. This reduction will have the effect of reducing the number of directors in Class I of the Board from three to two members.

As a result, at the Annual Meeting, two directors will be elected to fill positions in Class I. Messrs. Baudouin and Rademacher are presently directors of the Company and have been nominated to continue as directors. The nomination of these directors to stand for election at the Annual Meeting has been recommended by the Nominating and Governance Committee and approved by the Board. Each of the nominees for Class I, if elected, will serve for a three-year term expiring at the Annual Meeting of Stockholders in 2016 and until their respective successors have been elected and qualified as provided under the Bylaws. Messrs. Baudouin and Rademacher have each consented to being named in this Proxy Statement and to serve as a director, if elected. If either of them becomes unavailable, the persons named in the proxy may vote for any substitute designated by the Nominating and Governance Committee; however, the Board has no reason at this time to anticipate that this will occur. In an uncontested election, our Bylaws provide that a director nominee will be elected only if he or she receives a majority of the votes cast with respect to his or her election (that is, the number of shares voted "For" a director nominee must exceed the number of shares voted "Against" that nominee). Abstentions and broker non-votes have no effect on the vote. The process that will be followed by the Board in the event that a nominee does not receive a majority of the votes cast is described below under the section entitled "Majority Voting."

Set forth below is biographical information concerning each of the nominees for director at the Annual Meeting as well as the Company's other continuing directors who are not standing for re-election this year:

CORPORATE GOVERNANCE AND BOARD MATTERS

The Board of Directors held six meetings during 2012 and each director participated in at least 85% of the board meetings and meetings of the committees of the Board on which he served during the year. Directors are expected to attend board meetings, meetings of the committees on which they serve and the annual meeting of stockholders. All of the directors then in office attended the Company's 2012 Annual Meeting, except for Mr. Carey, who was unable to travel for health reasons.

Independence

The Board has determined that each of the current directors, except Joseph C. Hete (by virtue of his employment as President and Chief Executive Officer of the Company), has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the independence standards of the SEC, NASDAQ and the Certificate of Incorporation, as currently in effect.

In considering the independence of Mr. Teets, the Board considered the fact that he is a Partner of Red Mountain, the beneficial owner of approximately 17.3% of the Company's outstanding shares, and concluded that his relationship with Red Mountain does not impact his independence as a director of the Company. In reaching this conclusion, the Board took into account the fact that the Company and Red Mountain are parties to a confidentiality and standstill agreement that will remain in effect during Mr. Teets' tenure as a board member of the Company. The agreement provides for the Company to disclose certain proprietary information to Red Mountain, and imposes confidentiality obligations on Red Mountain with respect to such information and restrictions on its ability to (i) acquire or agree to acquire, directly or indirectly, more than 17.49% of the issued and outstanding common stock of the Company or any assets of the Company or subsidiary or division thereof; (ii) make, or in any way participate, directly or indirectly, in any "solicitation" of "proxies" to vote, as such terms are used in the rules of the SEC, or seek to advise or influence any person with respect to the voting of any securities of the Company; (iii) nominate or seek to nominate, directly or indirectly, any person to the Board of Directors; (iv) make any public announcement with respect to, or submit a proposal for, or offer of, any extraordinary transaction involving the Company or any of its securities or assets, (v) form, join or in any way participate in a "group" as defined in Section 13(d)(3) of the Exchange Act in connection with any of the foregoing; (vi) otherwise act or seek to control or influence the Board of Directors or the management or policies of the Company, (vii) take any action that could reasonably be expected to require the Company to make a public announcement regarding the possibility of any of the events described in (i) through (v) above; or (viii) request for the Company, directly or indirectly, to amend or waive any of the foregoing provisions. In addition, the agreement provides that, for so long as (i) the standstill provisions are in effect and (ii) Red Mountain beneficially owns, directly or indirectly, in excess of 14.9% of the issued and outstanding common stock of the Company, Red Mountain shall, except with the prior written consent of the Company or the Board, cause such shares of common stock of the Company representing the portion of Red Mountain's beneficial ownership in excess of 14.9% to be voted in accordance with the Board's publicly stated recommendations for voting on such matters.

Majority Voting

In March 2013, the Board amended the Bylaws to implement a majority voting standard for the uncontested election of directors. The Bylaws, as amended, provide that, in an uncontested election, each director will be elected by a majority of the votes cast. A "majority of the votes cast" means that the number of shares voted "For" a nominee exceeds the number of shares voted "Against" that nominee. The Bylaws include a director resignation policy providing that, in any uncontested election, in order for any person to become a nominee for the Board, that person must submit an irrevocable resignation from the Board, which will become effective if that nominee does not receive a majority of the votes cast and the Board determines to accept such resignation. In such circumstances, the Board, acting on the recommendation of the Nominating and Governance Committee (which is composed entirely of independent directors), shall, within 90 days of receiving the certified vote pertaining to such election, determine whether to accept the resignation of such unsuccessful nominee and, in making that determination, may consider any factors or other

information that it deems appropriate or relevant. The Nominating and Governance Committee and the Board expect an unsuccessful incumbent to voluntarily recuse himself or herself from participation in such deliberations. The

Table of Contents

Company will promptly publicly disclose the Board's decision and, if applicable, the reasons for rejecting the tendered resignation, in a Report on Form 8-K filed with the SEC.

The majority voting standard does not apply, however, in a contested election of directors. An election is deemed to be a contested election if the number of nominees for election as directors at the meeting in question nominated by (i) the Board, (ii) any stockholder, or (iii) a combination thereof exceeds the number of directors to be elected. In such circumstances, directors are instead elected by a plurality of the votes cast, meaning that the nominees receiving the most votes are elected. The determination as to whether an election is a contested election shall be made as of the record date for the meeting in question. Once an election is determined to be a contested election, the plurality standard shall remain in effect through the completion of the meeting, regardless whether the election ceases to be a contested election after the record date but prior to the meeting.

Because the number of director nominees timely nominated for election at the 2013 Annual Meeting does not exceed the number of directors to be elected at the meeting, the election of directors at the Annual Meeting will not be contested. As a result, each of the directors will be elected by a majority of the votes cast at the Annual Meeting.

Director Compensation

The Company uses a combination of cash and long-term incentive compensation to attract and retain qualified candidates to serve on the Board. The Compensation Committee recommends to the Board for its approval the form and amount of compensation paid to the non-employee directors. The Committee reviews the compensation arrangements of the directors on an annual basis, which review includes an evaluation prepared on an annual or bi-annual basis by Towers Watson, a national compensation consulting firm, retained by the Compensation Committee. The evaluation considers the compensation arrangements for the directors of similar companies. Like the executive officers, the directors are also subject to minimum stock ownership requirements. Each director is required to own stock and/or restricted stock units equal to a multiple of his annual retainer within a specified time period after his election to the Board.

Cash Compensation

During 2012, the non-employee directors received an annual fee of \$30,000, plus \$1,500 for each board and committee meeting attended. The Chairman of the Board and the Chair of each of the standing committees of the Board also received an additional annual fee. In 2012, (i) the annual fee for the Chairman of the Board was \$65,000; (ii) the annual fee for the Chair of the Audit Committee was \$17,000; and (iii) the annual fee for the respective Chairs of the Compensation Committee, Nominating and Governance Committee, and the Executive Committee was \$5,000. Directors also are reimbursed during the year for out-of-pocket expenses incurred in the performance of their duties as directors, such as travel, meal and lodging expenses.

