SUMMARY INFORMATION

The following summary is qualified in its entirety by reference to the more detailed information appearing elsewhere in this prospectus or incorporated herein by reference. Each prospective investor is urged to read this prospectus and the documents incorporated herein by reference in their entirety. Investment in the securities offered hereby involves a high degree of risk. See Risk Factors.

We are a New York corporation formed in 1983. As of the fiscal year ended October 3, 2009, we owned and/or operated 20 restaurants and bars, 30 fast food concepts and catering operations through our subsidiaries. Initially our facilities were located only in New York City. As of the fiscal year ended October 3, 2009, seven of our restaurant and bar facilities are located in New York City, four are located in Washington, D.C., five are located in Las Vegas, Nevada, two are located in Atlantic City, New Jersey, one is located at the Foxwoods Resort Casino in

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

Ledyard, Connecticut and one is located in the Faneuil Hall Marketplace in Boston, Massachusetts.

In addition to the shift from a Manhattan-based operation to a multi-city operation, the nature of the facilities operated by us has shifted from smaller, neighborhood restaurants to larger, destination restaurants intended to benefit from high patron traffic attributable to the uniqueness of the restaurant's location. Most of our restaurants which are in operation and which have been opened in recent years are of the latter description. As of the fiscal year ended October 3, 2009, these include the restaurant operations at the 12 fast food facilities in Tampa, Florida and Hollywood, Florida, respectively (2004); the Gallagher's Steakhouse and Gallagher's Burger Bar in the Resorts Atlantic City Hotel and Casino in Atlantic City, New Jersey (2005); The Grill at Two Trees at the Foxwoods Resort Casino in Ledyard, Connecticut (2006); Durgin Park Restaurant and the Black Horse Tavern in the Faneuil Hall Marketplace in Boston, Massachusetts (2007); Yolos, at the Planet Hollywood Resort and Casino (formerly known as the Aladdin Resort and Casino) in Las Vegas, Nevada (2007); five fast food facilities at MGM Grand Casino at the Foxwoods Resort Casino in Ledyard, Connecticut (2008); and Robert at the Museum of Arts & Design at Columbus Circle in Manhattan (2009).

The names and themes of each of our restaurants are different except for our two America restaurants, two Sequoia restaurants, two Gonzalez y Gonzalez restaurants and two Gallagher's Steakhouse restaurants. The menus in our restaurants are extensive, offering a wide variety of high quality foods at generally moderate prices. The atmosphere at many of the restaurants is lively and extremely casual. Most of the restaurants have separate bar areas. A majority of our net sales are derived from dinner as opposed to lunch service. Most of the restaurants are open seven days a week and most serve lunch as well as dinner.

While decor differs from restaurant to restaurant, interiors are marked by distinctive architectural and design elements which often incorporate dramatic interior open spaces and extensive glass exteriors. The wall treatments, lighting and decorations are typically vivid, unusual and, in some cases, highly theatrical.

In this prospectus we refer to Ark Restaurants Corp. as Ark, the Company, we, us or our. Our executive offices are located at 85 Fifth Avenue, New York, New York 10003 and our telephone number is (212)-206-8800. The information on our website does not constitute part of this prospectus.

THE OFFERING

This reoffer prospectus relates to the reoffer and resale of an aggregate of 500,000 shares of our common stock, par value \$0.01 per share, by certain selling securityholders, including our officers and directors, who are deemed to be affiliates of the Company, that are issuable upon the exercise of options to be granted pursuant to our 2010 Plan. We will not receive any proceeds from the sale of the shares sold by the selling securityholders, but we will receive the exercise price upon exercise of the stock options.

If subsequent to the date of this reoffer prospectus, we grant any awards under the 2010 Plan to any persons who are affiliates of the Company, we would supplement this reoffer

prospectus with the names of such affiliates and the amount(s) of shares to be reoffered by them as selling securityholders.

RISK FACTORS

This prospectus contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Actual results could differ materially from those projected in the forward-looking statements as a result of certain uncertainties set forth below and elsewhere in this prospectus. An investment in the shares is highly speculative and involves a high degree of risk. Prospective investors, prior to making an investment decision, should carefully consider the following risk factors, in addition to the other information set forth in this prospectus, in connection with an investment in the shares offered hereby.

