COMMUNICATIONS SYSTEMS, INC.
PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE MEETING

Information Regarding the Annual Meeting

This Proxy Statement is furnished to the shareholders of Communications Systems, Inc. (“CSI” or the “Company”) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders that will be held at the Company’s offices at 10900 Red Circle Drive, Minnetonka, Minnesota, on Wednesday, June 4, 2014, beginning at 10:00 a.m., Central Daylight Time, or at any adjournment or adjournments thereof.

What is the purpose of the meeting?

At our annual meeting, shareholders will act upon the matters disclosed in the Notice of Annual Meeting of Shareholders that accompanies this Proxy Statement. These include

an amendment to our Articles of Incorporation to declassify our Board of Directors by eliminating the three classes of directors and to provide for an annual election of all directors commencing with the 2014 Annual Meeting of Shareholders;

if Proposal No. 1 is approved, to elect six directors to the Board for a one-year term ending at the 2015 Annual Meeting;

if Proposal No. 1 is not approved, to elect two directors for a three-year term ending at the 2017 Annual Meeting; and

ratification of the appointment of Deloitte-Touche, LLP (“Deloitte”) as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

We will also consider any other business that may properly be presented at the meeting, and management will report on CSI’s performance during the last fiscal year and respond to questions from shareholders.

How does the Board recommend that I vote?

The Board of Directors recommends a vote

· “FOR” the amendment to our Articles of Incorporation;

· “FOR” each of the six nominees for directors, if Proposal No. 1 is approved and “FOR” each of the two Class 2017 directors for three-year terms if Proposal No. 1 is not approved; and

· “FOR” the ratification of the appointment of Deloitte.

Who is entitled to vote at the meeting?

If you were a shareholder of record at the close of business on April 7, 2014, you are entitled to vote at the meeting. As of the record date, 8,600,248 shares of common stock were outstanding and eligible to vote.

Table of Contents

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the “shareholder of record” with respect to those shares. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of those shares, and your shares are held in street name. If you are a “street name holder” you will receive a voting instruction card, which appears very similar to a proxy card. Please complete that card as directed in order to ensure your shares are voted at the meeting.

What are the voting rights of the shareholders?

Holders of common stock are entitled to one vote per share. Therefore, a total of 8,600,248 votes are entitled to be cast at the meeting. There is no cumulative voting for the election of directors.

How many shares must be present to hold the meeting?

A quorum is necessary to hold the meeting and conduct business. The presence of shareholders who can direct the voting of at least a majority of the outstanding shares of common stock as of the record date is considered a quorum. A shareholder is counted as present at the meeting if the shareholder is present and votes in person at the meeting or the shareholder has properly submitted a proxy by mail, telephone or Internet.

How do I vote my shares?

If you are a shareholder of record, you may give a proxy to be voted at the meeting either:

· electronically, by following the instructions provided in the Notice of Internet Availability of Proxy Materials or proxy card; or

· if you received printed proxy materials, you may also vote by mail or telephone as instructed on the proxy card.

If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials or, if you received printed proxy materials, you may also vote by mail or telephone by following the instructions provided in the voting instruction card provided to you by your broker, bank, trustee or nominee. The telephone and Internet voting procedures have been set up for your convenience. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. You may also vote in person at the meeting as described in **“May I vote my shares in person at the meeting?”** below.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card?

It means you hold shares of CSI stock in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or voting instruction card or, if you vote by telephone or via the Internet, vote once for each proxy card, voting instruction card or Notice of Internet Availability of Proxy Materials you receive.

Table of Contents

May I vote my shares in person at the meeting?

Yes. If you are a shareholder of record, you may vote your shares at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, however, we recommend that you submit your proxy ahead of time so that your vote will be counted if, for whatever reason, you later decide to not attend the meeting. If you hold your shares in street name, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank, trustee or other nominee giving you the right to vote these shares at the meeting.

What vote is required for the proposals to be approved?

Amendment of Articles of Incorporation. The affirmative vote of 80% of the shares of common stock outstanding is required to approve the amendment of the Articles of Incorporation.

Election of Directors. If Proposal No. 1 is approved, the six directors that receive the most votes will be elected to serve on the Board of Directors until the 2015 Annual Meeting of Shareholders;

Election of Directors. if Proposal No. 1 is not approved, the two directors that receive the most votes will serve until the 2017 Annual Meeting of Shareholders.

Ratification of the appointment of Deloitte as our independent registered public accounting firm. The affirmative vote of a majority of the shares of common stock represented and entitled to vote on the proposal, if those shares represent more than 25% of the shares outstanding on the record date, is sufficient to approve the ratification of Deloitte.

How are votes counted?

Shareholders may vote FOR, AGAINST or ABSTAIN on proposals No 1 and 4. Shareholders may either vote FOR or WITHHOLD authority to vote on the election of directors.

If you vote ABSTAIN or WITHHOLD, your shares will be counted as present at the meeting for the purposes of determining a quorum. If you ABSTAIN from voting on a proposal, your abstention has the same effect as a vote against that proposal. If you WITHHOLD authority to vote for one or more of the nominees for director, this will have no effect on the election of any director from whom votes are withheld.

If you hold your shares in street name and do not provide voting instructions to your broker or nominee, your shares will be considered to be “broker non-votes” and will not be voted on any proposal on which your broker or nominee does not have discretionary authority to vote under the rules of the New York Stock Exchange. Shares that constitute broker non-votes will be present at the meeting for the purpose of determining a quorum, but are not considered entitled to vote on the proposal in question. Your broker or nominee has discretionary authority to vote your shares on the ratification of Deloitte as our independent registered public accounting firm even if your broker or nominee does not receive voting instructions from you. Your broker or nominee may not vote your shares on the election of directors without instructions from you.

Table of Contents

May I change my vote?

Yes. If you are a shareholder of record, you may change your vote and revoke your proxy at any time before it is voted at the meeting in any of the following ways:

- by sending a written notice of revocation to our Corporate Secretary;
- by submitting another properly signed proxy card at a later date to our Corporate Secretary;
- by submitting another proxy by telephone or via the Internet at a later date; or
- by voting in person at the meeting.

If you are a street name holder, please consult your broker, bank, trustee or nominee for instructions on how to change your vote.

Who pays for the cost of proxy preparation and solicitation?

We pay for the cost of proxy preparation and solicitation, including the charges and expenses of brokerage firms or other nominees for forwarding proxy materials to beneficial owners of shares held in street name.

We are soliciting proxies primarily by mail. In addition, proxies may be solicited by telephone or facsimile, or personally by our directors, officers and regular employees. These individuals will receive no compensation (other than their regular salaries) for these services.

