**SOLICITATION AND VOTING**

The close of business on April 20, 2006 has been fixed as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting and at any adjournment. Each stockholder shall be entitled to one vote for each share held of record in his or her name on that date. There were outstanding on the record date 8,346,943 shares of Common Stock, \$.01 par value per share, of the Company, being the only class of stock of the Company issued and outstanding and entitled to vote at the meeting.

**The enclosed proxy is solicited by and on behalf of the Board of Directors of the Company, which has designated the nominees for directors listed below and recommends the other proposals described below.** A stockholder giving such proxy has the right to revoke it at the meeting or at any time prior thereto. All shares represented by proxies in the form enclosed herewith will be voted at the meeting and at any adjournments in accordance with the terms of such proxies, provided such proxies appear to be valid and to have been executed by stockholders of record entitled to vote at the meeting and have not previously been revoked. If no contrary instructions are given, the persons named in the proxy will vote FOR the eight nominees described on the following pages.

As of the date of this Proxy Statement, the Board of Directors does not know of any matters not specifically referred to in this Proxy Statement which may come before the meeting. The deadline under Phoenix Footwear's By-Laws for stockholders to notify the Company of any director nominations or proposals to be presented at the Annual Meeting has passed. If any other business should properly come before the Annual Meeting, the persons appointed by the enclosed form of proxy shall have discretionary authority to vote all such proxies, as they shall decide.

In order to conduct any business at the Annual Meeting, a quorum must be present in person or represented by valid proxy. The By-Laws of the Company provide that a majority of the outstanding shares of Common Stock entitled to vote, present in person or represented by proxy at the meeting, constitutes a quorum. Directors will be elected at the Annual Meeting by a plurality of the votes cast. The affirmative vote of at least a majority of the Company's shares of Common Stock present in person or represented at the meeting and entitled to vote is required to approve the proposal to amend and restate the 2001 Long-Term Incentive Plan, the performance criteria under the Amended and Restated 2001 Long-Term Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended and for any other proposal properly presented at the meeting.

Abstention may not be specified on the proposal relating to the election of directors. Shares which abstain from voting on any other matter which is properly presented shall be included for purposes of determining the presence of a quorum, but shall be excluded in tabulating votes cast for or against any proposal to which the abstention pertains.

**Table of Contents**

Votes that are withheld with respect to any proposal will be excluded entirely from the vote taken for the proposal and will not be counted as present for purposes of the vote on such matter.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes, however, will be counted in determining whether there is a quorum.

All costs of preparing, assembling and mailing the enclosed proxy material, and any additional material which may hereafter be sent in connection with the solicitation and collection of the enclosed proxy, will be paid by the Company and no part will be paid directly or indirectly by any other person. Solicitation of proxies may be made by personal interview, mail, telephone or telecopier by officers and regular employees of the Company but no additional compensation will be paid them for the time so employed.

**E. Compensation Committee Interlocks and Insider Participation/ Compensation Committee Report on Executive Compensation**

The members of the Compensation Committee during 2005 were Messrs. Kratzer, DePerrior and Port. None of the Committee members is or was:

an officer or employee of the Company or its subsidiary, or

an employee of an entity whose Board of Directors (or compensation committee) includes an executive officer of the Company, or

an employee of a entity who directly or indirectly benefits from its transactions with the Company, or

a family member of a person whose compensation is in any way affected by any Company executive officer.

The Board determined that each of them is independent as defined in Rule 121B of AMEX.

The Compensation Committee consists entirely of independent directors in accordance with the American Stock Exchange requirements. The Committee oversees and administers the Company's compensation program for its

executive officers and directors. The Compensation Committee bases its decisions on both individual performance and the Company's financial results. All compensation decisions are made solely by the Compensation Committee; however, the Compensation Committee may consult with the Chairman of the Board and the Company's Chief Executive Officer as part of its decision making process when examining their respective compensation packages. However, the Chief Executive Officer, as required by the AMEX, may not be present during voting or deliberations as to his compensation.

*Objectives.* The policies of the Compensation Committee of the Board of Directors of the Company are highly performance-related and are intended to motivate and reward individual performance that contributes to the attainment of the operational, financial and strategic goals set by management to build shareholder value.

*Components.* The principal elements of the compensation program for executive officers are base salary, performance-based annual bonuses and stock options. For a summary of the executive compensation for fiscal year 2005, see the Summary Compensation Table under the heading Compensation of Directors and Executive Officers above.

*Base Salaries.* The Compensation Committee has based its decisions on salaries for Phoenix Footwear's executive officers, including its Chairman, Chief Executive Officer, and Chief Financial Officer, on a number of factors, both objective and subjective. Objective factors considered include amounts set in employment agreements

**Table of Contents**

or terms of employment, increases in the cost of living, our Company's overall historical performance, stockholder return, competitiveness with compensation offered by comparable companies and compensation levels in recent years, although no specific formulas based on such factors have been used to determine salaries. Salary decisions are based primarily on the Compensation Committee's subjective analysis of the factors contributing to our long-term success and of the executive's individual contributions to such success.

*Bonuses.* The Compensation Committee may award bonuses to executives based on individual performance as determined by the Compensation Committee in its subjective judgment. During 2005, no bonuses were earned or awarded for the 2005 fiscal year. The Compensation Committee adopted a division management bonus plan for the management of the Company's brand divisions in fiscal 2005. The plan provides for a bonus pool equal to a percentage of the actual net contribution to Phoenix Footwear's operating earnings by the division which is available only if a minimum target net contribution is achieved by the division for the fiscal year. During fiscal 2005, no bonuses were earned under this plan. The Compensation Committee has approved the continuation of this plan for 2006.

The Compensation Committee adopted a corporate executive incentive plan in fiscal 2005. This plan provides non-discretionary bonus incentives for corporate officers based on profitability targets and individual goals and objectives. Messrs. Riedman, White, and Wolf are eligible for bonuses under this plan. The bonuses will be a percentage of each corporate executive's annual compensation. During fiscal 2005, no bonuses were earned under this plan.

*Stock Options and Long-Term Incentive Awards.* The Compensation Committee views stock options and restrictive stock as significant long-term compensation vehicles for Phoenix Footwear's executive officers. In 2006, the Compensation Committee approved, subject to stockholder approval of the Amended and Restated 2001 Long-Term Incentive Plan, awards of performance-based deferred stock awards contingent on the achievement by the Company of certain performance thresholds as determined by the Compensation Committee. Options and awards that are granted under Phoenix Footwear's 2001 Long-Term Incentive Plan have vesting schedules and/or performance end dates set by the Compensation Committee, which generally are three years from the date of grant. Grants of stock options generally are based upon the performance of Phoenix Footwear, the level of the executive's position within Phoenix Footwear and an evaluation of the executive's past and expected future performance. The Company's executives also participate in the Company's 401(k) plan which results in annual allocations to their retirement accounts of Company stock held by the plan.

*Employment Agreements.* During 2005, the Compensation Committee did not approve any employment agreements with executive officers.

*Deductibility of Compensation.* The Compensation Committee has carefully considered Section 162(m) of the Code, which provides certain criteria for the tax deductibility of compensation in excess of \$1 million paid to the Company's executive officers. The Compensation Committee believes it is in the best interests of the Company and its shareholders to comply with the requirements of Section 162(m), but the Compensation Committee intends to preserve the flexibility to reward executives consistent with the Company's pay philosophy for each compensation element. The Compensation Committee intends, except in special circumstances, that grants of options, awards of performance shares, restricted stock and other incentive awards under the 2001 Amended Plan comply with the requirements of Section 162(m).

