NOTES TO FINANCIAL STATEMENTS

NOTE A. SIGNIFICANT ACCOUNTING POLICIES

Cornerstone Total Return Fund, Inc. (the "Fund") was incorporated in New York on March 16, 1973 and commenced investment operations on May 15, 1973. Its investment objective is to seek total return consisting of capital appreciation with current income as a secondary objective. The Fund is registered under the Investment Company Act of 1940, as amended, as a closed-end, diversified management investment company.

The following is a summary of significant accounting policies consistently followed by the Fund:

MANAGEMENT ESTIMATES: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make certain estimates and assumptions that may affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

PORTFOLIO VALUATION: Investments are stated at value in the accompanying financial statements. All equity securities shall be valued at the closing price on the exchange or market on which the security is primarily traded ("Primary Market"). If the security did not trade on the Primary Market, it shall be valued at the closing price on another exchange where it trades. If there are no such sale prices, the value shall be the most recent bid, and if there is no bid, the security shall be valued at the most recent asked. If no pricing service is available and there are more than two dealers, the value shall be the mean of the highest bid and lowest ask. If there is only one dealer, then the value shall be the mean if bid and ask are available, otherwise the value shall be the bid. All other securities and assets are valued as determined in good faith by the Board of Directors. Short-term investments having a maturity of 60 days or less are valued on the basis of amortized cost. The Board of Directors has established general guidelines for calculating fair value of not readily marketable securities. At December 31, 2004, the Fund held 1.33% of its net assets in securities valued in good faith by the Board of Directors with an aggregate cost of \$894,867 and a fair value of \$817,542. The net asset value per share of the Fund is calculated weekly and on the last business day of the month with the exception of those days on which the American Stock Exchange, LLC is closed.

REPURCHASE AGREEMENTS: The Fund has agreed to purchase securities from financial institutions subject to the seller's agreement to repurchase them at an agreed-upon time and price ("repurchase agreements"). The financial institutions with whom the Fund enters into repurchase agreements are banks and broker/dealers, which Cornerstone Advisors, Inc. (the Fund's "Investment Manager" or "Cornerstone") considers creditworthy. The seller under a repurchase agreement will be required to maintain the value of the securities as collateral, subject to the agreement at not less than the repurchase price plus accrued interest. Cornerstone monitors daily the mark-to-market of the value of the collateral, and, if necessary, requires the seller to maintain additional securities, so that the value of the collateral is not less than the repurchase price. Default by or bankruptcy of the seller could, however, expose the Fund to possible loss because of adverse market action or delays in connection with the disposition of the underlying securities.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME: Investment transactions are accounted for on the trade date. The cost of investments sold is determined by use of the specific identification method for both financial reporting and income tax purposes. Interest income is recorded on an accrual basis; dividend income is recorded on the ex-dividend date.

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

TAXES: No provision is made for U.S. federal income or excise taxes as it is the Fund's intention to continue to qualify as a regulated investment company and to make the requisite distributions to its shareholders which will be sufficient to relieve it from all or substantially all U.S. federal income and excise taxes.

8

CORNERSTONE TOTAL RETURN FUND, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DISTRIBUTIONS OF INCOME AND GAINS: Effective January 2002, the Fund initiated a fixed, monthly distribution to shareholders. To the extent that these distributions exceed the current earnings of the Fund, the balance will be generated from sales of portfolio securities held by the Fund, which will either be short-term or long-term capital gains or a tax-free return-of-capital. To the extent these distributions are not represented by net investment income and capital gains, they will not represent yield or investment return on the Fund's investment portfolio. The Fund plans to maintain this distribution policy even if regulatory requirements would make part of a return-of-capital, necessary to maintain the distribution, taxable to shareholders and to disclose that portion of the distribution that is classified as ordinary income. Although it has no current intention to do so, the Board may terminate this distribution policy at any time and such termination may have an adverse effect on the market price for the Fund's common shares. The Fund determines annually whether to distribute any net realized long-term capital gains in excess of net realized short-term capital losses, including capital loss carryovers, if any. To the extent that the Fund's taxable income in any calendar year exceeds the aggregate amount distributed pursuant to this distribution policy, an additional distribution may be made to avoid the payment of a 4% U.S. federal excise tax, and to the extent that the aggregate amount distributed in any calendar year exceeds the Fund's taxable income, the amount of that excess may constitute a return-of-capital for tax purposes. A return-of-capital distribution reduces the cost basis of an investor's shares in the Fund. Dividends and distributions to shareholders are recorded by the Fund on the ex-dividend date.

The character of dividends and distributions made during the year ended December 31, 2004 from net investment income or net realized gains, if any, may differ from their ultimate characterization for U.S. income tax purposes due to U.S. generally accepted accounting principles/tax differences in the character of income and expense recognition.

NOTE B. AGREEMENTS

Cornerstone serves as the Fund's Investment Manager with respect to all investments. As compensation for its investment management services, Cornerstone receives from the Fund, an annual fee, calculated weekly and paid monthly, equal to 1.00% of the Fund's average weekly net assets. Cornerstone has voluntarily agreed to continue to waive its management fees from the Fund to the extent that monthly operating expenses exceed 0.125% of average net assets calculated monthly. For the year ended December 31, 2004, Cornerstone earned \$618,101 for investment management services, of which it waived \$11,305. The Investment Manager may discontinue such undertaking at any time during the fiscal year without notice to fund shareholders.

