THE GABELLI GLOBAL MULTIMEDIA TRUST INC. NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

1. ORGANIZATION. The Gabelli Global Multimedia Trust Inc. (the "Trust") is a non-diversified closed-end management investment company organized as a Maryland corporation on March 31, 1994 and registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust commenced investment operations on November 15, 1994. The Trust's primary objective is long-term growth of capital with income as a secondary objective.

The Trust will invest at least 80% of its assets, under normal market conditions, in common stock and other securities, including convertible securities, preferred stock, options and warrants of companies in the telecommunications, media, publishing and entertainment industries (the "80% Policy"). The 80% Policy may be changed without shareholder approval. The Trust will provide shareholders with notice at least 60 days prior to the implementation of any change in the 80% Policy.

2. SIGNIFICANT ACCOUNTING POLICIES. The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Trust in the preparation of its financial statements.

SECURITY VALUATION. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Directors (the "Board") so determines, by such other method as the Board shall determine in good faith, to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser").

Portfolio securities primarily traded on foreign markets are generally valued at the preceding closing values of such securities on their respective

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

exchanges or if after the close of the foreign markets, but prior to the close of business on the day the securities are being valued, market conditions change significantly, certain foreign securities may be fair valued pursuant to procedures established by the Board. Debt instruments that are not credit impaired with remaining maturities of 60 days or less are valued at amortized cost, unless the Board determines such amount does not reflect the securities' fair value, in which case these securities will be valued at their fair value as determined by the Board. Debt instruments having a maturity greater than 60 days for which market quotations are readily available are valued at the latest average of the bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded.

Securities and assets for which market quotations are not readily available are valued at their fair value as determined in good faith under procedures established by and under the general supervision of the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons to the valuation and changes in valuation of similar securities, including a comparison of foreign securities to the equivalent U.S. dollar value ADR securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

REPURCHASE AGREEMENTS. The Trust may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Board, with member banks of the Federal Reserve System or with other brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board. Under the terms of a typical

11

THE GABELLI GLOBAL MULTIMEDIA TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

repurchase agreement, the Trust takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Trust to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Trust's holding period. The Trust will always receive and maintain securities as collateral whose market value, including accrued interest, will be at least equal to 102% of the dollar amount invested by the Trust in each agreement. The Trust will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Trust may be delayed or limited.

SWAP AGREEMENTS. The Trust may enter into interest rate swap or cap transactions. The use of interest rate swaps and caps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. In an interest rate swap, the Trust would agree to pay to the other party to the interest rate swap (which is known as the "counterparty") periodically a fixed rate payment in exchange for the counterparty agreeing to pay to the Trust periodically a variable rate payment that is intended to approximate the Trust's variable rate payment obligation on the Series C Preferred Stock. In an interest rate cap, the

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

Trust would pay a premium to the counterparty and, to the extent that a specified variable rate index exceeds a predetermined fixed rate, would receive from the counterparty payments of the difference based on the notional amount of such cap. Interest rate swap and cap transactions introduce additional risk because the Trust would remain obligated to pay preferred stock dividends when due in accordance with the Articles Supplementary even if the counterparty defaulted. If there is a default by the counterparty to a swap contract, the Trust will be limited to contractual remedies pursuant to the agreements related to the transaction. There is no assurance that the swap contract counterparties will be able to meet their obligations pursuant to the swap contracts or that, in the event of default, the Trust will succeed in pursuing contractual remedies. The Trust thus assumes the risk that it may be delayed in or prevented from obtaining payments owed to it pursuant to the swap contracts. The creditworthiness of the swap contract counterparties is closely monitored in order to minimize this risk. Depending on the general state of short-term interest rates and the returns on the Trust's portfolio securities at that point in time, such a default could negatively affect the Trust's ability to make dividend payments for the Series C Preferred Stock. In addition, at the time an interest rate swap or cap transaction reaches its scheduled termination date, there is a risk that the Trust will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction. If this occurs, it could have a negative impact on the Trust's ability to make dividend payments on the Series C Preferred Stock.

