(1) Non-qualified options to acquire shares of Class B Common Stock of the Company were granted on December 4, 2001 (June 7, 2001 as to 100,000 shares for Mr. Powers) at 100% of the fair market value of the Class B Common Stock on the date of grant. No portion of the option is exercisable before the third anniversary of the date of grant; on the third anniversary of the date of grant the option becomes fully exercisable. The exercise price of an option may be paid in cash or in shares of either the Company's Class A Common Stock or Class B Common Stock, or a combination thereof. The 1973 Plan provides for the acceleration of all options (other than incentive stock options granted on or after January 1, 1987) in the event of a "Change of Control" as defined in the 1973 Plan. In the event of a Change of Control, all participants who are officers, and any other participants who are designated by the Compensation Committee, would have the right to surrender their then exercisable options, including those accelerated within the thirty-day period following the Change of Control and to receive in cash the amount by which the highest closing price within the sixty days preceding the Change of Control of the common stock underlying the option exceeds the option price for such common stock.

(2) The potential realizable value illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their ten-year term, assuming the specified compounded rates of appreciation on the Company's Class B Common Stock over the term of the options. PENSION PLANS

The Company has in effect a non-contributory defined benefit retirement plan for salaried employees ("Basic Plan") and a supplemental executive retirement plan ("SERP") which is an unfunded plan. The annual benefits under the Basic Plan are calculated as 1.50% of final compensation per year of total Company service, which includes both basic compensation and bonuses, reduced by 1.50% of primary social security benefit per year of service. SERP benefits are calculated as 6% of final total compensation (basic compensation and bonuses as reflected in the Salary and Bonus columns under the Summary Compensation Table on page 8 hereof) per year of SERP service up to a maximum of 60%, offset by benefits payable under the Basic Plan. Except as otherwise provided for certain SERP participants who have entered into Continuity Agreements with the Company (as referred to below, in Continuity Agreements, Severance Policy, and Change of Control Provisions) no SERP benefit is payable if a participant terminates employment prior to age 55 with less than 10 years of SERP service. The following table illustrates annual pension benefits pursuant to the SERP (which is greater in each instance than benefits payable under the Basic Plan) under the joint and survivor annuity form upon retirement at age 65 to executive officers in the specified salary classifications:

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The total direct compensation package for the Company's executives is made up of three elements: base salary, a short-term incentive program in the form of a discretionary, performance-based bonus, and long-term incentive program in the form of stock options.

Total direct compensation for the Chief Executive Officer and the four highest paid executive officers is based on the performance of the Company. The Compensation Committee also reviews compensation data provided by outside consultants. This data is provided for each element of the total direct compensation package for comparable positions within (i) companies in our industry of similar size, and (ii) companies in general industry of comparable size and complexity.

The Compensation Committee believes that companies in our industry of similar size provide limited comparison data and the use of a broader database, including companies from general industry, ensure more accurate comparisons and results.

Base salaries are determined by competitive data and individual levels of responsibility. Target levels for bonuses and stock options for each executive position are determined by competitive data; however, actual bonuses paid and the number of stock options granted each executive are based upon the achievement of Company financial and strategic plan goals which include factors such as net sales, net income, cash flow and earnings per share.

In the past few years, the Company has adopted a more aggressive incentive-pay-for-performance posture. During this period, the competitive position, or emphasis, on base salaries has been lowered. Bonus and stock option opportunities thereby represent a greater portion in the total direct compensation package, enhancing the Company's goal of linking pay more directly to financial performance.

While these comments are directed towards compensation for the Chief Executive Officer and the four other highest paid executive officers, the Compensation Committee employs similar procedures to determine the compensation levels of other executives as well.

BASE SALARY

The Company defines its market competitive position for base salaries as the 50th percentile. This represents a change over the years from a market competitive position of the 60th percentile for base salaries. To determine the salary for the Chief Executive Officer and the four highest paid executive officers, the Compensation Committee reviewed projected year 2001 salary data for companies within our industry and companies of comparable size and complexity. Based upon this data, base salaries were established to approximate the 50th percentile for comparable positions in companies both within our industry and companies from general industry. For year 2001, the base salaries of the Chief Executive Officer and the four other highest paid executive officers were not increased over the prior year. Mr. Powers, however, upon his promotion to President and Chief Executive Officer, effective July 1, 2001, did

Edgar Filing: HUBBELL INC - Form DEF 14A

receive an increase in base salary commensurate with his new position.

