Approximate date of commencement of proposed sale to the public: As soon as practicable after the effective date of this Registration Statement.

If the securities being registered on this form are being offered in connection with the formation of a holding company and there is compliance with General Instruction G, check the following box. o

If this form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering. o

If this form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement

for the same offering. o

The Registrants hereby amend this Registration Statement on such date or dates as may be necessary to delay its effective date until the Registrants shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until this Registration Statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this Exchange Offer Prospectus may change. We may not offer these securities until the registration statement filed with the Securities and Exchange Commission is effective. This Exchange Offer Prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

EXCHANGE OFFER PROSPECTUS

CCHC, LLC, CCH II, LLC and CCH II Capital Corp.
Offer to Exchange up to $450,000,000 Principal Amount Outstanding of
Charter Communications, Inc. s
5.875% Convertible Senior Notes due 2009
(CUSIP Nos. 16117MAE7 and 16117MAD9)

The Exchange Consideration offered per $1,000 principal amount of Charter Communications, Inc. s (Charter) 5.875% convertible senior notes due 2009 (the Convertible Notes) validly tendered for exchange and not validly withdrawn on or prior to the Expiration Date (as defined below) consists of:

$417.75 in cash,

100 shares of Charter s Class A Common Stock, par value $0.001 (the Class A Common Stock) and

$325.00 principal amount of 10.25% Senior Notes due 2010 issued by CCH II (the CCH II Notes), as an add-on to its currently outstanding series.

This Exchange Offer will expire at 11:59 p.m., New York City time, on September 8, 2006, unless extended or earlier terminated (such date, as the same may be extended or earlier terminated, the Expiration Date). Holders of Convertible Notes (as defined below) must tender their Convertible Notes for exchange on or prior to the Expiration Date to receive the Exchange Consideration (as defined below).

CCHC, LLC (CCHC) and CCH II, LLC and CCH II Capital Corp. (collectively, CCH II and, together with CCHC, the Offerors) hereby offer up to $187,987,500 in cash, 45,000,000 shares of Class A Common Stock and $146,250,000 principal amount of CCH II Notes to holders (the Holders) of up to $450,000,000 of Charter s $862,500,000 principal amount outstanding Convertible Notes who elect to exchange their Convertible Notes upon the terms and subject to the conditions set forth in this Exchange Offer Prospectus (this Exchange Offer Prospectus) and in the accompanying Letter of Transmittal (the Letter of Transmittal and together with this Exchange Offer Prospectus, the Exchange Offer). The Convertible Notes are not listed on any national securities exchange but are eligible for trading on the PORTAL Market.

The Exchange Offer is not conditioned on a minimum amount of Convertible Notes being tendered. The Offerors will not accept for exchange more than $450,000,000 principal amount of Convertible Notes (the Maximum Amount). As a result, if more than the Maximum Amount of Convertible Notes is validly tendered and not validly withdrawn, the Offerors will accept Convertible Notes from each Holder pro rata, based on the total principal amount of Convertible Notes validly tendered and not validly withdrawn.

The CCH II Notes being offered as part of the Exchange Consideration will be issued under a temporary CUSIP number until the next interest payment date, which is expected to be September 15, 2006, at which time it is expected that they will be mandatorily merged into the existing CUSIP number of approximately $1.6 billion outstanding principal amount of CCH II Notes. The CCH II Notes are not listed on any national securities exchange but are eligible for trading on the PORTAL Market.

The Class A Common Stock is traded on the Nasdaq Global Market under the symbol CHTR.

In addition to the Exchange Consideration, we will pay accrued interest on the Convertible Notes from and after the last interest payment date (which was May 16, 2006) up to, but not including, the Settlement Date.

The Settlement Date in respect of any Convertible Notes that are validly tendered for exchange and not validly withdrawn is expected to be not later than the fourth day following the Expiration Date.

Exchange of the Convertible Notes and an investment in our Class A Common Stock and CCH II Notes involves risks. See Recent Events on page 1 and Risk Factors on page 22 for a discussion of issues that you

should consider with respect to the Exchange Offer.

You must make your own decision whether to exchange any Convertible Notes pursuant to the Exchange Offer, and, if you wish to exchange Convertible Notes, the principal amount of Convertible Notes to tender. In addition, you must make your own decision as to whether to unwind any hedged positions you hold with respect to your Convertible Notes. Neither Charter, CCHC, CCH II, their subsidiaries nor their respective Boards of Directors make any recommendation as to whether Holders should exchange their Convertible Notes or unwind any hedged positions with respect to the Convertible Notes.

Neither this transaction nor the securities to be issued upon exchange of the Convertible Notes have been approved or disapproved by the Securities and Exchange Commission or any state securities commission. Neither the Securities and Exchange Commission nor any state securities commission has passed upon the fairness or merits of this transaction or upon the accuracy or adequacy of the information contained in this document. Any representation to the contrary is a criminal offense.

The Dealer Managers for the Exchange Offer are:

Citigroup **Banc of America Securities LLC**

The Date of this Exchange Offer Prospectus is August 28, 2006.

IMPORTANT

Convertible Notes tendered for exchange may be validly withdrawn at any time up until 11:59 p.m., New York City time, on the Expiration Date. In the event of a termination of the Exchange Offer, the Convertible Notes tendered for exchange pursuant to the Exchange Offer will be promptly returned to the tendering Holders. Likewise, any Convertible Notes not accepted for exchange because the Maximum Amount has been exceeded will be promptly returned to the tendering Holders.

Convertible Notes tendered for exchange, along with completed Letters of Transmittal and any other required documents should be directed to the Exchange Agent (as defined below). Any requests for assistance in connection with the Exchange Offer or for additional copies of this Exchange Offer Prospectus or related materials should be directed to the Information Agent (as defined below). Any additional questions regarding the Exchange Offer should be directed to either of the Dealer Managers (as defined below). Contact information for the Information Agent, the Exchange Agent and the Dealer Managers is set forth on the back cover of this Exchange Offer Prospectus. Neither we nor any of the Dealer Managers, the Trustee (as defined below), the Information Agent or the Exchange Agent make any recommendation as to whether or not Holders should tender their Convertible Notes for exchange pursuant to the Exchange Offer.

The Information Agent for the Exchange Offer is Global Bondholder Services Corporation (the Information Agent). The Exchange Agent for the Exchange Offer is Global Bondholder Services Corporation (the Exchange Agent). Citigroup and Banc of America Securities LLC (the Dealer Managers) are acting as dealer managers in connection with the Exchange Offer.

Subject to the terms and conditions set forth in the Exchange Offer, the Exchange Consideration to which a tendering Holder is entitled pursuant to the Exchange Offer will be paid on the Settlement Date. Under no circumstances will any interest be payable because of any delay in the transmission of the Exchange Consideration to Holders by the Exchange Agent.

Notwithstanding any other provision of the Exchange Offer, the Offerors obligation to pay the Exchange Consideration for Convertible Notes validly tendered for exchange and not validly withdrawn pursuant to the Exchange Offer is subject to, and conditioned upon, the satisfaction or waiver of, the conditions described below under Description of the Exchange Offer Conditions to the Exchange Offer.

The Offerors reserve the right, in their sole discretion, to waive any one or more of the conditions to the Exchange Offer at any time. See Description of the Exchange Offer Conditions to the Exchange Offer.

The Offerors reserve the right to extend the Exchange Offer, if necessary, so that the Expiration Date occurs upon or shortly after the satisfaction of the conditions to the Exchange Offer.

Subject to applicable securities laws and the terms set forth in this Exchange Offer, the Offerors reserve the right:

- to waive any and all conditions to the Exchange Offer;
- to extend the Exchange Offer;
- to terminate the Exchange Offer, but only if any condition to the Exchange Offer is not satisfied (see Description of the Exchange Offer Conditions to the Exchange Offer); or
- otherwise to amend the Exchange Offer in any respect; however, the Offerors do not currently intend to change the amount of Class A Common Stock offered to more than 134 shares or less than 67 shares per $1,000 principal amount of Convertible Notes.

In accordance with applicable securities laws, if a material change occurs in the information published, sent or given to Holders, the Offerors will promptly disclose the change in a manner reasonably calculated to inform Holders of the change.

Table of Contents

In the event that the Exchange Offer is withdrawn or otherwise not completed, the Exchange Consideration will not be paid or become payable to Holders of the Convertible Notes who have validly tendered their Convertible Notes for exchange in connection with the Exchange Offer and the Convertible Notes tendered for exchange pursuant to the Exchange Offer will be promptly returned to the tendering Holders.

Any Holder who desires to tender Convertible Notes pursuant to the Exchange Offer and who holds physical certificates evidencing such Convertible Notes must complete and sign a Letter of Transmittal in accordance with the instructions therein, have the signature thereon guaranteed (if required by Instruction 4 of the Letter of Transmittal) and send or deliver such manually signed Letter of Transmittal (or a manually signed facsimile thereof), together with certificates evidencing such Convertible Notes being tendered and any other required documents to the Exchange Agent at its address set forth on the back cover of this Exchange Offer Prospectus. Only Holders of Convertible Notes are entitled to tender Convertible Notes for exchange.

Beneficial owners of Convertible Notes that are held of record by a broker, dealer, commercial bank, trust company or other nominee must instruct such nominee to tender the Convertible Notes for exchange on the beneficial owner s behalf. A letter of instructions is included in the materials provided along with this Exchange Offer Prospectus, which may be used by a beneficial owner in this process to effect the tender of Convertible Notes for exchange. See Description of the Exchange Offer Procedure for Tendering Convertible Notes.

The Depository Trust Company (DTC) has authorized DTC participants that hold Convertible Notes on behalf of beneficial owners of Convertible Notes through DTC to tender their Convertible Notes for exchange as if they were Holders. To tender their Convertible Notes for exchange, DTC participants may, in lieu of physically completing and signing the Letter of Transmittal, transmit their acceptance to DTC through the DTC Automated Tender Offer Program (ATOP), for which the transaction will be eligible, and follow the procedure for book-entry transfer set forth in Description of the Exchange Offer Procedure for Tendering Convertible Notes.

Converting Holders will not be obligated to pay brokerage fees or commissions to the Dealer Managers, the Exchange Agent, the Information Agent, the Trustee or the Offerors.

Any requests for assistance in connection with the Exchange Offer or for additional copies of this Exchange Offer Prospectus or related materials should be directed to the Information Agent. Any additional questions regarding the Exchange Offer should be directed to either of the Dealer Managers. Contact information for the Information Agent and the Dealer Managers is set forth on the back cover of this Exchange Offer Prospectus. Beneficial owners may also contact their brokers, dealers, commercial banks, trust companies or other nominees through which they hold the Convertible Notes with questions and requests for assistance.

This Exchange Offer Prospectus and the Letter of Transmittal contain important information that should be read before any decision is made with respect to a exchange of Convertible Notes.

The delivery of this Exchange Offer shall not under any circumstances create any implication that the information contained herein is correct as of any time subsequent to the date hereof or that there has been no change in the information set forth herein or in any attachments hereto or in the affairs of Charter or any of its subsidiaries or affiliates since the date hereof.

This Exchange Offer does not constitute an offer to sell or exchange or a solicitation of an offer to buy or exchange securities in any jurisdiction where it is unlawful to make such an offer or solicitation.

No one has been authorized to give any information or to make any representations with respect to the matters described in this Exchange Offer Prospectus, other than those contained in this Exchange Offer Prospectus. If given or made, such information or representation may not be relied upon as having been authorized by us.

Table of Contents

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Exchange Offer Prospectus includes forward-looking statements regarding, among other things, our plans, strategies and prospects, both business and financial. Although we believe that our plans, intentions and expectations reflected in or suggested by these forward-looking statements are reasonable, we cannot assure you that we will achieve or realize these plans, intentions or expectations. Forward-looking statements are inherently subject to risks, uncertainties and assumptions. Many of the forward-looking statements contained in this Exchange Offer Prospectus may be identified by the use of forward-looking words such as believe, expect, anticipate, should, planned, wil intend, estimated, aim, on track and potential, among others. Important factors that could cause actual results to materially from the forward-looking statements we make in this Exchange Offer Prospectus are set forth in this Exchange Offer Prospectus and in other reports or documents that we file from time to time with the SEC and include, but are not limited to:

- the availability, in general, of funds to meet interest payment obligations under our debt and to fund our operations and necessary capital expenditures, either through cash flows from operating activities, further borrowings or other sources and, in particular, our ability to be able to provide under applicable debt instruments and applicable law such funds (by dividend, investment or otherwise) to the applicable obligor of such debt;
- our ability to comply with all covenants in our indentures and credit facilities, any violation of which would result in a violation of the applicable facility or indenture and could trigger a default of other obligations under cross-default provisions;
- our ability to pay or refinance debt prior to or when it becomes due and/or to take advantage of market opportunities and market windows to refinance that debt through new issuances, exchange offers or otherwise, including restructuring our balance sheet and leverage position;
- our ability to sustain and grow revenues and cash flows from operating activities by offering video, high-speed Internet, telephone and other services and to maintain and grow a stable customer base, particularly in the face of increasingly aggressive competition from other service providers;
- our ability to obtain programming at reasonable prices or to pass programming cost increases on to our customers;
- general business conditions, economic uncertainty or slowdown; and
- the effects of governmental regulation, including but not limited to local franchise authorities, on our business.

All forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by this cautionary statement.

Table of Contents

SUMMARY

The following summary is provided solely for the convenience of the Holders of the Convertible Notes. This summary is not intended to be complete and is qualified in its entirety by reference to the full text and more specific details contained elsewhere in this Exchange Offer Prospectus, the Letter of Transmittal and any amendments or supplements hereto or thereto. Holders of the Convertible Notes are urged to read this Exchange Offer Prospectus in its entirety. Each of the capitalized terms used in this summary and not defined herein has the meaning set forth elsewhere in this Exchange Offer Prospectus.

CCHC, LLC (CCHC) is an indirect subsidiary of Charter Communications, Inc. (Charter). CCHC is a holding company with no operations of its own. CCH II, LLC is a wholly-owned indirect subsidiary of CCHC. CCH II, LLC is a holding company with no operations of its own. CCH II Capital Corp. (together with CCH II, LLC, CCH II) is a wholly-owned subsidiary of CCH II, LLC. CCH II Capital Corp. is a company with no operations of its own and no subsidiaries. For a chart showing our ownership structure, see page 3.

The Company

We are a broadband communications company operating in the United States, with approximately 5.81 million customers at June 30, 2006, pro forma for the asset sales discussed below. Through our broadband network of coaxial and fiber optic cable, we offer our customers traditional cable video programming (analog and digital, which we refer to as video service), high-speed Internet access, advanced broadband cable services (such as video on demand (VOD), high definition television service, and interactive television) and, in some of our markets, telephone service. See Business Products and Services for further description of these terms, including customers.

At June 30, 2006, pro forma for the asset sales discussed below, we served approximately 5.52 million analog video customers, of which approximately 2.73 million were also digital video customers. We also served approximately 2.26 million high-speed Internet customers (including approximately 266,700 who received only high-speed Internet services). We also provided telephone service to approximately 257,600 customers (including approximately 24,100 who received telephone service only).

Our principal executive offices are located at Charter Plaza, 12405 Powerscourt Drive, St. Louis, Missouri 63131. Our telephone number is (314) 965-0555 and we have a website accessible at www.charter.com. The information posted or linked on this website is not part of the Exchange Offer or this Exchange Offer Prospectus and you should rely solely on the information contained in this Exchange Offer Prospectus and the related documents to which we refer herein when deciding whether or not to tender your Convertible Notes.

The Offerors are offering to pay the Exchange Consideration with respect to up to $450,000,000 of the Convertible Notes tendered for exchange upon the terms and subject to the conditions set forth in this Exchange Offer Prospectus and the related Letter of Transmittal. The Exchange Offer and the payment of the Exchange Consideration are conditioned upon, among other things, the satisfaction of certain conditions. See Description of the Exchange Offer Conditions to the Exchange Offer.

Recent Events

Contribution of CC VIII, LLC Interests to CCH I, LLC. As part of the Private Exchange Offers (as defined below), CCHC will contribute its 70% interest (the CC VIII Interest) in the Class A preferred equity interests of CC VIII, LLC (CC VIII), a majority-owned indirect subsidiary of Charter Communications Operating, LLC (Charter Operating), to CCH I, LLC (CCH I). The CC VIII Interest will be pledged as security for all CCH I notes, including those that may be issued in the Private Exchange Offers described below. The CC VIII preferred interests are entitled to a 2% accreting priority return on the priority capital. The CC VIII Interest represents approximately 13% of the total equity interests in CC VIII at June 30, 2006. CC VIII owns systems with approximately 934,000 analog video

Table of Contents

customers at June 30, 2006. The CC VIII Interests are being pledged as security for the CCH I notes in order to provide an additional asset supporting the CCH I notes.

Charter Communications Holdings, LLC (Charter Holdings) Exchange Offers. Concurrently with the Exchange Offer, CCH II and CCH I have commenced private offers (the Private Exchange Offers) in which certain holders of certain of Charter Holdings outstanding notes are being offered the right to exchange those notes for up to $200 million principal amount of 10.25% Senior Notes due 2013 of CCH II (CCH II 2013 notes) and up to $675 million principal amount of 11% Senior Secured Notes due 2015 of CCH I (CCH I notes). The CCH I notes to be issued in the Private Exchange Offers, if issued, will be of the same class as the currently outstanding $3.525 billion principal amount of CCH I notes. Charter Holdings will unconditionally guarantee the CCH II 2013 notes. Charter Holdings guarantees the currently outstanding CCH I notes and will guarantee the CCH I notes to be issued in the Private Exchange Offers. As noted above, the CC VIII Interest to be held by CCH I will be pledged as security for any CCH I notes that may be issued in the Private Exchange Offers and all outstanding CCH I notes. The CCH I notes currently outstanding are, and the CCH I Notes to be issued in the Private Exchange Offers also will be secured by a pledge of CCH I s equity interests in CCH II.

The Exchange Offer and the Private Exchange Offers are independent, however they are both being conducted at the present time based on our current ability to incur indebtedness and the current trading prices of the subject securities in each offer. In addition, neither consummation of the Exchange Offer nor the Private Exchange Offers is conditioned upon consummation of the other offer.

Charter Investment, Inc., a wholly-owned corporation of Mr. Paul G. Allen, Charter s Chairman and controlling stockholder, holds approximately $56 million of Charter Holdings notes that are the subject of the Private Exchange Offers. Mr. Allen has agreed to cause this entity to tender these notes in the Private Exchange Offers. We are not aware that any of our other officers, directors or affiliates own the Charter Holdings notes that are the subject of the Private Exchange Offers.

Asset Sales. Earlier in 2006, we signed three separate definitive agreements to sell certain cable television systems serving a total of approximately 356,000 analog video customers in (1) West Virginia and Virginia to Cebridge Connections, Inc. (Cebridge), (2) Illinois and Kentucky to Telecommunications Management, LLC, doing business as New Wave Communications (New Wave) and (3) Nevada, Colorado, New Mexico and Utah to Orange Broadband Holding Company, LLC (Orange) for a total of approximately $971 million. The sale of the systems to Cebridge and New Wave closed on July 1, 2006, and the sale of the systems to Orange is scheduled to close in the third quarter of 2006. Proceeds from the sales to Cebridge and New Wave that closed on July 1, 2006 were used to reduce the amount outstanding on our revolving credit facility to zero, without reducing commitments, and the remainder to fund our business. Proceeds from the sale to Orange are expected to be used for general corporate purposes, including to fund the cash consideration to be paid in the Exchange Offer. Because the West Virginia and Virginia systems meet the criteria for presentation as discontinued operations, on August 10, 2006, Charter and CCH II each filed current reports on Form 8-K reflecting revenues and expenses related to the West Virginia and Virginia systems for each of the three years ended December 31, 2005 as discontinued operations.

Purpose of the Exchange Offer

The purpose of the Exchange Offer is to exchange up to $450,000,000 of Charter s outstanding Convertible Notes to extend maturities and reduce our overall indebtedness.

Table of Contents

Organizational Structure

The chart below sets forth our organizational structure as of June 30, 2006 and that of our direct and indirect subsidiaries after giving effect to the contribution of the CC VIII Interest to CCH I. This chart does not include all of our affiliates and subsidiaries and, in some cases, we have combined separate entities for presentation purposes. The equity ownership, voting percentages and indebtedness amounts shown below are approximations as of June 30, 2006 after giving effect to the contribution of the CC VIII Interest to CCH I and do not give effect to any exercise, conversion or exchange of then outstanding options, preferred stock, convertible notes and other convertible or exchangeable securities. Indebtedness amounts shown below are accreted values for financial reporting purposes as of June 30, 2006. See Description of Other Indebtedness, which also includes the principal amount of the indebtedness described below.

(1) Charter acts as the sole manager of Charter Holdco and its direct and indirect limited liability company subsidiaries, including CCHC and CCH II.

(2) Without giving effect to the Exchange Offer. Concurrently with the Exchange Offer, CCH II and CCH I have commenced the Private Exchange Offers.

(3) Held by Charter Investment, Inc. (CII) and Vulcan Cable III Inc., each of which is 100% owned by Paul G. Allen, Charter s Chairman and controlling shareholder. They are exchangeable at any time on a one-for-one basis for shares of Class A Common Stock.

(4) The percentages reflect the issuance of the 116.9 million shares of Class A Common Stock issued in 2005 and February 2006 and the corresponding issuance of an equal number of mirror membership units by Charter Holdco to Charter. However, for accounting purposes, Charter s common equity interest in Charter Holdco is 48%, and Paul G. Allen s ownership of Charter Holdco is 52%. These percentages exclude the 116.9 million mirror membership units issued to Charter due to the required return of the issued mirror units upon return of the shares offered pursuant to the share lending agreement.

(5) Represents an exchangeable accreting note issued by CCHC related to the settlement of the CC VIII dispute. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII .

(6) Without giving effect to the Private Exchange Offers or the Exchange Offer. In the Private Exchange Offers, CCH I is offering up to $675 million of the CCH I notes.

(7) Without giving effect to the Private Exchange Offers or the Exchange Offer. In the Private Exchange Offers, CCH II is expected to offer up to $200 million of the CCH II 2013 notes. In the Exchange Offer, CCH II is offering up to $146 million of CCH II Notes.

(8) Giving pro forma effect to the asset sales described under Recent Events Asset Sales, the aggregate principal amount of loans under Charter Operating s senior credit facilities is $5.0 billion.

(9) This subsidiary guarantees the Charter Operating senior credit facilities and senior second lien notes, which guarantee is secured by substantially all assets of this subsidiary.

The Exchange Offer

Exchange Offer	The Offerors are offering to pay the Exchange Consideration to Holders of up to $450,000,000 aggregate principal amount of the Convertible Notes who elect to exchange their Convertible Notes upon the terms and subject to the conditions of the Exchange Offer.
Offerors	CCHC and CCH II are the entities making the Exchange Offer. See Organizational Structure.
Exchange Consideration	The Exchange Consideration offered per $1,000 principal amount of Convertible Notes validly tendered for exchange and not validly withdrawn on or prior to the Expiration Date consists of: $417.75 in cash, 100 shares of Class A Common Stock, and $325.00 principal amount of CCH II Notes. Subject to applicable securities laws and the terms set forth in the Exchange Offer Prospectus, the Offerors reserve the right to amend the Exchange Offer in any respect; however, the Offerors do not currently intend to change the amount of Class A Common Stock offered to more than 134 shares or less than 67 shares per $1,000 principal amount of Convertible Notes. CCH II Notes will be issued only in minimum denominations of $1,000 and integral multiples of $1,000. See Description of the Exchange Offer.
No Minimum Condition	The Exchange Offer is not conditioned on a minimum principal amount of Convertible Notes being tendered.
Maximum Amount	The Offerors will not accept for exchange more than the Maximum Amount. As a result, if more than the Maximum Amount of Convertible Notes is validly tendered and not validly withdrawn, the Offerors will accept Convertible Notes from each Holder pro rata based on the total principal amount of Convertible Notes validly tendered and not validly withdrawn.
Accrued Interest on the Convertible Notes	In addition to the Exchange Consideration, the Offerors will pay accrued interest on the Convertible Notes from and after the last interest payment date (which was May 16, 2006) up to, but not including, the Settlement Date.
Consequences of Failure to Exchange	For a description of certain risks of continuing to own Convertible Notes after the Settlement Date because such Holder elects not to tender Convertible Notes or Convertible Notes tendered are not accepted (as a result of the Maximum Amount or otherwise) see Risk Factors Risks to Continuing Holders of Convertible Notes After the Settlement Date. In particular, you should note that as part of the Private Exchange Offers CCHC will contribute the CC VIII Interest to CCH I. The CC VIII Interest will be pledged as security for all CCH I notes, including those to be issued in the Private Exchange

	Offers. Any claim Holders of the Convertible Notes have against those assets will become subordinate to claims of the holders of CCH I notes, as well as the creditors of CCHC, Charter Holdings and CIH.
Expiration Date	September 8, 2006, unless extended or earlier terminated by the Offerors. The Offerors reserve the right to extend the Exchange Offer, if necessary, so that the Expiration Date occurs upon or shortly after the satisfaction of the conditions to the Exchange Offer. We do not currently intend to extend the Expiration Date beyond September 8, 2006.
Settlement Date	The Settlement Date in respect of any Convertible Notes that are validly tendered for exchange prior to 11:59 p.m., New York City time, on the Expiration Date is expected to be not later than the fourth day following the Expiration Date.
Accounting Treatment	Charter will consider the fair value of consideration to be issued versus the book value of Convertible Notes tendered and will record the resulting anticipated gain on the transaction on our consolidated statement of operations in the period the transaction closes. CCH II will record the fair value of CCH II Notes issued in long-term debt and will record the fair value of the Convertible Notes received by CCH II as a reduction of member s equity of CCH II. See Unaudited Pro Forma Consolidated Financials.
How to Tender Convertible Notes	See Description of the Exchange Offer Procedure for Tendering Convertible Notes. For further information, call the Information Agent or the Exchange Agent at the respective telephone numbers set forth on the back cover of this Exchange Offer Prospectus or consult your broker, dealer, commercial bank, trust company or other nominee for assistance.
Withdrawal and Revocation Rights	Convertible Notes may be validly withdrawn at any time up until 11:59 p.m., New York City time, on the Expiration Date. In the event of a termination of the Exchange Offer, which can only occur if a condition to the Exchange Offer is not satisfied, the Convertible Notes tendered pursuant to the Exchange Offer will be promptly returned to the tendering Holders. In addition, even after the Expiration Date, if the Offerors have not accepted for payment any validly tendered Convertible Notes, such Convertible Notes may be withdrawn 60 days after commencement of the Exchange Offer.
Purpose of the Exchange Offer	The purpose of the Exchange Offer is to exchange up to $450,000,000 of Charter s outstanding Convertible Notes to extend maturities and reduce our overall indebtedness.
Background of the Exchange Offer	This Exchange Offer and the Private Exchange Offer are being conducted at the present time based on our current ability to incur indebtedness under the financial covenants contained in our various debt instruments and the current trading prices of the subject securities in each offer. See Background of the Exchange Offer.

Table of Contents

Certain Conditions Precedent to the Exchange Offer	The Offerors obligation to pay the Exchange Consideration in respect of Convertible Notes validly tendered for exchange pursuant to the Exchange Offer is conditioned upon the satisfaction of certain conditions including effectiveness of the registration statement. See Description of the Exchange Offer Conditions to the Exchange Offer.
Optional Settlement Procedure	As described under Description of Capital Stock and Membership Units Share Lending Agreement below, as of June 30, 2006, Charter has loaned to Citigroup Global Markets Limited (CGML) 116.9 million shares of Class A Common Stock to facilitate the placement of the Convertible Notes. To the extent you tender Convertible Notes in the Exchange Offer, and you have entered into a share loan agreement with CGML pursuant to which you have, as of the Acceptance Date (as defined below) of the Exchange Offer, an open borrow position thereunder, you may, at your option, elect the settlement of Class A Common Stock to be issued by Charter as part of the Exchange Consideration through the settlement procedure described below. Any such election may be made: (i) if you hold your Convertible Notes in book-entry form through DTC, by instructing your nominee to make such an election on your behalf in accordance with DTC procedures; or (ii) otherwise, by making such an election in the Letter of Transmittal and delivery of such Letter of Transmittal in accordance with the procedures described under Procedures for Tendering Convertible Notes below. If you validly make such an election as described above, any Class A Common Stock you are entitled to receive as a component of the Exchange Consideration will be issued by Charter to CGML, or an affiliate, and used, to the extent you have, as of the date we accept your Convertible Notes pursuant to the Exchange Offer (the Acceptance Date) an outstanding obligation to return shares of our Class A Common Stock under the share loan agreement, to satisfy a corresponding portion of such return obligation to CGML. Such share deliveries will be deemed to occur on the Acceptance Date and will be used, on such date, to satisfy your return obligation to CGML. Although it has no obligation to do so, we anticipate that CGML will contemporaneously return such shares to Charter under the Share Lending Agreement on such date. In lieu of actual issuances of shares by Charter to CGML or an affiliate, and return of those shares to CGML under our share loan agreement, CGML and Charter may agree to deem your obligation to deliver those shares to CGML and CGML s obligation to deliver those shares to Charter to be mutually satisfied as of the Acceptance Date.

Certain U.S. Federal Income Tax Consequences	For a summary of the material U.S. federal income tax consequences of the Exchange Offer, see Certain U.S. Federal Income Tax Consequences.
Use of Proceeds	Neither the Offerors, Charter nor any of their subsidiaries will receive any proceeds from the Exchange Offer.
Brokerage Commissions	No brokerage commissions are payable by Holders of the Convertible Notes to the Dealer Managers, the Information Agent, the Offerors, the Trustee or the Exchange Agent.
Dealer Managers	Citigroup and Banc of America Securities LLC are the Dealer Managers for the Exchange Offer. Their respective addresses and telephone numbers are set forth on the back cover of this Exchange Offer Prospectus.
Information Agent	Global Bondholder Services Corporation is the Information Agent for the Exchange Offer. Its address and telephone number are set forth on the back cover of this Exchange Offer Prospectus.
Exchange Agent	Global Bondholder Services Corporation is the Exchange Agent for the Exchange Offer. Its address and telephone number are set forth on the back cover of this Exchange Offer Prospectus.
Regulatory Approvals	The Offerors are not aware of any other material regulatory approvals necessary to complete the Exchange Offer, other than the obligation to file a Schedule TO with the SEC and otherwise comply with applicable securities laws.
No Appraisal Rights	No appraisal rights are available to the Holders in connection with the Exchange Offer.
Further Information	Any requests for assistance in connection with the Exchange Offer or for additional copies of this Exchange Offer Prospectus or related materials should be directed to the Information Agent. Any questions regarding the Exchange Offer should be directed to either of the Dealer Managers. Contact information for the Information Agent and the Dealer Managers is set forth on the back cover of this Exchange Offer Prospectus. Beneficial owners may also contact their brokers, dealers, commercial banks, trust companies or other nominees through which they hold the Convertible Notes with questions and requests for assistance.

Table of Contents

The CCH II Notes

Issuers	CCH II, LLC and CCH II Capital Corp.
Maturity	September 15, 2010.
Interest	Interest will accrue from and including the Settlement Date and is payable in cash semi-annually, in arrears, on March 15 and September 15 of each year.
Interest Rate	The per annum interest rate on the CCH II Notes equals 10.25%.
CCH II Notes Offered/ CUSIP	The CCH II Notes offered hereby will be pari passu with, of the same class as, will vote on any matter submitted to bondholders with and otherwise be substantially identical in all respects to approximately $2.1 billion principal amount of currently outstanding CCH II Notes. However, the currently outstanding CCH II Notes trade under two CUSIP numbers, which are not fungible. The CCH II Notes being offered as part of the Exchange Consideration will be issued under a temporary CUSIP number until the next interest payment date, which is expected to be September 15, 2006 at which time it is expected that they will be mandatorily merged into the existing CUSIP number of approximately $1.6 billion outstanding principal amount of CCH II Notes.
Ranking	The CCH II Notes are the senior unsecured obligations of CCH II and rank pari passu to all of CCH II s existing and future unsecured senior indebtedness, including approximately $2.1 billion aggregate principal amount of CCH II notes that are outstanding and up to $200 million of CCH II 2013 notes that are being offered in the Private Exchange Offers. In addition, the CCH II Notes are structured to be effectively senior to any indebtedness of any parent of CCH II. However, the CCH II Notes are effectively subordinated to all existing and future obligations of CCH II s subsidiaries. As of June 30, 2006, CCH II had stand-alone indebtedness and other obligations outstanding of $2.1 billion, and its consolidated subsidiaries had approximately $11.3 billion of indebtedness and other liabilities outstanding on their consolidated balance sheet. See Capitalization.
Optional Redemption	CCH II may redeem, at its option, the CCH II Notes in whole or in part from time to time as described in the section Description of the CCH II Notes Optional redemption.
Change of Control	Upon the occurrence of a Change of Control (as defined herein under Description of the CCH II Notes), each holder of the CCH II Notes will have the right to require CCH II to repurchase all or any part of that holder s CCH II Notes at a repurchase price equal to 101% of the aggregate principal amount of the CCH II Notes repurchased plus accrued and unpaid interest thereon, if any, to the date of purchase. There can be no assurance that CCH II will have sufficient funds available at the time of any Change of Control to make any required debt repayment (including repurchases of the CCH II

	Notes). See Description of the CCH II Notes Repurchase at the Option of Holders Change of Control.
Restrictive Covenants	The indenture under which the CCH II Notes will be issued, which we refer to as the CCH II indenture , restricts the ability of CCH II and CCH II s restricted subsidiaries to: (1) incur indebtedness; (2) create liens; (3) pay dividends or make distributions in respect of capital stock and other restricted payments; (4) make investments; (5) sell assets; (6) create restrictions on the ability of restricted subsidiaries to make certain payments; (7) enter into transactions with affiliates; or (8) consolidate, merge or sell all or substantially all assets. However, such covenants are subject to a number of important qualifications and exceptions as described under Description of the CCH II Notes Certain Covenants , including provisions allowing CCH II and its restricted subsidiaries, as long as CCH II s leverage ratio is not greater than 5.5 to 1.0, to incur additional indebtedness and make investments. CCH II is also permitted under these covenants to provide funds to its parent companies, to repay intercompany debt and to pay interest on and, subject to meeting its leverage ratio test, to retire or repurchase their debt obligations.
Events of Default	For a discussion of events that will permit acceleration of the payment of the principal of and accrued interest on the CCH II Notes, see Description of the CCH II Notes Events of Default and Remedies.

Differences between CCH II Notes and Convertible Notes

Restrictive Covenants	The indenture under which the CCH II Notes will be issued includes a number of covenants restricting the actions of CCH II and CCH II s restricted subsidiaries. See Description of the CCH II Notes Certain Covenants. The indenture under which the Convertible Notes were issued does not include such covenants, with the exception of a covenant relating to fundamental changes. See Description of the Convertible Notes Consolidation, Merger and Sale of Assets.
Conversion Rights	Holders of Convertible Notes may convert their Convertible Notes into shares of Charter s Class A Common Stock. See Description of the Convertible Notes Organizational Structure. Holders of the CCH II Notes have no such conversion rights.
Interest Rate	The per annum interest rate on the CCH II Notes equals 10.25%. The per annum interest rate on the Convertible Notes is 5.875%.
Maturity	The maturity date of the CCH II Notes is September 15, 2010. The maturity date of the Convertible Notes is November 16, 2009.

Summary Consolidated Financial Data

Charter is a holding company whose principal assets are a controlling common equity interest in Charter Holdco and mirror notes that are payable by Charter Holdco to Charter which have the same principal amount and terms as those of Charter s convertible senior notes. Charter Holdco is a holding company whose primary assets are equity interests in our cable operating subsidiaries and intercompany loan receivables. Charter consolidates Charter Holdco as a variable interest entity under Financial Accounting Standards Board (FASB) Interpretation (FIN) 46(R) *Consolidation of Variable Interest Entities*. Charter Holdco s limited liability agreement provides that so long as Charter s Class B common stock retains its special voting rights, Charter will maintain 100% voting interest in Charter Holdco. Voting control gives Charter full authority and control over the operations of Charter Holdco.

CCH II, LLC is a holding company whose primary assets are equity interests in our cable operating subsidiaries. CCH II, LLC was formed in March 2003 and is a direct subsidiary of CCH I, which is an indirect subsidiary of Charter Holdings. Charter Holdings is an indirect subsidiary of Charter.

Historical Financial Data. The following tables present summary financial and other data for Charter and CCH II and their subsidiaries and has been derived from the audited consolidated financial statements of Charter and CCH II and their subsidiaries as of December 31, 2005 and 2004 and for the three years ended December 31, 2005 and the unaudited consolidated financial statements of Charter and CCH II and their subsidiaries as of June 30, 2006 and for the six months ended June 30, 2006 and 2005. The consolidated financial statements of Charter and CCH II and their subsidiaries as of December 31, 2005 and 2004, and for the three years ended December 31, 2005 have been audited by KPMG LLP, an independent registered public accounting firm.

The following information should be read in conjunction with Selected Historical Consolidated Financial Data, Capitalization, Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter, Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC and the historical consolidated financial statements and related notes of Charter and CCH II included elsewhere in this Exchange Offer Prospectus.

As Adjusted and Pro Forma Financial Data. The as adjusted data set forth below represent our unaudited consolidated financial statements after giving effect to the following transactions as if they occurred on January 1, 2005 for the statement of operations data and other financial data and as of the last day of the respective period for the operating and balance sheet data:

(1) the redemption in March, 2005 of all (approximately $113 million principal amount) of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 with cash on hand;

(2) the issuance and sale of $300 million of 8 3/4% CCO Holdings senior notes in August, 2005 and the use of a portion of such proceeds to pay financing costs and accrued interest in the September, 2005 exchange transaction referenced below;

(3) the exchange in September, 2005 of approximately $3.4 billion principal amount of Charter Holdings notes scheduled to mature in 2009 and 2010 for CCH I notes and the exchange of approximately $3.4 billion principal amount of Charter Holdings notes scheduled to mature in 2011 and 2012 for CIH notes and CCH I notes;

(4) the issuance and sale of $450 million principal amount of CCH II Notes in January, 2006 and the use of such proceeds to pay down credit facilities;

(5) the refinancing of the Charter Operating credit facilities in April, 2006 and the related reductions in interest rate margins on the term loan;

(6) the acquisition of certain assets in January, 2006 for approximately $42 million;

(7) the completed and scheduled disposition of certain assets for total proceeds of $971 million and the temporary use of such proceeds to reduce amounts outstanding under our revolving credit facility to zero; and

(8) the Private Exchange Offers Pro Forma Adjustments (defined in the section entitled Unaudited Pro Forma Consolidated Financials below).

The pro forma data set forth below represent our unaudited pro forma consolidated financial statements after giving effect to the as adjusted transactions described above and the Exchange Offer Pro Forma Adjustments (defined in the section entitled Unaudited Pro Forma Consolidated Financials below) as if they occurred on January 1, 2005 for the statement of operations data and other financial data and as of the last day of the respective period for the operating and balance sheet data.

The following information should be read in conjunction with Selected Historical Consolidated Financial Data, Capitalization, Unaudited Pro Forma Consolidated Financials, Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter and Management s Discussion Analysis of Financial Condition and Results of Operations of CCH II, LLC and the historical consolidated financial statements and related notes of Charter and CCH II included elsewhere in this Exchange Offer Prospectus.

The pro forma data are based on information available to us as of the date of this Exchange Offer Prospectus and certain assumptions that we believe are reasonable under the circumstances. The financial data required allocation of certain revenues and expenses and such information has been presented for comparative purposes and is not intended to provide any indication of what our actual financial position, including actual cash balances and revolver borrowings, or results of operations would have been had the transactions described above been completed on the dates indicated or to project our results of operations for any future date.

(b) See Business Products and Services for definitions of the terms contained in this section.

(c) Minority interest represents preferred membership interests in CC VIII. This preferred interest arises from approximately $630 million of preferred membership units issued by CC VIII in connection with an acquisition in February 2000 and was the subject of a dispute between Charter and Mr. Allen, Charter s Chairman and controlling shareholder that was settled October 31, 2005. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

Book Value per Common Share

The book value per share of Class A Common Stock as of June 30, 2006 was $(13.14). Pro forma for the Exchange Offer, the book value per share of Class A Common Stock as of June 30, 2006 was $(11.13).

Table of Contents

RISK FACTORS

Your decision whether to tender your Convertible Notes pursuant to the Exchange Offer, and to acquire the Exchange Consideration, including the Class A Common Stock and CCH II Notes, involves risk. You should be aware of, and carefully consider, the following risk factors, along with all of the other information provided or referred to in this Exchange Offer Prospectus, before deciding whether to tender your Convertible Notes pursuant to the Exchange Offer.

Risks to Continuing Holders of Convertible Notes After the Settlement Date

The following risks specifically apply to the extent a Holder continues to own Convertible Notes after the Settlement Date because such Holder elects not to tender Convertible Notes or because Convertible Notes tendered are not accepted for exchange (as a result of the Maximum Amount or otherwise). There are additional risks attendant to being an investor in our equity and debt securities that you should review, whether or not you elect to tender your Convertible Notes. These risks are described elsewhere in this Risk Factors section under the headings Risks Related to Our and Our Subsidiaries Significant Indebtedness, Risks Related to Our Business, Risks Related to Mr. Allen s Controlling Position and Risks Related to Regulatory and Legislative Matters .

The preferred equity interests of CC VIII currently held by CCHC will be contributed to CCH I and pledged as security for all outstanding CCH I notes, including those to be issued in the Private Exchange Offers, and any claims that Holders of the Convertible Notes have against those assets will become subordinated to claims of the holders of CCH I notes, as well as the creditors of CCHC, Charter Holdings and CIH.

In addition to its equity interests in Charter Holdings, CCHC currently holds a direct interest in certain Class A preferred equity of CC VIII, LLC, an indirect subsidiary of Charter Operating representing 70% of all outstanding Class A preferred units in CC VIII. As part of the Private Exchange Offers, CCHC will contribute its preferred equity interest in CC VIII to CCH I. This interest in CC VIII will be pledged as security for all outstanding CCH I notes, including those to be issued in the Private Exchange Offers. As a result, any claim that Holders of the Convertible Notes have against those CC VIII assets will become subordinated to claims of the holders of CCH I notes, as well as creditors of certain of Charter s subsidiaries, including CCHC, Charter Holdings and CIH. The subordination of the claims of the Holders of Convertible Notes not exchanged against the CC VIII preferred equity interests could materially and adversely affect the value of any Convertible Notes not exchanged and, in the event of a bankruptcy, liquidation or insolvency of Charter, the extent of a Holder s recovery. CC VIII owns systems with approximately 934,000 analog video customers at June 30, 2006. CC VIII has guaranteed, on a secured basis, the credit facility and senior second lien notes of Charter Operating.

If the Offerors consummate the Exchange Offer, claims with respect to any Convertible Notes not exchanged will be structurally subordinated to claims with respect to the CCH II Notes.

