ANNUAL

REPORT

March 31, 2002

Letter To Shareholders

April 30, 2002

Dear Fellow Shareholder:

The smell of accountability is in the air. And it's not just Enron. Wall Street, the accounting profession, and overpaid corporate CEOs--all are suffering from disclosure issues, specifically, a lack thereof. Ironic, isn't it, this being the "information age"?

While we are spectacularly unqualified to opine on geo-socio-political affairs, such ignorance will not prevent us from offering a solution to the current corporate malaise. Look in the mirror. Over the last 20 years, we've seen stock analysis evolve from dry, considered studies of the balance sheet and cash flow to what seems like Derby day at Churchill Downs complete with "whisper numbers," consensus expectations and minute-by-minute updates on CNBC. Investors turn over stocks and mutual funds faster than a hand of canasta. The public has paid CEOs with truckloads of stock options asking only for a better-than-expected next quarter earnings number in return. Is it any wonder, then, that a few short cuts were taken: a little barter revenue here, a little special purpose vehicle there and don't count the options--they are below the line. Simply put, the market got what it asked for--an upward spiral of stock prices--but at a cost. The cost is what you read and gnash your teeth about today.

TOTAL RETURNS

1 Source: Lipper Analytical Services, Inc. The Fund's total return represents the change in net asset value from the beginning of the period noted through March 31, 2002 and assumes the reinvestment of dividends and distributions. Past performance is no guarantee of future results. Returns based on market price performance of the Fund's shares would be different.

* Principal only.

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-30D

Note: Returns for periods greater than one year are annualized.

Our bet that the yield curve would remain steep and credit costs high proved remunerative this quarter, as did the market's love affair with small cap and value. Given investors' increasing fascination with the quality of earnings, our focus on strong balance sheets and understated

1

values seemed timely as well. Among our current worries are the sustainability of strong residential and commercial real estate markets, the vulnerability of "less than prime" borrowers and another terrorist attack. While the current stock market offers few outstanding values, an especially skittish climate has yielded more than the usual trading opportunities.

We appreciate your continued interest and support of the Fund.

Nicholas C. Adams

Notes to Financial Statements

FIRST FINANCIAL FUND, INC.

First Financial Fund, Inc. (the 'Fund') was incorporated in Maryland on March 3, 1986, as a closed-end, diversified management investment company. The Fund's primary investment objective is to achieve long-term capital appreciation with the secondary objective of current income by investing in securities issued by savings and banking institutions, mortgage banking institutions and their holding companies. The ability of issuers of debt securities held by the Fund to meet their obligations may be affected by economic developments in a specific industry or region.

Note 1. Accounting Policies

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Securities Valuation: Securities for which market quotations are readily available--including securities listed on national securities exchanges and those traded over-the-counter--are valued at the last quoted sales price on the valuation date on which the security is traded. If such securities were not traded on the valuation date, but market quotations are readily available, they are valued at the most recently quoted bid price provided by an independent pricing service or by principal market makers. Securities for which market quotations are not readily available will be valued at fair value as determined in good faith by or under the direction of the Board of Directors of the Fund.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost.

Repurchase Agreement: In connection with repurchase agreement transactions with financial institutions, it is the Fund's policy that its custodian take possession of the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to ensure the adequacy of collateral. If the seller defaults, and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-30D

of the security, realization of the collateral by the Fund may be delayed or limited.

Securities Transactions and Net Investment Income: Securities transactions are recorded on the trade date. Realized gains or losses on sales of securities are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date; interest income is recorded on the accrual basis. Expenses are recorded on the accrual basis, which may require the use of certain estimates by management.

Federal Income Taxes: It is the Fund's policy to continue to meet the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to shareholders. Therefore, no federal income tax provision is required.

Dividends and Distributions: The Fund expects to declare and pay dividends from net investment income and any net capital gains, if any, annually. Dividends and distributions are recorded on the ex-dividend date.

Note 2. Agreements

The Fund has agreements with Wellington Management Company, LLP (the 'Investment Adviser') and with Prudential Investments LLC (the 'Administrator'). The Investment Adviser makes investment decisions on behalf of the Fund; the Administrator provides occupancy and certain clerical and accounting services to the Fund. The Fund bears all other costs and expenses.

