On April 8, 2009, the Company issued a press release, attached hereto as Exhibit 99.1, announcing the closure of its polyethylene terephthalate (PET) plastic packaging plants in Baldwinsville, New York, and in Watertown, Wisconsin. As a result of the closures, an after-tax charge of approximately \$14.6 million will be recorded in the company's second quarter results. The charges include \$3.8 million for personnel costs, \$5.8 million related to the termination of the lease at Baldwinsville and the sale of the Watertown facility, \$3.9 million for the termination of an electricity contract and \$10.5 million primarily related to accelerated depreciation and the cost of installing equipment in alternative plants. These charges will be offset by tax recoveries of approximately \$9.4 million. Cost reductions associated with these plant closings are expected to be approximately \$12 million annually beginning in 2010.
