INFORMATION STATEMENT

INTRODUCTORY STATEMENT

Caprius, Inc. is a Delaware corporation with our principal executive

Edgar Filing: CAPRIUS INC - Form PRE 14C

offices located at One Parker Plaza, Fort Lee, NJ 07024. Our telephone number is (201)592-8838.

At the request of our Board of Directors, we are sending this Information Statement to our stockholders to notify you about action that the holders of a majority of our outstanding voting capital stock (the "Majority Holders") took by written consent, on February 14, 2005, in lieu of a special meeting of the stockholders. The action contemplated thereby will be effective and implemented not less than twenty (20) calendar days after the mailing of this Information Statement to the stockholders.

Copies of this Information Statement are being mailed on or before March __, 2005 to the holders of record on February 14, 2005 of the outstanding shares of our common stock and preferred stock.

GENERAL INFORMATION

In accordance with the Delaware General Corporation Law, the Majority Holders authorized an amendment (the "Amendment") to our certificate of incorporation to effect a reverse stock split (the "Reverse Split") of our issued and outstanding shares of common stock at a ratio of one-for-twenty. The Amendment will not change the number of our authorized shares of common stock and preferred stock.

The reason for the Amendment and the Reverse Split is that on February 15, 2005, we completed a placement of 45,000 shares of Series C Preferred Stock at a price of \$100 per share and simultaneously issued 21,681 shares of Series C Preferred Stock in conversion or exchange of principal and interest on indebtedness in the aggregate amount of \$2,168,100. At that time, we did not have a sufficient number of authorized but unissued shares of common stock to effect the placement and the conversions/exchanges with noteholders, so we established the Series C Preferred Stock and issued an aggregate of 66,681 shares. In addition, the purchasers in the placement mandated that the common stock be split on a post-placement basis based upon their belief that a smaller number of shares of common stock may be beneficial for the trading in the common stock. As mentioned herein, the Series C Preferred Stock automatically converts into common stock upon the effectiveness of the Reverse Split. The Reverse Split would reduce the number of outstanding shares of Common Stock to permit the issuance of common stock upon conversion of the Series C Preferred Stock and to have additional authorized but unissued shares for future issuances.

Pursuant to Rule 14c-2 under the Securities Exchange Act of 1934, as amended, the Amendment and the resulting Stock Split will not be effected until a date at least 20 days after the date on which this Information Statement has been mailed to the stockholders. We anticipate that the Amendment will be

2

effected on or about the close of business on _____, 2005, and the Reverse Split will be effected immediately thereafter.

We ask all brokers and other custodians, nominees and fiduciaries who are holding our shares on behalf of beneficial owners to forward this Information Statement to the beneficial owners. We will reimburse the record holders for out-of-pocket expenses incurred in forwarding such material.

DESCRIPTION OF OUR CAPITAL STOCK

We are authorized to issue 50,000,000 shares of common stock and 1,000,000

Edgar Filing: CAPRIUS INC - Form PRE 14C

shares of preferred stock, of which 27,000 shares have been designated as Series B Convertible Redeemable Preferred Stock ("Series B") and 75,000 shares have been designated as Series C Mandatory Convertible Preferred Stock ("Series C"). At the close of business on February 14, 2005, we had 20,446,562 shares of common stock issued and outstanding, and 27,000 shares of Series B Preferred Stock issued and outstanding. On February 15, 2005, we issued and thereafter have outstanding 66,681 shares of Series C Preferred Stock.

Each share of our common stock entitles the holders to one vote on all matters to be voted on by stockholders. There is no cumulative voting with respect to the election of directors. The holders of shares of our common stock are entitled to dividends when and as declared by the Board of Directors from funds legally available and upon liquidation they are entitled to share pro rata in any distribution to holders of common stock, subject to the right of holders of our outstanding preferred stock. No dividends have ever been declared by the Board of Directors on the common stock. Holders of our common stock have no preemptive rights. There are no conversion rights or redemption or sinking fund provisions with respect to our common stock.

Each share of Series B Preferred Stock is convertible into 429.553 shares of common stock, or an aggregate of 1,159,793 shares of common stock, subject to customary anti-dilution provisions. The Series B Preferred Stock is convertible at the election of the holder for ten years from the date of purchase, August 18, 1997, and subject to mandatory conversion upon a change of control or the expiration of the ten year period. Unless an action adversely affects the rights, powers or privileges of the shares of the Series B Preferred Stock, the holders of Series B Preferred Stock are not entitled to vote on any matter. The Series B Preferred Stock has a liquidation preference of \$100 per share, on a pari passu basis with the shares of Series C Preferred Stock.

Each share of Series C Preferred Stock automatically converts into common stock at a price of \$.145 per share, subject to anti-dilution provisions, upon the effectiveness of the Reverse Split. The holder does not have any right of conversion. The holders of Series C Preferred Stock have the right to vote together with the holders of common stock as a single class on any matter which the holders of common stock are entitled to vote (including the election of directors), as if the Series C Preferred Stock had been converted into common stock. The Series C Preferred Stock has a liquidation preference of \$100 per share, on a pari passu basis with the shares of Series B Preferred Stock.