The Convertible Notes are obligations of Charter and the CCH II Notes will be issued by, and obligations of, its indirect subsidiary CCH II. All of our consolidated operations are conducted through indirect subsidiaries of CCH II. To the extent that the Exchange Offer is consummated, holders of the CCH II Notes will have direct claims against the assets of CCH II and, in the event of a bankruptcy, liquidation or insolvency of CCH II, will be entitled to payment before any funds are available to creditors of Charter, including the Holders of Convertible Notes not exchanged. The structural subordination and unsecured nature of the claims of the Holders of Convertible Notes not exchanged could materially and adversely affect the value of such Convertible Notes and, in the event of a bankruptcy, liquidation or insolvency of Charter or any of its subsidiaries, the extent of such Holder s recovery.

Restrictions in Charter s subsidiaries debt instruments and under applicable law limit those subsidiaries ability to provide funds to Charter to pay principal of and interest on the Convertible Notes

Charter s subsidiaries ability to make distributions to Charter is subject to their compliance with the terms of their credit facilities and indentures and restrictions under applicable law. Under the Delaware limited liability company act, Charter s subsidiaries may only pay dividends to Charter if they have surplus as defined in the act. Under fraudulent transfer laws, our subsidiaries may not pay dividends to us if they are insolvent or are rendered insolvent thereby. There can be no assurance that these subsidiaries will be permitted to make distributions in the future in compliance with these restrictions in the amounts needed to service the Convertible Notes. See Risks Related to Our and Our Subsidiaries Significant Indebtedness Because of our holding company structure, our outstanding notes are structurally subordinated in right of payment to all liabilities of our subsidiaries. Restrictions in our subsidiaries debt instruments and under applicable law limit their ability to provide funds to us.

Liquidity of the market for non-tendered Convertible Notes likely will be decreased, and the market prices for any Convertible Notes not exchanged may therefore be reduced.

If the Exchange Offer is consummated, the aggregate principal amount of outstanding Convertible Notes will be reduced, which will likely adversely affect the liquidity of any Convertible Notes not exchanged. An issue of securities with a small outstanding principal amount available for trading, or float, generally commands a lower price than does a comparable issue of securities with a greater float. Therefore, the market price for Convertible Notes that are not exchanged may be adversely affected. The reduced float also may tend to make the trading prices of any Convertible Notes that are not exchanged more volatile. The market prices for any Convertible Notes not exchanged may also be negatively affected by their structural subordination to new notes.

If shares of our Class A common stock are returned to us under our Share Lending Agreement with an affiliate of Citigroup, the liquidity of our Class A Common Stock will likely be affected, which may affect the market value of the Convertible Notes.

As described under Description of Capital Stock and Membership Units Share Lending Agreement below, we have loaned to Citigroup Global Markets Limited (CGML) 116.9 million shares of our Class A common stock to facilitate the placement of the Convertible Notes. CGML, or its affiliates, have sold such loaned shares short in a series of registered offerings and concurrently entered into swap transactions or share lending agreements with Holders of Convertible Notes. Because it is likely that Holders of Convertible Notes who tender their Convertible Notes in the Exchange Offer will terminate all or a portion of the swap transactions or share lending agreements upon tender of their Convertible Notes, we expect CGML to return shares of our Class A common stock to us under the Share Lending Agreement. In addition, as described under Description of the Exchange Offer Optional Settlement Procedure, we are offering holders the election to use shares to be issued by us as part of the Exchange Consideration, to the extent such holder has, as of the Settlement Date of the Exchange Offer, an open borrow position with CGML under a share lending agreement, to close such borrow position with CGML. Although it has no obligation to do, we expect that CGML will return such shares to us under the Share Lending Agreement.

Any such shares we receive from CGML pursuant to the Share Lending Agreement will be retired and no longer outstanding for corporate law purposes, which will likely adversely affect the liquidity of our Class A common stock and, accordingly, the market prices for non-tendered Convertible Notes.

We do not intend to distribute Convertible Notes received in the Exchange Offer to Charter for cancellation. As a result, the exchanged Convertible Notes will remain outstanding and held by CCHC, which will be entitled to the benefit of the U.S. government securities held in escrow for the payment of interest and principal to the same extent as Holders of Convertible Notes not exchanged.

With some of the proceeds from the initial sale of the Convertible Notes, we purchased and pledged to the trustee under the indenture for the Convertible Notes as security for the benefit of the Holders,

approximately $144 million of U.S. government securities. These securities were pledged to provide for the payment of the first six scheduled interest payments due on the original principal amount of the Convertible Notes. So that CCHC will receive any benefit from these U.S. government securities on the same pro rata basis as any Holders of Convertible Notes not exchanged, we intend that, following the closing of the Exchange Offer, CCHC will hold the Convertible Notes accepted for exchange. As a result, Holders of Convertible Notes not exchanged will not be entitled to any increase in the pro rata share of these pledged U.S. government securities. However, there can be no assurance that the cash received by CCHC as interest on the Convertible Notes will be available to pay either principal or interest on any Convertible Notes not exchanged. See Description of the Convertible Notes.

We cannot assure you that, if the Offerors consummate the Exchange Offer, existing ratings for the Convertible Notes will be maintained.

We cannot assure you that, as a result of the Exchange Offer, the rating agencies, including Standard & Poor s Ratings Service, Moody s Investors Service and Fitch Ratings, will not downgrade or negatively comment upon the ratings for Convertible Notes.

Risks to Tendering Holders of Convertible Notes

The following risks specifically apply to the extent a Holder elects to tender Convertible Notes pursuant to the Exchange Offer and such Convertible Notes are accepted for Exchange and should be considered, along with the other risk factors. There are additional risks attendant to being an investor in our equity and debt securities that you should review, whether or not you elect to tender your Convertible Notes. These risks are described elsewhere in this Risk Factors section under the headings Risks Related to Our and Our Subsidiaries Significant Indebtedness, Risks Related to Our Business, Risks Related to Mr. Allen s Controlling Position and Risks Related to Regulatory and Legislative Matters.

Claims with respect to the Class A Common Stock issued as part of the Exchange Consideration, as equity, will be junior to claims with respect to the non-tendered Convertible Notes.

A significant portion of the Exchange Consideration is in the form of Class A Common Stock. The Class A Common Stock is the most junior security outstanding of any Charter entity. As result, any claims with respect to the Class A Common Stock against the assets of Charter will be junior to claims with respect to the non-tendered Convertible Notes, and in the event of a bankruptcy, liquidation or insolvency of Charter, the Convertible Notes will be entitled to payment before any funds are available to holders of the Class A Common Stock. This could materially and adversely affect the value of the Class A Common Stock and, in the event of a bankruptcy, liquidation or insolvency of Charter, the extent of recovery by a holder of the Class A Common Stock.

During the pendency of this Exchange Offer, it is likely that the market prices of the Class A Common Stock will be volatile.

It is likely that during the pendency of the Exchange Offer, the market price of the Class A Common Stock will be volatile. Holders of Convertible Notes will likely terminate all or a portion of any hedging arrangement they have entered into in respect of their Convertible Notes (including swap transactions or share lending agreements with an affiliate of Citigroup), which may lead to increased purchase activity by or on behalf of such Holders during the Exchange Offer. Such purchase activity may temporarily increase, or retard a decline in, the price of the Class A Common Stock, or may lead to unusually high trading volumes.

Failure to close the Exchange Offer may adversely affect the market price and borrow availability of the Class A Common Stock and, consequently, the market value of the Convertible Notes.

If for any reason the Exchange Offer fails to close, the market value of the Class A Common Stock and the Convertible Notes may be adversely affected. Holders of Convertible Notes who elect to terminate all or a portion of any hedging transaction in respect of the Convertible Notes may not be able to re-establish such transaction if the Exchange Offer does not close for any reason. In addition, if the Exchange Offer fails to close, such Holders of Convertible Notes may seek to re-establish a short position in the Class A Common Stock against the Convertible Notes, which may adversely affect the market price of the Class A Common Stock. These activities are likely to adversely affect the value of the Convertible Notes.

We have not committed to provide any loans of shares of Class A Common Stock, other than as described under Description of Capital Stock and Membership Units Share Lending Agreement.

If shares of Class A Common Stock are returned to Charter under the Share Lending Agreement with an affiliate of Citigroup, the liquidity of the Class A common stock will likely be affected.

As described above under Risks to Continuing Holders of Convertible Notes After the Settlement Date If shares of our Class A common stock are returned to us under our Share Lending Agreement with an affiliate of Citigroup, the liquidity of our Class A Common Stock will likely be affected which may affect the market value of the Convertible Notes, liquidity of the Class A Common Stock may be adversely affected through the return of shares under the Share Lending Agreement. As a result, the market price of any shares of Class A Common Stock that the Offerors issue as Exchange Consideration will also likely be adversely affected.

The market price of the Class A Common Stock and CCH II Notes may be volatile, which could affect the value of your investment.

It is impossible to predict whether the price of the Class A Common Stock and CCH II Notes will rise or fall. Trading prices of the Class A Common Stock and CCH II Notes will be influenced by our operating results and prospects and by economic, financial, regulatory and other factors, as well as by this Exchange Offer and/or the Private Exchange Offer. General market conditions, including the level of, and fluctuations in, the prices of stocks and high-yield notes, will also have an impact. In addition, sales of substantial amounts of the Class A Common Stock and CCH II Notes after this Exchange Offer, or the perception that such sales may occur, could affect the price of the Class A Common Stock and CCH II Notes. Furthermore, the Exchange Offer may cause a significant number of investors in the Convertible Notes to purchase the Class A Common Stock, which may temporarily increase its price. As a result, because the price of the Convertible Notes is linked to the price of the Class A Common Stock, the price of the Convertible Notes may exceed the Exchange Consideration after the Expiration Date.

The market price of the Class A Common Stock could be adversely affected by the large number of additional shares of Class A Common Stock eligible for issuance in the future.

As of June 30, 2006, 438,474,028 shares of Class A Common Stock were issued and outstanding, and 50,000 shares of Class B common stock were issued and outstanding. This includes 116,900,000 shares of Class A Common Stock that were issued in previous share borrow transactions related to the original issuance of the Convertible Notes. An additional 339,132,031 shares of Class A Common Stock are issuable upon conversion of outstanding units of Charter Holdco and an additional 26,418,908 shares are issuable as of June 30, 2006 if Mr. Allen were to exchange the CCHC subordinated accreting note that he holds as a result of the settlement of the CC VIII dispute, into Charter Holdco units and exchange Charter Holdco units into Class A Common Stock. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII . Also 28,571,485 shares were issuable upon the exercise of outstanding options under our option plans and, assuming 50% of the outstanding Convertible Notes are tendered pursuant to the Exchange Offer, approximately 178 million shares will still

be issuable upon conversion of the Convertible Notes. All of the 365,550,939 shares of Class A Common Stock issuable upon exchange of Charter Holdco membership units and all shares of the Class A Common Stock issuable upon conversion of shares of the Class B common stock will have demand and/or piggyback registration rights attached to them. All of the shares issuable upon conversion of the Convertible Notes are eligible for resale pursuant to a shelf registration statement. The sale of a substantial number of shares of Class A Common Stock or the perception that such sales could occur could adversely affect the market price for the Class A Common Stock because the sale could cause the amount of the Class A Common Stock available for sale in the market to exceed the demand for the Class A Common Stock and could also make it more difficult for us to sell equity securities or equity-related securities in the future at a time and price that we deem appropriate. This could adversely affect our ability to fund our current and future obligations. See Shares Eligible for Future Sale.

The failure to maintain a minimum share price of $1.00 per share of Class A Common Stock could result in delisting of Charter s shares on the Nasdaq Global Market, which would harm the market price of the Class A Common Stock.

In order to retain Charter s listing on the Nasdaq Global Market we are required to maintain a minimum bid price of $1.00 per share. Although, as of August 9, 2006, the trading price of the Class A Common Stock was $1.17 per share, Charter s stock has traded below this $1.00 minimum in the recent past. If the bid price falls below the $1.00 minimum for more than 30 consecutive trading days, we will have 180 days to satisfy the $1.00 minimum bid price for a period of at least 10 trading days. If we are unable to take action to increase the bid price per share (either by reverse stock split or otherwise), we could be subject to delisting from the Nasdaq Global Market.

The failure to maintain Charter s listing on the Nasdaq Global Market would harm the liquidity of the Class A Common Stock and would have an adverse effect on the market price of Charter s common stock. In addition, Charter s common stock would become subject to the low-priced security or so-called penny stock rules that impose additional sales practice requirements on broker-dealers who sell such securities.

The Offerors will not be able to determine whether the Maximum Amount has been exceeded until after the Expiration Date, and, therefore, tendering Holders of Convertible Notes will not know the percentage of such notes accepted for exchange until after the Expiration Date.

If the amount of Convertible Notes validly tendered and not validly withdrawn exceeds the Maximum Amount, the Offerors will accept Convertible Notes from each Holder pro rata based on the total principal amount of Convertible Notes validly tendered and not validly withdrawn. The Offerors will not be able to determine whether the Maximum Amount has been exceeded, and the principal amount of Convertible Notes accepted for exchange from each Holder, until after the Expiration Date.

The Exchange Consideration does not reflect any independent valuation of the Convertible Notes.

We have not obtained or requested a fairness opinion from any banking or other firm as to the fairness of the Exchange Consideration or the value of the Convertible Notes. If you tender your Convertible Notes, you may or may not receive more or as much value than if you choose to keep them.

To the extent that a Holder of Convertible Notes is tendering Convertible Notes for CCH II Notes with a later maturity, such holder may ultimately find that we would have been able to repay the non-tendered Convertible Notes when they otherwise would have matured, but are unable to repay or refinance the CCH II Notes when they mature.

If you tender your Convertible Notes, you will receive CCH II Notes, which have a later maturity than the Convertible Notes that you presently own. It is possible that tendering Holders of such Convertible Notes will be adversely affected by the extension of maturity. Following the maturity date of the Convertible Notes, but prior to the maturity date of the CCH II Notes, we may become subject to a

bankruptcy or similar proceeding. If so, Holders of the Convertible Notes who opted not to participate in the Exchange Offer may have been paid in full, and there is a risk that the holders of the CCH II Notes will not be paid in full. If you decide to tender Convertible Notes, you will be exposed to the risk of nonpayment for a longer period of time.

Because of our holding company structure, the CCH II Notes are structurally subordinated in right of payment to all liabilities of CCH II s subsidiaries. Restrictions in CCH II s subsidiaries debt instruments limit their ability to provide funds to CCH II.

CCH II s sole assets are its equity interests in its subsidiaries. Its operating subsidiaries are separate and distinct legal entities and are not obligated to make funds available to CCH II for payments on the CCH II Notes or other obligations in the form of loans, distributions or otherwise. CCH II s subsidiaries ability to make distributions to CCH II is subject to their compliance with the terms of their credit facilities and indentures. CCH II s direct or indirect subsidiaries include the borrowers and guarantors under the Charter Operating credit facilities. Several of CCH II s subsidiaries are also obligors under other senior high yield notes. See Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Liquidity and Capital Resources Debt Covenants. CCH II s notes are structurally subordinated in right of payment to all of the debt and other liabilities of its subsidiaries. As of June 30, 2006, CCH II s total consolidated debt was approximately $11.1 billion, of which approximately $9.0 billion was structurally senior to the CCH II Notes.

In the event of bankruptcy, liquidation or dissolution of one or more of CCH II s subsidiaries, that subsidiary s assets would first be applied to satisfy its own obligations, and following such payments, such subsidiary may not have sufficient assets remaining to make payments to CCH II as an equity holder or otherwise. In that event the lenders under Charter Operating s credit facilities and the holders of CCH II s subsidiaries other debt instruments will have the right to be paid in full before CCH II from any of its subsidiaries assets. Furthermore, because the CC VIII Interest will be held by CCH I, holders of the CCH II Notes will not have any claim against those assets.

In addition, the CCH II Notes are unsecured and therefore will be effectively subordinated in right of payment to all existing and future secured debt CCH II may incur to the extent of the value of the assets securing such debt.

Any failure by CCH II s direct and indirect parent companies to satisfy their substantial debt obligations could have a material adverse effect on the CCH II notes.

Because Charter is CCH II s sole manager, and because CCH II is directly and indirectly wholly owned by certain parent entities, financial or liquidity problems of Charter and CCH II s parent companies could cause serious disruption to CCH II s business and could have a material adverse effect on its operations and results. To the extent Charter or any other parent company relies on receiving distributions from its subsidiaries, it is subject to compliance with the terms of their credit facilities and indentures and restrictions under applicable law. Under the Delaware limited liability company act, these subsidiaries may only pay dividends to their parent if they have surplus as defined in the act. Under fraudulent transfer laws, these subsidiaries may not pay dividends to their parent if they are insolvent or are rendered insolvent thereby. See Risks to Tendering Holders of Convertible Notes Under certain circumstances, federal and state laws may allow courts to avoid or subordinate claims with respect to the CCH II Notes for the meaning of insolvent in this context. While we believe that the relevant Charter subsidiaries currently have surplus and are not insolvent, there can be no assurance that these subsidiaries will be permitted to make distributions in the future in compliance with these restrictions in amounts needed to service parent company indebtedness.

A failure by Charter Holdings or any parent of CCOH that is a subsidiary of Charter Holdings to satisfy certain of its respective debt payment obligations or a bankruptcy filing with respect to such parent with respect to indebtedness in an outstanding aggregate principal amount which exceeds $200 million would give the lenders under the Charter Operating credit facilities the right to accelerate the payment

obligations under these facilities. Any such acceleration would be a default under the indentures governing the CCH II Notes. In addition, if such parent companies were to default under their respective debt obligations and that default were to result in a change of control of any of them (whether through a bankruptcy, receivership or other reorganization, or otherwise), such a change of control could result in an event of default under the Charter Operating credit facilities and require a change of control repurchase offer under the new notes, the old notes and our parent companies and subsidiaries other outstanding notes. See Risks Related to Our and Our Subsidiaries Significant Indebtedness All of our and our subsidiaries outstanding debt is subject to change of control provisions. We may not have the ability to raise the funds necessary to fulfill our obligations under our indebtedness following a change of control, which would place us in default under the applicable debt instruments.

Furthermore, the Charter Operating credit facilities provide that an event of default would occur if certain of Charter Operating s parent companies have indebtedness in excess of $500 million aggregate principal amount which remains undefeased three months prior to its final maturity. The parent company indebtedness subject to this provision will mature in 2009 and 2010, respectively. The inability of those parent companies to refinance or repay their indebtedness would result in a default under those credit facilities.

There is currently no public market for the CCH II Notes, and an active trading market may not develop for the CCH II Notes. The failure of a market to develop for the CCH II Notes could adversely affect the liquidity and value of the CCH II Notes.

There is no public market for the currently outstanding CCH II Notes. In addition, until September 15, 2007, the CCH II Notes being offered hereby will trade with a separate CUSIP and will not be fungible with the currently outstanding CCH II Notes. Further, although the Offerors intend to apply for the CCH II Notes to be eligible for trading in the PORTAL^{sm} Market, the Offerors do not intend to apply for listing of the CCH II Notes on any securities exchanges or for quotation of the CCH II Notes on any automated dealer quotation system. Accordingly, notwithstanding any existing market for our existing high-yield notes, a market may not develop for the CCH II Notes, and if a market does develop, it may not be sufficiently liquid for your purposes. If an active, liquid market does not develop for the CCH II Notes, the market price and liquidity of such issue of the CCH II Notes may be adversely affected.

The liquidity of the trading market, if any, and future trading prices of the CCH II Notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. The market for the CCH II Notes may be subject to disruptions that could have a negative effect on the holders of the CCH II Notes, regardless of our operating results, financial performance or prospects.

We may not have the ability to raise the funds necessary to fulfill our obligations under the CCH II Notes following a change of control, which would place us in default under the indenture governing the CCH II Notes.

Under the indenture governing the CCH II Notes, upon the occurrence of specified change of control events, we will be required to offer to repurchase all of the outstanding CCH II Notes. However, we may not have sufficient funds at the time of the change of control event to make the required repurchases of the CCH II Notes. In addition, a change of control would require the repayment of borrowings under credit facilities and an offer to repurchase publicly held debt of our subsidiaries. Our failure to make or complete an offer to repurchase the CCH II Notes would place us in default under the indenture governing the CCH II Notes.

Table of Contents

If we do not fulfill our obligations to you under the CCH II Notes, you will not have any recourse against Charter, Charter Holdco, CCHC, Mr. Allen or their affiliates.

None of our direct or indirect equity holders, directors, officers, employees or affiliates, including, without limitation, Charter, Charter Holdco, CCHC, Charter Holdings, CIH, CCH I, and Mr. Allen, will be an obligor or guarantor under the CCH II Notes. The indenture governing the CCH II Notes expressly provides that these parties will not have any liability for our obligations under the CCH II Notes or the indenture governing the CCH II Notes. By accepting the CCH II Notes, you waive and release all such liability as consideration for issuance of the CCH II Notes. If we do not fulfill our obligations to you under the CCH II Notes, you will have no recourse against any of our direct or indirect equity holders, directors, officers, employees or affiliates including, without limitation, Charter, Charter Holdco, CCHC, Charter Holdings, CIH, CCH I, and Mr. Allen.

Your receipt of the Exchange Consideration offered hereby could be wholly or partially voided as a preferential transfer.

If we become the subject of a bankruptcy proceeding within 90 days after we consummate the Exchange Offer (or, with respect to any insiders specified in the bankruptcy law who are Holders of the Convertible Notes, within one year after consummation of the Exchange Offer), and the court determines that we were insolvent at the time of the Exchange Offer, the court could find that the issuance of the cash and the CCH II Note consideration involved a preferential transfer. If the court determined that the Exchange Offer was a preferential transfer which did not qualify for a bankruptcy law defense, then the value of any consideration Holders received with respect to the Convertible Notes could be recovered from such holders and possibly from subsequent transferees, and such persons might be returned to the same position they would have held as holders of the Convertible Notes so exchanged.

Under certain circumstances, federal and state laws may allow courts to avoid or subordinate claims with respect to the CCH II Notes.

Under the federal Bankruptcy Code and comparable provisions of state fraudulent transfer laws, a court could void claims with respect to the CCH II Notes or subordinate them, if, among other things, at the time CCH II issued the CCH II Notes it:

- received less than reasonably equivalent value or fair consideration for the CCH II Notes; and
- was insolvent or rendered insolvent by reason of the incurrence;
- was engaged in a business or transaction for which its remaining assets constituted an unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they became due.

The measures of insolvency for purposes of these fraudulent transfer laws vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, CCH II would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or
- it could not pay its debts as they became due.

In addition, if there were to be a bankruptcy of Charter or its subsidiaries, creditors of Charter and its subsidiaries, or the trustee in bankruptcy on behalf of such companies, may attempt to make claims

against CCH II and its subsidiaries, which (if successful) could have an adverse effect on the holders of the CCH II Notes and their recoveries in any bankruptcy proceeding.

Risks Related to Our and Our Subsidiaries Significant Indebtedness

We may not generate (or, in general, have available to the applicable obligor) sufficient cash flow or access to additional external liquidity sources to fund our capital expenditures, ongoing operations and debt obligations, including our payment obligations under the Convertible Notes and the CCH II Notes, which could have a material adverse effect on you as holders of the Convertible Notes and the CCH II Notes.

Our ability to service our debt (including payments on the Convertible Notes and the CCH II Notes) and to fund our planned capital expenditures and ongoing operations will depend on both our ability to generate cash flow and our access to additional external liquidity sources, and in general our ability to provide (by dividend or otherwise), such funds to the applicable issuer of the debt obligation. Our ability to generate cash flow is dependent on many factors, including:

- our future operating performance;
- the demand for our products and services;
- general economic conditions and conditions affecting customer and advertiser spending;
- competition and our ability to stabilize customer losses; and
- legal and regulatory factors affecting our business.

Some of these factors are beyond our control. If we are unable to generate sufficient cash flow or access additional external liquidity sources, we may not be able to service and repay our debt, operate our business, respond to competitive challenges or fund our other liquidity and capital needs. Although CCH II sold $450 million principal amount of the CCH II Notes in January 2006 and our subsidiary, Charter Operating, completed a $6.85 billion refinancing of its credit facilities in April 2006, we may not be able to access additional sources of external liquidity on similar terms, if at all. We expect that cash on hand, cash flows from operating activities, proceeds from sales of assets and the amounts available under our credit facilities will be adequate to meet our cash needs through 2007. We believe that cash flows from operating activities and amounts available under our credit facilities may not be sufficient to fund our operations and satisfy our interest and principal repayment obligations in 2008 and will not be sufficient to fund such needs in 2009 and beyond. To the extent we use cash to purchase Convertible Notes in the Exchange Offer, our liquidity will be adversely impacted. See Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter Liquidity and Capital Resources and Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Liquidity and Capital Resources in this Exchange Offer Prospectus.

Charter Operating may not be able to access funds under its credit facilities if it fails to satisfy the covenant restrictions in its credit facilities, which could adversely affect our financial condition and our ability to conduct our business.

Our subsidiaries have historically relied on access to credit facilities in order to fund operations and to service parent company debt, and we expect such reliance to continue in the future. Our total potential borrowing availability under the Charter Operating credit facilities was approximately $900 million as of June 30, 2006, none of which was limited by covenant restrictions. In the past, our actual availability under our credit facilities has been limited by covenant restrictions. There can be no assurance that our actual availability under our credit facilities will not be limited by covenant restrictions in the future. However, pro forma for the closing of the asset sales on July 1, 2006, and the related application of net proceeds to repay amounts outstanding under our revolving credit facility, potential availability under our

credit facilities as of June 30, 2006 would have been approximately $1.7 billion, although actual availability would have been limited to $1.3 billion because of limits imposed by covenant restrictions.

One of the conditions to the availability of funding under Charter Operating s credit facilities is the absence of a default under the credit facilities, including as a result of any failure to comply with the covenants under the facilities. Among other covenants, the facilities require Charter Operating to maintain specific financial ratios. The facilities also provide that Charter Operating has to obtain an unqualified audit opinion from its independent accountants for each fiscal year, which among other things requires Charter Operating to demonstrate that it has adequate access to liquidity. There can be no assurance that Charter Operating will be able to continue to comply with these or any other of the covenants under the credit facilities.

An event of default under the credit facilities or indentures, if not waived, could result in the acceleration of those debt obligations and, consequently, other debt obligations. Such acceleration could result in exercise of remedies by our creditors and could force us to seek the protection of the bankruptcy laws, which could materially adversely impact our ability to operate our business and to make payments under our debt instruments.

Because of our holding company structure, our outstanding notes are structurally subordinated in right of payment to all liabilities of our subsidiaries. Restrictions in our subsidiaries debt instruments and under applicable law limit their ability to provide funds to us.

Our sole assets are our equity interests in our subsidiaries. Our operating subsidiaries are separate and distinct legal entities and are not obligated to make funds available to us for payments on our notes or other obligations in the form of loans, distributions or otherwise. Our subsidiaries ability to make distributions to us is subject to their compliance with the terms of their credit facilities and indentures and restrictions under applicable law. Under the Delaware limited liability company act, our subsidiaries may only pay dividends to us if they have surplus as defined in the act. Under fraudulent transfer laws, our subsidiaries may not pay dividends to us if they are insolvent or are rendered insolvent thereby. See Risks to Tendering Holders of Convertible Notes Under certain circumstances, federal and state laws may allow courts to avoid or subordinate claims with respect to the CCH II Notes for the meaning of insolvent in this context. While we believe that our relevant subsidiaries currently have surplus and are not insolvent, there can be no assurance that these subsidiaries will be permitted to make distributions in the future in compliance with these restrictions in amounts needed to service our indebtedness, including the Convertible Notes.

Our direct or indirect subsidiaries include the borrowers and guarantors under the Charter Operating credit facilities. Several of our subsidiaries are also obligors under other senior high yield notes. See Management s Discussion and Analysis of Financial Conditions and Results of Operations of Charter Liquidity and Capital Resources Recent Financing Transactions and Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Liquidity and Capital Resources Debt Covenants in this Exchange Offer Prospectus. Our notes are structurally subordinated in right of payment to all of the debt and other liabilities of the subsidiaries of the respective issuers. However, because the CC VIII Interest will be held by CCH I, holders of CCH I notes, through CCH I, will have a preferred equity claim against the CC VIII assets and holders of the CCH II Notes will not have any claim against, or interest in, those preferred equity interests. As of June 30, 2006, taking into account the Exchange Offer Pro Forma Adjustments and the Private Exchange Offers Pro Forma Adjustments, Charter s total debt was approximately $18.7 billion, of which approximately $18.2 billion was structurally senior to the Convertible Notes and CCH II s total debt was approximately $10.6 billion of which approximately $8.2 billion was structurally senior to the CCH II Notes.

In the event of bankruptcy, liquidation or dissolution of one or more of our subsidiaries, that subsidiary s assets would first be applied to satisfy its own obligations, and following such payments, such

subsidiary may not have sufficient assets remaining to make payments to us as an equity holder or otherwise. In that event:

- the lenders under Charter Operating s credit facilities and the holders of our subsidiaries other debt instruments will have the right to be paid in full before us from any of our subsidiaries assets; and

- the other holders of preferred membership interests in CCH I s subsidiary, CC VIII, would have a claim on a portion of its assets that may reduce the amounts available for repayment to holders of our outstanding notes.

We and our subsidiaries have a significant amount of existing debt and may incur significant additional debt, including secured debt, in the future, which could adversely affect our financial health and our ability to react to changes in our business.

Charter and its subsidiaries have a significant amount of debt and may (subject to applicable restrictions in their debt instruments) incur additional debt in the future. As of June 30, 2006, Charter s total debt was approximately $19.9 billion, Charter s shareholders deficit was approximately $5.8 billion and the deficiency of earnings to cover fixed charges for the six months ended June 30, 2006 was $776 million. As of June 30, 2006, CCH II s total debt was approximately $11.1 billion, its member s equity was approximately $2.6 billion and the deficiency of earnings to cover fixed charges for the six months ended June 30, 2006 was $321 million.

As of June 30, 2006, Charter had outstanding approximately $863 million aggregate principal amount of Convertible Notes, Charter Holdings had outstanding approximately $1.8 billion aggregate principal amount of notes, CIH had outstanding approximately $2.5 billion aggregate principal amount of notes, CCH I had outstanding approximately $3.5 billion aggregate principal amount of notes and CCH II had outstanding approximately $2.1 billion aggregate principal amount of notes. Charter will need to raise additional capital and/or receive distributions or payments from its subsidiaries in order to satisfy its debt obligations in 2009. CCH II will need to raise additional capital and/or receive distributions or payments from its subsidiaries in order to satisfy its debt obligations in 2010, including the CCH II Notes. However, because of our significant indebtedness, our ability to raise additional capital at reasonable rates or at all is uncertain, and the ability of our subsidiaries to make distributions or payments to their parent companies is subject to availability of funds and restrictions under our and our subsidiaries applicable debt instruments as more fully described in the section entitled Description of Other Indebtedness. If we were to raise capital through the issuance of additional equity or to engage in a recapitalization or other similar transaction, our shareholders could suffer significant dilution.

Our significant amount of debt could have other important consequences. For example, the debt will or could:

- require us to dedicate a significant portion of our cash flow from operating activities to make payments on our debt, which will reduce our funds available for working capital, capital expenditures and other general corporate expenses;

- limit our flexibility in planning for, or reacting to, changes in our business, the cable and telecommunications industries and the economy at large;

- place us at a disadvantage as compared to our competitors that have proportionately less debt;

- make us vulnerable to interest rate increases, because a significant portion of our borrowings are, and will continue to be, at variable rates of interest;

- expose us to increased interest expense as we refinance all existing lower interest rate instruments;

- adversely affect our relationship with customers and suppliers;

- limit our ability to borrow additional funds in the future, if we need them, due to applicable financial and restrictive covenants in our debt; and

32

make it more difficult for us to satisfy our obligations to the holders of our notes and for our subsidiaries to satisfy their obligations to their lenders under their credit facilities and to their noteholders.

A default by one of our subsidiaries under its debt obligations could result in the acceleration of those obligations, the obligations of our other subsidiaries, CCH II s obligations under the CCH II Notes and Charter s obligations under the Convertible Notes. We may not have the ability to fund our obligations under the Convertible Notes and the CCH II Notes in the event of such a default. We and our subsidiaries may incur substantial additional debt in the future. If current debt levels increase, the related risks that we now face will intensify.

The agreements and instruments governing our debt and the debt of our subsidiaries contain restrictions and limitations that could significantly affect our ability to operate our business, as well as significantly affect our liquidity, and adversely affect the holders of the Convertible Notes and the CCH II Notes.

The Charter Operating credit facilities and the indentures governing our and our subsidiaries debt (including the Convertible Notes and the CCH II Notes) contain a number of significant covenants that could adversely affect the holders of the Convertible Notes and the CCH II Notes and our ability to operate our business, as well as significantly affect our liquidity, and therefore could adversely affect our results of operations. These covenants will restrict, among other things, our and our subsidiaries ability to:

incur additional debt;

repurchase or redeem equity interests and debt;

issue equity;

make certain investments or acquisitions;

pay dividends or make other distributions;

dispose of assets or merge;

enter into related party transactions; and

grant liens and pledge assets.

Furthermore, Charter Operating s credit facilities require our subsidiaries to, among other things, maintain specified financial ratios, meet specified financial tests and provide annual audited financial statements, with an unqualified opinion from our independent auditors. See Description of Other Indebtedness for a summary of our outstanding indebtedness and a description of our credit facilities and other indebtedness and for details on our debt covenants and future liquidity. Charter Operating s ability to comply with these provisions may be affected by events beyond our control.

The breach of any covenants or obligations in the foregoing indentures or credit facilities, not otherwise waived or amended, could result in a default under the applicable debt agreement or instrument and could trigger acceleration of the related debt, which in turn could trigger defaults under other agreements governing our long-term indebtedness. In addition, the secured lenders under the Charter Operating credit facilities and the holders of the Charter Operating second-lien notes could foreclose on their collateral, which includes equity interests in our subsidiaries, and exercise other rights of secured creditors. Any default under those credit facilities, the indentures governing the Convertible Notes or our subsidiaries debt could adversely affect our growth, our financial condition and our results of operations and our ability to make payments on our notes and Charter Operating s credit facilities and other debt of our subsidiaries. See Description of Other Indebtedness for a summary of our outstanding indebtedness and a description of our credit facilities and other indebtedness and for details on our debt covenants and future liquidity.

All of our and our subsidiaries outstanding debt is subject to change of control provisions. We may not have the ability to raise the funds necessary to fulfill our obligations under our indebtedness following a change of control, which would place us in default under the applicable debt instruments.

We may not have the ability to raise the funds necessary to fulfill our obligations under our and our subsidiaries notes and credit facilities following a change of control. Under the indentures governing our and our subsidiaries notes (including the Convertible Notes and the CCH II Notes), upon the occurrence of specified change of control events, we are required to offer to repurchase all of these notes. However, Charter and our subsidiaries may not have sufficient funds at the time of the change of control event to make the required repurchase of these notes, and our subsidiaries are limited in their ability to make distributions or other payments to fund any required repurchase. In addition, a change of control under our subsidiaries credit facilities would result in a default under those credit facilities. Because such credit facilities and our subsidiaries notes are obligations of our subsidiaries, the credit facilities and our subsidiaries notes would have to be repaid by our subsidiaries before their assets could be available to us to repurchase the Convertible Notes or the CCH II Notes. Our failure to make or complete a change of control offer would place us in default under the Convertible Notes or CCH II Notes. The failure of our subsidiaries to make a change of control offer or repay the amounts accelerated under their credit facilities would place them in default.

Paul G. Allen and his affiliates are not obligated to purchase equity from, contribute to or loan funds to us or any of our subsidiaries.

Paul G. Allen and his affiliates are not obligated to purchase equity from, contribute to or loan funds to us or any of our subsidiaries.

Risks Related to Our Business

We operate in a very competitive business environment, which affects our ability to attract and retain customers and can adversely affect our business and operations. We have lost a significant number of video customers to direct broadcast satellite competition and further loss of video customers could have a material negative impact on our business.

The industry in which we operate is highly competitive and has become more so in recent years. In some instances, we compete against companies with fewer regulatory burdens, easier access to financing, greater personnel resources, greater brand name recognition and long-established relationships with regulatory authorities and customers. Increasing consolidation in the cable industry and the repeal of certain ownership rules may provide additional benefits to certain of our competitors, either through access to financing, resources or efficiencies of scale.

Our principal competitor for video services throughout our territory is direct broadcast satellite (DBS). Competition from DBS, including intensive marketing efforts and aggressive pricing has had an adverse impact on our ability to retain customers. DBS has grown rapidly over the last several years and continues to do so. The cable industry, including us, has lost a significant number of subscribers to DBS competition, and we face serious challenges in this area in the future. We believe that competition from DBS service providers may present greater challenges in areas of lower population density, and that our systems service a higher concentration of such areas than those of other major cable service providers.

Local telephone companies and electric utilities can offer video and other services in competition with us and they increasingly may do so in the future. Certain telephone companies have begun more extensive deployment of fiber in their networks that enable them to begin providing video services, as well as telephone and high bandwidth Internet access services, to residential and business customers and they are now offering such service in limited areas. Some of these telephone companies have obtained, and are now seeking, franchises or operating authorizations that are less burdensome than existing Charter franchises.

The subscription television industry also faces competition from free broadcast television and from other communications and entertainment media. Further loss of customers to DBS or other alternative video and Internet services could have a material negative impact on the value of our business and its performance.

With respect to our Internet access services, we face competition, including intensive marketing efforts and aggressive pricing, from telephone companies and other providers of DSL and dial-up . DSL service is competitive with high-speed Internet service over cable systems. In addition, DBS providers have entered into joint marketing arrangements with Internet access providers to offer bundled video and Internet service, which competes with our ability to provide bundled services to our customers. Moreover, as we expand our telephone offerings, we will face considerable competition from established telephone companies and other carriers, including VoIP providers.

In order to attract new customers, from time to time we make promotional offers, including offers of temporarily reduced-price or free service. These promotional programs result in significant advertising, programming and operating expenses, and also require us to make capital expenditures to acquire additional digital set-top boxes. Customers who subscribe to our services as a result of these offerings may not remain customers for any significant period of time following the end of the promotional period. A failure to retain existing customers and customers added through promotional offerings or to collect the amounts they owe us could have a material adverse effect on our business and financial results.

Mergers, joint ventures and alliances among franchised, wireless or private cable operators, satellite television providers, local exchange carriers and others, may provide additional benefits to some of our competitors, either through access to financing, resources or efficiencies of scale, or the ability to provide multiple services in direct competition with us.

We cannot assure you that our cable systems will allow us to compete effectively. Additionally, as we expand our offerings to include other telecommunications services, and to introduce new and enhanced services, we will be subject to competition from other providers of the services we offer. We cannot predict the extent to which competition may affect our business and operations in the future.

We have a history of net losses and expect to continue to experience net losses. Consequently, we may not have the ability to finance future operations.

We have had a history of net losses and expect to continue to report net losses for the foreseeable future. Our net losses are principally attributable to insufficient revenue to cover the combination of operating costs and interest costs we incur because of our high level of debt and the depreciation expenses that we incur resulting from the capital investments we have made in our cable properties. We expect that these expenses will remain significant, and we expect to continue to report net losses for the foreseeable future. Charter reported net losses applicable to common stock of $382 million and $356 million for the three months ended June 30, 2006 and 2005, respectively, and $841 million and $709 million for the six months ended June 30, 2006 and 2005, respectively. CCH II reported net losses of $107 million and $87 million for the three months ended June 30, 2006 and 2005, respectively, and $335 million and $220 million for the six months ended June 30, 2006 and 2005, respectively. Continued losses would reduce our cash available from operations to service our indebtedness, as well as limit our ability to finance our operations.

We may not have the ability to pass our increasing programming costs on to our customers, which would adversely affect our cash flow and operating margins.

Programming has been, and is expected to continue to be, our largest operating expense item. In recent years, the cable industry has experienced a rapid escalation in the cost of programming, particularly sports programming. We expect programming costs to continue to increase because of a variety of factors, including inflationary or negotiated annual increases, additional programming being provided to customers and increased costs to purchase programming. The inability to fully pass these programming cost increases on to our customers has had an adverse impact on our cash flow and operating margins. As measured by

programming costs, and excluding premium services (substantially all of which were renegotiated and renewed in 2003), as of July 7, 2006, approximately 11% of our current programming contracts were expired, and approximately another 4% were scheduled to expire at or before the end of 2006. There can be no assurance that these agreements will be renewed on favorable or comparable terms. Our programming costs increased by approximately 13% and 11% in the three and six months ended June 30, 2006 compared to the corresponding periods in 2005, respectively. We expect our programming costs in 2006 to continue to increase at a higher rate than in 2005. To the extent that we are unable to reach agreement with certain programmers on terms that we believe are reasonable we may be forced to remove such programming channels from our line-up, which could result in a further loss of customers.

If our required capital expenditures in 2006, 2007 and beyond exceed our projections, we may not have sufficient funding, which could adversely affect our growth, financial condition and results of operations.

During the three and six months ended June 30, 2006, we spent approximately $298 million and $539 million, respectively, on capital expenditures. During 2006, we expect capital expenditures to be approximately $1.0 billion to $1.1 billion. The actual amount of our capital expenditures depends on the level of growth in high-speed Internet and telephone customers and in the delivery of other advanced services, as well as the cost of introducing any new services. We may need additional capital in 2006, 2007 and beyond if there is accelerated growth in high-speed Internet customers, telephone customers or in the delivery of other advanced services. If we cannot obtain such capital from increases in our cash flow from operating activities, additional borrowings, proceeds from asset sales or other sources, our growth, financial condition and results of operations could suffer materially.

Our inability to respond to technological developments and meet customer demand for new products and services could limit our ability to compete effectively.

Our business is characterized by rapid technological change and the introduction of new products and services. We cannot assure you that we will be able to fund the capital expenditures necessary to keep pace with unanticipated technological developments, or that we will successfully anticipate the demand of our customers for products and services requiring new technology. Our inability to maintain and expand our upgraded systems and provide advanced services in a timely manner, or to anticipate the demands of the marketplace, could materially adversely affect our ability to attract and retain customers. Consequently, our growth, financial condition and results of operations could suffer materially.

Malicious and abusive Internet practices could impair our high-speed Internet services

Our high-speed Internet customers utilize our network to access the Internet and, as a consequence, we or they may become victim to common malicious and abusive Internet activities, such as unsolicited mass advertising (i.e., spam) and dissemination of viruses, worms and other destructive or disruptive software. These activities could have adverse consequences on our network and our customers, including degradation of service, excessive call volume to call centers and damage to our or our customers equipment and data. Significant incidents could lead to customer dissatisfaction and, ultimately, loss of customers or revenue, in addition to increased costs to us to service our customers and protect our network. Any significant loss of high-speed Internet customers or revenue or significant increase in costs of serving those customers could adversely affect our growth, financial condition and results of operations.

Charter could be deemed an investment company under the Investment Company Act of 1940. This would impose significant restrictions on us and would be likely to have a material adverse impact on our growth, financial condition and results of operation.

Charter s principal assets are its equity interests in Charter Holdco and certain indebtedness of Charter Holdco. If Charter s membership interest in Charter Holdco were to constitute less than 50% of the voting securities issued by Charter Holdco, then Charter s interest in Charter Holdco could be deemed an investment security for purposes of the Investment Company Act. This may occur, for example, if a court determines that the Class B common stock is no longer entitled to special voting rights and, in

accordance with the terms of the Charter Holdco limited liability company agreement, Charter s membership units in Charter Holdco were to lose their special voting privileges. A determination that such interest was an investment security could cause Charter to be deemed to be an investment company under the Investment Company Act, unless an exemption from registration were available or we were to obtain an order of the Securities and Exchange Commission excluding or exempting us from registration under the Investment Company Act.