Respectfully submitted,

The Compensation Committee:  
Steven M. DePerrior, *Chair*  
John C. Kratzer

**PROPOSAL 2 APPROVAL OF THE AMENDED AND RESTATED 2001 LONG-TERM INCENTIVE PLAN**

The Company's 2001 Long-Term Incentive Plan (the "2001 Plan") was approved by the Company's stockholders at the Annual Meeting held on April 26, 2001. Initially, 600,000 shares of Common Stock were authorized for issuance under the Plan. Thereafter, the number of shares of Common Stock authorized for issuance was increased to 1,000,000 by the stockholders at the Annual Meeting held on May 22, 2003 and to 1,500,000 by the stockholders at the Annual Meeting held on May 11, 2004. As of December 31, 2005, only 151,102 shares remain available under the Plan. The Board of Directors has approved, subject to stockholder approval, the Amended and Restated 2001 Long-Term Incentive Plan of the Company (the "2001 Amended Plan"), which amends and restates the 2001 Plan to (i) increase the number of shares authorized for issuance from 1,500,000 shares to 2,500,000 shares, (ii) incorporate necessary amendments to satisfy the requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), and (iii) authorize the issuance of performance-based awards which satisfy the requirements of Section 162(m) of the Code. The full text of the proposed 2001 Amended Plan appear in Appendix B to this Proxy Statement.

On June 29, 2005, the Company entered into the accessories business through our acquisition of substantially all of the assets of Chambers Belt Company, a leading manufacturer of men's, women's and children's belts and accessories spanning contemporary, traditional and western styles. On August 4, 2005, we expanded our premium footwear product offering through the acquisition of substantially all of the assets of The Paradise Shoe Company, LLC which included rights as the exclusive licensee of the Tommy Bahama® line of men's and women's footwear, hosiery and belts in the United States, Canada and certain Caribbean Islands. In connection with these acquisitions, the Company increased its total employment to 558 employees. As part of these acquisitions the Company sought to retain staff with key positions and persons whose skills and experience could implement the Company's growth, through the grant of stock options and performance-based deferred stock awards.

On March 1, 2006 and April 25, 2006, the Board of Directors upon recommendation of the Compensation Committee awarded performance based deferred stock awards for 280,000 shares of Common Stock to executive officers and employees of the Company. These awards are intended to be issued pursuant to the 2001 Amended Plan upon the Plan becoming effective and, therefore, are subject to approval of the 2001 Amended Plan and the execution of award agreements satisfactory to the Compensation Committee. In addition to these two conditions, the issuance of stock under these awards are also subject to the Company achieving organic net sales levels and net operating income levels on or prior to December 31, 2008. It is the intention of the Company that the performance-based stock awards will be qualify under Section 162(m) of the Code and therefore, not be subject to the limit on deductibility proscribed in Section 162(m) of the Code.

In order to have sufficient shares for the recently granted performance based deferred stock awards and to have additional shares for future retention of key employees and the recruitment of new employees, the Board of Directors unanimously approved a resolution, subject to stockholder approval, to amend to increase shares of Common Stock which may be awarded under the 2001 Plan to 2,500,000 shares, which upon effectiveness the 2001 Amended Plan will result in 881,102 shares being available for future awards.

The Board of Directors has also approved a resolution to amend the 2001 Plan to incorporate necessary amendments to satisfy the requirements of Section 409A of the Code. The American Jobs Creation Act of 2004 introduced a new section of the Code, Section 409A, covering certain nonqualified deferred compensation arrangements. Section 409A of the Code generally establishes new rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) upon the person who is entitled to receive the deferred compensation. Certain awards that may be granted under the 2001 Amended Plan may constitute "deferred compensation" within the meaning of and subject to Section 409A. The 2001 Amended Plan is

intended to be interpreted and operated in accordance with Section 409A, including any regulations or guidance issued by the Treasury Department, and contains a number of provisions intended to avoid the imposition of additional taxes on the 2001 Amended Plan participants under Section 409A.

The Omnibus Budget Reconciliation Act of 1993 added Section 162(m) of the Code. Section 162(m) generally denies a publicly held corporation, such as the Company, a federal income tax deduction for compensation in excess

of \$1 million per year paid or accrued for each of its chief executive officer and four other most highly compensated executive officers. Certain performance based compensation is not subject to the limitation of deductibility provided that certain stockholder approval and independent director requirements are met. The 2001 Amended Plan is intended to allow performance awards which may be granted in the form of stock awards which are issued based on the achievement of specified performance objectives over a period of time See Proposal 3 Approval of Certain Performance Criteria under the 2001 Amended Plan for purposes of Section 162(m) of the Code.

**A. Description of the 2001 Amended Plan**

The 2001 Amended Plan provides for the grant of stock options, stock appreciation rights, stock awards, cash awards and performance shares. The 2001 Amended Plan provides for the grant of awards with respect to a maximum of 2,500,000 shares of Common Stock. To the extent that awards granted under the 2001 Amended Plan expire or terminate without having been exercised in full, the Common Stock subject to those expired or terminated awards becomes available for further awards under the 2001 Amended Plan. As of the date of this Proxy Statement, 1,618,898 shares of Common Stock (which includes 280,000 shares of performance-based deferred stock awards that will become effective only after the 2001 Amended Plan is approved by stockholders), stock options and stock appreciation rights have been awarded under the 2001 Amended Plan and 881,102 shares and stock appreciation rights remain subject to future awards.

The Compensation Committee administers the 2001 Amended Plan. It is intended that the Compensation Committee will at all times be composed of non-employee directors within the meaning of Rule 16b-3 promulgated under Section 16(b) of the Securities Exchange Act of 1934, as amended, and that all of its members acting with respect to matters governed by Section 162(m) of the Code will be outside directors within the meaning of Section 162(m). Awards may be granted to employees and directors and persons who provide consulting or other services to the Company deemed by the Board of Directors to be of substantial value to the Company. Awards may also be made as part of an employment offer. The Company currently has approximately 558 employees and 5 non-employee directors who would be eligible to participate in the 2001 Amended Plan. Future allocation of awards under the 2001 Amended Plan is not currently determinable as the allocation is dependent upon future decisions to be made by the Committee in its sole discretion, and the applicable provisions of the 2001 Amended Plan.

Stock options granted under the 2001 Amended Plan may be in the form of incentive stock options which are options that meet the requirements of Section 422 of the Code, or non-qualified stock options, which are options that do not meet such requirements. Stock options are granted based on the fair market value of the Company's Common Stock on the date of the grant. Except for incentive stock options granted to stockholders owning more than 10% of the voting power of all classes of the Company's capital stock, the per share exercise price of an incentive stock option granted or to be granted pursuant to the 2001 Amended Plan, as determined by the Compensation Committee, shall be an amount not less than 100% of the fair market value of a share of Common Stock on the date that the option is granted. As to non-qualified stock options granted under the 2001 Amended Plan, the per share exercise price of such options shall also be at least 100% of the fair market value of a share of Common Stock on the date of grant, unless otherwise determined by the Compensation Committee. The exercise price of any stock option may, at the discretion of the Committee, be paid in cash or by surrendering shares or another award under the 2001 Amended Plan, valued at fair market value on the date of exercise, or any combination of cash or stock.

