GAIN FROM OUR PERSPECTIVE

Franklin Templeton's distinct multi-manager structure combines the specialized expertise of three world-class investment management groups--Franklin, Templeton and Mutual Series.

SPECIALIZED EXPERTISE

Each of our portfolio management groups operates autonomously, relying on its own research and staying true to the unique investment disciplines that underlie its success.

FRANKLIN. Founded in 1947, Franklin is a leader in tax-free investing and a driving force in fixed income investing around the globe. They also bring expertise in growth- and value-style U.S. equity investing.

TEMPLETON. Founded in 1940, Templeton pioneered international investing and, in 1954, launched what has become the industry's oldest global fund. Today, with research offices in over 25 countries, they offer investors the broadest global reach in the industry.

MUTUAL SERIES. Established in 1949, Mutual Series is dedicated to a unique style of value investing, searching aggressively for opportunity among undervalued stocks, arbitrage situations and distressed companies.

TRUE DIVERSIFICATION

Because our management groups work independently and adhere to distinctly different investment approaches, Franklin, Templeton and Mutual Series funds typically have a low overlap of securities. That's why our funds can be used to build truly diversified portfolios covering every major asset class.

RELIABILITY YOU CAN TRUST

At Franklin Templeton Investments, we seek to consistently provide investors with exceptional risk-adjusted returns over the long term, as well as the reliable account services that have helped us become one of the most trusted names in financial services.

Dear Shareholder:

This annual report for Templeton Dragon Fund covers the period ended December 31, 2003.

PERFORMANCE OVERVIEW

For the year ended December 31, 2003, Templeton Dragon Fund delivered a +108.44%

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

cumulative total return in market price terms and +76.54% in net asset value terms, as shown in the Performance Summary on page 6.

ECONOMIC AND MARKET OVERVIEW

Despite a temporary setback resulting from the severe acute respiratory syndrome (SARS) outbreak early in the year, China's economy recorded robust gross domestic product (GDP) growth of 9.1% in 2003.(1) Trade also continued to prosper as 2003 exports and imports jumped 35% and 40% compared with 2002.(2) The mainland's attraction to multinational companies and strong economic growth continued to stimulate foreign direct investments (FDI) during the period. FDI inflows totaled a record US\$53.5 billion for 2003, a 1.4% increase over 2002.(3) To ease pressure on the government to revalue the local currency, China relaxed controls on overseas companies' investments.

Tensions between Taiwan and China heightened once again during the fourth quarter as Taiwanese President Chen Shui-bian stressed that Taiwan was an independent, sovereign country and proposed holding a referendum during presidential elections in March 2004 where Chen will seek re-election. The proposed referendum centers on the issues of support of the one-country principle, whether Taiwan

should buy more anti-missile weapons if China refused to withdraw its missiles pointed at Taiwan, and whether Taipei should open talks with Beijing. China has repeatedly stressed that the island must unify with the mainland or face war. Taiwan's economy, in terms of GDP, is expected to grow 3.2% in 2003 and 4.1% in 2004.(4) Taiwanese exports rose 10.4% to US\$144.2 billion in 2003, while imports increased 13.1% to US\$127.3 billion over the same time.(5)

Hong Kong's economy bounced back in the latter half of 2003, leading third quarter GDP growth to rebound to 4.0% annualized after a poor second quarter, with the Hong Kong government forecasting 3.0% growth for calendar year 2003.(6) Unemployment rose to a high of 8.7% in 2003, reflecting the negative impact SARS had on tourism, retail and service sectors, primarily.(6) As the scenario improved toward the latter half of the year, unemployment dropped to 7.5% by the end of November.(6) On another positive note, Hong Kong and China signed a free-trade agreement at the end of June, an indication of China's opening its economy to international competition.

Markets in the greater China region underperformed their emerging markets counterparts in the first part of the year due to the SARS outbreak. However, Chinese markets rebounded strongly after the containment of the virus. Bargain investors then returned in search of oversold stocks and, as reflected in the Morgan Stanley Capital International (MSCI) China Free Index, these markets returned 87.6% in U.S.-dollar terms for the year ended December 31, 2003.(7)

INVESTMENT STRATEGY

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

Our investment strategy employs a fundamental, value-oriented, long-term approach. In selecting companies for investment, we will consider overall growth prospects, competitive positions in export markets, technologies, research and development, productivity, labor costs, raw material costs and sources, profit margins, returns on investment, capital resources, government regulation, management and other factors in comparison to other companies around the world which we believe are comparable.