If anything were to happen which would cause Charter to be deemed an investment company, the Investment Company Act would impose significant restrictions on us, including severe limitations on our ability to borrow money, to issue additional capital stock and to transact business with affiliates. In addition, because our operations are very different from those of the typical registered investment company, regulation under the Investment Company Act could affect us in other ways that are extremely difficult to predict. In sum, if we were deemed to be an investment company it could become impractical for us to continue our business as currently conducted and our growth, our financial condition and our results of operations could suffer materially.

If a court determines that the Class B common stock is no longer entitled to special voting rights, we would lose our rights to manage Charter Holdco. In addition to the investment company risks discussed above, this could materially impact the value of the Class A Common Stock.

If a court determines that the Class B common stock is no longer entitled to special voting rights, Charter would no longer have a controlling voting interest in, and would lose its right to manage, Charter Holdco. If this were to occur:

- we would retain our proportional equity interest in Charter Holdco but would lose all of our powers to direct the management and affairs of Charter Holdco and its subsidiaries; and
- we would become strictly a passive investment vehicle and would be treated under the Investment Company Act as an investment company.

This result, as well as the impact of being treated under the Investment Company Act as an investment company, could materially adversely impact:

- the liquidity of the Class A Common Stock;
- how the Class A Common Stock trades in the marketplace;
- the price that purchasers would be willing to pay for the Class A Common Stock in a change of control transaction or otherwise; and
- the market price of the Class A Common Stock.

Uncertainties that may arise with respect to the nature of our management role and voting power and organizational documents as a result of any challenge to the special voting rights of the Class B common stock, including legal actions or proceedings relating thereto, may also materially adversely impact the value of the Class A Common Stock.

Risks Related to Charter s Future Ability to Utilize Net Operating Loss Carryforwards

The issuance of the Class A Common Stock offered hereby, the possible return of shares of Class A Common Stock in connection with the unwinding of hedge positions and possible future conversions of the Convertible Notes significantly increase the risk that we will experience an ownership change in the future for tax purposes, resulting in a material limitation on the use of a substantial amount of our existing net operating loss carryforwards.

As of June 30, 2006, we had approximately $6.4 billion of tax net operating loss carryforwards and current year losses (resulting in a gross deferred tax asset of approximately $2.6 billion) expiring in the years 2007 through 2026. Due to uncertainties in projected future taxable income, valuation allowances

have been established against the gross deferred tax assets for book accounting purposes except for deferred benefits available to offset certain deferred tax liabilities. Currently, such tax net operating losses can be used to offset any of our future taxable income. An ownership change as defined in Section 382 of the Internal Revenue Code of 1986, as amended, would place significant limitations, on an annual basis, on the use of such net operating losses existing as of the date of an ownership change to offset any future taxable income we may generate post-ownership change. Such limitations, in conjunction with the net operating loss expiration provisions, could effectively eliminate our ability to use a substantial portion of our net operating losses prior to such ownership change to offset any post-ownership change taxable income.

The issuance of the Class A Common Stock offered hereby and the possible return of shares of our Class A Common Stock in connection with the unwinding of hedge positions undertaken by Holders of the Convertible Notes who participate in the Exchange Offer as well as the issuance of up to a total of 150 million shares of Class A Common Stock (of which a total of 116.9 million have been issued through June 2006) offered pursuant to a share lending agreement executed by Charter in connection with the issuance of the Convertible Notes in November 2004 and possible future transactions significantly increase the risk that we will experience an ownership change in the future for tax purposes. Such transactions include additional issuances of Class A Common Stock by us (including but not limited to issuances upon future conversion of the Convertible Notes and any future issuances pursuant to the share lending agreement), reacquisitions by us of shares borrowed pursuant to the share lending agreement, or acquisitions or sales of shares by certain holders of our shares, including persons who have held, currently hold, or accumulate in the future five percent or more of our outstanding stock (including upon an exchange by Mr. Allen or his affiliates, directly or indirectly, of membership units of Charter Holdco into Class A Common Stock). Many of the foregoing transactions are beyond our control.

Risks Related to Mr. Allen s Controlling Position

The failure by Mr. Allen to maintain a minimum voting and economic interest in us could trigger a change of control default under our subsidiary s credit facilities.

The Charter Operating credit facilities provide that the failure by (a) Mr. Allen, (b) his estate, spouse, immediate family members and heirs and (c) any trust, corporation, partnership or other entity, the beneficiaries, stockholders, partners or other owners of which consist exclusively of Mr. Allen or such other persons referred to in (b) above or a combination thereof, to maintain a 35% direct or indirect voting interest in the applicable borrower would result in a change of control default. Such a default could result in the acceleration of repayment of our and our subsidiaries indebtedness, including borrowings under the Charter Operating credit facilities.

Mr. Allen controls our stockholder voting and may have interests that conflict with your interests.

Mr. Allen has the ability to control us. Through his control as of June 30, 2006 of approximately 90% of the voting power of Charter s capital stock, Mr. Allen is entitled to elect all but one of our board members and effectively has the voting power to elect the remaining board member as well. Mr. Allen thus has the ability to control fundamental corporate transactions requiring equity holder approval, including, but not limited to, the election of all of our directors, approval of merger transactions involving us and the sale of all or substantially all of our assets.

Mr. Allen is not restricted from investing in, and has invested in, and engaged in, other businesses involving or related to the operation of cable television systems, video programming, high-speed Internet service, telephone or business and financial transactions conducted through broadband interactivity and Internet services. Mr. Allen may also engage in other businesses that compete or may in the future compete with us.

Mr. Allen s control over our management and affairs could create conflicts of interest if he is faced with decisions that could have different implications for him, us and the holders of the Class A Common

Stock. Further, Mr. Allen could effectively cause us to enter into contracts with another entity in which he owns an interest or to decline a transaction into which he (or another entity in which he owns an interest) ultimately enters.

Current and future agreements between us and either Mr. Allen or his affiliates may not be the result of arm s-length negotiations. Consequently, such agreements may be less favorable to us than agreements that we could otherwise have entered into with unaffiliated third parties.

We are not permitted to engage in any business activity other than the cable transmission of video, audio and data unless Mr. Allen authorizes us to pursue that particular business activity, which could adversely affect our ability to offer new products and services outside of the cable transmission business and to enter into new businesses, and could adversely affect our growth, financial condition and results of operations.

The Restated Certificate of Incorporation of Charter and Charter Holdco s limited liability company agreement provide that Charter and Charter Holdco and our subsidiaries, cannot engage in any business activity outside the cable transmission business except for specified businesses. This will be the case unless Mr. Allen consents to our engaging in the business activity. The cable transmission business means the business of transmitting video, audio (including telephone services), and data over cable television systems owned, operated or managed by us from time to time. These provisions may limit our ability to take advantage of attractive business opportunities.

The loss of Mr. Allen s services could adversely affect our ability to manage our business.

Mr. Allen is Chairman of our board of directors and provides strategic guidance and other services to us. If we were to lose his services, our growth, financial condition and results of operations could be adversely impacted.

The special tax allocation provisions of the Charter Holdco limited liability company agreement may cause us in some circumstances to pay more taxes than if the special tax allocation provisions were not in effect.

Charter Holdco s limited liability company agreement provided that through the end of 2003, net tax losses (such net tax losses being determined under the federal income tax rules for determining capital accounts) of Charter Holdco that would otherwise have been allocated to us based generally on our percentage ownership of outstanding common membership units of Charter Holdco would instead be allocated to the membership units held by Vulcan Cable III Inc. (Vulcan Cable) and Charter Investment, Inc. (CII). The purpose of these special tax allocation provisions was to allow Mr. Allen to take advantage, for tax purposes, of the losses generated by Charter Holdco during such period. In some situations, these special tax allocation provisions could result in our having to pay taxes in an amount that is more or less than if Charter Holdco had allocated net tax losses to its members based generally on the percentage of outstanding common membership units owned by such members. For further discussion on the details of the tax allocation provisions see Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter Critical Accounting Policies and Estimates Income Taxes and Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Critical Accounting Policies and Estimates Income Taxes in this Exchange Offer Prospectus.

Table of Contents

Risks Related to Regulatory and Legislative Matters

Our business is subject to extensive governmental legislation and regulation, which could adversely affect our business.

Regulation of the cable industry has increased cable operators administrative and operational expenses and limited their revenues. Cable operators are subject to, among other things:

- rules governing the provision of cable equipment and compatibility with new digital technologies;
- rules and regulations relating to subscriber privacy;
- limited rate regulation;
- requirements governing when a cable system must carry a particular broadcast station and when it must first obtain consent to carry a broadcast station;
- rules and regulations relating to provision of voice communications;
- rules for franchise renewals and transfers; and
- other requirements covering a variety of operational areas such as equal employment opportunity, technical standards and customer service requirements.

Additionally, many aspects of these regulations are currently the subject of judicial proceedings and administrative or legislative proposals. There are also ongoing efforts to amend or expand the federal, state and local regulation of some of our cable systems, which may compound the regulatory risks we already face. Certain states and localities are considering new telecommunications taxes that could increase operating expenses.

Our cable systems are operated under franchises that are subject to non-renewal or termination. The failure to renew a franchise in one or more key markets could adversely affect our business.

Our cable systems generally operate pursuant to franchises, permits and similar authorizations issued by a state or local governmental authority controlling the public rights-of-way. Many franchises establish comprehensive facilities and service requirements, as well as specific customer service standards and monetary penalties for non-compliance. In many cases, franchises are terminable if the franchisee fails to comply with significant provisions set forth in the franchise agreement governing system operations. Franchises are generally granted for fixed terms and must be periodically renewed. Local franchising authorities may resist granting a renewal if either past performance or the prospective operating proposal is considered inadequate. Franchise authorities often demand concessions or other commitments as a condition to renewal. In some instances, franchises have not been renewed at expiration, and we have operated and are operating under either temporary operating agreements or without a license while negotiating renewal terms with the local franchising authorities. Approximately 12% of our franchises, covering approximately 13% of our analog video customers, were expired as of June 30, 2006. Approximately 4% of additional franchises, covering approximately an additional 6% of our analog video customers, will expire on or before December 31, 2006, if not renewed prior to expiration.

We cannot assure you that we will be able to comply with all significant provisions of our franchise agreements and certain of our franchisors have from time to time alleged that we have not complied with these agreements. Additionally, although historically we have renewed our franchises without incurring significant costs, we cannot assure you that we will be able to renew, or to renew as favorably, our franchises in the future. A termination of or a sustained failure to renew a franchise in one or more key markets could adversely affect our business in the affected geographic area.

Table of Contents

Our cable systems are operated under franchises that are non-exclusive. Accordingly, local franchising authorities can grant additional franchises and create competition in market areas where none existed previously, resulting in overbuilds, which could adversely affect results of operations.

Our cable systems are operated under non-exclusive franchises granted by local franchising authorities. Consequently, local franchising authorities can grant additional franchises to competitors in the same geographic area or operate their own cable systems. In addition, certain telephone companies are seeking authority to operate in local communities without first obtaining a local franchise. As a result, competing operators may build systems in areas in which we hold franchises. In some cases municipal utilities may legally compete with us without obtaining a franchise from the local franchising authority.

Different legislative proposals have been introduced in the United States Congress and in some state legislatures that would greatly streamline cable franchising. This legislation is intended to facilitate entry by new competitors, particularly local telephone companies. Such legislation has passed in at least six states in which we have operations and one of these newly enacted statutes is subject to court challenge. Although various legislative proposals provide some regulatory relief for incumbent cable operators, these proposals are generally viewed as being more favorable to new entrants due to a number of factors, including provisions withholding streamlined cable franchising from incumbents until after the expiration of their existing franchises. To the extent incumbent cable operators are not able to avail themselves of this streamlined franchising process, such operators may continue to be subject to more onerous franchise requirements at the local level than new entrants. A proceeding is pending at the Federal Communications Commission (FCC) to determine whether local franchising authorities are impeding the deployment of competitive cable services through unreasonable franchising requirements and whether such impediments should be preempted. We are not yet able to determine what impact such proceeding may have on us.

The existence of more than one cable system operating in the same territory is referred to as an overbuild. These overbuilds could adversely affect our growth, financial condition and results of operations by creating or increasing competition. As of June 30, 2006, we are aware of overbuild situations impacting approximately 8% of our estimated homes passed, and potential overbuild situations in areas servicing approximately an additional 5% of our estimated homes passed. Additional overbuild situations may occur in other systems.

Local franchise authorities have the ability to impose additional regulatory constraints on our business, which could further increase our expenses.

In addition to the franchise agreement, cable authorities in some jurisdictions have adopted cable regulatory ordinances that further regulate the operation of cable systems. This additional regulation increases the cost of operating our business. We cannot assure you that the local franchising authorities will not impose new and more restrictive requirements. Local franchising authorities also generally have the power to reduce rates and order refunds on the rates charged for basic services.

Further regulation of the cable industry could cause us to delay or cancel service or programming enhancements or impair our ability to raise rates to cover our increasing costs, resulting in increased losses.

Currently, rate regulation is strictly limited to the basic service tier and associated equipment and installation activities. However, the FCC and the U.S. Congress continue to be concerned that cable rate increases are exceeding inflation. It is possible that either the FCC or the U.S. Congress will again restrict the ability of cable system operators to implement rate increases. Should this occur, it would impede our ability to raise our rates. If we are unable to raise our rates in response to increasing costs, our losses would increase.

There has been considerable legislative and regulatory interest in requiring cable operators to offer historically bundled programming services on an á la carte basis or to at least offer a separately available

child-friendly Family Tier. It is possible that new marketing restrictions could be adopted in the future. Such restrictions could adversely affect our operations.

Actions by pole owners might subject us to significantly increased pole attachment costs.

Pole attachments are cable wires that are attached to poles. Cable system attachments to public utility poles historically have been regulated at the federal or state level, generally resulting in favorable pole attachment rates for attachments used to provide cable service. The FCC clarified that a cable operator s favorable pole rates are not endangered by the provision of Internet access, and that approach ultimately was upheld by the Supreme Court of the United States. Despite the existing regulatory regime, utility pole owners in many areas are attempting to raise pole attachment fees and impose additional costs on cable operators and others. The favorable pole attachment rates afforded cable operators under federal law can be increased by utility companies if the operator provides telecommunications services, in addition to cable service, over cable wires attached to utility poles. To date, Voice over Internet Protocol, or VoIP, service has not been classified as either a telecommunications service or cable service under the Communications Act. If VoIP were classified as a telecommunications service under the Communications Act by the FCC, a state Public Utility Commission, or an appropriate court, it might result in significantly increased pole attachment costs for us, which could adversely affect our financial condition and results of operations. Any significant increased costs could have a material adverse impact on our profitability and discourage system upgrades and the introduction of new products and services.

We may be required to provide access to our networks to other Internet service providers or restrictions could be imposed on our ability to manage our broadband infrastructure, either of which could significantly increase our competition and adversely affect our ability to provide new products and services.

A number of companies, including independent Internet service providers, or ISPs, have requested local authorities and the FCC to require cable operators to provide non-discriminatory access to cable s broadband infrastructure, so that these companies may deliver Internet services directly to customers over cable facilities. In a June 2005 ruling, commonly referred to as *Brand X*, the Supreme Court upheld an FCC decision (and overruled a conflicting Ninth Circuit opinion) making it less likely that any nondiscriminatory open access requirements (which are generally associated with common carrier regulation of telecommunications services) will be imposed on the cable industry by local, state or federal authorities. The Supreme Court held that the FCC was correct in classifying cable provided Internet service as an information service, rather than a telecommunications service. Notwithstanding *Brand X*, there has been increasing advocacy by certain internet content providers and consumer groups for new federal laws or regulations to limiting the ability of broadband network owners (like Charter) to manage and control their own networks. The proposals might prevent network owners, for example, from charging bandwidth intensive content providers, such as certain online gaming, music, and video service providers, an additional fee to ensure quality delivery of the services to consumers. If we were required to allocate a portion of our bandwidth capacity to other Internet service providers, or were prohibited from charging heavy bandwidth intensive services a fee for use of our networks, we believe that it could impair our ability to use our bandwidth in ways that would generate maximum revenues.

Changes in channel carriage regulations could impose significant additional costs on us.

Cable operators also face significant regulation of their channel carriage. They currently can be required to devote substantial capacity to the carriage of programming that they would not carry voluntarily, including certain local broadcast signals, local public, educational and government access programming, and unaffiliated commercial leased access programming. This carriage burden could increase in the future, particularly if cable systems were required to carry both the analog and digital versions of local broadcast signals (dual carriage) or to carry multiple program streams included with a single digital broadcast transmission (multicast carriage). Additional government-mandated broadcast carriage obliga-

tions could disrupt existing programming commitments, interfere with our preferred use of limited channel capacity and limit our ability to offer services that would maximize customer appeal and revenue potential. Although the FCC issued a decision in February 2005, confirming an earlier ruling against mandating either dual carriage or multicast carriage, that decision is subject to a petition for reconsideration which is pending. In addition, the FCC could reverse its own ruling or Congress could legislate additional carriage obligations.

Offering voice communications service may subject us to additional regulatory burdens, causing us to incur additional costs.

In 2002, we began to offer voice communications services on a limited basis over our broadband network. We continue to develop and deploy Voice over Internet Protocol or VoIP services. The FCC has declared that certain VoIP services are not subject to traditional state public utility regulation. The full extent of the FCC preemption of state and local regulation of VoIP services is not yet clear. Expanding our offering of these services may require us to obtain certain authorizations, including federal and state licenses. We may not be able to obtain such authorizations in a timely manner, or conditions could be imposed upon such licenses or authorizations that may not be favorable to us. The FCC has extended certain traditional telecommunications requirements, such as E911 and Universal Service requirements, to many VoIP providers, such as Charter. The FCC has also required that these VoIP providers comply with obligations applied to traditional telecommunications carriers to ensure their networks can accommodate law enforcement wiretaps by May 2007, that requirement has been affirmed by the Court of Appeals for the D.C. Circuit. Telecommunications companies generally are subject to other significant regulation which could also be extended to VoIP providers. If additional telecommunications regulations are applied to our VoIP service, it could cause us to incur additional costs.

QUESTIONS AND ANSWERS ABOUT THE EXCHANGE OFFER

For your convenience, the following is additional summary information regarding the Exchange Offer in a question and answer format.

Who is making the Exchange Offer?

The Offerors, CCHC, LLC, CCH II, LLC and CCH II Capital Corp., are offering to pay the Exchange Consideration to Holders of outstanding Convertible Notes who agree to tender their Convertible Notes in accordance with the terms of the Exchange Offer.

What securities are the subject of the Exchange Offer?

The securities that are the subject of the Exchange Offer are Charter s 5.875% Convertible Senior Notes due 2009. As of the date of this Exchange Offer Prospectus, there are $862,500,000 in aggregate principal amount of Convertible Notes outstanding. The Offerors will not accept for exchange more than $450,000,000 principal amount of Convertible Notes.

What will I receive in the Exchange Offer if I tender my Convertible Notes pursuant to the Exchange Offer and they are accepted?

The Exchange Consideration offered per $1,000 principal amount of Convertible Notes validly tendered for exchange and not validly withdrawn on or prior to the Expiration Date consists of:

$417.75 in cash,

100 shares of Class A Common Stock and

$325.00 principal amount of CCH II Notes.

The Exchange Offer is not conditioned on a minimum amount of Convertible Notes being tendered. The Offerors will not accept for exchange more than the Maximum Amount. As a result, if more than the Maximum Amount of Convertible Notes is validly tendered and not validly withdrawn, the Offerors will accept Convertible Notes from each Holder pro rata, based on the total amount of Convertible Notes validly tendered and not validly withdrawn.

Subject to applicable securities laws and the terms set forth in this Exchange Offer, the Offerors reserve the right to amend the Exchange Offer in any respect; however, the Offerors do not currently intend to change the amount of Class A Common Stock offered to more than 134 shares or less than 67 shares per $1,000 principal amount of Convertible Notes.

The CCH II Notes being offered as part of the Exchange Consideration will be issued under a temporary CUSIP number until the next interest payment date which is expected to be September 15, 2006, at which time it is expected that they will be mandatorily merged into the existing CUSIP number of approximately $1.6 billion outstanding principal amount of CCH II Notes.

CCH II Notes will be issued only in minimum denominations of $1,000 and integral multiples of $1,000. See Description of the Exchange Offer.

If the Exchange Offer is consummated and I do not fully participate or some of my Convertible Notes are not accepted for exchange, how will my rights and obligations under the Convertible Notes be affected?

Convertible Notes not tendered pursuant to the Exchange Offer will remain outstanding after the consummation of the Exchange Offer. Holders of Convertible Notes not tendered pursuant to the Exchange Offer will continue to have the same rights under the Convertible Notes as they are entitled to today.

With some of the proceeds from the initial sale of the Convertible Notes, we purchased and pledged to the trustee under the indenture for the Convertible Notes as security for the benefit of the Holders,

approximately $144 million of U.S. government securities. These securities were pledged to provide for the payment of the first six scheduled interest payments due on the original principal amount of the Convertible Notes. Because we currently intend that the Convertible Notes accepted for exchange will not be cancelled and will be held by CCHC after the Settlement Date, you will not be entitled to any increases in your pro rata share of the U.S. government securities pledged as security for the Convertible Notes. Holders are subject to certain risks associated with both tendering or not tendering Convertible Notes pursuant to the Exchange Offer. See Risk Factors Risks to Continuing Holders of Convertible Notes After the Settlement Date and Risk Factors Risks to Tendering Holders of Convertible Notes.

How does the contribution of the CC VIII Interest to CCH I by CCHC impact the Convertible Notes that remain outstanding?

As of October 31, 2005, as a result of Charter s settlement of a dispute with Paul G. Allen, Charter s controlling stockholder and Chairman of the Board, the interest in CC VIII was transferred to CCHC (the remaining preferred equity interests were retained by affiliates of Mr. Allen). As part of the Private Exchange Offers, CCHC will contribute its preferred equity interest in CC VIII to CCH I. The interest in CC VIII will be pledged as security for all outstanding CCH I notes, including those to be issued in the Private Exchange Offers. As a result, any claim that Holders of the Convertible Notes have against those CC VIII assets will become subordinated to claims of the holders of CCH I notes, as well as creditors of certain of Charter s subsidiaries, including CCHC, Charter Holdings and CIH.

What is the purpose of the Exchange Offer?

The purpose of the Exchange Offer is to exchange up to $450,000,000 of Charter s outstanding Convertible Notes to extend maturities and reduce our overall indebtedness.

What is the market value of the Convertible Notes?

The Convertible Notes are not listed on any national securities exchange but are eligible for trading on the PORTAL Market.

What is the recent market price of the Class A Common Stock?

The Class A Common Stock is traded on the Nasdaq Global Market under the symbol CHTR. The last reported sale price of the Class A Common Stock on August 9, 2006 was $1.17 per share. Each $1,000 principal amount of Convertible Notes is convertible into 413.2331 shares of Class A Common Stock, which is equivalent to a conversion price of $2.42 per share. See Price Range of Common Stock.

For the reasons described elsewhere herein, it is likely that the market price of the Class A Common Stock will be especially volatile during the Exchange Offer and may be substantially affected by the unwinding of hedging positions that Holders of Convertible Notes had entered into in connection with their investment in the Convertible Notes.

What is the market value of the CCH II Notes?

The CCH II Notes are not listed on any national securities exchange but are eligible for trading on the PORTAL Market.

How does the Exchange Consideration I will receive if I tender my Convertible Notes compare to what I would receive if I do not tender them?

If you do not tender your Convertible Notes pursuant to the Exchange Offer you will be entitled to receive interest payments of 5.875% per annum, payable semi-annually in arrears on May 16 and November 16 of each year through maturity (November 16, 2009). In addition, prior to the maturity of the Convertible Notes, you may elect to convert them into Class A Common Stock. Each $1,000 principal amount of Convertible Notes is convertible into 413.2231 shares of Class A Common Stock, which is

equivalent to a conversion price of $2.42 per share. At maturity, if you have not elected to convert your Convertible Notes, you will be entitled to the repayment of the principal amount of the Convertible Notes.

Because we intend that CCHC will hold the Convertible Notes accepted for exchange, Holders of Convertible Notes not exchanged will not be entitled to any increase in the pro rata share of these pledged securities. Instead, CCHC will receive any benefit from these U.S. government securities on the same pro rata basis as any Holders of Convertible Notes not exchanged. Furthermore, there can be no assurance that the cash received by CCHC as interest on the Convertible Notes will be available to pay either principal or interest on any Convertible Notes not exchanged.

If, however, you participate in the Exchange Offer, you will receive the Exchange Consideration described in the previous question and answer.

Will I receive accrued and unpaid interest from and after May 16, 2006 to the Expiration Date?

In addition to the Exchange Consideration the Offerors will pay accrued interest on the Convertible Notes from and after the last interest payment date (which was May 16, 2006) up to, but not including, the Settlement Date.

How will fluctuations in the trading price of the Class A Common Stock and CCH II Notes affect the amount I will receive if I tender my Convertible Notes?

You will receive a fixed number of shares of Class A Common Stock and a fixed principal amount of CCH II Notes. If the market price of the Class A Common Stock and/or CCH II Notes declines, the value of the shares of Class A Common Stock and CCH II Notes you will receive will decline. Trading prices of the Class A Common Stock and CCH II Notes will be influenced by our operating results and prospects and by economic, financial, regulatory and other factors, as well as by this Exchange Offer and/or the Private Exchange Offer. General market conditions, including the level of, and fluctuations in, the prices of stocks and high-yield notes, will also have an impact. In addition, sales of substantial amounts of the Class A Common Stock and CCH II Notes after this Exchange Offer, or the perception that such sales may occur, could affect the price of the Class A Common Stock and CCH II Notes.

When will I receive the Exchange Consideration for tendering my Convertible Notes pursuant to the Exchange Offer?

Assuming the Offerors have not previously elected to terminate the Exchange Offer (which the Offerors can only do if a condition to the Exchange Offer has not been satisfied, see Description of the Exchange Offer Conditions to the Exchange Offer), Convertible Notes validly tendered in accordance with the procedures set forth herein prior to 11:59 p.m., New York City time, on the Expiration Date, will, upon the terms and subject to the conditions of the Exchange Offer, be accepted for exchange and payment by the Offerors of the Exchange Consideration, and payments will be made therefor promptly on the Settlement Date. The Offerors intend to deposit the Exchange Consideration with the Exchange Agent or return tendered Convertible Notes pursuant to the Exchange Offer, as applicable, on the third business day following the Expiration Date. If the Exchange Offer is not consummated, no such exchange will occur and no payments will be made.

In the event of a termination of the Exchange Offer, the Convertible Notes tendered for exchange pursuant to the Exchange Offer will be promptly returned to the tendering Holders. Likewise, any Convertible Notes not accepted for exchange because the Maximum Amount has been exceeded will be promptly returned to the tendering Holders.

Will the Class A Common Stock and CCH II Notes I receive upon tender of the Convertible Notes be freely tradable?

Yes. Generally, the Class A Common Stock and CCH II Notes you will receive pursuant to the Exchange Offer will be freely tradable, unless you are an affiliate of Charter, as that term is defined in the

Securities Act, or you acquired your Convertible Notes from an affiliate of Charter in an unregistered transaction. The Class A Common Stock will be listed on Nasdaq Global Market under the symbol CHTR. However, the Offerors do not intend to list the CCH II Notes on any securities exchange or to seek approval for quotation through any automated quotation system.

Do the Offerors or their affiliates have any current plans to purchase any Convertible Notes that remain outstanding subsequent to the Expiration Date?

No. The Offerors and their affiliates reserve the right, in their absolute discretion, to purchase or make offers to purchase any Convertible Notes that remain outstanding subsequent to the Expiration Date and, to the extent permitted by applicable law, purchase Convertible Notes in the open market, in privately negotiated transactions or otherwise, but have no current plans to do so. The terms of any such purchases or offers could differ from the terms of the Exchange Offer.

What will happen if I unwind positions relating to my hedging of my investment in the Convertible Notes and the Exchange Offer is not consummated?

Neither we nor our board of directors is making any recommendation whether you should tender your Convertible Notes in the Exchange Offer. We cannot assure you that the conditions to this Exchange Offer will be satisfied on a timely basis, if at all. We are making no recommendation, and bear no responsibility, for any activities that Holders of Convertible Notes may undertake in connection with any hedging activities that they may have entered into in connection with their investment in the Convertible Notes.

What will happen to the Convertible Notes that are accepted for exchange?

So that CCHC will receive any benefit from the U.S. government securities pledged as security for the Convertible Notes, we intend that, following the closing of the Exchange Offer, CCHC will hold the Convertible Notes accepted for exchange. As a result, Holders of Convertible Notes not exchanged will not be entitled to any increase in the pro rata share of these pledged U.S. government securities. However, there can be no assurance that the cash received by CCHC as interest on the Convertible Notes will be available to pay either principal or interest on any Convertible Notes not exchanged. See Description of the Convertible Notes.

Are any Convertible Notes held by the officers or directors of Charter or its subsidiaries?

No. None of our directors or executive officers beneficially holds Convertible Notes.

However, Mr. Neil Smit, our President and Chief Executive Officer sold 800,000 shares of Class A Common Stock in the open market on August 22, 2006, to pay an estimated tax liability related to the vesting of shares of Class A Common Stock. See Management Sale of Restricted Shares by Mr. Smit.

Are Charter, the Offerors or any of their subsidiaries making a recommendation regarding whether I should tender my Convertible Notes pursuant to the Exchange Offer?

Neither Charter, the Offerors, their subsidiaries nor their respective Boards of Directors has made, nor will they make a recommendation to any Holder, and will remain neutral as to whether you should exchange your Convertible Notes pursuant to the Exchange Offer or unwind any hedged positions with respect to the Convertible Notes. You must make your own investment decision with regard to the Exchange Offer. The Offerors urge you to carefully read this Exchange Offer Prospectus and the related Letter of Transmittal in its entirety, including the information set forth in the section entitled Risk Factors.

Table of Contents

What are the conditions to the Exchange Offer?

The Exchange Offer is subject to applicable law and the conditions described under Description of the Exchange Offer Conditions to the Exchange Offer, including effectiveness of the registration statement. The Exchange Offer is not conditioned upon any minimum principal amount of Convertible Notes being tendered. The Offerors currently expect that each of the conditions will be satisfied and that no waiver of any condition will be necessary. the Offerors do not know whether any of the conditions will be satisfied on a timely basis, if at all, and have made no determination of whether or not (or to what extent) that the Offerors would waive any of the conditions to the Exchange Offer. We have no obligation, and do not presently intend, to extend the expiration date of the Exchange Offer beyond September 8, 2006.

When does the Exchange Offer expire?

The Exchange Offer will expire at 11:59 p.m., New York City time, on September 8, 2006, unless extended or earlier terminated by the Offerors.

Under what circumstances can the Exchange Offer be extended, amended or terminated?

The Offerors may extend or amend the Exchange Offer in its their and absolute discretion, and the Offerors expressly reserve the right, in their discretion and subject to Rule 14e-l(c) under the Exchange Act, to delay acceptance of, or payment of Exchange Consideration in respect of, Convertible Notes in order to comply with any applicable law, however, the Offerors do not currently intend to change the amount of Class A Common Stock offered to more than 134 shares or less than 67 shares per $1,000 principal amount of Convertible Notes. In addition, the Offerors may terminate the Exchange Offer if any one or more of the conditions to the Exchange Offer is not satisfied, but in no other circumstance. See Description of the Exchange Offer Conditions to the Exchange Offer. We do not currently intend to extend the Expiration Date beyond September 8, 2006.

How will I be notified if the Exchange Offer is extended, amended or terminated?

Any extension, amendment or termination of the Exchange Offer will be followed promptly by public announcement thereof, the announcement in the case of an extension of the Exchange Offer to be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

Without limiting the manner in which any public announcement may be made, the Offerors shall have no obligation to publish, advertise or otherwise communicate any such public announcement other than by issuing a release to the Dow Jones News Service.

What risks should I consider in deciding whether or not to tender my Convertible Notes pursuant to the Exchange Offer?

In deciding whether to participate in the Exchange Offer, you should carefully consider the discussion of risks and uncertainties described under Recent Events and Risk Factors herein.

What are the material United States federal income tax consequences of the Exchange Offer?

For a summary of the material U.S. federal income tax consequences of the Exchange Offer, see Certain U.S. Federal Income Tax Consequences.

Will Charter, the Offerors or any of their subsidiaries receive any proceeds from the Exchange Offer?

No.

How do I tender my Convertible Notes pursuant to the Exchange Offer?

If your Convertible Notes are held in the name of a broker, dealer or other nominee, the Convertible Notes may be tendered by your nominee through DTC. If your Convertible Notes are not held in the name of a broker, dealer or other nominee, you must tender your Convertible Notes together with a completed Letter of Transmittal and any other documents required thereby or hereby, to the Exchange Agent, no later than 11:59 p.m. New York City time, on the Expiration Date. For more information regarding the procedures for tendering your Convertible Notes pursuant to the Exchange Offer. See Description of the Exchange Offer Procedures for Tendering Convertible Notes.

May I tender only a portion of the Convertible Notes that I hold?

Yes. You do not have to tender all of your Convertible Notes to participate in the Exchange Offer. However, you may only tender Convertible Notes in integral multiples of $1,000 principal amount.

What happens if some of my Convertible Notes are not accepted for exchange?

The Offerors will not accept for exchange more than $450,000,000 principal amount of Convertible Notes, which is the Maximum Amount. As a result, if more than the Maximum Amount of Convertible Notes is validly tendered and not validly withdrawn, the Offerors will accept Convertible Notes from each Holder pro rata, based on the total principal amount of Convertible Notes validly tendered and not validly withdrawn. Any Convertible Notes not accepted for exchange because the Maximum Amount has been exceeded will be promptly returned to the tendering Holders.

What is the deadline and what are the procedures for withdrawing previously tendered Convertible Notes?

Convertible Notes previously tendered may be withdrawn at any time up until 11:59 p.m. New York City time, on the Expiration Date. For a withdrawal of tendered Convertible Notes to be effective, a written, telegraphic or facsimile transmission with all the information required must be received by the Exchange Agent on or prior to 11:59 p.m. New York City time, on the Expiration Date at its address set forth on the back cover of this Exchange Offer Prospectus. See Description of the Exchange Offer Withdrawal of Tendered Convertible Notes.

Who do I call if I have any questions on how to tender my Convertible Notes or any other questions relating to the Exchange Offer?

Any requests for assistance in connection with the Exchange Offer or for additional copies of this Exchange Offer Prospectus or related materials should be directed to the Information Agent. Any questions regarding the Exchange Offer should be directed to either of the Dealer Managers. Contact information for the Information Agent and the Dealer Managers is set forth on the back cover of this Exchange Offer Prospectus. Beneficial owners may also contact their brokers, dealers, commercial banks, trust companies or other nominees through which they hold the Convertible Notes with questions and requests for assistance.

PRICE RANGE OF COMMON STOCK

The Class A Common Stock is quoted on the Nasdaq Global Market under the symbol CHTR. The following table sets forth, for the periods indicated, the range of high and low last reported sale price per share of Class A Common Stock on the Nasdaq Global Market. There is no established trading market for the Class B common stock.

	High	Low
2004		
First quarter	$ 5.43	$ 3.99
Second quarter	4.70	3.61
Third quarter	3.90	2.61
Fourth quarter	3.01	2.03
2005		
First quarter	$ 2.30	$ 1.35
Second quarter	1.53	0.90
Third quarter	1.71	1.14
Fourth quarter	1.50	1.12
2006		
First quarter	$ 1.25	$ 0.94
Second quarter	1.38	1.03
Third quarter through August 9, 2006	1.32	1.11

As of June 30, 2006, there were 4,424 holders of record of the Class A Common Stock, one holder of the Class B common stock and 4 holders of record of Charter s Series A Convertible Redeemable Preferred Stock.

The last reported sale price of the Class A Common Stock on the Nasdaq Global Market on August 9, 2006 was $1.17 per share.

We have never paid and do not expect to pay any cash dividends on the Class A Common Stock in the foreseeable future. Charter Holdco is required under certain circumstances to pay distributions pro rata to all its common members to the extent necessary for any common member to pay taxes incurred with respect to its share of taxable income attributed to Charter Holdco. Covenants in the indentures and credit agreements governing the debt of our subsidiaries restrict their ability to make distributions to us and, accordingly, limit our ability to declare or pay cash dividends. We intend to cause Charter Holdco and its subsidiaries to retain future earnings, if any, to finance the operation of the business of Charter Holdco and its subsidiaries.

BOOK VALUE PER COMMON SHARE

The book value per share of Class A Common Stock as of June 30, 2006 was $(13.14).

USE OF PROCEEDS

None of Charter, CCHC, CCH II or any of their subsidiaries will receive any proceeds from the Exchange Offer.

Table of Contents

CAPITALIZATION

Capitalization of Charter and its Subsidiaries.

The following table sets forth, as of June 30, 2006, on a consolidated basis:

cash and cash equivalents of Charter;

the actual (historical) capitalization of Charter;

the actual as adjusted capitalization of Charter after giving effect to:

(1) the completed and scheduled disposition of certain assets for total proceeds of $971 million and the temporary use of such proceeds to reduce amounts outstanding under our revolving credit facility; and

(2) the Private Exchange Offers Pro Forma Adjustments.

the capitalization of Charter, on a pro forma basis to reflect the Private Exchange Offers Pro Forma Adjustments and the Exchange Offer Pro Forma Adjustments.

The following information should be read in conjunction with Selected Historical Consolidated Financial Data, Unaudited Pro Forma Consolidated Financials, Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter and the historical consolidated financial statements and related notes of Charter included elsewhere in this Exchange Offer Prospectus.

We use a 50% participation rate for illustrative purposes only and cannot assure you that we will achieve a participation rate at or near that percentage or to what extent the Convertible Notes or Charter Holdings notes will be tendered. This table should be read in conjunction with the Summary Summary Consolidated Financial Data and the historical consolidated financial statements of Charter and CCH II included elsewhere in this Exchange Offer Prospectus. The financial data is not intended to provide any indication of what our actual financial position, including actual cash balances and revolver borrowings, or results would have been had the transactions described above been completed on the dates indicated or to project our results of operations for any future date.

13.500% senior discount notes due 2014		581
12.125% senior discount notes due 2015		203
Total	$	2,520

(c) Certain of the CIH notes and CCH I notes issued in exchange for Charter Holdings notes in 2005 and certain of the CCH I notes and CCH II notes to be issued in the Private Exchange Offers are

52

recorded at the historical book values of the Charter Holdings notes for financial reporting purposes as opposed to the current accreted value for legal purposes and notes indenture purposes (which, for both purposes, is the amount that would become payable if the debt becomes immediately due). As of June 30, 2006, the accreted value of Charter s debt for legal purposes and notes indenture purposes is approximately $19.4 billion.

(d) As of June 30, 2006, our potential availability under our credit facilities totaled approximately $900 million, none of which was limited by covenant restrictions. However, pro forma for the closing of the asset sales on July 1, 2006, and the related application of net proceeds to repay amounts outstanding under our revolving credit facility, potential availability under our credit facilities as of June 30, 2006 would have been approximately $1.7 billion, although actual availability would have been limited to $1.3 billion because of limits imposed by covenant restrictions.

(e) Represents an exchangeable accreting note issued by CCHC in relation to the CC VIII settlement. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

(f) In connection with Charter s acquisition of Cable USA, Inc. and certain cable system assets from affiliates of Cable USA, Inc., Charter issued 545,259 shares of Series A Convertible Redeemable Preferred Stock valued at and with a liquidation preference of $55 million. Holders of the preferred stock have no voting rights but are entitled to receive cumulative cash dividends at an annual rate of 5.75%, payable quarterly or 7.75% if not paid but accrued. Beginning January 1, 2005 and through September 30, 2005, Charter accrued the dividend on its Series A Convertible Redeemable Preferred Stock. The preferred stock is redeemable by Charter at its option on or after August 31, 2004 and must be redeemed by Charter at any time upon a change of control, or if not previously redeemed or converted, on August 31, 2008. In November 2005, we repurchased 508,546 shares of the preferred stock. The preferred stock is convertible, in whole or in part, at the option of the holders from April 1, 2002 through August 31, 2008, into shares of Class A common stock at an initial conversion rate equal to a conversion price of $24.71 per share of Class A common stock, subject to certain customary adjustments.

(g) Minority interest represents preferred membership interests in CC VIII. Paul G. Allen held preferred membership units in CC VIII as a result of the exercise of put rights originally granted in connection with the Bresnan transaction in 2000. There was an issue regarding the ultimate ownership of the CC VIII membership interests following the consummation of the Bresnan put transaction on June 6, 2003. This dispute was settled October 31, 2005. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

Table of Contents

Capitalization of CCH II and its Subsidiaries.

The following table sets forth, as of June 30, 2006, on a consolidated basis:

cash and cash equivalents of CCH II;

the actual (historical) capitalization CCH II;

the actual as adjusted capitalization of CCH II after giving effect to:

(1) the completed and scheduled disposition of certain assets for total proceeds of $971 million and the temporary use of such proceeds to reduce amounts outstanding under our revolving credit facility; and

(2) the Private Exchange Offers Pro Forma Adjustments.

the capitalization of CCH II, on a pro forma basis to reflect the Private Exchange Offers Pro Forma Adjustments and the Exchange Offer Pro Forma Adjustments.

The following information should be read in conjunction with Selected Historical Consolidated Financial Data, Unaudited Pro Forma Consolidated Financials, Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC and the historical consolidated financial statements and related notes of CCH II included elsewhere in this Exchange Offer Prospectus.

We use a 50% participation rate for illustrative purposes only and cannot assure you that we will achieve a participation rate at or near that percentage or to what extent the Convertible Notes or Charter Holdings note will be tendered. This table should be read in conjunction with the Summary Summary Consolidated Financial Data and the historical consolidated financial statements of Charter and CCH II included elsewhere in this Exchange Offer Prospectus. The financial data is not intended to provide any indication of what our actual financial position, including actual cash balances and revolver borrowings, or results would have been had the transactions described above been completed on the dates indicated or to project our results of operations for any future date.

Member s Equity	2,648	2,621	2,301
Total Capitalization	$ 14,445	$ 13,823	$ 13,660

(a) As of June 30, 2006, our potential availability under our credit facilities totaled approximately $900 million, none of which was limited by covenant restrictions. However, pro forma for the closing of the asset sales on July 1, 2006, and the related application of net proceeds to repay amounts outstanding under our revolving credit facility, potential availability under our credit facilities as of June 30, 2006 would have been approximately $1.7 billion, although actual availability would have been limited to $1.3 billion because of limits imposed by covenant restrictions.