The Company has also engaged The Proxy Advisory Group, LLC, to assist in the solicitation of proxies and provide related advice and information support, for a services fee and the reimbursement of customary disbursements that are not expected to exceed \$15,000.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of paper copies?

In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we may furnish proxy materials to our shareholders by providing access to these documents on the Internet instead of mailing printed copies. In general, you will not receive printed copies of the materials unless you request them. Instead, we mailed you the Notice of Internet Availability of Proxy Materials (unless you have previously consented to electronic delivery or already requested to receive paper copies), which instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability of Proxy Materials explains how to submit your proxy over the Internet. If you would like to receive a paper copy or e-mail copy of the proxy materials, please follow the instructions provided in the Notice of Internet Availability of Proxy Materials.

How can a shareholder present a proposal at the 2015 Annual Meeting?

In order for a shareholder proposal to be considered for inclusion in our Proxy Statement for the 2015 Annual Meeting the written proposal must be received at our principal executive offices by the close of business on December 26, 2014. The proposal must comply with SEC regulations regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

If a shareholder wishes to present a proposal at the 2015 Annual Meeting that would not be included in our Proxy Statement for that meeting, the shareholder must provide notice to us no later than April 20, 2015. Please contact the Corporate Secretary for a description of the steps to be taken to present such a proposal.

Table of Contents

How can a shareholder get a copy of the Company's 2013 Report on Form 10-K?

Our 2013 Annual Report, including our Annual Report on Form 10-K for the year ended December 31, 2013, is available electronically with this Proxy Statement. The 2013 Annual Report, including our Form 10-K is also available in the Investor Relations page of our website <http://commsystems.com>. If requested, we will provide you copies of any exhibits to the Form 10-K upon payment of a fee covering our reasonable expenses in furnishing the exhibits. You can request exhibits to the Form 10-K by writing to the Corporate Secretary, Communications Systems, Inc., 10900 Red Circle Drive, Minnetonka, Minnesota 55343.

What if I do not specify a choice for a matter when returning a proxy?

Unless you indicate otherwise, the persons named as proxies on the proxy card will vote your shares

for the approval of the amendment to the Articles of Incorporation in Proposal No. 1,

for the election of each of the nominees to the board of directors set forth in Proposal No. 2 and Proposal No. 3, depending upon which matter is voted on;

for the ratification of Deloitte as our independent registered public accounting firm set forth in Proposal No. 4, and

if any other matters come up for a vote at the meeting, the proxy holders will vote in line with the recommendations of the board of directors or, if there is no recommendation, at their own discretion.

PROPOSAL NO. 1—AMENDMENT TO OUR ARTICLES OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS AND PROVIDE FOR ANNUAL ELECTIONS OF ALL DIRECTORS

We are asking you to approve an amendment to our Restated Articles of Incorporation, as amended, to declassify our Board and provide for annual elections of all directors commencing with the 2014 Annual Meeting. Article VII of our Articles of Incorporation currently provides that the Board is divided into three classes, with members of each class of directors serving a three-year term. The classification of the Board results in staggered elections, with a different class of directors standing for election every third year.

The current terms of our director classes expire as follows: the Class 2014 director term expires at the 2014 Annual Meeting; the Class 2015 director term expires at the 2015 Annual Meeting of Shareholders; and Class 2016 director term expires at the 2016 Annual Meeting of Shareholders.

Background of the Proposal.

The Board is committed to good corporate governance. Accordingly, in determining whether to propose the declassification of the Board, the Board carefully reviewed the various arguments for and against a classified Board structure.

In formulating its recommendation, the Board considered the argument that classified boards reduce the directors' accountability because classified boards limit the shareholders' ability to elect all directors on an annual basis. The election of directors is the primary means for shareholders to influence corporate governance policies. The Board believes that implementing annual elections for all directors would support the Board's ongoing efforts to adopt "best practices" that are in-line with evolving corporate governance practices. Many U.S. public companies have eliminated their classified Board structures in recent years.

The Board recognizes that a classified structure may offer advantages, such as promoting continuity and stability in the management of the business and affairs of the Company because a majority of directors always have prior experience as directors of the Company. Proponents of classified boards contend that this structure reduces a company's vulnerability to coercive takeovers, forcing an entity seeking control of a target company to initiate arms-length discussions with the target's board because it cannot replace the entire board in a single election. While the Board recognizes these potential benefits, it also notes that even without a classified board, we would have other means to compel a takeover bidder to negotiating with the Board, including as a result of our Shareholder Rights Agreement, dated December 18, 2009, and provisions of Minnesota law.

After weighing these considerations, and with the recommendation of the Governance and Nominating Committee, the Board determined that it is in the best interests of the Company and our shareholders to eliminate the classified Board structure. The Company's directors unanimously agreed and believed it was best to implement this change immediately.

Table of Contents

If the amendment to our Articles of Incorporation is adopted and approved by our shareholders, we will file the amendment to our Articles of Incorporation with the Minnesota Secretary of State (the “Minnesota Secretary”) immediately following the vote at the Annual Meeting and this amendment will be in effect immediately upon the filing.

The directors currently serving in Class 2015 and Class 2016 have indicated their support for the elimination of the Company’s staggered board structure by agreeing to resign from their current classes of directors if the Amendment is approved. As noted below, one of the Company directors serving a continuing terms, Mr. Jeffrey Berg, is retiring as a member of the Board effective as of the June 4, 2014 shareholders meeting, and the Board has determined not to fill this vacancy. Therefore, six members of the Board will be standing for election at the Annual Meeting, if the proposed declassification amendment is adopted.

In the event this Proposal No. 1 is not adopted, each director serving in Class 2015 or Class 2016 will, in accordance with Minnesota law, remain in office until the 2015 Annual Shareholder Meeting or the 2016 Annual Shareholder Meeting, respectively, or until that director’s earlier death, resignation or removal.

In conjunction with our proposal to declassify our Board, we are proposing to amend the provisions of Article VII our Articles of Incorporation that require an 80% shareholder vote.

The foregoing description of the proposed amendments to our Articles of Incorporation is a summary and is qualified by and subject to the full text of the proposed amendment, which is attached to this Proxy Statement as Appendix A. Additions of text to our Articles of Incorporation contained in Appendix A are indicated by double underlining and deletions of text are indicated by strike-outs.

Bylaws

Similar to our Articles of Incorporation, our Restated Bylaws as amended (the “Bylaws”) contain provisions concerning the classification of the Board. If this Proposal No. 1 is approved, our Board will amend Article III of the Bylaws to implement the proposed declassification of the Board and appropriate conforming changes, including amending Section 3.2, which provides for the division of the Board into three classes, and other conforming changes. If this Proposal No. 1 is not approved, the Board will not amend the Bylaws with respect to declassification.