Long-Term Incentive Compensation

The long-term incentive compensation awards for the non-employee directors are comprised solely of restricted stock units. Since the approval of the Company's Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"), the Board has granted restricted stock unit awards to the Company's non-employee directors on an annual basis under the terms of the LTI Plan. The size of the grants are determined by the Board and are based on the Company's performance during the prior year and a periodic evaluation of the compensation arrangements of other companies prepared by Towers Watson.

Consideration of Nominees for Director

Director Qualifications

The Nominating and Governance Committee is responsible for reviewing and developing the Board's criteria for evaluating and selecting new directors based on the needs of the Company from time to time. The criteria used in connection with evaluating and selecting new directors includes the criteria set forth in the Company's Corporate Governance Guidelines and Certificate of Incorporation. While these materials do not contain a formal diversity policy, the Corporate Governance Guidelines seek to ensure that candidates can work constructively with people holding diverse viewpoints and can tolerate opposing views. The Corporate Governance Guidelines are available through our Internet website at <http://www.atsginc.com>.

In addition to the criteria set forth in the Corporate Governance Guidelines, the Committee will consider whether the director candidate meets the definition of independence set forth under NASDAQ Marketplace rules, applicable law

and the Certificate of Incorporation, as well as the candidate's skills, occupation and experience in the context of the needs of the Board. The Board will nominate new directors only from candidates identified, screened and approved

by the Nominating and Governance Committee. The Nominating and Governance Committee and the Board will take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and making its recommendation to the Company's stockholders. Service on boards of other organizations must be consistent with the Company's conflict of interest policies applicable to directors as set forth in the "Core Requirements" of the "Code of Conduct for Conducting Business."

Evaluation of Stockholder Nominees

The policy of the Nominating and Governance Committee is to consider for nomination by the Board, properly submitted stockholder recommendations of potential nominees for membership on the Board. In evaluating such nominees, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth above under "Director Qualifications." There are no differences in the manner in which the Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder, except to the extent provided as follows: (1) such candidates must be able to meet with one or more members of the Committee and/or the Board upon request, and (2) the stockholder must provide: (a) all written materials that would be necessary for a stockholder to make a nomination pursuant to the Bylaws, which materials must be submitted no later than the time permitted for a stockholder to make a director nomination pursuant to the Bylaws; and (b) other information requested by the Company reasonably related to the recommended individual's qualifications as a nominee.

Director Nominations by Stockholders

The Bylaws permit stockholders to nominate directors for election at an annual stockholders' meeting without the prior recommendation of the Nominating and Governance Committee or the nomination of the Board, subject to compliance with applicable notice requirements in the Bylaws. Stockholder nominations to the Board of Directors for the 2014 Annual Meeting of Stockholders must be forwarded to the Chairman of the Nominating and Governance Committee c/o Secretary, Air Transport Services Group, Inc., 145 Hunter Drive, Wilmington, Ohio 45177, so as to be received not less than 90 days nor more than 120 days prior to the first anniversary of the 2013 Annual Meeting of Stockholders (May 10, 2013); provided, however, that in the event the date of the 2014 Annual Meeting of Stockholders is advanced or delayed by more than 30 days from such first anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Any nominations received after such date will be considered untimely. The written notice must satisfy certain requirements specified in the Bylaws. A copy of the Bylaws will be sent to any stockholder upon written request to the Secretary of the Company.

Corporate Governance Guidelines

The Company adopted a set of Corporate Governance Guidelines in February 2005 to help the Board fulfill its responsibility to stockholders to oversee the work of management in the conduct of the Company's business and to seek to serve the long-term interests of stockholders. The Guidelines are intended to ensure that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The Guidelines address such topics as the composition of the Board, the selection of Board members, Board independence, the procedures relating to, and the conduct of, Board and committee meetings, the compensation of directors and the Chief Executive Officer, periodic self-evaluations of the Board and committees, and other practices. The Corporate Governance Guidelines are available through our Internet website at <http://www.atsginc.com>.

Code of Ethics for the CEO and CFO

The Company has adopted a Code of Ethics that sets forth the policies and business practices that apply to the Company's Chief Executive Officer and Chief Financial Officer. The Code of Ethics is in compliance with SEC rules and addresses such topics as compliance with laws; full, fair, accurate and timely disclosure of financial results;

professional, honest and ethical conduct; conflicts of interest; and reporting procedures and accountability. The Code of Ethics is available through our Internet website at <http://www.atsginc.com>.

Table of Contents

Code of Conduct for Conducting Business

The Company has adopted a Code of Conduct for Conducting Business that sets forth the policies and business practices that apply to all of the Company's employees and directors. The Code of Conduct addresses such topics as compliance with laws; moral and ethical conduct; equal employment opportunity; promoting a work environment free from harassment or discrimination; and the protection of intellectual property and proprietary information. The Code of Conduct for Conducting Business is available through our Internet website at <http://www.atsginc.com>.

Related Person Transactions

The Company does not have any related person transactions as defined by Regulation S-K Item 404(a). If any related person transactions arise, the Audit Committee will review and approve such transactions as it deems appropriate. This policy is set forth in the charter of the Audit Committee.

Executive Sessions

The independent directors of the Company meet in executive session (with no management directors or management present) on a regular basis and upon the request of one or more independent directors. The sessions are scheduled and chaired by the Chairman of the Board, who is an independent director. The executive sessions include whatever topics the independent directors deem appropriate.

Communications with the Board

Stockholders and other parties interested in communicating directly with the Company's directors or with the non-management directors as a group may do so by writing to the Secretary of the Company at Air Transport Services Group, Inc., 145 Hunter Drive, Wilmington, Ohio 45177. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Company's internal audit department and handled in accordance with procedures established by the Audit Committee with respect to such matters.

Board Leadership Structure

James H. Carey has served as Chairman of the Board of Directors since May 2004. The Board is aware that one of its responsibilities is to oversee Company management and make performance, risk and compensation related decisions regarding management. In order to appropriately balance the Board's focus on strategic development with its management oversight responsibilities, the Board of Directors requires that the Chairman of the Board be a non-management, independent director. The Chairman of the Board manages the Board's affairs, including organization, functional effectiveness, and fulfilling the Board's responsibilities. The Chief Executive Officer is involved in this process by updating the Chairman of the Board and the Board in its entirety regarding the day-to-day management of the Company. While the Company has established separate roles for the Chairman of the Board and Chief Executive Officer, they both play a vital role in the management of the Company and must work closely in order to maximize the Company's potential.

Our Corporate Governance Guidelines provide that (i) a majority of the directors of the Company shall be "independent directors" as that term is defined in the Corporate Governance Rules of the NASDAQ Global Market, Inc., (ii) the Chief Executive Officer will be the only employee of the Company who also serves as a director of the Company, and (iii) the Chairman of the Board should be a non-management, independent director.

As described above under "Independence," eight of our nine directors are independent. In addition, all of the directors on each of the Audit Committee, Compensation Committee, and Nominating and Governance Committee are independent directors and all of the committees, including the Executive Committee, is led by an independent chair. The independent directors meet in executive session (with no management directors or management present) on a regular basis (typically at the time of each quarterly board meeting) and upon the request of one or more independent directors.