7. Source: Standard & Poor's Micropal. The MSCI China Free Index measures the total return (gross dividends are reinvested) of equity securities available to foreign (non-local) investors in China. The index is unmanaged and securities are weighted according to their market capitalization. One cannot invest directly in an index, nor is an index representative of the Fund's portfolio.

Our approach to selecting investments emphasizes fundamental company-by-company analysis (rather than broader analyses of specific industries or sectors of the economy), to construct an "action list" from which we make our buy decisions. Although we will consider historical value measures, such as price/earnings ratios, operating profit margins and liquidation values, the primary factor in selecting securities for investment by the Fund will be the company's current price relative to its long-term earnings potential.

MANAGER'S DISCUSSION

The Fund's overweighted positions, relative to the MSCI China Free Index, in Tsingtao Brewery, Sinopec Beijing Yanhua Petrochemical and China Petroleum & Chemical provided a strong boost to the Fund's total return this year, as did our position in China Mobile. However, our overweighted Taiwanese positions in Sinopac Holdings and Altek Corporation worked against it. Consistent with our strategy, we continued to hold Sinopac Holdings because we believe that as a provider of a comprehensive range of financial products and services the company could benefit from the consolidation of Taiwan's banking industry. Similarly, we believe Altek, one of the world's largest manufacturers of digital cameras, could benefit from growing global demand for its products.

By industry, the Fund's holdings in beverages, wireless telecommunication services, and food and staples retailing sectors yielded the greatest contribution relative to the MSCI China Free Index during the year. China Mobile was the strongest contributor among our wireless telecommunication services stocks; Hong Kong's Dairy Farm International generated positive results among food and staples retailing stocks; and China H share Tsingtao Brewery led performance in the beverages sector and was sold during the period as gains were realized. On the negative side, an overweighted position in real estate stocks and an underweighting in automobiles dampened performance, as real estate underperformed and automobiles outperformed the MSCI China Free Index.

In May, the Fund completed a tender offer and bought back a total 6,656,425 shares of its common stock. The purchase was funded primarily by decreasing

4 | Annual Report

certain stock holdings that we believed were less attractively valued. During the year, war and its aftermath in Iraq, ongoing geopolitical upheaval and fear of SARS brought significant price movements to many financial markets, especially in the first half of 2003. These developments, coupled with changes in fundamentals for some companies held by the Fund, were some of the major factors behind the portfolio changes.

During the year under review, consistent with our strategy we decreased the Fund's exposure to China H shares (Hong Kong-listed Chinese companies), as we believed some valuations grew expensive after the market's recent strong performance. Key sales included Tsingtao Brewery, China Shipping Development and shares of Zhejiang Expressway and Jiangsu Expressway. The Fund still held 29.5% of total net assets in China H shares as of December 31, 2003. A key purchase during the year included Red Chip stock China Mobile, a dominant wireless

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

telecommunications operator in China we believed to be well positioned to benefit from China's ongoing economic expansion.

We increased the Fund's exposure to Taiwan due to the emergence of attractive valuations, as we believed some stocks had become oversold due to concerns over the SARS outbreak. There were also signs of global recovery within the technology sector, Taiwan's largest market sector. Key purchases included Acer, a major player in the global personal computer market; Delta Electronics, the world's largest notebook PC adapter manufacturer; and additional shares of Sunplus Technology, an integrated circuit design company specializing in consumer products components.

We thank you for your interest in Templeton Dragon Fund, welcome your questions and comments and look forward to serving your investment needs in the years ahead.

