Shareholders of record at the close of business on March 14, 2003, are entitled to notice of and to vote at the meeting.

Purpose of Meeting

Shareholders will be asked to consider and vote upon the following matters at the Annual Meeting: (1) the election of four directors, and (2) such other business as may be properly brought before the meeting and any adjournments thereof.

Solicitation of Proxies

This Proxy Statement is furnished in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of Franklin Financial for use at the Annual Meeting and any adjournments thereof.

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

The expense of soliciting proxies will be borne by Franklin Financial. In addition to the use of the mails, the directors, officers, and employees of Franklin Financial and of any subsidiary may, without additional compensation, solicit proxies personally or by telephone.

Farmers and Merchants Trust Company of Chambersburg (hereinafter, "F&M Trust") is a wholly owned subsidiary of Franklin Financial. This Proxy Statement, while prepared in connection with the Annual Meeting of Shareholders of Franklin Financial, contains certain information relating to F&M Trust which will be identified where appropriate.

Revocability and Voting of Proxies

The execution and return of the enclosed proxy will not affect a shareholder's right to attend the meeting and to vote in person. Any proxy given pursuant to this solicitation may be revoked by delivering written notice of revocation to Bonnie J. Clugston, Secretary of Franklin Financial, at any time before the proxy is voted at the meeting. Unless revoked, any proxy given pursuant to this solicitation will be voted at the meeting in accordance with the instructions thereon of the shareholder giving the proxy. In the absence of instructions, all proxies will be voted FOR the election of the four nominees identified in this Proxy Statement. The enclosed proxy confers upon the persons named as proxies therein discretionary authority to vote the shares represented thereby on all matters that may come before the meeting in addition to the scheduled items of business, including unscheduled shareholder proposals and matters incident to the conduct of the meeting. Although the Board of Directors knows of no other business to be presented, in the event that any other matters are brought before the meeting, the shares represented by any proxy given pursuant to this solicitation will be voted in accordance with the recommendations of the management of Franklin Financial.

Shares held for the account of shareholders who participate in the Dividend Reinvestment Plan will be voted in accordance with the instructions of each shareholder as set forth in his proxy. A majority of the votes which all shareholders present in person or by proxy are entitled to cast at a meeting at which a quorum

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

In the case of the election of directors, the four candidates receiving the highest number of votes shall be elected directors of Franklin Financial; accordingly, in the absence of a contested election, votes withheld from a particular nominee or nominees will not influence the outcome of the election. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be treated as votes cast.

INFORMATION CONCERNING THE ELECTION OF DIRECTORS

General Information

The Bylaws of Franklin Financial provide that the Board of Directors shall consist of not less than five nor more than 25 persons and that the directors shall be classified with respect to the time they shall severally hold office by dividing them into three classes, each consisting as nearly as possible of one-third of the number of the whole Board of Directors. The Bylaws further provide that the directors of each class shall be elected for a term of three years so that the term of office of one class of directors shall expire in each year. Finally, the Bylaws provide that the number of directors in each class of directors shall be determined by the Board of Directors.

A majority of the Board of Directors may increase the number of directors between meetings of shareholders. Any vacancy occurring in the Board of Directors, whether due to an increase in the number of directors, resignation, retirement, death, or any other reason, may be filled by appointment by the remaining directors. Any director who is appointed to fill a vacancy shall hold office until his successor is duly elected by the shareholders at the next Annual Meeting at which directors in his class are elected.

The Board of Directors has determined that the Board shall consist of 12 directors. There are four directors whose terms of office will expire at the 2003 Annual Meeting and eight continuing directors whose terms of office will expire at the 2004 or 2005 Annual Meeting. Compensation covered by the Plan is calculated by determining the average of a participant's highest five consecutive years' compensation in the ten years preceding normal retirement. Prior to 2002, compensation is generally salary and bonus as reported in the Summary Compensation Table above. Effective January 1, 2002, compensation for Plan purposes excludes long-term disability payments, taxable fringe benefits, moving expenses, housing expenses, non-cash taxable amounts under the restricted stock program, restricted stock program cash dividend payments, and tax equalization payments. Section 401(a)(17) of the Code limits a participant's compensation for each calendar year. Current compensation covered by the Plan for the year ended December 31, 2002 for Messrs. Snell and McDowell was \$181,982 and \$135,422, respectively. As of December 31, 2002, Messrs. Snell and McDowell were credited with 7.67 and 3.33 years of service, respectively, for benefit accrual purposes under the Plan.

The normal retirement benefit under the Plan is a single-life annuity equal to the sum of the following:

- (i) 1.15 percent (1.15%) of the average of the highest five consecutive years' compensation in the 10 years preceding normal retirement, multiplied by a participant's number of years of service from the date of employment to December 31, 1997, plus
- (ii) 0.90 percent (0.90%) of such compensation multiplied by a participant's number of years of service from January 1, 1998, through the date of retirement, plus

- (iii) 0.60 percent (0.60%) of such compensation in excess of Social Security covered compensation (the taxable wage base averaged over the 35-year period ending with the last day of the calendar year in which the participant attains Social Security retirement age), multiplied by a participant's total number of years of service (up to a maximum of 35 years) from the date of employment to the retirement date.