Table of Contents

We have employed this leadership structure since becoming publicly traded in August 2003. We believe that (i) having a separate Chairman and Chief Executive Officer, (ii) a board with a majority of independent directors who regularly meet in executive session, (iii) an Audit Committee, Compensation Committee and Nominating and Governance Committee composed entirely of independent directors, and (iv) independent chairs for the Board's Audit Committee, Compensation Committee, Nominating and Governance Committee, and Executive Committee, provides the Board with the best form of leadership for ensuring that the Board has the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management.

Board Role in Risk Oversight

The Board recognizes that it has the primary responsibility for risk oversight, with the Board's standing committees supporting the Board by addressing the risks inherent in their respective areas of oversight. In meeting its responsibilities, the Board seeks to (i) concentrate on the broader implications of a strategic direction, while allowing the committees to focus on specific areas of risk, (ii) ensure that management has implemented appropriate systems to manage risk, and (iii) ensure that it is providing effective risk oversight through its committee structure and oversight processes.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

The Compensation Committee believes that the compensation paid to its executive officers should assist the Company in attracting and retaining talented leaders and encouraging a high level of effective and ethical management in the best interests of the Company and its stockholders, while at the same time avoiding the encouragement of unnecessary or excessive risk taking. To this end, the Compensation Committee strives to ensure that the Company's executive compensation program is competitive with that of similarly situated companies and rewards the achievement of short and long-term goals that align the interests of its executives and stockholders in seeking to increase stockholder value. Throughout this Proxy Statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal year 2012, as well as the other individuals included in the "Summary Compensation Table" below, are referred to as the "named executive officers."

Chief Executive Officer's Role in the Compensation Decision Process

The Compensation Committee considers recommendations from the Chief Executive Officer with respect to the named executive officers' base salaries and the performance measures to be utilized under the Company's short-term incentive compensation plan. In making his recommendations, the Chief Executive Officer utilizes the materials prepared by Towers Watson described below, including the peer group analysis, and completes an objective and subjective review of each executive's responsibilities and performance over the prior year. The Chief Executive Officer plays no role in the compensation process with respect to his own compensation.

Establishing Compensation Levels

The Compensation Committee ordinarily meets during the first half of each year to establish the base salaries for each of the executive officers and to approve incentive awards for the previous year based upon previously established performance goals. All changes to base salaries are typically effective on July 1 for the year in which they are set. The Compensation Committee typically authorizes the grant of awards at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-end.

During the first half of the year, the Compensation Committee also typically establishes incentive goals for the current year based upon the Chief Executive Officer's recommendations.

The Compensation Committee is authorized to retain the services of independent advisors to assist it in carrying out its responsibilities. In 2012, the Compensation Committee engaged Towers Watson, a national compensation consulting firm, to prepare a general update concerning executive and director compensation trends. The general update included trends with respect to (i) pay for executives serving in the positions of chief executive officer and chief financial officer, (ii) the alignment of pay versus performance, (iii) annual and long-term incentive plan design, (iv) severance and employment contract practices, and (v) perquisites and benefits. The sample data utilized in the general update included (i) 225 Fortune 1000 companies that had filed proxies by late March 2012, (ii) 171 individuals serving in the position of chief executive officer during the past three years, and (iii) 148 continuous incumbents serving in the position of chief financial officer.

The general update was intended to complement a competitive assessment of certain executive positions within the Company and its subsidiaries, including those positions held by the named executive officers, that had been prepared by Towers Watson at the request of the Compensation Committee in 2011. The assessment prepared by Towers Watson in 2011 included a proxy analysis of 14 publicly-traded transportation industry competitors and regional airlines for the Company's named executive officers ("peer group analysis"). The companies utilized in the peer group analysis were:

- AirTran Holdings, Inc.
- Alaska Air Group, Inc.
- Atlas Air Worldwide Holdings, Inc.
- Forward Air Corp.
- Hawaiian Holdings, Inc.
- Hub Group, Inc.
- JetBlue Airways Corp.
- Pacer International, Inc.
- Park Ohio Holdings Corp.
- Pinnacle Airlines Corp.
- Republic Airways Holdings, Inc.
- Sky West, Inc.
- US Airways Group, Inc.
- UTi Worldwide, Inc.

The assessment also included transportation/services and general industry survey data published by Towers Watson, which was adjusted to reflect ATSG's revenue size. The services industry data was used when transportation data was not available. Neither ATSG nor Towers Watson created any specific peer groups from the survey data for benchmarking purposes. In addition to the peer group analysis and survey data, the assessment also included information regarding general executive compensation trends.

The assessment established compensation guidelines for the named executive officers, providing data on the 25th, 50th (median) and 75th percentile pay levels in the competitive market. The Compensation Committee has identified the 50th (median) percentile as the targeted pay level.

The Compensation Committee, in consultation with the Chief Executive Officer, utilized the general update and competitive assessment, in evaluating the ongoing competitiveness of the Company's compensation arrangements for 2012. In this regard, the peer group analysis contained in the competitive assessment constituted a material component of the Compensation Committee's evaluation of the Company's compensation arrangements for 2012 with respect to the named executive officers.

To minimize the potential for conflicts of interest, our policy is to limit the use of Towers Watson to only executive compensation and benefits matters. Further, the Compensation Committee has the sole authority to retain or terminate Towers Watson as the Committee's executive compensation consultant and to approve its fees and other terms of engagement. In connection with its engagement of Towers Watson, the Compensation Committee considered various factors bearing upon Towers Watson's independence, including, but not limited to, the amount of fees received by Towers Watson from the Company as a percentage of Towers Watson's total revenues, Towers Watson's policies and procedures designed to prevent and mitigate conflicts of interest, and the existence of any business or personal relationships that could impact Towers Watson's independence. After reviewing these and other factors, the Compensation Committee determined that Towers Watson was independent and that its engagement did not present

any conflicts of interest. Towers Watson also provided the Company with a written statement in which it indicated its belief that it serves as an independent advisor to, and has no conflicts of interest involving, the Company.

Compensation and Risk

The Board of Directors, in consultation with the Compensation Committee and management, believes that the Company's compensation policies and practices, including the Company's executive compensation program, do not create risks that are reasonably likely to have a material adverse effect on the Company. The Board believes that the following characteristics of the Company's compensation policies and practices are effective in reducing the possibility of the executive officers, individually or as a group, making excessively-risky business decisions that could maximize short-term results at the expense of long-term value:

The base salaries the Company pays to its executive officers are generally consistent with salaries paid for comparable positions in the Company's industry, and provides the Company's executive officers with a steady income while reducing the incentive to take risks in pursuit of short-term benefits.

The Company's short-term and long-term incentive compensation plans are well-defined and based on non-discretionary formulas that respectively cap the maximum bonus and shares that may be earned, thereby reducing the incentive for excessive risk taking.

The Company's executive compensation program is designed to include a significant level of long-term incentive compensation, which discourages short-term risk taking.

The performance period and vesting schedule for long-term incentives overlap, which reduces the motivation to maximize performance in any one period.

The Compensation Committee retains an external executive compensation consultant at least every two years to advise it on market practices and the suitability of its compensation actions and decisions.