Included in the Statement of Operations, under the caption FEES PAID indirectly, are expense offsets of \$10,501 arising from credits earned on portfolio

transactions executed with a broker, pursuant to a directed brokerage arrangement.

The Fund paid approximately \$28,800 for the year ended December 31, 2004 for legal services to Blank Rome LLP ("Blank"), counsel to the Fund. Thomas R. Westle, partner of Blank, serves as secretary of the Fund.

At December 31, 2004, pursuant to a regulatory filing, an affiliate owned approximately 15% of the outstanding shares of the Fund based on a Schedule 13G/A filing with the Securities and Exchange Commission on February 3, 2005.

NOTE C. INVESTMENT IN SECURITIES

For the year ended December 31, 2004, purchases and sales of securities, other than short-term investments, were \$7,505,642 and \$15,641,050, respectively.

9

CORNERSTONE TOTAL RETURN FUND, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE D. SHARE REPURCHASE PROGRAM

As had been done in the past to enhance shareholder value, pursuant to Section 23 of the Investment Company Act of 1940, as amended the Fund may again in the future purchase shares of its common stock on the open market from time to time, at such times, and in such amounts as may be deemed advantageous to the Fund. Nothing herein shall be considered a commitment to purchase such shares. For the year ended December 31, 2004, the Fund had no repurchases. For the year ended December 31, 2003, the Fund repurchased 7,500 of its shares for a total cost of \$ 90,050 at a weighted average discount of 12.01% from net asset value. The discount of the individual repurchases ranged from 11.76% - 12.13%. No limit has been placed on the number of shares to be purchased by the Fund other than those imposed by federal securities laws.

All purchases are made in accordance with federal securities laws, with shares repurchased held in treasury, effective January 1, 2002.

NOTE E. SECURITIES LENDING

To generate additional income, the Fund may lend up to 33 1/3% of its total assets. The Fund receives payments from borrowers equivalent to the dividends and interest that would have been earned on securities lent while simultaneously seeking to earn interest on the investment of cash collateral. Loans are subject to termination by the Fund or the borrower at any time, and are, therefore, not considered to be illiquid investments. Loans of securities are required at all times to be secured by collateral equal to at least 100% of the market value of securities on loan. However, in the event of default or bankruptcy of the other party to the agreement, realization and/or retention of the collateral may be subject to legal proceedings. In the event that the borrower fails to return securities, and collateral maintained by lender is insufficient to cover the value of loaned securities, the borrower is obligated to pay the amount of the shortfall (and interest thereon) to the Fund. However, there can be no assurance the Fund can recover this amount. The value of securities on loan to brokers at December 31, 2004 was \$259,359.

Ordinary income dividends should be reported as dividend income on Form 1040. To the extent that the distributions represent a return of your investment, they are not taxed as ordinary income dividends and are sometimes referred to as nontaxable distributions. A return-of-capital distribution reduces the cost basis of your shares in the Fund.

The Fund has met the requirements to pass through all ordinary income as qualified dividends. Please note that to utilize the lower tax rate for qualifying dividend income, shareholders must have held their shares in the Fund for at least 61 days during the 121 day period beginning 60 days before the ex-dividend date.

Foreign shareholders will generally be subject to U.S. withholding tax on the amount of their distribution(s).

In general, distributions received by tax-exempt recipients (e.g., IRA's and Keoghs) need not be reported as taxable income for U.S. federal income tax

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

purposes. However, some retirement trusts (e.g., corporate, Keogh and 403(b) (7) plans) may need this information for their annual information reporting.

Shareholders are strongly advised to consult their own tax advisers with respect to the tax consequences of their investment in the Fund.

DESCRIPTION OF DIVIDEND REINVESTMENT PLAN (UNAUDITED)

Shareholders who have Shares registered directly in their own names automatically participate in the Fund's Dividend Reinvestment Plan (the "Plan"), unless and until an election is made to withdraw from the Plan on behalf of such participating shareholders. Shareholders who do not wish to have distributions automatically reinvested should so notify American Stock Transfer & Trust Co. (the "Agent") at P.O. Box 922, Wall Street Station, New York, NY 10269-0560 or call (877) 248-6416. Under the Plan, all of the Fund's dividends and other distributions to shareholders are reinvested in full and fractional Shares as described below.

When the Fund declares an income dividend or a capital gain or other distribution (each, a "Distribution" and collectively, "Distributions"), the Agent, on the shareholders' behalf, will: (i) receive additional authorized shares from the Fund either newly issued or repurchased from shareholders by the Fund and held as treasury stock ("Newly Issued Shares") or, (ii) at the sole discretion of the Board of Directors, be authorized to purchase outstanding shares on the open market, on the American Stock Exchange, LLC or elsewhere, with cash allocated to it by the Fund ("Open Market Purchases").