Stock appreciation rights are rights to receive, without payment to the Company, cash or shares of Company Common Stock with a value determined by reference to the difference between the exercise or strike price of the stock appreciation rights and the fair market value or other specified valuation of the shares at the time of exercise. Stock appreciation rights may be granted in tandem with stock options or separately.

Stock awards may consist of shares of the Company's Common Stock or be denominated in units of shares of Common Stock. A stock award may provide for voting rights and dividend equivalent rights. Stock awards may be granted at no less than 100% of the fair market value of Phoenix Footwear Common Stock on the date of the grant. Stock awards may also be in the form of performance awards which allow for the issuance of shares of the Company's Common Stock on the achievement of certain performance goals or other conditions over a period time, all as determined by the Compensation Committee. The Compensation Committee is responsible for establishing

## **Table of Contents**

the performance conditions and may also in its sole discretion use such measures of performance as it deems appropriate. The performance conditions will be stated in the form of an objective, nondiscretionary formula and the Compensation Committee will certify in writing the attainment of such performance conditions prior to any payment or issuance with respect to such awards. The performance awards may be paid in shares of Common Stock having an aggregate fair market value equal to the fair market of the earned performance awards as of the payment date.

The committee may specify conditions for awards, including vesting service and performance conditions. Vesting conditions may include, without limitation, provision for acceleration in the case of a change-in-control of the Company, and performance conditions may include, without limitation, conditions based on achievement of specific business objectives, increases in specified indices and attaining specified growth measures or rates.

An award may provide for the granting or issuance of additional, replacement or alternative awards upon the occurrence of specified events, including the exercise of the original award.

An award may provide for a tax gross-up payment to a participant if a change-in-control of the Company results in the participant owing an excise tax or other tax above the rate ordinarily applicable, due to the parachute tax provisions of Section 280G of the Code or otherwise. The gross-up payment would be in an amount so that the net amount received by the participant, after paying the increased tax and any additional taxes on the additional amount, would be equal to that receivable by the participant if the increased tax were not applicable.

Our Common Stock is listed for trading on the American Stock Exchange under the symbol **PXG**. On April 20, 2006 the last reported sale price of our Common Stock on the American Stock Exchange was \$5.61 per share.

## **B. Certain Federal Income Tax Consequences**

Incentive stock options granted under the Plan will be afforded favorable federal income tax treatment under the Code. If an option is treated as an incentive stock option, the optionee will recognize no income upon grant or exercise of the option unless the alternative minimum tax rules apply. Upon an optionee's sale of the shares (assuming that the sale occurs at least two years after grant of the option and at least one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares.

In the event an incentive stock option is amended, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Code. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently, it is unclear how tax authorities will apply additional tax, penalties and interest pursuant to violations of Section 409A of the Code. In addition, the amendment of an incentive stock option may convert the option from an incentive stock option to a nonstatutory stock option.

All other options granted under the Plan will be nonstatutory stock options and will not qualify for any annual tax benefits to the optionee. An optionee will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However, upon exercise of the nonstatutory stock option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. The Company will be entitled to a corresponding deduction for such amount. Upon an optionee's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long-term capital gain or loss treatment if the shares have been held for more than one year.

In the event a nonstatutory stock option is amended, such option may be considered deferred compensation and subject to the rules of new Section 409A of the Code, which provides rules regarding the timing of payment of deferred compensation. An option subject to Section 409A of the Code which fails to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently, it is unclear how tax authorities will apply additional tax, penalties and interest as violations pursuant to Section 409A of the Code.

## **Table of Contents**

The recipient of stock appreciation rights would not recognize any taxable income at the time of grant. The recipient would recognize ordinary income for federal income tax purposes on amounts received in settlement of the stock appreciation rights at the time they are received. The Company generally is entitled to a deduction equal to the amount included by the employee in income.

To the extent that stock appreciation rights are amended, such stock appreciation rights may be considered deferred compensation and subject to the rules of new Section 409A of the Code. Stock appreciation rights subject to Section 409A of the Code that fail to comply with the rules of Section 409A, can result in an additional 20% tax obligation, plus penalties and interest. Currently, it is unclear how tax authorities will apply additional tax, penalties and interest pursuant to violations of Section 409A of the Code.

The recipient of a stock award will generally recognize ordinary income at the time the Company's Common Stock associated with such stock award is received in an amount equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is non-vested (i.e., if the employee is required to work for a period of time in order to have the right to sell the stock) when it is received under the Plan and the recipient had not elected otherwise, the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. Upon the disposition of any stock received as a stock award under the Plan, the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if, at the time of disposition, the shares have been held for more than one year since the recipient recognized compensation income with respect to such shares.

The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Recipients of unvested stock or restricted stock may make a Section 83(b) election to recognize as ordinary compensation income in the year that such unvested stock or restricted stock is granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the vesting or lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) election must be made within 30 days from the time the unvested stock or restricted stock is issued.

A participant who receives a performance award will not recognize income and the Company will not be allowed a deduction at the time the award is made. When a participant receives payment for a performance award in shares of Common Stock of the Company, the amount of the fair market value of the shares received will be ordinary income to the participant and the Company will receive a tax deduction for the same amount. However, if there is a substantial risk that any shares used to pay out earned performance shares will be forfeited (for example, because the Committee conditions such shares on the performance of future services), the taxable event is deferred until the risk of forfeiture lapses. In this case, the participant can make an Internal Revenue Code Section 83(b) election as previously described above. The Company generally will be entitled to a deduction at the time the income is recognized by the participant.

The 2001 Amended Plan and the individual agreements and awards with and to executive prohibit any award from being exercised or issued to the extent it results in compensation to an executive in any tax year that is not deductible under Internal Revenue Code 162(m). If an award is not approved by the stockholders of the Company, such award will remain unexercisable or unissuable to the extent that the resulting compensation would not be deductible under Section 162(m) of the Code.

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to the recipients of awards under the Plan, or to the Company. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which an optionee may reside, nor does it reflect the tax consequences of recipient's death.

**C. New Plan Benefits**

The following table sets forth information concerning the options previously granted and performance based deferred stock awards pursuant to the Plan since its adoption as of the date hereof to the persons and groups of persons listed below:

- (1) No options or performance-based deferred stock under the Plan were awarded to any person, other than those named above, who received 5 percent or greater of the options awarded thus far.
- (2) As set forth in Proposal 3 in this Proxy Statement, the performance based deferred stock awards were previously awarded but remain subject to the approval of the Company's stockholders in accordance with the provisions of Section 162(m) of the Code. The receipt of the performance based deferred stock awards are contingent upon the Company achieving certain organic net sales levels and net operating income levels by December, 2008 as determined by the Company's Compensation Committee. If the Company meets the proscribed performance goals, the Common Stock underlying the performance based deferred stock awards will be issued to each of the recipients.

**D. Principal Differences**

The Plan is proposed to be amended to (i) increase the number of shares that may be granted as awards from 1,500,000 to 2,500,000, (ii) incorporate amendments necessary to comply with the requirements of Section 409A of the Code, and (iii) authorize the issuance of performance-based deferred stock awards to satisfy the requirements of Section 162(m) of the Code.

**E. Registration**

We intend to register the additional shares of stock available for issuance under a Registration Statement on Form S-8 to be filed with the SEC as soon as practicable after approval of the amendment to the Plan.

**Table of Contents**

**F. Vote Required For Approval**

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented at the meeting and entitled to vote is required for the adoption of the amendment to increase the number of shares available for grant under the 2001 Long-Term Incentive Plan.