3

As determined by our Board of Directors, and without any action by stockholders, we may issue the remaining authorized preferred stock in one or more series having the rights, privileges, and limitations, including voting rights, conversion rights, liquidation preferences, dividend rights and redemption rights, as may, from time to time be determined by the Board at time of issuance. The preferred stock may be issued in the future in connection with acquisitions, financings, or other matters, as the Board of Directors deems appropriate. In the event that we determine to issue any shares of preferred stock, a certificate of designation containing the rights, privileges and limitations of this series of preferred stock will be filed with the Secretary of State of the State of Delaware. The effect of this preferred stock designation power is that our Board of Directors alone, subject to Federal securities laws, applicable blue sky laws, and Delaware law, may be able to authorize the issuance of preferred stock which could have the effect of delaying, deferring, or preventing a change in control without further action by our stockholders, and may adversely affect the voting and other rights of the holders of our common stock.

REASON FOR THE AMENDMENT AND THE REVERSE SPLIT

On February 15, 2005, we completed a private placement (the "Placement") for a gross purchase price of \$4.5 million to accredited investors of (i) 45,000 shares of Series C Preferred Stock, (ii) Series A Warrants to purchase an aggregate of 9,310,344 shares of Common Stock, at an exercise price of \$0.28 per share, exercisable for a period of five years, and (iii) Series B Warrants to

Edgar Filing: CAPRIUS INC - Form PRE 14C

purchase an aggregate of 3,103,448 shares of common stock at an exercise price of \$0.145 per share, exercisable in nine months for a period of five years from date of grant subject to termination upon a certain event.

In connection with the Placement, (i) the holders of \$1.5 million aggregate principal amount of 8% Senior Secured Convertible Promissory Notes issued by the Company from April 2004 through June 2004 (the "April Notes") pursuant to an Amendment and Conversion Agreement, amended and converted their April Notes, together with accrued and unpaid interest thereon, into Series C Preferred Stock, (ii) the holders of \$500,000 aggregate principal amount of promissory notes issued by the Company from January to March 2004 (the "January Notes") have, pursuant to an Exchange Agreement, exchanged their notes for Series C Preferred Stock, and (iii) the holders of loans to the Company in the aggregate principal amount of \$145,923 (the "Loans") have, pursuant to the Exchange Agreement, exchanged 50% of their Loans for Series C Preferred Stock, with the remaining 50% of their Loans and all accrued interest thereon to be paid in cash. An aggregate of 21,681 shares of Series C Preferred Stock was issued upon these conversions and exchanges, valued at one share of Series C Preferred Stock for each \$100 of principal or interest converted or exchanged. For additional information about the issuance of the Series C Preferred Stock, reference is made to the Form 8-K for an event of February 15, 2005 we filed with the Securities and Exchange Commission.

At the time of the Placement, we had outstanding 20,446,562 shares of common stock, 16,897,215 shares reserved for conversion of the Series B Preferred Stock and the April Notes and for exercise of options and warrants, and 22,500 shares held as treasury stock. This left 12,633,723 shares of common stock for other issuances, which was not sufficient to effect the Placement and the related conversions/exchanges of indebtedness.

Since we had desired to issue common stock in the Placement but did not have a sufficient number of shares to issue, we agreed with the placement agent to structure the Placement for the creation and issuance of the Series C Preferred with the automatic conversion to common stock when there would be a sufficient number of shares of common stock to effect the conversion. The placement agent and the lead investors sought that the common stock be reverse split in order to have a more orderly trading market. It was decided that having

6

the Reverse Split without changing the number of authorized shares of Common Stock would accomplish the desires objectives.

EFFECT OF REVERSE STOCK SPLIT

On February 14, 2005, as a condition precedent to closing the Placement, the Majority Holders approved the Amendment and the Reverse Split, subject to notice to the balance of the stockholders pursuant to an Rule 14C information statement. The Board of Directors believes that the Reverse Split is in the best interest of the Company because it may increase the marketability and liquidity of the common stock and allow the Company to have sufficient authorized but unissued shares of Common Stock for future issuances, as well as have accommodated the Placement.

Our common stock is listed for trading on the OTC Bulletin Board under the symbol CAPR.OB. On February 28, 2005, the reported closing price of the common stock on the OTC Bulletin Board was \$0.21 per share. Over the past 12 months, the closing prices ranged from \$0.05 to \$0.25 per share.

Edgar Filing: CAPRIUS INC - Form PRE 14C

Our Board of Directors believes that the current per share price of the common stock limits the effective marketability of the shares because of the reluctance of many brokerage firms and institutional investors to recommend lower-priced stocks to their clients or to hold them in their own portfolios. Moreover, our common stock may be deemed "penny stock" under Rule 15(g)(9) of the Exchange Act and be subject to the restrictions thereunder. Certain policies and practices of the securities industry may tend to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those policies and practices involve time-consuming procedures that make the handling of lower-priced stocks economically unattractive. The brokerage commission on a sale of lower-priced stock may also represent a higher percentage of the sale price than the brokerage commission on a higher-priced issue. Any reduction in brokerage commissions resulting from the Reverse Split may be offset, however, in whole or in part, by increased brokerage commission that may be required to be paid by stockholders selling "odd lots" created by such Reverse Split.