The investment advisory agreement provides for the Investment Adviser to receive a fee, computed monthly and payable quarterly, at the following annual rates: .75% of the Fund's average month-end net assets up to and including \$50 million, and .625% of such assets in excess of \$50 million. The administration agreement provides for the Administrator to receive a fee, computed monthly and payable quarterly, at the annual rate of .15% of the Fund's average month-end net assets.

Note 3. Portfolio Securities

Purchases and sales of investment securities, other than short-term investments, for the year ended March 31, 2002 were \$342,926,500 and \$363,763,432, respectively.

Note 4. Distributions and Tax Information

For the year ended March 31, 2002, the tax character of dividends paid was \$19,063,267 of ordinary income and \$20,197,134 of long-term capital gains.

As of March 31, 2002, the accumulated undistributed earnings on a tax basis were \$12,121,422 of ordinary income and \$15,738,060 of long-term capital gains.

The United States federal income tax basis of the Fund's investments and the net unrealized appreciation as of March 31, 2002 were as follows:

Total Net
Unrealized

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-30D

Tax Basis	Appreciation	Depreciation	Appreciation
\$292,530,576	\$ 80,778,941	\$ (5,576,301)	\$ 75,202,640

The differences between book and tax basis are primarily attributable to deferred losses on wash sales.

Note 5. Borrowings

The Fund has a credit agreement (the 'Agreement') with an unaffiliated lender. The maximum commitment under the Agreement is \$45,000,000. These borrowings may be set to any desired maturity at a rate of interest determined by the lender at the time of borrowing. The Agreement expired on April 29, 2002. On May 6, 2002, the Agreement was amended. The maximum commitment was increased to \$75,000,000. The expiration date of the amended Agreement is April 28, 2003. All other terms and conditions are unchanged.

While outstanding, the borrowings will bear interest, payable monthly. During the period while the loan was outstanding, the average daily balance for the year ended March 31, 2002 was approximately \$6,647,000 at a weighted average interest rate of 2.32%. The highest face amount of borrowing at any month-end during the year ended March 31, 2002 was \$10,000,000. The Fund did not have a loan balance at March 31, 2002.

Note 6. Capital

There are 50 million shares of \$.001 par value common stock authorized. Of the 25,064,981 shares issued as of March 31, 2002, the Investment Adviser owned 10,994 shares. During the years ended March 31, 2002 and 2001, the Fund repurchased 902,300 and 104,094, respectively, of its own shares at a weighted average discount of 14.8% and 15.2%, respectively.

-
- (a) NAV and market value are published in The Wall Street Journal each Monday.
 - (b) Total investment return is calculated assuming a purchase of common stock at the current market value on the first day and a sale at the current market value on the last day of each year reported. Dividends and distributions are assumed for purposes of this calculation to be reinvested at prices obtained under the dividend reinvestment plan. This calculation does not reflect brokerage commissions.

Contained above is selected data for a share of common stock outstanding, total investment return, ratios to average net assets and other supplemental data for the year indicated. This information has been determined based upon information provided in the financial statements and market price data for the Fund's shares.

Report of Independent Accountants

FIRST FINANCIAL FUND, INC.

To the Board of Directors and Shareholders of
First Financial Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of First Financial Fund, Inc. (the 'Fund') at March 31, 2002, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as 'financial statements') are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at March 31, 2002 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-30D

Tax Information (Unaudited)

FIRST FINANCIAL FUND, INC.

We are required by the Internal Revenue Code to advise you within 60 days of the Fund's fiscal year end (March 31, 2002) as to the federal tax status of dividends and distributions paid by the Fund during such fiscal year. Accordingly, we are advising you that during the fiscal year ended March 31, 2002, the Fund paid dividends of ordinary income of \$.200 and distributions of short-term capital gains of \$.607, taxable as ordinary income, and long-term capital gains of \$.855, taxable as such. Further, we wish to advise you that 33.8% of the dividends taxable as ordinary income and paid in the fiscal year ended March 31, 2002 qualified for the corporate dividend received deduction available to corporate taxpayers.