Shares acquired by the Agent in Open Market Purchases will be allocated to the reinvesting shareholders based on the average cost of such Open Market Purchases. Alternatively, the Agent will allocate Newly Issued Shares to the reinvesting shareholders at the lower of (i) a price equal to the average closing price of the Fund over the five trading days preceding the payment date of such distribution or (ii) the net asset value of the Fund as last determined prior to such payment date.

Registered shareholders who acquire their shares through Open Market Purchases and who do not wish to have their Distributions automatically reinvested should so notify the Fund in writing. If a Shareholder has not elected to receive cash Distributions and the Agent does not receive notice of an election to receive cash Distributions prior to the record date of any distribution, the shareholder will automatically receive such Distributions in additional Shares.

Participants in the Plan may withdraw from the Plan by providing written notice to the Agent at least 30 days prior to the applicable Distributions payment date. When a participant withdraws from the Plan, or upon termination of the Plan as provided below, certificates for whole shares credited to his/her account under the Plan will, upon request, be issued. Whether or not a participant requests that certificates for whole shares be issued, a cash payment will be made for any fraction of a Share credited to such account.

The Agent will maintain all shareholder accounts in the Plan and furnish written confirmations of all transactions in the accounts, including information needed by shareholders for personal and tax records. The Agent will hold shares in the account of each Plan participant in non-certificated form in the name of the participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan. Each participant, nevertheless, has the right to receive certificates for whole shares owned. The Agent will distribute all proxy solicitation materials to participating shareholders.

In the case of shareholders, such as banks, brokers or nominees, that hold shares for others who are beneficial owners participating in the Plan, the Agent will administer the Plan on the basis of the number of shares certified from time to time by the record shareholder as representing the total amount of shares registered in the Shareholder's name and held for the account of beneficial owners participating in the Plan.

There will be no charge to participants for reinvesting Distributions other than their share of brokerage commissions as discussed below. The Agent's fees for

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

administering the Plan and handling the reinvestment of Distributions will be paid by the Fund. Each participant's account will be charged a pro-rata share of brokerage commissions incurred with respect to the Agent's Open Market Purchases in connection with the reinvestment of Distributions.

16

DESCRIPTION OF DIVIDEND REINVESTMENT PLAN (UNAUDITED) (CONCLUDED)

Brokerage charges for purchasing small amounts of shares for individual accounts through the Plan are expected to be less than the usual brokerage charges for such transactions because the Agent will be purchasing shares for all the participants in blocks and pro-rating the lower commission that may be attainable.

The automatic reinvestment of Distributions will not relieve participants of any income tax that may be payable on such Distributions. Participants who receive shares pursuant to the Plan as described above will recognize taxable income in the amount of the fair market value of those shares. In the case of non-U.S. participants whose Distributions are subject to U.S. income tax withholding and in the case of participants subject to 28% federal backup withholding, the Agent will reinvest Distributions after deduction of the amount required to be withheld.

The Fund reserves the right to amend or terminate the Plan by written notice to participants. All correspondence concerning the Plan should be directed to the Agent at the address referred to in the first paragraph of this section.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES. ISS 2005 PROXY VOTING GUIDELINES SUMMARY The following is a condensed version of all proxy voting recommendations contained in the ISS Proxy Voting Manual.

1. OPERATIONAL ITEMS ADJOURN MEETING

Generally vote AGAINST proposals to provide management with the authority to adjourn an annual or special meeting absent compelling reasons to support the proposal. Vote FOR proposals that relate specifically to soliciting votes for a merger or transaction for which ISS has recommended a FOR vote. Vote AGAINST proposals if the wording is too vague or if the proposal includes "other business."

AMEND QUORUM REQUIREMENTS

Vote AGAINST proposals to reduce quorum requirements for shareholder meetings below a majority of the shares outstanding unless there are compelling reasons to support the proposal.

AMEND MINOR BYLAWS

Vote FOR bylaw or charter changes that are of a housekeeping nature (updates or corrections).

CHANGE COMPANY NAME

Vote FOR proposals to change the corporate name.

CHANGE DATE, TIME, OR LOCATION OF ANNUAL MEETING

Vote FOR management proposals to change the date/time/location of the annual meeting unless the proposed change is unreasonable.

Vote AGAINST shareholder proposals to change the date/time/location of the annual meeting unless the current scheduling or location is unreasonable.

RATIFYING AUDITORS

Vote FOR proposals to ratify auditors, unless any of the following apply:

- o An auditor has a financial interest in or association with the company, and is therefore not independent
- o Fees for non-audit services are excessive, or
- o There is reason to believe that the independent auditor has rendered an opinion which is neither accurate nor indicative of the company's financial position.

Vote CASE-BY-CASE on shareholder proposals asking companies to prohibit or limit their auditors from engaging in non-audit services.

Vote CASE-BY-CASE on shareholder proposals asking for audit firm rotation, taking into account the tenure of the audit firm, the length of rotation specified in the proposal, any significant audit-related issues at the company, the number of Audit Committee meetings held each year, the number of financial experts serving on the committee, and whether the company has a periodic renewal

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

process where the auditor is evaluated for both audit quality and competitive price.

TRANSACT OTHER BUSINESS

Vote AGAINST proposals to approve other business when it appears as voting item.