12

BONUS

Bonuses are paid pursuant to the Company's short-term incentive compensation plan and the Senior Executive Incentive Compensation Plan (the "Senior Executive Plan"). Under the incentive compensation plan as in effect through 2001, 5% of the amount by which the Company's consolidated earnings, as defined in the plan, for each fiscal year exceeds 10% of the invested capital and long-term debt at the beginning of such fiscal year is allocated to a bonus pool to be paid out to participating employees, including the executive officers. Awards in varying amounts may be made from the pool at the discretion of the Compensation Committee. Under the Senior Executive Plan, awards may be made based on performance goals including a percentage of the bonus pool described above. Awards under the Senior Executive Plan may only be reduced by the Compensation Committee.

To establish target levels for executive officers' bonus awards, the Compensation Committee uses data provided by outside consultants for comparable positions at companies within our industry and companies from general industry with comparable performance characteristics such as cash flow, return on net sales and return on equity.

In determining the year 2001 bonus award for each executive officer, the Compensation Committee's primary focus was the review of the year 2001 business plan with regard to net sales, pre-tax profit, cash flow, and earnings per share, compared to actual results. The Compensation Committee recognized the success the Company has had in achieving non-financial goals in the Company's acquisition and restructuring programs, and in making strategic plan decisions, which are expected to result in long-term growth and benefit the shareholders. As noted, however, the Compensation Committee gave greater consideration to short-term results. The Company fell short in achieving all of year 2001's financial objectives and, as a result, the year 2001 bonuses of the executive officers, including the Chief Executive Officer, were below target levels.

For the year 2001, the Compensation Committee had designated Mr. Ratcliffe as the sole participant in the Senior Executive Plan and established his objective performance goal by designating that a percentage of the short-term incentive compensation plan pool be paid to Mr. Ratcliffe. Since Mr. Ratcliffe retired as President and Chief Executive Officer, effective July 1, 2001, he was not eligible for a bonus for 2001.

At a meeting held on March 5, 2002, the Board of Directors of the Company, acting on the recommendation of the Compensation Committee of the Board of Directors, terminated the Company's short-term incentive compensation plan, effective retroactively to January 1, 2002. In its place, the Board of Directors adopted a new short-term incentive compensation plan, effective January 1, 2002 which plan contains many of the provisions of the former plan but which plan provides for the funding of bonus payments from the net assets of the Company.

STOCK OPTIONS

The Compensation Committee believes that the holding of Company stock represents a unity of interest between executives and shareholders. In determining target levels for stock option grants for each senior executive, the Compensation Committee reviews data provided by an outside consultant. The data provided is on comparable position pay levels at companies of comparable size in financial performance and complexity. The actual number of stock option grants for each executive officer is based upon the financial performance of the

Edgar Filing: HUBBELL INC - Form DEF 14A

Company, both in the short- and long-term. The Compensation Committee reviewed year 2001 net sales, pre-tax profit, cash flow and earnings per share. The Compensation Committee also reviewed long-term

13

strategic plans which will position the Company for greater growth. In determining awards of stock option grants, the Compensation Committee does not consider the executive officer's unexercised stock option grants.

In considering levels of stock option grants for the five highest paid executive officers, the primary focus was to link the executives' long-term compensation to the success of the Company's long-term strategic plans. The Compensation Committee recognized that while short-term financial goals have not been met, the Company has positioned itself for long-term growth which will benefit shareholders. As a result, the number of shares awarded under the year 2001 stock option grants to certain of the executive officers, including the Chief Executive Officer, increased over the prior year's level.

GENERAL MATTERS

Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code") limits to \$1 million annually the amount that can be deducted by a publicly held corporation for compensation paid to any of its top five executives (as indicated in the Summary Compensation Table for that year), unless the compensation in excess of \$1 million is performance based or meets certain other conditions. Payments under the Senior Executive Plan and options granted under the 1973 Plan with an exercise price of at least fair market value are intended to qualify as performance based compensation exempt from the limitations of Section 162(m) of the Code. Payments under the short-term incentive compensation plans are not intended to qualify as performance based compensation and may be subject to the \$1 million deductibility limitation of Section 162(m) of the Code.

The Compensation Committee believes that the total direct compensation package consisting of base salary, bonus, and stock options, is appropriate for the Company's executive officers and other executives, on the basis of competitive practice, along with the Company's performance against established short- and long-term financial performance goals.