Risks Related To Our Business

The recent disruptions in the overall economy and the financial markets may adversely impact our business.

The restaurant industry has been affected by current economic factors, including the deterioration of national, regional and local economic conditions, declines in employment levels, and shifts in consumer spending patterns. The recent disruptions in the overall economy and volatility in the financial markets have reduced, and may continue to reduce, consumer confidence in the economy, negatively affecting consumer restaurant spending, which could be harmful to our financial position and results of operations. As a result, decreased cash flow generated from our business may adversely affect our financial position and our ability to fund our operations. In addition, macro economic disruptions, as well as the restructuring of various commercial and investment banking organizations, could adversely affect our ability to access the credit markets. The disruption in the credit markets may also adversely affect the availability of financing for our expansions and operations, and could impact our vendors' ability to meet supply requirements. There can be no assurance that government responses to the disruptions in the financial markets will restore consumer confidence, stabilize the markets, or increase liquidity and the availability of credit.

Failure of our restaurants to achieve expected results could have a negative impact on our revenues and performance results.

Performance results currently achieved by our restaurants may not be indicative of longer term performance or the potential market acceptance of restaurants in new locations. We cannot be assured that new restaurants that we open will have similar operating results as existing restaurants. New restaurants take several months to reach expected operating levels due to inefficiencies typically associated with new restaurants, including lack of market awareness, inability to hire sufficient staff and other factors. The failure of our existing or new restaurants to perform as predicted could negatively impact our revenues and results of operations.

Our unfamiliarity with new markets may present risks, which could have a material adverse effect on our future growth and profitability.

Due to higher operating costs caused by temporary inefficiencies typically associated with expanding into new regions and opening new restaurants, such as lack of market awareness and acceptance and limited availability of experienced staff, continued expansion may result in an increase in our operating costs. New markets may have different competitive conditions, consumer tastes and discretionary spending patterns than our existing markets, which may cause our restaurants in these new markets to be less successful than our restaurants in our existing markets. We cannot assure you that restaurants in new markets will be successful.

Our ability to open new restaurants efficiently is subject to a number of factors beyond our control, including:

Selection and availability of suitable restaurant sites;

Negotiation of acceptable lease or purchase terms for such sites;

Negotiation of reasonable construction contracts and adequate supervision of construction;

Our ability to secure required governmental permits and approvals for both construction and operation;

Availability of adequate capital;

General economic conditions; and

Adverse weather conditions.

We may not be successful in addressing these factors, which could adversely affect our ability to open new restaurants on a timely basis, or at all. Delays in opening or failures to open new restaurants could cause our business, results of operations and financial condition to suffer.

Terrorism and war may have material adverse effect on our business.

Terrorist attacks, such as the attacks that occurred in New York and Washington, D.C. on September 11, 2001, and other acts of violence or war in the United States or abroad, may affect the markets in which we operate and our business, results of operations and financial conditions. The potential near-term and long-term effects these events may have on our business operations, our customers, the markets in which we operate and the economy is uncertain. Because the consequences of any terrorist attacks, or any armed conflicts, are unpredictable, we may not be able to foresee events that could have an adverse effect on our markets or our business.

Increases in the minimum wage may have a material adverse effect on our business and financial results.

Many of our employees are subject to various minimum wage requirements. Many of our restaurants are located in states where the minimum wage was recently increased. There likely will be additional increases implemented in jurisdictions in which we operate or seek to operate.

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

These minimum wage increases may have a material adverse effect on our business, financial condition, results of operations or cash flows.

Future changes in financial accounting standards may cause adverse unexpected operating results and affect our reported results of operations.

Changes in accounting standards can have a significant effect on our reported results and may affect our reporting of transactions completed before the change is effective. New pronouncements and varying interpretations of pronouncements have occurred and may occur in the future.

Changes to existing rules or differing interpretations with respect to our current practices may adversely affect our reported financial results.

Rising insurance costs could negatively impact profitability.