The Company has adopted a Code of Ethics for the Chief Executive Officer and Chief Financial Officer, a Code of Conduct for Conducting Business and a Corporate Compliance Plan that are designed to reinforce the balanced compensation objectives established by the Committee.

The Company has adopted stock ownership guidelines for its executive officers, which the Board believes helps to align the interests of the executive officers with the interests of stockholders, and thereby discourages excessive risk taking.

With the exception of change-in-control agreements, the Company does not maintain employment or severance agreements with any of the named executive officers. Each of the named executive officers is employed at will and is expected to perform in order to continue serving as a member of the executive team.

Advisory Votes on Executive Compensation

At the Annual Meeting in 2011, the Company held an advisory vote on the executive compensation reported in its proxy statement for that year as well as an advisory vote on the frequency of future advisory votes on executive compensation. At that meeting, the Company's stockholders approved the advisory resolution on the Company's executive compensation as reported in its proxy statement for 2011 and also voted to conduct future advisory votes on executive compensation every year. Similarly, at the Annual Meeting in 2012, the Company held, and the Company's stockholders approved, an advisory resolution on the Company's executive compensation as reported in its proxy statement for 2012. While the advisory resolutions are non-binding, the Compensation Committee and the Board of Directors intends to review and consider the voting results with respect to advisory votes on executive compensation when making future decisions regarding the Company's executive compensation program and to hold future advisory votes on executive compensation every year.

Table of Contents

Components of Executive Compensation for 2012

The Company's executive compensation and benefits package consists of direct compensation (base salary, short-term cash incentives and long-term equity-based incentives) and Company-sponsored retirement and benefit plans. The components of the named executive officers' compensation packages are designed to contribute to a total package that is competitive, appropriately performance-based, and valued by the Company's executive. The Compensation Committee strives to align the mix of executive officer compensation between cash and non-cash or short-term and long-term incentive compensation with the competitive benchmarking described above.

At the Annual Meetings in 2011 and 2012, the Company's stockholders overwhelmingly approved an advisory resolution on the Company's executive compensation as reported in its proxy statement for those years.

Base Salary

The Company provides the named executive officers with a base salary to compensate them for services rendered during the fiscal year. The Compensation Committee determines the base salary for the Chief Executive Officer and the other named executive officers, although the latter are determined in consultation with the Chief Executive Officer. The Compensation Committee typically reviews the base salaries of the named executive officers sometime during the first half of the year as part of the Company's performance review process, as well as in the event of a promotion or other change in job responsibilities. This review primarily takes into account a compensation analysis, such as the Towers Watson analysis described above; an internal review of the executive's compensation, both on an individual basis and relative to other executives; and the individual performance of the executive, as evaluated by the Chief Executive Officer. The Compensation Committee intends to review the base salaries of the Company's named executive officers during the first half of 2013.

The base salaries paid to the named executive officers in 2012 are set forth in the "Salary" column of the "Summary Compensation Table" below.

Short-Term Incentive Compensation

During 2012, the Company's executives, including the named executive officers, had the potential to earn incentive compensation under the Company's Executive Incentive Compensation Plan (the "EIC Plan"). The purpose of the EIC Plan is to incentivize executive management to achieve short-term corporate goals. Under the EIC Plan, participants are eligible to receive a cash bonus utilizing a non-discretionary formula that establishes a bonus amount, expressed as a percentage of base salary, based upon the extent of achievement of performance measures that are prescribed under the EIC Plan. The performance measures selected, and the relevant weight given to each such performance measure, may vary by participant, provided that (i) unless otherwise determined by the Compensation Committee, bonuses will be based on at least two performance measures, and (ii) one of the performance measures will be earnings before interest and taxes. The cash-incentive bonus opportunity for each participant varies depending upon the position held and ranges from 4% to 130% of the participant's base salary earned during the year. The threshold, target and maximum bonus potentials for the named executive officers in 2012, included the following:

Named Executive Officer	Threshold	Target	Maximum
Joseph C. Hete	4% of base salary	78% of base salary	130% of base salary
Quint O. Turner	4% of base salary	60% of base salary	100% of base salary
W. Joseph Payne	4% of base salary	60% of base salary	100% of base salary
Richard F. Corrado	4% of base salary	60% of base salary	100% of base salary

The Compensation Committee determines the performance measures, and the extent of the achievement thereof, for the Chief Executive Officer. The Chief Executive Officer, in consultation with the Compensation Committee, determines the performance measures, and the extent of the achievement thereof, for the other named executive officers.

The performance measures pertaining to Messrs. Hete, Turner, Payne and Corrado for 2012 were based upon the Company's earnings before interest and taxes ("ATSG EBIT") and the achievement of goals associated with the other matters described in the following table (the "Other Performance Measures"). The Compensation Committee determined that Messrs. Hete, Turner, Payne and Corrado (i) had achieved 81% of the performance measure based on

ATSG EBIT,

and (ii) had respectively achieved 85%, 100%, 95% and 80% of the goals associated with the Other Performance Measures. The following table shows for each of the named executive officers (i) the performance measures utilized; (ii) the relevant weight given to the performance measures based on ATSG EBIT and in the aggregate for the Other Performance Measures; (iii) the potential bonus amounts, at threshold, target and maximum, for the achievement of the performance measures based on ATSG EBIT, and in total for the Other Performance Measures; and (iv) the actual cash incentive bonus achieved for the performance measures under the EIC Plan for 2012:

Long-Term Incentive Compensation

The Company's executives, including the named executive officers, and senior management are eligible to participate in the Company's omnibus long-term incentive plan entitled the Air Transport Services Group, Inc. Amended and Restated 2005 Long-Term Incentive Plan (the "LTI Plan"). The purpose of the LTI Plan is to foster and promote the long-term financial success of the Company, to reward performance and to increase stockholder value by providing participants appropriate incentives and awards, to enable the Company to attract and retain the services of outstanding individuals, to encourage stock ownership in the Company, and to align the interests of management and directors with that of stockholders. The LTI Plan authorizes a wide range of equity awards, including stock options, restricted stock awards, restricted stock units, stock awards, stock appreciation rights and performance-based awards payable in shares or cash and other forms of equity compensation.

Since the approval of the LTI Plan, the Compensation Committee has granted restricted stock awards and performance-based stock unit awards to the Company's named executive officers and other executives and members of the senior management group on an annual basis under the terms of the LTI Plan. The amount of the total long-term incentive grants to be received by each named executive officer is typically determined by multiplying the officer's base salary by a percentage, the latter of which depends on the position held. The percentage is 100% in the case of the Chief Executive Officer (Mr. Hete), and 80% (70% for awards granted prior to 2011) in the case of the Chief Financial Officer (Mr. Turner), the Sr. Vice President, Corporate General Counsel & Secretary (Mr. Payne) and the Chief Commercial Officer (Mr. Corrado). The restricted stock awards and performance-based stock unit awards are divided evenly, so that half of the long-term incentive compensation value is delivered in restricted stock and half is delivered in performance-based stock units. The number of shares of restricted stock and performance-based stock units to be received is determined by dividing the value derived above by the stock price on the date of grant, provided, however, that in order to ensure that adequate share reserves are maintained under the LTI Plan, an assumed stock price of \$3.00 per share will be used whenever the stock price is trading below that amount as of the date of grant. The Compensation Committee typically authorizes the grant of awards at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-end.