ENDNOTES

ONGOING MARKET VOLATILITY CAN SIGNIFICANTLY AFFECT SHORT-TERM PERFORMANCE; MORE RECENT RETURNS MAY DIFFER FROM THOSE SHOWN. SPECIAL RISKS ARE ASSOCIATED WITH FOREIGN INVESTING, INCLUDING CURRENCY VOLATILITY, ECONOMIC INSTABILITY AND SOCIAL AND POLITICAL DEVELOPMENTS OF COUNTRIES WHERE THE FUND INVESTS. EMERGING MARKETS INVOLVE HEIGHTENED RISKS RELATED TO THE SAME FACTORS, IN ADDITION TO THOSE ASSOCIATED WITH THEIR RELATIVELY SMALL SIZE AND LESSER LIQUIDITY. ALSO, AS A NON-DIVERSIFIED INVESTMENT COMPANY INVESTING IN "CHINA COMPANIES," THE FUND MAY INVEST IN A RELATIVELY SMALL NUMBER OF ISSUERS AND, AS A RESULT, BE SUBJECT TO A GREATER RISK OF LOSS WITH RESPECT TO ITS PORTFOLIO SECURITIES. SINCE MARKETS CAN GO DOWN AS WELL AS UP, INVESTMENT RETURN AND PRINCIPAL VALUE WILL FLUCTUATE WITH MARKET CONDITIONS, AND YOU MAY HAVE A GAIN OR LOSS WHEN YOU SELL YOUR SHARES.

Templeton Dragon Fund, Inc.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Templeton Dragon Fund, Inc. (the Fund), is registered under the Investment Company Act of 1940 as a closed-end, non-diversified investment company. The Fund seeks long-term capital appreciation by investing at least 45% of its total assets in the equity securities of "China companies," as defined in the Fund's prospectus.

On May 29, 2002, the Fund's shareholders approved an Agreement and Plan of Reorganization (the "Plan") that provides for the reorganization of the Fund from a Maryland corporation to a Delaware statutory trust. The completion of the reorganization is pending guidance from the National Tax Agency in Japan relating to the tax treatment of the Plan under Japanese laws with respect to the Fund's Japanese shareholders. If and when the reorganization is completed, the Delaware statutory trust will be the successor to the Fund.

The following summarizes the Fund's significant accounting policies.

A. SECURITY VALUATION

Securities listed or traded on a recognized national exchange or NASDAQ are valued at the last reported sales price. Over-the-counter securities and listed securities for which no sale is reported are valued within the range of the latest quoted bid and asked prices. Investments in open-end mutual funds are valued at the closing net asset value. Foreign securities are valued at the close of trading of the foreign exchange or the NYSE, whichever is earlier. If events occur that materially affect the values of securities after the prices or foreign exchange rates are determined, or if market quotations are not readily available, the securities will be valued at fair value as determined following procedures approved by the Board of Directors.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

B. FOREIGN CURRENCY TRANSLATION

Portfolio securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of valuation. Purchases and sales of securities and income items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date.

The Fund does not separately report the effect of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in net realized and unrealized gain or loss from investments.

Realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions and the difference between the recorded amounts of dividends, interest, and foreign withholding taxes, and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in foreign exchange rates on foreign denominated assets and liabilities other than investments in securities held at the end of the reporting period.

14 | Annual Report

Templeton Dragon Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. FOREIGN CURRENCY CONTRACTS

When the Fund purchases or sells foreign securities it may enter into foreign exchange contracts to minimize foreign exchange risk from the trade date to the settlement date of the transactions. A foreign exchange contract is an agreement between two parties to exchange different currencies at an agreed upon exchange rate on a specified date. Realized and unrealized gains and losses are included in the Statement of Operations.

The risks of these contracts include movement in the values of the foreign currencies relative to the U.S. dollar and the possible inability of the counterparties to fulfill their obligations under the contracts.

D. INCOME TAXES

No provision has been made for income taxes because the Fund's policy is to qualify as a regulated investment company under the Internal Revenue Code and to distribute substantially all of its taxable income.

E. SECURITY TRANSACTIONS, INVESTMENT INCOME, EXPENSES AND DISTRIBUTIONS

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Certain income from foreign securities is recorded as soon as information is available to the Fund. Interest income and estimated expenses are accrued daily. Dividend income and distributions to shareholders are recorded on the ex-dividend date.

F. ACCOUNTING ESTIMATES

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expense during the reporting period. Actual results could differ from those estimates.