In January 2003, shareholders will receive a Form 1099-DIV or substitute Form 1099-DIV which reflects the amount of dividends to be used by calendar year taxpayers on their 2002 federal income tax returns. Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in the Fund.

Other Information (Unaudited)

FIRST FINANCIAL FUND, INC.

Dividend Reinvestment Plan. Shareholders may elect to have all distributions of dividends and capital gains automatically reinvested in Fund shares (Shares) pursuant to the Fund's Dividend Reinvestment Plan (the Plan.) Shareholders who do not participate in the Plan will normally receive all distributions in cash paid by check in United States dollars mailed directly to the shareholders of record (or if the shares are held in streetname or other nominee name, then to the nominee) by the custodian, as dividend disbursing agent, unless the Fund declares a distribution payable in shares, absent a shareholder's specific election to receive cash. Shareholders who wish to participate in the Plan should contact the Fund at (800) 451-6788.

State Street Bank and Trust Company (the Plan Agent) serves as agent for the shareholders in administering the Plan. After the Fund declares a dividend or a capital gains distribution, if (1) the market price is lower than net asset value, the participants in the Plan will receive the equivalent in Shares valued at the market price determined as of the time of purchase (generally, following the payment date of the dividend or distribution); or if (2) the market price of Shares on the payment date of the dividend or distribution is equal to or exceeds their net asset value, participants will be issued Shares at the higher of net asset value or 95% of the market price. If the Fund declares a dividend or other distribution payable only in cash and the net asset value exceeds the market price of Shares on the valuation date, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy Shares in the open market. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value per share, the Plan Agent will halt open-market purchases of the Fund's shares for this purpose, and will request that the Fund pay the remainder, if any, in the form of newly-issued shares. The Fund will not issue Shares under the Plan below net asset value.

There is no charge to participants for reinvesting dividends or capital gain distributions, except for certain brokerage commissions, as described below. The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any federal income

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-30D

tax that may be payable on such dividends or distributions.

The Fund reserves the right to amend or terminate the Plan upon 90 days' written notice to shareholders of the Fund.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent or by telephone in accordance with specific procedures and will receive certificates for whole Shares and cash for fractional Shares.

All correspondence concerning the Plan should be directed to the Plan Agent, State Street Bank & Trust Company, P.O. Box 8200, Boston, MA 02266-8200.

- * The Board of Directors is divided into three classes, each of which has three terms. Class I Officers are generally elected by the Board to one year terms.
- ** This column includes only directorships of companies required to report to the Securities and Securities Exchange Act of 1934 (that is, 'public companies') or other investment companies Company Act of 1940 ('1940 Act'). Each Director of the Fund, except Mr. Barr, oversees three Fund's 'Fund Complex'. The Fund's Fund Complex consists of a group of investment companies a that are advised by the Investment Adviser.
- *** Indicates an 'interested person' of the Fund, as defined in the 1940 Act. Mr. Mooney is deemed solely by reason of his service as an officer of the Fund.

Revised Investment Policy (Unaudited)

FIRST FINANCIAL FUND, INC.

On May 21, 2002, the Board of Directors unanimously approved a new investment policy for the Fund in order to comply with new Rule 35d-1 under the 1940 Act (commonly known as the 'names rule'). The names rule requires many funds that have names that signify certain investments to have an investment policy requiring that 80% of their assets be invested in such investments. The Fund's name includes the term 'financial,' which may suggest a particular type of investment. Accordingly, the Board adopted a new fundamental investment policy for the Fund as follows:

'Under normal circumstances, the Fund will invest at least 80% of its assets (net assets, plus the amount of any borrowings for investment purposes) in securities issued by finance and financial service-related companies, including savings and banking institutions, the deposits of which are insured by the Federal Deposit Insurance Corporation, securities issued by mortgage banking institutions, REITs, and consumer and industrial finance, insurance, brokerage, investment banking, asset management, and other financial service companies, as well as in the holding companies of such companies.'

The Investment Adviser expects the Fund to be in compliance with this revised policy by the July 31, 2002 effective date of this new rule.

The Fund will retain its existing industry concentration policy to invest at least 65% of its total assets in certain savings, banking and mortgage banking institutions and their holding companies.