Restricted Stock Awards

Under the restricted stock award agreements, shares of stock are issued in the name of each of the participant employees, but are held in escrow until they fully vest. Ordinarily, the vesting period is approximately 34 months from the date of grant. The employees may exercise any voting rights associated with the restricted stock while in escrow, and any dividends paid on the restricted stock are also held in escrow and paid once they are fully vested. The restrictions will be removed and the stock distributed to the employees if they are actively employed at the end of the vesting period, but may be settled earlier or forfeited in certain limited circumstances under the terms of the award agreements.

The number of shares of restricted stock that were granted to each of the named executive officers during fiscal year 2012, all of which will vest at the end of the restriction period, are set forth in the "All Other Stock Awards: Number of Shares of Stock or Units" column of the "Grants of Plan-Based Awards Table" below.

Performance-Based Stock Unit Awards

Under the performance-based stock unit award agreements, the performance units will be converted to an equal number of shares of common stock and paid out or forfeited, depending upon whether and the extent to which certain performance criteria are met during the performance period. The performance period is ordinarily 36 months. The performance-based stock units consist of two types—stock performance units and return-on-invested-capital ("ROIC") units. The agreements contain an equal number of stock performance units and ROIC units. The performance criteria for the stock performance units are based upon the extent to which the appreciation in the Company's stock during the performance period equals or exceeds the total stockholder return performance of the NASDAQ Transportation Index during the same period. Each award agreement contains the following chart, setting forth when the awards are earned or forfeited:

If, on December 31, [. . .], the Company's stock performance is . . .	You will receive the following number of shares of Company stock . . .

At the 75th or higher percentile of the NASDAQ Transportation Index (maximum Stock Performance Unit Level) . . .	#

For performance outcomes between the 40th percentile and the 75th percentile levels, actual awards will be interpolated.

The ROIC units are based upon how the Company's average return on invested capital during the performance period compares to the levels specified under the award agreements. Each award agreement contains the following chart, setting forth when the awards are earned or forfeited:

Long-Term Incentive Compensation Grants for 2013

The Compensation Committee authorized the grant of awards under the LTI Plan for 2013 at the close of the market on the third full trading day after the issuance of the Company's earnings for the fourth quarter and year-ended December 31, 2012. On that date, which was March 4, 2013, the named executive officers were granted the following awards:

	Equity Incentive Plan Awards: Number of Unearned Shares, Units or Other Rights That Have Not Vested (#) ⁽¹⁾			Equity Incentive Plan Awards: Market or Payout Value of Unearned Shares, Units or Other Rights That Have Not Vested (\$) ⁽²⁾		
	Restricted Stock	Return on Invested Capital Units	Stock Performance Units	Restricted Stock	Return on Invested Capital Units	Stock Performance Units
Joseph C. Hete	47,600	23,800	23,800	\$259,896	\$129,948	\$129,948
Quint O. Turner	21,600	10,800	10,800	117,936	58,968	58,968
W. Joseph Payne	20,000	10,000	10,000	109,200	54,600	54,600
Richard F. Corrado	18,500	9,250	9,250	101,010	50,505	50,505

(1) The amounts shown reflect the number of shares of restricted stock and performance-based stock units that were granted to each of the named executive officers for fiscal year 2013 under the Company's LTI Plan. In addition, the amounts shown for the performance-based stock units were computed based on the probable outcome of the performance conditions as of the grant date. The LTI Plan is described in further detail above under the heading "Long-Term Incentive Compensation." The grants will vest on December 31, 2015.

(2) The amounts shown were calculated using a per share value of \$5.46, the closing market price of our common stock on March 4, 2013. In addition, the amounts shown for the performance-based stock units were computed based on the probable outcome of the performance conditions as of the grant date. Assuming the highest level of outcome, the maximum value for each of the performance-based stock units would be: Hete (\$194,922), Turner (\$88,452), Payne (\$81,900) and Corrado (\$75,758).

Equity Compensation Plan Information

The following table sets forth, for the LTI Plan, the number of shares of common stock subject to outstanding performance-based stock units and the number of shares remaining available for future award grants, in each case, as of March 13, 2013.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants, and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in the First Column)

Total	2,100,660	N/A	1,856,104

Stock Ownership Guidelines

To better align the interests of the Company's executives, including the named executive officers, with the interests of stockholders, the Committee requires that certain executives, including the named executive officers, maintain a minimum ownership interest in the Company. The amount of stock required to be owned and retained is based on the

minimum number of shares totaling in value as of the date of grant or purchase (including restricted stock granted under the LTI Plan) and a multiple of the executive's base salary, which multiple depends upon the position held.

Company-Sponsored Retirement and Benefit Plans

Retirement Plans

ATSG and its subsidiaries maintain several retirement plans for their executives, including the named executive officers, and other employees that are not covered by a collective bargaining agreement. These plans are designed to help the Company retain and attract employees for key positions. Among these, the named executive officers participate in one or more of the following plans: (i) the ABX Air Capital Accumulation Plan, which is both a defined contribution 401(k) plan (the "CAP 401(k) 5%") and a voluntary 401(k) salary deferral plan (the "CAP 401(k)"), (ii) the ABX Air Retirement Income Plan (the "ABX RIP"), which is a defined benefit pension plan, (iii) the ABX Air Profit Sharing Plan (the "ABX PSP"), which is a defined contribution plan (no contributions have been made to this plan for non-union employees or union employees since December 31, 1999 and December 31, 2009, respectively), and (iv) the ABX Supplemental Executive Retirement Plan (the "SERP"), a non-qualified and unfunded plan that provides for benefits in excess of statutory limits.

All eligible full and part-time non-union employees of ATSG, including the named executive officers, who complete one year of service and work at least 1,000 hours during the year receive a company contribution to the CAP 401(k) 5%. Under the CAP 401(k) 5%, employees that have completed three continuous years of employment with the Company and worked at least 1,000 hours each year earn the right to receive benefits upon termination. Contributions are calculated as the product of 5% of eligible annual pay for each year of service, and the contributions are deposited in the CAP 401(k) 5%.

Similarly, all full and part-time non-union employees of ATSG, including the named executive officers, are also eligible to participate in the CAP 401(k), which is a 401(k) plan that allows voluntary deferrals of up to 75% of an employee's pay, subject to IRS income limits. Prior to April 1, 2010, the CAP 401(k) provided matching funds to participants based on the participant's rate of deferral. The match was 35% of the first 6% of deferred pay (up to the IRS compensation limits). In addition, there was an opportunity for an incentive match of up to 25% of the first 6% of deferred pay (up to the IRS compensation limits). On April 1, 2010, the matching contributions were discontinued for all groups.

Messrs. Hete, Turner and Payne are eligible to receive benefits under the ABX RIP. The ABX RIP is a floor offset pension plan that works in step with the ABX PSP. Under the ABX RIP, all eligible full and part-time non-union employees of ATSG that have completed five continuous years of employment with the Company earn the right to receive benefits upon termination at the normal retirement age of 65 or reduced benefits upon early retirement, on or after age 55, with 10 or more years of service. Retirement benefits are calculated as the product of 2% times the final average annual eligible pay for the first 25 years of service and 0.5% times the final average annual eligible pay for each year after the first 25 years of service, less the actuarial equivalent of the ABX PSP balance. The ABX RIP was frozen on January 14, 2010, and, as such, no years of service or average monthly compensation has been credited to the participants since that date in determining the benefit available under the ABX RIP.