The cost of insurance (workers compensation insurance, general liability insurance, property insurance, health insurance and directors and officers liability insurance) has risen significantly over the past few years and is expected to continue to increase. These increases, as well as potential state legislation requirements for employers to provide health insurance to employees, could have a negative impact on our profitability if we are not able to negate the effect of such increases with plan modifications and cost control measures or by continuing to improve our operating efficiencies.

Compliance with existing and new regulations of corporate governance and public disclosure may result in additional expenses.

Compliance with changing laws, regulations and standards relating to corporate governance and public disclosure, including The Sarbanes-Oxley Act of 2002, new SEC regulations and NASDAQ Stock Market rules, has required an increased amount of management attention and external resources. We are committed to maintaining high standards of corporate governance and public disclosure. This investment required to comply with these changing regulations may result in increased general and administrative expenses and a diversion of management time and attention from revenue-generating activities to compliance activities.

Intense competition in the restaurant industry could prevent us from increasing or sustaining our revenues and profitability.

The restaurant industry is intensely competitive with respect to food quality, price-value relationships, ambiance, service and location, and many restaurants compete with us at each of our locations. There are a number of well-established competitors with substantially greater financial, marketing, personnel and other resources than ours, and many of our competitors are well established in the markets where we have restaurants, or in which we intend to locate restaurants. Additionally, other companies may develop restaurants that operate with similar concepts.

Any inability to successfully compete with the other restaurants in our markets will prevent us from increasing or sustaining our revenues and profitability and result in a material

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

adverse effect on our business, financial condition, results of operations or cash flows. We may also need to modify or refine elements of our restaurant system to evolve our concepts in order to compete with popular new restaurant formats or concepts that may develop in the future. We cannot assure you that we will be successful in implementing these modifications or that these modifications will not reduce our profitability.

Our profitability is dependent in large measure on food, beverage and supply costs which are not within our control.

Our profitability is dependent in large measure on our ability to anticipate and react to changes in food, beverage and supply costs. Various factors beyond our control, including climatic changes and government regulations, may affect food and beverage costs. Specifically, our dependence on frequent, timely deliveries of fresh beef, poultry, seafood and produce subjects us to the risks of possible shortages or interruptions in supply caused by adverse weather or other conditions, which could adversely affect the availability and cost of any such items. We cannot assure you that we will be able to anticipate or react to increasing food and supply costs in the future. The failure to react to these increases could materially and adversely affect our business, results of operations and financial condition.

The restaurant industry is affected by changes in consumer preferences and discretionary spending patterns that could result in a reduction in our revenues.

Consumer preferences could be affected by health concerns or by specific events such as the outbreak of or scare caused by mad cow disease, the popularity of the Atkins diet and the South Beach diet and changes in consumer preferences, such as carb consciousness. If we were to have to modify our restaurants' menus, we may lose customers who would be less satisfied with a modified menu, and we may not be able to attract a new customer base to generate the necessary revenues to maintain our income from restaurant operations. A change in our menus may also result in us having different competitors. We may not be able to successfully compete against established competitors in the general restaurant market. Our success also depends on various factors affecting discretionary consumer spending, including economic conditions, disposable consumer income, consumer confidence and the United States participation in military activities. Adverse changes in these factors could reduce our customer base and spending patterns, either of which could reduce our revenues and results of operations.

Our geographic concentrations could have a material adverse effect on our business, results of operations and financial condition.

We currently operate in seven regions, New York City, Washington, D.C., Las Vegas, Nevada, Tampa and Hollywood, Florida, Atlantic City, New Jersey, Ledyard, Connecticut, and Boston, Massachusetts. Our Las Vegas, Florida, Atlantic City, and Connecticut operations are all located in casinos. As a result, we are particularly susceptible to adverse trends and economic conditions in these markets, including its labor market, and the casino market in general, which could have a negative impact on our profitability as a whole. In addition, given our geographic concentration, negative publicity regarding any of our restaurants could have a material adverse effect on our business, results of operations and financial condition, as could other regional

occurrences such as acts of terrorism, local strikes, natural disasters or changes in laws or regulations.

Our operating results may fluctuate significantly due to seasonality and other factors beyond our control.