CORPORATE PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on the Company's Class B Common Stock during the five fiscal years ended December 31, 2001 with a cumulative total return on the (i) Standard & Poor's MidCap 400 ("S&P MidCap"), and (ii) Hubbell Self-Constructed Peer Group Index ("HI Peer Group"). The comparison assumes \$100 was invested on January 1, 1997 in the Company's Class B Common Stock and in each of the foregoing indices and assumes reinvestment of dividends.

The HI Peer Group consists of corporations whose businesses are representative of the Company's business segments and, therefore, serves as a base for comparing total return to shareholders. The companies that comprise the HI Peer Group are (a) Cooper Industries, Inc., (b) Emerson Electric Co., (c) Thomas & Betts Corporation, (d) National Service Industries, Inc., and (e)

Edgar Filing: HUBBELL INC - Form DEF 14A

Woodhead Industries, Inc. The HI Peer Group has been weighted in accordance with each corporation's market capitalization (closing stock price multiplied by the number of shares outstanding) as of the beginning of each of the five years covered by the

14

performance graph. The weighted return for each year was calculated by assuming the products obtained by multiplying (a) the percentage that each corporation's market capitalization represents of the total market capitalization for all corporations in the index for each such year by (b) the total shareholder return for that corporation for such year.

EMPLOYMENT AGREEMENTS/RETIREMENT ARRANGEMENTS

The Company had agreed to employ Mr. Ratcliffe for a three-year period and Mr. Rowell for a two-year period at the respective salaries (effective January 1, 2001) of \$760,000 and \$416,000 per annum. The Agreements were automatically extended on a daily basis until notice of termination is given. In 1998, the Company gave notice under the Agreement to Mr. Ratcliffe that his employment agreement would terminate on May 15, 2001, and in the year 2000, the Company gave notice under the Agreement to Mr. Rowell that his employment agreement would terminate on July 7, 2002. Mr. Ratcliffe retired on July 1, 2001, and Mr. Rowell retired on October 1, 2001. The Agreements provide that upon termination of the respective Executive's employment (other than for cause), or if the Executive terminates his employment for certain reasons, he is entitled to receive the present value (discounted at 120% of the short term federal rate) of the amounts which would be received over the remainder of the term of the Agreement if he received during that

15

period an annual amount equal to the sum of (i) his current base salary and (ii) the average of the most recent bonuses that he received for the three prior fiscal years of the Company. In addition, Executive would be entitled for the remainder of the employment term to (i) various medical and health plans, (ii) death and accidental death benefits, (iii) office, secretarial and other benefits afforded to senior executives and (iv) continued participation in the SERP.

As a result of Mr. Ratcliffe's retirement, with the consent of the Company, as President and Chief Executive Officer, Mr. Ratcliffe will receive (a) annual benefit payments pursuant to the SERP of \$816,688; (b) post-retirement death benefit coverage of \$2,280,000, which will be reduced annually by 5% until the

Edgar Filing: HUBBELL INC - Form DEF 14A

benefit is reduced to a final amount of \$1,140,000; (c) an accidental death and dismemberment benefit in the amount of \$150,000; (d) consulting fee of \$10,000 per month for three years; (e) a lump sum payment of \$313,500; (f) his Company automobile; (g) use of an office and secretarial support for three years; (h) extension of the exercise period of the options granted to him from 1995 through 1998 until their respective original option expiration dates; (i) treatment as a "Covered Retiree" for purposes of the Company's supplemental medical plan, and (j) a retirement benefit under the Company's retirement plan for directors as described under "Compensation of Directors".

As a result of Mr. Rowell's retirement, with the consent of the Company, as Executive Vice President, Mr. Rowell will receive: (a) annual benefit payments pursuant to the SERP (with the early retirement reduction factors waived) of \$393,939; (b) post-retirement death benefit coverage of \$1,248,000, which will be reduced annually by 5% until the benefit is reduced to a final amount of \$624,000; (c) an accidental death and dismemberment benefit in the amount of \$150,000; (d) a present value lump sum payment of \$654,376, representing the balance of the term of his employment agreement plus three months; (e) his Company automobile; (f) \$150,228 representing miscellaneous benefits set forth in his employment agreement, such as office and secretarial support; (g) a lump sum payment of \$10,000 and (h) treatment as a "Covered Retiree" for purposes of the Company's supplemental medical plan.