VOTING ON DIRECTOR NOMINEES IN UNCONTESTED ELECTIONS

Votes on director nominees should be made on a CASE-BY-CASE basis, examining the following factors:

composition of the board and key board committees, attendance at board meetings, corporate governance provisions and takeover activity, long-term company performance relative to a market index, directors' investment in the company, whether the chairman is also serving as CEO, and whether a retired CEO sits on the board. However, there are some actions by directors that should result in votes being withheld. These instances include directors who:

- o Attend less than 75 percent of the board and committee meetings without a valid excuse
 - o Implement or renew a dead-hand or modified dead-hand poison pill
 - o Adopt a poison pill without shareholder approval since the company's last annual meeting and there is no requirement to put the pill to shareholder vote within 12 months of its adoption
 - o Ignore a shareholder proposal that is approved by a majority of the shares outstanding
 - o Ignore a shareholder proposal that is approved by a majority of the votes cast for two consecutive years
 - o Failed to act on takeover offers where the majority of the shareholders tendered their shares
 - o Are inside directors or affiliated outsiders and sit on the audit, compensation, or nominating committees
 - o Are inside directors or affiliated outsiders and the full board serves as the audit, compensation, or nominating committee or the company does not have one of these committees
 - o Are audit committee members and the non -audit fees paid to the auditor are excessive.
- In addition, directors who enacted egregious corporate governance policies or failed to replace management as appropriate would be subject to recommendations to withhold votes.
- o Are inside directors or affiliated outside directors and the full board is less than majority independent
 - o Sit on more than six public company boards, or on more than two public boards in addition to their own if they are CEOs of public companies.
 - o Are on the compensation committee when there is a negative correlation between chief executive pay and company performance
 - o Have failed to address the issue(s) that resulted in any of the directors receiving more than 50% withhold votes out of those cast at the previous board election

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

AGE LIMITS

Vote AGAINST shareholder or management proposals to limit the tenure of outside directors either through term limits or mandatory retirement ages.

BOARD SIZE

Vote FOR proposals seeking to fix the board size or designate a range for the board size.

Vote AGAINST proposals that give management the ability to alter the size of the board outside of a specified range without shareholder approval.

CLASSIFICATION/DECLASSIFICATION OF THE BOARD

Vote AGAINST proposals to classify the board.

Vote FOR proposals to repeal classified boards and to elect all directors annually.

CUMULATIVE VOTING

Vote AGAINST proposals to eliminate cumulative voting.

Vote proposals to restore or permit cumulative voting on a CASE-BY-CASE basis based on the extent that shareholders have access to the board through their own nominations.

DIRECTOR AND OFFICER INDEMNIFICATION AND LIABILITY PROTECTION

Proposals on director and officer indemnification and liability protection should be evaluated on a CASE-BY-CASE basis, using Delaware law as the standard.

Vote AGAINST proposals to eliminate entirely directors' and officers' liability for monetary damages for violating the duty of care.

Vote AGAINST indemnification proposals that would expand coverage beyond just legal expenses to acts, such as negligence, that are more serious violations of fiduciary obligation than mere carelessness.

Vote FOR only those proposals providing such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if both of the following apply:

- o The director was found to have acted in good faith and in a manner that he reasonably believed was in the best interests of the company, and
- o Only if the director's legal expenses would be covered.

ESTABLISH/AMEND NOMINEE QUALIFICATIONS

Vote CASE-BY-CASE on proposals that establish or amend director qualifications. Votes should be based on how reasonable the criteria are and to what degree they may preclude dissident nominees from joining the board.

Vote AGAINST shareholder proposals requiring two candidates per board seat.

FILLING VACANCIES/REMOVAL OF DIRECTORS

Vote AGAINST proposals that provide that directors may be removed only for cause.

Vote FOR proposals to restore shareholder ability to remove directors with or without cause.

Vote AGAINST proposals that provide that only continuing directors may elect replacements to fill board vacancies. Vote FOR proposals that permit shareholders to elect directors to fill board vacancies.

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

INDEPENDENT CHAIRMAN (SEPARATE CHAIRMAN/CEO)

Generally vote FOR shareholder proposals requiring the position of chairman be filled by an independent director unless there are compelling reasons to recommend against the proposal, such as a counterbalancing governance structure. This should include all of the following:

- o Designated lead director, elected by and from the independent board members with clearly delineated and comprehensive duties. (The role may alternatively reside with a presiding director, vice chairman, or rotating lead director).
- o Two-thirds independent board
- o All-independent key committees
- o Established governance guidelines Additionally, the company should not have under-performed its peers.

MAJORITY OF INDEPENDENT DIRECTORS/ESTABLISHMENT OF COMMITTEES

Vote FOR shareholder proposals asking that a majority or more of directors be independent unless the board composition already meets the proposed threshold by ISS's definition of independence.

Vote FOR shareholder proposals asking that board audit, compensation, and/or nominating committees be composed exclusively of independent directors if they currently do not meet that standard.

OPEN ACCESS

Vote CASE-BY-CASE on shareholder proposals asking for open access taking into account the ownership threshold specified in the proposal and the proponent's rationale for targeting the company in terms of board and director conduct.