**The Board of Directors recommends a vote FOR approval of the 2001 Amended Plan.**

**PROPOSAL 3 APPROVAL OF CERTAIN PERFORMANCE CRITERIA UNDER THE 2001 AMENDED PLAN FOR PURPOSES OF SECTION 162(m) OF THE CODE**

The 2001 Plan was amended and restated by the Board of Directors, at the recommendation of the Compensation Committee, on March 1, 2006 in the form of the 2001 Amended Plan, subject to stockholder approval. Among the provisions included in the 2001 Amended Plan were provisions designed to cause certain long-term incentive awards issued under the 2001 Amended Plan to comply with Section 162(m) of the Code. Section 162(m) imposes an annual deduction limit of \$1 million on the amount of compensation paid to covered employees, that is the chief executive officer and the four other most highly compensated officers of the Company. The deduction limit does not apply to qualified performance-based compensation.

Stock options granted under the 2001 Plan are considered qualified performance-based compensation because, among other things, the 2001 Plan was approved by the Company's stockholders and the stock options were granted at no less than fair market value on the grant date. The same would have been true for any stock appreciation rights awarded under the 2001 Plan. However, other types of awards, such as awards of restricted stock and deferred stock awards, must satisfy additional requirements. Specifically, the awards must be subject to performance goals, the material terms of which have been approved by stockholders. The Company intends that most long-term incentive awards issued to covered employees under the 2001 Amended Plan will comply with Section 162(m) of the Code, and, therefore, the Company is seeking approval of the performance criteria included in the 2001 Amended Plan, described below, in order to preserve deductibility under Section 162(m) with respect to such awards.

The 2001 Amended Plan allows the Company's Compensation Committee to award long-term incentive awards in the form of restricted stock and other stock-based awards that vest on the basis of specific performance targets determined at the time of grant. Under the 2001 Amended Plan, the performance targets for these awards are required to relate to at least one of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total shareholder return and earnings per share criteria): (1) total shareholder return; (2) such total shareholder return as compared to total return (on a comparable basis) of a publicly available index of companies of a similar capitalization or in similar industries; (3) net income; (4) annual or quarterly sales or net sales; (5) annual revenues; (6) pretax earnings; (7) earnings before interest expense, taxes, depreciation and amortization; (8) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (9) operating margin; (10) earnings per share; (11) return on equity; (12) return on capital; (13) return on investment; (14) operating earnings; (15) working capital or inventory; or (16) ratio of debt to shareholders' equity.

Under the 2001 Amended Plan, the value of the performance-based awards made to employees if the performance goals are fully attained will not exceed the current value of the shares of restricted stock or the stock underlying other stock-based awards at the end of the performance period.

The amount of long-term incentive awards to be paid in the future to the Company's current and future covered employees under the 2001 Plan cannot be determined at this time, as actual amounts will be based on the discretion of the Compensation Committee in determining the awards and actual performance.

The Committee and the Board of Directors approved long-term incentive awards of shares of performance-based deferred stock on March 1, 2006 and April 25, 2006 in accordance with the terms of the 2001 Amended Plan. Those awards are set forth in the New Plan Benefits table set forth above in Proposal 2. The awards were not conditioned upon the receipt of stockholder approval of the criteria set forth below at the Annual Meeting, but rather were conditioned upon, among other things, the approval of the 2001 Amended Plan by stockholders. Nothing in

## **Table of Contents**

this proposal precludes the Company or the Committee from making any payment or granting awards that do not qualify for tax deductibility under Section 162(m) of the Code.

**The Board of Directors recommends a vote the approval of the criteria set forth above to be used in making performance-based awards under the 2001 Amended Plan and urges each stockholder to vote FOR approval of these criteria.**

### **INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

On April 8, 2005, our Audit Committee approved the engagement of Grant Thornton, LLP to be the Company's independent registered public accounting firm and to audit our financial statements for the fiscal year ended December 31, 2005 and report on the results of their audit. A representative of Grant Thornton is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires and to respond to appropriate questions.

Deloitte & Touche LLP had been the Company's independent registered public accounting firm and had audited the Company's financial statements for the fiscal year ended January 1, 2005. No representative of Deloitte & Touche is expected to be present at the Annual Meeting. The Company dismissed Deloitte & Touche effective April 8, 2005 as its certifying accountants. The decision to change the Company's independent auditors was made by the Audit Committee.

Deloitte & Touche's reports on the Company's financial statements for the fiscal year ended January 1, 2005 was unqualified as to uncertainty, audit scope or accounting principles. There were no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure during that fiscal year, and in the subsequent interim period through the termination date, which, if not resolved to Deloitte & Touche's satisfaction, would have caused Deloitte & Touche to make reference to the subject matter of the disagreement(s) in connection with its report. During the two most recent fiscal years and through the date hereof, there have been no reportable events (as defined in Regulation S-K, Item 304 (a)(1)(v)).

Deloitte & Touche furnished a letter addressed to the SEC dated April 14, 2005 stating that they agree with the statements made by the Company. Each of Grant Thornton and Deloitte & Touche has informed the Company that it does not believe that the statements made in this Proxy Statement by the Company with respect to the change in accountants are incorrect or incomplete. Prior to its engagement as the Company's independent auditors, Grant Thornton had not been consulted by the Company either with respect to the application of accounting principles to a specific transaction or the type of audit opinion that might be rendered on the Company's financial statements.

#### **A. Audit Committee Reports**

The Audit Committee is responsible for providing independent oversight of the Company's accounting and financial reporting functions and internal controls, as set out in its written Charter. The Committee has considered its Charter, and has determined that the Charter is adequate for the purposes of providing the Committee with the responsibilities and authority appropriate for its role in the Company's corporate governance structure and under applicable requirements of both the Securities and Exchange Commission and the American Stock Exchange listing standards. Management is responsible for the Company's financial reporting process, including its internal control, over financial reporting, and for the preparation of consolidated financial statements in accordance with U.S. generally accepted accounting principles. The Company's independent registered public accounting firm is responsible for auditing those financial statements. Our responsibility is to monitor and review these processes.

The Audit Committee has reviewed and discussed with management the Company's consolidated financial statements audited by Grant Thornton, including the balance sheets as of December 31, 2005 and the consolidated statements of operations, cash flows and stockholders equity for the three fiscal years ended January 1, 2005 audited by Deloitte & Touche. It also discussed with Grant Thornton the matters required to be discussed by Statement on Auditing Standards 61 including the role of the auditor, the Company's significant accounting policies, the methodology used by management in making significant accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates, the methodology used by management in making significant adjustments in the financial statements, any disagreements with management over the application of

**Table of Contents**

accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements, any difficulties encountered in performing the audit, and certain other matters.

Grant Thornton has provided the Audit Committee with the written disclosures and letter required by Independent Standards Board Statement No. 1 (Independence Discussions with Audit Committees) and the Audit Committee has discussed with Grant Thornton, Grant Thornton's independence.

In 2005, the Audit Committee reviewed and discussed the requirements of, and the Company's progress on complying with, Section 404 of the Sarbanes-Oxley Act of 2002, including the Public Company Accounting Oversight Board's (PCAOB) Auditing Standard No. 2 regarding the audit of internal control over financial accounting.