Our business is subject to seasonal fluctuations, which may vary greatly depending upon the region of the United States in which a particular restaurant is located. In addition to seasonality, our quarterly and annual operating results and comparable unit sales may fluctuate significantly as a result of a variety of factors, including:

The amount of sales contributed by new and existing restaurants;

The timing of new openings;

Increases in the cost of key food or beverage products;

Labor costs for our personnel;

Our ability to achieve and sustain profitability on a quarterly or annual basis;

Adverse weather;

Consumer confidence and changes in consumer preferences;

Health concerns, including adverse publicity concerning food-related illness;

The level of competition from existing or new competitors;

Economic conditions generally and in each of the market in which we are located; and

Acceptance of a new or modified concept in each of the new markets in which we could be located.

These fluctuations make it difficult for us to predict and address in a timely manner factors that may have a negative impact on our business, results of operations and financial condition.

Any expansion may strain our infrastructure, which could slow restaurant development.

Any expansion may place a strain on our management systems, financial controls, and information systems. To manage growth effectively, we must maintain the high level of quality and service at our existing and future restaurants. We must also continue to enhance our operational, information, financial and management systems and locate, hire, train and retain qualified personnel, particularly restaurant managers. We cannot predict whether we will be able to respond on a timely basis to all of the changing demands that any expansion will impose on management and those systems and controls. If we are not able to effectively manage any one or more of these or other aspects of expansion, our business, results of operations and financial condition could be materially adversely affected.

Our inability to retain key personnel could negatively impact our business.

Our success will continue to be highly dependent on our key operating officers and employees. We must continue to attract, retain and motivate a sufficient number of qualified

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

management and operating personnel, including general managers and chefs. The ability of these key personnel to maintain consistency in the quality and atmosphere of our restaurants is a critical factor in our success. Any failure to do so may harm our reputation and result in a loss of business.

We could face labor shortages, increased labor costs and other adverse effects of varying labor conditions.

The development and success of our restaurants depend, in large part, on the efforts, abilities, experience and reputations of the general managers and chefs at such restaurants. In addition, our success depends in part upon our ability to attract, motivate and retain a sufficient number of qualified employees, including restaurant managers, kitchen staff and wait staff. Qualified individuals needed to fill these positions are in short supply and the inability to recruit and retain such individuals may delay the planned openings of new restaurants or result in high employee turnover in existing restaurants. A significant delay in finding qualified employees or high turnover of existing employees could materially and adversely affect our business, results of operations and financial condition. Also, competition for qualified employees could require us to pay higher wages to attract sufficient qualified employees, which could result in higher, labor costs. In addition, increases in the minimum hourly wage, employment tax rates and levies, related benefits costs, including health insurance, and similar matters over which we have no control may increase our operating costs.

Unanticipated costs or delays in the development or construction of future restaurants could prevent our timely and cost-effective opening of new restaurants.

We depend on contractors and real estate developers to construct our restaurants on a timely and cost effective basis. Many factors may adversely affect the cost and time associated with the development and construction of our restaurants, including:

Labor disputes;

Shortages of materials or skilled labor;

Adverse weather conditions;

Unforeseen engineering problems;

Environmental problems;

Construction or zoning problems;

Local government regulations;

Modifications in design; and

Other unanticipated increases in costs.

Any of these factors could give rise to delays or cost overruns, which may prevent us from developing additional restaurants within our anticipated budgets or time periods or at all. Any such failure could cause our business, results of operations and financial condition to suffer.

We may not be able to obtain and maintain necessary federal, state and local permits which could delay or prevent the opening of future restaurants.

Our business is subject to extensive federal, state and local government regulations, including regulations relating to:

Alcoholic beverage control;

The purchase, preparation and sale of food;

Public health and safety;

Sanitation, building, zoning and fire codes; and

Employment and related tax matters.

All of these regulations impact not only our current operations but also our ability to open future restaurants. We will be required to comply with applicable state and local regulations in new locations into which we expand. Any difficulties, delays or failures in obtaining licenses, permits or approvals in such new locations could delay or prevent the opening of a restaurant in a particular area or reduce operations at an existing location, either of which would materially and adversely affect our business, results of operations and financial condition.