STOCK OWNERSHIP REQUIREMENTS

Generally vote AGAINST shareholder proposals that mandate a minimum amount of stock that directors must own in order to qualify as a director or to remain on the board. While ISS favors stock ownership on the part of directors, the company should determine the appropriate ownership requirement.

Vote CASE-BY-CASE shareholder proposals asking that the company adopt a holding or retention period for its executives (for holding stock after the vesting or exercise of equity awards), taking into account any stock ownership requirements or holding period/retention ratio already in place and the actual ownership level of executives.

TERM LIMITS

Vote AGAINST shareholder or management proposals to limit the tenure of outside directors either through term limits or mandatory retirement ages.

3. PROXY CONTESTS

VOTING FOR DIRECTOR NOMINEES IN CONTESTED ELECTIONS

Votes in a contested election of directors must be evaluated on a CASE-BY-CASE basis, considering the following factors:

- o Long-term financial performance of the target company relative to its industry; management's track record
- o Background to the proxy contest
- o Qualifications of director nominees (both slates)
- o Evaluation of what each side is offering shareholders as well as the

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

likelihood that the proposed objectives and goals can be met; and stock ownership positions.

REIMBURSING PROXY SOLICITATION EXPENSES

Voting to reimburse proxy solicitation expenses should be analyzed on a CASE-BY-CASE basis. In cases where ISS recommends in favor of the dissidents, we also recommend voting for reimbursing proxy solicitation expenses.

CONFIDENTIAL VOTING

Vote FOR shareholder proposals requesting that corporations adopt confidential voting, use independent vote tabulators and use independent inspectors of election, as long as the proposal includes a provision for proxy contests as follows: In the case of a contested election, management should be permitted to request that the dissident group honor its confidential voting policy. If the dissidents agree, the policy remains in place. If the dissidents will not agree, the confidential voting policy is waived.

Vote FOR management proposals to adopt confidential voting.

4. ANTI-TAKEOVER DEFENSES AND VOTING RELATED ISSUES

Advance Notice Requirements for Shareholder Proposals/Nominations Votes on advance notice proposals are determined on a CASE-BY-CASE basis, giving support to those proposals which allow shareholders to submit proposals as close to the meeting date as reasonably possible and within the broadest window possible.

AMEND BYLAWS WITHOUT SHAREHOLDER CONSENT

Vote AGAINST proposals giving the board exclusive authority to amend the bylaws.

Vote FOR proposals giving the board the ability to amend the bylaws in addition to shareholders.

POISON PILLS

Vote FOR shareholder proposals asking that any future pill be put to a shareholder vote.

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

Vote FOR management proposals to increase the common share authorization for a stock split or share dividend, provided that the increase in authorized shares would not result in an excessive number of shares available for issuance as determined using a model developed by ISS.

TRACKING STOCK

Votes on the creation of tracking stock are determined on a CASE-BY-CASE basis, weighing the strategic value of the transaction against such factors as: adverse governance changes, excessive increases in authorized capital stock, unfair method of distribution, diminution of voting rights, adverse conversion features, negative impact on stock option plans, and other alternatives such as spinoff.

8. EXECUTIVE AND DIRECTOR COMPENSATION

Votes with respect to equity-based compensation plans should be determined on a CASE-BY-CASE basis. Our methodology for reviewing compensation plans primarily focuses on the transfer of shareholder wealth (the dollar cost of pay plans to shareholders instead of simply focusing on voting power dilution). Using the expanded compensation data disclosed under the SEC's rules, ISS will value every award type. ISS will include in its analyses an estimated dollar cost for the proposed plan and all continuing plans. This cost, dilution to shareholders' equity, will also be expressed as a percentage figure for the transfer of shareholder wealth, and will be considered along with dilution to voting power. Once ISS determines the estimated cost of the plan, we compare it to a company-specific dilution cap.

Our model determines a company-specific allowable pool of shareholder wealth that may be transferred from the company to plan participants, adjusted for:

- o Long-term corporate performance (on an absolute basis and relative to a standard industry peer group and an appropriate market index),
- o Cash compensation, and
- o Categorization of the company as emerging, growth, or mature. These adjustments are pegged to market capitalization.

Vote AGAINST plans that expressly permit the repricing of underwater stock options without shareholder approval.

Generally vote AGAINST plans in which (1) there is a disconnect between the CEO's pay and company performance (an increase in pay and a decrease in

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

performance) and the main source of the pay increase (over half) is equity-based and (2) the CEO is the participant of the equity proposal. A decrease in performance is based on negative one- and three-year total shareholder returns. An increase in pay is based on the CEO's total direct compensation (salary, cash bonus, present value of stock options, face value of restricted stock, face value of long-term incentive plan payouts, and all other compensation) increasing over the previous year. Also may WITHHOLD votes from the Compensation Committee members. Generally vote AGAINST plans if the company's most recent three-year burn rate exceeds one standard deviation in excess of the industry mean and is over two percent of common shares outstanding. See Table 1 for details.

A company with high three-year average burn rates may avoid triggering the burn rate policy by committing to the industry average over the next years.

However, the above general voting guidelines for pay for performance may change if the compensation committee members can demonstrate that they have improved committee performance based on additional public filing such as an DEFA 14A or 8K. The additional filing needs to present strong and compelling evidence of improved performance with new information that has not been disclosed in the original proxy statement. The reiteration of the compensation committee report will not be sufficient evidence of improved committee performance.