The use of derivative instruments involves, to varying degrees, elements of market risk in excess of the amount recognized in the Statement of Assets and Liabilities.

Unrealized gains related to swaps are reported as an asset and unrealized losses are reported as a liability on the Statement of Assets and Liabilities. The change in value of swaps, including the accrual of periodic amounts of interest to be paid or received on swaps is reported as unrealized gains or losses in the Statement of Operations. A realized gain or loss is recorded upon payment or receipt of a periodic payment or termination of swap agreements. Swap agreements involve, to varying degrees, elements of market and counterparty risk, and exposure to loss in excess of the related amounts reflected in the Statement of Assets and Liabilities.

THE GABELLI GLOBAL MULTIMEDIA TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

The Trust has entered into two interest rate swap agreements with Citibank N.A. Under the agreement the Trust receives a variable rate of interest and pays a respective fixed rate of interest on the nominal value of the swap. Details of the swaps at June 30, 2005 are as follows:

NOTIONAL AMOUNT	FIXED RATE	VARIABLE RATE* (RATE RESET MONTHLY)	TERMINATION DATE	UNREALIZED APPRECIATION (DEPRECIATION)
-----	-----	-----	-----	-----
\$10,000,000	4.32%	3.15%	April 4, 2013	\$ (87,528)

*Based on Libor (London Interbank Offered Rate).

FUTURES CONTRACTS. The Trust may engage in futures contracts for the

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

purpose of hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase. Such investments will only be made if they are economically appropriate to the reduction of risks involved in the management of the Trust's investments. Upon entering into a futures contract, the Trust is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the "initial margin." Subsequent payments ("variation margin") are made or received by the Trust each day, depending on the daily fluctuation of the value of the contract. The daily changes in the contract are included in unrealized appreciation/depreciation on investments and futures contracts. The Trust recognizes a realized gain or loss when the contract is closed. At June 30, 2005, there were no open futures contracts.

There are several risks in connection with the use of futures contracts as a hedging device. The change in value of futures contracts primarily corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. These contracts may involve market risk in excess of the unrealized gain or loss reflected in the Statement of Assets and Liabilities. In addition, there is the risk that the Trust may not be able to enter into a closing transaction because of an illiquid secondary market.

FORWARD FOREIGN EXCHANGE CONTRACTS. The Trust may engage in forward foreign exchange contracts for hedging a specific transaction with respect to either the currency in which the transaction is denominated or another currency as deemed appropriate by the Adviser. Forward foreign exchange contracts are valued at the forward rate and are marked-to-market daily. The change in market value is included in unrealized appreciation/depreciation on investments and foreign currency translations. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The use of forward foreign exchange contracts does not eliminate fluctuations in the underlying prices of the Trust's portfolio securities, but it does establish a rate of exchange that can be achieved in the future. Although forward foreign exchange contracts limit the risk of loss due to a decline in the value of the hedged currency, they also limit any potential gain that might result should the value of the currency increase. These contracts may involve market risk in excess of the unrealized gain or loss reflected in the Statement of Assets and Liabilities. In addition, the Trust could be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts. At June 30, 2005, there were no open forward foreign exchange contracts.

FOREIGN CURRENCY TRANSLATIONS. The books and records of the Trust are maintained in United States (U.S.) dollars. Foreign currencies, investments and other assets and liabilities are translated into U.S. dollars at the exchange rates prevailing at the end of the period, and purchases and sales of investment securities, income and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses, which result from changes in foreign exchange rates and/or changes in market prices of securities, have been included in unrealized

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of the Trust and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

FOREIGN SECURITIES. The Trust may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the ability to repatriate funds, less complete financial information about companies and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. issuers.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are accounted for as of the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded as earned. Dividend income is recorded on the ex-dividend date.

DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS. Distributions to common shareholders are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with Federal income tax regulations, which may differ from that determined under U.S. generally accepted accounting principles. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Trust, timing differences and differing characterizations of distributions made by the Trust.