The restaurant industry is affected by litigation and publicity concerning food quality, health and other issues, which can cause guests to avoid our restaurants and result in liabilities.

Health concerns, including adverse publicity concerning food-related illness, although not specifically related to our restaurants, could cause guests to avoid our restaurants, which would have a negative impact on our sales. We may also be the subject of complaints or litigation from guests alleging food-related illness, injuries suffered on the premises or other food quality, health or operational concerns. A lawsuit or claim could result in an adverse decision against us that could have a material adverse effect on our business and results of operations. We may also be subject to litigation which, regardless of the outcome, could result in adverse publicity. Adverse publicity resulting from such allegations may materially adversely affect us and our restaurants, regardless of whether such allegations are true or whether we are ultimately held liable. Such litigation, adverse publicity or damages could have a material adverse effect on our competitive position, business, results of operations and financial condition and results of operations.

Many of our operations are located in casinos and much of our success will be dependent on the success of those casinos.

The success of the business of our restaurants located in Las Vegas, Nevada, Atlantic City, New Jersey, Tampa and Hollywood, Florida, and Ledyard, Connecticut will be substantially dependent on the success of the casinos in which the company operates in these locations to attract customers for themselves and for our restaurants. The successful operation of the casinos in these locations is subject to various risks and uncertainties including:

The risk associated with governmental approvals of gaming;

-12-

The risk of a change in laws regulating gaming operations;

Operating in a limited market;

Competitive risks relating to casino operations; and

Risks of terrorism and war.

Risks Related To Our Common Stock

The fact that a relatively small number of investors hold our publicly traded common stock could cause our stock price to fluctuate.

The market price of our common stock could fluctuate as a result of sales by our existing stockholders of a large number of shares of our common stock in the market or the perception that such sales could occur. A large number of shares of our common stock is concentrated in the hands of a small number of individual and institutional investors and is thinly traded. An attempt to sell by a large holder could adversely affect the price of our stock.

Ownership of a substantial majority of our outstanding common stock by a limited number of stockholders will limit your ability to influence corporate matters.

A substantial majority of our capital stock is held by a limited number of stockholders. Accordingly, such stockholders will likely have a strong influence on major decisions of corporate policy, and the outcome of any major transaction or other matters submitted to our stockholders or board of directors, including potential mergers or acquisitions, and amendments to our Amended and Restated Certificate of Incorporation. Stockholders other than these principal stockholders are therefore likely to have little influence on decisions regarding such matters.

The price of our common stock may fluctuate significantly.

The price at which our common stock will trade may fluctuate significantly. The stock market has from time to time experienced significant price and volume fluctuations. The trading price of our common stock could be subject to wide fluctuations in response to a number of factors, including:

Fluctuations in quarterly or annual results of operations;

Changes in published earnings estimates by analysts and whether our actual earnings meet or exceed such estimates;

Additions or departures of key personnel; and

Changes in overall stock market conditions, including the stock prices of other restaurant companies.

In the past, companies that have experienced extreme fluctuations in the market price of their stock have been the subject of securities class action litigation. If we were to be subject to

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

such litigation, it could result in substantial costs and a diversion of our management's attention and resources, which may have a material adverse effect on our business, results of operations, and financial condition.

We are subject to critical accounting policies, and we may interpret or implement required policies incorrectly.

We follow generally accepted accounting principles for the United States in preparing our financial statements. As part of this work, we must make many estimates and judgments about future events. These affect the value of the assets and liabilities, contingent assets and liabilities, and revenue and expenses that we report in our financial statements. We believe these estimates and judgments are reasonable, and we make them in accordance with our accounting policies based on information available at the time. However, actual results could differ from our estimates, and this could require us to record adjustments to expenses or revenues that could be material to our financial position and results of operations in future periods.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock by the selling securityholders. All such proceeds will be received by the selling securityholders. However, we expect to use the proceeds from the exercise of the options for working capital and other general corporate purposes.