In addition, Messrs. Hete, Turner and Payne are eligible to participate in the SERP. The SERP provides an age 62 targeted benefit of 50% of a participant's Final Average Earnings (FAEs) for 25 or more years of service, which benefit is reduced by 4% a year for each year of service less than 25 years. In addition, a participant may elect early retirement as early as age 55 provided he or she has at least 10 years of service with the Company. The benefit is reduced by 6% a year for early retirement before age 62. Participants become vested in the SERP after completing 5 years of service with the Company. Prior to the date upon which the SERP was frozen, benefits earned through the formula were offset by benefits from Social Security, the ABX RIP, the ABX PSP and the CAP 401(k) 5%. The SERP was frozen on April 14, 2009. Accordingly, years of service used to calculate the targeted benefit as well as FAEs were frozen as of that date.

Benefit Plans

The core benefit package for the named executive officers and all other employees of the Company includes health, dental, vision, short and long-term disability, group term life insurance, accidental death and dismemberment ("AD&D") insurance, and certain post-retirement benefits. The core benefit package is designed to assist the

Company in retaining and attracting employees for key positions. The core benefit package for all of the employees of ATSG,

23

Table of Contents

including the named executive officers, also includes business travel accident insurance. The named executive officers participate in the Company's benefit plans on the same basis as all other Company employees, except to the extent described under the heading "Retirement Plans" and "Potential Payments upon Termination or Change in Control."

Change-in-Control Agreements

The Company has entered into change-in-control agreements with certain of its executives, including the named executive officers. Information regarding applicable payments under such agreements for the named executive officers is set forth under "Potential Payments Upon Termination or Change in Control" below.

Financial Restatements

Certain bonuses and equity compensation received by the Chief Executive Officer and Chief Financial Officer must be forfeited as required by applicable law if the Company is required to prepare an accounting restatement due to material non-compliance by the Company, as a result of misconduct, with any financial reporting requirements under the securities laws.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its evaluation, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under its incentive compensation plans are generally fully deductible for federal income tax purposes. However, in certain situations, the Compensation Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its officers. The Compensation Committee believes that all of the compensation earned in 2012 by the Company's executives, including the named executive officers, will be deductible.

Accounting for Stock-Based Compensation

The Company began accounting for stock-based payments in accordance with the requirements of FASB ASC Topic 718, beginning with the initial grant of awards under the Company's Amended and Restated 2005 Long-Term Incentive Plan.

This report will not be deemed to be incorporated by reference by any general statement incorporating this Proxy Statement into any filing of the Company with the SEC under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this information by reference and will not be deemed soliciting material or deemed filed under those Acts.

The Compensation Committee of the Board of Directors has reviewed and discussed the Company's Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's definitive proxy statement on Schedule 14A for its 2013 Annual Meeting, which is incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, each as filed with the Securities and Exchange Commission.

The amounts shown reflect the aggregate grant date fair value, in accordance with FASB ASC Topic 718, of restricted stock and performance-based stock units under the LTI Plan. The amounts shown for the performance-based stock units were computed based on the probable outcome of the performance conditions as of the grant date. Assuming the highest level of outcome, the maximum value of the performance-based stock units in 2012 would have been: Hete (\$699,468), Turner (\$295,230), Payne (\$280,090) and Corrado (\$258,894). Assuming the highest level of outcome, the maximum value of the performance-based stock units in 2011 would have been: Hete (\$870,533), Turner (\$411,402), Payne (\$397,713) and Corrado (\$232,713). Assuming the highest level of outcome, the maximum value of the performance-based stock units in 2010 would have been: Hete (\$588,000), Turner (\$249,760), Payne (\$216,160) and Corrado (\$134,400). Assumptions used in the calculation of these amounts are included in Note L to the Company's audited financial statements for the fiscal year ended December 31, 2012, included in the Company's Annual Report on Form 10-K filed with the SEC on March 4, 2013. The LTI Plan is described in further detail above under the heading "Long-Term Incentive Compensation."

The amounts shown reflect the award of cash incentive compensation on March 22, 2013, March 16, 2012 and March 15, 2011, under the EIC Plan. The EIC Plan is described in further detail above under the heading "Short-Term Incentive Compensation."

- The amounts shown reflect the respective actuarial increases in the present value of the named executive officers' benefits under the ABX RIP and the SERP, determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. The SERP provides an age 62 targeted benefit of 50% of a participant's Final Average Earnings (FAEs) at 25 years of service. For each year of service below 25 years, a 4% per year reduction factor is applied. If a participant retires between ages 55 and 62, an additional 6% per year reduction factor is applied. The new targeted 50% benefit is offset by the ABX RIP (before the ABX PSP offset) or the actuarial equivalent of the CAP 401(k) 5% employer contribution and an estimated Social Security benefit based on the maximum amount. If a participant terminates prior to age 55, the SERP benefit will be payable at age 55. If a participant does not have 5 years of service at termination, they are not eligible for a SERP benefit. The SERP benefit will be paid as a lump sum based on RP 2000 annuitant mortality projected to 2018 and 5.55% interest. The increase in annual change in pension value and non-qualified deferred compensation in 2011 as compared to 2010 for Messrs. Hete, Turner and Payne was primarily attributable to the lower market discount rates in 2011. Mr. Corrado does not participate in the ABX RIP or the SERP.
- The amounts shown reflect the value of matching contributions allocated by the Company to each of the named executive officers pursuant to the CAP 401(k) 5%, the dollar value of life insurance premiums paid by the Company for the benefit of each of the named executive officers, relocation assistance paid by the Company, and commuting and temporary living expenses paid by the Company for each named executive officer, as follows:
- The amounts for Mr. Hete include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$12,500, \$12,250 and \$21,070 for 2012, 2011 and 2010, respectively) and the dollar value of life insurance premiums paid by the Company (\$3,370, \$2,592 and \$2,722 for 2012, 2011 and 2010, respectively).
- The amounts for Mr. Turner include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$12,500, \$12,250 and \$21,070 for 2012, 2011 and 2010, respectively) and the value of life insurance premiums paid by the Company (\$1,853, \$1,788 and \$1,659 for 2012, 2011 and 2010, respectively).
- The amounts for Mr. Payne include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$12,500, \$12,250 and \$21,070 for 2012, 2011 and 2010, respectively) and the value of life insurance premiums paid by the Company (\$1,737, \$1,685 and \$1,555 for 2012, 2011 and 2010, respectively).
- The amounts for Mr. Corrado include matching contributions allocated by the Company pursuant to the CAP 401(k) 5% plan (\$12,500 and \$12,250 for 2012 and 2011, respectively), the value of life insurance premiums paid by the Company (\$1,594, \$1,555 and \$907 for 2012, 2011 and 2010, respectively), relocation assistance (\$16,124 and \$170,655 for 2011 and 2010, respectively), commuting expenses (\$8,274, \$43,131 and \$24,615 for 2012, 2011 and 2010, respectively) and housing and other living expenses (\$9,391, \$18,341 and \$10,541 for 2012, 2011 and 2010, respectively).