In addition, the Audit Committee reviewed major initiatives and programs aimed at strengthening the effectiveness of the Company's internal control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

However, our oversight role, and our reviews, discussions and consideration, do not enable us either to guarantee that these conclusions are in fact correct, or to assure the non-existence of additional facts or other information that could cause us to reach a different conclusion as to any of these matters.

Based on the review and discussions mentioned, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for 2005 for filing with the SEC.

Respectfully submitted,

The Audit Committee:  
 Gregory M. Harden, *Chair*  
 Frederick R. Port  
 John M. Robbins

To be timely, a stockholder's notice shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 120th day prior to the first anniversary of the date of the Corporation's proxy statement released to stockholders in connection with the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. In the event the Corporation calls a special meeting of stockholders for the purpose of electing one or more directors to the Board of Directors, any such stockholder may nominate a person or persons (as the case may be), for election to such position(s) as specified in the Corporation's notice of meeting, if the stockholder's notice required by paragraph (a)(ii) of this Section 1.11 shall be delivered to the Secretary at the principal executive offices of the Corporation not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. Pricing Date means the date on which an Award consisting of an option or stock appreciation right is granted, except that the Committee may provide that the Pricing Date is determined by the average selling price during a specified period that is within 30 days before or 30 days after the grant, provided that the commitment to grant the Stock Right based on such valuation method must be irrevocable before the beginning of the specified period, and such valuation method must be used consistently for grants of Stock Rights under the same and substantially similar programs.

In addition, persons who have been offered employment by the Company or its Subsidiaries, and persons employed by an entity that the Board reasonably expects to become a Subsidiary of the Company, are eligible to be granted an Award under the Plan.

4. *Stock Subject to the Plan.*

(a) The total amount of Common Stock that may be subject to outstanding Awards shall not exceed two million five hundred thousand (2,500,000) shares of common stock, of which 1,250,000 are reserved for the granting of ISOs.

(b) If an Award valued by reference to Common Stock may only be settled in cash, the number of shares to which such Award relates shall be deemed to be Common Stock subject to such Award for purposes of this Section 4. Any shares of Common Stock delivered pursuant to an Award may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares acquired in the market for a Participant's account.

(c) Except as provided in an Award Agreement, in the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, stock or other property), recapitalization, Common Stock split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase or share exchange, or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of holders of Awards under the Plan, then the Committee shall make such equitable changes or adjustments as it deems necessary or appropriate to any or all of (i) the number and kind of shares of Common Stock or other property (including cash) that may thereafter be issued in connection with Awards, (ii) the number and kind of shares of Common Stock or other property (including cash) issued or issuable in respect of outstanding Awards, (iii) the exercise price, grant price or purchase price relating to any Award; provided that, (A) with respect to Incentive Stock Options, such adjustment shall be made in accordance with Section 424(h) of the Code and (B) with respect to Stock Rights, such adjustments shall meet the requirements of Section 1.424-1 of the Income Tax Regulations if the Stock Rights qualified as statutory options; (iv) any performance goals and (v) the

Unless otherwise provided in an Award Agreement with respect to a particular award, the Committee may, in its discretion, provide for the extension of the exercisability of an Award, accelerate the vesting or exercisability of an Award, eliminate or make less restrictive

any restrictions contained in an Award, waive any restriction or other provision of this Plan or an Award or otherwise amend or modify an Award in any manner that is (i) not an impermissible deferral of compensation or acceleration of deferred compensation pursuant to Section 409A of the Code, and (ii) not adverse to the Participant holding such Award (unless consented to by such Participant). The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Award in the manner and to the extent the Committee deems necessary or desirable to carry it into effect. References in this Plan to permitted by the Committee and words of similar import refer to authorization contained in the original Award Agreement or an amendment thereto or to other action by the Committee, whether of general or limited applicability or in connection with a particular exercise, Award payment or other event. Any decision of the Committee in the interpretation and administration of this Plan shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee.

Each member of the Committee shall be entitled, in good faith, to rely or act upon any report or other information furnished to him by any officer or other employee of the Company or any Subsidiary, the Company's independent certified public accountants or any executive compensation consultant, legal counsel or other professional retained by the Company or the Committee to assist in the administration of the Plan. No member of the Committee nor officer or employee of the Company to whom it has delegated authority in accordance with the provisions of Section 6 of this Plan, shall be liable for anything done or omitted to be done by him or her, by any member of the Committee or by any officer of the Company in connection with the performance of any duties under this Plan, except for his or her own willful misconduct or as expressly provided by statute. The Company shall indemnify (to the extent permitted under Delaware law) and hold harmless each member of the Committee and each other director or employee of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been delegated against any cost or expense (including counsel fees) or liability (including any amount paid in settlement of a claim with the approval of the Committee) arising out of any action, omission or determination relating to the Plan, unless, in either case, such action, omission or determination was taken or made by such member, director or employee without good faith or the reasonable belief that it was in the best interests of the Company.

6. *Delegation of Authority.* The Committee may delegate to the Chief Executive Officer and to other senior officers of the Company its duties under this Plan pursuant to such conditions or limitations as the Committee may establish, except that the Committee may not delegate to any person the authority to grant Awards to, or take other action with respect to, Participants who are subject to Section 16 of the Exchange Act.

7. *Awards.* The Committee shall select persons to whom Awards may be granted, determine the type or types of Awards to be made to each Participant under this Plan, determine the number of Awards to be granted and the number of shares of Common Stock to which an Award will relate and determine all other terms, conditions, restrictions and conditions, including achievement of specific business objectives, increases in specified indices, attaining specified growth rates and other comparable measurements of performance goals, if any. Each Award made hereunder shall be embodied in an Award Agreement, which shall contain such terms, conditions and limitations as shall be determined by the Committee, in its sole discretion and consistent with the provisions hereof, and shall be signed by the Participant and by the Chief Executive Officer, the President or any Vice President of the Company for and on behalf of the Company. Award Agreements and the forms contained therein need not be identical for each Participant. By accepting an Award, a Participant thereby agrees that the Award shall be subject to all of the terms and provisions of the Plan and the applicable Award Agreement. Awards may consist of those listed in this Section 7. Awards may be made in combination or in tandem with, in replacement of, or as alternatives to, Awards under this Plan or any other employee plan of the Company or any of its Subsidiaries, including any incentive or similar plan of any acquired entity, or reload options automatically granted to offset specified exercises of options, but only if such Award, in replacement of, or as alternatives to grants or rights under this Plan (a) would not constitute an acceleration of deferred compensation for purposes of Section 409A(a)(3) of the Code, and (b) meets the requirements of Sections 409A(a)(2),

409A(a)(3) and 409A(a)(4) of the Code. The Committee shall determine the time or times at which an option may be exercised, in whole or in part, the method by which the exercise price may be paid or deemed to be paid, the form of such payment, including, without limitation, cash, Common Stock or other Awards or awards granted under other the Company plans or other property (including

notes or other contractual obligations of Participants to make payment on a deferred basis, such as through cashless exercise arrangements, to the extent permitted by applicable law), and the methods by which Common Stock will be delivered or be deemed to be delivered to Participants. An Award may provide for the granting or issuance of additional, replacement or alternative Awards upon the occurrence of specified events, including the exercise of the original Award, but only if such additional, replacement or alternative Awards (a) would not constitute an acceleration of deferred compensation for purposes of Section 409A(a)(3) of the Code, and (b) meets the requirements of Sections 409A(a)(2), 409A(a)(3) and 409A(a)(4) of the Code. An Award may provide that to the extent that the acceleration of vesting or any payment made to a Participant under this Plan in the event of a Change in Control of the Company is subject to federal income, excise, or other tax at a rate above the rate ordinarily applicable to like payments paid in the ordinary course of business ( Penalty Tax ), whether as a result of the provisions of Sections 280G and 4999 of the Code, any similar or analogous provisions of any statute adopted subsequent to the date hereof, or otherwise, then the Company shall be obligated to pay such Participant an additional amount of cash (the Additional Amount ) such that the net amount received by such Participant, after paying any applicable Penalty Tax and any federal or state income tax on such Additional Amount, shall be equal to the amount that such Participant would have received if such Penalty Tax were not applicable. Notwithstanding the foregoing, if an event that constitutes a Change in Control does not constitute a Change in Control under Section 409A of the Code (or the regulations promulgated thereunder), no payments with respect to the Award shall be made under this paragraph until such payments would not constitute an impermissible acceleration under Section 409A of the Code.