(b) Minority interest consists of preferred membership interests in CC VIII. This preferred interest arises from approximately $630 million of preferred membership units issued by CC VIII in connection with an acquisition in February 2000 and was the subject of a dispute between Charter and Mr. Allen, Charter s Chairman and controlling shareholder that was settled October 31, 2005. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIALS

The following unaudited pro forma consolidated financial statements are based on the historical consolidated financial statements of Charter and CCH II, adjusted to reflect the following transactions as if they occurred on January 1, 2005 for the unaudited pro forma consolidated statements of operations and as of June 30, 2006 for the unaudited consolidated balance sheets:

(1) the redemption in March 2005 of all (approximately $113 million principal amount) of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 with cash on hand;

(2) the issuance and sale of $300 million of 8 3/4% CCO Holdings senior notes in August 2005 and the use of a portion of such proceeds to pay financing costs and accrued interest in the September 2005 exchange transaction referenced below;

(3) the exchange in September 2005 of approximately $3.4 billion principal amount of Charter Holdings notes scheduled to mature in 2009 and 2010 for CCH I notes and the exchange of approximately $3.4 billion principal amount of Charter Holdings notes scheduled to mature in 2011 and 2012 for CIH notes and CCH I notes;

(4) the issuance and sale of $450 million principal amount of 10.250% CCH II senior notes in January 2006 and the use of such proceeds to pay down credit facilities.

(5) the refinancing of the Charter Operating credit facilities in April 2006 and the related reductions in interest rate margins on the term loan;

(6) the acquisition of certain assets in January 2006 for approximately $42 million;

(7) the completed and scheduled disposition of certain assets for total proceeds of $971 million and the use of such proceeds to reduce amounts outstanding under our revolving credit facility;

(8) the issuance of $200 million principal amount of CCH II 2013 notes and $530 million principal amount of CCH I notes in exchange for 50% of the outstanding Charter Holdings notes of each outstanding series pursuant to the Private Exchange Offers (the Private Exchange Offers Pro Forma Adjustments); and

(9) the issuance of $140 million principal amount of CCH II Notes, 43 million shares of Class A Common Stock and the use of $180 million in cash in exchange for 50% of the outstanding Convertible Notes pursuant to the Exchange Offer (the Exchange Offer Pro Forma Adjustments).

The unaudited pro forma adjustments are based on information available to us as of the date of this Exchange Offer Prospectus and certain assumptions that we believe are reasonable under the circumstances. The unaudited pro forma consolidated financial statements required allocation of certain revenues and expenses and such information has been presented for comparative purposes and is not intended to provide any indication of what our actual financial position, including actual cash balances and revolver borrowings, or results of operations would have been had the transactions described above been completed on the dates indicated or to project our results of operations for any future date.

(a) Represents the elimination of assets and liabilities sold or to be sold in the completed and scheduled disposition of certain cable systems and the related use of the proceeds to reduce amounts outstanding under our revolving

credit facility and for general corporate purposes. Adjustment to equity represents the expected gain on the sale of the assets as discussed in assumption (7).

(b) Adjustment to cash represents the payment of approximately $7 million of transaction fees and approximately $22 million of accrued interest related to the Charter Holdings notes exchanged for CCH I and CCH II notes. Adjustment to accounts payable and accrued expenses represents payment of accrued interest related to the Charter Holdings notes. Adjustment to equity represents the net gain expected to be recognized on the exchange. Adjustment to long-term debt is detailed below.

Accreted value of Charter Holdings notes exchanged	$	(826)
Fair value of CCH II notes issued		200
Fair value of CCH I notes issued		477
Gain on exchange deferred		24
Net decrease in long-term debt	$	(125)

(c) Adjustment to cash represents use of cash to pay the cash portion of the consideration paid to repurchase the Charter convertible notes. Adjustment to other assets represents the payment of approximately $5 million of fees and the write-off of approximately $16 million of unamortized deferred financing costs associated with the Charter converts repurchased. Adjustment to accounts payable and accrued expenses represents payment of accrued interest related to the Charter convertible notes. Adjustments to long-term debt and shareholders deficit are detailed below.

Accreted value of Charter convertible notes exchanged	$	(424)
Fair value of CCH II notes issued		142
Drawdown on credit facility for payment of transaction fees and consideration on notes exchanged		15
Net decrease in long-term debt	$	(267)

Fair value of Charter Class A Common stock issued	$	60
Net gain on exchange		25
Net increase in equity	$	85

Net loss	$ (4.33)	$ (8.55)	$ (0.82)	$ (14.47)	$ (3.13)	$ (2.34)	$ (2.65)
Weighted-average common shares outstanding, basic and diluted	269,594,386	294,440,261	294,597,519	300,291,877	310,159,047	303,465,474	317,531,492
Other Data:							
Deficiencies of earnings to cover fixed charges(a)	$ 2,630	$ 5,994	$ 725	$ 3,698	$ 853	$ 655	$ 776
Balance Sheet Data (end of period):							
Cash and cash equivalents	$ 2	$ 321	$ 127	$ 650	$ 21	$ 40	$ 56
Total assets	26,463	22,384	21,364	17,673	16,431	16,779	16,145
Long-term debt	16,343	18,671	18,647	19,464	19,388	19,247	19,860
Note payable related party					49		53
Minority interest(b)	4,434	1,050	689	648	188	659	189
Shareholder s equity (deficit)	2,585	41	(175)	(4,406)	(4,920)	(5,102)	(5,762)

(a) Earnings include net loss plus fixed charges. Fixed charges consist of interest expense and an estimated interest component of rent expense.

(b) Minority interest represents the percentage of Charter Holdco not owned by Charter, plus preferred membership interests in our indirect subsidiary, CC VIII, and since June 6, 2003, the pro rata share of the profits and losses of CC VIII. This preferred membership interest arises from approximately $630 million of preferred membership units issued by CC VIII in connection with an acquisition in February 2000 and was the subject of a dispute between Charter and Mr. Allen, Charter s Chairman and controlling shareholder that was settled October 31, 2005. Reported losses allocated to minority interest on the statement of operations are limited to the extent of any remaining minority interest on the balance sheet related to Charter Holdco. Because minority interest in Charter Holdco was substantially eliminated at December 31, 2003, beginning in 2004, Charter began to absorb substantially all losses before income taxes that otherwise would have been allocated to minority interest, resulting in an approximate additional $454 million and $2.4 billion of net losses for the years ended December 31, 2005 and 2004, respectively. Under our existing capital structure, Charter will absorb all future losses. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF CHARTER

Unless otherwise stated, the terms we, us and our used in this Management s Discussion and Analysis of Financ Condition and Results of Operations of Charter refer to Charter and its direct and indirect subsidiaries on a consolidated basis.

Reference is made to Risk Factors and Special Note Regarding Forward-Looking Statements, which describe important factors that could cause actual results to differ from expectations and non-historical information contained herein. In addition, the following discussion should be read in conjunction with the audited consolidated financial statements of Charter Communications, Inc. and subsidiaries as of and for the years ended December 31, 2005, 2004 and 2003 and the unaudited consolidated financial statements of Charter Communications, Inc. and its subsidiaries as of and for the six months ended June 30, 2006.

Introduction

We continue to pursue opportunities to improve our liquidity. Our efforts in this regard have resulted in the completion of a number of financing transactions in 2005 and 2006, as follows:

- the July 2006 sale of cable systems to Cebridge and New Wave for proceeds of approximately $896 million;
- the April 2006 refinancing of our existing credit facilities (See Liquidity and Capital Resources Recent Financing Transactions);
- the January 2006 sale by our subsidiaries, CCH II and CCH II Capital Corp., of an additional $450 million principal amount of their 10.250% senior notes due 2010;
- the October 2005 entry by our subsidiaries, CCO Holdings and CCO Holdings Capital Corp., as guarantor thereunder, into a $600 million senior bridge loan agreement with various lenders (which was reduced to $435 million as a result of the issuance of CCH II notes);
- the September 2005 exchange by Charter Holdings, CCH I and CIH of approximately $6.8 billion in total principal amount of outstanding debt securities of Charter Holdings in a private placement for new debt securities;
- the August 2005 sale by our subsidiaries, CCO Holdings and CCO Holdings Capital Corp., of $300 million of $8^{3}/4$% senior notes due 2013;
- the March and June 2005 issuance of $333 million of Charter Operating notes in exchange for $346 million of Charter Holdings notes;
- the repurchase during 2005 of $136 million of Charter s 4.75% convertible senior notes due 2006 leaving $20 million in principal amount outstanding; and
- the March 2005 redemption of all of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 at a total cost of $122 million.

During the years 1999 through 2001, we grew significantly, principally through acquisitions of other cable businesses financed by debt and, to a lesser extent, equity. We have no current plans to pursue any significant acquisitions. However, we may pursue exchanges of non-strategic assets or divestitures, such as the sale of cable systems discussed above. We therefore do not believe that our historical growth rates are accurate indicators of future growth.

The industry s and our most significant operational challenges include competition from DBS providers and DSL service providers. See Business Competition. We believe that competition from DBS has resulted in net analog video customer losses and decreased growth rates for digital video customers. Competition from DSL providers combined with limited opportunities to expand our customer

base now that approximately 36% of our analog video customers subscribe to our high-speed Internet services has resulted in decreased growth rates for high-speed Internet customers. In the recent past, we have grown revenues by offsetting video customer losses with price increases and sales of incremental advanced services such as high-speed Internet, video on demand, digital video recorders and high definition television. We expect to continue to grow revenues through price increases and through continued growth in high-speed Internet and incremental new services including telephone, high definition television, VOD and DVR service.

Historically, our ability to fund operations and investing activities has depended on our continued access to credit under our credit facilities. We expect we will continue to borrow under our credit facilities from time to time to fund cash needs. The occurrence of an event of default under our credit facilities could result in borrowings from these credit facilities being unavailable to us and could, in the event of a payment default or acceleration, also trigger events of default under the indentures governing our outstanding notes and would have a material adverse effect on us. See Liquidity and Capital Resources.

Sale of Assets

In 2006, we signed three separate definitive agreements to sell certain cable television systems serving a total of approximately 356,000 analog video customers in 1) West Virginia and Virginia to Cebridge Connections, Inc. (the Cebridge Transaction); 2) Illinois and Kentucky to Telecommunications Management, LLC, doing business as New Wave Communications (the New Wave Transaction) and 3) Nevada, Colorado, New Mexico and Utah to Orange Broadband Holding Company, LLC (the Orange Transaction) for a total of approximately $971 million. These cable systems met the criteria for assets held for sale. As such, the assets were written down to fair value less estimated costs to sell resulting in asset impairment charges during the six months ended June 30, 2006 of approximately $99 million related to the New Wave Transaction and the Orange Transaction. In the third quarter of 2006, we expect to record a gain of approximately $200 million on the Cebridge Transaction. In addition, assets and liabilities to be sold have been presented as held for sale. We have also determined that the West Virginia and Virginia cable systems comprise operations and cash flows that for financial reporting purposes meet the criteria for discontinued operations. Accordingly, the results of operations for the West Virginia and Virginia cable systems have been presented as discontinued operations, net of tax for the six months ended June 30, 2006 and all prior periods presented herein have been reclassified to conform to the current presentation.

Overview of Operations

Approximately 86% of our revenues for the six months ended June 30, 2006 and year ended December 31, 2005 are attributable to monthly subscription fees charged to customers for our video, high-speed Internet, telephone and commercial services provided by our cable systems. Generally, these customer subscriptions may be discontinued by the customer at any time. The remaining 14% of revenue for the six months ended June 30, 2006 and year ended December 31, 2005 is derived primarily from advertising revenues, franchise fee revenues, which are collected by us but then paid to local franchising authorities, pay-per-view and VOD programming where users are charged a fee for individual programs viewed, installation or reconnection fees charged to customers to commence or reinstate service, and commissions related to the sale of merchandise by home shopping services. We have increased revenues during the past three years, primarily through the sale of digital video and high-speed Internet services to new and existing customers and price increases on video services offset in part by dispositions of systems. Going forward, our goal is to increase revenues by offsetting video customer losses with price increases and sales of incremental advanced services such as telephone, high-speed Internet, video on demand, digital video recorders and high definition television. See Business Sales and Marketing.

Our success in our efforts to grow revenues and improve margins will be impacted by our ability to compete against companies with easier access to financing, greater personnel resources, greater brand name recognition, long-established relationships with regulatory authorities and customers, and, often fewer

regulatory burdens. Additionally, controlling our cost of operations is critical, particularly cable programming costs, which have historically increased at rates in excess of inflation and are expected to continue to increase. See Business Programming. We are attempting to control our costs of operations by maintaining strict controls on expenses. More specifically, we are focused on managing our cost structure by managing our workforce to control cost increases and improve productivity, and leveraging our size in purchasing activities.

Our expenses primarily consist of operating costs, selling, general and administrative expenses, depreciation and amortization expense and interest expense. Operating costs primarily include programming costs, the cost of our workforce, cable service related expenses, advertising sales costs, franchise fees and expenses related to customer billings. For the six months ended June 30, 2006 and 2005, our operating income from continuing operations, which includes depreciation and amortization expense and asset impairment charges but excludes interest expense, was $138 million and $142 million, respectively. We had operating margins of 5% and 6% for the six months ended June 30, 2006 and 2005, respectively. The decrease in operating income from continuing operations and operating margins for the six months ended June 30, 2006 compared to 2005 was principally due to an increase in operating costs and asset impairment charges of $60 million. Our operating loss from continuing operations decreased from $1.9 billion for year ended December 31, 2004 to income of $304 million for the year ended December 31, 2005. We had a positive operating margin (defined as operating income (loss) from continuing operations divided by revenues) of 6% and a negative operating margin of 40% for the years ended December 31, 2005 and 2004, respectively. The improvement from an operating loss from continuing operations and negative operating margin to operating income from continuing operations and positive operating margin for the year end December 31, 2005 is principally due to the impairment of franchises of $2.3 billion recorded in the third quarter of 2004 which did not recur in 2005. For the year ended December 31, 2003, operating income from continuing operations was $484 million and for the year ended December 31, 2004, our operating loss from continuing operations was $1.9 billion. We had a negative operating margin of 40% for the year ended December 31, 2004, whereas for the year ending December 31, 2003, we had positive operating margin of 10%. The decline in operating income from continuing operations and operating margin for the year end December 31, 2004 is principally due to the impairment of franchises of $2.3 billion recorded in the third quarter of 2004. The year ended December 31, 2004 also includes a gain on the sale of certain cable systems to Atlantic Broadband Finance, LLC which is substantially offset by an increase in option compensation expense and special charges when compared to the year ended December 31, 2003. Although we do not expect charges for impairment in the future of comparable magnitude, potential charges could occur due to changes in market conditions.

We have a history of net losses. Our net losses are principally attributable to insufficient revenue to cover the combination of operating costs and interest costs we incur because of our high level of debt and depreciation expenses that we incur resulting from the capital investments we have made and continue to make in our cable properties. We expect that these expenses will remain significant, and we therefore expect to continue to report net losses for the foreseeable future. We had net losses of $841 million and $707 million for the six months ended June 30, 2006 and 2005, respectively.

Critical Accounting Policies and Estimates

Certain of our accounting policies require our management to make difficult, subjective or complex judgments. Management has discussed these policies with the Audit Committee of Charter s Board of Directors and the Audit Committee has reviewed the following disclosure. We consider the following policies to be the most critical in understanding the estimates, assumptions and judgments that are involved in preparing our financial statements and the uncertainties that could affect our results of operations, financial condition and cash flows:

Capitalization of labor and overhead costs;

Useful lives of property, plant and equipment;

Impairment of property, plant, and equipment, franchises, and goodwill;

Table of Contents

- Income taxes; and
- Litigation.

In addition, there are other items within our financial statements that require estimates or judgment but are not deemed critical, such as the allowance for doubtful accounts, but changes in judgment, or estimates in these other items could also have a material impact on our financial statements.

Capitalization of labor and overhead costs. The cable industry is capital intensive, and a large portion of our resources are spent on capital activities associated with extending, rebuilding, and upgrading our cable network. As of June 30, 2006, December 31, 2005 and 2004, the net carrying amount of our property, plant and equipment (consisting primarily of cable network assets) was approximately $5.4 billion (representing 33% of total assets), $5.8 billion (representing 36% of total assets) and $6.3 billion (representing 36% of total assets), respectively. Total capital expenditures for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003 were approximately $539 million, $1.1 billion, $924 million and $854 million, respectively.

Costs associated with network construction, initial customer installations (including initial installations of new or advanced services), installation refurbishments and the addition of network equipment necessary to provide new or advanced services are capitalized. While our capitalization is based on specific activities, once capitalized, we track these costs by fixed asset category at the cable system level and not on a specific asset basis. Costs capitalized as part of initial customer installations include materials, direct labor, and certain indirect costs (overhead). These indirect costs are associated with the activities of personnel who assist in connecting and activating the new service and consist of compensation and overhead costs associated with these support functions. The costs of disconnecting service at a customer s dwelling or reconnecting service to a previously installed dwelling are charged to operating expense in the period incurred. Costs for repairs and maintenance are charged to operating expense as incurred, while equipment replacement and betterments, including replacement of cable drops from the pole to the dwelling, are capitalized.

We make judgments regarding the installation and construction activities to be capitalized. We capitalize direct labor and overhead using standards developed from actual costs and applicable operational data. We calculate standards for items such as the labor rates, overhead rates and the actual amount of time required to perform a capitalizable activity. For example, the standard amounts of time required to perform capitalizable activities are based on studies of the time required to perform such activities. Overhead rates are established based on an analysis of the nature of costs incurred in support of capitalizable activities and a determination of the portion of costs that is directly attributable to capitalizable activities. The impact of changes that resulted from these studies were not significant in the periods presented.

Labor costs directly associated with capital projects are capitalized. We capitalize direct labor costs associated with personnel based upon the specific time devoted to network construction and customer installation activities. Capitalizable activities performed in connection with customer installations include such activities as:

- Dispatching a truck roll to the customer s dwelling for service connection;
- Verification of serviceability to the customer s dwelling (i.e., determining whether the customer s dwelling is capable of receiving service by our cable network and/or receiving advanced or Internet services);
- Customer premise activities performed by in-house field technicians and third-party contractors in connection with customer installations, installation of network equipment in connection with the installation of expanded services and equipment replacement and betterment; and
- Verifying the integrity of the customer s network connection by initiating test signals downstream from the headend to the customer s digital set-top box.

Judgment is required to determine the extent to which overhead is incurred as a result of specific capital activities, and therefore should be capitalized. The primary costs that are included in the determination of the overhead rate are (i) employee benefits and payroll taxes associated with capitalized direct labor, (ii) direct variable costs associated with capitalizable activities, consisting primarily of installation and construction vehicle costs, (iii) the cost of support personnel, such as dispatch, that directly assist with capitalizable installation activities, and (iv) indirect costs directly attributable to capitalizable activities.

While we believe our existing capitalization policies are appropriate, a significant change in the nature or extent of our system activities could affect management s judgment about the extent to which we should capitalize direct labor or overhead in the future. We monitor the appropriateness of our capitalization policies, and perform updates to our internal studies on an ongoing basis to determine whether facts or circumstances warrant a change to our capitalization policies. We capitalized internal direct labor and overhead of $100 million, $185 million, $159 million and $166 million, respectively, for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003. Capitalized internal direct labor and overhead costs have increased in 2005 as a result of the use of more internal labor for capitalizable installations rather than third party contractors.

Useful lives of property, plant and equipment. We evaluate the appropriateness of estimated useful lives assigned to our property, plant and equipment, based on annual analyses of such useful lives, and revise such lives to the extent warranted by changing facts and circumstances. Any changes in estimated useful lives as a result of these analyses, which were not significant in the periods presented, will be reflected prospectively beginning in the period in which the study is completed. The effect of a one-year decrease in the weighted average remaining useful life of our property, plant and equipment would be an increase in depreciation expense for the year ended December 31, 2005 of approximately $232 million. The effect of a one-year increase in the weighted average useful life of our property, plant and equipment would be a decrease in depreciation expense for the year ended December 31, 2005 of approximately $172 million.

Depreciation expense related to property, plant and equipment totaled $687 million, $1.4 billion, $1.4 billion and $1.4 billion, representing approximately 27%, 30%, 21% and 34% of costs and expenses, for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003, respectively. Depreciation is recorded using the straight-line composite method over management s estimate of the estimated useful lives of the related assets as listed below:

Cable distribution systems	7-20 years
Customer equipment and installations	3-5 years
Vehicles and equipment	1-5 years
Buildings and leasehold improvements	5-15 years
Furniture, fixtures and equipment	5 years

Impairment of property, plant and equipment, franchises and goodwill. As discussed above, the net carrying value of our property, plant and equipment is significant. We also have recorded a significant amount of cost related to franchises, pursuant to which we are granted the right to operate our cable distribution network throughout our service areas. The net carrying value of franchises as of June 30, 2006, December 31, 2005 and 2004 was approximately $9.3 billion (representing 57% of total assets), $9.8 billion (representing 60% of total assets) and $9.9 billion (representing 56% of total assets), respectively. Furthermore, our noncurrent assets include approximately $61 million of goodwill.

We adopted SFAS No. 142, *Goodwill and Other Intangible Assets,* on January 1, 2002. SFAS No. 142 requires that franchise intangible assets that meet specified indefinite-life criteria no longer be amortized against earnings, but instead must be tested for impairment annually based on valuations, or more frequently as warranted by events or changes in circumstances. In determining whether our franchises have an indefinite-life, we considered the exclusivity of the franchise, the expected costs of franchise renewals, and the technological state of the associated cable systems with a view to whether or

not we are in compliance with any technology upgrading requirements. We have concluded that as of June 30, 2006, December 31, 2005, 2004 and 2003 more than 99% of our franchises qualify for indefinite-life treatment under SFAS No. 142, and that less than one percent of our franchises do not qualify for indefinite-life treatment due to technological or operational factors that limit their lives. Costs of finite-lived franchises, along with costs associated with franchise renewals, are amortized on a straight-line basis over 10 years, which represents management s best estimate of the average remaining useful lives of such franchises. Franchise amortization expense was approximately $1 million, $4 million, $3 million and $7 million for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003, respectively. We expect that amortization expense on franchise assets will be approximately $2 million annually for each of the next five years. Actual amortization expense in future periods could differ from these estimates as a result of new intangible asset acquisitions or divestitures, changes in useful lives and other relevant factors. Our goodwill is also deemed to have an indefinite life under SFAS No. 142.

SFAS No. 144, *Accounting for Impairment or Disposal of Long-Lived Assets,* requires that we evaluate the recoverability of our property, plant and equipment and franchise assets which did not qualify for indefinite-life treatment under SFAS No. 142 upon the occurrence of events or changes in circumstances which indicate that the carrying amount of an asset may not be recoverable. Such events or changes in circumstances could include such factors as the impairment of our indefinite-life franchises under SFAS No. 142, changes in technological advances, fluctuations in the fair value of such assets, adverse changes in relationships with local franchise authorities, adverse changes in market conditions or a deterioration of operating results. Under SFAS No. 144, a long-lived asset is deemed impaired when the carrying amount of the asset exceeds the projected undiscounted future cash flows associated with the asset. No impairments of long-lived assets were recorded in the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 or 2003, however, approximately $99 million and $39 million of impairment on assets held for sale was recorded for the six months ended June 30, 2006 and the year ended December 31, 2005. We were also required to evaluate the recoverability of our indefinite-life franchises, as well as goodwill, as of January 1, 2002 upon adoption of SFAS No. 142, and on an annual basis or more frequently as deemed necessary.

Under both SFAS No. 144 and SFAS No. 142, if an asset is determined to be impaired, it is required to be written down to its estimated fair market value. We determine fair market value based on estimated discounted future cash flows, using reasonable and appropriate assumptions that are consistent with internal forecasts. Our assumptions include these and other factors: penetration rates for analog and digital video, high-speed Internet and telephone, revenue growth rates, expected operating margins and capital expenditures. Considerable management judgment is necessary to estimate future cash flows, and such estimates include inherent uncertainties, including those relating to the timing and amount of future cash flows and the discount rate used in the calculation.

Based on the guidance prescribed in Emerging Issues Task Force (EITF) Issue No. 02-7, *Unit of Accounting for Testing of Impairment of Indefinite-Lived Intangible Assets,* franchises were aggregated into essentially inseparable asset groups to conduct the valuations. The asset groups generally represent geographic clustering of our cable systems into groups by which such systems are managed. Management believes such groupings represent the highest and best use of those assets.

Our valuations, which are based on the present value of projected after tax cash flows, result in a value of property, plant and equipment, franchises, customer relationships and our total entity value. The value of goodwill is the difference between the total entity value and amounts assigned to the other assets. The use of different valuation assumptions or definitions of franchises or customer relationships, such as our inclusion of the value of selling additional services to our current customers within customer relationships versus franchises, could significantly impact our valuations and any resulting impairment.

Franchises, for valuation purposes, are defined as the future economic benefits of the right to solicit and service potential customers (customer marketing rights), and the right to deploy and market new services such as interactivity and telephone to the potential customers (service marketing rights). Fair

Table of Contents

value is determined based on estimated discounted future cash flows using assumptions consistent with internal forecasts. The franchise after-tax cash flow is calculated as the after-tax cash flow generated by the potential customers obtained and the new services added to those customers in future periods. The sum of the present value of the franchises after-tax cash flow in years 1 through 10 and the continuing value of the after-tax cash flow beyond year 10 yields the fair value of the franchise. Prior to the adoption of EITF Topic D-108, *Use of the Residual Method to Value Acquired Assets Other than Goodwill,* discussed below, we followed a residual method of valuing our franchise assets, which had the effect of including goodwill with the franchise assets.

We follow the guidance of EITF Issue 02-17, *Recognition of Customer Relationship Intangible Assets Acquired in a Business Combination,* in valuing customer relationships. Customer relationships, for valuation purposes, represent the value of the business relationship with our existing customers and are calculated by projecting future after-tax cash flows from these customers including the right to deploy and market additional services such as interactivity and telephone to these customers. The present value of these after-tax cash flows yields the fair value of the customer relationships. Substantially all our acquisitions occurred prior to January 1, 2002. We did not record any value associated with the customer relationship intangibles related to those acquisitions. For acquisitions subsequent to January 1, 2002, we did assign a value to the customer relationship intangible, which is amortized over its estimated useful life.

In September 2004, EITF Topic D-108, *Use of the Residual Method to Value Acquired Assets Other than Goodwill,* was issued, which requires the direct method of separately valuing all intangible assets and does not permit goodwill to be included in franchise assets. We performed an impairment assessment as of September 30, 2004, and adopted Topic D-108 in that assessment resulting in a total franchise impairment of approximately $3.3 billion. We recorded a cumulative effect of accounting change of $765 million (approximately $875 million before tax effects of $91 million and minority interest effects of $19 million) for the year ended December 31, 2004 representing the portion of our total franchise impairment attributable to no longer including goodwill with franchise assets. The effect of the adoption was to increase net loss and loss per share by $765 million and $2.55, respectively, for the year ended December 31, 2004. The remaining $2.4 billion of the total franchise impairment was attributable to the use of lower projected growth rates and the resulting revised estimates of future cash flows in our valuation and was recorded as impairment of franchises in our consolidated statements of operations for the year ended December 31, 2004. Sustained analog video customer losses by us and our industry peers in the third quarter of 2004 primarily as a result of increased competition from DBS providers and decreased growth rates in our and our industry peers high-speed Internet customers in the third quarter of 2004, in part as a result of increased competition from DSL providers, led us to lower our projected growth rates and accordingly revise our estimates of future cash flows from those used at October 1, 2003. See Business Competition.

The 2003 and 2005 valuations showed franchise values in excess of book value and thus resulted in no impairment.

The valuations used in our impairment assessments involve numerous assumptions as noted above. While economic conditions, applicable at the time of the valuation, indicate the combination of assumptions utilized in the valuations are reasonable, as market conditions change so will the assumptions with a resulting impact on the valuation and consequently the potential impairment charge.

Sensitivity Analysis. The effect on franchise values as of October 1, 2005 of the indicated increase/decrease in the selected assumptions is shown below:

Assumption	Percentage/ Percentage Point Change	Franchise Value Increase/(Decrease) (Dollars in millions)
Annual Operating Cash Flow(1)	+/-5%	$ 1,200/$(1,200)
Long-Term Growth Rate(2)	+/-1pts(3)	1,700/(1,300)
Discount Rate	+/-0.5pts(3)	(1,300)/1,500

82

(1) Operating Cash Flow is defined as revenues less operating expenses and selling general and administrative expenses.

(2) Long-Term Growth Rate is the rate of cash flow growth beyond year ten.

(3) A percentage point change of one point equates to 100 basis points.

Income taxes. All operations are held through Charter Holdco and its direct and indirect subsidiaries. Charter Holdco and the majority of its subsidiaries are not subject to income tax. However, certain of these subsidiaries are corporations and are subject to income tax. All of the taxable income, gains, losses, deductions and credits of Charter Holdco are passed through to its members: Charter, CII and Vulcan Cable III Inc. Charter is responsible for its share of taxable income or loss of Charter Holdco allocated to it in accordance with the Charter Holdco limited liability company agreement (LLC Agreement) and partnership tax rules and regulations.

The LLC Agreement provides for certain special allocations of net tax profits and net tax losses (such net tax profits and net tax losses being determined under the applicable federal income tax rules for determining capital accounts). Under the LLC Agreement, through the end of 2003, net tax losses of Charter Holdco that would otherwise have been allocated to Charter based generally on its percentage ownership of outstanding common units were allocated instead to membership units held by Vulcan Cable III Inc. and CII (the Special Loss Allocations) to the extent of their respective capital account balances. After 2003, under the LLC Agreement, net tax losses of Charter Holdco are allocated to Charter, Vulcan Cable III Inc. and CII based generally on their respective percentage ownership of outstanding common units to the extent of their respective capital account balances. Allocations of net tax losses in excess of the members aggregate capital account balances are allocated under the rules governing Regulatory Allocations, as described below. Subject to the Curative Allocation Provisions described below, the LLC Agreement further provides that, beginning at the time Charter Holdco generates net tax profits, the net tax profits that would otherwise have been allocated to Charter based generally on its percentage ownership of outstanding common membership units will instead generally be allocated to Vulcan Cable III Inc. and CII (the Special Profit Allocations). The Special Profit Allocations to Vulcan Cable III Inc. and CII will generally continue until the cumulative amount of the Special Profit Allocations offsets the cumulative amount of the Special Loss Allocations. The amount and timing of the Special Profit Allocations are subject to the potential application of, and interaction with, the Curative Allocation Provisions described in the following paragraph. The LLC Agreement generally provides that any additional net tax profits are to be allocated among the members of Charter Holdco based generally on their respective percentage ownership of Charter Holdco common membership units.

Because the respective capital account balance of each of Vulcan Cable III Inc. and CII was reduced to zero by December 31, 2002, certain net tax losses of Charter Holdco that were to be allocated for 2002, 2003, 2004 and 2005, to Vulcan Cable III Inc. and CII instead have been allocated to Charter (the Regulatory Allocations). As a result of the allocation of net tax losses to Charter in 2005, Charter s capital account balance was reduced to zero during 2005. The LLC Agreement provides that once the capital account balances of all members have been reduced to zero, net tax losses are to be allocated to Charter, Vulcan Cable III Inc. and CII based generally on their respective percentage ownership of outstanding common units. Such allocations are also considered to be Regulatory Allocations. The LLC Agreement further provides that, to the extent possible, the effect of the Regulatory Allocations is to be offset over time pursuant to certain curative allocation provisions (the Curative Allocation Provisions) so that, after certain offsetting adjustments are made, each member s capital account balance is equal to the capital account balance such member would have had if the Regulatory Allocations had not been part of the LLC Agreement. The cumulative amount of the actual tax losses allocated to Charter as a result of the Regulatory Allocations through the year ended December 31, 2005 is approximately $4.1 billion.

As a result of the Special Loss Allocations and the Regulatory Allocations referred to above (and their interaction with the allocations related to assets contributed to Charter Holdco with differences between book and tax basis), the cumulative amount of losses of Charter Holdco allocated to Vulcan Cable III Inc. and CII is in excess of the amount

that would have been allocated to such entities if the

losses of Charter Holdco had been allocated among its members in proportion to their respective percentage ownership of Charter Holdco common membership units. The cumulative amount of such excess losses was approximately $977 million through December 31, 2005.

In certain situations, the Special Loss Allocations, Special Profit Allocations, Regulatory Allocations and Curative Allocation Provisions described above could result in Charter paying taxes in an amount that is more or less than if Charter Holdco had allocated net tax profits and net tax losses among its members based generally on the number of common membership units owned by such members. This could occur due to differences in (i) the character of the allocated income (e.g., ordinary versus capital), (ii) the allocated amount and timing of tax depreciation and tax amortization expense due to the application of section 704(c) under the Internal Revenue Code, (iii) the potential interaction between the Special Profit Allocations and the Curative Allocation Provisions, (iv) the amount and timing of alternative minimum taxes paid by Charter, if any, (v) the apportionment of the allocated income or loss among the states in which Charter Holdco does business, and (vi) future federal and state tax laws. Further, in the event of new capital contributions to Charter Holdco, it is possible that the tax effects of the Special Profit Allocations, Special Loss Allocations, Regulatory Allocations and Curative Allocation Provisions will change significantly pursuant to the provisions of the income tax regulations or the terms of a contribution agreement with respect to such contributions. Such change could defer the actual tax benefits to be derived by Charter with respect to the net tax losses allocated to it or accelerate the actual taxable income to Charter with respect to the net tax profits allocated to it. As a result, it is possible under certain circumstances, that Charter could receive future allocations of taxable income in excess of its currently allocated tax deductions and available tax loss carryforwards. The ability to utilize net operating loss carryforwards is potentially subject to certain limitations as discussed below.

In addition, under their exchange agreement with Charter, Vulcan Cable III Inc. and CII may exchange some or all of their membership units in Charter Holdco for Charter s Class B common stock, be merged with Charter, or be acquired by Charter in a non-taxable reorganization. If such an exchange were to take place prior to the date that the Special Profit Allocation provisions had fully offset the Special Loss Allocations, Vulcan Cable III Inc. and CII could elect to cause Charter Holdco to make the remaining Special Profit Allocations to Vulcan Cable III Inc. and CII immediately prior to the consummation of the exchange. In the event Vulcan Cable III Inc. and CII choose not to make such election or to the extent such allocations are not possible, Charter would then be allocated tax profits attributable to the membership units received in such exchange pursuant to the Special Profit Allocation provisions. Mr. Allen has generally agreed to reimburse Charter for any incremental income taxes that Charter would owe as a result of such an exchange and any resulting future Special Profit Allocations to Charter. The ability of Charter to utilize net operating loss carryforwards is potentially subject to certain limitations (See Risk Factors Risks Related to Charter s Future Ability to Utilize Net Operating Loss Carryforwards). If Charter were to become subject to such limitations (whether as a result of an exchange described above or otherwise), and as a result were to owe taxes resulting from the Special Profit Allocations, then Mr. Allen may not be obligated to reimburse Charter for such income taxes.

As of June 30, 2006 and December 31, 2005 and 2004, we have recorded net deferred income tax liabilities of $385, $325 million and $216 million, respectively. Additionally, as of June 30, 2006, December 31, 2005 and 2004, we have deferred tax assets of $4.5 billion, $4.2 billion and $3.8 billion, respectively, which primarily relate to financial and tax losses allocated to Charter from Charter Holdco. We are required to record a valuation allowance when it is more likely than not that some portion or all of the deferred income tax assets will not be realized. Given the uncertainty surrounding our ability to utilize our deferred tax assets, these items have been offset with a corresponding valuation allowance of $4.0 billion, $3.7 billion and $3.5 billion at June 30, 2006, December 31, 2005 and 2004, respectively.

Charter Holdco is currently under examination by the Internal Revenue Service for the tax years ending December 31, 2002 and 2003. Our results (excluding Charter and our indirect corporate subsidiaries) for these years are subject to this examination. Management does not expect the results of this examination to have a material adverse effect on our consolidated financial condition, results of operations or our liquidity, including our ability to comply with our debt covenants.

84

Litigation. Legal contingencies have a high degree of uncertainty. When a loss from a contingency becomes estimable and probable, a reserve is established. The reserve reflects management s best estimate of the probable cost of ultimate resolution of the matter and is revised accordingly as facts and circumstances change and, ultimately when the matter is brought to closure. We have established reserves for certain matters and if any of these matters are resolved unfavorably resulting in payment obligations in excess of management s best estimate of the outcome, such resolution could have a material adverse effect on our consolidated financial condition, results of operations or our liquidity.

RESULTS OF OPERATIONS

Six Months Ended June 30, 2006 Compared to Six Months Ended June 30, 2005

The following table sets forth the percentages of revenues that items in the accompanying condensed consolidated statements of operations constituted for the periods presented (dollars in millions, except per share and share data):

	Six Months Ended June 30,					
	2006			2005		
Revenues	$	2,703	100%	$	2,481	100%
Costs and expenses:						
Operating (excluding depreciation and amortization)		1,215	45%		1,081	44%
Selling, general and administrative		551	20%		483	19%
Depreciation and amortization		690	26%		730	29%
Asset impairment charges		99	4%		39	2%
Other operating expenses, net		10			6	
		2,565	95%		2,339	94%
Operating income from continuing operations		138	5%		142	6%
Interest expense, net		(943)			(871)	
Other income (expenses), net		(10)			49	
		(953)			(822)	
Loss before income taxes		(815)			(680)	
Income tax expense		(60)			(56)	
Loss from continuing operations		(875)			(736)	
Income from discontinued operations, net of tax		34			29	
Net loss		(841)			(707)	
Dividends on preferred stock redeemable					(2)	
Net loss applicable to common stock	$	(841)		$	(709)	
Loss per common share, basic and diluted:						
Loss from continuing operations	$	(2.76)		$	(2.43)	

Net loss	$ (2.65)	$ (2.34)
Weighted average common shares outstanding, basic and diluted	317,531,492	303,465,474

Revenues. The overall increase in revenues from continuing operations in 2006 compared to 2005 is principally the result of an increase from June 30, 2005 of 343,800 high-speed Internet customers, 194,300 digital video customers and 189,800 telephone customers, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 41,400 analog video customers. Our goal is

Table of Contents

to increase revenues by improving customer service, which we believe will stabilize our analog video customer base, implementing price increases on certain services and packages and increasing the number of customers who purchase high-speed Internet services, digital video and advanced products and services such as telephone, VOD, high definition television and digital video recorder service.

Average monthly revenue per analog video customer increased to $79.73 for the six months ended June 30, 2006 from $72.47 for the six months ended June 30, 2005 primarily as a result of incremental revenues from advanced services and price increases. Average monthly revenue per analog video customer represents total revenue for the six months ended during the respective period, divided by six, divided by the average number of analog video customers during the respective period.

Revenues by service offering were as follows (dollars in millions):

	Six Months Ended June 30,					
	2006		2005		2006 over 2005	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 1,684	62%	$ 1,623	66%	$ 61	4%
High-speed Internet	506	19%	425	17%	81	19%
Telephone	49	2%	14	1%	35	250%
Advertising sales	147	5%	135	5%	12	9%
Commercial	149	6%	128	5%	21	16%
Other	168	6%	156	6%	12	8%
	$ 2,703	100%	$ 2,481	100%	$ 222	9%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $58 million of the increase was the result of price increases and incremental video revenues from existing customers and approximately $24 million was the result of an increase in digital video customers. The increases were offset by decreases of approximately $21 million related to a decrease in analog video customers.

Approximately $73 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet services, whereas approximately $8 million related to the increase in average price of the service.

Revenues from telephone services increased primarily as a result of an increase of 189,800 telephone customers in 2006.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in local advertising sales and a one-time ad buy by a programmer. For the six months ended June 30, 2006 and 2005, we received $10 million and $6 million, respectively, in advertising sales revenues from programmers.

Commercial revenues consist primarily of revenues from video and high-speed Internet services provided to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the six months ended June 30, 2006 and 2005, franchise fees represented approximately 53% of total other revenues. The

increase in other revenues was primarily the result of an increase in franchise fees of $5 million, installation revenue of $3 million and wire maintenance fees of $4 million.

Table of Contents

Operating expenses. Programming costs represented 62% and 63% of operating expenses for the six months ended June 30, 2006 and 2005, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Six Months Ended June 30,					
	2006		2005		2006 over 2005	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 755	28%	$ 678	27%	$ 77	11%
Service	408	15%	356	15%	52	15%
Advertising sales	52	2%	47	2%	5	11%
	$ 1,215	45%	$ 1,081	44%	$ 134	12%

Programming costs consist primarily of costs paid to programmers for analog, premium, digital channels, VOD and pay-per-view programming. The increase in programming costs was primarily a result of rate increases and increases in digital video customers. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $8 million and $17 million for the six months ended June 30, 2006 and 2005, respectively.

Our cable programming costs have increased in every year we have operated in excess of customary inflationary and cost-of-living increases. We expect them to continue to increase due to a variety of factors, including annual increases imposed by programmers and additional programming being provided to customers as a result of system rebuilds and bandwidth reallocation, both of which increase channel capacity. In 2006, programming costs have increased and we expect will continue to increase at a higher rate than in 2005. These costs will be determined in part on the outcome of programming negotiations in 2006 and may be subject to offsetting events. Our increasing programming costs have resulted in declining operating margins on our video services because we have been unable to pass on all cost increases to our customers. We expect to partially offset the resulting margin compression on our traditional video services with revenue from advanced video services, increased telephone revenues, high-speed Internet revenues, advertising revenues and commercial service revenues.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, costs of providing high-speed Internet service and telephone service, maintenance and pole rent expense. The increase in service costs resulted primarily from increased costs of providing high-speed Internet and telephone service of $16 million, an increase in service personnel salaries and benefits of $14 million, higher fuel and utility prices of $8 million, increased labor and maintenance costs to support improved service levels and our advanced products of $7 million and franchise fees of $5 million. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales expenses increased primarily as a result of increased salary, benefit and commission costs.

Selling, general and administrative expenses. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Six Months Ended June 30,		
	2006	2005	2006 over 2005

	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
General and administrative	$ 471	17%	$ 418	17%	$ 53	13%
Marketing	80	3%	65	2%	15	23%
	$ 551	20%	$ 483	19%	$ 68	14%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, customer care center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from a rise in salaries and benefits of

87

$34 million, increases in billing costs of $7 million, computer maintenance of $5 million, bad debt expense of $5 million, telephone expense of $4 million, contractor labor of $3 million and property and casualty insurance of $2 million partially offset by decreases in consulting services of $8 million.

Marketing expenses increased as a result of increased spending in targeted marketing campaigns consistent with management s strategy to increase revenues.

Depreciation and amortization. Depreciation and amortization expense decreased by $40 million for the six months ended June 30, 2006 compared to the six months ended June 30, 2005. The decrease in depreciation was primarily the result of assets becoming fully depreciated.

Asset impairment charges. Asset impairment charges for the six months ended June 30, 2006 and 2005 represent the write-down of assets related to cable asset sales to fair value less costs to sell. See Note 3 to the condensed consolidated financial statements.

Other operating expenses, net. Other operating expenses, net increased $4 million as a result of an $8 million increase in special charges primarily related to severance associated with closing call centers and divisional restructuring and a $4 million decrease related to losses on sales of assets.

Interest expense, net. Net interest expense increased by $72 million, or 8%, for the six months ended June 30, 2006 compared to the six months ended June 30, 2005. The increase in net interest expense was a result of an increase in our average borrowing rate from 8.89% in the six months ended June 30, 2005 to 9.42% in the six months ended June 30, 2006 and an increase of $204 million in average debt outstanding from $19.4 billion for the six months ended June 30, 2005 compared to $19.6 billion for the six months ended June 30, 2006.