G. GUARANTEES AND INDEMNIFICATIONS

Under the Fund's organizational documents, its officers and directors are indemnified against certain liability arising out of the performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

8. RECENT LITIGATION

On January 29, 2003, the Fund, together with Templeton China World Fund, Inc. ("China Fund"), another closed-end management investment company in Franklin

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

Templeton Investments, and TAML, the investment adviser to the Fund and China Fund, filed a complaint in the United States District Court for the District of Maryland, Northern Division, against Harvard College, Harvard Management Company, Inc. ("Harvard Management"), which is an investment advisor to Harvard College, and Steven Alperin, an officer of Harvard Management (referred to collectively as "Harvard"). The complaint alleged that Harvard violated several provisions of the Federal securities laws and the rules of the SEC related to Harvard's ownership of Fund shares and actions as a shareholder. On February 7, 2003, Harvard counterclaimed, alleging that the Fund, China Fund, TAML and each fund's directors violated certain provisions of the Federal securities laws and SEC rules. Harvard also asserted counterclaims of breach of fiduciary duty under Maryland state law against TAML and each fund's directors. On March 20, 2003, the parties announced a settlement of their claims.

DISMISSAL OF LAWSUIT. Pursuant to the Settlement Agreement between the Fund and Harvard, the complaint brought by the Fund, China Fund and TAML against Harvard, as well as the counterclaims brought by Harvard against the Fund, China Fund, each fund's directors and TAML were dismissed without prejudice. The parties have also entered into covenants not to sue each other with respect to the claims that were made or could have been made in the litigation absent a breach of the settlement agreements.

SHAREHOLDER PROPOSALS. As part of the settlement, Harvard College agreed to withdraw all of its shareholder proposals for the Fund's 2003 Annual Shareholders' meeting (the "Meeting.")

TENDER OFFERS. The Fund announced that as part of its settlement with Harvard, it agreed to take, and the Board approved, the following actions:

- o APRIL 2003 CASH TENDER OFFER--The Fund agreed to commence a cash tender offer, which was required to be commenced on or prior to April 30, 2003, for 15% of the Fund's outstanding shares at 92.5% of net asset value per share as of the date the offer expires. Previously, the Board had approved an April 2003 cash tender offer for not less than 10% of the Fund's outstanding shares at not less than 90% of net asset value per share. On April 24, 2003, the Fund commenced a tender offer for up to 6,656,425 shares, or 15%, of the Fund's outstanding shares at a price per share equal to 92.5% of net asset value per share as of May 22, 2003, the expiration date of the tender offer. In accordance with the terms of the tender offer, 6,656,425 shares were accepted by the Fund for a purchase price of \$9.97 per share.
- o IN-KIND TENDER OFFERS--The Fund has applied to the SEC for an exemptive order allowing the Fund to make occasional, non-periodic tender offers, each for up to 20% of the Fund's outstanding shares at a price equal to 95% of net asset value per share as of the date the offer expires, to be paid entirely in kind through a pro rata distribution of marketable portfolio securities and available cash. Subject to certain conditions, the settlement requires the Fund to commence such an in-kind tender offer for 20% of the Fund's shares

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

within three months after obtaining the SEC exemption. The Fund may also be required under the settlement to conduct, on substantially identical terms, up to two additional in-kind tender offers under certain circumstances. There is no assurance that the SEC will issue the exemptive order, nor is it possible to predict the date when an exemptive order might be granted.

- o ADDITIONAL CASH TENDER OFFERS--If the SEC does not issue the exemptive order for in-kind tender offers by March 26, 2004, the settlement provides that the Fund may, but is not obligated to, conduct an additional cash tender offer, and possibly later follow-on cash tender offers, each for 15% of the Fund's outstanding shares at a price of 92.5% of net asset value per share as of the date the offer expires. Under certain circumstances, if the Fund does not conduct these tender offers, Harvard will be relieved of its obligation to refrain from making shareholder proposals and taking other actions with respect to the Fund.

Harvard announced that it intends to tender all of the shares it then owns into each tender offer described above that is commenced.

The Settlement Agreement provides that the Fund will not be obligated to commence in-kind tender offers or additional cash tender offers under certain circumstances or conditions. These relate to, among other things, the number of shares tendered by shareholders into preceding tender offers as well as the beneficial ownership percentages of the Fund's shareholders.