CONTINUITY AGREEMENTS, SEVERANCE POLICY AND CHANGE OF CONTROL PROVISIONS

Continuity Agreements. The Company has entered into agreements (the "Continuity Agreements") with the executive officers (other than Mr. Ratcliffe) named in the Summary Compensation Table providing severance benefits in the event of a termination of employment in the circumstances described below following certain "change in control" events, as defined in the Continuity Agreements. The Continuity Agreements were effective as of December 27, 1999 through December 27, 2001. Thereafter, the Continuity Agreements automatically extend for additional one-year periods unless notice is given to the contrary by the Company at least 180 days prior to the renewal date. No such notice has been given. Unless previously terminated as described above, in the event of any change in control, the Continuity Agreements will remain in effect until the second anniversary thereof.

Severance benefits under the Continuity Agreements become payable in the event that, following (or, in certain circumstances, in anticipation of) a change in control, the executive is terminated without "cause" (generally defined to include (a) continued and willful failure to perform the executive's duties after receipt of a written demand to perform, (b) gross misconduct materially and demonstrably injurious to the Company and (c) conviction of, or plea of nolo contendere to, a felony) or the executive terminates employment for "good reason" (generally defined to include (a) material and adverse changes in the executive's duties and

16

responsibilities, (b) reduction in cash compensation or failure to annually increase base salary, (c) relocation of the executive's workplace and (d) any election by the executive to terminate employment during a thirty-day period following the first anniversary of the change in control. The benefits payable under the agreements include (i) a lump sum amount equal to three times the sum of the executive's annual base salary and annual bonus (as calculated under the Continuity Agreements), (ii) continuation of certain of the executive's perquisites for a period of 36 months after termination, (iii) a pro-rated portion of the executive's annual target bonus for the year in which termination occurs, (iv) enhanced benefits under the Company's SERP, (v) outplacement services at a cost to the Company not exceeding 15% of the executive's annual base salary, (vi) medical, dental and life insurance coverage for up to 36

Edgar Filing: HUBBELL INC - Form DEF 14A

months after termination, and (vii) all other accrued or vested benefits to which the executive is entitled under benefit plans in which the executive is participating (offset by any corresponding benefits under the Continuity Agreements). In addition, the executive is entitled to a gross-up payment from the Company to cover any excise taxes (and any income taxes on the gross-up amount) imposed on these severance payments and benefits as a result of their being paid and provided in connection with a change in control, unless the total value of such payments and benefits is less than \$50,000 higher than the greatest amount which could be paid without being subject to excise taxes (in which event such payments and benefits will be reduced by the amount of the excess). The Continuity Agreements do not affect the rights of an executive under any employment agreement to which the executive may be a party immediately prior to a change in control (including the agreements referred to above under "Employment Agreements"), but payment of benefits thereunder will reduce any corresponding benefit under an executive's Continuity Agreement.

Severance Policy and Change of Control Provisions. The Company has a severance policy which covers corporate officers and other individuals. The policy provides that if an eligible individual's employment is terminated (other than for cause), or if the eligible individual terminates his employment for any of the reasons noted below within three years after the occurrence of certain "Change of Control" events, he is entitled to receive the present value (discounted at 120% of the short term federal rate) of the severance amounts provided under the policy. The formula in the case of corporate officers is based upon eight weeks of base salary continuation for each full year of service, subject to a minimum of 26 weeks and a maximum of 104 weeks, with the formula amount reduced to 67% and 33% thereof, respectively, if termination occurs in the second and third year following the Change of Control event. In addition, upon such termination of employment, the eligible individual would be entitled to (a) a bonus of no less than his target bonus for the year in which the Change of Control occurs, pro rated for the number of months to such termination, and (b) for the period the base salary would have been continued even though paid as a lump sum (i) various medical and health plans, and (ii) death and accidental death benefits. The reasons for which the eligible individual may terminate his employment include: diminution in his authority, reduction in his compensation level, relocation or adverse modification of his benefits under bonus, benefit or similar plans.

The 1973 Plan provides for the acceleration of all options (other than incentive stock options granted on or after January 1, 1987) in the event of a "Change of Control" as defined in the 1973 Plan. (See footnote (1) to the table captioned "Options/SAR Grants During 2001 Fiscal Year.") In the event that a 1973 Plan participant retires (whether or not a Change of Control has occurred) with the consent of the Company, the Compensation Committee may, in its discretion, extend the exercise period of the participant's exercisable option to the date on which the option would expire in the event that the participant had continued to be employed by the Company.