Other income (expenses), net. Other income decreased $59 million from other income of $49 million for the six months ended June 30, 2005 to other expense of $10 million for the six months ended June 30, 2006 primarily as a result of a $35 million decrease in the gain (loss) on extinguishment of debt from an $8 million gain for the six months ended June 30, 2005 to a loss of $27 million for the six months ended June 30, 2006. See Note 6 to the condensed consolidated financial statements included in this Exchange Offer Prospectus. Other income also decreased as a result of a $15 million decrease in net gains on derivative instruments and hedging activities as a result of decreases in gains on interest rate agreements that do not qualify for hedge accounting under Statement of Financial Accounting Standards (SFAS) No. 133, *Accounting for Derivative Instruments and Hedging Activities*. In addition, the six months ended June 30, 2005 included a $20 million gain on investments for the six months ended June 30, 2005 recognized as a result of a gain realized on an exchange of our interest in an equity investee for an investment in a larger enterprise. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rata share of the profits and losses of CC VIII.

Income tax expense. Income tax expense was recognized through increases in deferred tax liabilities related to our investment in Charter Holdco, as well as through current federal and state income tax expense and increases in the deferred tax liabilities of certain of our indirect corporate subsidiaries. Income tax expense was offset by deferred tax benefits of $21 million and $6 million related to asset impairment charges recorded in the six months ended June 30, 2006 and 2005, respectively.

Income from discontinued operations, net of tax. Income from discontinued operations, net of tax increased from $29 million for the six months ended June 30, 2005 to $34 million for the six months ended June 30, 2006 primarily due to a decrease in depreciation for the six months ended June 30, 2006 as we ceased recognizing depreciation on the West Virginia and Virginia cable systems when we classified them as assets held for sale in the first quarter of 2006.

Net loss. Net loss increased by $134 million, or 19%, for the six months ended June 30, 2006 compared to the six months ended June 30, 2005 as a result of the factors described above.

Preferred stock dividends. On August 31, 2001, Charter issued 505,664 shares (and on February 28, 2003 issued an additional 39,595 shares) of Series A Convertible Redeemable Preferred Stock in

connection with the Cable USA acquisition, on which Charter pays or accrues a quarterly cumulative cash dividend at an annual rate of 5.75% if paid or 7.75% if accrued on a liquidation preference of $100 per share. Beginning January 1, 2005, Charter accrues the dividend on its Series A Convertible Redeemable Preferred Stock. In November 2005, we repurchased 508,546 shares of our Series A Convertible Redeemable Preferred Stock. Following the repurchase, 36,713 shares of preferred stock remain outstanding.

Loss per common share. Loss per common share increased by $0.31, or 13%, for the six months ended June 30, 2006 compared to the six months ended June 30, 2005 as a result of the factors described above.

Table of Contents

Year Ended December 31, 2005, December 31, 2004 and December 31, 2003

The following table sets forth the percentage of revenues that items in the accompanying consolidated statements of operations constitute for the indicated periods (dollars in millions).

	Year Ended December 31,								
		2005			**2004**			**2003**	
Revenues	$	5,033	100%	$	4,760	100%	$	4,616	100%

Net loss	$	(3.13)	$	(14.47)	$	(0.82)
Weighted average common shares outstanding		310,159,047		300,291,877		294,597,519

Year Ended December 31, 2005 Compared to Year Ended December 31, 2004

Revenues. The overall increase in revenues in 2005 compared to 2004 is principally the result of an increase from December 31, 2004 of 306,000 and 124,600 high-speed Internet customers and digital video customers, respectively, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 79,100 analog video customers and $12 million of credits issued to hurricane Katrina and Rita impacted customers related to service outages. We have restored service to our impacted customers. Included in the reduction in analog video customers and reducing the increase in digital video and high-speed Internet customers are 26,800 analog video customers, 12,000 digital video customers and 600 high-speed Internet customers sold in the cable system sales in Texas and West Virginia, which closed in July 2005. The cable system sales to Atlantic Broadband Finance, LLC, which closed in March and April 2004 and the cable system sales in Texas and West Virginia, which closed in July 2005 (collectively referred to in this section as the Systems Sales) reduced the increase in revenues by approximately $30 million.

Average monthly revenue per analog video customer increased from $67.37 for the year ended December 31, 2004 to $73.73 for the year ended December 31, 2005 primarily as a result of price increases and incremental revenues from advanced services. Average monthly revenue per analog video customer represents total annual revenue, divided by twelve, divided by the average number of analog video customers during the respective period.

Revenues by service offering were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 3,248	65%	$ 3,217	68%	$ 31	1%
High-speed Internet	875	17%	712	15%	163	23%
Telephone	36	1%	18		18	100%
Advertising sales	284	6%	279	6%	5	2%
Commercial	266	5%	227	5%	39	17%
Other	324	6%	307	6%	17	6%
	$ 5,033	100%	$ 4,760	100%	$ 273	6%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $119 million of the increase in video revenues was the result of price increases and incremental video revenues from existing customers and approximately $18 million was the result of an increase in digital video customers. The increases were offset by decreases of approximately $76 million related to a decrease in analog video customers, approximately $21 million resulting from the System Sales and approximately $9 million of credits issued to hurricanes Katrina and Rita impacted customers related to service outages.

Approximately $135 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet services, whereas approximately $34 million related to the increase in average price of the service. The increase was offset by approximately $3 million of credits issued to hurricanes Katrina and Rita impacted customers related to service outages and $3 million resulting from the System Sales.

Revenues from telephone services increased primarily as a result of an increase of 76,100 telephone customers in 2005.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in local advertising sales and offset by a decline in national advertising sales. In addition, the increase was

offset by a decrease of $1 million as a result of the System Sales. For the years ended December 31, 2005 and 2004, we received $15 million and $16 million, respectively, in advertising sales revenues from programmers.

Commercial revenues consist primarily of revenues from cable video and high-speed Internet services provided to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues. The increase was reduced by approximately $3 million as a result of the System Sales.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the years ended December 31, 2005 and 2004, franchise fees represented approximately 54% and 52%, respectively, of total other revenues. The increase in other revenues was primarily the result of an increase in franchise fees of $14 million and installation revenue of $8 million offset by a decrease of $2 million in equipment rental and $2 million in processing fees. In addition, other revenues were offset by approximately $2 million as a result of the System Sales.

Operating expenses. The overall increase in operating expenses was reduced by approximately $12 million as a result of the System Sales. Programming costs were $1.4 billion and $1.3 billion, representing 62% and 63% of total operating expenses for the years ended December 31, 2005 and 2004, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 1,359	27%	$ 1,264	27%	$ 95	8%
Service	748	15%	638	13%	110	17%
Advertising sales	96	2%	92	2%	4	4%
	$ 2,203	44%	$ 1,994	42%	$ 209	10%

Programming costs consist primarily of costs paid to programmers for analog, premium, digital channels and pay-per-view programming. The increase in programming was a result of price increases, particularly in sports programming, partially offset by a decrease in analog video customers. Additionally, the increase in programming costs was reduced by $9 million as a result of the Systems Sales. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $40 million and $59 million for the year ended December 31, 2005 and 2004, respectively. Programming costs for the year ended December 31, 2004 also include a $5 million reduction related to the settlement of a dispute with TechTV, Inc., a related party. See Note 25 to the accompanying consolidated financial statements included in this Exchange Offer Prospectus.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, cost of providing high-speed Internet and telephone service, maintenance and pole rental expense. The increase in service costs resulted primarily from increased labor and maintenance costs to support improved service levels and our advanced products, increased costs of providing high-speed Internet and telephone service as a result of the increase in these customers and higher fuel prices. The increase in service costs was reduced by $3 million as a result of the System Sales. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales expenses increased primarily as a result of increased salary, benefit and commission costs.

Selling, general and administrative expenses. The overall increase in selling, general and administrative expenses was reduced by $4 million as a result of the System Sales. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
General and administrative	$ 870	17%	$ 846	18%	$ 24	3%
Marketing	142	3%	119	2%	23	19%
	$ 1,012	20%	$ 965	20%	$ 47	5%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, call center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from increases in salaries and benefits of $24 million and professional fees associated with consulting services of $18 million both related to investments to improve service levels in our customer care centers as well as an increase of $13 million in legal and other professional fees offset by decreases in bad debt expense of $16 million related to a reduction in the use of discounted pricing, property taxes of $5 million, property and casualty insurance of $6 million and the System Sales of $4 million.

Marketing expenses increased as a result of an increased investment in targeted marketing campaigns.

Depreciation and amortization. Depreciation and amortization expense increased by $10 million in 2005. The increase in depreciation is related to an increase in capital expenditures, which was partially offset by lower depreciation as the result of the Systems Sales and certain assets becoming fully depreciated.

Impairment of franchises. We performed an impairment assessment during the third quarter of 2004. The use of lower projected growth rates and the resulting revised estimates of future cash flows in our valuation, primarily as a result of increased competition, led to the recognition of a $2.3 billion impairment charge for the year ended December 31, 2004. Our annual assessment in 2005 did not result in an impairment.

Asset impairment charges. Asset impairment charges for the year ended December 31, 2005 represent the write-down of assets related to cable asset sales to fair value less costs to sell. See Note 4 to the accompanying consolidated financial statements included in this Exchange Offer Prospectus.

Other operating (income) expenses, net. Other operating expenses increased $19 million primarily as a result of a $19 million hurricane asset retirement loss recorded in 2005 associated with the write-off of the net book value of assets destroyed by hurricanes Katrina and Rita. This was coupled with a decrease in gain on sale of assets of $92 million primarily as a result of the gain realized on the sale of systems to Atlantic Broadband Finance, LLC which closed in 2004. This was offset by a decrease in special charges of $97 million primarily as a result of a decrease in severance and related costs of our management reduction and realignment in 2004, litigation costs and costs incurred as part of a settlement of the consolidated federal class actions, state derivative actions and federal derivative actions.

Interest expense, net. Net interest expense increased by $119 million, or 7%, for the year ended December 31, 2005 compared to the year ended December 31, 2004. The increase in net interest expense was a result of an increase in our average borrowing rate from 8.66% in the year ended December 31, 2004 to 9.04% in the year ended December 31, 2005 and an increase of $612 million in average debt outstanding from $18.6 billion in 2004 to $19.2 billion in 2005 combined with approximately $11 million of liquidated damages on our 5.875% convertible senior notes. The increase was offset partially by $29 million in gains related to embedded derivatives in Charter s 5.875% convertible senior notes. See Note 16 to the accompanying consolidated financial statements included in this

Exchange Offer Prospectus.

Table of Contents

Gain (loss) on extinguishment of debt and preferred stock. Gain on extinguishment of debt and preferred stock for the year ended December 31, 2005 represents $490 million related to the exchange of approximately $6.8 billion total principal amount of outstanding debt securities of Charter Holdings for new CCH I and CIH debt securities, approximately $10 million related to the issuance of Charter Operating notes in exchange for Charter Holdings notes, approximately $3 million related to the repurchase of $136 million principal amount of our 4.75% convertible senior notes due 2006 and $23 million of gain realized on the repurchase of 508,546 shares of Series A convertible redeemable preferred stock. These gains were offset by approximately $5 million of losses related to the redemption of our subsidiary s CC V Holdings, LLC 11.875% notes due 2008. See Note 9 to the accompanying consolidated financial statements included in this Exchange Offer Prospectus. Loss on extinguishment of debt for the year ended December 31, 2004 represents the write-off of deferred financing fees and third party costs related to the Charter Communications Operating refinancing in April 2004 and the redemption of our 5.75% convertible senior notes due 2005 in December 2004.

Other income, net. Other income increased $5 million primarily as a result of a gain realized on an exchange of our interest in an equity investee for an investment in a larger enterprise which did not occur in 2004 partially offset by a decrease in gains on derivative instruments and hedging activities as a result of decreases in gains on interest rate agreements that do not qualify for hedge accounting under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. Other income in 2004 included a loss on debt to equity conversions which represents the loss recognized from privately negotiated exchanges of a total of $30 million principal amount of Charter s 5.75% convertible senior notes held by two unrelated parties for shares of Charter Class A common stock. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rate share of the profits and losses of CC VIII.

Income tax benefit (expense). Income tax expense for the year ended December 31, 2005 was recognized through increases in deferred tax liabilities related to our investment in Charter Holdco, as well as through current federal and state income tax expense and increases in the deferred tax liabilities of certain of our indirect corporate subsidiaries. Income tax benefit for the year ended December 31, 2004 was realized as a result of decreases in certain deferred tax liabilities related to our investment in Charter Holdco as well as decreases in the deferred tax liabilities of certain of our indirect corporate subsidiaries, attributable to the write-down of franchise assets for financial statement purposes and not for tax purposes. We do not expect to recognize a similar benefit associated with the impairment of franchises in future periods. However, the actual tax provision calculations in future periods will be the result of current and future temporary differences, as well as future operating results.

Income (loss) from discontinued operations, net of tax. Loss from discontinued operations, net of tax decreased from $135 million for the year ended December 31, 2004 to income from discontinued operations, net of tax of $36 million for the year ended December 31, 2005 primarily due to the impairment of franchises recognized in 2004 described above.

Cumulative effect of accounting change, net of tax. Cumulative effect of accounting change of $765 million (net of minority interest effects of $19 million and tax effects of $91 million) in 2004 represents the impairment charge recorded as a result of our adoption of Topic D-108.

Net loss. Net loss decreased by $3.4 billion in 2005 compared to 2004 as a result of the factors described above. The impact to net loss in 2005 of the asset impairment charges, extinguishment of debt and preferred stock was to decrease net loss by approximately $482 million. The impact to net loss in 2004 of the impairment of franchises, cumulative effect of accounting change and the reduction in losses allocated to minority interest was to increase net loss by approximately $3.7 billion.

Preferred stock dividends. On August 31, 2001, Charter issued 505,664 shares (and on February 28, 2003 issued an additional 39,595 shares) of Series A Convertible Redeemable Preferred Stock in connection with the Cable USA acquisition, on which Charter pays or accrues a quarterly cumulative cash dividend at an annual rate of 5.75% if paid or 7.75% if accrued on a liquidation preference of $100 per share. Beginning January 1, 2005, Charter accrued the dividend on its Series A Convertible Redeemable

Preferred Stock. In November 2005, we repurchased 508,546 shares of our Series A Convertible Redeemable Preferred Stock. Following the repurchase, 36,713 shares or preferred stock remain outstanding. In addition, the Certificate of Designation governing the Series A Convertible Redeemable Preferred Stock was amended to (i) delete the dividend rights of the remaining shares outstanding and (ii) increase the liquidation preference and redemption price from $100 to $105.4063 per share, which amount shall further increase at the rate of 7.75% per annum, compounded quarterly, from September 30, 2005.

Loss per common share. The loss per common share decreased by $11.34, or 78%, as a result of the factors described above.

Year Ended December 31, 2004 Compared to Year Ended December 31, 2003

Revenues. The overall increase in revenues in 2004 compared to 2003 is principally the result of an increase of 311,600 from December 31, 2003 and 2,300 high-speed Internet customers and digital video customers, respectively, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 425,300 analog video customers. Included in the reduction in analog video customers and reducing the increase in digital video and high-speed Internet customers are 230,800 analog video customers, 83,300 digital video customers and 37,800 high-speed Internet customers sold in the cable system sales to Atlantic Broadband Finance, LLC, which closed in March and April 2004 (collectively, with the cable system sale to WaveDivision Holdings, LLC in October 2003, referred to in this section as the Systems Sales). The Systems Sales reduced the increase in revenues by $161 million.

Average monthly revenue per analog video customer increased from $61.84 for the year ended December 31, 2003 to $67.37 for the year ended December 31, 2004 primarily as a result of price increases and incremental revenues from advanced services. Average monthly revenue per analog video customer represents total annual revenue, divided by twelve, divided by the average number of analog video customers during the respective period.

Revenues by service offering were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 3,217	68%	$ 3,306	72%	$ (89)	(3)%
High-speed Internet	712	15%	535	12%	177	33%
Telephone	18		14		4	29%
Advertising sales	279	6%	254	5%	25	10%
Commercial	227	5%	196	4%	31	16%
Other	307	6%	311	7%	(4)	(1)%
	$ 4,760	100%	$ 4,616	100%	$ 144	3%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $116 million of the decrease in video revenues was the result of the Systems Sales and approximately an additional $58 million related to a decline in analog video customers. These decreases were offset by increases of approximately $59 million resulting from price increases and incremental video revenues from existing customers and approximately $26 million resulting from an increase in digital video customers.

Approximately $159 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet

services, whereas approximately $31 million related to the increase in average price of the

---

service. The increase in high-speed Internet revenues was reduced by approximately $13 million as a result of the Systems Sales.

Revenues from telephone services increased primarily as a result of an increase of 20,500 telephone customers.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in national advertising campaigns and election related advertising. The increase was offset by a decrease of $7 million as a result of the System Sales. For the years ended December 31, 2004 and 2003, we received $16 million and $15 million, respectively, in advertising revenue from programmers.

Commercial revenues consist primarily of revenues from cable video and high-speed Internet services to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues. The increase was reduced by approximately $14 million as a result of the Systems Sales.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the year ended December 31, 2004 and 2003, franchise fees represented approximately 52% and 50%, respectively, of total other revenues. Approximately $11 million of the decrease in other revenues was the result of the Systems Sales offset by an increase in home shopping and infomercial revenue.

Operating expenses. The overall increase in operating expenses was reduced by approximately $59 million as a result of the System Sales. Programming costs were $1.3 billion and $1.2 billion, representing 63% and 64% of total operating expenses for the years ended December 31, 2004 and 2003, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 1,264	27%	$ 1,195	26%	$ 69	6%
Service	638	13%	595	13%	43	7%
Advertising sales	92	2%	83	2%	9	11%
	$ 1,994	42%	$ 1,873	41%	$ 121	6%

Programming costs consist primarily of costs paid to programmers for analog, premium and digital channels and pay-per-view programming. The increase in programming costs was a result of price increases, particularly in sports programming, an increased number of channels carried on our systems, and an increase in digital video customers, partially offset by a decrease in analog video customers. Additionally, the increase in programming costs was reduced by $42 million as a result of the Systems Sales. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $59 million and $63 million for the year ended December 31, 2004 and 2003, respectively. Programming costs for the year ended December 31, 2004 also include a $5 million reduction related to the settlement of a dispute with TechTV, Inc., a related party. See Note 25 to the accompanying consolidated financial statements included in this Exchange Offer Prospectus.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, Internet service provider fees, maintenance and pole rental expense. The increase in service costs resulted primarily from additional activity associated with ongoing infrastructure maintenance. The increase in service costs was reduced by $15 million as a result of the System Sales. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales

expenses increased primarily as a result of increased

Table of Contents

salary, benefit and commission costs. The increase in advertising sales expenses was reduced by $2 million as a result of the System Sales.

Selling, general and administrative expenses. The overall increase in selling, general and administrative expenses was reduced by $22 million as a result of the System Sales. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
General and administrative	$ 846	17%	$ 806	18%	$ 40	5%
Marketing	119	3%	103	2%	16	16%
	$ 965	20%	$ 909	20%	$ 56	6%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, call center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from increases in costs associated with our commercial business of $21 million, third party call center costs resulting from increased emphasis on customer service of $10 million, bad debt expense of $9 million and costs associated with salaries and benefits of $11 million offset by decreases in and rent expense of $3 million.

Marketing expenses increased as a result of an increased investment in marketing and branding campaigns.

Depreciation and amortization. Depreciation and amortization expense increased by $37 million, or 3%. The increase in depreciation related to an increase in capital expenditures, which was partially offset by lower depreciation as the result of the Systems Sales.

Impairment of franchises. We performed an impairment assessment during the third quarter of 2004. The use of lower projected growth rates and the resulting revised estimates of future cash flows in our valuation, primarily as a result of increased competition, led to the recognition of a $2.3 billion impairment charge for the year ended December 31, 2004.

Other operating (income) expenses, net. Other operating income decreased $59 million primarily as a result of an increase in special charges of $83 million related to severance and related costs of our management reduction and realignment in 2004, litigation costs and costs incurred as part of a settlement of the consolidated federal class actions, state derivative actions and federal derivative actions. This was coupled with a decrease of $67 million in the settlement of estimated liabilities recorded in connection with prior business combinations, which based on current facts and circumstances, are no longer required. This was offset by an increase of $91 million in gain on sale of assets as a result of the gain realized on the sale of systems to Atlantic Broadband Finance, LLC which closed in 2004.

Interest expense, net. Net interest expense increased by $113 million, or 7%, for the year ended December 31, 2004 compared to the year ended December 31, 2003. The increase in net interest expense was a result of an increase in our average borrowing rate from 7.99% in the year ended December 31, 2003 to 8.66% in the year ended December 31, 2004 partially offset by a decrease of $306 million in average debt outstanding from $18.9 billion in 2003 to $18.6 billion in 2004.

Gain (loss) on extinguishment of debt. Loss on extinguishment of debt for the year ended December 31, 2004 represents the write-off of deferred financing fees and third party costs related to the Charter Communications Operating refinancing in April 2004 and the redemption of our 5.75% convertible senior notes due 2005 in December 2004. Gain on extinguishment of debt for the year ended December 31, 2003 represents the gain realized on the

purchase of an aggregate $609 million principal amount of our outstanding convertible senior notes and $1.3 billion principal amount of Charter Holdings senior notes and senior discount notes in consideration for an aggregate of $1.6 billion principal amount of

10.25% notes due 2010 issued by our indirect subsidiary, CCH II. The gain is net of the write-off of deferred financing costs associated with the retired debt of $27 million.

Other income, net. Other income decreased $358 million primarily as a result of a decrease in minority interest. Reported losses allocated to minority interest on the statement of operations are limited to the extent of any remaining minority interest on the balance sheet related to Charter Holdco. Because minority interest in Charter Holdco was substantially eliminated at December 31, 2003, beginning in the first quarter of 2004, Charter began to absorb substantially all future losses before income taxes that otherwise would have been allocated to minority interest. For the year ended December 31, 2003, 53.5% of our losses were allocated to minority interest. As a result of negative equity at Charter Holdco during the year ended December 31, 2004, no additional losses were allocated to minority interest, resulting in an additional $2.4 billion of net losses. Under our existing capital structure, future losses will be substantially absorbed by Charter. This was coupled with an increase in net gains on derivative instruments and hedging activities as a result of increases in gains on interest rate agreements that do not qualify for hedge accounting under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*. Other income in 2004 included a loss on debt to equity conversions which represents the loss recognized from privately negotiated exchanges of a total of $30 million principal amount of Charter s 5.75% convertible senior notes held by two unrelated parties for shares of Charter Class A common stock. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rata share of the profits and losses of CC VIII.

Income tax benefit. Income tax benefits were realized for the years ended December 31, 2004 and 2003 as a result of decreases in certain deferred tax liabilities related to our investment in Charter Holdco as well as decreases in the deferred tax liabilities of certain of our indirect corporate subsidiaries.

The income tax benefit recognized in the year ended December 31, 2004 was directly related to the impairment of franchises as discussed above because the deferred tax liabilities decreased as a result of the write-down of franchise assets for financial statement purposes and not for tax purposes. We do not expect to recognize a similar benefit associated with the impairment of franchises in future periods. However, the actual tax provision calculations in future periods will be the result of current and future temporary differences, as well as future operating results.

The income tax benefit recognized in the year ended December 31, 2003 was directly related to the tax losses allocated to Charter from Charter Holdco. In the second quarter of 2003, Charter started receiving tax loss allocations from Charter Holdco. Previously, the tax losses had been allocated to Vulcan Cable III Inc. and CII in accordance with the Special Loss Allocations provided under the Charter Holdco limited liability company agreement. We do not expect to recognize a similar benefit related to our investment in Charter Holdco after 2003 related to tax loss allocations received from Charter Holdco, due to limitations associated with our ability to offset future tax benefits against the remaining deferred tax liabilities. However, the actual tax provision calculations in future periods will be the result of current and future temporary differences, as well as future operating results.

Income (loss) from discontinued operations, net of tax. Income from discontinued operations, net of tax decreased from $3 million for the year ended December 31, 2003 to loss from discontinued operations, net of tax of $135 million for the year ended December 31, 2005 primarily due to the impairment of franchises recognized in 2004 described above.

Cumulative effect of accounting change, net of tax. Cumulative effect of accounting change of $765 million (net of minority interest effects of $19 million and tax effects of $91 million) in 2004 represents the impairment charge recorded as a result of our adoption of Topic D-108.

Net loss. Net loss increased by $4.1 billion in 2004 compared to 2003 as a result of the factors described above. The impact to net loss in 2004 of the impairment of franchises, cumulative effect of accounting change and the reduction in losses allocated to minority interest was to increase net loss by approximately $3.7 billion. The impact to net loss in 2003 of the gain on the sale of systems, unfavorable

contracts and settlements and gain on debt exchange, net of income tax impact, was to decrease net loss by $168 million.

Preferred stock dividends. On August 31, 2001, in connection with the Cable USA acquisition, Charter issued 505,664 shares (and on February 28, 2003 issued an additional 39,595 shares) of Series A Convertible Redeemable Preferred Stock, on which it pays a quarterly cumulative cash dividend at an annual rate of 5.75% on a liquidation preference of $100 per share.

Loss per common share. The loss per common share increased by $13.65 as a result of the factors described above.

Liquidity and Capital Resources

Introduction

This section contains a discussion of our liquidity and capital resources, including a discussion of our cash position, sources and uses of cash, access to credit facilities and other financing sources, historical financing activities, cash needs, capital expenditures and outstanding debt.

Recent Financing Transactions

In January 2006, CCH II, LLC (CCH II) and CCH II Capital Corp. issued $450 million in debt securities, the proceeds of which were provided, directly or indirectly, to Charter Communications Operating, LLC (Charter Operating), which used such funds to reduce borrowings, but not commitments, under the revolving portion of its credit facilities.

In April 2006, Charter Operating completed a $6.85 billion refinancing of its credit facilities including a new $350 million revolving/term facility (which converts to a term loan no later than April 2007), a $5.0 billion term loan due in 2013 and certain amendments to the existing $1.5 billion revolving credit facility. In addition, the refinancing reduced margins on Eurodollar rate term loans to 2.625% from a weighted average of 3.15% previously and margins on base rate term loans to 1.625% from a weighted average of 2.15% previously. Concurrent with this refinancing, the CCO Holdings, LLC (CCO Holdings) bridge loan was terminated.

We have a significant level of debt. Our long-term financing as of June 30, 2006 consists of $5.8 billion of credit facility debt, $13.2 billion accreted value of high-yield notes and $848 million accreted value of convertible senior notes. For the remainder of 2006, none of the Company s debt matures, and in 2007 and 2008, $130 million and $50 million mature, respectively. In 2009 and beyond, significant additional amounts will become due under our remaining long-term debt obligations.

Our business requires significant cash to fund debt service costs, capital expenditures and ongoing operations. We have historically funded these requirements through cash flows from operating activities, borrowings under our credit facilities, sales of assets, issuances of debt and equity securities and cash on hand. However, the mix of funding sources changes from period to period. For the six months ended June 30, 2006, we generated $205 million of net cash flows from operating activities after paying cash interest of $791 million. In addition, we used approximately $539 million for purchases of property, plant and equipment. Finally, we had net cash flows from financing activities of $383 million. We expect that our mix of sources of funds will continue to change in the future based on overall needs relative to our cash flow and on the availability of funds under our credit facilities, our access to the debt and equity markets, the timing of possible asset sales and our ability to generate cash flows from operating activities. We continue to explore asset dispositions as one of several possible actions that we could take in the future to improve our liquidity, but we do not presently believe unannounced future asset sales to be a significant source of liquidity.

We expect that cash on hand, cash flows from operating activities, proceeds from sale of assets and the amounts available under our credit facilities will be adequate to meet our cash needs through 2007. We believe that cash flows from operating activities and amounts available under our credit facilities may

not be sufficient to fund our operations and satisfy our interest and principal repayment obligations in 2008 and will not be sufficient to fund such needs in 2009 and beyond. See Risk Factors Risks Related to Our and Our Subsidiaries Significant Indebtedness We may not generate (or, in general, have available to the applicable obligor) sufficient cash flow or access to additional external liquidity sources to fund our capital expenditures, ongoing operations and debt obligations, including our payment obligations under the Convertible Notes and the CCH II Notes, which could have a material adverse effect on you as holders of the Convertible Notes and the CCH II Notes. We continue to work with our financial advisors in our approach to addressing liquidity, debt maturities and our overall balance sheet leverage.

Debt Covenants

Our ability to operate depends upon, among other things, our continued access to capital, including credit under the Charter Operating credit facilities. The Charter Operating credit facilities, along with our indentures, contain certain restrictive covenants, some of which require us to maintain specified financial ratios and meet financial tests and to provide annual audited financial statements with an unqualified opinion from our independent auditors. As of June 30, 2006, we are in compliance with the covenants under our indentures and credit facilities, and we expect to remain in compliance with those covenants for the next twelve months. As of June 30, 2006, our potential availability under our credit facilities totaled approximately $900 million, none of which was limited by covenant restrictions. In the past, our actual availability under our credit facilities has been limited by covenant restrictions. There can be no assurance that our actual availability under our credit facilities will not be limited by covenant restrictions in the future. However, pro forma for the closing of the asset sales on July 1, 2006, and the related application of net proceeds to repay amounts outstanding under our revolving credit facility, potential availability under our credit facilities as of June 30, 2006 would have been approximately $1.7 billion, although actual availability would have been limited to $1.3 billion because of limits imposed by covenant restrictions. Continued access to our credit facilities is subject to our remaining in compliance with these covenants, including covenants tied to our operating performance. If any events of non-compliance occur, funding under the credit facilities may not be available and defaults on some or potentially all of our debt obligations could occur. An event of default under any of our debt instruments could result in the acceleration of our payment obligations under that debt and, under certain circumstances, in cross-defaults under our other debt obligations, which could have a material adverse effect on our consolidated financial condition and results of operations. See Risk Factors Risks Related to Our and Our Subsidiaries Significant Indebtedness Charter Operating may not be able to access funds under its credit facilities if it fails to satisfy the covenant restrictions in its credit facilities, which could adversely affect our financial condition and our ability to conduct our business.

Specific Limitations

Our ability to make interest payments on our convertible senior notes, and, in 2009, to repay the outstanding principal of our convertible senior notes of $863 million will depend on our ability to raise additional capital and/or on receipt of payments or distributions from Charter Holdco and its subsidiaries. As of June 30, 2006, Charter Holdco was owed $3 million in intercompany loans from its subsidiaries, which were available to pay interest and principal on our convertible senior notes. In addition, Charter has $74 million of U.S. government securities pledged as security for the next three scheduled semi-annual interest payments on Charter s 5.875% convertible senior notes.

Distributions by Charter s subsidiaries to a parent company (including Charter, Charter Holdco and CCHC, LLC) for payment of principal on parent company notes are restricted under the indentures governing the CIH notes, CCH I notes, CCH II notes, CCO Holdings notes and Charter Operating notes unless there is no default under the applicable indenture, each applicable subsidiary s leverage ratio test is met at the time of such distribution and, in the case of our convertible senior notes, other specified tests are met. For the quarter ended June 30, 2006, there was no default under any of these indentures and each such subsidiary met its applicable leverage ratio tests based on June 30, 2006 financial results. Such distributions would be restricted, however, if any such subsidiary fails to meet these tests at such time. In

the past, certain subsidiaries have from time to time failed to meet their leverage ratio test. There can be no assurance that they will satisfy these tests at the time of such distribution. Distributions by Charter Operating for payment of principal on parent company notes are further restricted by the covenants in the credit facilities.

Distributions by CIH, CCH I, CCH II, CCO Holdings and Charter Operating to a parent company for payment of parent company interest are permitted if there is no default under the aforementioned indentures. However, distributions for payment of interest on our convertible senior notes are further limited to when each applicable subsidiary s leverage ratio test is met and other specified tests are met. There can be no assurance that the subsidiary will satisfy these tests at the time of such distribution.

The indentures governing the Charter Holdings notes permit Charter Holdings to make distributions to Charter Holdco for payment of interest or principal on the convertible senior notes, only if, after giving effect to the distribution, Charter Holdings can incur additional debt under the leverage ratio of 8.75 to 1.0, there is no default under Charter Holdings indentures and other specified tests are met. For the quarter ended June 30, 2006, there was no default under Charter Holdings indentures and Charter Holdings met its leverage ratio test based on June 30, 2006 financial results. Such distributions would be restricted, however, if Charter Holdings fails to meet these tests at such time. In the past, Charter Holdings has from time to time failed to meet this leverage ratio test. There can be no assurance that Charter Holdings will satisfy these tests at the time of such distribution. During periods in which distributions are restricted, the indentures governing the Charter Holdings notes permit Charter Holdings and its subsidiaries to make specified investments (that are not restricted payments) in Charter Holdco or Charter up to an amount determined by a formula, as long as there is no default under the indentures.

Our significant amount of debt could negatively affect our ability to access additional capital in the future. Additionally, our ability to incur additional debt may be limited by the restrictive covenants in our indentures and credit facilities. No assurances can be given that we will not experience liquidity problems if we do not obtain sufficient additional financing on a timely basis as our debt becomes due or because of adverse market conditions, increased competition or other unfavorable events. If, at any time, additional capital or borrowing capacity is required beyond amounts internally generated or available under our credit facilities or through additional debt or equity financings, we would consider:

- issuing equity that would significantly dilute existing shareholders;
- issuing convertible debt or some other securities that may have structural or other priority over our existing notes and may also significantly dilute Charter s existing shareholders;
- further reducing our expenses and capital expenditures, which may impair our ability to increase revenue;
- selling assets; or
- requesting waivers or amendments with respect to our credit facilities, the availability and terms of which would be subject to market conditions.

If the above strategies are not successful, we could be forced to restructure our obligations or seek protection under the bankruptcy laws. In addition, if we need to raise additional capital through the issuance of equity or find it necessary to engage in a recapitalization or other similar transaction, our shareholders could suffer significant dilution and our noteholders might not receive principal and interest payments to which they are contractually entitled.

Sale of Assets

In July 2006, we closed the Cebridge Transaction and New Wave Transaction for net proceeds of approximately $896 million. We used the net proceeds from the asset sales to repay (but not reduce permanently) amounts outstanding under our revolving credit facility. The Orange Transaction is scheduled to close in the third quarter of 2006.

Table of Contents

In July 2005, we closed the sale of certain cable systems in Texas and West Virginia and closed the sale of an additional cable system in Nebraska in October 2005 for a total sales price of approximately $37 million, representing a total of approximately 33,000 customers.

Acquisition

In January 2006, we closed the purchase of certain cable systems in Minnesota from Seren Innovations, Inc. We acquired approximately 17,500 analog video customers, 8,000 digital video customers, 13,200 high-speed Internet customers and 14,500 telephone customers for a total purchase price of approximately $42 million.

Summary of Outstanding Contractual Obligations

The following table summarizes our payment obligations as of December 31, 2005 under our long-term debt and certain other contractual obligations and commitments (dollars in millions).

		Payments by Period			
	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Contractual Obligations					
Long-Term Debt Principal Payments(1)	$ 19,336	$ 50	$ 1,129	$ 5,781	$ 12,376
Long-Term Debt Interest Payments(2)	11,426	1,469	3,224	3,066	3,667
Payments on Interest Rate Instruments(3)	18	8	10		
Capital and Operating Lease Obligations(1)	94	20	27	23	24
Programming Minimum Commitments(4)	1,253	342	678	233	
Other(5)	301	146	70	42	43
Total	$ 32,428	$ 2,035	$ 5,138	$ 9,145	$ 16,110

(1) The table presents maturities of long-term debt outstanding as of December 31, 2005. Refer to Notes 9 and 26 to our accompanying consolidated financial statements contained in Item 8. Financial Statements and Supplementary Data in our 2005 Annual Report on Form 10-K for a description of our long-term debt and other contractual obligations and commitments.

(2) Interest payments on variable debt are estimated using amounts outstanding at December 31, 2005 and the average implied forward London Interbank Offering Rate (LIBOR) rates applicable for the quarter during the interest rate reset based on the yield curve in effect at December 31, 2005. Actual interest payments will differ based on actual LIBOR rates and actual amounts outstanding for applicable periods.

(3) Represents amounts we will be required to pay under our interest rate hedge agreements estimated using the average implied forward LIBOR applicable rates for the quarter during the interest rate reset based on the yield curve in effect at December 31, 2005.

(4) We pay programming fees under multi-year contracts ranging from three to ten years typically based on a flat fee per customer, which may be fixed for the term or may in some cases, escalate over the term. Programming costs included in the accompanying statement of operations were $1.4 billion, $1.3 billion and $1.2 billion for the years ended December 31, 2005, 2004 and 2003, respectively. Certain of our programming agreements are based on a flat fee per month or have guaranteed minimum payments. The table sets forth the aggregate guaranteed

minimum commitments under our programming contracts.

(5) Other represents other guaranteed minimum commitments, which consist primarily of commitments to our billing services vendors.

The following items are not included in the contractual obligations table because the obligations are not fixed and/or determinable due to various factors discussed below. However, we incur these costs as part of our operations:

We also rent utility poles used in our operations. Generally, pole rentals are cancelable on short notice, but we anticipate that such rentals will recur. Rent expense incurred for pole rental attachments related to continuing operations for the years ended December 31, 2005, 2004 and 2003, was $44 million, $42 million and $38 million, respectively.

We pay franchise fees under multi-year franchise agreements based on a percentage of revenues earned from video service per year. We also pay other franchise related costs, such as public education grants under multi-year agreements. Franchise fees and other franchise-related costs related to continuing operations included in the accompanying statement of operations were $165 million, $159 million and $157 million for the years ended December 31, 2005, 2004 and 2003, respectively.

We also have $165 million in letters of credit, primarily to our various worker s compensation, property casualty and general liability carriers as collateral for reimbursement of claims. These letters of credit reduce the amount we may borrow under our credit facilities.

Historical Operating, Financing and Investing Activities

Our cash flows include the cash flows related to our discontinued operations for all periods presented.

We held $56 million in cash and cash equivalents as of June 30, 2006 compared to $21 million as of December 31, 2005. For the six months ended June 30, 2006, we generated $205 million of net cash flows from operating activities after paying cash interest of $791 million. In addition, we used approximately $539 million for purchases of property, plant and equipment. Finally, we had net cash flows from financing activities of $383 million.

Operating Activities. Net cash provided by operating activities increased $24 million, or 13%, from $181 million for the six months ended June 30, 2005 to $205 million for the six months ended June 30, 2006. For the six months ended June 30, 2006, net cash provided by operating activities increased primarily as a result of changes in operating assets and liabilities that provided $107 million more cash during the six months ended June 30, 2006 than the corresponding period in 2005 coupled with an increase in revenue over cash costs offset by an increase in cash interest expense of $99 million over the corresponding prior period.

Net cash provided by operating activities decreased $212 million, or 45%, from $472 million for the year ended December 31, 2004 to $260 million for the year ended December 31, 2005. For the year ended December 31, 2005, net cash provided by operating activities decreased primarily as a result of an increase in cash interest expense of $189 million over the corresponding prior period and changes in operating assets and liabilities that used $45 million more cash during the year ended December 31, 2005 than the corresponding period in 2004. The change in operating assets and liabilities is primarily the result of the finalization of the class action settlement in the third quarter of 2005.

Net cash provided by operating activities decreased $293 million, or 38%, from $765 million for the year ended December 31, 2003 to $472 million for the year ended December 31, 2004. For the year ended December 31, 2004, net cash provided by operating activities decreased primarily as a result of an increase in cash interest expense of $203 million over the corresponding prior period and changes in operating assets and liabilities that provided $83 million less cash during the year ended December 31, 2004 than the corresponding period in 2003. The change in operating assets and liabilities is primarily the result of the benefit in the year ended December 31, 2003 from collection of receivables from programmers related to network launches, while accounts receivable remained essentially flat in the year ended December 31, 2004.

Investing Activities. Net cash used by investing activities for the six months ended June 30, 2006 and 2005 was $553 million and $477 million, respectively. Investing activities used $76 million more cash during the six months ended June 30, 2006 than the corresponding period in 2005 primarily as a result of increased cash used for the purchase of cable systems discussed above coupled with a decrease in our liabilities related to capital expenditures. Net cash used in investing activities for the years ended December 31, 2005 and 2004 was $1.0 billion and $243 million, respectively. Investing activities used $782 million more cash during the year ended December 31, 2005 than the corresponding period in 2004 primarily as a result of cash provided by proceeds from the sale of certain cable systems to Atlantic Broadband Finance, LLC in 2004 which did not recur in 2005 combined with increased cash used for capital expenditures.

Net cash used in investing activities for the years ended December 31, 2004 and 2003 was $243 million and $817 million, respectively. Investing activities used $574 million less cash during the year ended December 31, 2004 than the corresponding period in 2003 primarily as a result of cash provided by proceeds from the sale of certain cable systems to Atlantic Broadband Finance, LLC offset by increased cash used for capital expenditures.

Financing Activities. Net cash provided by financing activities was $383 million for the six months ended June 30, 2006 and net cash used in financing activities was $314 million for the six months ended June 30, 2005. The increase in cash provided during the six months ended June 30, 2006 as compared to the corresponding period in 2005, was primarily the result of proceeds from the issuance of debt.

Net cash provided by financing activities was $136 million and $294 million for the years ended December 31, 2005 and 2004, respectively. The decrease in cash provided during the year ended December 31, 2005, as compared to the corresponding period in 2004, was primarily the result of an decrease in borrowings of long-term debt and proceeds from issuance of debt offset by a decrease in repayments of long-term debt.

Net cash provided by financing activities for the year ended December 31, 2004 was $294 million and the net cash used in financing activities for the year ended December 31, 2003 was $142 million. The increase in cash provided during the year ended December 31, 2004, as compared to the corresponding period in 2003, was primarily the result of an increase in borrowings of long-term debt and proceeds from issuance of debt reduced by repayments of long-term debt.

Capital Expenditures

We have significant ongoing capital expenditure requirements. Capital expenditures were $539 million, $542 million, $1.1 billion, $924 million and $854 million for the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, respectively. Capital expenditures decreased as a result of decreases in expenditures related to line extensions and support capital partially offset by increased spending on customer premise equipment as a result of increases in digital video, high-speed Internet and telephone customers. See the table below for more details.

Our capital expenditures are funded primarily from cash flows from operating activities, the issuance of debt and borrowings under credit facilities. In addition, during the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, our liabilities related to capital expenditures decreased $9 million and increased $45 million and $8 million and decreased $43 million and $33 million, respectively.

During 2006, we expect capital expenditures to be approximately $1.0 billion to $1.1 billion. We expect that the nature of these expenditures will continue to be composed primarily of purchases of customer premise equipment related to telephone and other advanced services, support capital and for scalable infrastructure costs. We expect to fund capital expenditures for 2006 primarily from cash flows from operating activities, proceeds from asset sales and borrowings under our credit facilities.

We have adopted capital expenditure disclosure guidance, which was developed by eleven publicly traded cable system operators, including Charter, with the support of the National Cable &

Table of Contents

Telecommunications Association (NCTA). The disclosure is intended to provide more consistency in the reporting of operating statistics in capital expenditures and customers among peer companies in the cable industry. These disclosure guidelines are not required disclosure under Generally Accepted Accounting Principles (GAAP), nor do they impact our accounting for capital expenditures under GAAP.