Distributions to shareholders of the Trust's 6.00% Series B Cumulative Preferred Stock and Series C Auction Rate Cumulative Preferred Stock ("Cumulative Preferred Stock") are recorded on a daily basis and are determined as described in Note 5.

For the year ended December 31, 2004, reclassifications were made to decrease accumulated net investment income by \$550,145 and to decrease accumulated net realized loss on investments, swap contracts and foreign currency transactions by \$550,862 with an offsetting adjustment to paid-in capital.

The tax characteristic of distributions paid during the fiscal year ended December 31, 2004 was as follows:

	YEAR ENDED DECEMBER 31, 2004 -----
	Preferred -----
DISTRIBUTIONS PAID FROM:	
Ordinary income (inclusive of short-term gains) ..	\$ 870,881
Net long-term capital gain	996,178

Total distributions paid	\$ 1,867,059 =====

PROVISION FOR INCOME TAXES. The Trust intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). It is the Trust's policy to comply with the

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for Federal income taxes is required.

3. AGREEMENTS AND TRANSACTIONS WITH AFFILIATES. The Trust has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Trust will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Trust's average weekly net assets including the liquidation value of preferred stock. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Trust's portfolio and oversees the administration of all aspects of the Trust's business and affairs. The Adviser has agreed to reduce the management fee on the incremental assets attributable to the Cumulative Preferred Stock if the total return of the net asset value of the common shares of the Trust, including distributions and advisory fee subject to reduction, does not exceed the stated dividend rate or corresponding swap rate of the Cumulative Preferred Stock for the fiscal year.

The Trust's total return on the net asset value of the common shares is monitored on a monthly basis to assess whether the total return on the net asset value of the common shares exceeds the stated dividend rate of each particular series of Cumulative Preferred stock for the period. For the six months ended June 30, 2005, the Trust's total return on the net asset value of the common shares did not exceed the stated dividend rate or net swap expense of all outstanding preferred stock. Thus, management fees with respect to the

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

liquidation value of the preferred stock assets in the amount of \$247,090 were not accrued.

During the six months ended June 30, 2005, Gabelli & Company, Inc. ("Gabelli & Company"), an affiliate of the Adviser, received \$19,178 in brokerage commissions as a result of executing agency transactions in portfolio securities on behalf of the Trust.

The cost of calculating the Trust's net asset value per share is a Trust expense pursuant to the Advisory Agreement. During the six months ended June 30, 2005, the Trust reimbursed the Adviser \$22,500 in connection with the cost of computing the Trust's net asset value, which is included in miscellaneous expenses in the Statement of Operations.

The Trust is assuming its portion of the allocated cost of the Gabelli Funds' Chief Compliance Officer in the amount of \$2,636 for the six months ended June 30, 2005, which is included in payroll expenses in the Statement of Operations.

4. PORTFOLIO SECURITIES. Cost of purchases and proceeds from the sales of securities, other than short-term securities, for the six months ended June 30, 2005 aggregated \$15,623,361 and \$5,313,249, respectively.

5. CAPITAL. The charter permits the Trust to issue 196,750,000 shares of common stock (par value \$0.001). The Board of the Trust has authorized the repurchase of up to 1,200,000 shares on the open market when the shares are trading at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the net asset value of the shares. During the six months ended June 30, 2005, the Trust repurchased 104,000 shares of its common stock in the open market at a cost of \$1,071,764 and an average discount of approximately 13.44% from its net asset value. During the year ended December 31, 2004, the Trust repurchased 48,700 shares of its common stock in the open market at a cost of \$444,435 and an average discount of approximately 14.68% from its net asset value. All shares of common stock repurchased have been retired.