STANDSTILL. As part of the settlement, Harvard agreed not to submit any proposals for consideration by shareholders of the Fund, or any other closed-end fund or similar investment vehicle managed by TAML or its affiliates, or for consideration by shareholders of Franklin Resources, nor to encourage others to do so, for a period of four years. Harvard also has agreed not at any time to acquire additional shares of the Fund or any other closed-end fund or similar investment vehicle managed by TAML or its affiliates.

FEES, COSTS AND EXPENSES. The Fund agreed that TAML would be responsible for the legal fees and expenses incurred by the Fund and its directors with respect to the Settlement Agreement and the litigation. The Fund agreed that TAML would also be responsible for the legal fees and expenses incurred by the Fund through March 20, 2003, with respect to its proxy contest relating to the Meeting.

9. REGULATORY MATTERS

On February 4, 2004, the Securities Division of the Office of the Secretary of the Commonwealth of Massachusetts filed an administrative complaint against Franklin Resources, Inc. and certain of its subsidiaries (the "Company"), alleging violations of the Massachusetts Uniform Securities Act. The complaint arises from activity that occurred in 2001 during which time an officer of a Company subsidiary was negotiating an agreement with an investor relating to

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

investments in a mutual fund and a hedge fund.

The Fund, in addition to other entities within Franklin Templeton Investments, including the Company and other funds, has been named in shareholder class actions related to the matter described above. The Fund's management believes that the claims made in the lawsuit are without merit and it intends to defend vigorously against the allegations. It is anticipated that the Fund may be named in additional similar civil actions related to the matter described above.

In addition, as part of ongoing investigations by the U.S. Securities and Exchange Commission (the "SEC"), the U.S. Attorney for the Northern District of California, the New York Attorney General, the California Attorney General, the U.S. Attorney for the District of Massachusetts, the Florida Department of Financial Services, and the Commissioner of Securities and the Attorney General of the State of West Virginia, relating to certain practices in the mutual fund industry, including late trading, market timing and sales compensation arrangements, the Company and its subsidiaries, as well as certain current or former executives and employees of the Company, have received requests for information and/or subpoenas to testify or produce documents. The Company and its current employees are providing documents and information in response to these requests and subpoenas. In addition, the Company has responded to requests for similar kinds of information from regulatory authorities in some of the foreign countries where the Company conducts its global asset management business.

9. REGULATORY MATTERS (CONTINUED)

The Staff of the SEC has informed the Company that it intends to recommend that the Commission authorize an action against an affiliate of the Fund's adviser and a senior executive officer relating to the frequent trading issues that are the subject of the SEC's investigation. These issues were previously disclosed as being under investigation by government authorities and the subject of an internal inquiry by the Company in its Annual Report on Form 10-K and on its public website. The Company currently is in discussions with the SEC Staff in an effort to resolve the issues raised in their investigation. Such discussions are preliminary and the Fund management has been advised that the Company cannot predict the likelihood of whether those discussions will result in a settlement and, if so, the terms of such settlement. The impact, if any, of these matters on the Fund is uncertain at this time. If the Company finds that it bears responsibility for any unlawful or improper conduct, it has committed to making the Fund or its shareholders whole, as appropriate.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

The Fund offers a Dividend Reinvestment and Cash Purchase Plan (the "Plan") with the following features:

If shares of the Fund are held in the shareholder's name, the shareholder will automatically be a participant in the Plan (other than shareholders holding their shares through Japan Securities Clearing Corporation, who will not be enrolled in the Plan unless certain conditions are met and they elect to participate), unless he elects to withdraw. If the shares are registered in the name of a broker-dealer or other nominee (i.e., in "street name"), the broker-dealer or nominee will elect to participate in the Plan on the shareholder's behalf unless the shareholder instructs them otherwise, or unless the reinvestment service is not provided by the broker-dealer or nominee.

Participants should contact Mellon Investor Services LLC, P.O. Box 3338, South Hackensack, NJ 07606-1938, to receive the Plan brochure.

To receive dividends or distributions in cash, the shareholder must notify Mellon Securities Trust Company (the "Plan Agent") at the address above or the institution in whose name the shares are held. The Plan Agent must receive written notice within 10 business days before the record date for the distribution.