SELLING SECURITYHOLDERS

The shares offered by this prospectus are being registered for reoffers and resales by the selling securityholders, who may acquire such shares pursuant to the exercise of options granted under the 2010 Plan. All of the shares of our common stock registered for sale under this reoffer prospectus will be owned, prior to the offer and sale of such shares, by certain of our employees, directors, and executive officers listed below (the "selling securityholders"). We are registering the shares of our common stock covered by this reoffer prospectus for the selling securityholders. As used in this reoffer prospectus, "selling securityholders" includes the pledges, donees, transferees or others who may later hold the selling securityholders' interests. The selling securityholders named below may resell all, a portion or none of such shares from time to time. In addition, certain non-affiliates of the Company, not named in the following table, who hold less than the lesser of 1,000 shares or 1% of the shares issuable under a Plan may also use this prospectus to sell up to that amount of shares acquired by them pursuant to the exercise of options or other stock awards granted to them under the Plans.

The following table sets forth, with respect to each selling securityholder, based upon information available to us as of March 4, 2010, the number of shares of common stock beneficially owned before and after the sale of the shares offered by this prospectus; the maximum number of shares to be sold; and the percent of the outstanding shares of common stock owned before and after the sale of the common stock offered by this prospectus.

PLAN OF DISTRIBUTION

We are registering the shares on behalf of the selling securityholders to permit the resale of these shares by these stockholders from time to time after the date of this prospectus.

The selling securityholders and any of their pledges, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or quoted or in private transactions. These sales may be at fixed or negotiated prices. The selling securityholders may use any one or more of the following methods when selling shares:

Ordinary brokerage transactions and transactions in which the broker-dealer solicits investors;

Block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

Purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

An exchange distribution in accordance with the rules of the applicable exchange;

Privately negotiated transactions;

To cover short sales made after the date that this registration statement is declared effective by the SEC;

Broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

A combination of any such methods of sale; and

Any other method permitted pursuant to applicable law.

Broker-dealers engaged by the selling securityholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling securityholders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

The selling securityholders may from time to time pledge or grant a security interest in some or all of the shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell shares of common stock from time to time under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provisions of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling securityholders under this prospectus.

Upon our being notified by a selling securityholder that any material arrangement has been entered into with a broker or dealer for the sale of shares through a secondary distribution, or a purchase by a broker or dealer, we will file a prospectus supplement, if required, pursuant to Rule 424(b) under the Securities Act, disclosing (a) the name of each of such selling securityholder and the participating broker-dealers, (b) the number of shares involved, (c) the price at which such shares are being sold, (d) the commissions paid or the discounts or concessions allowed to such broker-dealers, (e) where applicable, that such broker-dealers did not conduct any investigation to verify the information set out or incorporated by reference in the prospectus, as supplemented, and (f) other facts material to the transaction.

In addition to any such number of shares sold hereunder, a selling stockholder may, at the same time, sell any share of common stock, including the shares offered by this prospectus, owned by such person in compliance with all of the requirements of Rule 144 under the Securities Act, regardless of whether such shares are covered by this prospectus.

There is no assurance that any of the selling stockholders will sell any or all of the shares offered by this prospectus.

In addition, upon us being notified in writing by a selling securityholders that a donee or pledgee intends to sell more than 500 shares of common stock, a supplement to this prospectus will be filed if then required in accordance with applicable securities law.

The selling securityholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling securityholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, that can be attributed to the sale of securities will be paid by the selling stockholder and/or the purchasers. Each selling securityholder has represented and warranted to us that it acquired the securities subject to this registration statement in the ordinary course of such selling securityholder's business and, at the time of its purchase of such securities such selling securityholder had no agreements or understandings, directly or indirectly, with any person to distribute any such securities.

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

We have advised each selling securityholder that it may not use shares registered on this registration statement to cover short sales of common stock made prior to the date on which this registration statement shall have been declared effective by the SEC. If a selling securityholder uses this prospectus for any sale of the common stock, it will be subject to the prospectus delivery requirements of the Securities Act. The selling securityholders will be responsible to comply with the applicable provisions of the Securities Act and Exchange Act, and the rules and regulations thereunder promulgated, including, without limitation, Regulation M, as applicable to such selling securityholders in connection with resales of their respective shares under this registration statement.