The following table presents our major capital expenditures categories in accordance with NCTA disclosure guidelines for the three and six months ended June 30, 2006 and 2005 (dollars in millions):

	Six Months Ended June 30,		Year Ended December 31,		
	2006	2005	2005	2004	2003
Customer premise equipment(a)	$ 258	$ 228	$ 434	$ 451	$ 380
Scalable infrastructure(b)	97	89	174	108	67
Line extensions(c)	59	77	134	131	131
Upgrade/ Rebuild(d)	23	22	49	49	132
Support capital(e)	102	126	297	185	144
Total capital expenditures	$ 539	$ 542	$ 1,088	$ 924	$ 854

(a) Customer premise equipment includes costs incurred at the customer residence to secure new customers, revenue units and additional bandwidth revenues. It also includes customer installation costs in accordance with SFAS No. 51, *Financial Reporting by Cable Television Companies,* and customer premise equipment (e.g., set-top boxes and cable modems, etc.).

(b) Scalable infrastructure includes costs, not related to customer premise equipment or our network, to secure growth of new customers, revenue units and additional bandwidth revenues or provide service enhancements (e.g., headend equipment).

(c) Line extensions include network costs associated with entering new service areas (e.g., fiber/coaxial cable, amplifiers, electronic equipment, make-ready and design engineering).

(d) Upgrade/rebuild includes costs to modify or replace existing fiber/coaxial cable networks, including betterments.

(e) Support capital includes costs associated with the replacement or enhancement of non-network assets due to technological and physical obsolescence (e.g., non-network equipment, land, buildings and vehicles).

Interest Rate Risk

We are exposed to various market risks, including fluctuations in interest rates. We use interest rate risk management derivative instruments, such as interest rate swap agreements and interest rate collar agreements (collectively referred to herein as interest rate agreements) as required under the terms of the credit facilities of our subsidiaries. Our policy is to manage interest costs using a mix of fixed and variable rate debt. Using interest rate swap agreements, we agree to exchange, at specified intervals through 2007, the difference between fixed and variable interest amounts calculated by reference to an agreed-upon notional principal amount. Interest rate collar agreements are used to limit our exposure to, and to derive benefits from, interest rate fluctuations on variable rate debt to within a certain range of rates. Interest rate risk management agreements are not held or issued for speculative or trading

purposes.

As of June 30, 2006 and December 31, 2005, our long-term debt totaled approximately $19.9 billion and $19.4 billion, respectively. This debt was comprised of approximately $5.8 billion and $5.7 billion of credit facilities debt, $13.2 billion and $12.8 billion accreted amount of high-yield notes and $848 million and $863 million accreted amount of convertible senior notes, respectively.

Table of Contents

As of June 30, 2006 and December 31, 2005, the weighted average interest rate on the credit facility debt was approximately 8.0% and 7.8%, the weighted average interest rate on the high-yield notes was approximately 10.3% and 10.2%, and the weighted average interest rate on the convertible senior notes was approximately 6.4% and 6.3%, respectively, resulting in a blended weighted average interest rate of 9.5% and 9.3%, respectively. The interest rate on approximately 77% of the total principal amount of our debt was effectively fixed, including the effects of our interest rate hedge agreements as of June 30, 2006 and December 31, 2005. The fair value of our high-yield notes was $11.0 billion and $10.4 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of our convertible senior notes was $628 million and $647 million at June 30, 2006 and December 31, 2005, respectively. The fair value of our credit facilities is $5.8 billion and $5.7 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of high-yield and convertible notes is based on quoted market prices, and the fair value of the credit facilities is based on dealer quotations.

We do not hold or issue derivative instruments for trading purposes. We do, however, have certain interest rate derivative instruments that have been designated as cash flow hedging instruments. For qualifying hedges, SFAS No. 133 allows derivative gains and losses to offset related results on hedged items in the consolidated statement of operations. We have formally documented, designated and assessed the effectiveness of transactions that receive hedge accounting. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, other income includes gains of $2 million, $1 million, $3 million, $4 million and $8 million, respectively, which represent cash flow hedge ineffectiveness on interest rate hedge agreements arising from differences between the critical terms of the agreements and the related hedged obligations. Changes in the fair value of interest rate agreements designated as hedging instruments of the variability of cash flows associated with floating-rate debt obligations that meet the effectiveness criteria of SFAS No. 133 are reported in accumulated other comprehensive loss and minority interest. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, a gain of $0 and $9 million, $16 million, $42 million and $48 million, respectively, related to derivative instruments designated as cash flow hedges, was recorded in accumulated other comprehensive loss. The amounts are subsequently reclassified into interest expense as a yield adjustment in the same period in which the related interest on the floating-rate debt obligations affects earnings (losses).

Certain interest rate derivative instruments are not designated as hedges as they do not meet the effectiveness criteria specified by SFAS No. 133. However, management believes such instruments are closely correlated with the respective debt, thus managing associated risk. Interest rate derivative instruments not designated as hedges are marked to fair value, with the impact recorded as other income in our statements of operations. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, other income includes gains of $9 million, $25 million, $47 million, $65 million and $57 million, respectively, for interest rate derivative instruments not designated as hedges.

Table of Contents

The table set forth below summarizes the fair values and contract terms of financial instruments subject to interest rate risk maintained by us as of June 30, 2006 (dollars in millions):

	2006	2007	2008	2009	2010	2011	Thereafter	Total	Fair Value at June 30, 2006
Debt:									
Fixed Rate	$	$ 105	$	$ 1,547	$ 2,143	$ 771	$ 8,842	$ 13,408	$ 11,058
Average Interest Rate		8.25%		7.48%	10.28%	11.01%	10.38%	10.06%	
Variable Rate	$	$ 25	$ 50	$ 50	$ 600	$ 850	$ 4,775	$ 6,350	$ 6,359
Average Interest Rate		8.21%	8.14%	8.22%	9.64%	8.66%	8.39%	8.75%	
Interest Rate Instruments:									
Variable to Fixed Swaps	$ 898	$ 875	$	$	$	$	$	$ 1,773	$ 6
Average Pay Rate	7.70%	7.58%						7.64%	
Average Receive Rate	8.33%	8.31%						8.32%	

The notional amounts of interest rate instruments do not represent amounts exchanged by the parties and, thus, are not a measure of our exposure to credit loss. The amounts exchanged are determined by reference to the notional amount and the other terms of the contracts. The estimated fair value approximates the costs (proceeds) to settle the outstanding contracts. Interest rates on variable debt are estimated using the average implied forward London Interbank Offering Rate (LIBOR) rates for the year of maturity based on the yield curve in effect at June 30, 2006.

At June 30, 2006 and December 31, 2005, we had outstanding $1.8 billion and $1.8 billion and $20 million and $20 million, respectively, in notional amounts of interest rate swaps and collars, respectively. The notional amounts of interest rate instruments do not represent amounts exchanged by the parties and, thus, are not a measure of exposure to credit loss. The amounts exchanged are determined by reference to the notional amount and the other terms of the contracts.

Recently Issued Accounting Standards

In November 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 153, *Exchanges of Non-monetary Assets An Amendment of APB No. 29.* This statement eliminates the exception to fair value for exchanges of similar productive assets and replaces it with a general exception for exchange transactions that do not have commercial substance that is, transactions that are not expected to result in significant changes in the cash flows of the reporting entity. We adopted this pronouncement effective April 1, 2005. The exchange transaction discussed in Note 3 to our consolidated financial statements included elsewhere in this prospectus, was accounted for under this standard.

In December 2004, the FASB issued the revised SFAS No. 123, *Share-Based Payment,* which addresses the accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company s equity instruments or that may be settled by the issuance of such equity instruments. This statement was effective for us beginning January 1, 2006. Because we adopted the fair value recognition provisions of SFAS No. 123 on January 1, 2003, we do not expect this revised standard to have a material impact on our financial statements.

In March 2005, the FASB issued FASB Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations.* This interpretation clarifies that the term conditional asset retirement obligation as used in FASB Statement No. 143, *Accounting for Asset Retirement Obligations,* refers to a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement are conditional on a future event that may or may not be within the control of the entity. This pronouncement

Table of Contents

is effective for fiscal years ending after December 15, 2005. The adoption of this interpretation did not have a material impact on our financial statements.

In July 2006, the FASB issued FIN 48, *Accounting for Uncertainty in Income Taxes an Interpretation of FASB Statement No. 109*, which provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position may be recognized only if it is more likely than not that the position is sustainable based on its technical merits. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006. We are currently assessing the impact of FIN 48 on our financial statements.

We do not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on our accompanying financial statements.

MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF CCH II, LLC

Unless otherwise stated, the terms we, us and our used in this Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC refer to CCH II and its direct and indirect subsidiaries on a consolidated basis.

Reference is made to Risk Factors and Special Note Regarding Forward-Looking Statements, which describe important factors that could cause actual results to differ from expectations and non-historical information contained herein. In addition, the following discussion should be read in conjunction with the audited consolidated financial statements of CCH II, LLC and its subsidiaries as of and for the years ended December 31, 2005, 2004 and 2003 and the unaudited consolidated financial statements of CCH II, LLC and its subsidiaries as of and for the six months ended June 30, 2006.

For a chart showing our ownership structure, see page 3. The data included in this Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC takes into account the effect of the sale of various geographically non-strategic assets to Cebridge Connections, Inc., which are reflected as discontinued operations in all periods presented. See Summary Recent Events Assets Sales.

CCH II, LLC is a holding company whose primary assets are equity interests in our cable operating subsidiaries. CCH II, LLC was formed in March 2003 and is a direct subsidiary of CCH I, which is an indirect subsidiary of Charter Holdings. Charter Holdings is an indirect subsidiary of Charter. See Summary Organizational Structure. Our parent companies are CCH I, CIH, Charter Holdings, CCHC, Charter Holdco and Charter.

CCH II, LLC is the sole owner of CCO Holdings, which in turn is the sole owner of Charter Operating. In June and July 2003, Charter Holdings entered into a series of transactions and contributions which had the effect of (i) creating CCH II, LLC, CCH II Capital Corp., CCH I, our direct parent, and our subsidiary, CCO Holdings and (ii) combining and contributing all of Charter Holdings interest in cable operations not previously owned by Charter Operating to Charter Operating. This transaction was accounted for as a reorganization of entities under common control. Accordingly, the historical financial condition and results of operations of CCH II, LLC combine the historical financial condition and results of operations of Charter Operating, and the operations of subsidiaries contributed by Charter Holdings, for all periods presented.

Introduction

We and our parent companies continue to pursue opportunities to improve our and our parent companies liquidity. Our and our parent companies efforts in this regard have resulted in the completion of a number of transactions in 2005 and 2006, as follows:

- the July 2006 sale of cable systems to Cebridge and New Wave for proceeds of approximately $896 million;
- the April 2006 refinancing of our existing credit facilities (see Liquidity and Capital Resources Recent Refinancing Transactions);
- the January 2006 sale by us of an additional $450 million principal amount of our 10.250% senior notes due 2010;
- the September 2005 exchange by our direct and indirect parent companies, Charter Holdings, CCH I and CIH, of approximately $6.8 billion in total principal amount of outstanding debt securities of Charter Holdings in a private placement for new debt securities;
- the August 2005 sale by our subsidiaries, CCO Holdings and CCO Holdings Capital Corp., of $300 million of 8 3/4% senior notes due 2013;

the March and June 2005 issuance of $333 million of Charter Operating notes in exchange for $346 million of Charter Holdings notes;

the repurchase during 2005 of $136 million of Charter s 4.75% convertible senior notes due 2006 leaving $20 million in principal amount outstanding; and

the March 2005 redemption of all of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 at a total cost of $122 million;

During the years 1999 through 2001, we grew significantly, principally through acquisitions of other cable businesses financed by debt and, to a lesser extent, equity. We have no current plans to pursue any significant acquisitions. However, we may pursue exchanges of non-strategic assets or divestitures, such as the sale of cable systems discussed above. We therefore do not believe that our historical growth rates are accurate indicators of future growth.

The industry s and our most significant operational challenges include competition from DBS providers and DSL service providers. See Business Competition. We believe that competition from DBS has resulted in net analog video customer losses and decreased growth rates for digital video customers. Competition from DSL providers combined with limited opportunities to expand our customer base now that approximately 36% of our analog video customers subscribe to our high-speed Internet services has resulted in decreased growth rates for high-speed Internet customers. In the recent past, we have grown revenues by offsetting video customer losses with price increases and sales of incremental advanced services such as high-speed Internet, video on demand, digital video recorders and high definition television. We expect to continue to grow revenues through price increases and through continued growth in high-speed Internet and incremental new services including telephone, high definition television, VOD and DVR service.

Historically, our ability to fund operations and investing activities has depended on our continued access to credit under our credit facilities. We expect we will continue to borrow under our credit facilities from time to time to fund cash needs. The occurrence of an event of default under our credit facilities could result in borrowings from these facilities being unavailable to us and could, in the event of a payment default or acceleration, trigger events of default under our outstanding notes and would have a material adverse effect on us.

Sale of Assets

In 2006, we signed three separate definitive agreements to sell certain cable television systems serving a total of approximately 356,000 analog video customers in 1) West Virginia and Virginia to Cebridge Connections, Inc. (the Cebridge Transaction); 2) Illinois and Kentucky to Telecommunications Management, LLC, doing business as New Wave Communications (the New Wave Transaction) and 3) Nevada, Colorado, New Mexico and Utah to Orange Broadband Holding Company, LLC (the Orange Transaction) for a total of approximately $971 million. These cable systems met the criteria for assets held for sale. As such, the assets were written down to fair value less estimated costs to sell resulting in asset impairment charges during the six months ended June 30, 2006 of approximately $99 million related to the New Wave Transaction and the Orange Transaction. In the third quarter of 2006, we expect to record a gain of approximately $200 million on the Cebridge Transaction. In addition, assets and liabilities to be sold have been presented as held for sale. We have also determined that the West Virginia and Virginia cable systems comprise operations and cash flows that for financial reporting purposes meet the criteria for discontinued operations. Accordingly, the results of operations for the West Virginia and Virginia cable systems have been presented as discontinued operations, net of tax for the six months ended June 30, 2006 and all prior periods presented herein have been reclassified to conform to the current presentation.

Overview of Operations

Approximately 86% of our revenues for the six months ended June 30, 2006 and year ended December 31, 2005 are attributable to monthly subscription fees charged to customers for our video, high-speed Internet, telephone and commercial services provided by our cable systems. Generally, these customer subscriptions may be discontinued by the customer at any time. The remaining 14% of revenue for the six months ended June 30, 2006 and year ended December 31, 2005 is derived primarily from advertising revenues, franchise fee revenues, which are collected by us but then paid to local franchising authorities, pay-per-view and VOD programming where users are charged a fee for individual programs viewed, installation or reconnection fees charged to customers to commence or reinstate service, and commissions related to the sale of merchandise by home shopping services. We have increased revenues during the past three years, primarily through the sale of digital video and high-speed Internet services to new and existing customers and price increases on video services offset in part by dispositions of systems. Going forward, our goal is to increase revenues by offsetting video customer losses with price increases, sales of incremental advanced services such as telephone, high-speed Internet, video on demand, digital video recorders and high definition television. See Business Sales and Marketing for more details.

Our success in our efforts to grow revenues and improve margins will be impacted by our ability to compete against companies with easier access to financing, greater personnel resources, greater brand name recognition, long-established relationships with regulatory authorities and customers, and, often fewer regulatory burdens. Additionally, controlling our cost of operations is critical, particularly cable programming costs, which have historically increased at rates in excess of inflation and are expected to continue to increase. See Business Programming for more details. We are attempting to control our costs of operations by maintaining strict controls on expenses. More specifically, we are focused on managing our workforce to control cost increases and improve productivity, and leveraging our size in purchasing activities.

Our expenses primarily consist of operating costs, selling, general and administrative expenses, depreciation and amortization expense and interest expense. Operating costs primarily include programming costs, the cost of our workforce, cable service related expenses, advertising sales costs, franchise fees and expenses related to customer billings. For the six months ended June 30, 2006 and 2005, our operating income from continuing operations, which includes depreciation and amortization expense and asset impairment charges but excludes interest expense, was $138 million and $142 million, respectively. We had operating margins of 5% and 6% for the six months ended June 30, 2006 and 2005, respectively. The decrease in operating income from continuing operations and operating margins for the six months ended June 30, 2006 compared to 2005 was principally due to an increase in operating costs and asset impairment charges of $60 million. Our operating loss from continuing operations decreased from $1.9 billion for year ended December 31, 2004 to income of $304 million for the year ended December 31, 2005. We had a positive operating margin (defined as operating income (loss) from continuing operations divided by revenues) of 6% and a negative operating margin of 40% for the years ended December 31, 2005 and 2004, respectively. The improvement from an operating loss from continuing operations and negative operating margin to operating income from continuing operations and positive operating margin for the year end December 31, 2005 is principally due to the impairment of franchises of $2.3 billion recorded in the third quarter of 2004 which did not recur in 2005. For the year ended December 31, 2003, operating income from continuing operations was $484 million and for the year ended December 31, 2004, our operating loss from continuing operations was $1.9 billion. We had a negative operating margin of 40% for the year ended December 31, 2004, whereas for the year ending December 31, 2003, we had positive operating margin of 10%. The decline in operating income from continuing operations and operating margin for the year end December 31, 2004 is principally due to the impairment of franchises of $2.3 billion recorded in the third quarter of 2004. The year ended December 31, 2004 also includes a gain on the sale of certain cable systems to Atlantic Broadband Finance, LLC which is substantially offset by an increase in option compensation expense and special charges when compared to the year ended December 31, 2003. Although we do not expect charges for impairment in the future of comparable magnitude, potential charges could occur due to changes in market conditions.

We have a history of net losses. Further, we expect to continue to report net losses for the foreseeable future. Our net losses are principally attributable to insufficient revenue to cover the combination of operating costs and interest costs we incur because of our debt and the depreciation expenses that we incur resulting from the capital investments we have made in our cable properties. We expect that these expenses will remain significant, and we therefore expect to continue to report net losses for the foreseeable future. We had net losses of $335 million and $220 million for the six months ended June 30, 2006 and 2005, respectively.

Critical Accounting Policies and Estimates

Certain of our accounting policies require our management to make difficult, subjective or complex judgments. Management has discussed these policies with the Audit Committee of Charter s Board of Directors and the Audit Committee has reviewed the following disclosure. We consider the following policies to be the most critical in understanding the estimates, assumptions and judgments that are involved in preparing our financial statements and the uncertainties that could affect our results of operations, financial condition and cash flows:

Capitalization of labor and overhead costs;

Useful lives of property, plant and equipment;

Impairment of property, plant, and equipment, franchises, and goodwill;

Income taxes; and

Litigation.

In addition, there are other items within our financial statements that require estimates or judgment but are not deemed critical, such as the allowance for doubtful accounts, but changes in judgment, or estimates in these other items could also have a material impact on our financial statements.

Capitalization of labor and overhead costs

The cable industry is capital intensive, and a large portion of our resources are spent on capital activities associated with extending, rebuilding, and upgrading our cable network. As of June 30, 2006 and December 31, 2005 and 2004, the net carrying amount of our property, plant and equipment (consisting primarily of cable network assets) was approximately $5.4 billion (representing 34% of total assets), $5.8 billion (representing 36% of total assets) and $6.1 billion (representing 36% of total assets), respectively. Total capital expenditures for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003 were approximately $539 million, $1.1 billion, $893 million and $804 million, respectively.

Costs associated with network construction, initial customer installations (including initial installations of new or advanced services), installation refurbishments and the addition of network equipment necessary to provide new or advanced services are capitalized. While our capitalization is based on specific activities, once capitalized we track these costs by fixed asset category at the cable system level and not on a specific asset basis. Costs capitalized as part of initial customer installations include materials, direct labor, and certain indirect costs (overhead). These indirect costs are associated with the activities of personnel who assist in connecting and activating the new service and consist of compensation and overhead costs associated with these support functions. The costs of disconnecting service at a customer s dwelling or reconnecting service to a previously installed dwelling are charged to operating expense in the period incurred. Costs for repairs and maintenance are charged to operating expense as incurred, while equipment replacement and betterments, including replacement of cable drops from the pole to the dwelling, are capitalized.

We make judgments regarding the installation and construction activities to be capitalized. We capitalize direct labor and overhead using standards developed from actual costs and applicable operational data. We calculate standards for items such as the labor rates, overhead rates and the actual amount of

time required to perform a capitalizable activity. For example, the standard amounts of time required to perform capitalizable activities are based on studies of the time required to perform such activities. Overhead rates are established based on an analysis of the nature of costs incurred in support of capitalizable activities and a determination of the portion of costs that is directly attributable to capitalizable activities. The impact of changes that resulted from these studies were not significant in the periods presented.

Labor costs directly associated with capital projects are capitalized. We capitalize direct labor costs associated with personnel based upon the specific time devoted to network construction and customer installation activities. Capitalizable activities performed in connection with customer installations include such activities as:

- Dispatching a truck roll to the customer s dwelling for service connection;
- Verification of serviceability to the customer s dwelling (i.e., determining whether the customer s dwelling is capable of receiving service by our cable network and/or receiving advanced or Internet services);
- Customer premise activities performed by in-house field technicians and third-party contractors in connection with customer installations, installation of network equipment in connection with the installation of expanded services and equipment replacement and betterment; and
- Verifying the integrity of the customer s network connection by initiating test signals downstream from the headend to the customer s digital set-top box.

Judgment is required to determine the extent to which overhead is incurred as a result of specific capital activities, and therefore should be capitalized. The primary costs that are included in the determination of the overhead rate are (i) employee benefits and payroll taxes associated with capitalized direct labor, (ii) direct variable costs associated with capitalizable activities, consisting primarily of installation and construction vehicle costs, (iii) the cost of support personnel, such as dispatch, that directly assist with capitalizable installation activities, and (iv) indirect costs directly attributable to capitalizable activities.

While we believe our existing capitalization policies are appropriate, a significant change in the nature or extent of our system activities could affect management s judgment about the extent to which we should capitalize direct labor or overhead in the future. We monitor the appropriateness of our capitalization policies, and perform updates to our internal studies on an ongoing basis to determine whether facts or circumstances warrant a change to our capitalization policies. We capitalized internal direct labor and overhead of $100 million, $185 million, $159 million and $166 million, respectively, for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003. Capitalized internal direct labor and overhead costs have increased in 2005 as a result of the use of more internal labor for capitalizable installations rather than third party contractors.

Useful lives of property, plant and equipment

We evaluate the appropriateness of estimated useful lives assigned to our property, plant and equipment, based on annual analyses of such useful lives, and revise such lives to the extent warranted by changing facts and circumstances. Any changes in estimated useful lives as a result of these analyses, which were not significant in the periods presented, will be reflected prospectively beginning in the period in which the study is completed. The effect of a one-year decrease in the weighted average remaining useful life of our property, plant and equipment would be an increase in depreciation expense for the year ended December 31, 2005 of approximately $232 million. The effect of a one-year increase in the weighted average useful life of our property, plant and equipment would be a decrease in depreciation expense for the year ended December 31, 2005 of approximately $172 million.

Depreciation expense related to property, plant and equipment totaled $687 million, $1.4 billion, $1.4 billion and $1.4 billion, representing approximately 27%, 30%, 21% and 34% of costs and expenses, for

the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003, respectively. Depreciation is recorded using the straight-line composite method over management s estimate of the estimated useful lives of the related assets as listed below:

Cable distribution systems	7-20 years
Customer premise equipment and installations	3-5 years
Vehicles and equipment	1-5 years
Buildings and leasehold improvements	5-15 years
Furniture, fixtures and equipment	5 years

Impairment of property, plant and equipment, franchises and goodwill

As discussed above, the net carrying value of our property, plant and equipment is significant. We also have recorded a significant amount of cost related to franchises, pursuant to which we are granted the right to operate our cable distribution network throughout our service areas. The net carrying value of franchises as of June 30, 2006, December 31, 2005 and 2004 was approximately $9.3 billion (representing 59% of total assets), $9.8 billion (representing 61% of total assets) and $9.9 billion (representing 58% of total assets), respectively. Furthermore, our noncurrent assets include approximately $61 million of goodwill.

We adopted SFAS No. 142, *Goodwill and Other Intangible Assets,* on January 1, 2002. SFAS No. 142 requires that franchise intangible assets that meet specified indefinite-life criteria no longer be amortized against earnings, but instead must be tested for impairment annually based on valuations, or more frequently as warranted by events or changes in circumstances. In determining whether our franchises have an indefinite-life, we considered the exclusivity of the franchise, the expected costs of franchise renewals, and the technological state of the associated cable systems with a view to whether or not we are in compliance with any technology upgrading requirements. We have concluded that as of June 30, 2006, December 31, 2005, 2004 and 2003 more than 99% of our franchises qualify for indefinite-life treatment under SFAS No. 142, and that less than one percent of our franchises do not qualify for indefinite-life treatment due to technological or operational factors that limit their lives. Costs of finite-lived franchises, along with costs associated with franchise renewals, are amortized on a straight-line basis over 10 years, which represents management s best estimate of the average remaining useful lives of such franchises. Franchise amortization expense was approximately $1 million, $4 million, $3 million and $7 million for the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 and 2003, respectively. We expect that amortization expense on franchise assets will be approximately $2 million annually for each of the next five years. Actual amortization expense in future periods could differ from these estimates as a result of new intangible asset acquisitions or divestitures, changes in useful lives and other relevant factors. Our goodwill is also deemed to have an indefinite life under SFAS No. 142.

SFAS No. 144, *Accounting for Impairment or Disposal of Long-Lived Assets,* requires that we evaluate the recoverability of our property, plant and equipment and franchise assets which did not qualify for indefinite-life treatment under SFAS No. 142 upon the occurrence of events or changes in circumstances which indicate that the carrying amount of an asset may not be recoverable. Such events or changes in circumstances could include such factors as the impairment of our indefinite-life franchises under SFAS No. 142, changes in technological advances, fluctuations in the fair value of such assets, adverse changes in relationships with local franchise authorities, adverse changes in market conditions or a deterioration of operating results. Under SFAS No. 144, a long-lived asset is deemed impaired when the carrying amount of the asset exceeds the projected undiscounted future cash flows associated with the asset. No impairments of long-lived assets were recorded in the six months ended June 30, 2006 and the years ended December 31, 2005, 2004 or 2003, however, approximately $99 million and $39 million of impairment on assets held for sale was recorded for the six months ended June 30, 2006 and the year ended December 31, 2005. We were also required to evaluate the recoverability of our indefinite-life

franchises, as well as goodwill, as of January 1, 2002 upon adoption of SFAS No. 142, and on an annual basis or more frequently as deemed necessary.

Under both SFAS No. 144 and SFAS No. 142, if an asset is determined to be impaired, it is required to be written down to its estimated fair market value. We determine fair market value based on estimated discounted future cash flows, using reasonable and appropriate assumptions that are consistent with internal forecasts. Our assumptions include these and other factors: penetration rates for analog and digital video, high-speed Internet and telephone, revenue growth rates, expected operating margins and capital expenditures. Considerable management judgment is necessary to estimate future cash flows, and such estimates include inherent uncertainties, including those relating to the timing and amount of future cash flows and the discount rate used in the calculation.

Based on the guidance prescribed in Emerging Issues Task Force (EITF) Issue No. 02-7, *Unit of Accounting for Testing of Impairment of Indefinite-Lived Intangible Assets,* franchises were aggregated into essentially inseparable asset groups to conduct the valuations. The asset groups generally represent geographic clustering of our cable systems into groups by which such systems are managed. Management believes such groupings represent the highest and best use of those assets.

Our valuations, which are based on the present value of projected after tax cash flows, result in a value of property, plant and equipment, franchises, customer relationships and our total entity value. The value of goodwill is the difference between the total entity value and amounts assigned to the other assets. The use of different valuation assumptions or definitions of franchises or customer relationships, such as our inclusion of the value of selling additional services to our current customers within customer relationships versus franchises, could significantly impact our valuations and any resulting impairment.

Franchises, for valuation purposes, are defined as the future economic benefits of the right to solicit and service potential customers (customer marketing rights), and the right to deploy and market new services such as interactivity and telephone to the potential customers (service marketing rights). Fair value is determined based on estimated discounted future cash flows using assumptions consistent with internal forecasts. The franchise after-tax cash flow is calculated as the after-tax cash flow generated by the potential customers obtained and the new services added to those customers in future periods. The sum of the present value of the franchises after-tax cash flow in years 1 through 10 and the continuing value of the after-tax cash flow beyond year 10 yields the fair value of the franchise. Prior to the adoption of EITF Topic D-108, *Use of the Residual Method to Value Acquired Assets Other than Goodwill,* discussed below, we followed a residual method of valuing our franchise assets, which had the effect of including goodwill with the franchise assets.

We follow the guidance of EITF Issue 02-17, *Recognition of Customer Relationship Intangible Assets Acquired in a Business Combination,* in valuing customer relationships. Customer relationships, for valuation purposes, represent the value of the business relationship with our existing customers and are calculated by projecting future after-tax cash flows from these customers including the right to deploy and market additional services such as interactivity and telephone to these customers. The present value of these after-tax cash flows yields the fair value of the customer relationships. Substantially all our acquisitions occurred prior to January 1, 2002. We did not record any value associated with the customer relationship intangibles related to those acquisitions. For acquisitions subsequent to January 1, 2002, we did assign a value to the customer relationship intangible, which is amortized over its estimated useful life.

In September 2004, EITF Topic D-108, *Use of the Residual Method to Value Acquired Assets Other than Goodwill,* was issued, which requires the direct method of separately valuing all intangible assets and does not permit goodwill to be included in franchise assets. We performed an impairment assessment as of September 30, 2004, and adopted Topic D-108 in that assessment resulting in a total franchise impairment of approximately $3.3 billion. We recorded a cumulative effect of accounting change of $840 million (approximately $875 million before tax effects of $16 million and minority interest effects of $19 million) for the year ended December 31, 2004 representing the portion of our total franchise impairment attributable to no longer including goodwill with franchise assets. The remaining $2.4 billion of the total franchise impairment was attributable to the use of lower projected growth rates and the resulting revised

115

estimates of future cash flows in our valuation and was recorded as impairment of franchises in our consolidated statements of operations for the year ended December 31, 2004. Sustained analog video customer losses by us and our industry peers in the third quarter of 2004 primarily as a result of increased competition from DBS providers and decreased growth rates in our and our industry peers high speed Internet customers in the third quarter of 2004, in part as a result of increased competition from DSL providers, led us to lower our projected growth rates and accordingly revise our estimates of future cash flows from those used at October 1, 2003. See Business Competition.

The 2003 and 2005 valuations showed franchise values in excess of book value and thus resulted in no impairment.

The valuations used in our impairment assessments involve numerous assumptions as noted above. While economic conditions, applicable at the time of the valuation, indicate the combination of assumptions utilized in the valuations are reasonable, as market conditions change so will the assumptions with a resulting impact on the valuation and consequently the potential impairment charge.

Sensitivity Analysis. The effect on franchise values as of October 1, 2005 of the indicated increase/decrease in the selected assumptions is shown below:

Assumption	Percentage/ Percentage Point Change		Impairment Charge Increase/(Decrease)
			(Dollars in millions)
Annual Operating Cash Flow(1)	+/-5%	$	1,200/$(1,200)
Long-Term Growth Rate(2)	+/-1pts(3)	$	1,700/(1,300)
Discount Rate	+/-0.5pts(3)	$	(1,300)/1,500

(1) Operating Cash Flow is defined as revenues less operating expenses and selling, general and administrative expenses.

(2) Long-Term Growth Rate is the rate of cash flow growth beyond year ten.

(3) A percentage point change of one point equates to 100 basis points.

Income Taxes

All operations are held through Charter Holdco and its direct and indirect subsidiaries, including us. Charter Holdco and the majority of its subsidiaries are not subject to income tax. However, certain of these subsidiaries are corporations and are subject to income tax. All of the taxable income, gains, losses, deductions and credits of Charter Holdco are passed through to its members: Charter, CII and VulcanCable III Inc. Charter is responsible for its share of taxable income or loss of Charter Holdco allocated to it in accordance with the Charter Holdco limited liability company agreement (LLC Agreement) and partnership tax rules and regulations.

The LLC Agreement provides for certain special allocations of net tax profits and net tax losses (such net tax profits and net tax losses being determined under the applicable federal income tax rules for determining capital accounts). Under the LLC Agreement, through the end of 2003, net tax losses of Charter Holdco that would otherwise have been allocated to Charter based generally on its percentage ownership of outstanding common units were allocated instead to membership units held by Vulcan Cable III Inc. and CII (the Special Loss Allocations) to the extent of their respective capital account balances. After 2003, under the LLC Agreement, net tax losses of Charter Holdco are allocated to Charter, Vulcan Cable III Inc. and CII based generally on their respective percentage ownership of outstanding common units to the extent of their respective capital account balances. Allocations of net

tax losses in excess of the members aggregate capital account balances are allocated under the rules governing Regulatory Allocations, as described below. Subject to the Curative Allocation Provisions described below, the LLC Agreement further provides that, beginning at the time Charter Holdco generates net tax profits, the net tax profits that would otherwise have been allocated to Charter based generally on its percentage

ownership of outstanding common membership units will instead generally be allocated to Vulcan Cable III Inc. and CII (the Special Profit Allocations). The Special Profit Allocations to Vulcan Cable III Inc. and CII will generally continue until the cumulative amount of the Special Profit Allocations offsets the cumulative amount of the Special Loss Allocations. The amount and timing of the Special Profit Allocations are subject to the potential application of, and interaction with, the Curative Allocation Provisions described in the following paragraph. The LLC Agreement generally provides that any additional net tax profits are to be allocated among the members of Charter Holdco based generally on their respective percentage ownership of Charter Holdco common membership units.

Because the respective capital account balance of each of Vulcan Cable III Inc. and CII was reduced to zero by December 31, 2002, certain net tax losses of Charter Holdco that were to be allocated for 2002, 2003, 2004 and 2005, to Vulcan Cable III Inc. and CII instead have been allocated to Charter (the Regulatory Allocations). As a result of the allocation of net tax losses to Charter in 2005, Charter s capital account balance was reduced to zero during 2005. The LLC Agreement provides that once the capital account balances of all members have been reduced to zero, net tax losses are to be allocated to Charter, Vulcan Cable III Inc. and CII based generally on their respective percentage ownership of outstanding common units. Such allocations are also considered to be Regulatory Allocations. The LLC Agreement further provides that, to the extent possible, the effect of the Regulatory Allocations is to be offset over time pursuant to certain curative allocation provisions (the Curative Allocation Provisions) so that, after certain offsetting adjustments are made, each member s capital account balance is equal to the capital account balance such member would have had if the Regulatory Allocations had not been part of the LLC Agreement. The cumulative amount of the actual tax losses allocated to Charter as a result of the Regulatory Allocations through the year ended December 31, 2005 is approximately $4.1 billion.

As a result of the Special Loss Allocations and the Regulatory Allocations referred to above (and their interaction with the allocations related to assets contributed to Charter Holdco with differences between book and tax basis), the cumulative amount of losses of Charter Holdco allocated to Vulcan Cable III Inc. and CII is in excess of the amount that would have been allocated to such entities if the losses of Charter Holdco had been allocated among its members in proportion to their respective percentage ownership of Charter Holdco common membership units. The cumulative amount of such excess losses was approximately $977 million through December 31, 2005.

In certain situations, the Special Loss Allocations, Special Profit Allocations, Regulatory Allocations and Curative Allocation Provisions described above could result in Charter paying taxes in an amount that is more or less than if Charter Holdco had allocated net tax profits and net tax losses among its members based generally on the number of common membership units owned by such members. This could occur due to differences in (i) the character of the allocated income (e.g., ordinary versus capital), (ii) the allocated amount and timing of tax depreciation and tax amortization expense due to the application of section 704(c) under the Internal Revenue Code, (iii) the potential interaction between the Special Profit Allocations and the Curative Allocation Provisions, (iv) the amount and timing of alternative minimum taxes paid by Charter, if any, (v) the apportionment of the allocated income or loss among the states in which Charter Holdco does business, and (vi) future federal and state tax laws. Further, in the event of new capital contributions to Charter Holdco, it is possible that the tax effects of the Special Profit Allocations, Special Loss Allocations, Regulatory Allocations and Curative Allocation Provisions will change significantly pursuant to the provisions of the income tax regulations or the terms of a contribution agreement with respect to such contributions. Such change could defer the actual tax benefits to be derived by Charter with respect to the net tax losses allocated to it or accelerate the actual taxable income to Charter with respect to the net tax profits allocated to it. As a result, it is possible under certain circumstances, that Charter could receive future allocations of taxable income in excess of its currently allocated tax deductions and available tax loss carryforwards. The ability to utilize net operating loss carryforwards is potentially subject to certain limitations as discussed below.

In addition, under their exchange agreement with Charter, Vulcan Cable III Inc. and CII may exchange some or all of their membership units in Charter Holdco for Charter s Class B common stock, be merged with Charter, or be acquired by Charter in a non-taxable reorganization. If such an exchange

were to take place prior to the date that the Special Profit Allocation provisions had fully offset the Special Loss Allocations, Vulcan Cable III Inc. and CII could elect to cause Charter Holdco to make the remaining Special Profit Allocations to Vulcan Cable III Inc. and CII immediately prior to the consummation of the exchange. In the event Vulcan Cable III Inc. and CII choose not to make such election or to the extent such allocations are not possible, Charter would then be allocated tax profits attributable to the membership units received in such exchange pursuant to the Special Profit Allocation provisions. Mr. Allen has generally agreed to reimburse Charter for any incremental income taxes that Charter would owe as a result of such an exchange and any resulting future Special Profit Allocations to Charter. The ability of Charter to utilize net operating loss carryforwards is potentially subject to certain limitations (see Risk Factors Risks Related to Mr. Allen s Controlling Position). If Charter were to become subject to such limitations (whether as a result of an exchange described above or otherwise), and as a result were to owe taxes resulting from the Special Profit Allocations, then Mr. Allen may not be obligated to reimburse Charter for such income taxes. Charter s ability to make such income tax payments, if any, will depend on its liquidity or its ability to raise additional capital and/or on receipt of payments or distributions from Charter Holdco and its subsidiaries, including us.

As of June 30, 2006 and December 31, 2005 and 2004, we have recorded net deferred income tax liabilities of $213 million, $213 million and $208 million, respectively. Additionally, as of June 30, 2006 and December 31, 2005 and 2004, we have deferred tax assets of $86 million, $86 million and $103 million, respectively, which primarily relate to tax net operating loss carryforwards of certain of our indirect corporate subsidiaries. We are required to record a valuation allowance when it is, more likely than not that some portion or all of the deferred income tax assets will not be realized. Given the uncertainty surrounding our ability to utilize our deferred tax assets, these items have been offset with a corresponding valuation allowance of $51 million, $51 million and $71 million at June 30, 2006 and December 31, 2005 and 2004, respectively.

We are currently under examination by the Internal Revenue Service for the tax years ending December 31, 2002 and 2003. Our results (excluding our indirect corporate subsidiaries) for these years are subject to this examination. Management does not expect the results of this examination to have a material adverse effect on our consolidated financial condition, results of operations or our liquidity, including our ability to comply with our debt covenants.

Litigation

Legal contingencies have a high degree of uncertainty. When a loss from a contingency becomes estimable and probable, a reserve is established. The reserve reflects management s best estimate of the probable cost of ultimate resolution of the matter and is revised accordingly as facts and circumstances change and, ultimately when the matter is brought to closure. We have established reserves for certain matters and if any of these matters are resolved unfavorably resulting in payment obligations in excess of management s best estimate of the outcome, such resolution could have a material adverse effect on our consolidated financial condition, results of operations or our liquidity.

Results of Operations

Six Months Ended June 30, 2006 Compared to Six Months Ended June 30, 2005

The following table sets forth the percentages of revenues that items in the accompanying condensed consolidated statements of operations constituted for the periods presented (dollars in millions):

	Six Months Ended June 30,			
	2006		2005	
Revenues	$ 2,703	100%	$ 2,481	100%
Costs and expenses:				
Operating (excluding depreciation and amortization)	1,215	45%	1,081	44%
Selling, general and administrative	551	20%	483	19%
Depreciation and amortization	690	26%	730	29%
Asset impairment charges	99	4%	39	2%
Other operating expenses, net	10		6	
	2,565	95%	2,339	94%
Operating income from continuing operations	138	5%	142	6%
Interest expense, net	(488)		(408)	
Other income (expense), net	(19)		35	
	(507)		(373)	
Loss before income taxes	(369)		(231)	
Income tax expense	(4)		(8)	
Loss from continuing operations	(373)		(239)	
Income from discontinued operations, net of tax	38		19	
Net loss	$ (335)		$ (220)	

Revenues. The overall increase in revenues from continuing operations in 2006 compared to 2005 is principally the result of an increase from June 30, 2005 of 343,800 high-speed Internet customers, 194,300 digital video customers and 189,800 telephone customers, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 41,400 analog video customers. Our goal is to increase revenues by improving customer service, which we believe will stabilize our analog video customer base, implementing price increases on certain services and packages and increasing the number of customers who purchase high-speed Internet services, digital video and advanced products and services such as telephone, VOD, high definition television and digital video recorder service.

Average monthly revenue per analog video customer increased to $79.73 for the six months ended June 30, 2006 from $72.47 for the six months ended June 30, 2005 primarily as a result of incremental revenues from advanced services and price increases. Average monthly revenue per analog video customer represents total revenue for the six months ended during the respective period, divided by six, divided by the average number of analog video customers

during the respective period.

Table of Contents

Revenues by service offering were as follows (dollars in millions):

	Six Months Ended June 30,					
	2006		2005		2006 over 2005	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 1,684	62%	$ 1,623	66%	$ 61	4%
High-speed Internet	506	19%	425	17%	81	19%
Telephone	49	2%	14	1%	35	250%
Advertising sales	147	5%	135	5%	12	9%
Commercial	149	6%	128	5%	21	16%
Other	168	6%	156	6%	12	8%
	$ 2,703	100%	$ 2,481	100%	$ 222	9%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $58 million of the increase was the result of price increases and incremental video revenues from existing customers and approximately $24 million was the result of an increase in digital video customers. The increases were offset by decreases of approximately $21 million related to a decrease in analog video customers.

Approximately $73 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet services, whereas approximately $8 million related to the increase in average price of the service.

Revenues from telephone services increased primarily as a result of an increase of 189,800 telephone customers in 2006.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in local advertising sales and a one-time ad buy by a programmer. For the six months ended June 30, 2006 and 2005, we received $10 million and $6 million, respectively, in advertising sales revenues from programmers.

Commercial revenues consist primarily of revenues from video and high-speed Internet services provided to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the six months ended June 30, 2006 and 2005, franchise fees represented approximately 53% of total other revenues. The increase in other revenues was primarily the result of an increase in franchise fees of $5 million, installation revenue of $3 million and wire maintenance fees of $4 million.

Operating expenses. Programming costs represented 62% and 63% of operating expenses for the six months ended June 30, 2006 and 2005, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Six Months Ended June 30,					
	2006		2005		2006 over 2005	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 755	28%	$ 678	27%	$ 77	11%
Service	408	15%	356	15%	52	15%
Advertising sales	52	2%	47	2%	5	11%
	$ 1,215	45%	$ 1,081	44%	$ 134	12%

Programming costs consist primarily of costs paid to programmers for analog, premium, digital channels, VOD and pay-per-view programming. The increase in programming costs was primarily a result of rate increases and increases in digital video customers. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $8 million and $17 million for the six months ended June 30, 2006 and 2005, respectively.