Required Vote

The affirmative vote of 80% of the shares of common stock outstanding is required to approve the amendment of the Articles of Incorporation.

Recommendation of the Board

The Board unanimously recommends that you vote “FOR” the amendment to our Articles of Incorporation to declassify our Board.

Table of Contents

PROPOSAL NO. 2—ELECTION OF DIRECTORS

PROPOSAL NO. 2 WILL BE VOTED UPON ONLY IF OUR SHAREHOLDERS APPROVE PROPOSAL NO. 1

If our shareholders approve Proposal No. 1 at the Annual Meeting, our shareholders will be asked to consider six nominees for election to our Board to serve for a one year term until the 2015 Annual Meeting of Shareholders and until their successors have been duly elected and qualified. If our shareholders do not approve Proposal No. 1, this Proposal No. 2 will not be submitted to a vote of our shareholders at the Annual Meeting and instead Proposal No. 3 (Election of Class 2017 Directors) will be submitted in its place.

The names of the six nominees for director and their current position and office with the Company are set forth below. Detailed biographical information regarding each of these nominees is provided in this Proxy Statement under the heading “Board of Directors.” All of the nominees, with the exception of Mr. Curtis A. Sampson and Randall D. Sampson, have been determined by the Board to be independent. Our Governance and Nominating Committee has reviewed the qualifications of each of the nominees and has recommended to the Board that each nominee be submitted to a vote at the Annual Meeting.

All of the nominees have indicated their willingness to serve, if elected, but if any should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board. The Company did not receive any shareholder nominations for director. Proxies cannot be voted for more than the number of nominees named in this Proxy Statement.

Required Vote

Directors are elected by a plurality of the votes cast. Therefore, the six nominees who receive the highest number of votes will be elected as directors.

Recommendation of the Board

The Board unanimously recommends that you vote “FOR” each of the nominees named above for election as a director.

Selecting Nominees for Election to the Board

The Governance and Nominating Committee is the standing committee responsible for recommending to the full Board of Directors the nominees for election as directors at our annual shareholder meetings. In making its recommendations, the Committee reviews the Board composition to determine the qualifications and areas of expertise needed to further enhance the Board’s ability to fulfill its responsibilities, and works with management in attracting candidates with those qualifications. Although the Committee does not have a formal policy regarding diversity in making its recommendations, in addition to minimum requirements of integrity, ability to make independent analytical inquiries, personal health and a willingness to devote adequate time and effort to Board responsibilities, the Committee seeks to have a Board that reflects diversity in background, education, business experience, skills, business relationships and associations and other factors that will contribute to the Board’s governance of the Company.

In connection with making recommendations to the Board regarding nominees for election as directors, the Governance and Nominating Committee will consider qualified candidates that are proposed by our shareholders. Shareholders can submit qualified candidates, together with appropriate biographical information, to the Governance and Nominating Committee at: Communications Systems, Inc., 10900 Red Circle Drive, Minnetonka, Minnesota 55343. Submissions will be forwarded to the Governance and Nominating Committee for review and consideration. Any shareholder desiring to submit a director candidate for consideration at our 2015 Annual Meeting of Shareholders must ensure that the submission is received by the Company no later than December 25, 2014 in order to provide adequate time for the Governance and Nominating Committee to properly consider the candidate.

Shareholders may directly nominate an individual for election to the Board at our shareholders meeting by following procedures in our By-Laws. A shareholder wishing to formally nominate an individual to election to the Board at

future shareholder meetings should follow the procedure set forth below under the caption “Other Information – Shareholder Proposals for 2015 Annual Meeting --Shareholder Nominations.”

Freeman, with Mr. Freeman serving full-time and Mr. Sampson and Mr. Lacey each serving primarily in a part-time, role. This structure enables the Chair, in collaboration with other non-employee directors, to have an active role in setting agendas and establishing Board priorities and procedures.

“Named Executive Officers” or “NEOs” means the nine individuals who served as a named executive officer during all or some portion of 2013 and whose compensation is reported in the Summary Compensation Table immediately following this CD&A. This includes: Curtis A. Sampson, our current Interim CEO, and Edwin C. Freeman, our current CFO; William G. Schultz, our CEO prior to September 4, 2013; David T. McGraw, our CFO until May 2013 and Kristin Hlavka, who served as Interim CFO from May through August 2013; Bruce Blackwood, the President and General Manager of Suttle; Scott Otis, the President and General Manager of TNI and Seweryn Sadura, the VP and GM of TNI until May 2013; and, Scott Fluegge, President and General Manager of JDL. For further information, see “Departures and Appointments of Named Executive Officers in 2013” below.

“Senior Executives” means a group consisting of the Named Executive Officers and other senior executives that collectively comprise our senior management team.

“Stock Option” means the right to purchase shares of the Company’s common stock at an exercise price equal to the fair market value of the Company’s common stock on the date the option is granted.

This CD&A discusses compensation of our Senior Executives generally and provides more detailed information regarding compensation of our Named Executive Officers.

Compensation Philosophy and Objectives

The Company’s philosophy with respect to compensation of the Company’s Senior Executives is based on the following objectives:

- To align compensation with shareholder interests;
- To reward both annual and sustained long-term performance;
- To provide pay opportunities comparable to opportunities at companies with which the Company competes for management talent; and
- To maintain internally fair and equitable compensation levels and practices.

Table of Contents

In furtherance of these objectives, over the last several years the Committee has placed increasing emphasis on performance-based compensation. In addition, when determining how much performance-based compensation should be paid in Company cash versus stock, the Committee has, over the last several years, increasingly emphasized payment of performance-based compensation in Company stock.

Role of the Committee and the Information Used to Determine Compensation

One of the Committee's primary responsibilities is to review and approve, or recommend for Board approval, compensation paid to the Company's Chief Executive Officer, other Named Executive Officers, and other Senior Executives. The Committee carries out this responsibility pursuant to a written charter adopted by the Board. The Committee currently consists of four independent directors that serve on our Board. See "Corporate Governance and Board Matters –Director Independence" above. The Committee is also subject to Board oversight, and other members of the Board frequently participate in deliberations related to executive compensation. Additional information regarding the primary responsibilities of the Committee and its current members is provided above under the caption "Corporate Governance and Board Matters – the Board, Board Committees and Meetings."