Potential Payments Upon Termination or Change in Control**Payments Made Upon Retirement**

Certain of the named executive officers participated in the ABX RIP and the SERP in 2012. These plans are discussed above under the heading “Retirement Plans” and the present value of accumulated benefits payable to each of the named executive officers under these plans is described above under the heading “Pension Benefits Table.”

Further, a pro-rata portion of the award of any performance-based stock units would be paid out to the executive at the end of the performance period.

Payments Made Upon Disability

Under the terms of ATSG's short-term disability plan, each of the named executive officers would be entitled to receive 50% of his annual base salary (up to a maximum of \$1,000 per week) for a six-month period beginning 15 days from the date he first became disabled. In the event the named executive officer continued to be disabled for a period longer than six months, he would be entitled to participate under the Company's long-term disability plan. Under ATSG's long-term disability plan, the named executive officer would be entitled to receive 66 2/3% of his annual base salary (up to a maximum of \$15,000 per month) during the period of disability. The payments would continue until the named executive officer died, ceased to have a disability or reached his normal retirement age for purposes of receiving Social Security benefits. The definition of disability is the same as that used for the disability plans covering all full-time non-union employees of ATSG. Namely, the named executive officer must be unable to perform the material and substantial duties of his occupation. Further, after 24 months, the named executive officer must be unable to perform the duties of any gainful occupation for which he is reasonably fitted by education, training or experience. The disability benefits would be reduced by any benefits payable under the Company's pension plans, social security, workers compensation or via subrogation against a third party. In addition, the restriction on any shares of restricted stock would be removed automatically and the stock distributed to the named executive officer in the event that he were to become disabled. Further, a pro-rata portion of the award of any performance-based stock units would be paid out to the named executive officer at the end of the performance period.

Payments Made Upon Death

In the event of the death of a named executive officer, his surviving spouse would receive those amounts that have accrued and vested under the ABX RIP and the SERP in the form of a 50% joint and survivor benefit and his beneficiaries would receive those amounts that have accrued and vested under the ABX PSP, which benefit plans are discussed above in this Proxy Statement, including under the headings "Summary Compensation Table" and "Pension Benefits." In addition, the named executive officer's beneficiaries would receive life insurance proceeds in the amount of 2 1/2 times his annual base salary, rounded up to the next \$10,000, up to a maximum of \$1,500,000. Further, in the event the cause of death was attributable to an accident, the beneficiaries would receive an additional 2 1/2 times the named executive officer's annual base salary, rounded up to the next \$10,000, up to a maximum of \$1,500,000 over and above the life insurance benefit. Further, in the event the cause of death was attributable to an accident while traveling on company business, the beneficiaries would receive an additional 2 times annual base salary, rounded up to the next \$1,000, up to a maximum of \$500,000 over and above the life insurance benefit and accidental death benefit.

In addition, the restriction on any shares of restricted stock would be removed automatically and the stock distributed to the named executive officer's beneficiaries in the event of his death. Further, a pro-rata portion of the award of any performance-based stock units would be paid out to the named executive officer's beneficiaries at the end of the performance period.

Payments Upon Change In Control

The Company has entered into change-in-control agreements with certain of its executives, including the named executive officers, as described below under the heading "Potential Payments Upon Termination or Change in Control Table." The purpose of the agreements are to assist in retaining the executives and better enable them to function effectively without distraction in the event that uncertainty as to the future control of the Company and/or a subsidiary should arise as the result of a merger proposal or acquisition attempt by third parties. The agreements provide that, in the event of a change in control of the Company or the subsidiary that employs the executive, the executive will have the right to remain employed, at not less than his respective rate of compensation in effect as of the date of the change in control, for at least four years thereafter.

A change in control is generally defined in the agreements as (i) the direct or indirect acquisition by any person of a greater than 50% ownership interest in or voting power over the Company or the subsidiary of the Company that employs the executive, (ii) the direct or indirect acquisition by any person, within any 12 month period, of a 30% or

more ownership interest in or voting power over the Company or the subsidiary of the Company that employs the

31

executive, (iii) a majority of the members of the Board are replaced during any 12 month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election, or (iv) the acquisition by any person, within any 12 month period, of assets from the Company or the subsidiary of the Company that employs the executive that have a total gross fair market value equal to or more than 40% of the total gross fair market value of all of the assets of the Company or the subsidiary, as applicable.

The agreements generally provide that, if an executive is terminated without “cause” (defined as willful and continued failure to perform duties after demand from the Board, or willful or gross misconduct) within four years after a change in control, the Company must pay the executive, in addition to all accrued compensation, the equivalent of two years’ (three years’ in the case of the Chief Executive Officer) salary and bonus. In addition, the executive is entitled to the continuation of his group health insurance coverage and certain other benefits for the remainder of the term of the agreement, reimbursement for outplacement services and, if a participant, increased benefits under the SERP. Further, in the event that the change in control benefits subject the named executive officer to excise tax on excess parachute payments as outlined under Sections 280G and 4999 of the Internal Revenue Code, the Company will make a tax gross-up payment to reimburse the named executive officer for the excise tax and associated income taxes. The Company or subsidiary that employs the executive is required to provide the same additional compensation and benefits described above in the event an executive officer resigns due to a material reduction by his employer in his salary, authority, duties or responsibilities or a material change in the geographic location of his employment. In the event of a change in control, the restrictions on any shares of restricted stock will lapse and the stock will be distributed. In addition, the performance objectives imposed on any performance-based stock units will be deemed to have been met at the threshold level or any higher level actually achieved as of the date of the change in control (“Accelerated Units”) and the executive will receive cash or stock (depending on the nature of the change in control) as if the performance period ended on the date of the change in control. The amount awarded with respect to performance-based stock units will be determined by multiplying the Accelerated Units by the number of whole months between the beginning of the performance period and the date of the change in control divided by the number of whole months in the performance period.

Potential Payments Upon Termination or Change in Control Table

The table below shows potential payments to each of the named executive officers upon (i) retirement, (ii) disability, (iii) death or (iv) termination upon a change in control of the Company. The amounts shown assume that a termination was effective as of December 31, 2012 and are estimates of the amounts that would be paid to the executives upon their termination in addition to the base salary and bonus earned by the executives during 2012 and any applicable pension amounts payable to the executive officers described above under the headings “Pension Benefits” and “Pension Benefits Table.” The actual amounts that would be paid can only be determined at the actual time of an executive’s termination.

- (1) This amount represents the value of long-term disability payments for one year. However, the executive officer would receive short-term disability benefits for the first six months of any disability, which in the case of the named executive officers would constitute 50% of their base salary (up to a maximum of \$1,000 per week). This amount assumes the cause of death was not attributable to an accident. The following amounts would be paid to the executive officers' beneficiaries in the event the cause of death was attributable to an accident: Hete (\$2,600,000), Turner (\$1,480,000), Payne (\$1,380,000) and Corrado (\$1,260,000). Further, the following amounts would be paid to the executive officers' beneficiaries in the event the cause of death was attributable to an accident while traveling on business: Hete (\$3,100,000), Turner (\$1,980,000), Payne (\$1,880,000) and Corrado (\$1,760,000).
- (2) These amounts were calculated using a per share value of \$4.01, the closing market price of our common stock on December 31, 2012. Mr. Hete became eligible for early retirement as of April 3, 2009.

