(b) Results of Operations

Comparison of the three months ended March 31, 2002 to the three months ended March 31, 2001.

Revenues. Revenues for the quarter ended March 31, 2002 totaled \$3,179,384 representing a decrease of 14.4% or \$535,992 from \$3,715,376 reported for the same quarter a year ago. Revenues decreased primarily due to customer delays in releasing orders from existing backlog.

Cost of Goods Sold. Cost of Goods Sold decreased to \$1,891,344 or 59.5% of

Edgar Filing: DIVERSIFIED SECURITY SOLUTIONS INC - Form 10QSB

revenues for the quarter ended March 31, 2002, from \$2,303,440 or 62.0% of revenues for the quarter ended March 31, 2001. This reduction was attributed to a combination of a reduction in sales, as well as our more efficiently purchasing material and our using our labor in a more efficient manner.

Selling, General and Administrative Expenses. Selling, General and Administrative Expenses increased to \$1,212,966 for the quarter ended March 31, 2002 from \$1,082,614 for the same quarter a year ago a 12.0% increase or \$130,352. The increase in expenses was due to the hiring of additional employees in anticipation of an expected increase in the demand for our services.

Operating Income. Operating Income for the quarter ended March 31, 2002 totaled \$75,074 representing a decrease of 77.2% or \$254,248 from \$329,322 for the same quarter a year ago.

Interest Expense - net. Interest Expenses net of Interest Income for the three months ended March 31, 2002 was \$9,851 or .3% as a percentage of revenue compared to \$40,653 or 1.1% for the comparable period a year ago. The savings were caused by less bank borrowing and \$28,996 in interest income from short term investment of the balance of the proceeds of the initial public offering on November 15, 2001.

Net Income. For the Quarter ended March 31, 2002 our net income totaled \$39,223 or 1.2% of revenues, as compared to net income of \$173,669, or 4.7% of revenues, for the Quarter ended March 31, 2001. This resulted in basic earnings per share of \$0.01 on 4,725,000 basic weighted average common share outstanding for the quarter ended March 31, 2002 compared with \$0.06 per share on 3,000,000 basic weighted average common shares outstanding for the quarter ended March 31, 2001.

(c) Liquidity and Capital Resources

Since our inception, we have financed our operations through bank debt, loans and equity from our principals, loans from third parties and funds generated by our business. On November 15, 2001, the Securities and Exchange Commission declared effective our registration statement pertaining to our initial public offering of 1,500,000 shares of our common stock. The public offering price of this offering was \$7.00 per share, and we received net proceeds of approximately \$8,613,014, after deducting the underwriter's discount of \$1,050,000 and offering expenses of \$836,986. In December, 2001, GunnAllen Financial, Inc., the managing underwriter of our initial public offering, exercised its over-allotment option to purchase an additional 225,000 shares of common stock and we received net proceeds of \$1,370,250. As of March 31, 2002, we had \$8,619,560 in cash and cash equivalents.

Net cash Used in Operating Activities. Net cash used in operating activities amounted to \$1,049,727 for the three months ended March 31, 2002 as compared to \$832,518 during the same period a year ago.

Net cash provided by investing activities. Net cash provided by investing activities increased to \$755,108 for the first Quarter of 2002 as compared to a decrease of \$92,567 for the same period a year ago.

Net cash used by financing activities amounted to \$294 for the first quarter of 2002 as compared to net cash provided by financing activities amounted to \$412,229 for the same period a year ago.

Our capital requirements have grown substantially since our inception with the growth of our operations and staffing. We expect our capital requirements to continue to increase in the future as we seek to expand our operations. We believe that our current cash and available lines of credit should be sufficient to meet our capital requirements.

(d) Recently Issued Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement No. 141 Business Combinations and Statement No. 142 Goodwill and other Intangible Assets. These statements are effective July 1, 2001 for business combinations completed on or after that date. These statements became effective for us on January 1, 2002 with respect to business combinations completed on or before June 30, 2001.

(e) Forward Looking Statements

The foregoing contains certain forward-looking statements. Due to the fact that we face intense competition in a business characterized by changing technology and high capital requirements, actual results and outcomes may differ materially from any such forward looking statements and, in general, are difficult to forecast.