Evidence of improved compensation committee performance includes all of the following:

- o The compensation committee has reviewed all components of the CEO's compensation, including the following:

- Base salary, bonus, long-term incentives

- Accumulative realized and unrealized stock option and restricted stock gains

- Dollar value of perquisites and other personal benefits to the CEO and the cost to the company

- Earnings and accumulated payment obligations under the company's nonqualified deferred compensation program

- Actual projected payment obligations under the company's supplemental executive retirement plan (SERPs)

A tally sheet setting forth all the above components was prepared and reviewed affixing dollar amounts under the various payout scenarios.

- o A tally sheet with all the above components should be disclosed for the following termination scenarios:

- Payment if termination occurs within 12 months: \$_____

- Payment if "not for cause" termination occurs within 12 months: \$_____

- Payment if "change of control" termination occurs within 12 months: \$_____

- o The compensation committee is committed to provide additional information on the named executives' annual cash bonus program and/or long-term incentive cash plan for the current fiscal year. The compensation committee will provide full disclosure of the qualitative and quantitative performance criteria and hurdle rates used to determine the payouts of the cash program. From this disclosure, shareholders will know the minimum level of performance required for any cash bonus to be delivered as well as the maximum cash bonus payable for superior performance.

The repetition of the compensation committee report does not meet ISS' requirement of compelling and strong evidence of improved disclosure. The level of transparency and disclosure is at the highest level where shareholders can understand the mechanics of the annual cash bonus and/or long-term incentive cash plan based on the additional disclosure.

o The compensation committee is committed to grant a substantial portion of performance-based equity awards to the named executive officers. A substantial portion of performance-based awards would be at least 50 percent of the shares awarded to each of the named executive officers. Performance-based equity awards are earned or paid out based on the achievement of company performance targets. The company will disclose the details of the performance criteria (e.g., return on equity) and the hurdle rates (e.g., 15 percent) associated with the performance targets. From this disclosure, shareholders will know the minimum level of performance required for any equity grants to be made. The performance-based equity awards do not refer to non-qualified stock options¹ or performance-accelerated grants². Instead, performance-based equity awards are performance contingent grants where the individual will not receive the equity grant by not meeting the target performance and vice versa.

The level of transparency and disclosure is at the highest level where shareholders can understand the mechanics of the performance-based equity awards based on the additional disclosure.

o The compensation committee has the sole authority to hire and fire outside compensation consultants. The role of the outside compensation consultant is to assist the compensation committee to analyze executive pay packages or contracts and understand the company's financial measures.

BASED ON THE ADDITIONAL DISCLOSURE OF IMPROVED PERFORMANCE OF THE COMPENSATION COMMITTEE, ISS WILL GENERALLY VOTE FOR THE COMPENSATION COMMITTEE MEMBERS UP FOR ANNUAL ELECTION AND VOTE FOR THE EMPLOYEE-BASED STOCK PLAN IF THERE IS ONE ON THE BALLOT. HOWEVER, ISS IS NOT LIKELY TO VOTE FOR THE COMPENSATION COMMITTEE

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

MEMBERS AND/OR THE EMPLOYEE-BASED STOCK PLAN IF ISS BELIEVES THE COMPANY HAS NOT PROVIDED COMPELLING AND SUFFICIENT EVIDENCE OF TRANSPARENT ADDITIONAL DISCLOSURE OF EXECUTIVE COMPENSATION BASED ON THE ABOVE REQUIREMENTS.

DIRECTOR COMPENSATION

Votes on compensation plans for directors are determined on a CASE-BY-CASE basis, using a proprietary, quantitative model developed by ISS.

On occasion, director stock plans that set aside a relatively small of shares when combined with employee or executive stock compensation plans exceed the allowable cap. In such cases, starting proxy season 2005, ISS will supplement the analytical approach with a qualitative review of board compensation for companies, taking into consideration:

- o Director stock ownership guidelines
 - A minimum of three times the annual cash retainer.
- o Vesting schedule or mandatory holding/deferral period
 - A minimum vesting of three years for stock options or restricted stock, or
 - Deferred stock payable at the end of a three-year deferral period.
- o Mix between cash and equity
 - A balanced mix of cash and equity, for example 40% cash/60% equity or 50% cash/50% equity.
 - If the mix is heavier on the equity component, the vesting schedule or deferral period should be more stringent, with the lesser of five years or the term of directorship.

(1) Non-qualified stock options are not performance-based awards unless the grant or the vesting of the stock options is tied to the achievement of a pre-determined and disclosed performance measure. A rising stock market will generally increase share prices of all companies, despite of the company's underlying performance.

(2) Performance-accelerated grants are awards that vest earlier based on the achievement of a specified measure. However, these grants will ultimately vest over time even without the attainment of the goal(s).

- o Retirement/Benefit and Perquisites programs
 - No retirement/benefits and perquisites provided to non-employee directors.
- o Quality of disclosure
 - Provide detailed disclosure on cash and equity compensation delivered to each non-employee director for the most recent fiscal year in a table. The column headers for the table may include the following: name of each non-employee director, annual retainer, board meeting fees, committee retainer, committee-meeting fees, and equity grants.