Whenever the Fund declares dividends in either cash or common stock of the Fund, if the market price is equal to or exceeds net asset value at the valuation date, the participant will receive the dividends entirely in stock at a price equal to the net asset value, but not less than 95% of the then current market price of the Fund's shares. If the market price is lower than net asset value or if dividends and/or capital gains distributions are payable only in cash, the participant will receive shares purchased on the New York Stock Exchange or otherwise on the open market.

A participant has the option of submitting additional payments to the Plan Agent, in any amounts of at least \$100, up to a maximum of \$5,000 per month, for the purchase of Fund shares for his or her account. These payments shall be made by check or money order payable to "Mellon Securities Trust Company" and sent to Mellon Investor Services LLC, P.O. Box 382009, Pittsburgh, PA 15250-8009, Attn: Templeton Dragon Fund, Inc. The Plan Agent shall apply such payments (less a \$5.00 service charge and less a pro rata share of trading fees) to purchases of

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

the Fund's shares in the open market.

The automatic reinvestment of dividends and/or capital gains does not relieve the participant of any income tax which may be payable on dividends or distributions.

The participant may withdraw from the Plan without penalty at any time by written notice to the Plan Agent sent to Mellon Investor Services LLC, P.O. Box 3338, South Hackensack, NJ 07606-1938. Upon withdrawal, the participant will receive, without charge, stock certificates issued in the participant's name for all full shares held by the Plan Agent; or, if the participant wishes, the Plan Agent will sell the participant's shares and send the proceeds, less a service charge of \$5.00 and less trading fees.

Whenever shares are purchased on the New York Stock Exchange or otherwise on the open market, each participant will pay a pro rata portion of trading fees. Trading fees will be deducted from amounts to be invested.

Effective April 23, 2004, the fees for the sale of shares through the Plan will be \$15.00 per transaction plus a \$0.12 per share trading fee. All other terms and conditions of the Plan remain in effect and have not been modified or amended.

TAX DESIGNATION (UNAUDITED)

Under Section 854(b)(2) of the Internal Revenue Code (Code), the Fund hereby designates up to maximum of \$4,789,102 as qualified dividends for purposes of the maximum rate under Section 1(h)(11) of the Code for the fiscal year ended December 31, 2003. In January 2004, shareholders will receive Form 1099-DIV which will include their share of qualified dividends distributed during the calendar year 2003. Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their individual income tax returns.

At December 31, 2003, more than 50% of the Templeton Dragon Fund, Inc.'s total assets were invested in securities of foreign issuers. In most instances, foreign taxes were withheld from dividends paid to the Fund on these investments. As shown in the table below, the Fund hereby designates to shareholders the foreign source income and foreign taxes paid, pursuant to Section 853 of the Internal Revenue Code. This designation will allow shareholders of record on December 31, 2003, to treat their proportionate share of foreign taxes paid by the Fund as having been paid directly by them. The shareholder shall consider these amounts as foreign taxes paid in the tax year in which they receive the Fund distribution.

The following table provides a detailed analysis, by country, of Foreign Tax Paid, Foreign Source Income, Foreign Qualified Dividends and Adjusted Foreign Source Income as designated by the Fund, to shareholders of record. As a service to individual shareholders filing Form 1116, "Adjusted Foreign Source Income per Share" in column 4 below reports foreign source income with the required adjustments to foreign source qualified dividends. This information is provided to simplify your reporting of foreign source income for line 1 of Form 1116.

COUNTRY	FOREIGN TAX PAID PER SHARE	FOREIGN SOURCE INCOME PER SHARE	FOREIGN QUALIFIED DIVIDENDS PER SHARE	ADJUSTED FOREIGN SOURCE INCOME PER SHARE
China	0.0000	0.1411	0.0932	0.0878
Hong Kong	0.0000	0.4159	0.0000	0.4159
Singapore	0.0003	0.0019	0.0000	0.0019
Taiwan	0.0176	0.0502	0.0000	0.0502
TOTAL	\$0.0179	\$0.6091	\$0.0932	\$0.5558

Foreign Tax Paid per Share (Column 1) is the amount per share available to you, as a tax credit or deduction (assuming you held your shares in the Fund for a minimum of 16 days during the 30-day period beginning 15 days before the

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

ex-dividend date of the Fund's distribution to which the foreign taxes relate).