Transactions in capital stock were as follows:

The Trust's Articles of Incorporation authorize the issuance of up to 2,000,000 shares of \$0.001 par value Cumulative Preferred Stock. The Cumulative

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

Preferred Stock is senior to the common stock and results in the financial leveraging of the common stock. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Cumulative Preferred Stock are cumulative. The Trust is required by the 1940 Act and by the Articles Supplementary to meet certain asset coverage tests with respect to the Cumulative Preferred Stock. If the Trust fails to meet these requirements and does not correct such failure, the Trust may be required to redeem, in part or in full, the 6.00% Series B and Series C Auction Rate Cumulative Preferred Stock at a redemption price of \$25.00 and \$25,000, respectively, per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Trust's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Trust's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

On April 2, 2003, the Trust, as authorized by the Board, redeemed the remaining 75% (926,025 shares) of its outstanding 7.92% Cumulative Preferred Stock at the redemption price of \$25.00 per share of Preferred Stock (the liquidation value), plus accumulated and unpaid dividends through the redemption date of \$0.033 per Preferred Share. The Preferred Shares were callable at any time at the liquidation value plus accrued dividends following the expiration of the five-year call protection on June 1, 2002.

On March 31, 2003, the Trust received net proceeds of \$24,009,966 (after underwriting discounts of \$787,500 and offering expenses of \$202,534) from the public offering of 1,000,000 shares of 6.00% Series B Cumulative Preferred Stock. Commencing April 2, 2008 and thereafter, the Trust, at its option, may redeem the 6.00% Series B Cumulative Preferred Stock in whole or in part at the redemption price at any time. The Board has authorized the repurchase of the 6.00% Series B Cumulative Preferred Stock in the open market at prices less than the \$25 liquidation value of the

16

THE GABELLI GLOBAL MULTIMEDIA TRUST INC. NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

Cumulative Preferred Stock. During the six months ended June 30, 2005, the Trust did not repurchase any shares of 6.00% Series B Cumulative Preferred Stock. At June 30, 2005, 993,100 shares of the 6.00% Series B Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$16,552.

On March 31, 2003, the Trust received net proceeds of \$24,547,465 (after underwriting discounts of \$250,000 and offering expenses of \$202,535) from the public offering of 1,000 shares of Series C Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every 7 days, is expected to vary with short-term interest rates. The dividend rates of Series C Auction Rate Cumulative Preferred Stock ranged from 2.20% to 3.33% for the six months ended June 30, 2005. Existing shareholders may submit an order to hold, bid or sell such shares on each auction date. Series C Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Trust, at its option, may redeem the Series C Auction Rate Cumulative Preferred Stock in whole or in part at the redemption price at any time. During the six months ended June 30, 2005, the Trust did not redeem any shares of Series C Auction Rate Cumulative Preferred Stock. At June 30, 2005, 1,000 shares of the Series C Auction Rate Cumulative Preferred Stock were

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

outstanding with an annualized dividend rate of 3.33% per share and accrued dividends amounted to \$4,625.

The holders of Cumulative Preferred Stock have voting rights equivalent to those of the holders of common stock (one vote per share) and will vote together with holders of shares of common stock as a single class. In addition, the 1940 Act requires that along with approval of a majority of the holders of common stock, approval of a majority of the holders of any outstanding shares of Cumulative Preferred Stock, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the Cumulative Preferred Stock, and (b) take any action requiring a vote of security holders, including, among other things, changes in the Trust's subclassification as a closed-end investment company or changes in its fundamental investment restrictions.

6. INDUSTRY CONCENTRATION. Because the Trust primarily invests in common stocks and other securities of foreign and domestic companies in the telecommunications, media, publishing and entertainment industries, its portfolio may be subject to greater risk and market fluctuations than a portfolio of securities representing a broad range of investments.

7. OTHER MATTERS. The Adviser and/or affiliates have received subpoenas from the Attorney General of the State of New York and the SEC requesting information on mutual fund shares trading practices. Gabelli Asset Management Inc., the Adviser's parent company, is responding to these requests for documents and testimony. The Trust does not believe that these matters will have a material adverse effect on the Trust's financial position or the results of its operations.

