Ballston Spa Bancorp, Inc. Shareholders

Dear Fellow Shareholder:

We are sure you are wondering why TrustCo is making an offer to buy Ballston Spa Bancorp, Inc. directly to you rather than through the management and Board of Directors of the Company. By way of explanation, this letter will highlight some of the information contained in our Tender Offer concerning the background of our offer.

In response to our request, management of each of TrustCo and Ballston Spa, had a meeting on September 14, 2005 at which we indicated our interest in a business combination with your company. In response, management of Ballston Spa indicated that not only were they not interested in a business combination with TrustCo, THEY WERE NOT EVEN INTERESTED IN HEARING THE PRICE THAT TRUSTCO WOULD PAY FOR YOUR STOCK. On October 20, 2005 and November 30, 2005, Christopher Dowd, Ballston Spa's President, totally rejected our subsequent offers and refused to discuss the matter further. Accordingly, we decided to make this Tender Offer directly to you, the shareholders, to enable each of you to decide whether our price of \$45.50 for each of your shares is of interest to you. We believe you have a right to know about this offer so that you can make your own decision.

Here is some information that the Ballston Spa management may not want you to know. Ballston Spa's performance over the last several years lags industry averages and that of TrustCo. For example:

	December 31, 2004	
	----- Ballston Spa -----	----- TrustCo -----
Return on assets	0.30%	2.00%
Return on equity	4.63%	26.65%
Efficiency ratio (lower is better)	88%	39%

TrustCo's strong operating performance illustrates that a community-based bank remains viable in our area.

In addition to Ballston Spa's poor operating performance, Bloomberg Financial Markets reports that your Ballston Spa stock has suffered a 2% compounded annual loss over the five-year period ended September 30, 2005. By way of comparison, according to Bloomberg Financial Markets, TrustCo's stock performance during that same five-year period generated compounded annual returns of 11% for our stockholders.

We are big supporters of the Capital Region, especially the Saratoga County community where we currently have 14 bank offices. Many of our staff and employees live (as well as work) in and around Saratoga County, and many are involved with Saratoga County charitable organizations. We have provided substantial financial support and assistance to these agencies as well as to other Saratoga County organizations. We strive to provide the highest quality services to our customers and excellent investment returns for our shareholders. Our headquarters is in Glenville, New York, less than 5 miles from the principal office of Ballston Spa.

Please also note that the Federal Income Tax Rates at the present time are the lowest they have been in years. We recommend that you consult your tax advisors as to what this means to you.

Our Tender Offer has resulted in an increase in the value of Ballston Spa stock because our offer is substantially above the stock market price before our offer was announced. If TrustCo's Tender Offer is not successful then it is possible the stock price will fall back to pre-tender offer levels and we therefore urge you to accept our offer and tender your shares pursuant to our Tender Offer. We believe that to sell your shares today or in the future for less than \$45.50 is certainly unnecessary if not unwise.

The terms and conditions of our Tender Offer are described in our Offer to Purchase dated December 5, 2005, and we urge you to read it carefully. If you have any questions about our offer, please contact our information agent, Regan & Associates, Inc. toll-free at 800-737-3426.

Sincerely,

/s/ Robert J. McCormick