This benefit is limited by the maximum benefit as specified under Section 415 of the Code.

The Plan was amended November 24, 1999, effective January 1, 2000, to give a cost-of-living adjustment to retirees and beneficiaries with a retirement date on or before January 1, 1999. The increase is equal to 1.50% of the retiree's and beneficiary's monthly pension payment for each complete year measured from the later of October 1, 1994 and the retiree's and beneficiary's retirement date to January 1, 2000. The Plan was also amended and restated on November 9, 2001 to conform the Plan to reflect changes required by law, up to and including the IRS Restructuring and Reform Act of 1998. The Plan was again amended on December 19, 2002 in order to fully adopt the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 and other changes in tax law.

Compensation Committee Report on Executive Compensation

The Personnel Committee of the Board of Directors of Franklin Financial (the "Committee") administers the executive compensation programs of Franklin Financial and its subsidiaries. The Committee consisted of six independent directors in 2002.

Executive Compensation Policies

Executive compensation at Franklin Financial consists of two components: base salary and incentive programs. The Committee has established an executive compensation policy to assist it in administering these two components of executive compensation.

The Franklin Financial's executive compensation policy is designed to provide its executives with a total compensation package that is fair in light of competitive compensation practices, that attracts and retains qualified executives, that places a portion of total pay at risk (to be earned through the achievement of performance goals), and that helps to align management's interests with those of shareholders. Fair pay is defined as pay levels that are at or approach the median of competitive compensation practices.

Competitive compensation practices are determined from time to time, as follows. The Committee uses data from banking industry compensation surveys to determine median pay practices for similar positions at comparably sized organizations. Compensation disclosures made by a peer group of comparably sized Pennsylvania banks are also used to determine competitive pay practices at the top management level. This group of Pennsylvania banking organizations bears no direct relationship to those companies represented in the SNL Northeast OTC-BB and Pink Banks Index appearing in the stock performance graph set

forth elsewhere in this Proxy Statement because the companies represented in this Index are too numerous and because some are too small and others too large for appropriate and meaningful compensation comparisons. Additionally, the Committee's analysis of competitive salary increases is used in estimating competitive pay levels.

The Committee uses incentive programs to link total executive compensation to the performance of Franklin Financial. These programs provide executives with an opportunity to earn a combination of cash and stock awards contingent upon the achievement of corporate net income and other performance targets.

Relationship of Performance to Executive Compensation

The Committee employs a short-term incentive plan to link senior officer compensation to the success in meeting annual goals based upon the net income of the corporation and other performance targets. The 2001 plan included a range of net income and other performance targets and within that range of targets, senior officer incentive payouts could range from 1% to 15% of annual salary, with an additional 401(k) Profit Sharing Plan discretionary contribution ranging from 1/2% to 2% of salary (up to applicable limitations under the Internal Revenue Code). Messrs. Snell and McDowell each participated in this program. Based upon Franklin Financial's financial performance in 2002, awards will be payable to both Messrs. Snell and McDowell. The exact amount of those awards cannot be determined at this time because certain necessary peer group data is not yet publicly available. The awards paid to Messrs. Snell and McDowell under the short-term incentive plan in 2002, based upon the financial performance of Franklin Financial in 2001, were \$13,874 and \$9,793, respectively, and are reported in the Summary Compensation Table which appears above.

The Committee administers the Incentive Stock Option Plan of 2002 for senior officers. Under this plan, participants are granted on an annual basis Incentive Stock Options to purchase shares at an exercise price not less than 100% of the fair market value of a share of Common Stock on the date the option is granted.

The purpose of the Plan is to promote the interests of Franklin Financial and its shareholders by strengthening the ability of Franklin Financial to attract, motivate and retain qualified executives and to provide as additional incentives for these officers to promote the financial success and growth of Franklin Financial and its subsidiaries. Options are the only form of award authorized under the Plan and have no intrinsic value unless the price of the underlying shares appreciates over time. No gain will accrue to the officer who is awarded an option, absent appreciation in the price of Franklin Financial Common Stock, which will benefit all shareholders.

In administering the Plan, the Committee has established an annual Target Option Award for each participant which is linked to one of five salary grade level ranges. Actual Option Awards are granted by the Committee based upon a calculation of the three-year average of Franklin Financial's annual increase in earnings per share. The Committee's philosophy in utilizing this performance measurement is that long term growth in

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

earnings per share is the primary driver of both the market value of Franklin Financial stock and the company's capacity to regularly increase cash dividends to shareholders.

Four target ranges have been established for the three-year average of Franklin Financial's annual increase in earnings per share. Actual Option Awards are determined by comparing the calculation of the three-year average of earnings per share growth against the four target ranges. Accordingly, actual Option Awards may be greater or lesser than the annual Target Option Award for each participant.