8. INDEMNIFICATIONS. The Trust enters into contracts that contain a variety of indemnifications. The Trust's maximum exposure under these arrangements is unknown. However, the Trust has not had prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

THE GABELLI GLOBAL MULTIMEDIA TRUST INC.
BOARD CONSIDERATION AND RE-APPROVAL OF MANAGEMENT AGREEMENT

Section 15(c) of the Investment Company Act of 1940, as amended (the "1940 Act"), contemplates that the Board of Directors (the "Board") of The Gabelli Global Multimedia Trust Inc. (the "Fund"), including a majority of the Directors who have no direct or indirect interest in the investment advisory agreement and are not "interested persons" of the Fund, as defined in the 1940 Act (the "Independent Directors"), are required to annually review and re-approve the terms of the Fund's existing investment advisory agreement and approve any newly proposed terms therein. In this regard, the Board reviewed and re-approved, during the most recent six month period covered by this report, the Management Agreement (the "Management Agreement") with Gabelli Funds, LLC (the "Adviser") for the Fund.

More specifically, at a meeting held on May 18, 2005, the Board, including the Independent Directors meeting in executive session with their counsel, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the re-approval of the Management Agreement.

NATURE, EXTENT, AND QUALITY OF SERVICES. The Board received and considered various data and information regarding the nature, quality and extent of administrative and shareholder services provided to the Fund by the Adviser under the Management Agreement, including portfolio management, supervision of Fund operations and compliance and regulatory filings and disclosures to shareholders, general oversight of other service providers, review of Fund legal issues, assisting the Independent Directors in their capacity as directors and other services. Specifically, the Board received and considered information regarding the size, education and experience of the Adviser's staff, the Adviser's fundamental research capabilities and the Adviser's approach to recruiting, training and retaining portfolio managers and other research and management personnel.

Based on the above factors, together with those referenced below, the Board concluded that the services are extensive in nature and that the Adviser consistently delivered a high level of service.

FUND PERFORMANCE. The Board reviewed and considered information as to short-term and long-term investment performance for the Fund over various periods of time as compared to both relevant equity indices and the performance of the Fund's Lipper, Inc. peer group. The Board concluded that the Adviser was delivering satisfactory performance results consistent with the investment strategies being pursued by the Fund.

FUND FEES AND EXPENSES. The Board reviewed and considered the Fund's contractual management fee rate and expense ratio relative to industry averages for the Fund's peer group category and the advisory fees charged by the Adviser and its affiliates to other fund and non-fund clients. The Board noted that the mix of services under the Management Agreement are much more extensive than those under the advisory agreements for non-fund clients. The Independent Directors recognized that the management fee paid by the Fund was marginally lower than average for its peer group and concluded that the fee was acceptable based upon the qualifications, experience, reputation and performance of the Adviser, recognizing the fact that the Fund's overall expense ratio is higher than the

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

peer group average.

PROFITABILITY. The Board received and considered information regarding the Adviser's overall profitability and costs, and pro forma estimates of the Adviser's profitability and costs attributable to the Fund (i) as part of the Gabelli fund complex and (ii) assuming the Fund constituted the Adviser's only investment company under its management. The Independent Directors also considered whether the amount of profit is a fair entrepreneurial profit for the management of the Fund, and noted that the Adviser has substantially increased its resources devoted to Fund matters in response to recently-enacted regulatory requirements and new or enhanced Fund policies and procedures. The Board concluded that the Adviser's profitability was at an acceptable level.

20

ECONOMIES OF SCALE. The Board received and considered information regarding whether there have been economies of scale with respect to the management of the Fund and whether the Fund has appropriately benefited from any economies of scale. The Board noted that economies of scale may develop for certain funds as their assets increase and their fund-level expenses decline as a percentage of assets, but that fund-level economies of scale may not necessarily result in Adviser-level economies of scale. The Board was aware that the Adviser waives fees attributable to the liquidation value of the preferred shares if the total return of the common shares does not exceed a specified amount, and concluded that there was an appropriate sharing of economies of scale.

The Board also considered whether the management fee rate is reasonable in relation to the asset size of the Fund and any economies of scale that may exist, and concluded that it currently was reasonable.

OTHER BENEFITS TO THE ADVISER. The Board also received and considered information regarding the character and amount of other incidental benefits received by the Adviser and its affiliates from its association with the Fund. The Board considered the brokerage commissions paid to an affiliate of the Adviser. The Board concluded that potential "fall-out" benefits that the Adviser and its affiliates may receive, such as affiliated brokerage commissions, greater name recognition or increased ability to obtain research services, appear to be reasonable.