2012 Shareholder Advisory Vote

In a non-binding, advisory vote at the Company's 2012 Annual Meeting of Shareholders, the Company's shareholder approved the Company's executive compensation program as presented in the Company's 2012 Proxy Statement. Of the shareholders voting on this matter, 78.8% voted to approve the Company's executive compensation, 11.7% voted against approval and 9.5% abstained. The Board and Compensation Committee are gratified by this favorable vote and do not intend to materially change the Company's current approach to executive compensation. Another non-binding advisory vote on the Company's executive compensation program will be conducted at our 2015 Annual Meeting of Shareholders.

Compensation Consultant

Under its charter, the Committee has the authority to select, retain, and compensate executive compensation consultants and other experts as it deems necessary to carry out its responsibilities. From August 2010 through early-2011, the Committee engaged Pearl Meyer & Partners ("PM&P"), a large, national compensation consulting firm, to conduct an extensive study of the overall structure of our compensation program and each of the primary components of our compensation program to determine whether we were paying "competitive" compensation, whether our approach was in line with "best practices" for public companies and whether we should change our approach to compensation to better align the interests of our Senior Executives with the interests of our shareholders. Based on the results of the study, which PM&P completed in 2011 (the "2011 PM&P Study"), the Committee and the Board approved

a number of changes in 2011 to our approach to executive compensation (some of which are discussed in greater detail in the remainder of this CD&A).

Comparative Data

The Compensation Committee has adopted a practice of regularly comparing compensation it pays to Senior Executives to compensation paid by companies of similar size and scope (“comparator group”) so that it will have comparative data for assessing the Company’s market position in compensation levels and practices. As part of the 2011 PM&P study, PM&P gathered data from a comparator group and determined median compensation paid for base salary, annual incentive compensation and long-term incentive compensation, as well as related compensation practices, and compared this information to compensation amounts and practices for the Named Executive Officers and other Senior Executives. Based on this comparison, PM&P made recommendations regarding 2011 executive compensation. Information about comparative group compensation practices in the 2011 PM&P Study also guided determinations of 2012 compensation of the Senior Executives.

Table of Contents

In September 2012, the Committee engaged PM&P to update its 2011 study, including an update of the comparator group (the “2012 PM&P Study”). The comparators used for the 2012 PM&P study consisted of the following companies (a group that includes 13 companies that were part of the comparator group in the 2011 study):

CalAmp Corp.	LeCROY Corporation	Nortech Systems, Inc.
Digi International Inc.	LoJack Corporation	Oplink Communications, Inc
DTS Inc.	Meru Networks Inc.	Optical Cable Corp. ShoreTel, Inc.
Hutchinson Technology, Inc.	Network Engines, Inc.	Zhone Technologies, Inc.
KVH Industries Inc.	Network Equipment Technologies Inc.	

The information in the 2012 PM&P Study validated that 2012 compensation of our Named Executive Officers was generally near the median of compensation paid by the comparator group, and was also used in connection with determinations regarding 2013 compensation of our Named Executive Officers.

Internal Compensation Committee

In determining compensation to be paid to the Named Executive Officers and other Senior Executives during the three years ended December 31, 2013, the Committee solicited advice and recommendations from the Company’s Internal Compensation Committee, which consisted of four Company officers: the CEO, CFO, Vice President of Human Resources and Controller. However, neither the Internal Compensation Committee acting collectively, nor any of its members had any authority to determine the amount or form of compensation paid to any Named Executive Officer or any other Senior Executive. All determinations of compensation paid to the Named Executive Officers and other Senior Executives were made by the Compensation Committee, subject to oversight by our Board.

Discussion of Executive Officer Compensation

Summary Regarding Components of Executive Compensation

Total compensation paid to Senior Executives in 2011, 2012 and 2013 consisted of the following elements: base salary, annual bonus compensation, Long Term Incentive Awards, and Stock Option grants. The following table summarizes:

Why we choose to pay each of these components to our Senior Executives;

· What each component is designed to reward and form of payment; and,

· How we determine the amount for each component.

Table of Contents

<i>Element of Compensation</i>	<i>Why Component is Paid, Form of Payment & What it Rewards</i>	<i>How Component Was Determined for FY 2013</i>
Base Salary	Provides a fixed level of cash income appropriate to the position. Based on the individual's experience, scope of responsibility and the level of performance. Provides incentive to achieve annual Company-wide or business unit objectives.	Set at levels near median of market data
Annual Bonus Compensation	Paid primarily in cash; stock grants for performance substantially greater than target goal. Rewards achievement only if actual performance is within Committee-determined performance goals representing minimum, target and maximum levels of achievement. Provides an incentive to build long-term shareholder value based on achieving multi-year goals (a three-year period in 2013). Aligns executives to interests of shareholders.	Target bonus is a percentage of base salary
Long Term Incentive Awards ("LTI Awards")	Payout of 2013 LTI Awards, if earned, occurs in 2016 and will consist of 100% stock. Rewards superior long-term performance. Facilitates executive retention. A right to purchase shares equal to market price when granted; option only valuable as stock price appreciates. 2013 stock options vest over 4 years; expire in 2020.	Grant date value of Incentive Awards is a percentage of base salary
Stock Options	Provides incentive for delivering long-term shareholder value and aligns interests of executives with shareholders. Rewards superior long-term performance. Facilitates executive retention.	Grant date value of Stock Options (based on the Black-Scholes valuation model) as a percentage of base salary

Over the next several pages we present further information regarding each of these components, as well as other benefits provided and compensation paid to our Senior Executives. is presented.

Departures and Appointments of Named Executive Officers in 2013

During 2013, three Named Executive Officers left the Company, and others were appointed to fill their position on an interim or permanent basis. Mr. David McGraw retired as Chief Financial Officer in May 2013, and Ms. Kristin Hlavka, the Company's Controller was appointed as Interim CFO, serving in this capacity until September 2013, when Mr. Edwin C. Freeman began serving as CFO. Also in May 2013, Mr. Seweryn Sadura, Vice President and General Manager of Transition Networks, Inc., resigned. He was not replaced until September 4, 2013, when Mr. Scott Otis began serving as President and General Manager of Transition. In September 2013, Mr. William G. Schultz, the Company's Chief Executive Officer at the beginning of 2013, resigned, and the Company's Chairman of the Board, Curtis A. Sampson, was appointed and began serving as Interim CEO. Compensation of each of these individuals for the period they were employed by the Company is presented as the 2013 compensation of the Company's Named Executive Officers in the remainder of this CD&A and in the Summary Compensation Tables that follow along with compensation of Mr. Bruce Blackwood and Mr. Scott Fluegge who served as Named Executive Officers throughout 2013.