Our cable programming costs have increased in every year we have operated in excess of customary inflationary and cost-of-living increases. We expect them to continue to increase due to a variety of factors, including annual increases imposed by programmers and additional programming being provided to customers as a result of system rebuilds and bandwidth reallocation, both of which increase channel capacity. In 2006, programming costs have increased and we expect will continue to increase at a higher rate than in 2005. These costs will be determined in part on the outcome of programming negotiations in 2006 and may be subject to offsetting events. Our increasing programming costs have resulted in declining operating margins on our video services because we have been unable to pass on all cost increases to our customers. We expect to partially offset the resulting margin compression on our traditional video services with revenue from advanced video services, increased telephone revenues, high-speed Internet revenues, advertising revenues and commercial service revenues.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, costs of providing high-speed Internet service and telephone service, maintenance and pole rent expense. The increase in service costs resulted primarily from increased costs of providing high-speed Internet and telephone service of $16 million, an increase in service personnel salaries and benefits of $14 million, higher fuel and utility prices of $8 million, increased labor and maintenance costs to support improved service levels and our advanced products of $7 million and franchise fees of $5 million. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales expenses increased primarily as a result of increased salary, benefit and commission costs.

Selling, general and administrative expenses. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Six Months Ended June 30,					
	2006		2005		2006 over 2005	
		% of		% of		%

	Expenses	Revenues	Expenses	Revenues	Change	Change
General and administrative	$ 471	17%	$ 418	17%	$ 53	13%
Marketing	80	3%	65	2%	15	23%
	$ 551	20%	$ 483	19%	$ 68	14%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, customer care center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from a rise in salaries and benefits of

$34 million, increases in billing costs of $7 million, computer maintenance of $5 million, bad debt expense of $5 million, telephone expense of $4 million, contractor labor of $3 million and property and casualty insurance of $2 million partially offset by decreases in consulting services of $8 million.

Marketing expenses increased as a result of increased spending in targeted marketing campaigns consistent with management s strategy to increase revenues.

Depreciation and amortization. Depreciation and amortization expense decreased by $40 million for the six months ended June 30, 2006 compared to the six months ended June 30, 2005. The decrease in depreciation was primarily the result of assets becoming fully depreciated.

Asset impairment charges. Asset impairment charges for the six months ended June 30, 2006 and 2005 represent the write-down of assets related to cable asset sales to fair value less costs to sell. See Note 3 to the condensed consolidated financial statements.

Other operating expenses, net. Other operating expenses, net increased $4 million as a result of an $8 million increase in special charges primarily related to severance associated with closing call centers and divisional restructuring and a $4 million decrease related to losses on sales of assets.

Interest expense, net. Net interest expense increased by $80 million, or 20%, for the six months ended June 30, 2006 compared to the six months ended June 30, 2005. The increase in net interest expense was a result of an increase in our average borrowing rate from 7.85% in the six months ended June 30, 2005 to 8.54% in the six months ended June 30, 2006 and an increase of $815 million in average debt outstanding from $10.0 billion for the six months ended June 30, 2005 compared to $10.8 billion for the six months ended June 30, 2006.

Other income (expense), net. Other income decreased $54 million from other income of $35 million for the six months ended June 30, 2005 to other expense of $19 million for the six months ended June 30, 2006 primarily as a result of a $21 million increase in the loss on extinguishment of debt from $6 million for the six months ended June 30, 2005 to $27 million for the six months ended June 30, 2006. See Note 6 to the condensed consolidated financial statements included in this Exchange Offer Prospectus. Other income also decreased as a result of a $15 million decrease in net gains on derivative instruments and hedging activities as a result of decreases in gains on interest rate agreements that do not qualify for hedge accounting under Statement of Financial Accounting Standards (SFAS) No. 133, *Accounting for Derivative Instruments and Hedging Activities.* In addition, the six months ended June 30, 2005 included a $20 million gain on investments for the six months ended June 30, 2005 recognized as a result of a gain realized on an exchange of our interest in an equity investee for an investment in a larger enterprise. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rata share of the profits and losses of CC VIII.

Income tax expense. Income tax expense was recognized through increases in deferred tax liabilities related to our investment in Charter Holdco, as well as through current federal and state income tax expense and increases in the deferred tax liabilities of certain of our indirect corporate subsidiaries. Income tax expense was offset by deferred tax benefits of $21 million and $6 million related to asset impairment charges recorded in the six months ended June 30, 2006 and 2005, respectively.

Income from discontinued operations, net of tax. Income from discontinued operations, net of tax increased from $19 million for the six months ended June 30, 2005 to $38 million for the six months ended June 30, 2006 primarily due to a decrease in depreciation for the six months ended June 30, 2006 as we ceased recognizing depreciation on the West Virginia and Virginia cable systems when we classified them as assets held for sale in the first quarter of 2006.

Net loss. Net loss increased by $115 million, or 52%, for the six months ended June 30, 2006 compared to the six months ended June 30, 2005 as a result of the factors described above.

Table of Contents

Year Ended December 31, 2005, December 31, 2004 and December 31, 2003

The following table sets forth the percentages of revenues that items in the accompanying consolidated statements of operations constitute for the indicated periods (dollars in millions):

	Year Ended December 31,					
	2005		2004		2003	
Revenues	$ 5,033	100%	$ 4,760	100%	$ 4,616	100%
Costs and Expenses:						
Operating (excluding depreciation and amortization)	2,203	44%	1,994	42%	1,873	41%
Selling, general and administrative	1,012	20%	965	20%	909	20%

Cumulative effect of accounting change, net of tax			(840)			
Net loss	$ (425)		$ (3,506)		$ (15)	

Year Ended December 31, 2005 Compared to Year Ended December 31, 2004

Revenues. The overall increase in revenues in 2005 compared to 2004 is principally the result of an increase of 306,000 and 124,600 high-speed Internet customers and digital video customers, respectively, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 79,100 analog video customers and $12 million of credits issued to hurricane Katrina and Rita impacted customers related to service outages. We have restored service to our impacted customers. Included in the reduction in analog video customers and

reducing the increase in digital video and high-speed Internet customers are 26,800 analog video customers, 12,000 digital video customers and 600 high-speed Internet customers sold in the cable system sales in Texas and West Virginia, which closed in July 2005. The cable system sales to Atlantic Broadband Finance, LLC, which closed in March and April 2004 and the cable system sales in Texas and West Virginia, which closed in July 2005 (collectively referred to in this section as the Systems Sales) reduced the increase in revenues by approximately $30 million.

Average monthly revenue per analog video customer increased from $67.37 for the year ended December 31, 2004 to $73.73 for the year ended December 31, 2005 primarily as a result of price increases and incremental revenues from advanced services. Average monthly revenue per analog video customer represents total annual revenue, divided by twelve, divided by the average number of analog video customers during the respective period.

Revenues by service offering were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 3,248	65%	$ 3,217	68%	$ 31	1%
High-speed Internet	875	17%	712	15%	163	23%
Telephone	36	1%	18		18	100%
Advertising sales	284	6%	279	6%	5	2%
Commercial	266	5%	227	5%	39	17%
Other	324	6%	307	6%	17	6%
	$ 5,033	100%	$ 4,760	100%	$ 273	6%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $119 million of the increase in video revenues was the result of price increases and incremental video revenues from existing customers and approximately $18 million was the result of an increase in digital video customers. The increases were offset by decreases of approximately $76 million related to a decrease in analog video customers, approximately $21 million resulting from the System Sales and approximately $9 million of credits issued to hurricanes Katrina and Rita impacted customers related to service outages.

Approximately $135 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet services, whereas approximately $34 million related to the increase in average price of the service. The increase was offset by approximately $3 million of credits issued to hurricanes Katrina and Rita impacted customers related to service outages and $3 million resulting from the System Sales.

Revenues from telephone services increased primarily as a result of an increase of 76,100 telephone customers in 2005.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in local advertising sales and offset by a decline in national advertising sales. In addition, the increase was offset by a decrease of $1 million as a result of the System Sales. For the years ended December 31, 2005 and 2004, we received $15 million and $16 million, respectively, in advertising sales revenues from programmers.

Commercial revenues consist primarily of revenues from cable video and high-speed Internet services provided to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues. The increase was reduced by approximately $3 million as a result of the System Sales.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the years ended December 31, 2005 and 2004, franchise fees represented approximately 54% and 52%, respectively, of total other revenues. The increase in other revenues was primarily the result of an increase in franchise fees of $14 million and installation revenue of $8 million offset by a decrease of $2 million in equipment rental and $2 million in processing fees. In addition, other revenues were offset by approximately $2 million as a result of the System Sales.

Operating expenses. The overall increase in operating expenses was reduced by approximately $12 million as a result of the System Sales. Programming costs were $1.4 billion and $1.3 billion,

representing 62% and 63% of total operating expenses for the years ended December 31, 2005 and 2004, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 1,359	27%	$ 1,264	27%	$ 95	8%
Service	748	15%	638	13%	110	17%
Advertising sales	96	2%	92	2%	4	4%
	$ 2,203	44%	$ 1,994	42%	$ 209	10%

Programming costs consist primarily of costs paid to programmers for analog, premium, digital channels and pay-per-view programming. The increase in programming was a result of price increases, particularly in sports programming, partially offset by a decrease in analog video customers. Additionally, the increase in programming costs was reduced by $9 million as a result of the Systems Sales. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $40 million and $59 million for the year ended December 31, 2005 and 2004, respectively. Programming costs for the year ended December 31, 2004 also include a $5 million reduction related to the settlement of a dispute with TechTV, Inc., a related party. See Note 25 to the accompanying consolidated financial statements contained in Item 8. Financial Statements and Supplementary Data included in this Exchange Offer Prospectus.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, cost of providing high-speed Internet and telephone service, maintenance and pole rental expense. The increase in service costs resulted primarily from increased labor and maintenance costs to support improved service levels and our advanced products, increased costs of providing high-speed Internet and telephone service as a result of the increase in these customers and higher fuel prices. The increase in service costs was reduced by $3 million as a result of the System Sales. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales expenses increased primarily as a result of increased salary, benefit and commission costs.

Selling, general and administrative expenses. The overall increase in selling, general and administrative expenses was reduced by $4 million as a result of the System Sales. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2005		2004		2005 over 2004	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
General and administrative	$ 870	17%	$ 846	18%	$ 24	3%
Marketing	142	3%	119	2%	23	19%
	$ 1,012	20%	$ 965	20%	$ 47	5%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, call center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from increases in salaries and benefits of $24 million and professional fees associated with consulting services of $18 million both related to investments to improve service levels in our customer care centers as well as an increase of $13 million in legal and other professional fees offset by decreases in bad debt expense of $16 million related to a reduction in the use of discounted pricing, property taxes of $5 million, property and casualty insurance of $6 million and the System Sales of $4 million.

Marketing expenses increased as a result of an increased investment in targeted marketing campaigns.

Depreciation and amortization. Depreciation and amortization expense increased by $10 million in 2005. The increase in depreciation is related to an increase in capital expenditures, which was partially offset by lower depreciation as the result of the Systems Sales and certain assets becoming fully depreciated.

Impairment of franchises. We performed an impairment assessment during the third quarter of 2004. The use of lower projected growth rates and the resulting revised estimates of future cash flows in our valuation, primarily as a result of increased competition, led to the recognition of a $2.3 billion impairment charge for the year ended December 31, 2004. Our annual assessment in 2005 did not result in an impairment.

Asset impairment charges. Asset impairment charges for the year ended December 31, 2005 represent the write-down of assets related to cable asset sales to fair value less costs to sell. See Note 4 to the accompanying consolidated financial statements included elsewhere in this Exchange Offer Prospectus.

Other operating (income) expenses, net. Other operating expenses increased $19 million primarily as a result of a $19 million hurricane asset retirement loss recorded in 2005 associated with the write-off of the net book value of assets destroyed by hurricanes Katrina and Rita. This was coupled with a decrease in gain on sale of assets of $92 million primarily as a result of the gain realized on the sale of systems to Atlantic Broadband Finance, LLC which closed in 2004. This was offset by a decrease in special charges of $97 million primarily as a result of a decrease in severance and related costs of our management reduction and realignment in 2004, litigation costs and costs incurred as part of a settlement of the consolidated federal class actions, state derivative actions and federal derivative actions.

Interest expense, net. Net interest expense increased by $132 million, or 18%, for the year ended December 31, 2005 compared to the year ended December 31, 2004. The increase in net interest expense was a result of an increase in our average borrowing rate from 7.38% in the year ended December 31, 2004 to 8.03% in the year ended December 31, 2005 and an increase of $753 million in average debt outstanding from $9.4 billion in 2004 to $10.1 billion in 2005.

Other income, net. Other income increased $28 million primarily as a result of a gain realized on an exchange of our interest in an equity investee for an investment in a larger enterprise which did not occur in 2004 partially offset by a decrease in gains on derivative instruments and hedging activities as a result of decreases in gains on interest rate agreements that do not qualify for hedge accounting under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities.* Other income in 2005 also included losses related to the redemption of our subsidiary s CC V Holdings, LLC, 11.875% notes due 2008. Other income in 2004 included the write-off of deferred financing fees and third party costs related to the Charter Operating refinancing in April 2004. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rate share of the profits and losses of CC VIII.

Income tax benefit (expense). Income tax expense for the year ended December 31, 2005 was recognized through increases in deferred tax liabilities and current federal and state income tax expenses of certain of our indirect corporate subsidiaries. Income tax benefit for the year ended December 31, 2004 was directly related to the impairment of franchises. The deferred tax liabilities of our indirect corporate subsidiaries decreased as a result of the write-down of franchise assets for financial statement purposes. We do not expect to recognize a similar benefit associated with the impairment of franchises in future periods. However, the actual tax provision calculations in future periods will be the result of current and future temporary differences, as well as future operating results.

Income (loss) from discontinued operations, net of tax. Loss from discontinued operations, net of tax decreased from $104 million for the year ended December 31, 2004 to income from discontinued operations, net of tax of $39 million for the year ended December 31, 2005 primarily due to the impairment of franchises recognized in 2004 described above.

Cumulative effect of accounting change, net of tax. Cumulative effect of accounting change of $840 million (net of minority interest effects of $19 million and tax effects of $16 million) in 2004 represents the impairment charge recorded as a result of our adoption of Topic D-108.

Net loss. Net loss decreased by $3.1 billion in 2005 compared to 2004 as a result of the factors described above. The impact to net loss in 2005 of the asset impairment charges and extinguishment of debt was to increase net loss by approximately $45 million. The impact to net loss in 2004 of the impairment of franchises and cumulative effect of accounting change was to increase net loss by approximately $3.0 billion.

Year Ended December 31, 2004 Compared to Year Ended December 31, 2003

Revenues. The overall increase in revenues in 2004 compared to 2003 is principally the result of an increase of 311,600 from December 31, 2003 and 2,300 high-speed Internet customers and digital video customers, respectively, as well as price increases for video and high-speed Internet services, and is offset partially by a decrease of 425,300 analog video customers. Included in the reduction in analog video customers and reducing the increase in digital video and high-speed Internet customers are 230,800 analog video customers, 83,300 digital video customers and 37,800 high-speed Internet customers sold in the cable system sales to Atlantic Broadband Finance, LLC, which closed in March and April 2004 (collectively, with the cable system sale to WaveDivision Holdings, LLC in October 2003, referred to in this section as the Systems Sales). The Systems Sales reduced the increase in revenues by $161 million.

Average monthly revenue per analog video customer increased from $61.84 for the year ended December 31, 2003 to $67.37 for the year ended December 31, 2004 primarily as a result of price increases and incremental revenues from advanced services. Average monthly revenue per analog video customer represents total annual revenue, divided by twelve, divided by the average number of analog video customers during the respective period.

Revenues by service offering were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Revenues	% of Revenues	Revenues	% of Revenues	Change	% Change
Video	$ 3,217	68%	$ 3,306	72%	$ (89)	(3)%
High-speed Internet	712	15%	535	12%	177	33%
Telephone	18		14		4	29%
Advertising sales	279	6%	254	5%	25	10%
Commercial	227	5%	196	4%	31	16%
Other	307	6%	311	7%	(4)	(1)%
	$ 4,760	100%	$ 4,616	100%	$ 144	3%

Video revenues consist primarily of revenues from analog and digital video services provided to our non-commercial customers. Approximately $116 million of the decrease in video revenues was the result of the Systems Sales and approximately an additional $58 million related to a decline in analog video customers. These decreases were offset by increases of approximately $59 million resulting from price increases and incremental video revenues from existing customers and approximately $26 million resulting from an increase in digital video customers.

Approximately $159 million of the increase in revenues from high-speed Internet services provided to our non-commercial customers related to the increase in the average number of customers receiving high-speed Internet services, whereas approximately $31 million related to the increase in average price of the service. The increase in high-speed Internet revenues was reduced by approximately $13 million as a result of the Systems Sales.

127

Revenues from telephone services increased primarily as a result of an increase of 20,500 telephone customers.

Advertising sales revenues consist primarily of revenues from commercial advertising customers, programmers and other vendors. Advertising sales revenues increased primarily as a result of an increase in national advertising campaigns and election related advertising. The increase was offset by a decrease of $7 million as a result of the System Sales. For the years ended December 31, 2004 and 2003, we received $16 million and $15 million, respectively, in advertising revenue from programmers.

Commercial revenues consist primarily of revenues from cable video and high-speed Internet services to our commercial customers. Commercial revenues increased primarily as a result of an increase in commercial high-speed Internet revenues. The increase was reduced by approximately $14 million as a result of the Systems Sales.

Other revenues consist of revenues from franchise fees, equipment rental, customer installations, home shopping, dial-up Internet service, late payment fees, wire maintenance fees and other miscellaneous revenues. For the year ended December 31, 2004 and 2003, franchise fees represented approximately 52% and 50%, respectively, of total other revenues. Approximately $11 million of the decrease in other revenues was the result of the Systems Sales offset by an increase in home shopping and infomercial revenue.

Operating expenses. The overall increase in operating expenses was reduced by approximately $59 million as a result of the System Sales. Programming costs were $1.3 billion and $1.2 billion, representing 63% and 64% of total operating expenses for the years ended December 31, 2004 and 2003, respectively. Key expense components as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
Programming	$ 1,264	27%	$ 1,195	26%	$ 69	6%
Service	638	13%	595	13%	43	7%
Advertising sales	92	2%	83	2%	9	11%
	$ 1,994	42%	$ 1,873	41%	$ 121	6%

Programming costs consist primarily of costs paid to programmers for analog, premium and digital channels and pay-per-view programming. The increase in programming costs was a result of price increases, particularly in sports programming, an increased number of channels carried on our systems, and an increase in digital video customers, partially offset by a decrease in analog video customers. Additionally, the increase in programming costs was reduced by $42 million as a result of the Systems Sales. Programming costs were offset by the amortization of payments received from programmers in support of launches of new channels of $59 million and $63 million for the year ended December 31, 2004 and 2003, respectively. Programming costs for the year ended December 31, 2004 also include a $5 million reduction related to the settlement of a dispute with TechTV, Inc., a related party. See Note 25 to the accompanying consolidated financial statements contained elsewhere in this Exchange Offer Prospectus.

Service costs consist primarily of service personnel salaries and benefits, franchise fees, system utilities, Internet service provider fees, maintenance and pole rental expense. The increase in service costs resulted primarily from additional activity associated with ongoing infrastructure maintenance. The increase in service costs was reduced by $15 million as a result of the System Sales. Advertising sales expenses consist of costs related to traditional advertising services provided to advertising customers, including salaries, benefits and commissions. Advertising sales expenses increased primarily as a result of increased salary, benefit and commission costs. The increase in advertising sales expenses was reduced by $2 million as a result of the System Sales.

128

Selling, general and administrative expenses. The overall increase in selling, general and administrative expenses was reduced by $22 million as a result of the System Sales. Key components of expense as a percentage of revenues were as follows (dollars in millions):

	Year Ended December 31,					
	2004		2003		2004 over 2003	
	Expenses	% of Revenues	Expenses	% of Revenues	Change	% Change
General and administrative	$ 846	17%	$ 806	18%	$ 40	5%
Marketing	119	3%	103	2%	16	16%
	$ 965	20%	$ 909	20%	$ 56	6%

General and administrative expenses consist primarily of salaries and benefits, rent expense, billing costs, call center costs, internal network costs, bad debt expense and property taxes. The increase in general and administrative expenses resulted primarily from increases in costs associated with our commercial business of $21 million, third party call center costs resulting from increased emphasis on customer service of $10 million, bad debt expense of $9 million and costs associated with salaries and benefits of $11 million offset by decreases in and rent expense of $3 million.

Marketing expenses increased as a result of an increased investment in marketing and branding campaigns.

Depreciation and amortization. Depreciation and amortization expense increased by $37 million, or 3%. The increase in depreciation related to an increase in capital expenditures, which was partially offset by lower depreciation as the result of the Systems Sales.

Impairment of franchises. We performed an impairment assessment during the third quarter of 2004. The use of lower projected growth rates and the resulting revised estimates of future cash flows in our valuation, primarily as a result of increased competition, led to the recognition of a $2.3 billion impairment charge for the year ended December 31, 2004.

Other operating (income) expenses, net. Other operating income decreased $59 million primarily as a result of an increase in special charges of $83 million related to severance and related costs of our management reduction and realignment in 2004, litigation costs and costs incurred as part of a settlement of the consolidated federal class actions, state derivative actions and federal derivative actions. This was coupled with a decrease of $67 million in the settlement of estimated liabilities recorded in connection with prior business combinations, which based on current facts and circumstances, are no longer required. This was offset by an increase of $91 million in gain on sale of assets as a result of the gain realized on the sale of systems to Atlantic Broadband Finance, LLC which closed in 2004.

Interest expense, net. Net interest expense increased by $181 million, or 33%, from $545 million for the year ended December 31, 2003 to $726 million for the year ended December 31, 2004. The increase in net interest expense was a result of an increase in our average borrowing rate from 6.00% in the year ended December 31, 2003 to 7.38% in the year ended December 31, 2004 coupled with an increase of $509 million in average debt outstanding from $8.9 billion in 2003 to $9.4 billion in 2004.

Other income, net. Other income increased $44 million primarily as a result of an increase in net gains on derivative instruments and hedging activities as a result of increases in gains on interest rate agreements that do not qualify for hedge accounting under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities.* Other income in 2004 included the write-off of deferred financing fees and third party costs related to the Charter Operating refinancing in April 2004 which did not occur in 2003. Other income also includes the 2% accretion of the preferred membership interests in our indirect subsidiary, CC VIII, and the pro rata share of the profits and losses of

CC VIII.

Income tax benefit (expense). The income tax benefit for the year ended December 31, 2004 was directly related to the impairment of franchises. The deferred tax liabilities of our indirect corporate

subsidiaries decreased as a result of the write-down of franchise assets for financial statement purposes. We do not expect to recognize a similar benefit associated with the impairment of franchises in future periods. However, the actual tax provision calculations in future periods will be the result of current and future temporary differences, as well as future operating results.

The income tax expense recognized in the year ended December 31, 2003 represents increases in the deferred tax liabilities and current federal and state income tax expenses of certain of our indirect corporate subsidiaries.

Income (loss) from discontinued operations, net of tax. Income from discontinued operations, net of tax decreased from $32 million for the year ended December 31, 2003 to loss from discontinued operations, net of tax of $104 million for the year ended December 31, 2005 primarily due to the impairment of franchises recognized in 2004 described above.

Cumulative effect of accounting change, net of tax. Cumulative effect of accounting change of $840 million (net of minority interest effects of $19 million and tax effects of $16 million) in 2004 represents the impairment charge recorded as a result of our adoption of EITF Topic D-108.

Net loss. Net loss increased by $3.5 billion from $15 million in 2003 to $3.5 billion in 2004 as a result of the factors described above. The impact to net loss in 2004 of the impairment of franchises and cumulative effect of accounting change was to increase net loss by approximately $3.0 billion. The impact to net loss in 2003 of the gain on sale of systems and unfavorable contracts and settlements, net of income tax impacts, was to decrease net loss by $93 million.

Liquidity and Capital Resources

Introduction

This section contains a discussion of our liquidity and capital resources, including a discussion of our cash position, sources and uses of cash, access to credit facilities and other financing sources, historical financing activities, cash needs, capital expenditures and outstanding debt.

Recent Financing Transactions

In January 2006, CCH II, LLC and CCH II Capital Corp. issued $450 million of the original notes, the proceeds of which were provided, directly or indirectly, to Charter Operating, which used such funds to reduce borrowings, but not commitments, under the revolving portion of its credit facilities.

In April 2006, Charter Operating completed a $6.85 billion refinancing of its credit facilities including a new $350 million revolving/term facility (which converts to a term loan no later than April 2007), a $5.0 billion term loan due in 2013 and certain amendments to the existing $1.5 billion revolving credit facility. In addition, the refinancing reduced margins on Eurodollar rate Term A & B loans to 2.625% from a weighted average of 3.15% previously and margins on base rate term loans to 1.625% from a weighted average of 2.15% previously. Concurrent with this refinancing, the CCO Holdings bridge loan was terminated.

Our long-term financing as of June 30, 2006 consists of $5.8 billion of credit facility debt and $5.3 billion accreted value of high-yield notes. For the remainder of 2006, none of our debt matures, and in 2007 and 2008, $25 million and $50 million mature, respectively. In 2009 and beyond, significant additional amounts will become due under our remaining long-term debt obligations.

Our business requires significant cash to fund debt service costs, capital expenditures and ongoing operations. We have historically funded these requirements through cash flows from operating activities, borrowings under our credit facilities, equity contributions from our parent companies, sales of assets, issuances of debt securities and cash on hand. However, the mix of funding sources changes from period to period. For the six months ended June 30, 2006, we generated $525 million of net cash flows from operating activities after paying cash interest of $451 million. In addition, we used approximately $539 million for purchases of property, plant and equipment. Finally, we had net cash flows from financing

activities of $69 million. We expect that our mix of sources of funds will continue to change in the future based on overall needs relative to our cash flow and on the availability of funds under our credit facilities, our and our parent companies access to the debt markets, the timing of possible asset sales and our ability to generate cash flows from operating activities. We continue to explore asset dispositions as one of several possible actions that we could take in the future to improve our liquidity, but we do not presently believe unannounced asset sales to be a significant source of liquidity.

We expect that cash on hand, cash flows from operating activities, proceeds from sale of assets and the amounts available under our credit facilities will be adequate to meet our and our parent companies cash needs through 2007. We believe that cash flows from operating activities and amounts available under our credit facilities may not be sufficient to fund our operations and satisfy our and our parent companies interest and principal repayment obligations in 2008 and will not be sufficient to fund such needs in 2009 and beyond. See Risk Factors Risks Related to Our and Our Subsidiaries Significant Indebtedness We may not generate (or, in general, have available to the applicable obligor) sufficient cash flow or access to additional external liquidity sources to fund our capital expenditures, ongoing operations and debt obligations, including our payment obligations under the Convertible Notes and the CCH II Notes, which could have a material adverse effect on you as holders of the Convertible Notes and the CCH II Notes. We have been advised that Charter continues to work with its financial advisors in its approach to addressing liquidity, debt maturities and our overall balance sheet leverage.

Debt Covenants

Our ability to operate depends upon, among other things, our continued access to capital, including credit under the Charter Operating credit facilities. The Charter Operating credit facilities, along with our indentures, contain certain restrictive covenants, some of which require us to maintain specified financial ratios and meet financial tests and to provide annual audited financial statements with an unqualified opinion from our independent auditors. As of June 30, 2006, we are in compliance with the covenants under our indentures and credit facilities, and we expect to remain in compliance with those covenants for the next twelve months. As of June 30, 2006, our potential availability under our credit facilities totaled approximately $900 million, none of which was limited by covenant restrictions. In the past, our actual availability under our credit facilities has been limited by covenant restrictions. There can be no assurance that our actual availability under our credit facilities will not be limited by covenant restrictions in the future. However, pro forma for the closing of the asset sales on July 1, 2006, and the related application of net proceeds to repay amounts outstanding under our revolving credit facilities, potential availability under our credit facilities as of June 30, 2006 would have been approximately $1.7 billion, although actual availability would have been limited to $1.3 billion because of limits imposed by covenant restrictions. Continued access to our credit facilities is subject to our remaining in compliance with these covenants, including covenants tied to our operating performance. If any events of non-compliance occur, funding under the credit facilities may not be available and defaults on some or potentially all of our debt obligations could occur. An event of default under any of our debt instruments could result in the acceleration of our payment obligations under that debt and, under certain circumstances, in cross-defaults under our other debt obligations, which could have a material adverse effect on our consolidated financial condition and results of operations. See Risk Factors Risks Related to Our and Our Subsidiaries Significant Indebtedness Charter Operating may not be able to access funds under its credit facilities if it fails to satisfy the covenant restrictions in its credit facilities, which could adversely affect our financial condition and our ability to conduct our business.

Parent Company Debt Obligations

Any financial or liquidity problems of our parent companies could cause serious disruption to our business and have a material adverse effect on our business and results of operations. A failure by Charter Holdings, CIH or CCH I to satisfy their debt payment obligations or a bankruptcy filing with respect to Charter Holdings, CIH or CCH I would give the lenders under our credit facilities the right to accelerate the payment obligations under these facilities. Any such acceleration would be a default under the

indenture governing our notes. On a consolidated basis, our parent companies have a significant level of debt, which, including our debt, totaled approximately $19.9 billion as of June 30, 2006, as discussed below.

Charter s ability to make interest payments on its convertible senior notes, and, in 2009, to repay the outstanding principal of its convertible senior notes of $ $863 million will depend on its ability to raise additional capital and/or on receipt of payments or distributions from Charter Holdco and its subsidiaries. As of June 30, 2006, Charter Holdco was owed $3 million in intercompany loans from its subsidiaries, which were available to pay interest and principal on Charter s convertible senior notes. In addition, Charter has $74 million of governmental securities pledged as security for the next three scheduled semi-annual interest payments on Charter s 5.875% convertible senior notes.

As of June 30, 2006, Charter Holdings, CIH and CCH I had approximately $7.8 billion principal amount of high-yield notes outstanding with approximately $105 million, $0, $684 million and $7.0 billion maturing in 2007, 2008, 2009 and thereafter, respectively. Charter, Charter Holdings, CIH and CCH I will need to raise additional capital or receive distributions or payments from us in order to satisfy their debt obligations. However, because of their significant indebtedness, our ability and the ability of our parent companies to raise additional capital at reasonable rates or at all is uncertain. During the six months ended June 30, 2006, we distributed $420 million of cash to our parent company.

Distributions by Charter s subsidiaries to a parent company (including Charter, CCHC, Charter Holdco, Charter Holdings, CIH and CCH I) for payment of principal on parent company notes are restricted under the indentures governing the CIH notes, CCH I notes, CCH II Notes, CCO Holdings notes and Charter Operating notes unless there is no default under the applicable indenture, each applicable subsidiary s leverage ratio test is met at the time of such distribution and, in the case of Charter s convertible senior notes, other specified tests are met. For the quarter ended June 30, 2006, there was no default under any of these indentures and each such subsidiary met its applicable leverage ratio tests based on June 30, 2006 financial results. Such distributions would be restricted, however, if any such subsidiary fails to meet these tests at such time. In the past, certain subsidiaries have from time to time failed to meet their leverage ratio test. There can be no assurance that they will satisfy these tests at the time of such distribution. Distributions by Charter Operating for payment of principal on parent company notes are further restricted by the covenants in the credit facilities.

Distributions by CIH, CCH I, CCH II, CCO Holdings and Charter Operating to a parent company for payment of parent company interest are permitted if there is no default under the aforementioned indentures. However, distributions for payment of interest on Charter s convertible senior notes are further limited to when each applicable subsidiary s leverage ratio test is met and other specified tests are met. There can be no assurance that they will satisfy these tests at the time of such distribution.

Distributions to our parent companies may also be subject to certain restrictions under applicable law. See Risks Related to Our and Our Subsidiaries Significant Indebtedness Because of our holding company structure, our outstanding notes are structurally subordinated in right of payment to all liabilities of our subsidiaries. Restriction in our subsidiaries debt instruments and under applicable law limit their ability to provide funds to us. While we believe that we and our parent companies currently have surplus and are not insolvent, there can be no assurance that we and our parent companies will be permitted to make distributions in the future in compliance with these restrictions in amounts needed to service all their indebtedness, including the Convertible Notes.

Specific Limitations at Charter Holdings

The indentures governing the Charter Holdings notes permit Charter Holdings to make distributions to Charter Holdco for payment of interest or principal on the convertible senior notes, only if, after giving effect to the distribution, Charter Holdings can incur additional debt under the leverage ratio of 8.75 to 1.0, there is no default under Charter Holdings indentures and other specified tests are met. For the quarter ended June 30, 2006, there was no default under Charter Holdings indentures and Charter Holdings met its leverage ratio test based on June 30, 2006 financial results. Such distributions would be

restricted, however, if Charter Holdings fails to meet these tests at such time. In the past, Charter Holdings has from time to time failed to meet this leverage ratio test. There can be no assurance that Charter Holdings will satisfy these tests at the time of such distribution. During periods in which distributions are restricted, the indentures governing the Charter Holdings notes permit Charter Holdings and its subsidiaries to make specified investments (that are not restricted payments) in Charter Holdco or Charter up to an amount determined by a formula, as long as there is no default under the indentures.

Our ability to incur additional debt may be limited by the restrictive covenants in our indentures and credit facilities. No assurances can be given that we will not experience liquidity problems if we do not obtain sufficient additional financing on a timely basis as our debt becomes due or because of adverse market conditions, increased competition or other unfavorable events. If, at any time, additional capital or borrowing capacity is required beyond amounts internally generated or available under our credit facilities or through additional debt or equity financings, we would consider:

- issuing equity at a parent company level, the proceeds of which could be loaned or contributed to us;
- issuing debt securities that may have structural or other priority over our existing notes;
- further reducing our expenses and capital expenditures, which may impair our ability to increase revenue;
- selling assets; or
- requesting waivers or amendments with respect to our credit facilities, the availability and terms of which would be subject to market conditions.

If the above strategies are not successful, we could be forced to restructure our obligations or seek protection under the bankruptcy laws. In addition, if we find it necessary to engage in a recapitalization or other similar transaction, our noteholders might not receive principal and interest payments to which they are contractually entitled.

Sale of Assets

In July 2006, we closed the transactions with Cebridge and New Wave for net proceeds of approximately $896 million. We used the net proceeds from the asset sales to repay (but not reduce permanently) amounts outstanding under our revolving credit facility. The transaction with Orange is scheduled to close in the third quarter of 2006.

In July 2005, we closed the sale of certain cable systems in Texas and West Virginia and closed the sale of an additional cable system in Nebraska in October 2005 for a total sales price of approximately $37 million, representing a total of approximately 33,000 customers.

Acquisition

In January 2006, we closed the purchase of certain cable systems in Minnesota from Seren Innovations, Inc. We acquired approximately 17,500 analog video customers, 8,000 digital video customers, 13,200 high-speed Internet customers and 14,500 telephone customers for a total purchase price of approximately $42 million.

Summary of Outstanding Contractual Obligations

The following table summarizes our payment obligations as of December 31, 2005 under our long-term debt and certain other contractual obligations and commitments (dollars in millions).

		Payments by Period			
	Total	**Less than 1 Year**	**1-3 Years**	**3-5 Years**	**More than 5 Years**
Contractual Obligations					
Long-Term Debt Principal Payments(1)	$ 10,629	$ 30	$ 1,024	$ 4,142	$ 5,433
Long-Term Debt Interest Payments(2)	4,231	746	1,478	1,396	611
Payments on Interest Rate Instruments(3)	18	8	10		
Capital and Operating Lease Obligations(1)	94	20	27	23	24
Programming Minimum Commitments(4)	1,253	342	678	233	
Other(5)	301	146	70	42	43
Total	$ 16,526	$ 1,292	$ 3,287	$ 5,836	$ 6,111

(1) The table presents maturities of long-term debt outstanding as of December 31, 2005. Refer to Description of Other Indebtedness and Notes 9 and 22 to our December 31, 2005 consolidated financial statements included in this Exchange Offer Prospectus for a description of our long-term debt and other contractual obligations and commitments.

(2) Interest payments on variable debt are estimated using amounts outstanding at December 31, 2005 and the average implied forward London Interbank Offering Rate (LIBOR) rates applicable for the quarter during the interest rate reset based on the yield curve in effect at December 31, 2005. Actual interest payments will differ based on actual LIBOR rates and actual amounts outstanding for applicable periods.

(3) Represents amounts we will be required to pay under our interest rate hedge agreements estimated using the average implied forward LIBOR rates applicable for the quarter during the interest rate reset based on the yield curve in effect at December 31, 2005.

(4) We pay programming fees under multi-year contracts ranging from three to ten years typically based on a flat fee per customer, which may be fixed for the term or may in some cases, escalate over the term. Programming costs included in the accompanying statements of operations were approximately $1.4 billion, $1.3 billion and $1.2 billion for the years ended December 31, 2005, 2004 and 2003, respectively. Certain of our programming agreements are based on a flat fee per month or have guaranteed minimum payments. The table sets forth the aggregate guaranteed minimum commitments under our programming contracts.

(5) Other represents other guaranteed minimum commitments, which consist primarily of commitments to our billing services vendors.

The following items are not included in the contractual obligations table because the obligations are not fixed and/or determinable due to various factors discussed below. However, we incur these costs as part of our operations:

We also rent utility poles used in our operations. Generally, pole rentals are cancelable on short notice, but we anticipate that such rentals will recur. Rent expense incurred for pole rental attachments related to continuing

operations for the years ended December 31, 2005, 2004 and 2003, was $44 million, $42 million and $38 million, respectively.

We pay franchise fees under multi-year franchise agreements based on a percentage of revenues earned from video service per year. We also pay other franchise related costs, such as public education grants under multi-year agreements. Franchise fees and other franchise-related costs related to continuing operations included in the accompanying statements of operations were

$165 million, $159 million and $157 million for the years ended December 31, 2005, 2004 and 2003, respectively.

We also have $165 million in letters of credit, primarily to our various worker s compensation, property casualty and general liability carriers as collateral for reimbursement of claims. These letters of credit reduce the amount we may borrow under our credit facilities.

Historical Operating, Financing and Investing Activities

Our cash flows include the cash flows related to our discontinued operations for all periods presented.

We held $44 million in cash and cash equivalents as of June 30, 2006 compared to $3 million as of December 31, 2005. For the six months ended June 30, 2006, we generated $525 million of net cash flows from operating activities after paying cash interest of $451 million. In addition, we used approximately $539 million for purchases of property, plant and equipment. Finally, we had net cash flows from financing activities of $69 million.

Operating Activities. Net cash provided by operating activities increased $56 million, or 12%, from $469 million for the six months ended June 30, 2005 to $525 million for the six months ended June 30, 2006. For the six months ended June 30, 2006, net cash provided by operating activities increased primarily as a result of changes in operating assets and liabilities that provided $117 million more cash during the six months ended June 30, 2006 than the corresponding period in 2005 offset with an increase in cash interest expense of $78 million over the corresponding prior period.

Net cash provided by operating activities decreased $125 million, or 12%, from $1.0 billion for the year ended December 31, 2004 to $884 million for the year ended December 31, 2005. For the year ended December 31, 2005, net cash provided by operating activities decreased primarily as a result of an increase in cash interest expense of $128 million over the corresponding prior period.

Net cash provided by operating activities decreased $312 million, or 24%, from $1.3 billion for the year ended December 31, 2003 to $1.0 billion for the year ended December 31, 2004. For the year ended December 31, 2004, net cash provided by operating activities decreased primarily as a result of changes in operating assets and liabilities that used $114 million more cash during the year ended December 31, 2004 than the corresponding period in 2003 and an increase in cash interest expense of $192 million over the corresponding prior period. The change in operating assets and liabilities is primarily the result of the benefit in the year ended December 31, 2003 from collection of receivables from programmers related to network launches, while accounts receivable remained essentially flat in the year ended December 31, 2004.

Investing Activities. Net cash used by investing activities for the six months ended June 30, 2006 and 2005 was $553 million and $472 million, respectively. Investing activities used $81 million more cash during the six months ended June 30, 2006 than the corresponding period in 2005 primarily as a result of increased cash used for capital expenditures in 2006 coupled with cash used for the purchase of cable systems discussed above.

Net cash used in investing activities for the years ended December 31, 2005 and 2004 was $1.0 billion and $191 million, respectively. Investing activities used $827 million more cash during the year ended December 31, 2005 than the corresponding period in 2004 primarily as a result of cash provided by proceeds from the sale of certain cable systems to Atlantic Broadband Finance, LLC in 2004 which did not recur in 2005 combined with increased cash used for capital expenditures.

Net cash used in investing activities for the years ended December 31, 2004 and 2003 was $191 million and $757 million, respectively. Investing activities used $566 million less cash during the year ended December 31, 2004 than the corresponding period in 2003 primarily as a result of cash provided by proceeds from the sale of certain cable systems to Atlantic Broadband Finance, LLC offset by increased cash used for capital expenditures.

Financing Activities. Net cash provided by financing activities was $69 million for the six months ended June 30, 2006 and net cash used in financing activities was $521 million for the six months ended June 30, 2005. The increase in cash provided during the six months ended June 30, 2006 as compared to the corresponding period in 2005, was primarily the result of proceeds from the issuance of debt.

Net cash used in financing activities was $409 million and $357 million for the years ended December 31, 2005 and 2004, respectively. The increase in cash used during the year ended December 31, 2005, as compared to the corresponding period in 2004, was primarily the result of an increase in distributions offset by a decrease in payments for debt issuance costs.

Net cash used in financing activities for the year ended December 31, 2004 and 2003 was $357 million and $789 million, respectively. The decrease in cash used during the year ended December 31, 2004, as compared to the corresponding period in 2003, was primarily the result of an increase in borrowings of long-term debt and proceeds from issuance of debt reduced by repayments of long-term debt.

Capital Expenditures

We have significant ongoing capital expenditure requirements. Capital expenditures were $539 million, $542 million, $1.1 billion, $893 million and $804 million for the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, respectively. Capital expenditures increased as a result of increased spending on customer premise equipment as a result of increases in digital video, high-speed Internet and telephone customers. See the table below for more details.

Our capital expenditures are funded primarily from cash flows from operating activities, the issuance of debt and borrowings under credit facilities. In addition, during the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, our liabilities related to capital expenditures decreased $9 million, increased $48 million and $13 million and decreased $33 million and $41 million, respectively.

During 2006, we expect capital expenditures to be approximately $1.0 billion to $1.1 billion. We expect that the nature of these expenditures will continue to be composed primarily of purchases of customer premise equipment related to telephone and other advanced services, support capital and for scalable infrastructure costs. We expect to fund capital expenditures for 2006 primarily from cash flows from operating activities, proceeds from asset sales and borrowings under our credit facilities.

We have adopted capital expenditure disclosure guidance, which was developed by eleven publicly traded cable system operators, including Charter, with the support of the National Cable & Telecommunications Association (NCTA). The disclosure is intended to provide more consistency in the reporting of operating statistics in capital expenditures and customers among peer companies in the cable industry. These disclosure guidelines are not required disclosure under generally accepted accounting principles (GAAP), nor do they impact our accounting for capital expenditures under GAAP.

