Item 5.02(e) Departure of Directors or Certain Officers; Election of Directors Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

A. Compensation of Executive Officers

Upon recommendations made by the Compensation Committee, the Board of Directors (the Board) of Hecla Mining Company (the Company) approved an increase in base salary for each of the Company's named executive officers (in the case of Mr. Phillips S. Baker, Jr., the Company's Chief Executive Officer, the independent members of the Board approved his salary increase), effective June 1, 2008, as follows:

	Annual Salary
Phillips S. Baker, Jr., President & CEO	\$ 445,000
Philip C. Wolf, Senior V.P. General Counsel	\$ 240,000
Ronald W. Clayton, Senior V.P. Operations	\$ 235,000
Michael H. Callahan, V.P.	\$ 205,000

B. Long-Term Performance Payment Plan

We utilize a Long-Term Performance Payment Plan for senior executives and other key employees of the Company. Under the plan, a new performance period begins each calendar year and runs for three years. Upon recommendations made by the Compensation Committee, the Board approved goals for the Hecla Mining Company Executive Senior Management Long-Term Performance Payment Plan for the 2008 – 2010 plan period. The Board also approved the assignment of performance units for the 2008 – 2010 plan period to all executive officers (in the case of Mr. Baker, the independent members of the Board approved his award), as follows:

2008 – 2010 Plan Period

Performance Targets In general, there should be a continued focus on resource growth and cash contribution generation for the 2008 – 2010 plan period. Emphasis will be placed on resource growth for the plan period by weighting resource growth 75% and cash contribution 25% in determining the value of the incentive award at the conclusion of the 2008 – 2010 plan period. Performance targets have been established for resource growth (i.e. gold, silver and silver equivalent resources) and cash contribution generation from the Company’s resources. Base metals will be included in resource additions at 50% of their equivalent silver value. The goal is to incentivize management to focus on resource growth, production and cost management.

Performance Unit Awards The Board assigns performance units at the beginning of each three-year plan period. Upon recommendations made by the Compensation Committee, the Board approved the following performance units for the 2008 – 2010 plan period (in the case of Mr. Baker, the independent members of the Board approved his award):

2

	Units
Phillips S. Baker, Jr., President & CEO	5,600
Philip C. Wolf, Senior V.P. – General Counsel	1,750
Ronald W. Clayton, Senior V.P. – Operations	1,750
Michael H. Callahan, V.P.	1,300
James A. Sabala, Senior V.P. & CFO	1,435

Performance Award Value The value of performance units can range from \$0 to \$275 per unit, depending on performance. This represents an increase of up to \$75 per unit compared to prior years, when the value of performance units ranged from \$0 to \$200 per unit. Assuming both targets are met at the 100% level, performance unit terminal value would be \$100/unit. For example, assuming both resource growth and cash flow targets are met, the performance award valuation would be as follows:

1. Resource growth goal @ 100% = \$75.00/performance unit

Edgar Filing: HECLA MINING CO/DE/ - Form 8-K

2. Cash flow goal @ 100% = \$25.00/performance unit
3. Total performance award terminal value = \$100.00
4. Multiplied by number of units awarded an individual participant
5. Equals total individual participant award

The Company's Executive and Senior Management Long-Term Performance Payment Plan is incorporated herein by reference from Exhibit 10.1.

C. 2008 Short-Term Performance Plan

The Board, based on recommendations of the Company's senior management and the Compensation Committee, established targeted quantitative and non-quantitative goals for corporate performance (in the case of Mr. Baker, the independent members of the Board approved his 2008 goals). For 2008, corporate performance quantitative goals include total gold and silver production, production costs per ounce for silver and gold, cost containment, safety, environmental costs, capital expenditures and resource development goals. Corporate non-quantitative goals include, among other goals, training, explorations and acquisitions, integration of Greens Creek, and resolving certain legal issues.

The Chief Executive Officer's performance payment for 2008 will be based solely on corporate performance. The Senior Vice Presidents and other Vice Presidents' performance payments will be based 60% upon corporate performance with 40% based upon individual performance.

The Company's Performance Pay Compensation Plan is incorporated herein by reference from Exhibit 10.2.