Base Salaries

Base salaries of the Company's executive officers are established by reference to average base salaries paid to executives in similar positions with similar responsibilities using information supplied by PM&P and other sources. Base salaries are generally reviewed annually in December of each year and adjustments are made effective as of January 1 of the following year. From time to time, however, promotions and other events require adjustments at other points in the year. While emphasis is placed on measurable financial factors, when it determines base salaries the Committee also considers factors such as development and execution of strategic plans, changes in areas of responsibility, potential for assuming greater responsibility and the development and management of employees. The Committee does not, however, assign specific weights to these various quantitative and qualitative factors in reaching its decisions.

At the beginning of 2013, based generally on market data provided by PM&P in its 2012 study, the following adjustments were made in base salaries of individuals then serving as our Named Executive Officers: Mr. Schultz, 7.2% increase; Mr. McGraw, 3.5% increase; Mr. Sadura, 3.0% increase; Mr. Blackwood, 5.0% increase; and Mr. Fluegge, 9.1% increase. As discussed above, Mr. Schultz, Mr. McGraw and Mr. Sadura left the Company during 2013. Mr. Schultz's successor, Mr. C. Sampson, agreed to serve as Interim CEO without compensation beyond compensation for his service on the Board. Mr. Freeman and Mr. Otis, the permanent successors to, respectively, Mr. McGraw and Mr. Sadura, negotiated base salaries in connection with being appointed to their respective positions.

The following table shows the base salary rate on an annual basis determined by the Company's Board for each individual who served as a named executive officer of the Company during all or part of 2013 and the actual amount of base salary paid to each individual in 2013 for the period of time they were employed by the Company in 2013.

Annual Bonus Plan

Bonuses are typically paid under the Company's Annual Bonus Plan ("Bonus Plan") to Named Executive Officers and other Senior Executives following the end of each fiscal year based on achievement over the year in relation to objective financial goals set at the beginning of each year. These bonuses are intended to provide Senior Executives with an opportunity to receive additional, generally cash compensation, but only if justified by achievement in relation to pre-established financial goals.

At the beginning of each year, the Committee determines what objective performance measures it will use to assess financial performance by the Company overall and by each business unit. In addition, the Committee assigns a percentage weight to the various measures, with primary emphasis given to revenue and operating income. The Committee also determines specific quarterly, semi-annual and annual goals for each of these performance measures at "threshold," "target" and "maximum" levels, both for overall Company performance and for business unit performance, with target goals generally being equal to amounts in the Company's budget.

Concurrent with determining and assigning weight to the various performance measures, and the goals against which achievement is measured, the Committee determines a "target" bonus opportunity and a "maximum" bonus opportunity that may be earned by each of the Senior Executives as a percentage of their base salary if actual performance exceeds applicable threshold performance goals. In 2013, the "target" annual bonus opportunity assigned to the Senior Executives ranged from 25% to 70% of their respective base salaries, and their respective "maximum" bonus opportunities were two times their respective target bonus opportunities if actual achievement equaled or exceeded maximum performance goals.

Table of Contents

The following table presents for fiscal 2013 the performance measures selected to measure consolidated Company performance and each business unit, the relative weight assigned to each of the performance measures in determining annual bonus compensation for those receiving compensation for Company performance and those receiving compensation for business unit performance, threshold, target, and maximum achievement levels for each performance measure selected, and actual 2013 achievement under each performance measure and percentage of achievement compared to target.

Bonuses paid to Named Executive Officers leading the entire enterprise, rather than a specific business unit, are based on comparing the Company's actual annual consolidated performance to the "threshold," "target" and "maximum" goals for performance measures used to measure overall Company actual performance. Bonuses paid to Named Executive Officers that lead business units are based on comparing the actual performance of the leader's respective business unit to the "threshold," "target" and "maximum" goals for performance measures used to measure that business unit's performance. In all cases, one-half of each Senior Executive's bonus is determined based upon how well actual quarterly or semi-annual results of the entire enterprise or the business unit, as applicable, compare to the corresponding goals, and one-half of each Senior Executive's bonus is determined based upon how well twelve-month results of the entire enterprise or the business unit, as applicable, compare to annual goals.

Annual bonus compensation is generally determined after the end of each of the four quarters and after year end. At the end of each of the four quarters, the Company compares quarterly results to goals for all performance measures, other than receivables and inventory, and, in general, a bonus is paid with respect to each applicable performance measure if quarterly performance overall or for the business unit (as applicable) is at least 80% of the target goal for that performance measure. For two performance measures, receivables and inventory, a similar comparison is conducted only for the two semi-annual periods. Similarly, following the end of the year, twelve-month results are evaluated in comparison to annual target performance goals for each of the performance measures described above, and, in general, a bonus is paid with respect to each applicable performance measure if annual performance is at least 80% of the goal for that performance measure. While bonuses are paid primarily in cash, under the Annual Bonus Plan stock grants will be made in lieu of cash when actual quarterly and annual revenues exceed 110% of target revenues for the quarter or the full fiscal year.

The table below presents the bonus opportunity for the six Named Executive Officers participating in the 2013 Bonus Plan as a percentage of their respective base salaries upon achievement of the "target" goal or "maximum" goal for each performance measure (weighted as indicated above), the dollar value of the opportunity at target and maximum achievement, and the actual amount paid in cash under the Company's 2013 Annual Bonus Plan to the six NEOs participating in the 2013 Bonus Plan.

Named Executive Officer	Bonus Opportunity at Target Achievement as % of 2013 Base Salary	Dollar Value of Bonus Opportunity at Target Achievement	Bonus Opportunity at Maximum Achievement as % of 2013 Base Salary	Dollar Value of Bonus Opportunity at Maximum Achievement	Annual Bonus Paid Based on Actual Achievement
William G. Schultz	70	% \$ 218,176	119	% \$ 370,899	\$ 83,969
David T. McGraw	55	% 143,998	94	% 244,796	27,636

Scott Fluegge	50	%	90,000	119	%	153,000	68,995

Because NEOs C.A. Sampson, Freeman and Otis became executive officers in September 2013, they did not participate in the Bonus Plan adopted at the beginning of 2013. Pursuant to agreements with the Company when hired, Mr. Freeman was paid a bonus of \$25,000 for 2013, \$12,500 of which was guaranteed and \$12,500 of which he earned by achieving specified short-term objectives relating to assuming the responsibilities of his position; and. Mr. Otis was paid a bonus of \$24,347, \$12,174 of which was guaranteed and \$12,173 of which he earned by achieving specified short-term objectives in 2013 relating to assuming the responsibilities of his position.

Long-Term, Performance-Based Compensation

Components of Long-Term, Performance-Based Compensation

For the 2011 to 2013 period, the Company has provided the two forms of long-term, performance-based compensation to its Senior Executives:

Long Term Incentive Awards (“LTI Awards”), which provide for payouts in cash and stock after the end of three-year performance periods to the extent justified by actual performance compared to performance goals.