Foreign Source Income per Share (Column 2) is the amount per share of income dividends paid to you that is attributable to foreign securities held by the Fund, plus any foreign taxes withheld on these dividends. The amounts reported include foreign source qualified dividends without adjustment for the lower U.S. tax rates. Generally, this is the foreign source income to be reported by certain trusts and corporate shareholders.

26 | Annual Report

Templeton Dragon Fund, Inc.

TAX DESIGNATION (UNAUDITED) (CONTINUED)

Foreign Qualified Dividends per Share (Column 3) is the amount per share of foreign source qualified dividends the Fund paid to you, plus any foreign taxes withheld on these dividends. These amounts represent the portion of the Foreign Source Income reported to you in column 2 that were derived from qualified foreign securities held by the Fund. If you are an individual shareholder who does not meet the qualified dividend holding period requirements, you may find this information helpful to calculate the foreign source income adjustment needed to complete line 1 of Form 1116.

Adjusted Foreign Source Income per Share (Column 4) is the adjusted amount per share of foreign source income the Fund paid to you. These amounts reflect the Foreign Source Income reported in column 2 adjusted for the tax rate differential on foreign source qualified dividends that may be required for certain individual shareholders pursuant to Internal Revenue Code 904(b)(2)(B). If you are an individual shareholder who meets the qualified dividend holding period requirements, generally, these Adjusted Foreign Source Income amounts may be reported directly on line 1 of Form 1116 without additional adjustment.

In January 2004, shareholders will receive Form 1099-DIV which will include their share of taxes paid and foreign source income distributed during the calendar year 2003. The Foreign Source Income reported on Form 1099-DIV has been reduced to take into account the tax rate differential on foreign source qualified dividend income pursuant to Internal Revenue Code 904(b)(2)(B). Shareholders are advised to check with their tax advisors for information on the treatment of these amounts on their 2003 individual income tax returns.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS N/A

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

The board of directors of the Fund has delegated the authority to vote proxies related to the portfolio securities held by the Fund to the Fund's manager Templeton Asset Management Ltd. in accordance with the Proxy Voting Policies and Procedures (Policies) adopted by the manager.

The manager has delegated its administrative duties with respect to the voting of proxies to the Proxy Group within Franklin Templeton Companies, LLC (Proxy Group), an affiliate and wholly owned subsidiary of Franklin Resources, Inc. All proxies received by the Proxy Group will be voted based upon the manager's instructions and/or policies.

To assist it in analyzing proxies, the manager subscribes to Institutional Shareholder Services (ISS), an unaffiliated third party corporate governance research service that provides in-depth analyses of shareholder meeting agendas, vote recommendations, recordkeeping and vote disclosure services. In addition, the manager subscribes to Glass Lewis & Co., LLC (Glass Lewis), an unaffiliated third party analytical research firm, to receive analyses and vote recommendations on the shareholder meetings of publicly held U.S. companies. Although ISS' and/or Glass Lewis' analyses are thoroughly reviewed and considered in making a final voting decision, the manager does not consider recommendations from ISS, Glass Lewis or any other third party to be determinative of the manager's ultimate decision. The manager votes proxies solely in the interests of the Fund and its shareholders. As a matter of policy, the officers, directors and employees of the Fund, the manager and the Proxy Group will not be influenced by outside sources whose interests conflict with the interests of the Fund and its shareholders. All conflicts are resolved in the interests of the manager's clients. In situations where the manager perceives a material conflict of interest, the manager may: disclose the conflict to the Fund's board of directors; defer to the voting recommendation of the Fund's board of directors, ISS, Glass Lewis or those of another independent third party provider of proxy services; or take such other action in good faith (in consultation with counsel) which would protect the interests of the Fund and its shareholders.

The recommendation of management on any issue is a factor which the manager considers in determining how proxies should be voted, but is not determinative of the manager's ultimate decision. As a matter of practice, the votes with respect to most issues are cast in accordance with the position of the company's management. Each issue, however, is considered on its own merits, and the manager will not support the position of the company's management in any situation where it deems that the ratification of management's position would adversely affect the investment merits of owning that company's shares.