Franklin Financial's Basic Earnings Per Share for 1998 through 2001 were \$1.76, \$1.86, \$1.85 and \$2.09 respectively, resulting in an average three-year growth in earnings per share of 6.1%. In accordance with the guidelines established by the Committee. Incentive Stock Option Awards for an aggregate 17,000 shares were granted to twelve participants during 2002.

2002 Compensation of the Chief Executive Officer

The Committee at its December 2001 meeting discussed its compensation policy as summarized above, reviewed competitive pay practices, and considered both in light of Franklin Financial's strategic initiative to control overhead expenses. After considering these factors, the Committee determined that Mr. Snell's base salary would be increased to \$180,223 in 2002.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, brought about a limitation on the deductibility for federal income tax purposes of annual compensation in excess of \$1 million payable to certain senior officers of publicly held companies. Qualifying performance-based compensation is not subject to this limitation if certain conditions are met. The Committee does not foresee current compensation arrangements exceeding this level. Accordingly, the Committee has no plans to modify the compensation policies of Franklin Financial in response to the provisions of Section 162(m) of the Code. The Committee will evaluate this matter on an ongoing basis.

The foregoing report is submitted by
Robert G. Zullinger, Chairman of the
Personnel Committee, and Messrs. Elliott, Fry, Good,
Jennings and Miller, who served as members of the
Personnel Committee during 2002.

Compensation Committee Interlocks and Insider Participation

The members of the Personnel Committee of the Board of Directors during 2002 were those persons who are named in the Compensation Committee Report on Executive Compensation which appears above. No member of the Personnel Committee was an employee of Franklin Financial or F&M Trust at any time during 2002, although Mr. Zullinger served as President and Chief Executive Officer of Franklin Financial and F&M Trust until his retirement in 1996. There were no compensation committee "interlocks" at any time during 2002, which in general terms means that no executive officer or director of Franklin Financial served as a director or member of the compensation committee of another entity, one of whose executive officers

served as a director of Franklin Financial.

Performance Graph

The Securities and Exchange Commission requires that a publicly held company include in its proxy statement a stock performance graph comparing its five-year cumulative total return to shareholders with the returns generated by an industry-specific index (or peer group index) and with the return generated by a broad market index.

The following graph compares the cumulative total return to shareholders of Franklin Financial with the NASDAQ - Total U.S. Index (a broad market index prepared by the Center for Research in Security Prices at the University of Chicago Graduate School of Business) and with the Northeast OTC-BB and Pink Banks Index (an industry-specific index prepared by SNL Financial LC) for the five year period ended December 31, 2002, in each case assuming an initial investment of \$100 on December 31, 1997 and the reinvestment of all dividends.

Audit Committee Report

The Audit Committee has reviewed the audited financial statements of Franklin Financial for the year ended December 31, 2002 and has discussed these financial statements with management and with Franklin Financial's independent accountants, Beard Miller Company LLP ("Beard Miller Company"). The Audit Committee also has discussed with Beard Miller Company the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee has received from Beard Miller Company the written disclosures and letter required by the Independence Standards Board Standard No. 1 and the Audit Committee has discussed with Beard Miller Company their independence from Franklin Financial and from Franklin Financial's management.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that Franklin Financial's audited financial statements for the year ended December 31, 2002 be included in Franklin Financial's Annual Report on Form 10-K for that year.

In connection with the standards for accountant's independence adopted by the Securities and Exchange Commission, the Audit Committee will undertake to consider in advance of the provision of any non-audit services by Franklin Financial's independent accountants whether the provision of such services is compatible with maintaining the independence of such accountants.

This report is not intended to be incorporated by reference into any filing made by Franklin Financial with the SEC under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The foregoing report is submitted by Jeryl C. Miller,

Chairman of the Audit Committee, Mrs. Walker and Messrs. Good, Jennings, Sioberg and Suter, who served as members of the Audit Committee during 2002.

Transactions with Directors and Executive Officers

Some of the directors and executive officers of Franklin Financial and the companies with which they are associated were customers of and had banking transactions with F&M Trust in the ordinary course of business during 2002. All loans and commitments to loan made to such persons and the companies with which they are associated were made on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and did not involve more than a normal risk of collectibility or present other unfavorable features. It is anticipated that F&M Trust will enter into similar transactions in the future.

Martha B. Walker, a member of the Boards of Directors of Franklin Financial and F&M Trust, is a partner in the law firm of Barley, Snyder, Senft & Cohen (hereafter, "BSS&C"). BSS&C has provided legal services to Franklin Financial and F&M Trust for many years and is expected to continue to do so in the future.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires that the directors and certain officers of Franklin Financial file with the Securities and Exchange Commission reports of ownership and changes in ownership with respect to shares of Franklin Financial common stock beneficially owned by them. Based solely upon its review of copies of such reports furnished to it and written representations made by its directors and those officers who are subject to such reporting requirements, Franklin Financial believes that during the calendar year ended December 31, 2002, all filing requirements applicable to its directors and officers were complied with.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

General Information