Stock Options, which are granted on an annual basis, vest over four years, and only offer value to the executive if the Company’s stock price increases over the option exercise price.

LTI Awards and Stock Options granted to our Senior Executives are determined under a unified framework under which the Committee first determines a total opportunity (expressed in dollars) that each Senior Executive will be given to earn long-term incentive compensation (“Total Target LTI Opportunity”). The Total Target LTI Opportunity for each Senior Executive is determined as a percent of each executive’s base salary. In 2013, the Committee assigned a Total Target LTI Opportunity to the Senior Executives as a percentage ranging from 20% to 100% of their respective 2013 base compensation. An allocation of this Total Target LTI Opportunity is then made to LTI Awards and Stock Options. In 2013 Committee allocated 70% of each executive’s Total Target LTI Opportunity to an LTI Award and 30% to Stock Options.

The following table presents for each Named Executive Officer to which a Total Target LTI Opportunity was assigned at the beginning of 2013, the percent of base compensation that was used to determine that officer’s respective Total Target LTI Opportunity, the grant date dollar value of the Total Target LTI Opportunity, and the allocation of this total dollar value to LTI Awards and Stock Option grants.

	2013 Base	Total Target Long Term Opportunity ¹		Allocation of Total Dollar Value of Target Long Term Opportunity	
		% Base Salary	Grant Date Dollar Value	Incentive Awards	Stock Options

Overview of Long Term Incentive Awards

Table of Contents

LTI Awards have been granted to executives since 2011 under the Company's "Long-Term Incentive Plan" or "LTI Plan." The LTI Plan provides that LTI Awards may be paid out in Company stock or cash to the extent earned in relation to long-term performance goals as determined at the beginning of each three-year performance period. At the beginning of 2011, the Committee determined payouts for the 2011 – 2013 Performance Period would be 50% stock and 50% cash; at the beginning of 2012, the Committee determined payouts for the 2012 – 2014 Performance Period would be 75% stock and 25% cash; and, at the beginning of 2013, the Committee determined payouts for the 2013 – 2015 Performance Period would be 100% stock.

Long-term performance is measured over three-year Performance Periods that are established every year. Under the LTI Plan, at the beginning of each three-year performance period, the Company selects objective performance measures and determines Minimum, Target and Maximum performance goals for each measure. For LTI Awards covering the 2011 – 2013, 2012 – 2014, and 2013 – 2015 Performance Periods, the Committee selected as performance measures (i) consolidated pretax average return on assets over the three-year period ("Three Year Average ROA) and (ii) consolidated cumulative revenue over the three-year period ("Three Year Cumulative Revenue"), and established Minimum, Target, and Maximum performance goals for each of these performance measures. As discussed above, at the beginning of each performance period, LTI Awards were granted to each Senior Executive with each award providing for a Target opportunity having a value equal to 70% of the executive's Total LTI Opportunity, if the Target performance goals are achieved, and a Maximum opportunity two times the amount of the Target opportunity, if the performance goals at Maximum are achieved.

Following the end of each Performance Period, the Committee determines the amount payable under the LTI Awards by comparing actual performance against the goals. The Committee measures actual consolidated pretax return on assets ("ROA Achievement") compared to Minimum, Target and Maximum performance goals for the Three Year Average ROA and measures actual revenue (Revenue Achievement) compared to Minimum, Target and Maximum performance goals for the Three Year Cumulative Revenue. In each case, actual performance equal to or less than the Minimum performance goal will represent 0% achievement, actual performance equal to the Target performance goal will represent 100% achievement, and actual performance at or above the Maximum performance goal will represent 200% achievement. ROA Achievement and Revenue Achievement are then plotted on a matrix where one axis (from 0% to 100%) represents performance goals for Three Year Average ROA over the range from Minimum to Target to Maximum, and the other axis (from 0% to 100%) represents performance goals for Three Year Cumulative Revenue over the range from Minimum to Target to Maximum. The intersection of ROA Achievement and Revenue Achievement on the matrix will determine a percentage that will be multiplied by the amount of the Target opportunity specified in the LTI Award for each Senior Executive to determine the payout earned by that executive.

The following table provides hypothetical payouts of LTI Awards as a percentage of the Award's Target LTI Opportunity based on various hypothetical combinations of ROA Achievement and Revenue Achievement.

ROA Achievement Compared to Goal	Revenue Achievement Compared to Goal	% Payout of LTI Award

ROA Achievement at mid-point between Target Performance Goal and Maximum Performance Goal	Revenue Achievement at mid-point between Target Performance Goal and Maximum Performance Goal	141.67
ROA Achievement equal to or greater than Maximum Performance Goal	Revenue Achievement equal to or greater than Maximum Performance Goal	200%

Long Term Awards for the 2011 - 2013 Performance Period

For Incentive Awards covering the 2011 - 2013 Performance Period, the Committee selected the following Minimum, Target and Maximum performance goals for the Three Year Average ROA and Three Year Cumulative Revenue:

	Minimum	Target	Maximum
Three Year Average ROA	13%	17%	20%
Three Year Cumulative Revenue	\$400 million	\$430 million	\$460 million,

As discussed above, at the beginning of 2011, LTI Awards were granted to each Senior Executive then employed by the Company for the 2011 – 2013 Performance Period. Each LTI Award specified a Target Opportunity in dollars equal to 70% of the executive's Total LTI Opportunity that would be payable if Target performance goals were achieved and a Maximum opportunity two times the amount of the Target opportunity, if the performance goals at Maximum were achieved. Each LTI Award in 2011 provided that any payout earned under the LTI Award would be payable in 75% cash and 25% in stock. The following table presents the opportunities under LTI Awards for eligible Named Executive Officers:

Named Executive Officer	Target Incentive Opportunity Payable under the LTI Plan Potential		Maximum Incentive Opportunity Payable under the LTI Plan Potential	
	Cash Payable at Target	Potential Shares Issuable	Cash Payable at Maximum	Potential Shares Issuable
William G. Schultz	\$49,350	3,270	\$98,700	6,540
David T. McGraw	\$52,080	3,450	\$104,160	6,900
Kristin Hlavka	\$4,961	329	\$9,922	658
Bruce Blackwood	\$27,720	1,835	\$55,440	3,670
Seweryn Sadura	\$23,100	1,530	\$46,200	3,060

NEOs Fluegge, C.A. Sampson, Freeman and Otis were not employed by the Company in 2011 and did not receive any LTI Award for the 2011 – 2013 Performance Period.