For ISS to recommend a vote FOR director equity plans based on the above qualitative features, a company needs to demonstrate that it meets all the above qualitative features in its proxy statement.

STOCK PLANS IN LIEU OF CASH

Votes for plans which provide participants with the option of taking all or a portion of their cash compensation in the form of stock are determined on a CASE-BY-CASE basis.

Vote FOR plans which provide a dollar-for-dollar cash for stock exchange.

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

Votes for plans which do not provide a dollar-for-dollar cash for stock exchange should be determined on a CASE-BY-CASE basis using a proprietary, quantitative model developed by ISS. In cases where the exchange is not dollar-for-dollar, the request for new or additional shares for such equity program will be considered in the quantitative model. However, the cost would be lower than full-value awards since part of the deferral compensation is in-lieu-of cash compensation.

DIRECTOR RETIREMENT PLANS

Vote AGAINST retirement plans for nonemployee directors.

Vote FOR shareholder proposals to eliminate retirement plans for nonemployee directors.

MANAGEMENT PROPOSALS SEEKING APPROVAL TO REPRICE OPTIONS

Votes on management proposals seeking approval to reprice options are evaluated on a CASE-BY-CASE basis giving consideration to the following:

- o Historic trading patterns
- o Rationale for the repricing
- o Value-for-value exchange
- o Treatment of surrendered options
- o Option vesting
- o Term of the option
- o Exercise price
- o Participation.

QUALIFIED EMPLOYEE STOCK PURCHASE PLANS

Votes on qualified employee stock purchase plans should be determined on a CASE-BY-CASE basis.

Vote FOR employee stock purchase plans where all of the following apply:

- o Purchase price is at least 85 percent of fair market value
- o Offering period is 27 months or less, and
- o The number of shares allocated to the plan is ten percent or less of the outstanding shares

Vote AGAINST qualified employee stock purchase plans where any of the following apply:

- o Purchase price is less than 85 percent of fair market value, or
- o Offering period is greater than 27 months, or
- o The number of shares allocated to the plan is more than ten percent of the outstanding shares

NONQUALIFIED EMPLOYEE STOCK PURCHASE PLANS

Votes on nonqualified employee stock purchase plans should be determined on a CASE-BY-CASE basis.

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

Vote FOR nonqualified employee stock purchase plans with all the following features:

- o Broad-based participation (i.e., all employees of the company with the exclusion of individuals with 5 percent or more of beneficial ownership of the company).
- o Limits on employee contribution, which may be a fixed dollar amount or expressed as a percent of base salary.
- o Company matching contribution up to 25 percent of employee's contribution, which is effectively a discount of 20 percent from market value.
- o No discount on the stock price on the date of purchase since there is a company matching contribution.

Vote AGAINST nonqualified employee stock purchase plans when any of the plan features do not meet the above criteria.

INCENTIVE BONUS PLANS AND TAX DEDUCTIBILITY PROPOSALS (OBRA-RELATED COMPENSATION PROPOSALS)

Vote FOR proposals that simply amend shareholder-approved compensation plans to include administrative features or place a cap on the annual grants any one participant may receive to comply with the provisions of Section 162(m).

Vote FOR proposals to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) unless they are clearly inappropriate.

Votes to amend existing plans to increase shares reserved and to qualify for favorable tax treatment under the provisions of Section 162(m) should be considered on a CASE-BY-CASE basis using a proprietary, quantitative model developed by ISS.

Generally vote FOR cash or cash and stock bonus plans that are submitted to shareholders for the purpose of exempting compensation from taxes under the provisions of Section 162(m) if no increase in shares is requested.

EMPLOYEE STOCK OWNERSHIP PLANS (ESOPS)

Vote FOR proposals to implement an ESOP or increase authorized shares for existing ESOPs, unless the number of shares allocated to the ESOP is excessive (more than five percent of outstanding shares.)

401(K) EMPLOYEE BENEFIT PLANS

Vote FOR proposals to implement a 401(k) savings plan for employees.

SHAREHOLDER PROPOSALS REGARDING EXECUTIVE AND DIRECTOR PAY

Generally, vote FOR shareholder proposals seeking additional disclosure of executive and director pay information, provided the information requested is relevant to shareholders' needs, would not put the company at a competitive disadvantage relative to its industry, and is not unduly burdensome to the company.

Vote AGAINST shareholder proposals seeking to set absolute levels on compensation or otherwise dictate the amount or form of compensation.

Vote AGAINST shareholder proposals requiring director fees be paid in stock only. Vote FOR shareholder proposals to put option repricings to a shareholder vote.

Vote on a CASE-BY-CASE basis for all other shareholder proposals regarding

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

executive and director pay, taking into account company performance, pay level versus peers, pay level versus industry, and long term corporate outlook.

OPTION EXPENSING

Generally vote FOR shareholder proposals asking the company to expense stock options, unless the company has already publicly committed to expensing options by a specific date.