(a) *Stock Option.* An Award may consist of an option to purchase a specified number of shares of Common Stock at a specified exercise price that is not less than the greater of (i) the Fair Market Value of the Common Stock on the Pricing Date and (ii) the par value of the Common Stock. The number of shares and exercise price shall be specified by the Committee. A stock option may be in the form of an NQO or an ISO. In addition to being subject to applicable terms, conditions and limitations established by the Committee, an ISO shall comply with the requirement that no ISO shall be granted with an exercise price less than 100% (110% for an individual described in Section 422(b)(6) of the Code) of the Fair Market Value of a share of Common Stock on the date of the grant and granted no more than ten (10) years after the effective date of the Plan. Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to ISOs shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to qualify either the Plan or any ISO under Section 422 of the Code unless so requested by the affected Participant. Each option shall be clearly identified in the applicable Award Agreement as either an ISO or an NQO.

(b) *Stock Appreciation Right.* An Award may consist of a right to receive a payment, in cash or Common Stock, equal to the excess of the Fair Market Value or other specified valuation of a specified number of shares of Common Stock on the date the stock appreciation right ( SAR ) is exercised over a specified strike price determined by the Committee that shall be set forth in the applicable Award Agreement. The Committee shall determine the time or times at which a SAR may be exercised in whole or in part, the method of exercise, method of settlement, form of consideration payable in settlement, method by which Common Stock will be delivered or be deemed to be delivered to Participants, whether or not the SAR will be in tandem with any other Award and any other terms and conditions of any SAR.

(c) *Stock Award.* An Award may consist of Common Stock or may be denominated in units of Common Stock. All or part of any Award may be subject to restrictions on transfer and other restrictions and conditions established by the Committee and set forth in the Award Agreement, which may include, but is not limited to, continuous service with the Company and/or its Subsidiaries. Such Awards may be based on Fair Market Value or other valuations determined by the Committee, provided, however any Award based on a valuation that creates a non qualified deferred compensation plan as that term is defined in Section 409A of the Code, shall comply with any applicable requirements of such section. The certificates evidencing shares of Common Stock issued in connection with an Award shall contain appropriate legends and restrictions describing the terms and conditions applicable thereto, the Company may retain physical possession of the certificates and the Participant shall have delivered a stock power to the Company,

endorsed in blank, relating to the Common Stock. Except to the extent restricted under the terms of the Plan and any Award Agreement relating to the Award, a Participant granted an Award shall have all

of the rights of a stockholder, including, without limitation, the right to vote Common Stock issued as an Award or the right receive dividends thereon.

(d) *Cash Award.* Subject to any applicable requirements of Section 409A of the Code, an Award may be denominated in cash with the amount of an eventual payment subject to future service and such other restrictions and conditions as may be established by the Committee, and set forth in the Award Agreement, including, but not limited to, continuous service with the Company and its Subsidiaries.

(e) *Other Stock-Based Awards.* The Committee is authorized, subject to limitations under applicable law, to grant such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Common Stock and factors that may influence the value of Common Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Stock, purchase rights for Common Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee and Awards valued by reference to the book value of Common Stock or the value of securities of or the performance of specified Subsidiaries ( Other Stock Based Awards ). The Committee shall determine the terms and conditions of such Awards. Stock issued pursuant to an Award in the nature of a purchase right granted under this Section 7(e) shall be purchased for such consideration, paid for at such times, by such methods and in such forms, including, without limitation, cash, Common Stock, other Awards or other property, as the Committee shall determine.

(f) *Loan Provisions.* With consent of the Committee, and subject at all times to, and only to the extent, if any, permitted under and in accordance with, laws and regulations (including, without limitation, Section 409A of the Code) and other binding obligations or provisions applicable to the Company, the Company may make, guarantee or arrange for a loan or loans to a Participant with respect to the exercise of any option or other payment in connection with any Award, including the payment by a Participant of any or all federal, state or local income or other taxes due in connection with any Award. Subject to such limitations, the Committee shall have full authority to decide whether to make a loan or loans hereunder and to determine the amount, terms and provisions of any such loan or loans, including the interest rate to be charged in respect of any such loan or loans, whether the loan or loans are to be paid with or without recourse against the borrower, the terms on which the loan is to be repaid and conditions, if any, under which the loan or loans may be forgiven.

(g) *Performance-Based Awards.* The Committee may, in its discretion, designate any Award the exercisability or settlement of which is subject to the achievement of performance conditions as a performance-based Award subject to this Section 7(g), in order to qualify such Award as qualified performance-based compensation within the meaning of Section 162(m) of the Code and regulations thereunder. The performance objectives for an Award subject to this Section 7(g) shall consist of one or more business criteria, as specified by the Committee, but subject to this Section 7(g), and in the case of any stock awards shall be a Performance Criteria. Performance objectives shall be objective and shall otherwise meet the requirements of Section 162(m)(4)(C) of the Code. The levels of performance required with respect to such business criteria may be expressed in absolute or relative levels. Achievement of performance objectives with respect to such Awards shall be measured over a period of not less than one (1) year nor more than five (5) years, as the Committee may specify. Performance objectives may differ for such Awards to different Participants. The Committee shall specify the weighting to be given to each performance objective for purposes of determining the final amount payable with respect to any such Award. The Committee may, in its discretion, reduce the amount of a payout otherwise to be made in connection with an Award subject to this Section 7(g), but may not exercise discretion to increase such amount, and the Committee may consider other performance criteria in exercising such discretion. All determinations by the Committee as to the achievement of performance objectives shall be certified in writing. The Committee may not delegate any responsibility with respect to an Award subject to this Section 7(g).

(h) *Acceleration Upon a Change in Control.* Notwithstanding anything contained herein to the contrary, all conditions and/or restrictions relating to the continued performance of services and/or the achievement of performance objectives with respect to the exercisability or full enjoyment of an Award shall immediately lapse upon a Change in Control, provided, however, that such lapse shall not occur if: (i) it is intended that the transaction constituting such Change in Control be accounted for as a pooling of interests under Accounting Principles Board

Option No. 16 (or any successor thereto), and operation of this Section 7(h) would otherwise violate Paragraph 47(c) thereof; (ii) the Committee, in its discretion, determines that such lapse shall not occur, provided, further, that the Committee shall not have the discretion granted in clause (ii) if it is intended that the transaction constituting such Change in Control be accounted for as a pooling of interests under Accounting Principles Board No. 16 (or any successor thereto), and such discretion would otherwise violate Paragraph 47(c) thereof; (iii) to the extent a Change in Control does not constitute a Change in Control under Section 409(A) of the Code (or the regulations promulgated thereunder) and such lapse would constitute an impermissible acceleration under Section 409A of the Code, or (iv) such waiver or acceleration is inconsistent with Section 162(m) of the Code with respect to a performance-based stock Award granted to an executive officer of the Company.