17

Certain provisions of the SERP do not take effect until the occurrence of certain "Change of Control" events. Among others, provisions in the SERP providing for (i) the suspension, reduction or termination of benefits in cases of gross misconduct by a participant (as determined in the sole discretion of the Compensation Committee); (ii) the forfeiture of benefits if a retired participant engages in certain proscribed competitive activities; (iii) the reduction in benefits upon the early retirement of a participant; and (iv) the off-set of amounts which a participant may then owe the Company against amounts then owing the participant under the SERP, are automatically deleted upon the occurrence of a Change of Control event. In addition, neither a participant's years of service with the Company (as calculated for the purpose of determining eligibility for benefits under the SERP), nor benefits accrued under the SERP

Edgar Filing: HUBBELL INC - Form DEF 14A

prior to the Change of Control event, may be reduced after the occurrence of a Change of Control event. If a participant's employment is terminated after a Change of Control, unless the participant elects to receive a distribution of benefits under the SERP in installment payments, the participant will receive payment of his benefits in one lump sum (utilizing actuarial assumptions established in the SERP) within 10 days after termination. The SERP requires the Company, upon a Change of Control, to establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments to participants.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16 of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file reports of ownership and changes to ownership of the Company's stock. To the best of the Company's knowledge, all required forms were filed on time with the Securities and Exchange Commission, except that, due to a Company oversight, a Form 4 filing by the former Executive Vice President and Chief Operating Officer relating to the exercise of stock options in June, 2001, was not timely filed.

COMPENSATION OF DIRECTORS

Each Director receives \$40,000 (plus an additional \$3,000 for serving as a committee chairman) per year compensation from the Company plus \$1,500 for each board and board committee meeting (including meetings concerning nominations and management succession planning) attended, together with the expenses, if any, of such attendance. Directors also receive \$1,500 for each rendition of consulting services otherwise than as part of a board or committee meeting. No such consulting services were rendered during 2001. The Company and all current Directors (other than Messrs. Powers and Ratcliffe) have entered into an agreement to defer receipt of all or a portion of such fees pursuant to a deferred compensation agreement providing for payment of the fees in stock units (each stock unit consisting of one share each of the Company's Class A Common Stock and Class B Common Stock), subject to certain terms and conditions of the Deferred Compensation Plan under which the fees are deferred, upon their termination of service as Directors of the Company. Dividend equivalents are paid on the stock units and are converted into additional stock units. Certain provisions of the deferred compensation program do not take effect until the occurrence of certain "Change of Control" events, as defined in the plan. After the occurrence of a Change of Control event, the plan may not be amended without the prior written consent of an affected participant and no termination of the plan shall have the effect of reducing any benefits accrued under the plan prior to such termination. Further, in the event of a Change of Control, any stock unit credited to a Director's account shall be immediately converted into a right to receive cash and shall thereafter be treated in all respects as part of such Director's cash account. Following a Change of Control, unless a Director has already confirmed his election to receive installment payments, the cash account will be paid out in one lump sum on the earlier to occur of (x) the 30th day after the date the Director retires or otherwise

18

separates from service with the Board, if such retirement or separation occurs after January 1 but before November 1 of any calendar year and (y) the January 1 of the year following the Director's retirement or separation from service. In addition, in the event that any Directors confirm their elections to receive payment of their cash and/or stock unit accounts in installment payments, the Company will establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments, after a Change of Control, to any Directors who elect to receive installment payments.

The Company also has a retirement plan for Directors who are not employees or officers of the Company and who do not qualify to receive a retirement