The Company's actual Three Year Average ROA was 14.4% and the Company's actual Three Year Cumulative Revenue Achievement was \$380 million. Because the Company's 2013 Revenue Achievement was less than \$400 million, there was no payout for LTI Awards for the 2011 - 2013 Performance Period.

Long Term Awards for the 2013 - 2015 Performance Period

For Incentive Awards covering the 2013 - 2015 Performance Period, the Committee again selected Three Year Average ROA and Three Year Cumulative Revenue, and established Minimum, Target, and Maximum performance goals for each of these performance measures. Also, at the beginning of 2013, Incentive Awards were granted to each Senior Executive for the 2013 – 2015 performance period, and each award provided for a Target opportunity to earn cash and stock having a value equal to 70% of the executive's Total LTI Opportunity, if the Target performance goals are achieved, and a Maximum opportunity two times the amount of the Target opportunity, if the performance goals at Maximum are achieved.

Table of Contents

Following the end of fiscal 2015, the Committee will determine the amount payable under the 2013 Incentive Awards by comparing actual performance against the goals. The Committee will (i) measure actual ROA Achievement compared to Minimum, Target and Maximum performance goals for the Three Year Average ROA and (ii) measure Revenue Achievement compared to Minimum, Target and Maximum performance goals for the Three Year Cumulative Revenue. Actual ROA Achievement and Revenue Achievement will then be plotted on a matrix where one axis represents performance goals for Three Year Average ROA over the range from Minimum to Target to Maximum, and the other axis represents performance goals for Three Year Cumulative Revenue over the range from Minimum to Target to Maximum. The intersection of ROA Achievement and Revenue Achievement on the matrix will determine a percentage that will be multiplied by the amount of the Target opportunity specified in the Incentive Award for each Senior Executive to determine the payout earned by that executive. The amount earned for the 2013 Incentive Awards, when determined after 2015, will be paid 100% in Company stock. The number of shares that will be issued following the end of the 2013 - 2015 Performance Period will be determined by dividing 100% of the total payout earned under the LTI Award by \$10.41, which represents the average closing price for CSI stock over the 20 business days ending March 28, 2013.

Five Named Executive Officers are eligible to receive payouts for qualifying performance during the 2013 - 2015 Performance Period of the Long-Term Incentive Plan. The following table shows the amount of shares of stock that may be issued to the three Named Executive Officers at Target and Maximum Levels of Performance for the 2013 – 2015 performance period. As explained above, if achievement is below the Target performance goals, the amount cash and stock compensation earned will be less than the Target opportunity, and if achievement fails to meet the Minimum performance goals, the participant will not be entitled to any payment.

Named Executive Officer	Target Incentive Opportunity Payable under the LTI Plan		Maximum Incentive Opportunity Payable under the LTI Plan	
	\$ Value	Potential Shares	\$ Value	Potential Shares
Mr. Schultz*	\$218,176	20,958	\$436,352	41,916
Mr. McGraw*	\$109,962	10,563	\$219,924	21,126
Mr. Blackwood	\$55,478	5,329	\$110,956	10,658

Ms. Hlavka	\$17,414	1,673	\$34,829	3,346

*Under a severance agreement, executive is entitled to receive a pro rata share of the payout to which he would otherwise be entitled if still employed by the Company on December 31, 2015 for the period from January 1, 2013 to the date his employment terminated.

Stock Options

We grant Stock Options as the second component of our long-term, performance-based compensation program for Senior Executives. Because stock options only deliver value if the price of the Company's stock increases over the term of the option, we believe this provides a further and distinctive form of motivation for executive performance. We determined the number of shares covered by options granted to each Senior Executive in 2013 by dividing 30% of the dollar value of the Total Target LTI Opportunity allocated to such executive as discussed above by \$1.52, an amount determined by using a Black Scholes valuation for the options based on a share price of \$10.10. The exercise price of each option is \$10.10 (the closing market price on March 15, 2013); and, each option vests 25% each year beginning March 15, 2014 and expires February 15, 2020.

The following table presents stock options granted to the Named Executive Officers in March 2013:

In September 2013, in connection with their appointment as NEOs, but not pursuant to the Company's 2013 Long Term Performance-Based Compensation Plan, Mr. Freeman and Mr. Otis were granted Stock Options to purchase, respectively, 5607 shares and 3641 shares of Company common stock.

Other Compensation

In addition to participating in Company-wide plans providing health, dental and life insurance on the same basis as all of our other U.S. based employees, our Senior Executives receive other compensation in various forms, primarily the following:

An annual contribution to the Company's Employee Stock Ownership Plan and Trust ("ESOP"), generally equal to 3% of the executive's W-2 income, which is used to acquire shares of the Company's stock that are beneficially owned by the Executive inside the ESOP.

An annual matching contribution of up to 50% of each executive's personal contribution to the Company's 401(k) Plan up to the first 6% of such personal contribution.

A car allowance or company car.

In individual, unique circumstances, additional compensation to support an overseas assignment or travel to a residence away from the Company's offices.

The amount of such other compensation for our Named Executive Officers is presented in the column titled "All Other Compensation" under the "Summary of Executive Compensation Table," and the "Other Compensation Table."

Stock Ownership Guidelines

The Company has adopted guidelines for stock ownership by our Senior Executives. For our Chief Executive Officer, the guideline is beneficial ownership of shares valued at three times base salary; for our Chief Financial Officer the guideline is beneficial ownership of shares valued at two times base salary; and, for all other Senior Executives, guideline is being a beneficial owner of shares having a value equal to one times base salary. Stock ownership includes shares held directly and shares beneficially held in the Company's ESOP, but does not include unexercised stock options or shares potentially payable under Incentive Awards. The Company annually reviews progress towards achieving ownership equal to the ownership guidelines.

Consideration of Risk in Compensation

The Company believes placing substantial emphasis on long-term incentive compensation encourages executives to direct their efforts to promote the creation of long-term shareholder value and that promoting the creation of long-term value discourages behavior that leads to excessive risk. The Committee believes that the following features of our compensation programs provide incentives for the creation of long-term shareholder value and encourage high achievement by our executive officers without encouraging inappropriate or unnecessary risk taking:

We balance rewards for short and long-term decision making by providing both annual bonus compensation and long-term incentive compensation.

Our long-term incentives in the form of stock options become exercisable over a four-year period and remain exercisable for up to seven years from the date of grant.

Our Incentive Awards become payable only if, after completion of a multi-year period, actual performance over the period compared to pre-established performance goals justifies a payment.

Because of our stock ownership guidelines, officers and key employees require all executives to make progress towards owning stock equal to at least one times their base compensation, we believe our Named Executive Officers would become less likely to expose the Company to inappropriate or unnecessary risks.