- (4) These amounts were calculated using a per share value of \$4.01, the closing market price of our common stock on December 31, 2012. In addition, the performance-based stock units awarded in 2011 and 2012 were valued at the maximum amount for the stock performance units and the target amount for the ROIC units. Mr. Hete became eligible for early retirement as of April 3, 2009.
- (5) This amount constitutes the equivalent of two years' (three years' in the case of Mr. Hete) salary and bonus for the executive officer as well as the cash value of contributions that the Company would have made on his behalf for a 3-year period under the CAP 401(k) 5%.
- (6) The amount contained in the "Retirement" column for Mr. Hete constitutes the cumulative value of the portion of his retiree medical coverage that the Company would have paid on his behalf until he reaches age 65, and is merely intended as an estimate. Mr. Hete became eligible for early retirement as of April 3, 2009. The amount contained in the "Termination Without Cause or for Good Reason Under an Employment Agreement or After a Change in Control" column reflects the value of COBRA continuation coverage for the 4-year term of the change-in-control agreement and is merely intended as an estimate. Under the change-in-control agreement, the Company will pay the executive officer's health insurance premiums for the remaining term of the agreement, provided that the executive has elected COBRA continuation coverage, and at the end of such continuation coverage period shall arrange for the executive to receive health benefits substantially similar to those which the executive was receiving immediately prior to the termination of the coverage period.
- (7) This amount constitutes the value of life, AD&D, short-term disability and long-term disability insurance premiums that the Company would have paid on the executive officer's behalf for the 4-year term of the change-in-control agreement and is merely intended as an estimate.
- (8) This constitutes the maximum amount that the Company will pay or reimburse to the executive officer for job outplacement services under the terms of the change-in-control agreement.

PROPOSAL 2

AMENDMENT OF CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD
AND PROVIDE FOR THE ANNUAL ELECTION OF DIRECTORS

We are asking stockholders to adopt and approve an amendment to our Certificate of Incorporation to declassify the Board. The Board believes that declassification of our Board is advisable and in the best interests of our stockholders. The Board, upon the recommendation of the Nominating and Governance Committee, has unanimously approved the proposed amendment, and recommends that the Company's stockholders approve the proposed amendment.

Our Certificate of Incorporation currently provides that the Board shall be divided into three classes, with members of each class of directors serving a three-year term. The classification of the Board results in staggered elections, with a different class of directors standing for election each year. Any additional director of any class elected to fill a newly created Board seat or a vacancy in that class holds office for a term that coincides with the remaining term of that class.

The Nominating and Governance Committee and the Board regularly evaluates all of our corporate governance policies and practices to ensure that such policies and practices, including the mechanism for the annual election of directors, remain in the best interests of the Company and our stockholders. The classification of directors has historically been widely viewed as benefiting stockholders by, among other things, promoting continuity and stability in the management of the business and affairs of a company and encouraging persons considering unsolicited tender offers, or other unilateral takeover actions, to negotiate with the target company's board of directors rather than pursue non-negotiated takeover attempts. While the Board believes these are important benefits, the Board also recognizes the benefit of providing stockholders an annual opportunity to express in a meaningful way their views on the performance of our directors. In reaching its recommendation, the Nominating and Governance Committee and the Board also considered the growing sentiment among stockholders and the investment community in favor of annual elections.

If the amendment to our Certificate of Incorporation is adopted and approved by the stockholders, the classified board structure would be eliminated in a manner that does not affect the unexpired terms of the previously elected directors. Commencing with the elections at our 2014 Annual Meeting, our directors would be elected for one-year terms rather than three-year terms as follows:

- the directors elected at our 2011 Annual Meeting will serve out their current three-year
- (i) term and, if nominated, will next stand for election at our 2014 Annual Meeting, for a one-year term;
- the directors elected at our 2012 Annual Meeting will serve out their current three-year
- (ii) term and, if nominated, will next stand for election at our 2015 Annual Meeting, for a one-year term; and
- the directors elected at the 2013 Annual Meeting will serve for a three-year term and, if
- (iii) nominated, will next stand for election at our 2016 Annual Meeting, for a one-year term.

The description of the proposed amendment to our Certificate of Incorporation is a summary and is qualified by and subject to the full text of the proposed amendment, which is attached to this Proxy Statement as Appendix A. Additions of text to our Certificate of Incorporation contained in Appendix A are indicated by underlining and deletions are indicated by strike-outs.

In addition, the Board, upon the recommendation of the Nominating and Governance Committee, has provisionally approved amendments to our Bylaws to be implemented in conjunction with the proposed declassification of the Board. The proposed amendment to our Bylaws is attached to this Proxy Statement as Appendix B. Additions of text to our Bylaws contained in Appendix B are indicated by underlining and deletions of text are indicated by strike-outs. If the proposal to amend the Certificate of Incorporation to declassify the Board is approved by stockholders, the Board will amend and restate the Certificate of Incorporation to reflect the revisions set forth in Appendix A, and the resulting Amended and Restated Certificate of Incorporation will be filed with the Secretary of State of the State of Delaware shortly after the Annual Meeting. If the proposed amendment is not adopted and approved, the Board will remain classified.

Auditor Independence

In considering the nature of the services provided by Deloitte and Touche LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with Deloitte and Touche LLP and the Company's management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

All audit services for 2012 were pre-approved by the Audit Committee. The charter of the Audit Committee provides for pre-approval of all audit and non-audit services performed by the Company's independent registered public accounting firm. PROPOSAL 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement. The Compensation Committee and the Board of Directors believes that the compensation policies and practices of the Company articulated in the "Compensation Discussion and Analysis" contained in this Proxy Statement are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has contributed to the Company's success.

A significant portion of the compensation of our named executive officers is tied closely to the performance of the Company, thus aligning our officers' interests with those of our stockholders. The annual cash bonus paid to our named executive officers under the Company's Executive Incentive Compensation Plan is based in part on the Company's earnings before interest and taxes, a key metric of Company performance and indicator of stockholder return, while the remainder is designed to incentivize and reward the achievement of short-term goals that are more specifically targeted to the named executive officer. The restricted stock and performance-based stock unit awards made to the named executive officers under the Company's Amended and Restated 2005 Long-Term Incentive Plan, as described on page 20, further aligns our executives' interests with our stockholders' interests.

As disclosed under "Stock Ownership Requirements" and "Stock Ownership of Management," each of our named executive officers also owns shares of common stock of the Company, thus giving each of them a direct, vested interest in long-term Company performance and stockholder return. Further, with the exception of change of control agreements, the Company does not maintain employment or severance agreements with any of the named executive officers. Each of the named executive officers is employed at will and is expected to perform in order to continue serving as a member of the executive team.

We urge stockholders to read the "Compensation Discussion and Analysis" beginning on page 15 of this Proxy Statement, which describes in more detail how our executive compensation policies and practices operate and are designed to achieve our compensation objectives, as well as the "Summary Compensation Table" and other related compensation tables and narrative, appearing on pages 26 through 34, which provide detailed information on the compensation of our named executive officers. In accordance with recently adopted amendments to the Securities Exchange Act of 1934 (the "Exchange Act"), we are asking stockholders to approve the following advisory resolution at the 2013 Annual Meeting of Stockholders:

RESOLVED, that the stockholders of Air Transport Services Group, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2013 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Compensation Committee and the Board of Directors will review and consider the voting results when making future decisions regarding our executive compensation program.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION
