PART I

Item 1. Description of Business.

Background and History

CareerEngine Network, Inc., through its wholly-owned subsidiary CareerEngine, Inc., is engaged in the business of e-recruiting. CareerEngine Network, Inc. and all its subsidiaries are hereinafter collectively referred to as the "Company," "our," or "we" unless the context requires otherwise.

In August 2000, we discontinued our merchant banking operations, which consisted of our real estate project with Carmike Cinemas, Inc., and our financial consulting operations. Accordingly, our remaining operations, as stated above, are solely from our e-recruiting activities. Our financial resources and our management's efforts are currently focused on this segment and raising capital.

Our Continuing Operations

E-recruiting activities are derived from the operations of the two divisions of our wholly-owned subsidiary, CareerEngine, Inc. These divisions, CareerEngine Network and CareerEngine Solutions, provide e-recruiting services.

Our Network Division operates 6 portal career sites organized by specific job function and diversity and one general board.

These sites enable employers and recruiters to post job offerings for specific target areas in one or more of our career specific sites. Prospective employees can search for jobs, confidentially post their

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

resumes, and avail themselves of a host of other services.

Our Solutions Division develops and maintains career sites for companies and recruiters. We customize these sites to reflect the particular look and feel of our customers' websites utilizing our software that we make available on an ASP basis. We believe that by offering multiple products and services to address online

4

recruiting needs, we have established our own unique niche in the online recruiting market.

Our CareerEngine Network Division

Most online job sites that offer aggregate listings in different fields lack specialized capabilities. Their postings are broad based, covering all types of jobs in many industries. As a result, job seekers must often search through exhaustive lists of unsuitable opportunities. The CareerEngine Network is different. Our category specific approach enables job seekers to focus on those opportunities that are suitable for their skills. We do this by limiting employment opportunities in each database to the industry covered by that database. This helps to reduce the quantity of non-related postings delivered by a key word search. Recruiters and employers can quickly find and attract qualified candidates with specialized skills and expertise. We attempt to screen our employment postings for specificity, although we are not always successful. However, we believe we offer a network of career sites through which a recruiter can conveniently and cost effectively focus on highly trained qualified candidates suited for specific job openings. The vertical orientation of our job sites - which encompass fields ranging from accounting to sales and IT - makes it easier for job seekers and potential employers to locate and evaluate one another.

We derive a significant number of job postings through independent distributors. These distributors include major online and offline recruitment advertising firms and major recruitment and placement agencies that seek a variety of websites, both category specific and broad based, to post their clients' job openings. Some of our distributors include Bernard Hodes, TMP Worldwide, Shaker Advertising and Dice.

Among the services provided to employers and recruiters on our network is the opportunity to access our confidential resume database containing resumes placed on our category specific websites by job seekers. These resumes are furnished to them with built-in safeguards to protect the privacy concerns of applicants.

Revenue from the CareerEngine Network Division is derived from job placement advertisements, outsourced job seeker services and resume database access.

5

Our CareerEngine Solutions Division

Online career centers are becoming increasingly utilized by web publishers, corporations and other organizations such as search firms that can generate revenue by selling job postings. Web publishers can utilize

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

career centers to create additional revenue streams through advertising and retain visitors. Corporations can use a career center to make their online recruitment efforts more productive. Our CareerEngine Solutions Division offers the experience, staff and know-how to build, host and maintain on an ASP basis career centers for on and offline organizations more effectively, quicker and at less cost than would be the case if the organizations built and maintained their own websites. Our management believes that these career centers should provide a company with the opportunity to attract and recruit the best candidates by being able to offer them the ability to quickly assess the company's visions and competitive advantages by accessing information placed by the company in appropriate fields provided by us.

We develop customized career websites for our clients and recommend proprietary "plug-ins" that incorporate the latest technology - such as job search agents and confidential resume hosting. If the site we construct becomes an important revenue producer for the client, they have the option of joining the CareerEngine Network and utilizing the sales representatives of our distributors to sell and market job postings for their sites. We also provide programs to help our clients facilitate their site updates and provide them with customer service capabilities.

Revenues generated by this division include fees generated from website construction services, monthly subscription-type revenue streams based upon contractual terms for maintenance and website hosting services, and fees from consulting services.

Our Discontinued Operations

During the past five years we had concentrated in providing merchant and investment banking (primarily related to real estate projects such as our project with Carmike Cinemas, Inc.), financial consulting, and e-recruiting services. In 2000 our Board of Directors decided to discontinue the merchant and investment

6

banking and financial consulting segments to concentrate our efforts on our online recruiting business.

In 1997, Movieplex Realty Leasing, L.L.C. ("Movieplex"), a subsidiary of the Company, entered into an agreement with a major film exhibitor, Carmike Cinemas, Inc. ("Carmike"), to develop and lease an unspecified number of state of the art multiplex movie theaters at a cost not to exceed approximately \$75,000,000, plus an amount equal to any proceeds received by Movieplex from the investment of related funding prior to the expending of development costs (the "Project Funding"). Under the terms of the agreement, Carmike was responsible for construction costs in excess of the Project Funding. The primary components of the Project Funding were (i) \$72,750,000 from Movieplex's issuance of bonds and (ii) \$2,272,500 from an equity investment. Pursuant to one of the related agreements, Carmike acted as the development agent for Movieplex over the period November 20, 1997 through November 19, 1999 (the "Development Period"). During the Development Period, eight theaters (each theater consisting of an acquired parcel of land and the improvements constructed thereon) were developed at a cost substantially in excess of the Project Funding. These excess costs were funded by Carmike. In order to restore the original intent of developing multiple theaters at an amount not to exceed the Project Funding, on April 11, 2000, Movieplex transferred title to two theaters to Carmike. The costs relating to the remaining six properties,

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

after reallocating those costs incurred by Movieplex pertaining to the two transferred theaters, does not exceed the cost incurred to develop such remaining theaters. The allocated costs for each of the six theaters does not exceed their value as determined by an outside appraiser. In connection with the transfer of the two theaters, the related lease was amended to (i) increase the purchase option price to Carmike at the expiration of the initial lease term from 100% to 110% of a pre-determined future value, (ii) effectively increase the rent payable during the initial renewal option term of the lease by 10%, and (iii) increase the current return on Movieplex's common members' equity investment. These amendments, in the aggregate, increased the Company's anticipated financial return on this transaction. The Company was also compensated \$188,000 for its consulting services provided with regard to this matter.

7

Commencing November 20, 1999, Carmike leased each of the six theaters under the terms of a triple net, credit type lease with Movieplex, as lessor. Monthly rental payments received by the lessor primarily fluctuated with the debt service payments on the related bonds and the cash return due to the Common and Preferred Members of Movieplex. The lease required that Carmike, in addition to paying a stipulated monthly rental to the lessor (i) pay all utilities, insurance, and local real estate, corporate and franchise taxes; (ii) reimburse the lessor for substantially all of its necessary and reasonable expenses incurred in fulfilling its role as lessor; and (iii) assume full operating, maintenance and environmental responsibilities for the preservation and, if necessary, restoration of the land and related improvements thereon. At the end of the initial lease term in 2015, Carmike had the option to extend the lease, relating to not less than all the theaters, for an additional term of ten years and, thereafter, for an additional term of five years at rental rates provided in the lease. Alternatively, at the end of the initial lease term, Carmike had the option to purchase, not less than all the theaters, at an amount based on a predetermined future value.

Bonds payable were secured by irrevocable letters of credit issued by a group of banks which, in turn, were collateralized solely by the related land and theaters thereon. In connection therewith the Company entered into a Reimbursement Agreement with Wachovia, N.A. as agent for the banks, under which the Company was obligated to remit all rent received under the lease to Wachovia to reimburse the banks for the Bond payments made by draws on their letters of credit. The bonds bore interest, payable monthly, at a variable base rate indexed to the 30-day, high-grade commercial paper rate which was reset weekly. Principal on the bonds was payable in annual installments, commencing December 1, 2000, in amounts ranging from \$970,000 to \$7,775,000 with a final payment due at maturity, November 1, 2015, of \$12,975,000.

The 3% equity investment by the lessor amounted to \$2,272,500 of which \$2,250,000 and \$22,500 was contributed by the lessor's Preferred and Common Memberships (or shareholdings), respectively. A third party owns 100% of the Preferred Membership and two subsidiaries of the Company own 100% of the Common Membership of the lessor. The Common and Preferred

8

Membership interests are entitled to a cash return based on a formula

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

specified within the lease.

On August 8, 2000, Carmike filed a petition under Chapter 11 of the United States Bankruptcy Code. As a result of that filing and Carmike's subsequent failure to pay rent to date under the lease, the Company failed to make required payments to Wachovia under the Reimbursement Agreement. Accordingly, on August 15, 2000, Wachovia declared a default under the Reimbursement Agreement and accelerated all amounts due by the Company thereunder. Wachovia also directed the Trustee under the related indenture to redeem the bonds. On August 15, 2000 the bonds were paid entirely through draws on the related letters of credit. Accordingly, amounts previously payable on the bonds became payable to the banks immediately under the Reimbursement Agreement. Interest and fees which have been accrued on the reimbursement obligations through December 2001 have been recorded with a corresponding amount of accrued rent receivable from Carmike. On January 31, 2002 title to the six theaters was transferred to the banks in payment of the non-recourse debt under the Reimbursement Agreement and the Company recognized a gain of \$3,512,884, representing the excess of the liabilities over the carrying value of the assets relating to the real estate leased to Carmike. In addition, the Company received \$294,755 in connection with the sale of its common membership interest in Movieplex relating to the transfer of title of the movie theaters to Wachovia.

General

The Company was incorporated under the laws of the State of Delaware in 1968. It maintains offices at 200 West 57th Street, Suite 1103, New York, New York 10019 and its telephone number is (212) 775-0400.

Unless the context requires otherwise, the term "Company," "our," or "we" refers to CareerEngine Network, Inc. and its wholly-owned subsidiaries: CareerEngine, Inc.; Snider, Williams & Co., Inc.; Randolph, Hudson & Co., Inc.; Shaw Realty Company, Inc.; Helmstar Funding, Inc.; Burrows, Hayes Company, Inc.; Dover, Sussex Company, Inc.; Housing Capital Corporation; Randel, Palmer & Co., Inc.; Parker, Reld & Co., Inc., McAdam, Taylor & Co., Inc.; Ryan, Jones & Co., Inc.; Advanced Digital Networks, Inc.; A.E. Lander Corp. (formerly Alexander Edwards International, Inc.); and Matthews & Wright, Inc. The above companies,

9

other than CareerEngine, Inc., are currently operationally inactive.

As of March 31, 2003, the Company had 6 employees.

Competition

The market for online recruiting services is relatively new, intensely competitive and rapidly evolving. There are minimal barriers to entry, and current and new competitors can launch new websites and add content at relatively low costs within relatively short time periods. We expect competition to persist and intensify and the number of competitors to increase significantly in the future. We compete against large online recruiting services that operate "generalist sites" that offer single database job boards, such as Monster.com, HotJobs.com, CareerBuilder.com, as well as corporate Internet sites, and not-for-profit websites operated by individuals, educational institutions and governmental agencies. We also compete against some companies that offer one or more specific career sites oriented toward the community served by one or more of our vertical

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

career sites, and with an increasing number of companies offering ASP services that construct, host and maintain career centers for individual corporations, professional associations and other organizations. In addition to this online competition, we compete against a variety of companies that provide similar content through one or more media, such as classified advertising, radio and television. Many of our current and potential competitors, including those mentioned above, have significantly greater financial, technical and marketing resources, longer operating histories, better name recognition and more experience than we do. Many of our competitors also have established relationships with employers, recruiters and other job posters.

Regulation

The Company does not believe that they are subject to regulation in the current conduct of its business.

10

American Stock Exchange (the "Exchange") Listing

The Company received a letter dated March 15, 2002 from the Exchange (the "Letter") indicating that the Company is not in compliance with the Exchange's continuing listing requirements in that the Company has sustained losses from continuing operations and/or net losses in three of its four most recent fiscal years and its Stockholders' Equity is less than \$4,000,000.

On April 16, 2002 the Company submitted to the Exchange its detailed plan to regain compliance. The Exchange approved the Company's plan on June 7, 2002. The plan is subject to periodic monitoring by the Exchange. Assuming the Company reasonably achieves its scheduled financial milestones as determined by the Exchange, the Company will have until December 31, 2002 to regain compliance with the continuing listing requirements of the Exchange. If the Company does not reasonably achieve its scheduled financial milestones as determined by the Exchange, or its Stockholders' Equity does not equal or exceed \$4,000,000 by December 31, 2002, the Company may lose its listing on the Exchange. The Company has been notified that, subject to the procedural requirements of the American Stock Exchange, its stock can be delisted imminently.

The Company is considering entering into a transaction with certain selling parties with whom it previously signed a letter of intent to acquire two entities and an intangible asset. The letter of intent has expired but the Company is attempting to finalize such business combination. The Company is considering the issuance of a combination of its securities including its preferred stock, warrants, and notes payable as consideration. The execution of such purchase agreement would depend, but is not limited to, the Company's ability to raise appropriate amounts of capital, and maintain its listing on the American Stock Exchange.

The Company is attempting to raise additional financing to regain compliance. Furthermore, the Company is actively pursuing other alternatives as well so as maintain its listing on the Exchange.

11

Forward Looking Statements

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

Certain statements in this Annual Report Form 10-KSB constitute "forward-looking statements" relating to the Company within the meaning of the Private Securities Litigation Reform Act of 1995. All statements regarding future events, our financial performance and operating results, our business strategy and our financing plans are forward-looking statements. In some cases you can identify forward-looking statements by terminology, such as "may," "will," "would," "should," "could," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "potential" or "continue," the negative of such terms or other comparable terminology. These statements are only predictions. Known and unknown risks, uncertainties and other factors could cause actual results to differ materially from those contemplated by the statements. In evaluating these statements, you should specifically consider various factors that may cause our actual results to differ materially from any forward-looking statements.

12

Item 2. Description of Property.

The Company currently leases, on a month-to-month basis, approximately 1,500 square feet of office space at Suite 1103, 200 West 57th Street in New York City at a monthly rental rate of \$5,000. This rental arrangement expires April 2003. The Company is currently negotiating to lease approximately 1,000 square feet of space in New York City at a base rental rate not to exceed \$2,500 per month on a one or two year basis.

13

Item 3. Legal Proceedings.

The Company is a party to various vendor related litigations. Based on the opinion of legal counsel, the Company has accrued a liability of approximately \$100,000.

14

Item 4. Submission of Matters to a Vote of Security-Holders.

None.

15

PART II

Item 5. Market For Common Equity and Related Stockholder Matters.

Exchange Listing:

The common stock of CareerEngine Network, Inc. is listed on the American Stock Exchange and the Pacific Exchange (trading symbol CNE).

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

The approximate number of recordholders of Common Stock as of March 31, 2003 was 220.

Equity Sale Prices:

	Common Stock	
	High Sales Price	Low Sales Price
	-----	-----
2001		
1st Quarter	1.8125	0.60
2nd Quarter	1.2	0.45
3rd Quarter	.75	0.15
4th Quarter	2.00	0.50
2002		
1st Quarter	1.40	0.60
2nd Quarter	0.57	0.16
3rd Quarter	0.34	0.16
4th Quarter	0.56	0.10

Dividends:

The Company has not previously paid cash dividends on its common stock. The Board of Directors does not presently intend to pay cash dividends on the outstanding shares of common stock in the foreseeable future. The payments of future dividends and the amount thereof will depend upon the Company's earnings, financial condition, capital requirements and such other factors as the Board of Directors may consider relevant.

Private Issuance of Company Securities:

None.

16

Item 6. Management's Discussion and Analysis.

Summary Financial Information

The summary financial data set forth below are derived from and should be read in conjunction with the financial statements, including the notes thereto, filed as part of this Annual Report in Form 10-KSB.

General

The Company's headquarters were located at Suite 2112 of Two World Trade Center in New York City. The catastrophe of September 11, 2001 involved no injury to any of the Company's employees. However, with the complete destruction of the building, all of the Company's leasehold improvements, furniture and fixtures, and office and computer equipment located at this site were also destroyed.

Since the attack, the Company's management has been preoccupied with the relocation and reestablishment of its businesses, assessing and processing of insurance claims with the assistance of a risk manager with its insurers, and seeking sources of financing. In 2002, the Company received insurance proceeds in amounts that have exceeded the net carrying value of the destroyed assets and, accordingly, has recorded a \$152,934 gain on assets destroyed due to this catastrophe.

17

The Company also had insurance coverage for other than assets destroyed. The remaining outstanding insurance claims at December 31, 2002 of approximately \$64,000 were received in January 2003.

In addition, the Company had applied for governmental assistance grants related to the catastrophe. In April and September 2002, the Company received grants aggregating \$291,827. The grants have various restrictions that could require their repayment (e.g., the Company temporarily suspending its business due to the events of September 11th and not resuming its operations in one year, or relocating a substantial portion its operations outside of New York City for a period of three years). Until such time as the grant restrictions shall no longer apply, the grants have been classified as a liability of the Company. Upon the satisfaction or lapse of the restrictions, the Company will remove the liability and record grant income on its financial statements or, alternatively, have to repay such grants if the above conditions are not satisfied.

In August 2000, we discontinued our merchant banking operations, which consisted of our real estate project with Carmike Cinemas, Inc., and our financial consulting operations. Accordingly, our remaining operations are solely from our e-recruiting segment. Our financial resources and our management's efforts are now focused on this segment and raising capital.

E-recruiting activities are derived from the operations of the two divisions of our wholly-owned subsidiary, CareerEngine, Inc. These divisions, CareerEngine Network and CareerEngine Solutions, provide on- and off-line companies with products and services addressed to meeting on-line recruiting problems.

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

Critical Accounting Policies

The Company's consolidated financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America. Certain accounting policies have a significant impact on amounts reported in the financial statements. A summary of those significant accounting policies can be found in to the Company's financial statements included in this Annual Report on Form 10-KSB. The Company has not adopted any significant new accounting policies during the year ended December 31, 2002.

18

A significant judgment made by management in the preparation of the Company's financial statements is the determination of the allowance for doubtful accounts. This determination is made periodically and adjusted as necessary.

Forward Looking Statements

Certain statements in this Annual Report on Form 10-KSB constitute "forward-looking statements" relating to the Company within the meaning of the Private Securities Litigation Reform Act of 1995. All statements regarding future events, our financial performance and operating results, our business strategy and our financing plans are forward-looking statements. In some cases you can identify forward-looking statements by terminology, such as "may," "will," "would," "should," "could," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "potential," or "continue," the negative of such terms or other comparable terminology. These statements are only predictions. Known and unknown risks, uncertainties and other factors could cause actual results to differ materially from those contemplated by the statements. In evaluating these statements, you should specifically consider various factors that may cause our actual results to differ materially from any forward-looking statements.

A. Results of Operations: 2002 Compared to 2001

Revenues

Total revenues from continuing operations decreased to \$240,048 in 2002 from \$1,242,980 in 2001.

Service fee income decreased to \$237,800 in 2002 from \$796,870 in 2001 as the operations of our subsidiary, CareerEngine, Inc. have been significantly reduced since January 2001 due to the significant downturn in the online technology sector.

Income on securities transactions, net decreased to nil in 2002 from \$420,253 in 2001 due to the cessation of cash management and investing activities effective April 1, 2001. This revenue category included the net profit from our cash management and our investing in futures, puts, calls, municipals and other securities.

19

Interest income decreased to \$2,248 in 2002 from \$25,857 in 2001 due to

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

the reduced amount of funds available for investment and lower interest rates.

Costs and Expenses

Total costs and expenses from continuing operations decreased to \$2,558,178 in 2002 from \$3,931,317 in 2001.

Compensation and related costs decreased to \$580,145 in 2002 from \$1,970,411 in 2001. The decrease is due to the Company's cost reduction strategy, consisting primarily of significant staff reductions, which commenced in December 2000 and the reduction of two officers' salaries as of December 31, 2001.

Advertising expense decreased to \$10,000 in 2002 from \$244,490 in 2001 as CareerEngine, Inc. continued its cost reduction program, which focused primarily on compensation and advertising related expenditures.

General and administrative expenses decreased to \$927,367 in 2002 from \$1,330,494 in 2001 as the Company continued its cost reduction program. General and administrative expenses in 2002 include a \$320,350 charge incurred relating to the write-off of all remaining deferred financing costs pertaining to the Company's debentures payable.

Interest expense increased to \$1,040,666 in 2002 from \$385,922 in 2001 primarily due to the Company's recognition of all of the remaining unamortized debt discount relating to its debentures payable as interest expense.

Other Items

Gain on insurance claim for fixed assets destroyed in catastrophe consisting of \$152,934 in 2002 relates to insurance proceeds in excess of carrying costs due to the destruction of the World Trade Center where the Company was headquartered.

Reversal of Directors fees of \$55,000 in 2002 relates to the forgiveness of fees earned by the outside Directors and their agreement to forego these fees until further notice.

20

Operating Loss

Our loss from continuing operations in 2002 was \$2,115,446 compared with a loss from continuing operations of \$2,697,857 in 2001. In 2002, loss per common share from continuing operations, basic and diluted, was \$.37 per share. In 2001, loss per common share from continuing operations, basic and diluted, was \$.49 per share.

Our income from discontinued operations in 2002 was \$3,712,884 compared with a loss from discontinued operations of \$87,750 in 2001 due primarily to the transfer of title of the six theaters leased to Carmike Cinemas, Inc. by the Company to the banks in payment of the related non-recourse debt, and the consequential recognition of the related gain representing the excess of liabilities over the carrying value of the theaters. In 2002, income per common share from discontinued operations, basic and diluted, was \$.66 per share. In 2001, loss per common share from discontinued operations, basic and diluted, was \$.02 per share.

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

Our net income in 2002 was \$1,597,438 compared with a net loss of \$2,785,607 in 2001. In 2002, net income per common share, basic and diluted, was \$.29 per share. In 2001, net loss per common share, basic and diluted, was \$.51 per share. All outstanding options and warrants were not dilutive.

B. Liquidity and Capital Resources

The Company has incurred substantial losses from continuing operations, sustained substantial cash outflows from operating activities, has a working capital deficit and at December 31, 2002 has a capital deficiency. Management believes that such losses and negative operating cash flows will continue in the first quarter of fiscal year 2003. The above factors raise substantial doubt about the Company's ability to continue as a going concern. The Company's continued existence is dependent on its ability to obtain additional equity and/or debt financing to fund its operations and ultimately to achieve profitable operations. The Company is attempting to raise additional financing and is continuing a cost reduction strategy. However, the Company has been notified that, subject to the procedural requirements of the American Stock Exchange, its stock can be delisted imminently.

21

There is no assurance that the Company will obtain additional financing or achieve profitable operations or positive cash flows. The financial statements do not include any adjustments relating to the recoverability or classification of recorded asset amounts or the amount and classification of liabilities that might be necessary as a result of this going concern uncertainty. The financial statements do not include any adjustments relating to the recoverability or classification of recorded asset amounts or the amount and classification of liabilities that might be necessary as a result of this uncertainty.

Our cost reduction strategy since December 14, 2000 has primarily consisted of more than a 90% staff reduction, and the effective elimination of our advertising expenditures.

Historically, we have sustained our operations primarily from the use of our own financial resources, the net proceeds generated from our cash management activities, and from the proceeds of the private financing of units completed in June and August 2000. We are seeking sources of financing, most likely from one or more additional public or private equity or debt offerings. We currently have no commitments for any additional funding. We may not be able to raise needed cash on terms acceptable to us or at all. Financings may be on terms that are dilutive or potentially dilutive to our stockholders. Should the Company not be able to raise additional financing or should it lose its American Stock Exchange listing, it might have to cease operations.

We do not have any material commitments for capital expenditures as of December 31, 2002.

C. American Stock Exchange

The Company received a letter dated March 15, 2002 from the Exchange (the "Letter") indicating that the Company is not in compliance with the Exchange's continuing listing requirements in that the Company has sustained losses from continuing operations and/or net losses in three of its four most recent fiscal years and its Stockholders' Equity is less

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

than \$4,000,000.

On April 16, 2002 the Company submitted to the Exchange its detailed plan to regain compliance. The Exchange approved the Company's plan on June 7, 2002. The plan

22

is subject to periodic monitoring by the Exchange. Assuming the Company reasonably achieves its scheduled financial milestones as determined by the Exchange, the Company will have until December 31, 2002 to regain compliance with the continuing listing requirements of the Exchange. If the Company does not reasonably achieve its scheduled financial milestones as determined by the Exchange, or its Stockholders' Equity does not equal or exceed \$4,000,000 by December 31, 2002, the Company may lose its listing on the Exchange. The Company has been notified that, subject to the procedural requirements of the American Stock Exchange, its stock can be delisted imminently.

The Company is considering entering into a transaction with certain selling parties with whom it previously signed a letter of intent to acquire two entities and an intangible asset. The letter of intent has expired but the Company is attempting to finalize such business combination. The Company is considering the issuance of a combination of its securities including its preferred stock, warrants, and notes payable as consideration. The execution of such purchase agreement would depend, but is not limited to, the Company's ability to raise appropriate amounts of capital, and maintain its listing on the American Stock Exchange.

The Company is attempting to raise additional financing to regain compliance. Furthermore, the Company is actively pursuing other alternatives as well so as maintain its listing on the Exchange.

D. Inflation

The Company believes that inflation does not significantly impact its current operations.

23

Item 7. Financial Statements.

The Company's financial statements to be filed hereunder follow, beginning with page F.

INDEPENDENT AUDITORS' REPORT

Board of Directors and Stockholders
CareerEngine Network, Inc.
New York, New York

We have audited the accompanying consolidated balance sheet of CareerEngine Network, Inc. and subsidiaries (the "Company") as of December 31, 2002, and the related consolidated statements of operations, changes in capital deficit and cash flows for each of the years in the two-year period then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements enumerated above present fairly, in all material respects, the consolidated financial position of CareerEngine Network, Inc. and subsidiaries as of December 31, 2002, and the consolidated results of their operations and their consolidated cash flows for each of the years in the two-year period then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note A to the financial statements, the Company has experienced substantial losses, sustained operating cash outflows, and at December 31, 2002 has a capital deficit from continuing operations and anticipates that such conditions will continue in fiscal year 2003. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note A. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE A - THE COMPANY

CareerEngine Network, Inc. (the "Company") is engaged in the e-recruiting (online) business through its subsidiary CareerEngine, Inc., which was formed in 1998 and commenced revenue producing operations in the fourth quarter of 1999. CareerEngine Network, Inc. through other subsidiaries was also engaged in merchant banking activities concentrating on real estate projects and also provided financial consulting services. On August 16, 2000, the Board of Directors of CareerEngine Network, Inc. decided to discontinue such operations and accordingly, the accompanying consolidated financial statements reflect the merchant banking activities and financial consulting services as discontinued operations. The Company's sole operating segment is the e-recruiting business, which provides services.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As reflected in the accompanying financial statements, the Company has incurred substantial losses from continuing operations, sustained substantial cash outflows from operating activities, has a working capital deficit and at December 31, 2002 has a capital

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

deficiency. Management believes that such losses and negative operating cash flows will continue in the first quarter of calendar year 2003. The above factors raise substantial doubt about the Company's ability to continue as a going concern. The Company's continued existence is dependent on its ability to obtain additional equity and/or debt financing to fund its operations and ultimately to achieve profitable operations. The Company is attempting to raise additional financing and has initiated a cost reduction strategy. However, the Company has been notified that, subject to the procedural requirements of the American Stock Exchange, its stock can be delisted imminently. There is no assurance that the Company will obtain additional financing or achieve profitable operations or generate possible cash flow. The financial statements do not include any adjustments relating to the recoverability or classification of recorded asset amounts or the amount and classification of liabilities that might be necessary as a result of this going concern uncertainty.

Catastrophe on September 11, 2001

The Company's headquarters were located at Suite 2112 of Two World Trade Center in New York City. With the complete destruction of the building, all of the Company's leasehold improvements, furniture and fixtures, and office and computer equipment located at this site were also destroyed (see Note D).

Subsequent to September 11, 2001, the Company's management has been preoccupied with the relocation and reestablishment of its businesses, assessing and processing of insurance claims, with the assistance of a risk manager, with its insurers, and seeking sources of financing.

F-7

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE B - SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO CONTINUING OPERATIONS

[1] Principles of consolidation:

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany balances and transactions have been eliminated.

[2] Revenue recognition:

E-recruiting fees are earned on the placement of banner advertisements, job placement advertisements and sponsorship advertisements on the Company's web site and are recognized over the period during which the advertisements are exhibited. Revenues derived from co-branding arrangements with content providers are of a similar nature and were recognized over the period during which the advertisements are exhibited. Website construction fees are recognized ratably over the construction period. Monthly hosting and maintenance fees for such sites are recognized ratably over the period of the underlying contract.

[3] Depreciation and amortization:

Furniture, fixtures and equipment were being depreciated using the straight-line method over estimated lives of three to seven years. Leasehold improvements were amortized on a straight-line basis over the shorter of the term of the lease or their estimated useful lives. Computer

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

equipment is being depreciated on a straight-line basis over an estimated life of three years.

[4] Cash and cash equivalents:

The Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. As of December 31, 2002, cash equivalents consist principally of an investment of approximately \$151,000 in a money market account.

[5] Net income (loss) per share:

Basic and diluted net loss per share is computed based upon the weighted average number of common shares outstanding during each year. Based on losses recognized from continuing operations, outstanding stock options, warrants and convertible debentures did not have an effect on the computation as they were anti-dilutive.

[6] Income taxes:

Deferred income taxes are measured by applying enacted statutory rates in effect at the balance sheet date to net operating loss carryforwards and to the differences between the tax bases of assets and liabilities and their reported amounts in the financial statements. The resulting deferred tax asset as of December 31, 2002 was fully reserved since the likelihood of realization of future tax benefits cannot be established.

F-8

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE B - SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO CONTINUING OPERATIONS (CONTINUED)

[7] Derivative financial instruments:

As part of its investment strategies to profit from anticipated market movements, the Company maintained trading positions in a variety of derivative financial instruments consisting principally of futures contracts in treasuries, stocks and municipal securities. All positions were reported at fair value, and changes in fair value are reflected in operations as they occurred. The Company realized net gains from derivatives sold in 2002 and 2001 were de minimus and \$420,000, respectively. Such amounts are included in income on securities transactions in the accompanying statements of operations. At December 31, 2002, no derivative financial instruments were held by the Company and the average fair value of such instruments held during the years was not material.

[8] Stock-based compensation:

We apply the provisions of Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" and related interpretations in accounting for our stock-based compensation plans. Accordingly, no compensation has been recognized in the financial statements with respect to employee and director grants of options and warrants issued with an exercise price at or above the fair market value of the stock on the grant

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

date. Since options to be awarded can vest over several years, the pro forma results noted below are not necessarily representative of the effects on future years of the application of the fair value method. Had compensation costs for such options and warrants been determined based on the fair value approach promulgated by SFAS No. 123 "Accounting for Stock Based Compensation", our net loss applicable to Common Stock would have been as follows.

	For the year ended December 31,	
	2002	2001
	----	----
Net income (loss) as reported	\$ 1,597,438	\$ (2,785,607)
SFAS 123 compensation charge	(213,657)	(307,556)
	-----	-----
Proforma net income (loss)	\$ 1,383,781	\$ (3,093,163)
	=====	=====
Proforma net income (loss) per share as reported	\$ 0.25	\$ (0.56)
	=====	=====

For the purpose of the above pro forma information, the fair value of these options was estimated at the date of grant using the Black-Scholes option pricing model. The weighted-average fair value of the options granted during 2001 was \$.24. The following weighted-average assumptions were used in computing the fair value of option grants for 2001: weighted-average risk-free interest rate of 3.62%; zero dividend yield; volatility of the Company's Common Stock of 192%; and an expected life of the options range from one to seven years. No stock options were issued in the twelve months ending December 31, 2002.

F-9

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE B - SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO CONTINUING OPERATIONS (CONTINUED)

[9] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

[10] Advertising costs:

Advertising costs are expensed as incurred.

[11] Software development costs:

External direct costs of materials and services incurred to develop the Company's website during the application development stage were

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

capitalized. There were no such costs during the years ended December 31, 2002 and 2001, respectively. These costs are being amortized using the straight-line method over an estimated useful life of three years.

[12] Impairment of long-lived assets:

Impairment losses are recognized for long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are not sufficient to recover the assets' carrying amount. The impairment loss is measured by comparing the fair value of the asset to its carrying amount. No write-down of assets for impairment losses were required during the years ended December 31, 2002 and 2001.

[13] Deferred financing costs:

Deferred financing costs were being amortized on a straight-line basis over the term of the debentures. (See Note E.)

F-10

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE B - SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO CONTINUING OPERATIONS (CONTINUED)

[14] Recent accounting pronouncements:

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." This statement supercedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of." The statement retains the previously existing accounting requirements related to the recognition and measurement of the impairment of long-lived assets to be held and used while expanding the measurement requirements of long-lived assets to be disposed of by sale to include discontinued operations. It also expands the previously existing reporting requirements for discontinued operations to include a component of an entity that either had been disposed of or is classified as held for sale. The Company implemented SFAS No. 144 on January 1, 2002. Management does not expect this statement to have a material impact on the Company's financial position or results of operations.

In June 2002, the FASB issued Statement of Financial Accounting Standards No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes Emerging Issues Tax Force ("EITF") Issue 94-3, "Liability Recognition for Certain Employee Termination benefits and Other Costs to Exit an Activity" (including Certain Costs Incurred in a Restructuring). SFAS 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF Issue 94-3, a liability for an exit cost as defined in EITF Issue 94-3 was recognized at the date of an entity's commitment to an exit plan. SFAS 146 also establishes that the liability should initially be measured and recorded at fair value. SFAS 146 is effective for exit and disposal activities initiated after December 31, 2002. Management is currently

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

evaluating the provision of SFAS 146 but expects that they will not have a material impact on the Company's results of operations and financial position upon adoption.

In November 2002, the FASB issued FASB Interpretation No. 45 ("FIN 45"), "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others." FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002; while the provisions of the disclosure requirements are effective for financial statements of interim or annual reports ending after December 15, 2002. Management does not expect this statement to have a material impact on the Company's financial position or results of operations.

F-11

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE B - SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO CONTINUING OPERATIONS (CONTINUED)

[14] Recent accounting pronouncements (continued)

In December 2002, the FASB issued Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS 148"). SFAS 148 amends Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), to provide alternative methods for voluntary transition to SFAS 123's fair value method of accounting for stock-based employee compensation ("the fair value method"). SFAS 148 also requires disclosure of the effects of an entity's accounting policy with respect to stock-based employee compensation on reported net income (loss) and earnings (loss) per share in annual and interim financial statements and has determined not to adopt the fair value method for stock based compensation.

In January 2003, the FASB issued FASB Interpretation No. 46 ("FIN 46"), "Consolidation of Variable Interest Entities." In general, a variable interest entity is a corporation, partnership, trust, or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities. FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. The consolidation requirements of FIN 46 apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31,

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

2003, regardless of when the variable interest entity was established. Management does not expect this statement to have a material impact on the Company's financial position or results of operations.

NOTE C - INCOME TAXES

The income tax provision applicable to continuing operations, all of which is current, consists of the following:

	Year Ended December 31,	
	2002	2001
Federal	\$ --	\$ --
State and local franchise taxes	5,250	9,520
	\$5,250	\$9,520
	=====	=====

At December 31, 2002, the Company has a net operating loss carryforward for federal income tax purposes of approximately \$31,596,000, which expires in the years 2005 through 2022.

F-12

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE C - INCOME TAXES (CONTINUED)

The Company's deferred tax assets and liabilities consists of the following:

	2002	2001
Deferred tax assets:		
Net operating loss carryforward	\$ 14,534,000	\$ 12,200,000
Liability for interest and state taxes related to federal tax settlement	232,000	2,000
Other	16,000	1,000
	14,782,000	15,600,000
Total deferred tax assets, before valuation allowance	14,782,000	15,600,000
Valuation allowance	(14,782,000)	(14,800,000)
	0	7,800,000
Total deferred tax assets	0	7,800,000
Deferred tax liability:		
Deferred rental income	0	(7,800,000)
	0	0
	\$ 0	\$ 0

The valuation allowance (decreased) increased by approximately (\$108,000) during 2002 and \$1,092,000 during 2001. The decrease in the valuation allowance of \$108,000 for the twelve months ended December 31, 2002 results from the increase in the valuation allowance attributable to the deferred tax benefit of approximately \$840,000 on the loss from continuing operations and a benefit recognized of \$948,000 from discontinued operations.

*The amount of net operating loss carried forwards at December 31, 2001 and the corresponding amount of valuation allowance attributable thereto has been retroactively adjusted to conform to the company's federal tax return.

The effective tax rate applicable to continuing operations varied from the statutory federal income tax rate as follows:

	Year Ended December 31,	
	2002	2001
Statutory rate	(34) %	(34) %
State and local taxes, net of federal income tax effect	(12)	(12)
Nondeductible expenses	2	1
Valuation allowance	44	45
Effective rate	0 %	0 %

The Internal Revenue Service ("IRS") has examined the Company's federal income tax returns for the years 1985 through 1989 and in December 1999 assessed a tax deficiency of \$348,000 together with accrued interest of \$576,000. During 2002 and 2001, the Company accrued additional interest expense of \$60,918 and \$68,154, respectively, related to the tax deficiency. Commencing in August 2000, pursuant to an understanding with the IRS, the Company began paying \$30,000 per month until the assessed tax deficiency relating to the years 1985 through 1989 and interest thereon is fully satisfied. However, after a technical review by special tax counsel of the tax deficiency and related interest, management of the Company believes that there may be a basis for its reduction. Management is actively pursuing such a

F-13

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE C - INCOME TAXES (CONTINUED)

reduction at this time. Pending the ultimate resolution of this matter with the IRS, in September 2001 the Company temporarily suspended making monthly payments. At December 31, 2002, the outstanding balance of the liability amounted to \$913,000 including related additional state and local taxes and

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

interest.

NOTE D - INSURANCE CLAIMS RECEIVABLE AND FIXED ASSETS

The Company's headquarters were located at Suite 2112 of Two World Trade Center in New York City. With the complete destruction of the building, all of the Company's leasehold improvements, furniture and fixtures, and office and computer equipment located at this site were destroyed.

The net carrying value of the destroyed assets of the Company was \$356,531 at September 11, 2001. These assets consisted of:

Leasehold improvements	\$ 76,809
Furniture and fixtures	36,966
Office and computer equipment	242,756

	\$ 356,531
	=====

In 2002, the Company received insurance proceeds in amounts that have exceeded the net carrying value of the destroyed assets and, accordingly, has recorded a \$152,934 gain on assets destroyed due to this catastrophe.

The Company also had insurance coverage for other than assets destroyed. The remaining outstanding insurance claims at December 31, 2002 of approximately \$64,000 were received in January 2003.

In addition, the Company had applied for governmental assistance grants related to the catastrophe. In April and September 2002, the Company received grants aggregating \$291,827. The grants have various restrictions that could require their repayment (e.g., the Company temporarily suspending its business due to the events of September 11th and not resuming its operations in one year, or relocating a substantial portion its operations outside of New York City for a period of three years). Until such time as the grant restrictions shall no longer apply, the grants will be classified as a liability of the Company. Upon the satisfaction or lapse of the restrictions, the Company will remove the liability and record grant income on its financial statements or, alternatively, have to repay such grants if the above conditions are not satisfied

Fixed assets, net at December 31, 2002 consists of the following:

Computer equipment	\$ 657,172
Software	133,000

	790,172
Less, accumulated depreciation and amortization	756,922

	\$ 33,250
	=====

Such receivable was used to reduce the corresponding costs included in general and administrative expenses.

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

NOTE E - DEBENTURES PAYABLE

In 2000, the Company privately placed 48 units of its securities. Each unit consisted of a \$50,000 subordinated convertible debenture, 12,500 Class A Common Stock Warrants and 12,500 Class B Common Stock Warrants. Each \$50,000 debenture is convertible into 25,000 shares of common stock. The Class A and B Warrants are exercisable at \$4 and \$6, respectively. The debentures bear interest at 12%, payable quarterly, commencing October 1, 2000 and mature March 31, 2010. The Class A and B Warrants are exercisable at any time until March 31, 2003 and March 31, 2005, respectively. In the private placement, officers, stockholders and directors of the Company acquired 10.5 units for \$525,000. The Class A Warrants expired at March 31, 2003.

The aggregate number of shares issue able upon the exercise of all the warrants and the conversion of all the debentures is 2,400,000.

The Company incurred an interest charge of \$246,875 due to the beneficial conversion feature of the debentures. In addition, the Company valued the warrants, utilizing the Black-Scholes Pricing Model, at \$740,000 which is being accounted for as debt discount and was amortized through the period the debentures are callable. The amounts ascribed to the beneficial conversion feature and the warrants aggregating \$986,875 were credited to paid-in-surplus.

The Company paid the placement agent cash of \$375,025 and granted the agent a warrant exercisable through June 2005 (valued at \$200,000) to purchase 5 units at \$60,000 per unit. Of the total consideration, \$426,658 was accounted for as deferred financing costs which is being amortized over the life of the debentures and \$148,367 deemed attributable to the warrant portion of the unit, was charged to paid-in surplus.

Interest accrued on debentures payable, relating to the period from April 1, 2002 through December 31, 2002, aggregating \$216,000 has not been paid through April 1, 2003.

Since the Company had not paid the interest due on April 1, 2002 by April 16, 2002 (the "grace period"), the Company's obligation is considered callable by the debenture holders and as a consequence the entire balance of the debentures with the related unpaid interest is classified as a current obligation at December 31, 2002. For the debentures to be in default, the holders of no less than 51% in principal amount of the debentures must notify the Company that an event of default has occurred and may thereafter declare all debentures and related interest immediately due and payable. As of April 9, 2003, no such demand has been made by any debenture holder. In addition, unamortized debt discount on the debentures was recognized as interest expense for the year ended December 31, 2002. The Company also recognized as expense the unamortized deferred financing costs associated with the debentures of \$320,350.

Class A	March 2003	\$4	
Class B	March 2005	\$6	
Units (Note E)	June 2005	\$5	

NOTE G - STOCK OPTION PLANS

In 1990, the Company adopted a stock option plan (the "1990 Plan") for granting of options to purchase up to 750,000 shares of its common stock, pursuant to which officers and other key employees are eligible to receive incentive and/or nonqualified stock options, stock appreciation rights, and restricted stock awards. Incentive stock options granted under the 1990 Plan are exercisable for a period of up to 10 years (five years in the case of a 10% or greater stockholder) from date of grant at an exercise price which is not less than the quoted market price on date of grant, except that the exercise price of options granted to a stockholder owning more than 10% of the outstanding capital stock may not be less than 110% of the quoted market price of the common stock at date of grant. The 1990 Plan was terminated on June 3, 1999.

On April 23, 1999, the Company adopted a stock option plan (the "1999 Plan") for granting options to purchase up to 350,000 shares of common stock, pursuant to which officers and other key employees, directors, independent contractors and agents are eligible to receive incentive and/or nonqualified stock options. Options granted under the 1999 Plan are exercisable for a period of up to 10 years from date of grant at an exercise price which is not less than the quoted market price on date of grant, except that the exercise price of options granted to a stockholder owning more than 10% of the outstanding capital stock may not be less than 110% of the quoted market price of the common stock at date of grant.

Stock option activity under the 1990 Plan and 1999 Plan is summarized as follows:

	Year Ended December 31,		
	2002		
	Shares	Weighted Average Exercise Price	Shares
Options outstanding at beginning of year	290,000	\$ 2.55	490,000
Options granted during year			20,000
Options cancelled			(200,000)
Options exercised during year			(20,000)
Options outstanding at end of year	290,000	\$ 2.55	290,000
Options exercisable at end of year	200,000	\$ 2.55	135,000

NOTE G - STOCK OPTION PLANS (CONTINUED)

The following table presents information relating to stock options outstanding at December 31, 2002

Range of Exercise Price	Options Outstanding			Options Outstanding
	Shares	Weighted Average Exercise Price	Weighted Average Remaining Life in Years	
\$2.25 - \$2.50	250,000	2.40	6.27	160,000
\$3.50	40,000	3.50	7.05	40,000
	<u>290,000</u>	\$ 2.55	6.86	<u>200,000</u>

In March 2003, the Company's employees and directors rescinded their interest in 290,000 of the options granted to them.

On May 1, 1999, CareerEngine, Inc., a subsidiary of the Company, adopted a stock option plan (the "1999 Plan") for granting options to purchase up to 2,000,000 shares of common stock, pursuant to which officers and other key employees are eligible to receive incentive and/or nonqualified stock options. Options granted under the 1999 Plan are exercisable for a period of up to 10 years from date of grant at an exercise price which is not less than the fair value on date of grant, except that the exercise price of options granted to a stockholder owing more than 10% of the outstanding capital stock may not be less than 110% of the fair value of the common stock at date of grant.

Stock option activity under the 1999 Plan is summarized as follows:

Year Ended December 31,		
2002		2001

NOTE G - STOCK OPTION PLANS (CONTINUED)

The following table presents information relating to stock options outstanding at December 31, 2002:

Options Outstanding			Options Exercisable		
Range of Exercise Price	Shares	Weighted Average Exercise Price	Weighted Average Remaining Life in Years	Shares	Weighted Average Exercise Price
-----	-----	-----	-----	-----	-----
\$2.50	52,000	\$ 2.50	7.02	51,167	\$ 2.50

In March 2003 the Company's employees and directors rescinded their interests in 52,000 of the options granted to them.

NOTE H - CAPITAL CONTRIBUTION AND DIRECTOR FEES

As of March 31, 2002, significant shareholders of the Company, who are also Directors and Officers, have agreed to permanently forego \$266,250 of compensation earned by them during 2001 and 2000. The amount of the forgone salaries through December 31, 2001 has been reflected in the financial statements as contributions to the capital of the Company during the year ended December 31, 2002.

In addition, at March 31, 2002, the Company's five outside directors have similarly agreed to forego previously accrued and unpaid directors' fees earned through December 31, 2001 and agreed to forgo future compensation until further notice. The reversal of previously accrued fees has been reflected in the Company's Statement of Operations for the year ended December 31, 2002.

NOTE I - COMMITMENTS, LITIGATION AND OTHER MATTERS

- [1] The Company currently leases, on a month-to-month basis, approximately 1,500 square feet of office space in New York City at a monthly rental rate of \$5,000. This rental arrangement expires April, 2003. The Company is currently negotiating to lease approximately 1,000 square feet of space

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

at a different location in New York City at a base rental rate of less than \$3,000 per month for a one or two year lease.

Rental expense amounted to \$60,500 and \$180,477 for the years ended December 31, 2002 and 2001, respectively.

- [2] The Company has a Retirement Savings Plan for its employees, pursuant to Section 401(k) of the Internal Revenue Code. Employee contributions to the plan and the Company's matching contributions vest immediately. The Company's contribution to the plan amounted to approximately \$8,245 and \$26,876, for the years ended December 31, 2002 and 2001, respectively.

NOTE I - COMMITMENTS, LITIGATION AND OTHER MATTERS (CONTINUED)

- [3] The Company is a party to various vendor related litigations. Based on the opinion of legal counsel, the Company has accrued a liability of approximately \$100,000 and, accordingly, this liability has been reflected in accounts payable and accrued expenses.

NOTE J - DISCONTINUED OPERATIONS

In 2000, the Board of Directors of the Company decided to discontinue its merchant banking operations, which consisted of its real estate operations project with Carmike Cinemas, Inc., and its financial consulting operations. Results of discontinued operations related thereto have been shown separately in the accompanying financial statements.

Results of discontinued operations are summarized as follows:

	Year Ended December 31,	
	2002	2001
Rental income from real estate leased	\$1,249,710	\$ 14,996,520
Gain on extinguishment of debt	3,512,884	
Common membership interest transfer fee	294,755	
	5,057,349	14,996,520
Total revenue		
Real estate leased expenses, consisting		
principally of interest and letter of credit fees	1,249,710	14,996,520
Compensation and other costs	94,755	87,750
	1,344,465	15,084,270
Total expenses		
Income (loss) from discontinued operations	\$3,712,884	\$ (87,750)

Description of real estate operations:

In 1997, Movieplex Realty Leasing, L.L.C. ("Movieplex"), a subsidiary of the Company, entered into an agreement with Carmike Cinemas, Inc. ("Carmike"), to develop and lease an unspecified number of multiplex movie theaters at a cost not to exceed approximately \$75,000,000, plus an amount equal to any proceeds received by Movieplex from the investment of related funding prior to the expending of development costs (the "Project Funding"). Under the terms of the agreement, Carmike was responsible for construction costs in excess of the Project Funding. The primary components of the Project Funding were (i) \$72,750,000 from Movieplex's issuance of bonds and (ii) \$2,272,500 from an equity investment. Pursuant to one of the related agreements, Carmike acted as the development agent for Movieplex over the period November 20, 1997 through November 19, 1999 (the "Development Period"). During the Development Period, eight theaters (each theater consisting of an acquired parcel of land and the improvements constructed thereon) were developed at a cost substantially in excess of the Project Funding. These excess costs were funded by Carmike. In order to restore the original intent of developing multiple theaters at an

F-19

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE J - DISCONTINUED OPERATIONS (CONTINUED)

amount not to exceed the Project Funding, on April 11, 2000, Movieplex transferred title to two theaters to Carmike. The costs relating to the remaining six properties, after reallocating those costs incurred by Movieplex pertaining to the two transferred theaters, did not exceed the cost incurred to develop such remaining theaters. The allocated costs for each of the six theaters did not exceed their value as determined by an outside appraiser. In connection with the transfer of the two theaters, the related lease was amended to (i) increase the purchase option price to Carmike at the expiration of the initial lease term from 100% to 110% of a pre-determined future value, (ii) effectively increase the rent payable during the initial renewal option term of the lease by 10%, and (iii) increase the current return on Movieplex's common members' equity investment. These amendments, in the aggregate, increased the Company's anticipated financial return on this transaction. The Company was also compensated \$188,000 for its consulting services provided with regard to this matter.

Commencing November 20, 1999, Carmike leased each of the six theaters under the terms of a triple net, credit type lease with Movieplex, as lessor. Monthly rental payments received by the lessor primarily fluctuated with the debt service payments on the related bonds and the cash return due to the Common and Preferred Members of Movieplex. The lease required that Carmike, in addition to paying a stipulated monthly rental to the lessor (i) pay all utilities, insurance, and local real estate, corporate and franchise taxes; (ii) reimburse the lessor for substantially all of its necessary and reasonable expenses incurred in fulfilling its role as lessor; and (iii) assume full operating,

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

maintenance and environmental responsibilities for the preservation and, if necessary, restoration of the land and related improvements thereon. At the end of the initial lease term in 2015, Carmike had the option to extend the lease, relating to not less than all the theaters, for an additional term of ten years and, thereafter, for an additional term of five years at rental rates provided in the lease. Alternatively, at the end of the initial lease term, Carmike had the option to purchase, not less than all the theaters, at an amount based on a predetermined future value.

Bonds payable were secured by irrevocable letters of credit issued by a group of banks which, in turn, were collateralized solely by the related land and theaters thereon. In connection therewith the Company entered into a Reimbursement Agreement with Wachovia, N.A. as agent for the banks, under which the Company was obligated to remit all rent received under the lease to Wachovia to reimburse the banks for the Bond payments made by draws on their letters of credit. The bonds bore interest, payable monthly, at a variable base rate indexed to the 30-day, high-grade commercial paper rate which was reset weekly. Principal on the bonds was payable in annual installments, commencing December 1, 2000, in amounts ranging from \$970,000 to \$7,775,000 with a final payment due at maturity, November 1, 2015, of \$12,975,000.

The 3% equity investment by the lessor amounted to \$2,272,500 of which \$2,250,000 and \$22,500 was contributed by the lessor's Preferred and Common Memberships (or shareholdings), respectively. A third party owns 100% of the Preferred Membership and two subsidiaries of the Company own 100% of the Common Membership of the lessor. The Common and Preferred Membership interests were entitled to a cash return based on a formula specified within the lease.

F-20

CAREERENGINE NETWORK, INC. AND SUBSIDIARIES

Notes to Financial Statements
December 31, 2002 and 2001

NOTE J - DISCONTINUED OPERATIONS (CONTINUED)

On August 8, 2000, Carmike filed a petition under Chapter 11 of the United States Bankruptcy Code. As a result of that filing and Carmike's subsequent failure to pay rent to date under the lease, the Company failed to make required payments to Wachovia under the Reimbursement Agreement. Accordingly, on August 15, 2000, Wachovia declared a default under the Reimbursement Agreement and accelerated all amounts due by the Company thereunder. Wachovia also directed the Trustee under the related indenture to redeem the bonds. On August 15, 2000 the bonds were paid entirely through draws on the related letters of credit. Accordingly, amounts previously payable on the bonds became payable to the banks immediately under the Reimbursement Agreement. Interest and fees which have been accrued on the reimbursement obligations through December 2001 have been recorded with a corresponding amount of accrued rent receivable from Carmike. On January 31, 2002 title to the six theaters was transferred to the banks in payment of the non-recourse debt under the Reimbursement Agreement and the Company recognized a gain of \$3,512,884, representing the excess of the liabilities over the carrying value of the assets relating to the real estate leased to Carmike. In addition, the Company received \$294,755 in connection with the sale of its common membership interest in Movieplex relating to the transfer of title of the

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

movie theaters to Wachovia.

NOTE K - SUBSEQUENT EVENT

The Company is considering entering into a transaction with certain selling parties with whom it previously signed a letter of intent to acquire two entities and an intangible asset. The letter of intent has expired but the Company is attempting to finalize such business combination. The Company is considering the issuance of a combination of its securities including its preferred stock, warrants, and notes payable as consideration. The execution of such purchase agreement would depend, but is not limited to, the Company's ability to raise appropriate amounts of capital, and maintain its listing on the American Stock Exchange.

F-21

24

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

25

PART III

Item 9. Directors, Executive Officers, Promoters and Control Persons; Compliance with Section 16(a) of the Exchange Act.

(a) Board of Directors

Under the Company's By-Laws, the Board of Directors is divided into three classes. Each of the three classes has a term that is staggered by one year from one another. Members of each class are elected to serve for a term of three years and until their successors are elected or until their resignation, removal or ineligibility.

During 2002, the Board had 8 meetings.

The Company's By-Laws provide for an Executive Committee consisting of the Chairman of the Board and not less than two other Directors to exercise the powers of the Board during the intervals between meetings of the Board. During 2002, the Executive Committee consisting of Messrs. George W. Benoit, Kevin J. Benoit and David W. Dube had 5 meetings.

The Board has an Audit Committee consisting of four outside Directors who are not employees of the Company. This committee discusses audit and financial reporting matters with both management and the Company's independent certified public accountants. To ensure independence, the independent certified public accountants may meet with the Audit Committee

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

with or without the presence of management representatives. During 2002, the Audit Committee consisting of Messrs. Joseph J. Anastasi, Charles W. Currie, David W. Dube and James J. Murtha had 4 meetings.

The Board has a Compensation Committee for the purpose of reviewing the compensation of officers and employees of the Company and making recommendations to the Board with respect thereto. During 2002, the Compensation Committee consisting of Messrs. G. Benoit, K. Benoit, Currie and Dube had 2 meetings.

The Board has a Nominating Committee to propose nominees for election to the Board. During 2002, the Nominating Committee consisting of Messrs. K. Benoit, Anastasi, Murtha and Currie had 1 meeting. The Nominating

26

Committee will consider suggestions for potential nominees submitted by stockholders if mailed to the Chairman of the Board.

The Board has an Incentive Compensation Committee for the purpose of administering and making incentive compensation awards under the Company's 1990 Incentive Compensation Plan. During 2002, the Incentive Compensation Committee consisting of Messrs. Anastasi, Murtha, Currie, and Dube had 2 meetings.

Each Director attended at least 75% of the aggregate of the total number of Board meetings, and meetings of all committees of the Board on which he serves, except for Mr. Murtha.

The members of the Board of Directors of the Company are as follows:

GEORGE W. BENOIT, 66, has been the President, Chief Executive Officer and a director of CareerEngine Network, Inc. since 1971. In addition, Mr. Benoit has been Chairman of the Board since 1972. His term expires in 2003.

KEVIN J. BENOIT, 40, has been a director of CareerEngine Network, Inc. since August 1999. Since 1995, Mr. Benoit has been the sole principal of Stratford Capital Management, Inc., an investment management firm. He was Vice President of Randolph, Hudson & Co., Inc., a subsidiary of ours that was responsible for cash management, from 1995 through 2001. Mr. Benoit is a registered C.T.A. and C.P.O. and specializes in arbitrage and hedging strategies. Mr. Benoit's father is George Benoit our President and CEO. His term expires in 2003.

CHARLES W. CURRIE, 60, has been a director of CareerEngine Network, Inc. since 1986. Mr. Currie is a partner of First American Fund Services, Inc., a company that provides marketing services to investment managers, since October 2002. Mr. Currie had been a partner with Asset Management Services LLC from August 1996 through September 2002. His term expires in 2003.

JOSEPH G. ANASTASI, 66, has been a director of CareerEngine Network, Inc. since September 1986. Since 1960 Mr. Anastasi has been the owner and

27

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

president of Montgomery Realty Company, Inc., a firm specializing in commercial sales, development consulting and property management. He was president of The Anastasi Stephens Group, Inc. which was engaged in real estate development. The Anastasi Stephens Group, Inc. has been inactive since 1994. His term expires in 2003.

DAVID W. DUBE, 47, has been a director of CareerEngine Network, Inc. since June 1996. Mr. Dube is President of Peak Capital Corporation, a corporate finance and management advisory firm, and Peak Securities Corporation, a registered broker-dealer. Mr. Dube was Senior Vice President and Chief Financial Officer of FAB Capital Corp., a merchant banking and securities investment firm, and served in various other capacities from 1997 through October 1999. Mr. Dube was President and Chief Executive Officer of Optimax Industries, Inc., a publicly-traded company with interests in the horticultural, decorative giftware and truck parts accessories industries from 1996 to 1997. Mr. Dube serves on the Board of Directors of publicly-traded GlycoGenesys, Inc. and New World Wine Group, Ltd. His term expires in 2003.

JAMES J. MURTHA, 54, has been a director of CareerEngine Network, Inc. since October 1986. Since June 1997, Mr. Murtha has been self-employed as a real estate investor. From August 1994 to June 1997, Mr. Murtha held the position of President of Kenwood Capital, L.P., a limited partnership, that specializes in real estate investments. His term expires in 2003.

EDWARD A. MARTINO, 53, has been a director of CareerEngine Network, Inc. since October 2000. Mr. Martino has over twenty years of experience in the IT and wireless industry. He has held numerous marketing and global sales management positions while at IBM for 18 years. Mr. Martino also served as a Senior Vice President for two companies, one specializing in global IT outsourcing for large enterprises and another in the development of wireless solutions and consulting. Since December 2002 he assumed his present position as the Northeast Director of Corporate Sales for NEXTEL Communications. Mr. Martino currently serves on several other boards including the New York Software Industry Association where he is a Vice

28

Chairman, City University of New York Institute for Software Development and Design, and the Bronx Museum of the Arts. His term expires in 2003.

(b) Executive Officers

The Executive officers of the Company are as follows:

GEORGE W. BENOIT has been the President, Chief Executive Officer and a director of CareerEngine Network, Inc. since 1971. In addition, Mr. Benoit has been Chairman of the Board since 1972.

ANTHONY S. CONIGLIARO has been the Vice President and Chief Financial Officer of CareerEngine Network, Inc. since March 1999. From 1996 to 1999, Mr. Conigliaro was Executive Vice President and Chief Financial/Operating Officer of InterJet Online Services, Inc., New York, a company that developed an aviation "portal" website. From 1991 through 1996, he was Senior Vice President and Chief

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

Financial Officer of Akin Bay Company LLC, an investment banking concern in New York. Prior to 1991 he was Vice President and Chief Operating Officer of Realty and Equipment Corporation, New York, a private investment firm primarily specializing in commercial real estate portfolio. Mr. Conigliaro, a certified public accountant, began his career with Coopers & Lybrand, New York.

(c) Compliance with Section 16(a) of the Exchange Act

Officers, Directors and persons who own more than ten percent of a registered class of the Company's equity securities are required by Section 16(a) of the Exchange Act to file reports of ownership and changes in ownership with the Commission. Officers, Directors and greater than ten-percent shareholders are required by the Commission's rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to the Company, or representations that no Forms 5 were required, the Company believes that all Section 16(a) filing requirements were complied with in a timely manner.

29

Item 10. Executive Compensation.

(a) Executive Officer Compensation

The following table sets forth all compensation awarded to, earned by or paid to, our Chief Executive Officer and our most highly compensated executive officers. In 2002, annual salaries of such individuals did not exceed \$100,000. The following table represents annual compensation for all services rendered in all capacities to us by highly compensated individuals during 2002, 2001 and 2000.

Summary Compensation Table				
Name and Principal Position -----	Year ----	Salary -----	Bonus -----	All Other Compensation (1) -----
George W. Benoit, President, Chief Executive Officer and Chairman	2002			
	2001	\$160,000		\$ 3,212
	2000	\$155,626		\$35,807
Anthony S. Conigliaro, Vice President and Chief Financial Officer	2002			
	2001	\$110,000		
	2000	\$100,000		

 (1) Represents the Company's share of insurance premium on Split Dollar Life Insurance Agreement which was cancelled in 2001.

Executive compensation can vary widely from year to year. The Company may pay discretionary bonuses to its salaried employees. Bonuses are determined by the Compensation Committee of the Board of Directors. There were not bonuses in 2002.

(b) Compensation Pursuant to Plans

401(k) Cash or Deferred Compensation Plan. The Company maintains a tax-qualified 401(k) cash or deferred compensation plan that covers all employees who have completed one year of service and attained age 21. Participants are permitted, within the limitations imposed by the Internal Revenue Code, to make pre-tax contributions to the plan pursuant to salary reduction agreements. The Company may, in its discretion on an annual basis, make additional contributions. The contributions of the participants and the Company are held in separate accounts. Participants are always fully vested in both accounts.

1990 Incentive Compensation Plan. The stockholders approved the Company's 1990 Incentive Compensation Plan (the "Plan") on June 7, 1990. On June 5, 1996, the Plan was amended to increase the number of shares available for grant (the "Amended Plan"). Pursuant to the Amended Plan, 750,000 shares of the Company's Common Stock have been reserved for issuance to officers and other key employees as incentive or nonqualified stock options, stock appreciation rights ("SARs") or restricted stock awards. Incentive stock options must have an exercise price per share equal to no less than the fair market value of the Company's Common Stock on the date of grant (110% in the case of a 10% stockholder). Incentive stock options may not be exercised after 10 years from the date of grant (five years in the case of a 10% stockholder). Nonqualified stock options cannot be exercised prior to one year or after ten years from the date of grant. Concurrently with nonqualified options granted, participants may also receive SARs. SARs will provide participants with cash equal to the difference between the fair market value of the number of shares for which the SAR award is exercised and the exercise price of nonqualified stock options on the date the SAR award is exercised. Restricted stock will be subject to restrictions which will render such shares subject to forfeiture. Additionally, restricted stock will be nontransferable during the period any restrictions apply. The Board of Directors has established an Incentive Compensation Committee to administer the Plan. No member of such committee shall be eligible to receive any type of award under the Plan. During 1992, options to purchase an aggregate of 150,000 shares were granted to employees, none of whom were executive officers. During 1996, options to purchase 50,000 of those shares

expired. On April 7, 1999, options to purchase 460,000 shares were granted to various employees, including George W. Benoit (150,000) and Kevin J. Benoit (100,000). No other awards have been made under the Plan and no options have been exercised. The Plan was terminated on June 3, 1999. On March 14, 2003 the recipients of all outstanding awards under the Plan waived their rights to such awards.

1999 Stock Option Plan. The Stockholders approved the 1999 Stock Option Plan (the "99 Plan"), which provides, among other matters, for incentive and non-qualified stock options to purchase 350,000 shares of Common Stock. The purpose of the 99 Plan is to provide incentives to officers, key employees, directors, independent contractors and agents whose performance will contribute to the long-term success and growth of the Company, to strengthen the ability of the Company to attract and retain

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

officers, key employees, directors, independent contractors and agents of high competence, to increase the identity of interests of such people with those of the Company's stockholders and to help build loyalty to the Company through recognition and the opportunity for stock ownership. The 99 Plan is administered by the Incentive Compensation Committee of the Board.

The 99 Plan permits the granting of both incentive stock options and non-qualified stock options. Generally, the option price of both incentive stock options and non-qualified stock options must be at least equal to 100% of the fair market value of the shares on the date of grant. The maximum term of each option is ten years. For any participant who owns shares possessing more than 10% of the voting rights of the Company's outstanding shares of Common Stock, the exercise price of any incentive stock option must be at least equal to 110% of the fair market value of the shares subject to such option on the date of grant and the term of the option may not be longer than five years. Options become exercisable at such time or times as the Board may determine at the time it grants options.

Under the 99 Plan, incentive stock options may be granted only to officers and employees and non-qualified stock options may be granted to officers, employees as well as directors, independent contractors and agents. Persons eligible to receive options consist primarily of three (3) officers and three (3) key employees.

32

The 99 Plan expires on March 31, 2009 unless earlier terminated or suspended by the Board. The 99 Plan may be amended, terminated or modified by the Board at any time, except that the Board may not, without approval by a vote of the stockholders of the Company (i) increase the maximum number of shares for which options may be granted under the 99 Plan, (ii) change the persons eligible to participate in the 99 Plan, or (iii) materially increase the benefits accruing to participants under the 99 Plan. No such termination, modification or amendment may affect the rights of an optionee under an outstanding option or the grantee of an award.

During 2000, options to purchase 40,000 shares were granted to four (4) directors of the Company: Charles W. Currie (10,000); Joseph G. Anastasi (10,000); David W. Dube (10,000); and James J. Murtha (10,000). No other awards were made under the 99 Plan and no options were exercised. During 2001, 20,000 options were awarded under the 99 Plan and 20,000 options were exercised. On March 14, 2003 the recipients of all outstanding awards under the 99 Plan waived their rights to such awards.

(b) Director Compensation

There are no family relationships among any of the Directors or executive officers of the Company, other than Kevin J. Benoit, who is the son of George W. Benoit, Chairman of the Company.

The Company does not pay Directors who are employees of the Company any fees for serving as Directors, but reimburses them for their out-of-pocket expenses in connection with such duties. The Company pays Directors who are not employees of the Company an annual retainer of \$12,000 plus expenses incurred for attending meetings of the Board, Annual Stockholders Meetings and for each meeting of a committee of the Board not held in conjunction with a Board meeting. No payments were made to the Directors of the Company in 2002, other than their expenses relating to attending

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

meetings of the Board. In addition, in 2002 the Directors of the Company forgave \$55,000 of such retainer fees.

33

Item 11. Security Ownership of Certain Beneficial Owners and Management

The following table sets forth, as of March 31, 2003, the shares of our common stock owned beneficially; by each of our current directors; by all of our current directors and executive officers as a group; and by persons known to us to own, beneficially, more than five (5%) percent of the outstanding shares of our common stock:

Name of Beneficial Owner (1) -----	Common Stock Beneficially Owned (2) -----	Percent of Ag Power and Equity -----
George W. Benoit	1,634,120 (4) (7)	
Kevin J. Benoit	428,000 (5) (7)	
Charles W. Currie	271,780 (6)	
Joseph G. Anastasi	2,200	
David W. Dube	4,000	
Edward A. Martino	15,300	
Anthony S. Conigliaro	2,000	
Barry W. Blank	884,400 (8)	
All Directors and Executive Officers as a group (8 persons)	2,357,400	

* Owns less than one (1%) percent.

(1) The address of all the beneficial owners is: CareerEngine Network, Inc., Suite 1103, 200 West 57th Street, New York, New York 10019; except that the address for Barry W. Blank is P.O. Box 32056, Phoenix, Arizona 85064.

(2) A person is deemed to be a beneficial owner of securities that can be acquired by such person within 60 days from the filing of this Form 10-KSB upon the exercise of options and warrants or conversion of convertible securities. Each beneficial owner's percentage ownership is determined by assuming that options, warrants and convertible securities that are held by such person (but not held by any other person) and that are exercisable or convertible within 60 days from the filing of this Form 10-KSB have been exercise or converted. Except as otherwise indicated, and subject to applicable community property and similar laws, each of the persons named has sole voting and investment power with respect to the shares shown as beneficially owned.

34

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

- (3) All percentages of beneficial ownership are calculated based the number of shares outstanding as of March 31, 2003. On such date we had 5,590,944 shares of common stock issued and outstanding.
- (4) Includes the following: 90,700 shares of common stock held in George W. Benoit's 401K Plan.
- (5) Includes the following: (a) 31,000 shares of common stock held in the Kevin J. Benoit 1998 Family Trust, of which Kevin J. Benoit is the Trustee; and (b) 35,300 shares of common stock held in Kevin J. Benoit's Individual Retirement Account.
- (6) Includes the following: (a) 200 shares of common stock owned by Mr. Currie's wife; and (b) 9,900 shares of common stock held in Charles W. Currie's Individual Retirement Account.
- (7) Includes 100,000 shares of common stock that can be acquired on the conversion of certain debentures and related warrants.
- (8) Includes 300,000 shares of common stock that can be acquired on the conversion of certain debentures and related warrants. Also includes 168,000 shares that can be acquired on the conversion of certain debentures and related warrants issuable upon exercise of placement agent warrants issued to the placement agent in the private financing completed in June and August 2000 and promised by the placement agent to Mr. Blank.

35

Item 12. Certain Relationships and Related Transactions

Other than the purchasing of certain units privately offered by the Company in June and August 2000, amounting to \$525,000, in the aggregate, there have been no material transactions where we were a party, in which any of our executive officers, directors or principal security-holders had a direct or indirect interest.

36

Item 13. Exhibits, List and Reports on Form 8-K.

(a) Exhibits

Certain of the following exhibits, as indicated parenthetically, were previously filed as exhibits to other reports or registration statements filed by the Registrant under the Securities Act of 1933 or under the Securities Exchange Act of 1934 and are hereby incorporated by reference.

- 3.1 Restated Certificate of Incorporation of the Registrant filed on July 31, 1987 and amendments thereto filed on June 8, 1989, September 14, 1990 and December 2, 1991. Certificate of change of location of registered office and of registered agent filed on May 7, 1992. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 1997)
- 3.2 Certificates of Amendment of Certificate of Incorporation

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

(A) Name change, dated March 23, 2000

(B) Number of shares, dated October 16, 2000

(Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

3.3 Amended and Restated By-Laws of the Registrant. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

4.1 Form of CareerEngine Network, Inc. 12% Convertible Subordinated Debenture due March 31, 2010. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

4.2 Form of Class A Warrants to Purchase Common Stock of CareerEngine Network, Inc., dated June 28 and August 7, 2000. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

37

4.3 Form of Class B Warrants to Purchase Common Stock of CareerEngine Network, Inc., dated June 28 and August 7, 2000. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

4.4 CareerEngine Network, Inc. and Dirks and Company, Inc. Placement Agent's Warrant Agreement, dated June 28, 2000; and related form of Warrant Certificate. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 2000)

10.1 CareerEngine Network, Inc. (formerly Helmstar Group, Inc.) 1999 Stock Option Plan. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB for the year ended December 31, 1999)

10.2 Indenture of Trust between Movieplex Realty Leasing, L.L.C. and First Union National Bank, as Trustee, dated November 1, 1997. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997)

10.3 Form of Bond. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997)

10.4 Master Lease between Movieplex Realty Leasing, L.L.C., as Landlord, and Carmike Cinemas, Inc., as Tenant, dated November 20, 1997. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997) (1)

10.5 Reimbursement Agreement, dated as of November 20, 1997, among Movieplex Realty Leasing, L.L.C, the Lenders, and Wachovia Bank, N.A., as Agent. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997) (1)

(1) Portions of this exhibit have been deleted per the Registrant's request for confidential treatment and filed separately with the Commission pursuant to Rule 24b-2

38

- 10.6 Form of Letter of Credit. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997)
- 10.7 Form of Bond Purchase Agreement between Movieplex Realty Leasing, L.L.C. and {the Purchaser}, dated November 20, 1997. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997)
- 10.8 Agency and Development Agreement between Movieplex Realty Leasing, L.L.C. and Carmike Cinemas, Inc., dated November 20, 1997. (Incorporated by reference to the Registrant's Annual Report on Form 10-KSB/A for the year ended December 31, 1997)
- 21.0 Subsidiaries of the Registrant.
 - (b) No reports on Form 8-K have been filed during the period covered by this report.

39

Item 14. Controls and Procedures

The Chief Executive Officer and Chief Financial Officer of the Company have conducted an evaluation of the effectiveness of disclosure controls and procedures pursuant to Exchange Act Rule 13a-14. Based on that evaluation, they have concluded that the Company's disclosure controls and procedures are effective in ensuring that all material information required to be filed in this Annual Report on Form 10-KSB has been made known to them in a timely fashion. There have been no significant changes in internal controls, or in other factors that could significantly affect internal controls, subsequent to the date they completed their evaluation.

40

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized on the 15th day of April, 2003.

CareerEngine Network, Inc.

CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Annual Report of CareerEngine Network, Inc. (the "Registrant") on Form 10-KSB for the year ending December 31, 2002 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, George W. Benoit, Chairman of the Board of Directors, President, and Chief Executive Officer of the Registrant, certify, pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, that:

1. I have reviewed the Report of the Registrant;
2. To the best of my knowledge, the Report does not contain any untrue statements of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the periods covered by the Report;
3. To the best of my knowledge, the financial statements, and other financial information included in the Report, fairly present in all material

Edgar Filing: CAREERENGINE NETWORK INC - Form 10KSB

respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in the Report;

4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14(c) and 15d-14(c)) for the Registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the periods in which the Report is being prepared;
 - b) evaluated the effectiveness of the Registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of the Report (the "Evaluation Date"); and
 - c) presented in the Report are our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

42

5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation, to the Registrant's auditors and the Audit Committee of Registrant's Board of Directors:
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the Registrant's ability to record, process, summarize and report financial data and have identified for the Registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal controls; and
6. The Registrant's other certifying officer and I have indicated in the Report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

/s/ George W. Benoit