The financial metrics used in our incentive compensation programs are measures the Committee believes drive long-term shareholder value. Moreover, the Committee attempts to set ranges for these measures that encourage success without encouraging excessive risk taking to achieve short term results. In addition, all forms of incentive compensation specify a maximum amount that cannot exceed two times the target amount, no matter how much financial performance exceeds the ranges established at the beginning of the year.

Compensation Committee Report

The Committee has reviewed the Compensation Discussion and Analysis set forth above. Based upon this review, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Under the matrices associated with these plans, achievement of the performance goals at less than target level will result in a decreasing bonus until the achievement fails to meet the minimum performance goals, at which point the executive officer is entitled to no incentive payment in that there is no “threshold” level of achievement. Table of Contents**POTENTIAL PAYMENTS UNDER CHANGE OF CONTROL**

The Company has entered into Change of Control Agreements (“CIC Agreements”) with its Senior Executives that provide for payment of severance compensation if (A) there is a change in control of the Company, and (B) within 24 months following a change of control, there is either (i) an involuntary termination of employment other than for cause, death, disability or retirement or (ii) a voluntary termination of employment for Good Reason (each a “Triggering Event”). Under the CIC Agreements, “Good Reason” includes a material diminution in the person’s base salary, duties or authority, or those of his immediate superior, or a material diminution in the budget over which the person has authority or a change in geographic location of the person’s job. The CIC Agreements contain provisions applicable to each executive to maintain confidentiality of information acquired during their period of employment, to refrain for a period of one year from competing with the Company or soliciting other Company employees to leave their employment with the Company and to provide a release of all claims against the Company in exchange for the benefit paid pursuant to the CIC agreement.

In the event of a change in control, the Company’s LTI Plan provides for partial vesting and payment of unvested Incentive Awards and the Company’s stock option plans for provides for vesting of unvested stock options, in each case irrespective of whether or not a Triggering Event has occurred.

Assuming a change of control occurred on January 1, 2014, the following table presents amounts potentially payable to each of the Named Executive Officers, without and with a corresponding Triggering Event:

DIRECTOR COMPENSATION

Prior to June 1, 2011 each non-employee member of the Board of Directors was paid a monthly fee of \$1,000 plus \$1,400 for each Board meeting attended and \$1,200 for each Board Committee meeting attended in person and \$500 for each Board or committee meeting attended by phone. In addition, the chairs of each of the standing committees of the Board (Ms. Goldberg; Messrs. Freeman, Pint and R. D. Sampson) received an annual fee of \$1,000, and Messrs. Freeman, Pint and C.A. Sampson, each received a monthly retainer of \$250 for serving on the Board's Executive Committee. Finally, prior to 2011, non-employee directors received an option to purchase 3,000 shares of the Company's common stock concurrent with the Company's annual shareholders meeting.

In March 2011, PM&P advised, based upon its study of CSI's peer companies, that CSI's total compensation of directors was approximately 62% below total median compensation at peer companies and that equity compensation of directors represented substantially less than its recommended "best practice" that 50% of total director compensation be in equity. Based upon the information gained from this study and its experience in advising boards of many public companies, PM&P recommended the following changes: (i) that separate fees for attending CSI Board and committee meetings be eliminated and, in lieu thereof, that directors be paid increased annual board and committee retainers, (ii) that the substantially greater commitment required of each committee chair be recognized with increased compensation, (iii) that equity compensation be paid in restricted stock grants or restricted stock units rather than stock options, and (iv) that, in recognition of his additional time commitment to a wide variety of issues affecting the Company, a premium be paid to the Company's non-executive chairman, Mr. C. A. Sampson.

Based on PM&P's recommendation, the Board approved, effective June 1, 2011, paying director compensation as follows: (1) each non-employee director is paid a retainer of \$30,000 per annum; (2) members of the Executive Committee are paid a retainer of \$5,000 per annum and members of the Board's Compensation, Nominating, Governance and Finance Committees (other than committee chairs) are paid a retainer of \$7,500 per annum; (3) the chairs of the Audit, Compensation, Governance and Finance Committees are each paid a retainer of \$15,000 per annum, and (4) the Board Chair is paid a retainer of \$25,000 per annum in addition to the retainer he receives as a director. In addition, each non-employee director receives a grant of shares of restricted stock units equal to \$40,000 divided by the market price of the Company's common stock on the date of the shareholders meeting.

The following table presents for 2013, the cash and stock grant compensation paid by us to each of the Company's non-employee Board members.

Audit Committee Pre-approval Policies and Procedures

In addition to approving the engagement of the independent registered public accounting firm to audit the Company's consolidated financial statements, it is the policy of the Committee to approve all use of the Company's independent registered public accounting firm for non-audit services prior to any such engagement. To minimize relationships that could appear to impair the objectivity of the independent registered public accounting firm, it is the policy of the Committee to restrict the non-audit services that may be provided to the Company by the Company's independent registered public accounting firm primarily to tax services and merger and acquisition due diligence and integration services and any other services that can clearly be designated as "non-audit" services, as defined by regulation.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for independent, objective oversight of the Company's financial accounting and reporting by overseeing the system of internal controls established by management and monitoring the participation of management and the independent registered public accounting firm in the financial reporting process.

The Audit Committee held four meetings in fiscal year 2013. The meetings were designed to facilitate and encourage private communication between the Audit Committee and the Company's independent registered public accounting firm, Deloitte & Touche LLP.

During the meetings, the Audit Committee reviewed and discussed the Company's financial statements with management and Deloitte & Touche LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The discussions with Deloitte & Touche LLP also included the matters required by Statement on Auditing Standards ("SAS") No. 61 (Communication with Audit Committees), as amended by SAS 89 and 90 (Audit Committee Communications).

Deloitte & Touche LLP provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and this information was discussed with The Deloitte & Touche, LLP.

Based on the discussions with management and Deloitte & Touche LLP, the Audit Committee's review of the representations of management and the report of the Deloitte & Touche, LLP, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, filed with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's Board has adopted Governance Guidelines that include provisions with respect to conflicts of interest. These Guidelines describe "conflict of interest" as a situation in which a director's personal interest, including an immediate family member interest, is adverse to, or may appear to be adverse to, the interests of the Company. The Guidelines provide that any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company, must be disclosed promptly to the Chief Executive Officer, or the Chairman of the Nominating and Governance Committee, and the Company's primary legal counsel.

If the Company wishes to proceed with a transaction involving a potential conflict of interest, the Board would intend to seek prior approval from the Audit Committee or Governance and Nominating Committee, to ensure the transaction is beneficial to the Company and the terms of the transaction are fair to the Company.