We are required to pay all fees and expenses incident to the registration of the shares, other than commissions and discounts of underwriters, dealers or agents, but we will not receive any proceeds from the sale of the common stock. We have agreed to indemnify the selling securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

There is no assurance that any of the selling securityholders will sell any or all of the shares offered by this prospectus.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Company, the SEC has expressed its opinion

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

that such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Company of expenses incurred or paid by a director, officer or controlling person of the Company in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the shares being registered, the Company will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and we will be governed by the final adjudication of such issue.

EXEMPTION FROM REGISTRATION CLAIMED

No options or shares of Common Stock have been issued under the 2010 Plan.

Item 4. Description of Securities.

Not applicable.

Item 5. Interests of Named Experts and Counsel.

Not applicable.

Item 6. Indemnification of Directors and Officers.

(A) The registrant's authority to indemnify its officers and directors is governed by the provisions of Sections 721 through 726 of the Business Corporation Law of the State of New York (the "BCL"), by the Certificate of Incorporation of the registrant, and by the registrant's By-Laws.

(B) The Certificate of Incorporation of the registrant provides as follows:

The personal liability of the directors of the Corporation to the Corporation or its shareholders for damages for any breach of duty as a director is hereby eliminated to the fullest extent permitted by the Business Corporation Law of the State of New York as the same may be amended and supplemented. The Corporation shall, to the fullest extent permitted by the New York Business Corporation Law, as the same may be amended and supplemented, indemnify any and all persons whom it shall have power to indemnify under said law from and against any and all of the expenses, liabilities or other matters referred to in or covered by said law, and the indemnification provided for herein shall not be deemed exclusive of any other rights to which any indemnified person may be entitled under any by-laws, agreement, vote of shareholders or directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of heirs, executors and administrators of such person.

(C) Article V, Section 4 of the registrant's By-Laws provides as follows:

The Corporation shall, to the fullest extent permitted by the New York Business Corporation Law as amended or supplemented, indemnify any and all persons whom it shall have power to indemnify under said law from and against any and all of the expenses, liabilities or other matters referred to in or covered by said law.

The Corporation may enter into indemnification agreements with any officers, directors or other persons whom it shall have power to indemnify, when and as determined by the Board of Directors.

(D) The Board of Directors of the registrant authorized the registrant to enter into indemnity agreements with officers and directors of the registrant when and as determined by the Board of Directors. Pursuant to the foregoing authority, the registrant has entered into indemnity agreements with each of its directors and certain of its officers.

The indemnity agreements obligate the registrant to provide the maximum protection allowed under the BCL. The indemnity agreements supplement and increase the protection afforded to officers and directors under the Certificate of Incorporation in the following respects:

1. The indemnity agreements establish the presumption that the officer or director has met the standard of conduct required for indemnification, as prescribed under the BCL. Indemnification will be made unless the Board of Directors, independent legal counsel or the

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

stockholders of the registrant determines that the applicable standard of conduct has not been met.

2. The indemnity agreements provide that litigation expenses shall be paid promptly by the registrant as they are incurred or shall be advanced on behalf of the officer or director as may be appropriate against delivery of invoices therefor in advance of indemnification, provided that if it is ultimately determined that such officer or director is not entitled to indemnification for such expenses he or she shall promptly repay such amounts to the registrant.

3. In the event of a determination by the Board of Directors, independent legal counsel or the stockholders of the registrant that an officer or director did not meet the standard of conduct required for indemnification, the indemnity agreements allow such officer or director to contest this determination by petitioning a court to make an independent determination of whether such officer or director is entitled to indemnification under the indemnity agreements.

4. The indemnity agreements explicitly provide for partial indemnification of costs and expenses in the event that an officer or director is not entitled to full indemnification under the terms of the indemnity agreements.

5. The indemnity agreements cannot be unilaterally modified or amended by the registrant, the Board of Directors or the stockholders of the registrant.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to officers and directors pursuant to the provisions described above or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Item 9. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)1(i) and (a)1(ii) of above do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) For determining liability of the undersigned registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in

Edgar Filing: ARK RESTAURANTS CORP - Form S-8

a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§230.424 of this chapter);

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