*8. Payment of Awards.*

(a) *General.* Payment required to be made by the Company pursuant to Awards may be made in the form of cash or Common Stock or combinations thereof and may include such restrictions as the Committee shall determine, including in the case of Common Stock, restrictions on transfer and forfeiture provisions.

(b) *Deferral.* The Committee may permit selected Participants to elect to defer payments of some or all types of Awards in accordance with procedures established by the Committee. A Participant must elect by written notice to the Company, which notice must be made before the later of (i) the close of the tax year preceding the year in which the Award is granted or (ii) 30 days of first becoming eligible to participate in the Plan (or, if earlier, the last day of the tax year in which the participant first becomes eligible to participate in the Plan) and on or prior to the date the Award is granted, to defer the receipt of all or a portion of the payment of an Award; provided that the Committee may impose such additional restrictions with respect to the time at which a participant may elect to defer receipt of Common Stock subject to the deferral election. Any election after the period described above ( subsequent election ) cannot be effective for at least twelve (12) months after the date of such subsequent election. Further, the payment date elected pursuant to the subsequent election must not occur earlier than the date which is at least five (5) years from the date that the original payment would have been made. Finally, the subsequent election cannot be made less than twelve (12) months prior to the date of the first scheduled payment. Any deferred payment, whether elected by the Participant or specified by the Award Agreement or by the Committee, may be forfeited if and to the extent that the Award Agreement so provides.

(c) *Dividends and Interest.* Dividends or dividend equivalent rights may be extended to and made part of any Award denominated in Common Stock or units of Common Stock, subject to such terms, conditions and restrictions as the Committee may establish. Dividend equivalent rights may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that dividend equivalent rights shall be paid or distributed when accrued or shall be deemed to be reinvested in additional Common Stock, Awards or other investment vehicles, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify. The Committee may establish rules and procedures for the crediting of interest on deferred cash payments and dividend equivalents for deferred payment denominated in Common Stock or units of Common Stock.

(d) *Substitution of Awards.* At the discretion of the Committee, but subject to the requirements of Section 409A of the Code, a Participant may be offered an election to substitute an Award for another Award or Awards of the same or different type.

*9. Tax Withholding.* The Company shall have the right to deduct applicable taxes from any Award payment and withhold, at the time of delivery or vesting of cash or shares of Common Stock under this Plan, or from payroll or other payments to the Participant, an appropriate amount of cash or number of shares of Common Stock or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Committee to satisfy all obligations for withholding of such taxes. The Committee may also permit

withholding to be satisfied by the transfer to the Company of shares of Common Stock theretofore owned by the holder of the Award with respect to which withholding is required. If shares of Common Stock are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made.

10. *Employment, Termination, Etc.*

(a) Nothing contained in the Plan or any Award Agreement shall confer upon any Participant any right with respect to the continuation of employment or engagement by the Company or any of its Subsidiaries or interfere in any way with the right of the Company or any of its Subsidiaries, subject to the terms of any separate agreement to the contrary, at any time to terminate such employment or service or to increase or decrease the compensation of the Participant.

(b) No person shall have any claim or right to receive an Award hereunder or require the Committee to make an Award at any time to any Participant. The Committee's grant of an Award to a Participant at any time shall neither require the Committee to grant any other Award to such Participant or other person at any time or preclude the Committee from making subsequent grants to such Participant or any other person.

(c) Upon the termination of employment or engagement of a Participant, any unexercised, deferred or unpaid Awards shall be treated as provided in the specific Award Agreement evidencing the Award. In the event of such a termination, the Committee may, in its discretion, provide for the extension of the exercisability of an Award, accelerate the vesting or exercisability of an Award, eliminate or make less restrictive any restrictions contained in an Award, waive any restriction or other provision of this Plan or an Award or otherwise amend or modify the Award in any manner that is either (i) not adverse to such Participant or (ii) consented to by such Participant.

11. *Amendment, Modification, Suspension or Termination.* The Board may amend, modify, suspend, discontinue or terminate this Plan at any time for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law except that (a) no amendment or alteration that would impair the rights of any Participant under any Award previously granted to such Participant shall be made without such Participant's consent and (b) no amendment or alteration shall be effective prior to approval by the Company's stockholders if and to the extent the Board determines that such approval is appropriate for purposes of satisfying Sections 162(m) or 422 of the Code or is otherwise required by law or applicable stock exchange requirements. It is intended that the Plan and any Awards will comply with Section 409A to the extent applicable, and the Plan and any Award may amended in any respect deemed necessary (including retroactively) by the Board in order to preserve compliance with Section 409A. Awards may be granted under the Plan prior to the receipt of such approval. The Board may also modify, suspend, terminate, discontinue or limit the power and authority of the Committee at any time. Except as required in Section 11(b) hereunder, unless the Board determines otherwise, no stockholder approval shall be required before any action taken by the Board pursuant to this Section 1.1 is effective. Nothing herein shall restrict the Committee's ability to exercise its discretionary authority pursuant to Section 5 which discretion may be exercised without amendment to the Plan.

12. *Transfer and Assignment.*

(a) Awards and other rights under the Plan will not be transferable by a Participant except by will or the laws of descent and distribution or to a Beneficiary in the event of a Participant's death. Awards shall not be pledged, mortgaged, hypothecated or otherwise encumbered, or otherwise subject to the claims of creditors, and, in the case of ISOs and SARs in tandem therewith, shall be exercisable during the lifetime of a Participant only by such Participant or his guardian or legal representative; provided, however, that such Awards and other rights (other than ISOs or SARs in tandem therewith) may be transferred to one or more Beneficiaries during the lifetime of the Participant to the extent and on such terms as then may be permitted by the Committee.

(b) Upon the death of a Participant, outstanding Awards granted to such Participant may be exercised only by the executor or administrator of the Participant's estate or by a person who shall have acquired the right to such exercise by will or by the laws of descent and distribution. No transfer of an Award by will or the laws of descent and distribution shall be effective to bind the Company unless the Committee shall have been furnished with (i) written

notice thereof and with a copy of the will and/or such evidence as the Committee may deem necessary to establish the validity of the transfer and (ii) an agreement by the transferee to comply with all of the terms and conditions of the Award that are or would have been applicable to the Participant and to be bound by the acknowledgements made by the Participant in connection with the grant of the Award.

13. *The Company's Right to Engage in Certain Transactions.* The existence of this Plan or outstanding Awards shall not affect in any manner the right or power of the Company or its stockholders to make or authorize

B-8

any or all adjustments, recapitalizations, reorganizations or other changes in the capital stock of the Company or its business or any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock (whether or not such issue is prior to, on a parity with or junior to the Common Stock) or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

14. *Securities Laws.*

(a) Notwithstanding anything herein to the contrary, the Company shall not be obligated to cause to be issued or delivered any certificates evidencing Common Stock pursuant to the Plan unless and until the Company is advised by its counsel that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authority and the requirements of any securities exchange on which shares of Common Stock are traded. The Company, however, shall be under no obligation to effect the registration pursuant to the Securities Act of any interests in the Plan or any Stock to be issued hereunder or to effect similar compliance under any state laws. The Committee may require, as a condition of the issuance and delivery of certificates evidencing shares of Common Stock, that the Participant, to whom such shares will be issued make such agreements and representations, and that such certificates bear such legends, as the Committee, in its sole discretion, deems necessary or desirable.