MANAGER'S PROXY VOTING POLICIES AND PRINCIPLES The manager has adopted general proxy voting guidelines, which are summarized below. These guidelines are not an exhaustive list of all the issues that may arise and the manager cannot anticipate all future situations. In all cases, each proxy will be considered based on the relevant facts and circumstances.

BOARD OF DIRECTORS. The manager supports an independent board of directors, and prefers that key committees such as audit, nominating, and compensation committees be comprised of independent directors. The manager will generally vote against management efforts to classify a board and will generally support proposals to declassify the board of directors. The manager may withhold votes from directors who have attended less than 75% of meetings without a valid reason. While generally in favor of separating Chairman and CEO positions, the manager will review this issue as well as proposals to restore or provide for cumulative voting on a case-by-case basis, taking into consideration factors such as the company's corporate governance guidelines or provisions and performance.

Edgar Filing: TEMPLETON DRAGON FUND INC - Form N-CSR

MANAGEMENT & DIRECTOR COMPENSATION. A company's equity-based compensation plan should be in alignment with its shareholders' long-term interests. The manager evaluates plans on a case-by-case basis by considering several factors to determine whether the plan is fair and reasonable, including the ISS quantitative model utilized to assess such plans and/or the Glass Lewis evaluation of the plans. The manager will generally oppose plans that have the potential to be excessively dilutive, and will almost always oppose plans that are structured to allow the repricing of underwater options, or plans that have an automatic share replenishment "evergreen" feature. The manager will generally support employee stock option plans in which the purchase price is at least 85% of fair market value, and when potential dilution is 10% or less.

Severance compensation arrangements will be reviewed on a case-by-case basis, although the manager will generally oppose "golden parachutes" that are considered to be excessive. The manager will normally support proposals that require a percentage of directors' compensation to be in the form of common stock, as they align their interests with those of shareholders. The manager will review on a case-by-case basis any shareholder proposals to adopt policies on expensing stock option plans.

ANTI-TAKEOVER MECHANISMS AND RELATED ISSUES. The manager generally opposes anti-takeover measures since they tend to reduce shareholder rights. On occasion, the manager may vote with management when the research analyst has concluded that the proposal is not onerous and would not harm the Fund or its shareholders' interests. The manager generally supports proposals that require shareholder rights' plans ("poison pills") to be subject to a shareholder vote and will closely evaluate such plans on a case-by-case basis to determine whether or not they warrant support. The manager will generally vote against any proposal to issue stock that has unequal or subordinate voting rights. The manager generally opposes any supermajority voting requirements as well as the payment of "greenmail." The manager generally supports "fair price" provisions and confidential voting.

CHANGES TO CAPITAL STRUCTURE. The manager will review, on a case-by-case basis, proposals by companies to increase authorized shares and the purpose for the increase and proposals seeking preemptive rights. The manager will generally not vote in favor of dual-class capital structures to increase the number of authorized shares where that class of stock would have superior voting rights. The manager will generally vote in favor of the issuance of preferred stock in cases where the company specifies the voting, dividend, conversion and other rights of such stock and the terms of the preferred stock issuance are deemed reasonable.

MERGERS AND CORPORATE RESTRUCTURING. Mergers and acquisitions will be subject to careful review by the research analyst to determine whether each will be beneficial to shareholders. The manager will analyze various economic and strategic factors in making the final decision on a merger or acquisition. Corporate restructuring and reincorporation proposals are also subject to a thorough examination on a case-by-case basis.

SOCIAL AND CORPORATE POLICY ISSUES. The manager will generally give management discretion with regard to social, environmental and ethical issues, although the manager may vote in favor of those that are believed to have significant economic benefits or implications for the Fund and its shareholders.

GLOBAL CORPORATE GOVERNANCE. Many of the tenets discussed above are applied to proxy voting decisions for international companies. However, the manager must be more flexible in these instances and must be mindful of the varied market practices of each region.

The manager will attempt to process every proxy it receives for all domestic and foreign proxies. However, there may be situations in which the manager cannot

process proxies, for example, where a meeting notice was received too late, or sell orders preclude the ability to vote. The manager may abstain from voting under certain circumstances or vote against items such as "Other Business" when the manager is not given adequate information from the company.
