Besides, on May 16, 2003, the company entered into a liquidity agreement with CIC Securities in compliance with the ethics charter of the Association Française des Entreprises d Investissement (AFEI) approved by the Commission des Opérations de Bourse on April 10, 2001.

The CIC Securities mandate has for only objective to support the liquidity of the transactions and a regular market share rate, in compliance with the rules of operation of the market. The CIC Securities acts in full independence and does not receive any instruction from the Company in order to direct its interventions.

Upon implementation of this contract, the Company allocated an amount of 360 000 to the liquidity account. The Company's share represents 90% of the aforesaid account.

The transactions under the liquidity agreement were made with the objective to stabilize the share market rate by systematic interventions against the market trend. The transactions made directly by the company were carried out in accordance with the stock market situation.

Pursuant to COB Regulation N°98-02 as modified by Regulations N°2000-06 and 2003-06, the present document describes the objectives and conditions of the renewal of the share repurchase programme as well as its assessed consequences on the situation of the shareholders.

I PURPOSE OF THE REPURCHASING PROGRAMME

The objectives of this programme would be, by order of priority, the following :

sell and purchase shares in accordance with the stock market situation,

stabilize the share market rate by systematic interventions against the market trend,

give shares in exchange in the scope of external growth or when issuing securities giving access to the share capital of the company,

purchase shares in the scope of the issuance of rights connected to securities entitling their holders to receive company shares by redemption, conversion, exchange, presentation of a warrant or by any other means,

implement purchase or sale of shares program in the scope of the allocation to employees of options to purchase shares of the Company.

In accordance with such objectives, the treasury shares so acquired could be either:

kept,

or, transferred, by any means including exchange of securities, sale on the stock market or by individual agreement, or through a sale of a block of shares,

or cancelled, provided such cancellation is authorized by an extraordinary general meeting.

As of today, the Company does not intend to have any shares cancelled.

II The legal framework / characteristics of the repurchasing programme

This programme will be submitted to the Combined Annual General Meeting for approval on 13th May 2004 and will be implemented in accordance with Article L.225-209 of the Commercial Code. The resolution relating to this authorisation is drafted as follows :

NINTH RESOLUTION

(Delegation of powers and authority to the Board of Directors to purchase Company shares)

Having heard the report of the Board of Directors and the information notice approved by the Autorité des Marchés Financiers , the General Meeting authorizes the Board of Directors, in accordance with

Table of Contents

the provisions of articles L.225-209 and seq. of the Commercial Code, to purchase, sell and transfer Company shares under the conditions set forth hereinunder.

These transactions may be carried out at any time in accordance with the applicable regulations. The maximum purchase price per share shall be 80.

The maximum number of shares that the Company may hold shall not exceed at any time 10 % of the capital. For information only, the company held as of December 31, 2003, 44 299 treasury shares out of an aggregate amount of the 11 680 718 shares constituting the company share-capital. In such conditions, the maximum amount of shares that the Company could purchase would be 1 123 772 shares, corresponding to an investment of a maximum amount of 89 901 760.

The shares may be acquired, sold or transferred, on one or several occasions, by any means, including by individual agreement or stock market purchase, by an offer to buy, or by block of shares and at any moment, including during a take-over bid. The maximum amount of share-capital that can be purchased or transferred as block of shares can reach the whole amount of this program.

The objectives of this share purchase program are, by order of priority, the following:

sell and purchase shares in accordance with the stock market situation,

stabilise the share market rate by systematic interventions against the market trend,

give shares in exchange in the scope of external growth or when issuing securities giving access to the share capital of the company,

purchase shares in the scope of the issuance of rights connected to securities entitling their holders to receive company shares by redemption, conversion, exchange, presentation of a warrant or by any other means,

implement purchase or sale of shares program in the scope of the allocation to employees of options to purchase shares of the Company.

In accordance with such objectives, the treasury shares so acquired may be either:

kept,

or, transferred, by any means including exchange of securities, sale on the stock market or by individual agreement, or through a sale of a block of shares,

or cancelled, provided such cancellation is authorized by an extraordinary general meeting.

The Board of Directors is expressly authorized to delegate the execution of the decisions taken in the present authorization to the Chairman, with the right to sub-delegate.

This authorization cancels, for the remainder of its period of validity, and replaces the authorization granted to the Board of Directors by the General Meeting held on May 15, 2003, in its eleventh resolution. This authorization shall remain valid until the shareholders decide otherwise and for a maximum period of eighteen months from this day.

III Modalities

1. The maximum share of the capital authorised for repurchase

Pursuant to the ninth resolution, the maximum share of the capital, which CGG is authorised to acquire, is limited to 10 % of the capital.

For information only and on the basis of the number of shares constituting the share-capital of the Company as of March 31, 2004 and after deduction of the 54 017 treasury stock acquired at that same date, the maximum number of shares that the Company would be allowed to acquire is 1 114 054 shares (i.e. 9.54% of the share capital), i.e. a maximum theoretical investment of 89 124 320 on the basis of the highest purchase price per share of 80 as provided for in the ninth resolution

The sale price per share shall not be less than 15.

The Company undertakes not to exceed at any time, whether directly or indirectly, the limit of 10 % of ownership of its own share capital. The amount of the free reserves of the Company as of December 31, 2003 is 299.6 million; pursuant to the law, the programme amount shall not exceed such figure until the closing of 2004 financial statements.

2. Repurchasing conditions

Shares may be purchased by any means, including, as the case may be, by individual agreement or stock market purchase, or by an offer to buy, or by block of shares, and at any moment, including during a take-over bid in accordance with the stock market regulation. Purchase or sale by blocks can be made for the whole amount of the programme. It is specified that the Company will not use financial derivatives.

3. Duration and timetable of the programme

The duration of the programme will be 18 months from the date on which the ninth resolution is approved by the shareholders at the Combined Annual General Meeting on May 13th, 2004, i.e until November 12, 2005.

Pursuant to article L.225-209 of the Commercial Code, the shares can only be cancelled within the limit of 10% of the share-capital, in a 24-month period.

4. Financing for the repurchasing programme

The Company intends to finance the possible implementation of the repurchasing programme from its own financial resources and if needed by short or medium-term additional debt. The net cash position of the Group at December 31, 2003 amounts to 93 million, the net debt amounts to 139 million and the shareholders equity amounts to 397 million.

IV ITEMS PERMITTING TO ASSESS THE IMPACT OF THE PROGRAMME ON THE FINANCIAL CONDITION OF THE COMPANY

The theoretical assessment of the programme impact on the consolidated statements of the company as of December 31, 2003, has been carried out based on the following assumptions:

Market price of the repurchased shares: 37.25 per share representing the average market price of CGG shares between February 27, 2004 and March 25, 2004

The net tax interest rate of the financing of the programme: 1.5%

- * The diluted net result per share can take into account an adjustment of the number of shares as well as of the net result, pursuant to the concerned instrument and the calculation method adopted by the Company.

V The tax rules governing repurchase**1. For the owner**

The repurchase by CGG of its own shares may have an effect on its taxable result should transfer take place at a price that is different from its initial purchase price.

2. For the seller

The capital gains system of taxation applies to all share repurchase transactions, whatever the objective pursued. The gains realised by a legal entity will be subject to the professional capital gains system (Article 39 subsection 12 of the General Tax Code). The gains realised by a natural person are in practice subject to the system provided for in Article 150-OA of the General Tax Code. According to this system, capital gains are only taxed at the rate of 16% (26% including social charges) if the total annual amount of the sales carried out by the shareholder whose shares are repurchased exceeds 15 000. Non-resident shareholders are not taxable in France.