(b) The transfer of any shares of Common Stock hereunder shall be effective only at such time as counsel to the Company shall have determined that the issuance and delivery of such shares of Common Stock is in compliance with all applicable laws, regulations of governmental authority and the requirements of any securities exchange on which shares of Common Stock are traded or quoted. The Committee may, in its sole discretion, defer the effectiveness of any transfer of Common Stock hereunder in order to allow the issuance of such Common Stock to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state securities laws. The Committee shall inform the Participant in writing of its decision to defer the effectiveness of a transfer. During the period of such deferral in connection with the exercise of an Option, the Participant may, by written notice, withdraw such exercise and obtain the refund of any amount paid with respect thereto.

(c) The grant of Awards to persons who are required to file reports under Section 16(a) of the Securities and Exchange Act of 1934, as amended, shall be determined by a body constituted in accordance with, and to the extent required by, Rule 16b-3 promulgated under said Act.

15. *Unfunded Status of Awards; Creation of Trusts.* The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award shall give any such Participant any rights that are greater than those of a general creditor of the Company; provided, however, that the Committee may authorize the creation of trusts or make other arrangements to meet the Company's obligations under the Plan to deliver cash, Common Stock, other Awards or other property pursuant to any Award, which trusts or other arrangements shall be consistent with the unfunded status of the Plan unless the Committee otherwise determines with the consent of each affected Participant.

16. *Notification of Election Under Section 83(b) of the Code.* If any Participant shall, in connection with the acquisition of Common Stock under the Plan, make the election permitted under Section 83(b) of the Code (*i.e.*, an election to include in gross income in the year of transfer the amounts specified in Section 83(b)), such Participant shall notify the Company of such election within ten (10) days of filing notice of the election with the Internal Revenue Service, in addition to any filing and a notification required pursuant to regulation issued under the authority of Section 83(b) of the Code.

17. *Notification Upon Disqualifying Disposition Under Section 421(b) of the Code.* Each Participant shall notify the Company of any disposition of Common Stock issued pursuant to the exercise of an ISO under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), within ten (10) days of such disposition.

18. *Participant Rights.* No Participant shall have any claim to be granted any award under the Plan, and there is no obligation for uniformity of treatment for Participants. Except as provided specifically herein, a Participant or a transferee of an Award shall have no rights as a stockholder with respect to any shares of Common Stock covered by any Award until the date of the issuance of a certificate or certificates to him or her for such shares of Common Stock.

19. *Beneficiary.* A Participant may file with the Committee a written designation of a Beneficiary on such form as may be prescribed by the Committee and may, from time to time, amend or revoke such designation. If no designated Beneficiary survives the Participant, the executor or administrator of the Participant's estate shall be deemed to be the grantee's Beneficiary.

20. *Interpretation.* The Plan is designed and intended to comply with Rule 16b-3 and, to the extent applicable, shall constitute qualified performance-based compensation within the meaning of Section 162(m) of the Code, and all provisions hereof shall be construed in a manner to so comply. Accordingly, if any provision of the Plan or any Award Agreement does not comply or is inconsistent with the requirements of Section 162(m) of the Code, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements, and no provision shall be deemed to confer upon the Committee or any other person discretion to increase the amount of compensation otherwise payable in connection with any Awards upon attainment of the performance objectives. To the extent any provision of the Plan or any Award, or action by the Board or Committee would subject any Participant to liability for interest or additional taxes under Section 409A(a)(1)(B) of the Code, it will be deemed null and void, to the extent permitted by law and deemed advisable by the Board.

21. *Severability.* If any provision of the Plan is held to be invalid or unenforceable, the other provisions of the Plan shall not be affected but shall be applied as if the invalid or unenforceable provision had not been included in the Plan.

22. *Expenses and Receipts.* The expenses of the Plan shall be paid by the Company. Any proceeds received by the Company in connection with any Award will be used for general corporate purposes.

23. *Failure to Comply.* In addition to the remedies of the Company elsewhere provided for herein, failure by a Participant (or Beneficiary) to comply with any of the terms and conditions of the Plan or the applicable Award Agreement, unless such failure is remedied by such Participant (or Beneficiary or other person) within ten (10) days after notice of such failure by the Committee, shall be grounds for the cancellation and forfeiture of such Award, in whole or in part, as the Committee, in its absolute discretion, may determine.

24. *Non-Exclusivity of the Plan.* Neither the adoption of the Plan by the Board nor its submission to the Company's stockholders for approval shall be construed as creating any limitations on the power of the Board to adopt such other compensatory arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

25. *No Fractional Shares.* No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

26. *Claims Procedure.*

(a) In the event the Company fails to make any payments under the Plan as agreed, to obtain payment under the Plan, the Participant must file a written claim with the Company on such forms as shall be furnished to him by the Company. If a claim for payment is denied by the Company, in whole or in part, the Company shall provide adequate notice in writing to the Participant within ninety (90) days after receipt of the claim unless special circumstances

require an extension of time for processing the claim. If such an extension of time for processing is required, written notice indicating the special circumstances and the date by which a final decision is expected to be rendered shall be furnished to the Participant. In no event shall the period of extension exceed one hundred eighty (180) days after receipt of the claim. The notice of denial of the claim shall set forth (i) the specific reason or reasons for the denial; (ii) specific reference to pertinent provisions of the Agreement on which the denial is based; (iii) a

description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary; and (iv) a statement that any appeal of the denial must be made by giving to the Company, within sixty (60) days after receipt of the notice of the denial, written notice of such appeal, such notice to include a full description of the pertinent issues and basis of the claim. The Participant may review pertinent documents and submit issues and comments in writing to the Company. If the Participant fails to appeal such action to the Company in writing within the prescribed period of time, the Company's adverse determination shall be final, binding and conclusive.

(b) If the Participant appeals the denial of a claim for payment within the appropriate time, the Participant must submit the notice of appeal and all relevant materials to the Committee. The Committee may hold a hearing or otherwise ascertain such facts as it deems necessary and shall render a decision which shall be binding upon both parties. The decision of the Committee shall be made within sixty (60) days after the receipt of the notice of appeal, unless special circumstances require an extension of time for processing, in which case a decision shall be rendered as soon as possible but not later than one hundred twenty (120) days after receipt of the request for review. If such an extension of time is required, written notice of the extension shall be furnished to the Participant prior to the commencement of the extension. The decision of the Committee shall be in writing, shall include specific reasons for the decision, written in a manner calculated to be understood by the claimant, as well as specific references to the provisions of the Plan which the decision is based and shall be promptly furnished to the Participant.

27. *Governing Law.* This Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code, the Employee Retirement Income Security Act of 1974, or the securities laws of the United States, shall be governed by and construed in accordance with the laws of the State of Delaware or, if the Company is reincorporated in another state while the Plan is in effect, the laws of that state.

28. *Effective Date of Plan.* This Plan shall be effective on February 16, 2001, provided the Plan has been approved by the stockholders of the Company at the Annual Meeting to be held on April 26, 2001. Unless earlier terminated by the Board, the right to grant Awards under the Plan will terminate on the tenth (10th) anniversary of the Effective Date. Awards outstanding at Plan termination will remain in effect according to their terms and the provisions of the Plan.