PERFORMANCE-BASED AWARDS

Generally vote FOR shareholder proposals advocating the use of performance-based awards like indexed, premium-priced, and performance-vested options or performance-based shares, unless:

- o The proposal is overly restrictive (e.g., it mandates that awards to all employees must be performance-based or all awards to top executives must be a particular type, such as indexed options)
- o The company demonstrates that it is using a substantial portion of performance-based awards for its top executives

GOLDEN PARACHUTES AND EXECUTIVE SEVERANCE AGREEMENTS

Vote FOR shareholder proposals to require golden parachutes or executive severance agreements to be submitted for shareholder ratification, unless the proposal requires shareholder approval prior to entering into employment contracts.

Vote on a CASE-BY-CASE basis on proposals to ratify or cancel golden parachutes. An acceptable parachute should include the following:

- o The triggering mechanism should be beyond the control of management
- o The amount should not exceed three times base amount (defined as the average annual taxable W-2 compensation during the five years prior to the year in which the change of control occurs)
- o Change-in-control payments should be double-triggered, i.e., (1) after a change in control has taken place, and (2) termination of the executive as a result of the change in control. ISS defines change in control as a change in the company ownership structure.

PENSION PLAN INCOME ACCOUNTING

Generally vote FOR shareholder proposals to exclude pension plan income in the calculation of earnings used in determining executive bonuses/compensation.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLANS (SERPS)

Generally vote FOR shareholder proposals requesting to put extraordinary benefits contained in SERP agreements to a shareholder vote unless the company's executive pension plans do not contain excessive benefits beyond what is offered under employee-wide plans.

9. SOCIAL AND ENVIRONMENTAL ISSUES

CONSUMER ISSUES AND PUBLIC SAFETY

ANIMAL RIGHTS

Vote CASE-BY-CASE on proposals to phase out the use of animals in product testing, taking into account:

- o The nature of the product and the degree that animal testing is necessary or federally mandated (such as medical products),
- o The availability and feasibility of alternatives to animal testing to ensure

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

product safety, and

- o The degree that competitors are using animal-free testing.
- o Generally vote FOR proposals seeking a report on the company's animal welfare standards unless:
 - o The company has already published a set of animal welfare standards and monitors compliance
 - o The company's standards are comparable to or better than those of peer firms, and
 - o There are no serious controversies surrounding the company's treatment of animals

DRUG PRICING

Vote CASE-BY-CASE on proposals asking the company to implement price restraints on pharmaceutical products, taking into account:

- o Whether the proposal focuses on a specific drug and region
- o Whether the economic benefits of providing subsidized drugs (e.g., public goodwill) outweigh the costs in terms of reduced profits, lower R&D spending, and harm to competitiveness
- o The extent that reduced prices can be offset through the company's marketing budget without affecting R&D spending
- o Whether the company already limits price increases of its products
- o Whether the company already contributes life -saving pharmaceuticals to the needy and Third World countries
- o The extent that peer companies implement price restraints

GENETICALLY MODIFIED FOODS

Vote AGAINST proposals asking companies to voluntarily label genetically engineered (GE) ingredients in their products or alternatively to provide interim labeling and eventually eliminate GE ingredients due to the costs and feasibility of labeling and/or phasing out the use of GE ingredients.

Vote CASE-BY-CASE on proposals asking for a report on the feasibility of labeling products containing GE ingredients taking into account:

- o The relevance of the proposal in terms of the company's business and the proportion of it affected by the resolution
- o The quality of the company's disclosure on GE product labeling and related voluntary initiatives and how this disclosure compares with peer company disclosure
- o Company's current disclosure on the feasibility of GE product labeling, including information on the related costs
- o Any voluntary labeling initiatives undertaken or considered by the company. Vote CASE-BY-CASE on proposals asking for the preparation of a report on the financial, legal, and environmental impact of continued use of GE ingredients/seeds.
- o The relevance of the proposal in terms of the company's business and the

Edgar Filing: CORNERSTONE TOTAL RETURN FUND INC - Form N-CSR

proportion of it affected by the resolution

- o The quality of the company's disclosure on risks related to GE product use and how this disclosure compares with peer company disclosure

- o The percentage of revenue derived from international operations, particularly in Europe, where GE products are more regulated and consumer backlash is more pronounced.

Vote AGAINST proposals seeking a report on the health and environmental effects of genetically modified organisms (GMOs). Health studies of this sort are better undertaken by regulators and the scientific community.

Vote AGAINST proposals to completely phase out GE ingredients from the company's products or proposals asking for reports outlining the steps necessary to eliminate GE ingredients from the company's products. Such resolutions presuppose that there are proven health risks to GE ingredients (an issue better left to federal regulators) that outweigh the economic benefits derived from biotechnology.

HANDGUNS

Generally vote AGAINST requests for reports on a company's policies aimed at curtailing gun violence in the United States unless the report is confined to product safety information. Criminal misuse of firearms is beyond company control and instead falls within the purview of law enforcement agencies.

Vote CASE-BY-CASE on requests for reports outlining the impact of the health pandemic (HIV/AIDS, malaria and tuberculosis) on the company's Sub-Saharan operations and how the company is responding to it, taking into account:

- o The nature and size of the company's operations in Sub-Saharan Africa and the number of local employees

- o The company's existing healthcare policies, including benefits and healthcare access for local workers

- o Company donations to healthcare providers operating in the region