Edgar Filing: HUBBELL INC - Form DEF 14A

benefit under any pension plan of the Company or its subsidiaries ("Eligible Directors"). Under this plan, an Eligible Director retiring at or after age 70 with at least ten years of service as a Director is paid annually for life an amount equal to (i) his Base Retainer (as defined below), (ii) an additional 10% of the Base Retainer, and (iii) any additional amounts paid for service as Committee Chairman. A retiring Eligible Director who had reached age 70 and had served for at least five but less than ten years as a Director would be entitled to a reduced amount equal to 50% of his Base Retainer, plus 10% of such Base Retainer for each year of service beyond five years up to a maximum of nine years. An Eligible Director who retires prior to age 70 with five or more years of service as a Director receives a retirement benefit commencing at age 70 calculated as described above on the basis of his Base Retainer in effect during the calendar year immediately preceding his actual retirement date. The plan also provides that a Director who was a retiree of the Company whether or not qualified for a retirement benefit under any pension plan of the Company but who had at least five years of service as a Director subsequent to such retirement is entitled to a retirement benefit under the plan at a reduced amount equal to 25% of the Base Retainer. Except as otherwise provided in the event of a Change of Control, benefits payable under this plan are not funded but are paid out of the general funds of the Company. Director contributions to this plan are not permitted. Certain provisions of the retirement plan do not take effect until the occurrence of certain "Change of Control" events, as defined in the plan. Among others, provisions in the plan providing for (i) the suspension, reduction or termination of benefits in cases of gross misconduct by a participant (as determined in the sole discretion of the Compensation Committee); and (ii) the forfeiture of benefits if a retired participant engages in certain proscribed competitive activities, are automatically deleted upon the occurrence of a Change of Control event. In addition, in the event of a Change of Control, if thereafter a Director retires or otherwise separates from service with the Board (or already has), unless the Director otherwise elects to receive installment payments, the Director's benefit payable under the retirement plan will be paid out in one lump sum (utilizing actuarial assumptions established in the plan) on the 30th day after the later to occur of (x) the date the Change of Control is consummated and (y) the date the Director retires or otherwise separates from service. For purposes of the plan, the term "Base Retainer" is defined as the annual retainer in effect during the calendar year immediately preceding the year in which the Director retires. The plan requires the Company to establish a grantor trust for the purpose of holding assets in respect of the Company's obligations to make payments, after a Change of Control, to any Directors who elect to receive installment payments.

MATTERS RELATING TO DIRECTORS

Mr. Hoffman, a Director of the Company, retired as a partner of the law firm of Simpson Thacher & Bartlett on December 31, 1999, but remained of Counsel. Simpson Thacher & Bartlett rendered legal services to the Company during the fiscal year ended December 31, 2001.

RATIFICATION OF THE SELECTION OF AND RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

GENERAL

The selection of independent accountants to examine the financial statements of the Company made available or transmitted to shareholders and filed with the SEC for the year 2002 is to be submitted to the meeting for ratification or rejection. PricewaterhouseCoopers LLP, 300 Atlantic Street, Stamford, Connecticut, has been selected by the Board of Directors of the Company to examine such financial statements.

Edgar Filing: HUBBELL INC - Form DEF 14A

PricewaterhouseCoopers LLP have been independent accountants of the Company for many years. The Company has been advised that a representative of PricewaterhouseCoopers LLP will attend the Annual Meeting to respond to appropriate questions and will be afforded the opportunity to make a statement if the representative so desires.

The aggregate fees billed for professional services provided by PricewaterhouseCoopers LLP to the Company and its subsidiaries for the year ended December 31, 2001, were as follows:

- Audit Fees -- \$697,400
- Financial Information Systems Design and Implementation Fees -- \$0
- All Other Fees -- \$1,470,710 (principally for acquisition due diligence and tax compliance services)

The Audit Committee considered whether the rendering of non-audit services by PricewaterhouseCoopers LLP to the Company is compatible with maintaining their independence.

If the proposal to ratify the selection of PricewaterhouseCoopers LLP is not approved by the shareholders, or if prior to the 2003 Annual Meeting, PricewaterhouseCoopers LLP declines to act or otherwise becomes incapable of acting, or if its employment is discontinued by the Board of Directors, then the Board of Directors will appoint other independent accountants whose employment for any period subsequent to the 2003 Annual Meeting will be subject to ratification by the shareholders at that meeting.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of independent Directors functioning in accordance with a written charter (the "Charter") adopted and approved by the Board of Directors in May, 2000, which Charter is reviewed annually by the Audit Committee. As provided in the Charter, the Audit Committee assists the Company's Directors in fulfilling their responsibilities relating to corporate accounting, the quality and integrity of the Company's financial reports, and the Company's reporting practices. The functions of the Audit Committee are further described elsewhere in this proxy statement (see page 6 hereof.)

20

In connection with the discharge of its responsibilities, the Audit Committee has taken a number of actions, including, but not limited to, the following:

- the Audit Committee reviewed and discussed with management and the independent accountants the Company's audited financial statements;
- the Audit Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees); and
- the Audit Committee received from the independent accountants the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed their independence with them and satisfied itself as to the independence of the independent accountants.

Edgar Filing: HUBBELL INC - Form DEF 14A

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the SEC.
