ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On November 24, 2004, IDACORP, Inc. entered into an Employment Agreement with

Edgar Filing: IDACORP INC - Form 8-K

Luci K. McDonald, the newly appointed Vice President of Human Resources of IDACORP and Idaho Power Company. Ms. McDonald's employment will commence on December 6, 2004 and continue through December 6, 2007 unless terminated earlier pursuant to the provisions of the agreement. After that, Ms. McDonald will be an "at will" employee. The agreement provides for an annual base salary of \$150,000. Effective January 1, 2006, Ms. McDonald will be entitled to annual salary increases based upon then-current executive compensation programs as approved by the Compensation Committee of the Board of Directors. The agreement provides for annual incentive compensation, with the target percentage for 2004 set at 30% of base salary, with a potential maximum of 60%, prorated for the time worked in 2004. Effective January 1, 2005, Ms. McDonald will be entitled to participate in the Long-Term Incentive and Compensation Plan at a level to be determined by the Compensation Committee. The agreement also provides for flexible time off ("FTO") benefits equal to four weeks annually, retirement benefits and other benefits similar to those provided to other executives.

If IDACORP terminates Ms. McDonald's employment without cause, starting with the month in which the date of termination occurred and ending on December 6, 2007, IDACORP will continue to pay the annual base salary at the same level that was being paid on the date of termination, annual incentive compensation equal to the highest earned by Ms. McDonald during any year of employment preceding the date of termination, and any accrued but unpaid FTO.

If Ms. McDonald dies or becomes disabled during the term of the agreement, Ms. McDonald (or, in the case of her death, Ms. McDonald's estate) will receive any portion of the annual base salary, earned through date of termination, that has not yet been paid, the pro rata portion of annual incentive compensation for the year that would otherwise vest or become payable and any accrued but unpaid FTO. Awards issued under the Restricted Stock Plan or the Long-Term Incentive and Compensation Plan will vest, if at all, in accordance with the provisions of the plans and the award agreements.

If IDACORP terminates Ms. McDonald's employment with cause or if Ms. McDonald voluntarily terminates employment during the term of the agreement, IDACORP will pay Ms. McDonald that portion of her annual base salary earned through the date of termination to the extent not yet paid.

Upon a change of control of the Company, Ms. McDonald will be entitled to the benefits described in the change of control agreement attached to the employment agreement.

The agreement contains a non-competition provision in which Ms. McDonald promises not to engage directly or indirectly in any business or enterprise which is in competition with IDACORP or its affiliates during, and for 12 months after, her employment. In addition, Ms.

2

McDonald agrees not to disclose certain confidential information relating to the company except with IDACORP's prior written consent or as otherwise required by law or legal process.

ITEM 8.01 OTHER EVENTS

Standard & Poor's Lowers Ratings of IDACORP and IPC

On November 29, 2004, Standard & Poor's Ratings Services (Standard & Poor's) announced that it has lowered the corporate credit ratings and long-term ratings of IDACORP, Inc. (IDACORP) and Idaho Power Company (IPC). The companies' commercial paper rating was affirmed at A-2. These downgrades are expected to

increase the cost of new debt and other issued securities going forward.

Standard & Poor's stated that its decision reflects weakened financial ratios that have resulted from a combination of 1) sustained drought conditions on the Snake River that have depressed IPC's hydro production and increased deferred power costs; 2) a disappointing general rate case ruling by the Idaho Public Utilities Commission (IPUC) partly mitigated by the approval of a settlement agreement on September 29, 2004, which granted IPC's position on income tax issues; and 3) more than \$600 million of expected capital requirements by IPC. Standard & Poor's stated that these pressures resulted in a financial profile that is weak even for the current 'BBB+' corporate credit rating. Further, Standard & Poor's stated that two key issues that would determine future ratings movement were water flows in the Snake River and future rate case rulings by the IPUC.

The following outlines the former and current Standard & Poor's ratings of IPC's and IDACORP's securities:

	IPC		IDACORP
