Internet Gold / Smile.Media's Nirshamim to Expand its International Website to Foreign Markets

Thursday April 26, 3:35 am ET

Plans to Launch International Website in the US at NAFSA 2007

PETACH TIKVA, Israel, April 26 /PRNewswire-FirstCall/ -- Internet Gold, (Nasdaq NMS and TASE: IGLD) today announced that Nirshamim Lelimudim Ltd. ("Nirshamim"), the academic portal wholly owned by Smile.Media Ltd., Internet Gold's fully owned media subsidiary, will launch a new international website, www.nirshamim.com, at the NAFSA Association of International Educators' 2007 59th Annual Conference, which will take place May 27-June 1 in Minneapolis. The new site is designed to make it easier for U.S. academic institutions to disseminate information about their programs to potential students in foreign countries.

Similar to Nirshamim's Israeli portal, the international site will generate revenues from a lead-generation business model and advertising. To date, Nirshamim has secured advertising and lead-generation agreements with more than 90 academic institutions throughout the U.S. and expects to sign additional agreements at the NAFSA 2007 Conference.

This entrepreneurial initiative has received the endorsement of the U.S. Commercial Service of the U.S. Department of Commerce, which is working with Nirshamim in order to enlarge the number of Israeli students in U.S academic institutions.

Smile.Media owns 100% of Nirshamim following its acquisition of a 50% interest in 2005 and the remaining 50% in 2006. Nirshamim's revenues more than doubled in 2006 as compared to 2005, and management projects that its revenues will increase by an additional 50% in 2007. This is due both to their expectation of double-digit growth in the Internet advertising budgets of Israeli academic institutions during 2007 and the revenue contribution that is expected to be made by the new international site.

Commenting on the news, Eli Holtzman, Internet Gold's CEO, said, "We are very pleased with Nirshamim's progress to date, which has proven the need for - and commercial viability of - a portal that helps students decide where to enroll. Having established Nirshamim as a well-known brand in Israel, it is natural to extend it to include information on American universities and colleges, many of whom are extremely interested in reaching Israeli and other foreign students. In the future, we plan to expand Nirshamim further, launching it in additional countries in which there is a high degree of interest in studying in the U.S."

Mr. Kobi Sadeh-Feldboy, Founder and CEO of Nirshamim, added, "Despite its relatively small size, Israel accounts for the largest number of students from

the Middle East that study in U.S. academic institutions. As such, Israel is an important target market for American universities looking to attract a more diverse student population."