No assurance can be given, however, that the market price of the common stock post-Reverse Split will rise in proportion to the reduction in the number of outstanding shares resulting from the Reverse Split. In fact, in most reverse splits of other OTC Bulletin Board issuers, the multiple of the post-split market price over the pre-split market price is less than the reverse split multiple.

The shares of common stock to be issued pursuant to the Reverse Split will be fully paid and non-assessable. All shares of common stock post-Reverse Split will have the same par value, voting rights and other rights as the common stock, pre-reverse stock split.

The Reverse Split will be effectuated by reducing the number of issued and outstanding shares at a ratio of one for twenty. Accordingly, as a result of the Reverse Split, we will have outstanding 3,322,798 shares of common stock, giving effect to the conversion of the Series C Preferred Stock. In addition, we will reserve 1,052,848 shares for conversion of the Series B Preferred Stock and the exercise of options and warrants, and will have 45,624,354 authorized but

7

unissued shares which may be issued in connection with acquisitions or subsequent financings. There can be no assurance that we will be successful in making any such acquisitions or obtaining any such financings. We do not currently have any plans for the issuance of the shares of common stock for acquisitions or financings. Each of our stockholders may be diluted to the extent that any of the authorized but unissued shares are subsequently issued.

The Reverse Split will not alter any stockholder's percentage interest in our equity. No fractional shares shall be issued upon conversion and the number of shares of common stock to be issued shall be rounded down to the nearest whole share, except a holder of 19 shares or fewer shares will receive one share on a post-reverse split basis.

In addition, commencing with the effective date of the Reverse Split, all outstanding options, warrants and convertible securities entitling the holders thereof to purchase shares of the common stock will be adjusted to entitle such holders to receive, upon exercise of their options, warrants or convertible securities, as applicable, one-twentieth of a share for each share underlying his options, warrants or convertible securities, while the exercise or conversion price of his options, warrants and convertible securities will be increased twenty fold. For example, the holder of options to purchase 2,000 shares of common stock at an exercise price of \$0.15 per share will instead be

Edgar Filing: CAPRIUS INC - Form PRE 14C

entitled to purchase 100 shares at a price of \$3.00 per share.

Commencing at the close of business following the filing of the Amendment with the Secretary of State of the State of Delaware, each stock certificate representing shares of our common stock before such date will be deemed for all corporate purposes without any action on the part of our stockholders to evidence ownership of the decreased number of shares of our common stock resulting from the Reverse Split. We shall issue a press release announcing the effectiveness of the Reverse Split and any new trading symbol. As soon as practicable after such date, you will be notified as to the effectiveness of the Reverse Split and instructed as to how and when to surrender your certificates representing shares of pre-Reverse Split shares in exchange for certificates representing shares of post-Reverse Split shares. We intend to use our transfer agent American Stock Transfer & Trust Company as our exchange agent in effecting the exchange of certificates following the effectiveness of the Reverse Split.

We believe that the federal income tax consequences of the Reverse Split to holders of common stock will be as follows:

- (i) No income gain or loss will be recognized by a stockholder on the surrender of the current shares or receipt of the certificate representing post-Reverse Split shares.
- (ii) The tax basis of the post-Reverse Split shares will equal the tax basis of the pre-Reverse Split shares exchanged therefore.
- (iii) The holding period of the post-Reverse Split shares will include the holding period of the pre-Reverse Split shares if such pre-Reverse Split shares were held as capital assets.
- (iv) The conversion of the pre-Reverse Split shares into the post-Reverse Split shares will produce no taxable income or gain or loss to us.

8

Our understanding of the tax consequences of the Reverse Split is not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

THE ABOVE DISCUSSION IS A BRIEF SUMMARY OF THE EFFECTS OF FEDERAL INCOME TAXATION UPON THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE REVERSE SPLIT. THIS SUMMARY DOES NOT PURPORT TO BE COMPLETE AND DOES NOT ADDRESS THE FEDERAL INCOME TAX CONSEQUENCES TO TAXPAYERS WITH SPECIAL TAX STATUS. IN ADDITION, THIS SUMMARY DOES NOT DISCUSS THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE, AND DOES NOT DISCUSS ESTATE, GIFT OR OTHER TAX CONSEQUENCES OTHER THAN INCOME TAX CONSEQUENCES. WE ADVISE EACH PARTICIPANT TO CONSULT HIS OR HER OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF THE REVERSE SPLIT AND FOR REFERENCE TO APPLICABLE PROVISIONS OF THE INTERNAL REVENUE CODE.

You do not have the right to dissent and obtain an appraisal of your shares under Delaware law in connection with the Amendment described in this Information Statement.