CONCLUSIONS. As discussed above, the Board reviewed detailed materials received from the Adviser as part of the re-approval process under Section 15(c) of the 1940 Act. The Board also regularly reviews and assesses the quality of the services that the Fund receives throughout the year. In this regard, the Board reviews reports of the Adviser at least in each of its regular meetings, which include, among other things, Fund performance reports.

As a part of its decision-making process, the Board noted that the Adviser has managed the Fund since its inception, and the Board believed that a long-term relationship with a capable, conscientious adviser is in the best interests of the Fund. The Board considered, generally, that shareholders invested in the Fund knowing that the Adviser managed the Fund and knowing its investment management fee schedule. As such, the Board considered, in particular, whether the Adviser managed the Fund in accordance with its investment objectives and policies as disclosed to shareholders. The Board concluded that the Fund was managed by the Adviser consistent with its investment objectives and policies.

In considering the Management Agreement, the Board did not identify any factor as all-important or all-controlling and instead considered these factors collectively in light of the Fund's surrounding circumstances. Based on this

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

review, it was the Board's judgment that shareholders had received over the long term satisfactory absolute and relative performance at reasonable fees. After considering the above-described factors and based on the deliberations and its evaluation of the information provided to it, the Board concluded that re-approval of the Management Agreement was in the best interests of the Fund and its shareholders. Accordingly, the Board unanimously re-approved the Management Agreement.

AUTOMATIC DIVIDEND REINVESTMENT AND VOLUNTARY CASH PURCHASE PLANS

ENROLLMENT IN THE PLAN

It is the policy of The Gabelli Global Multimedia Trust Inc. ("Trust") to automatically reinvest dividends payable to common shareholders. As a "registered" shareholder you automatically become a participant in the Trust's Automatic Dividend Reinvestment Plan (the "Plan"). The Plan authorizes the Trust to issue shares to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Trust. Plan participants may send their stock certificates to EquiServe Trust Company ("EquiServe") to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

The Gabelli Global Multimedia Trust Inc.
c/o EquiServe
P.O. Box 43010
Providence, RI 02940-3010

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan may contact EquiServe at (800) 336-6983.

SHAREHOLDERS WISHING TO LIQUIDATE REINVESTED SHARES held at EquiServe must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

If your shares are held in the name of a broker, bank or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in the Plan through such institution, it may be necessary for you to have your shares taken out of "street name" and re-registered in your own name. Once registered in your own name your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in "street name" at such participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of Common Stock distributed to participants in the Plan in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Trust's Common Stock is equal to or exceeds net asset value at the time shares are valued for purposes of

Edgar Filing: GABELLI GLOBAL MULTIMEDIA TRUST INC - Form N-CSRS

determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of Common Stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Trust's Common Stock. The valuation date is the dividend or distribution payment date or, if that date is not a NYSE trading day, the next trading day. If the net asset value of the Common Stock at the time of valuation exceeds the market price of the Common Stock, participants will receive shares from the Trust valued at market price. If the Trust should declare a dividend or capital gains distribution payable only in cash, EquiServe will buy Common Stock in the open market, or on the NYSE or elsewhere, for the participants' accounts, except that EquiServe will endeavor to terminate purchases in the open market and cause the Trust to issue shares at net asset value if, following the commencement of such purchases, the market value of the Common Stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for Federal income tax purposes as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

The Trust reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by EquiServe on at least 90 days' written notice to participants in the Plan.

VOLUNTARY CASH PURCHASE PLAN

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Trust. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name and participate in the Dividend Reinvestment Plan.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to EquiServe for investments in the Trust's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. EquiServe will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. EquiServe will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to EquiServe, P.O. Box 43010, Providence, RI 02940-3010 such that EquiServe receives such payments approximately 10 days before the investment date. Funds not received at least five days before the investment date shall be held for investment until the next purchase date. A payment may be withdrawn without charge if notice is received by EquiServe at least 48 hours before such payment is to be invested.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Trust.