The following table presents our major capital expenditures categories in accordance with NCTA disclosure guidelines for the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003 (dollars in millions):

	For the Six Months Ended June 30,		For the Years Ended December 31,		
	2006	2005	2005	2004	2003
Customer premise equipment(a)	$ 258	$ 228	$ 434	$ 451	$ 380
Scalable infrastructure(b)	97	89	174	108	66
Line extensions(c)	59	77	134	131	130
Upgrade/Rebuild(d)	23	22	49	49	132
Support capital(e)	102	126	297	154	96
Total capital expenditures	$ 539	$ 542	$ 1,088	$ 893	$ 804

(a) Customer premise equipment includes costs incurred at the customer residence to secure new customers, revenue units and additional bandwidth revenues. It also includes customer installation costs in accordance with SFAS 51 and customer premise equipment (e.g., set-top boxes and cable modems, etc.).

(b) Scalable infrastructure includes costs, not related to customer premise equipment or our network, to secure growth of new customers, revenue units and additional bandwidth revenues or provide service enhancements (e.g., headend equipment).

(c) Line extensions include network costs associated with entering new service areas (e.g., fiber/coaxial cable, amplifiers, electronic equipment, make-ready and design engineering).

(d) Upgrade/rebuild includes costs to modify or replace existing fiber/coaxial cable networks, including betterments.

(e) Support capital includes costs associated with the replacement or enhancement of non-network assets due to technological and physical obsolescence (e.g., non-network equipment, land, buildings and vehicles).

Interest Rate Risk

We are exposed to various market risks, including fluctuations in interest rates. We use interest rate risk management derivative instruments, such as interest rate swap agreements and interest rate collar agreements (collectively referred to herein as interest rate agreements) as required under the terms of the credit facilities of our subsidiaries. Our policy is to manage interest costs using a mix of fixed and variable rate debt. Using interest rate swap agreements, we agree to exchange, at specified intervals through 2007, the difference between fixed and variable interest amounts calculated by reference to an agreed-upon notional principal amount. Interest rate collar agreements are used to limit our exposure to, and to derive benefits from, interest rate fluctuations on variable rate debt to within a certain range of rates. Interest rate risk management agreements are not held or issued for speculative or trading purposes.

As of June 30, 2006 and December 31, 2005, our long-term debt totaled approximately $11.1 billion and $10.6 billion, respectively. This debt was comprised of approximately $5.8 billion and $5.7 billion of credit facility

debt and $5.3 billion and $4.9 billion accreted amount of high-yield notes, respectively.

As of June 30, 2006 and December 31, 2005, the weighted average interest rate on the credit facility debt was approximately 8.0% and 7.8%, respectively, and the weighted average interest rate on our high-yield notes was approximately 9.2% and 9.0%, respectively, resulting in a blended weighted average interest rate of 8.6% and 8.3%, respectively. The interest rate on approximately 58% of the total principal amount of our debt was effectively fixed, including the effects of our interest rate hedge agreements as of March 31, 2006 and December 31, 2005. The fair value of our high-yield notes was $5.3 billion and

$4.8 billion at March 31, 2006 and December 31, 2005, respectively. The fair value of our credit facilities was $5.8 billion and $5.7 billion at March 31, 2006 and December 31, 2005, respectively. The fair value of high-yield notes is based on quoted market prices and the fair value of the credit facilities is based on dealer quotations.

We do not hold or issue derivative instruments for trading purposes. We do, however, have certain interest rate derivative instruments that have been designated as cash flow hedging instruments. For qualifying hedges, SFAS No. 133 allows derivative gains and losses to offset related results on hedged items in the consolidated statement of operations. We have formally documented, designated and assessed the effectiveness of transactions that receive hedge accounting. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, other income includes gains of $2 million, $1 million, $3 million, $4 million and $8 million, respectively, which represent cash flow hedge ineffectiveness on interest rate hedge agreements arising from differences between the critical terms of the agreements and the related hedged obligations. Changes in the fair value of interest rate agreements designated as hedging instruments of the variability of cash flows associated with floating-rate debt obligations that meet the effectiveness criteria of SFAS No. 133 are reported in accumulated other comprehensive loss. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, a gain of $0 and $9 million, $16 million, $42 million and $48 million, respectively, related to derivative instruments designated as cash flow hedges, was recorded in accumulated other comprehensive loss. The amounts are subsequently reclassified into interest expense as a yield adjustment in the same period in which the related interest on the floating-rate debt obligations affects earnings (losses).

Certain interest rate derivative instruments are not designated as hedges as they do not meet the effectiveness criteria specified by SFAS No. 133. However, management believes such instruments are closely correlated with the respective debt, thus managing associated risk. Interest rate derivative instruments not designated as hedges are marked to fair value, with the impact recorded as other income in our statements of operations. For the six months ended June 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003, other income includes gains of $9 million, $25 million, $47 million, $65 million and $57 million, respectively, for interest rate derivative instruments not designated as hedges.

The table set forth below summarizes the fair values and contract terms of financial instruments subject to interest rate risk maintained by us as of June 30, 2006 (dollars in millions):

	2006	2007	2008	2009	2010	2011	Thereafter	Total	Fair Value at June 30, 2006
Debt:									
Fixed Rate	$	$	$	$	$ 2,051	$	$ 2,670	$ 4,721	$ 4,693
Average Interest Rate					10.25%		8.33%	9.17%	
Variable Rate	$	$ 25	$ 50	$ 50	$ 600	$ 850	$ 4,775	$ 6,350	$ 6,359
Average Interest Rate		8.21%	8.14%	8.22%	9.64%	8.66%	8.39%	8.75%	
Interest Rate Instruments:									
Variable to Fixed Swaps	$ 898	$ 875	$	$	$	$	$	$ 1,773	$ 6
Average Pay Rate	7.70%	7.58%						7.64%	
Average Receive Rate	8.33%	8.31%						8.32%	

The notional amounts of interest rate instruments do not represent amounts exchanged by the parties and, thus, are not a measure of our exposure to credit loss. The amounts exchanged are determined by reference to the notional amount and the other terms of the contracts. The estimated fair value approximates the costs (proceeds) to settle the outstanding contracts. Interest rates on variable debt are estimated using the average implied forward London Interbank Offering Rate (LIBOR) rates for the year of maturity based on the yield curve in effect at June 30, 2006.

At June 30, 2006 and December 31, 2005, we had outstanding $1.8 billion and $1.8 billion and $20 million and $20 million, respectively, in notional amounts of interest rate swaps and collars,

respectively. The notional amounts of interest rate instruments do not represent amounts exchanged by the parties and, thus, are not a measure of exposure to credit loss. The amounts exchanged are determined by reference to the notional amount and the other terms of the contracts.

Recently Issued Accounting Standards

In November 2004, the Financial Accounting Standards Board (FASB) issued SFAS No. 153, *Exchanges of Non-monetary Assets An Amendment of APB No. 29*. This statement eliminates the exception to fair value for exchanges of similar productive assets and replaces it with a general exception for exchange transactions that do not have commercial substance that is, transactions that are not expected to result in significant changes in the cash flows of the reporting entity. We adopted this pronouncement effective April 1, 2005. The exchange transaction discussed in Note 3 to our consolidated financial statements included elsewhere in this Exchange Offer Prospectus, was accounted for under this standard.

In December 2004, the FASB issued the revised SFAS No. 123, *Share-Based Payment*, which addresses the accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company s equity instruments or that may be settled by the issuance of such equity instruments. This statement was effective for us beginning January 1, 2006. Because we adopted the fair value recognition provisions of SFAS No. 123 on January 1, 2003, we do not expect this revised standard to have a material impact on our financial statements.

In March 2005, the FASB issued FASB Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations*. This interpretation clarifies that the term conditional asset retirement obligation as used in FASB Statement No. 143, *Accounting for Asset Retirement Obligations*, refers to a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement are conditional on a future event that may or may not be within the control of the entity. This pronouncement is effective for fiscal years ending after December 15, 2005. The adoption of this interpretation did not have a material impact on our financial statements.

In July 2006, the FASB issued FIN 48, *Accounting for Uncertainty in Income Taxes an Interpretation of FASB Statement No. 109*, which provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position may be recognized only if it is more likely than not that the position is sustainable based on its technical merits. We will adopt FIN 48 effective January 1, 2007. We are currently assessing the impact of FIN 48 on our financial statements.

We do not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on our accompanying financial statements.

Table of Contents

CCHC, LLC, CCH II, LLC AND CCH II CAPITAL CORP.

We are registering 45,000,000 shares of Class A Common Stock and $146,250,000.00 principal amount of CCH II Notes for exchange by CCHC, LLC, CCH II, LLC and CCH II Capital Corp. CCHC is an indirect subsidiary of Charter. CCH II, LLC is a wholly-owned indirect subsidiary of CCHC, and CCH II Capital Corp. is a wholly-owned subsidiary of CCH II, LLC. The Class A Common Stock and the CCH II Notes are being registered to permit the exchange of such securities, as part of the Exchange Consideration, for the outstanding Convertible Notes validly tendered and not validly withdrawn in accordance with the terms of the Exchange Offer.

As of August 9, 2006, CCHC beneficially owned no shares of Class A Common Stock. The Class A Common Stock offered hereby will be contributed to CCHC immediately prior to the settlement. CCHC will hold no shares of Class A Common Stock subsequent to the offering.

CCH II, LLC and CCH II Capital Corp. will issue the CCH II Notes on the Settlement Date.

BACKGROUND OF THE EXCHANGE OFFER

In recent years, we have pursued opportunities to improve our liquidity. Our efforts in this regard have resulted in the completion of a number of financing transactions in 2005 and 2006, as follows:

- the July 2006 sale of cable systems to Cebridge and New Wave for proceeds of approximately $896 million;

- the April 2006 refinancing of our existing credit facilities (see Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter Liquidity and Capital Resources Recent Financing Transactions and Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Liquidity and Capital Resources Recent Financing Transactions included elsewhere in this Exchange Offer Prospectus);

- the January 2006 sale by CCH II of an additional $450 million principal amount of the CCH II Notes;

- the September 2005 exchange by Charter Holdings, CCH I and CIH of approximately $6.8 billion in total principal amount of outstanding debt securities of Charter Holdings in a private placement for new debt securities;

- the August 2005 sale by CCO Holdings and CCO Holdings Capital Corp., of $300 million of $8^3/4$% senior notes due 2013;

- the March and June 2005 issuance of $333 million of Charter Operating notes in exchange for $346 million of Charter Holdings notes;

- the repurchase during 2005 of $136 million of Charter s 4.75% convertible senior notes due 2006 leaving $20 million in principal amount outstanding (which were subsequently redeemed); and

- the March 2005 redemption of all of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 at a total cost of $122 million.

This Exchange Offer and the Private Exchange Offer represent similar opportunities to improve our liquidity by extending maturities and reducing our overall indebtedness. As with the September 2005 exchange offers, the timing of this Exchange Offer and the Private Exchange Offer is based on our ability to incur indebtedness under the financial covenants contained in our various debt instruments and the current trading prices of the subject securities in each offer.

Table of Contents

DESCRIPTION OF THE EXCHANGE OFFER

General

The Exchange Consideration offered per $1,000 principal amount of Convertible Notes validly tendered for exchange and not validly withdrawn on or prior to the Expiration Date consists of:

- $417.75 in cash,
- 100 shares of Charter s Class A Common Stock, and
- $325.00 principal amount of CCH II Notes.

The Exchange Offer is not conditioned on a minimum amount of Convertible Notes being tendered. The Offerors will not accept for exchange more than the Maximum Amount. As a result, if more than the Maximum Amount of Convertible Notes is validly tendered and not validly withdrawn, the Offerors will accept Convertible Notes from each Holder pro rata, based on the total principal amount of Convertible Notes validly tendered and not validly withdrawn.

In addition to the Exchange Consideration the Offerors will pay the accrued interest on the Convertible Notes from and after the last interest payment date (which was May 16, 2006) up to, but not including, the Settlement Date.

The CCH II Notes being offered as part of the Exchange Consideration will be issued under a temporary CUSIP number until the next interest payment date which is expected to be September 15, 2006, at which time it is expected that they will be manditorily merged into the existing CUSIP number of approximately $1.6 billion outstanding principal amount of CCH II Notes. CCH II Notes will be issued only in minimum denominations of $1,000 and integral multiples of $1,000. If, under the terms of the Exchange Offer, any tendering Holder is entitled to receive CCH II Notes in a principal amount that is not an integral multiple of $1,000, the Offerors will round downward the amount of CCH II Notes to the nearest integral multiple of $1,000.

Tendered Convertible Notes may be validly withdrawn at any time up until 11:59 p.m., New York City time, on the Expiration Date. In the event of a termination of the Exchange Offer, Convertible Notes tendered pursuant to the Exchange Offer will be promptly returned to the tendering Holders.

The Offerors obligation to accept for exchange and to pay the related Exchange Consideration is conditioned upon satisfaction of the conditions, including effectiveness of the Registration Settlement as set forth in Description of the Exchange Offer Conditions to the Exchange Offer. As described therein, subject to applicable securities laws and the terms set forth in this Exchange Offer Prospectus, the Offerors reserve the right, prior to the expiration of the Exchange Offer on the Expiration Date:

- to waive any and all conditions to the Exchange Offer;
- to extend the Exchange Offer;
- to terminate the Exchange Offer, but only if any condition to the Exchange Offer is not satisfied (see Conditions to the Exchange Offer); or
- otherwise to amend the Exchange Offer in any respect; however, the Offerors do not currently intend to change the amount of Class A Common Stock offered to more than 134 shares or less than 67 shares per $1,000 principal amount of Convertible Notes.

Any amendment to the Exchange Offer will apply to all Convertible Notes tendered pursuant to the Exchange Offer. Any extension, amendment or termination will be followed promptly by public announcement thereof, the announcement in the case of an extension of the Exchange Offer to be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date. Without limiting the manner in which any public announcement may be made, the Offerors shall have no obligation to publish, advertise or otherwise communicate any such public announcement other than by issuing a release to the Dow Jones News Service.

Table of Contents

If the Offerors make a material change in the terms of the Exchange Offer or the information concerning the Exchange Offer, the Offerors will promptly amend the Exchange Offer materials, disseminate notice of such change to Holders, extend such Exchange Offer to the extent required by law and, if required, promptly file a post-effective amendment to the registration statement relating to the Exchange Offer.

Neither Charter, CCHC, CCH II, their subsidiaries nor their respective Boards of Directors make any recommendation as to whether Holders should exchange their Convertible Notes pursuant to the Exchange Offer or unwind any hedged positions with respect to the Convertible Notes. Holders must make their own decisions with regard to tendering their Convertible Notes.

Accounting Treatment

Charter will consider the fair value of consideration to be issued versus the book value of Convertible Notes tendered and will record the resulting anticipated gain on the transaction on our consolidated statement of operations in the period the transaction closes. CCH II will record the fair value of CCH II Notes issued in long-term debt and will record the fair value of the Convertible Notes received by CCH II as a reduction of member s equity of CCH II. See Unaudited Pro Forma Consolidated Financials.

Purchases of Convertible Notes

The Offerors and their affiliates reserve the right, in their absolute discretion, to purchase or make offers to purchase any Convertible Notes that remain outstanding subsequent to the Expiration Date and, to the extent permitted by applicable law, purchase Convertible Notes in the open market, in privately negotiated transactions or otherwise, but have no current plans to do so. The terms of any such purchases or offers could differ from the terms of the Exchange Offer.

Acceptance of Convertible Notes for Exchange and Payment of Exchange Consideration

Upon the terms and subject to the conditions of the Exchange Offer (including, if the Exchange Offer is extended or amended, the terms and conditions of any such extension or amendment) and applicable law, the Offerors will accept for exchange, and promptly exchange pursuant to the terms and conditions of the Exchange Offer and will pay the Exchange Consideration in respect of, all Convertible Notes validly tendered pursuant to the Exchange Offer (and not validly withdrawn, or if withdrawn, then validly re-tendered). Such payment shall be made by the deposit of the Exchange Consideration by the Offerors promptly after the Expiration Date with the Exchange Agent, which will act as agent for exchanging Holders for the purpose of receiving the Exchange Consideration from the Offerors and transmitting such Exchange Consideration to exchanging Holders. Subject to the terms of this Exchange Offer, the Offerors intend to deposit the Exchange Consideration with the Exchange Agent or to return tendered Convertible Notes, as applicable, on or about the third business day following the Expiration Date. Under no circumstances will interest on the Exchange Consideration, as applicable, be paid by the Offerors by reason of any delay on behalf of the Exchange Agent in making payment. In all cases, payment by the Exchange Agent to Holders or beneficial owners of the Exchange Consideration for Convertible Notes tendered pursuant to the Exchange Offer will be made only after receipt by the Exchange Agent of (1) timely confirmation of a book-entry transfer of such Convertible Notes into the Exchange Agent s account at DTC pursuant to the procedures set forth in the section Procedure for Tendering Convertible Notes, (2) a properly completed and duly executed Letter of Transmittal (or manually signed facsimile thereof) or a properly transmitted Agent s Message (as defined below) through ATOP and (3) any other documents required by the Letter of Transmittal.

For purposes of the Exchange Offer, Convertible Notes tendered will be deemed to have been accepted for tender and payment of Exchange Consideration, if, as and when the Offerors give oral or written notice thereof to the Exchange Agent.

Tendering Holders will not be obligated to pay brokerage fees or commissions to the Dealer Managers, the Information Agent, the Exchange Agent or us, or, except as set forth in Instruction 7 of the Letter of Transmittal, transfer taxes on the payment of the Exchange Consideration.

Optional Settlement Procedure

As described under Description of Capital Stock and Membership Units Share Lending Agreement below, as of June 30, 2006, Charter has loaned to CGML 116.9 million shares of Class A Common Stock to facilitate the placement of the Convertible Notes. To the extent you tender Convertible Notes in the Exchange Offer, and you have entered into a share loan agreement with CGML pursuant to which you have, as of the Acceptance Date of the Exchange Offer, an open borrow position thereunder, you may, at your option, elect the settlement of Class A Common Stock to be issued by Charter as part of the Exchange Consideration through the settlement procedure described below. Any such election may be made:

- if you hold your Convertible Notes in book-entry form through DTC, by instructing your nominee to make such an election on your behalf in accordance with DTC procedures; or
- otherwise, by making such an election in the Letter of Transmittal and delivery of such Letter of Transmittal in accordance with the procedures described under Procedures for Tendering Convertible Notes below.

If you validly make such an election as described above, any Class A Common Stock you are entitled to receive as a component of the Exchange Consideration will be issued by Charter to CGML, or an affiliate, and used, to the extent you have, as of the Acceptance Date, an outstanding obligation to return shares of our Class A Common Stock under the share loan agreement, to satisfy a corresponding portion of such return obligation to CGML. Such share deliveries will be deemed to occur on the Acceptance Date and will be used, on such date, to satisfy your return obligation to CGML. Although it has no obligation to do so, we anticipate that CGML will contemporaneously return such shares to Charter under the Share Lending Agreement on such date. In lieu of actual issuances of shares by Charter to CGML or an affiliate, and return of those shares to CGML under our share loan agreement, CGML and Charter may agree to deem your obligation to deliver those shares to CGML and CGML s obligation to deliver those shares to Charter to be mutually satisfied as of the Acceptance Date.

Procedure for Tendering Convertible Notes

If you wish to participate in the Exchange Offer and your Convertible Notes are held by a custodial entity such as a bank, broker, dealer, trust company or other nominee, you must instruct that custodial entity to tender your Convertible Notes on your behalf pursuant to the procedures of that custodial entity.

To participate in the Exchange Offer, you must either:

- complete, sign and date the Letter of Transmittal, or a facsimile thereof, in accordance with the instructions in the Letter of Transmittal, including guaranteeing the signatures to the Letter of Transmittal, if required, and mail or otherwise deliver the Letter of Transmittal or a facsimile thereof, to the Exchange Agent at one of its addresses listed on the back cover page of this Exchange Offer Prospectus, for receipt on or prior to the Expiration Date; or
- comply with the ATOP procedures for book-entry transfer described below on or prior to the Expiration Date.

The Exchange Agent and DTC have confirmed that the Exchange Offer is eligible for ATOP. The Letter of Transmittal, or a facsimile thereof, with any required signature guarantees, or, in the case of book-entry transfer, an Agent s Message in lieu of the Letter of Transmittal, and any other required documents, must be transmitted to and received by the Exchange Agent on or prior to the Expiration Date at one of its addresses listed on the back cover page of this Exchange Offer Prospectus. Convertible Notes will not be deemed to have been tendered until the Letter of Transmittal and signature guarantees, if any, or Agent s Message, is received by the Exchange Agent.

Table of Contents

The method of delivery of the Letter of Transmittal, and all other required documents to the Exchange Agent is at the election and risk of the Holder. Holders should use an overnight or hand-delivery service, properly insured. In all cases, sufficient time should be allowed to assure delivery to and receipt by the Exchange Agent on or prior to the Expiration Date. Do not send the Letter of Transmittal to anyone other than the Exchange Agent.

If you are tendering your Convertible Notes and anticipate delivering your Letter of Transmittal and other documents other than through DTC, we urge you to contact promptly a bank, broker or other intermediary that has the capability to hold the Convertible Notes custodially through DTC to arrange for receipt of the Exchange Consideration and to obtain the information necessary to provide the required DTC participant with account information in the Letter of Transmittal.

Book-Entry Delivery Procedures for Tendering Convertible Notes Held with DTC

If you wish to tender Convertible Notes held on your behalf by a nominee with DTC, you must:

- inform your nominee of your interest in tendering your Convertible Notes pursuant to the Exchange Offer; and
- instruct your nominee to tender all Convertible Notes you wish to be tendered in the Exchange Offer into the Exchange Agent s account at DTC on or prior to the Expiration Date.

Any financial institution that is a nominee in DTC, including Euroclear and Clearstream, must tender Convertible Notes by effecting a book-entry transfer of Convertible Notes to be tendered in the Exchange Offer into the account of the Exchange Agent at DTC by electronically transmitting its acceptance of the Exchange Offer through the ATOP procedures for transfer. DTC will then verify the acceptance, execute a book-entry delivery to the Exchange Agent s account at DTC and send an Agent s Message to the Exchange Agent. An Agent s Message is a message, transmitted by DTC to, and received by, the Exchange Agent and forming part of a book-entry confirmation, which states that DTC has received an express acknowledgement from an organization that participates in DTC, which the Offerors refer to as a participant, tendering Convertible Notes that the participant has received and agrees to be bound by the terms of the Letter of Transmittal and that the Offerors may enforce the agreement against the participant. A Letter of Transmittal need not accompany tenders effected through ATOP.

Proper Execution and Delivery of the Letter of Transmittal

Signatures on a Letter of Transmittal or notice of withdrawal described under Withdrawal of Tendered Convertible Notes, as applicable, must be guaranteed by an eligible guarantor institution unless the Convertible Notes tendered pursuant to the Letter of Transmittal are tendered for the account of an eligible guarantor institution. An eligible guarantor institution is one of the following firms or other entities identified in Rule 17Ad-15 under the Exchange Act (as the terms are used in Rule 17Ad-15):

(1) a bank;

(2) a broker, dealer, municipal securities dealer, municipal securities broker, government securities dealer or government securities broker;

(3) a credit union;

(4) a national securities exchange, registered securities association or clearing agency; or

(5) a savings institution that is a participant in a Securities Transfer Association recognized program.

If signatures on a Letter of Transmittal or notice of withdrawal are required to be guaranteed, that guarantee must be made by an eligible guarantor institution.

If the Letter of Transmittal is signed by the Holders of Convertible Notes tendered thereby, the signatures must correspond with the names as written on the face of the Convertible Notes without any

alteration, enlargement or any change whatsoever. If any of the Convertible Notes tendered thereby are held by two or more Holders, each of those Holders must sign the Letter of Transmittal. If any of the Convertible Notes tendered thereby are registered in different names on different Convertible Notes, it will be necessary to complete, sign and submit as many separate Letters of Transmittal, and any accompanying documents, as there are different registrations of certificates.

If Convertible Notes that are not tendered for exchange pursuant to the Exchange Offer are to be returned to a person other than the tendering holder, certificates for those Convertible Notes must be endorsed or accompanied by an appropriate instrument of transfer, signed exactly as the name of the registered owner appears on the certificates, with the signatures on the certificates or instruments of transfer guaranteed by an eligible institution.

If the Letter of Transmittal is signed by a person other than the Holder of any Convertible Notes listed in the Letter of Transmittal, those Convertible Notes must be properly endorsed or accompanied by a properly completed bond power, signed by the Holder exactly as the Holder s name appears on those Convertible Notes. If the Letter of Transmittal or any Convertible Notes, bond powers or other instruments of transfer are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should so indicate when signing, and, unless waived by us, evidence satisfactory to us of their authority to so act must be submitted with the Letter of Transmittal.

No conditional, irregular or contingent tenders will be accepted. By executing the Letter of Transmittal, or facsimile thereof, the tendering Holders of Convertible Notes waive any right to receive any notice of the acceptance for exchange of their Convertible Notes. Tendering Holders should indicate in the applicable box in the Letter of Transmittal the name and address to which payments or substitute certificates evidencing Convertible Notes for amounts not tendered or not exchanged are to be issued or sent, if different from the name and address of the person signing the Letter of Transmittal. If those instructions are not given, Convertible Notes not tendered or exchanged will be returned to the tendering Holder.

Determination of Validity

All questions as to the validity, form, eligibility, including time of receipt, and acceptance and withdrawal of tendered Convertible Notes, will be determined by the Offerors in their absolute discretion, which determination will be final and binding. The Offerors reserve the absolute right to reject any and all tendered Convertible Notes determined by the Offerors not to be in proper form or not to be tendered properly or any tendered Convertible Notes the acceptance of which by the Offerors would, in the opinion of their counsel, be unlawful. The Offerors also reserve the right to waive, in their absolute discretion, any defects or irregularities of tender as to particular Convertible Notes, whether or not waived in the case of other Convertible Notes. The Offerors interpretation of the terms of the Exchange Offer, including the terms and instructions in the Letter of Transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Convertible Notes must be cured within the time the Offerors determine. Although the Offerors intend to notify Holders of defects or irregularities with respect to tenders of Convertible Notes, neither the Offerors, the Exchange Agent, the Information Agent, the Dealer Managers nor any other person will be under any duty to give that notification or incur any liability for failure to give that notification. Tenders of Convertible Notes will not be deemed to have been made until any defects or irregularities have been cured or waived.

Any Holder whose Convertible Notes have been mutilated, lost, stolen or destroyed will be responsible for obtaining replacement securities or for arranging for indemnification with the trustee of the Convertible Notes. Holders may contact the Information Agent for assistance with these matters.

Withdrawal of Tendered Convertible Notes

Convertible Notes previously tendered may be withdrawn at any time up until 11:59 p.m., New York City time, on the Expiration Date. In the event of a termination of the Exchange Offer, the Convertible

Notes tendered pursuant to the Exchange Offer will be promptly returned to the tendering Holders. In addition, even after the Expiration Date, if the Offerors have not accepted for payment any validly tendered Convertible Notes, such Convertible Notes may be withdrawn 60 days after commencement of the Exchange Offer.

For a withdrawal of tendered Convertible Notes to be effective, a written, telegraphic or facsimile transmission notice of withdrawal must be received by the Exchange Agent on or prior to 11:59 p.m., New York City time, on the Expiration Date at its address set forth on the back cover of this Exchange Offer Prospectus. Any such notice of withdrawal must:

specify the name of the person who tendered the Convertible Notes to be withdrawn;

contain the description of the Convertible Notes to be withdrawn and the aggregate principal amount represented by such Convertible Notes; and

be signed by the Holder of such Convertible Notes in the same manner as the original signature on the Letter of Transmittal by which such Convertible Notes were tendered (including any required signature guarantees), if any, or be accompanied by (x) documents of transfer sufficient to have the Trustee register the transfer of the Convertible Notes to the name of the person withdrawing such Convertible Notes and (y) a properly completed irrevocable proxy that authorized such person to effect such revocation on behalf of such Holder.

If the Convertible Notes to be withdrawn have been delivered or otherwise identified to the Exchange Agent, a signed notice of withdrawal is effective immediately upon written or facsimile notice of withdrawal even if physical release is not yet effected. Any Convertible Notes validly withdrawn will be deemed to be not validly tendered for purposes of the Exchange Offer.

Withdrawal of Convertible Notes can be accomplished only in accordance with the foregoing procedures.

All questions as to the validity (including time of receipt) of notices of withdrawal will be determined by the Offerors in their sole discretion, and their determination shall be final and binding. None of the Offerors, the Exchange Agent, the Dealer Managers, the Information Agent, the Trustee or any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal, or incur any liability for failure to give any such notification.

Backup Withholding

To prevent United States federal income tax backup withholding, each tendering Holder of Convertible Notes that is a United States person generally must provide the Exchange Agent with such Holder s correct taxpayer identification number and certify that such Holder is not subject to United States federal income tax backup withholding by completing the Substitute Form W-9 included in the Letter of Transmittal. Each tendering Holder of Convertible Notes that is not a United States person generally will be subject to a 30% withholding tax unless such Holder provides the Exchange Agent with an applicable Form W-8BEN or W-8ECI to demonstrate exemption from withholding or a reduced rate of withholding. For a discussion of the material United States federal income tax consequences relating to backup withholding, see Certain U.S. Federal Income Tax Consequences.

Conditions to the Exchange Offer

Notwithstanding any other provision of the Exchange Offer and in addition to (and not in limitation of) the Offerors right to extend and/or amend the Exchange Offer, the Offerors and their affiliates shall not be required to accept for exchange pursuant to the Exchange Offer, pay Exchange Consideration in respect of, and may delay the acceptance for tender and payment of Exchange Consideration in respect of, any Convertible Notes tendered pursuant to the Exchange Offer, in each event subject to Rule 14e-l(c)

under the Exchange Act, and may terminate the Exchange Offer, if the registration statement has not been declared effective by the SEC by the Expiration Date or if any of the following have occurred:

(1) the Offerors and their affiliates are not in compliance, after taking into account the effects of the Exchange Offer, the Private Exchange Offer and other relevant events, with the covenants and other restrictions contained in the agreements governing our indebtedness and other obligations, excluding any actions or omissions by the Offerors that are intended to allow the Offerors to assert this condition;

(2) there shall have been instituted, threatened or be pending any action or proceeding (or there shall have been any material adverse development to any action or proceeding currently instituted, threatened or pending) before or by any court, governmental, regulatory or administrative agency or instrumentality, or by any other person, in connection with the Exchange Offer that, in the Offerors reasonable judgment, either (a) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets or liabilities of Charter and its subsidiaries, taken as a whole, or (b) would or might prohibit, prevent, restrict or delay consummation of the Exchange Offer;

(3) an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental, regulatory or administrative agency or instrumentality that, in the Offerors reasonable judgment, either (a) is, or is reasonably likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets or liabilities of Charter and its subsidiaries, taken as a whole, or (b) would or might prohibit, prevent, restrict or delay consummation of the Exchange Offer;

(4) there shall have occurred or be likely to occur any event affecting the business or financial affairs of Charter that, in the Offerors reasonable judgment, would or might prohibit, prevent, restrict or delay consummation of the Exchange Offer;

(5) the Trustee shall have objected in any respect to, or taken action that could, in the Offerors reasonable judgment, adversely affect the consummation of, the Exchange Offer or shall have taken any action that challenges the validity or effectiveness of the procedures used by us in the making of the Exchange Offer or the acceptance for exchange of, or payment of Exchange Consideration in respect of, Convertible Notes tendered pursuant to the Exchange Offer; or

(6) there has occurred (a) any general suspension of, or limitation on prices for, trading in securities in the United States securities or financial markets, (b) any decline of more than 10% in the price of the Convertible Notes since the date of commencement of the Exchange Offer, (c) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States or other major financial markets, (d) any limitation (whether or not mandatory) by any government or governmental, administrative or regulatory authority or agency, domestic or foreign, or other event that, in the Offerors reasonable judgment, might affect the extension of credit by banks or other lending institutions, (e) a commencement of a war or armed hostilities or other national or international calamity directly or indirectly involving the United States or (f) in the case of any of the foregoing existing on the date hereof, a material acceleration or worsening thereof.

The foregoing conditions are for the sole benefit of the Offerors and may be asserted by the Offerors regardless of the circumstances giving rise to any such condition and may be waived by the Offerors, in whole or in part, at any time and from time to time, in their sole discretion. Notwithstanding the previous sentence, unless the Exchange Offer is terminated, all conditions to the Exchange Offer will be either satisfied or waived by the Offerors prior to the Expiration Date. The failure by the Offerors at any time to exercise any of the foregoing rights will not be deemed a waiver of any other right, and each right will be deemed an ongoing right which may be asserted at any time and from time to time, but only prior to 11:59 p.m., New York City time, on the Expiration Date.

We currently do not anticipate extending the Expiration Date beyond September 8, 2006.

BUSINESS

For a chart showing our ownership structure, see page 3. The data included in this Business section does not take into account the effect of the sale of various assets to Cebridge described under Summary Recent Events Assets Sales unless otherwise noted.

Overview

We are a broadband communications company operating in the United States, with approximately 6.17 million customers at June 30, 2006. Through our broadband network of coaxial and fiber optic cable, we offer our customers traditional cable video programming (analog and digital, which we refer to as video service), high-speed Internet access, advanced broadband cable services (such as video on demand (VOD), high definition television service and interactive television) and, in some of our markets, telephone service. See Products and Services for further description of these terms, including customers.

At June 30, 2006, we served approximately 5.88 million analog video customers, of which approximately 2.89 million were also digital video customers. We also served approximately 2.38 million high-speed Internet customers (including approximately 272,500 who received only high-speed Internet services). We also provided telephone service to approximately 257,600 customers (including approximately 24,100 who received telephone service only).

At June 30, 2006, Charter s investment in cable properties, long-term debt and total shareholder s deficit was $14.7 billion, $19.9 billion and $5.8 billion, respectively. Charter s working capital deficit was $152 million at June 30, 2006. For the six months ended June 30, 2006, Charter s revenues from continuing operations and net loss were approximately $2.7 billion and $841 million, respectively.

At June 30, 2006, CCH II s investment in cable properties, long-term debt and total member s equity was $14.6 billion, $11.1 billion and $2.6 billion, respectively. CCH II s working capital deficit was $33 million at June 30, 2006. For the six months ended June 30, 2006, CCH II s revenues from continuing operations and net loss were approximately $2.7 billion and $335 million, respectively.

We have a history of net losses. Further, we expect to continue to report net losses for the foreseeable future. Our net losses are principally attributable to insufficient revenue to cover the combination of operating costs and interest costs we incur because of our high level of debt and the depreciation expenses that we incur resulting from the capital investments we have made in our cable properties. We expect that these expenses will remain significant, and we therefore expect to continue to report net losses for the foreseeable future.

CCH II is wholly-owned by its parent, CCH I, and indirectly owned by Charter. Charter was organized as a Delaware corporation in 1999 and completed an initial public offering of its Class A Common Stock in November 1999. Charter is a holding company whose principal assets are, for accounting purposes, an approximate 48% equity interest and a 100% voting interest in Charter Holdco, the direct parent of CCHC which is the direct parent of Charter Holdings. Charter also holds certain preferred equity and indebtedness of Charter Holdco that mirror the terms of securities issued by Charter. Charter s only business is to act as the sole manager of Charter Holdco and its subsidiaries. As sole manager, Charter controls the affairs of Charter Holdco and most of its subsidiaries. Certain of our subsidiaries commenced operations under the Charter Communications name in 1994, and our growth through 2001 was primarily due to acquisitions and business combinations. We do not expect to make any significant acquisitions in the foreseeable future, but plan to evaluate opportunities to consolidate our operations through exchanges of cable systems with other cable operators, as they arise. We may also sell certain assets from time to time. See Summary Recent Events Assets Sales. Paul G. Allen owns 44% of Charter Holdco through affiliated entities. His membership units are convertible at any time for shares of the Class A Common Stock on a one-for-one basis. Paul G. Allen controls Charter with an as-converted common equity interest of approximately 47% and a voting control interest of 90% as of June 30, 2006.

Business Strategy

Our strategy is to leverage the capacity and the capabilities of our broadband network to become the premier provider of in-home entertainment and communications services in the communities we serve. By offering excellent value and variety to our customers through creative product bundles, strategic pricing and packaging of all our products and services, our goal is to increase profitable revenues that will enable us to maximize return on our invested capital.

Building on the foundation established throughout 2005, in 2006 we will strive toward:

- improving the end-to-end customer experience and increasing customer loyalty;
- growing sales and retention for all our products and services; and
- driving operating and capital effectiveness.

The Customer Experience

Providing superior customer service is an essential element of our fundamental business strategy. We strive to continually improve the end-to-end customer experience and increase customer loyalty by effectively managing our customer care contact centers in alignment with technical operations. We are seeking to instill a customer-service-oriented culture throughout the organization and will continue to focus on excellence by pursuing further improvements in customer service, technical operations, sales and marketing.

We are dedicated to fostering strong relationships and making not only financial investments, but the investment of time and effort to strengthen the communities we serve. We have developed programs and initiatives that provide valuable television time to groups and organizations over our cable networks.

Sales and Retention

Providing desirable products and services and investing in profitable marketing programs are major components of our sales strategy. Bundling services, combining two or more services for one discounted price, is fundamental to our marketing strategy. We believe that combining our products into bundled offerings provides value to our customers that distinguishes us from the competition. We believe bundled offerings increase penetration of all our products and services and improves customer retention and perception. Through targeted marketing of bundled services, we will pursue growth in our customer base and improvements in customer satisfaction. Targeted marketing also promotes the appropriate matching of services with customer needs leading to improved retention of existing customers and lower bad debt expense.

Expanding telephone service to additional markets and achieving increased telephone service penetration will be a high priority in 2006 and will be important to revenue growth. We plan to add enhancements to our high-speed Internet service to provide customers the best possible Internet experience. Our digital video platform enables us to provide customers advanced video products and services such as VOD, high-definition television and digital video recorder (DVR) service. We will also continue to explore additional product and service offerings to complement and enhance our existing offerings and generate profitable revenue growth.

In addition to the focus on our primary residential customer base, we will strive to expand the marketing of our video and high-speed Internet services to the business community and introduce telephone service, which we believe has growth potential.

Operating and Capital Effectiveness

We plan to further capitalize on initiatives launched during 2005 to continue to drive operating and capital effectiveness. Specifically, additional improvements in work force management will enhance the efficient operation of our customer care centers and technical operations functions. We will continue to

place the highest priority for capital spending on revenue-generating initiatives such as telephone deployment.

With over 92% of our homes passed having bandwidth of 550 megahertz or higher, we believe our broadband network provides the infrastructure to deliver the products and services today s consumer desires. See Our Network Technology. In 2005 we invested in programs and initiatives to improve all aspects of operations, and going forward we will seek to capitalize on that solid foundation. We plan to leverage both our broadband network and prior investments in operational efficiencies to generate profitable revenue growth.

Through our targeted marketing strategy, we plan to meet the needs of our current customers and potential customers with desirable, value-based offerings. We will seek to capitalize on the capabilities of our broadband network in order to bring innovative products and services to the marketplace. Our employees are dedicated to our customer-first philosophy, and we will strive to support their continued professional growth and development, providing the right tools and training necessary to accomplish our goals. We believe our strategy differentiates us from the competition and plan to enhance our ability to continue to grow our broadband operations in the communities we serve.

We continue to pursue opportunities to improve our liquidity. Our efforts in this regard have resulted in the completion of a number of transactions in 2005 and 2006, as follows:

- the July 2006 sale of cable systems to Cebridge and New Wave for proceeds of approximately $896 million;

- the April 2006 refinancing of our existing credit facilities (see Management s Discussion and Analysis of Financial Condition and Results of Operations of Charter Liquidity and Capital Resources Recent Financing Transactions and Management s Discussion and Analysis of Financial Condition and Results of Operations of CCH II, LLC Liquidity and Capital Resources Recent Financing Transactions included elsewhere in this Exchange Offer Prospectus;

- the January 2006 sale by CCH II of an additional $450 million principal amount of CCH II Notes;

- the September 2005 exchange by Charter Holdings, CCH I and CCH I Holdings, LLC (CIH), of approximately $6.8 billion in total principal amount of outstanding debt securities of Charter Holdings in a private placement for new debt securities;

- the August 2005 sale by our subsidiaries, CCO Holdings, LLC (CCO Holdings) and CCO Holdings Capital Corp., of $300 million of $8^{3}/4$% senior notes due 2013;

- the March and June 2005 issuance of $333 million of Charter Operating notes in exchange for $346 million of Charter Holdings notes;

- the repurchase during 2005 of $136 million of Charter s 4.75% convertible senior notes due 2006 leaving $20 million in principal amount outstanding; and

- the March 2005 redemption of all of CC V Holdings, LLC s outstanding 11.875% senior discount notes due 2008 at a total cost of $122 million.

Charter Background

In 1998, Mr. Allen acquired approximately 99% of the non-voting economic interests in Marcus Cable, which owned various operating subsidiaries that served approximately 1.1 million customers. Thereafter, in December 1998, Mr. Allen acquired, through a series of transactions, approximately 94% of the equity interests of CII, which controlled various operating subsidiaries that serviced approximately 1.2 million customers.

In March and April of 1999, Mr. Allen acquired the remaining interests in Marcus Cable and, through a series of transactions, combined the Marcus companies with the Charter companies. As a

consequence, the former operating subsidiaries of Marcus Cable and all of the cable systems they owned came under the ownership of Charter Holdings.

In July 1999, Charter was formed as a wholly owned subsidiary of CII, and in November 1999, Charter completed its initial public offering.

During 1999 and 2000, Charter completed 16 cable system acquisitions for a total purchase price of $14.7 billion including $9.1 billion in cash, $3.3 billion of assumed debt, $1.9 billion of equity interests issued and Charter cable systems valued at $420 million. These transactions resulted in a net total increase of approximately 3.9 million customers as of their respective dates of acquisition.

In February 2001, Charter entered into several agreements with AT&T Broadband, LLC involving several strategic cable system transactions that resulted in a net addition of customers for our systems. In the AT&T transactions, which closed in June 2001, Charter acquired cable systems from AT&T Broadband, LLC serving approximately 551,000 customers for a total of $1.74 billion consisting of $1.71 billion in cash and a Charter cable system valued at $25 million. In 2001, Charter also acquired all of the outstanding stock of Cable USA, Inc. and the assets of certain of its related affiliates in exchange for consideration valued at $100 million (consisting of Series A Preferred Stock with a face amount of $55 million and the remainder in cash and assumed debt).

During 2002, Charter purchased additional cable systems in Illinois serving approximately 28,000 customers, for a total cash purchase price of approximately $63 million.

In 2003 and 2004, Charter sold certain non-core cable systems serving approximately 264,100 customers in Florida, Pennsylvania, Maryland, Delaware, West Virginia and Washington for an aggregate consideration of approximately $826 million.

Products and Services

We offer our customers traditional cable video programming (analog and digital) and in some areas advanced broadband services such as high definition television, VOD and interactive television as well as high-speed Internet services. We sell our video programming and high-speed Internet services on a subscription basis, with prices and related charges, that vary primarily based on the types of service selected, whether the services are sold as a bundle versus on an á la carte basis, and the equipment necessary to receive the services, with some variation in prices depending on geographic location. In addition, we offer telephone service to a portion of our homes passed.

The following table summarizes our customer statistics for analog and digital video, residential high-speed Internet, and residential telephone as of June 30, 2006 and 2005:

	Approximate as of	
	June 30, 2006(a)	**June 30, 2005(a)**
Cable Video Services:		
Analog Video:		
Residential (non-bulk) analog video customers(b)	5,600,300	5,683,400
Multi-dwelling (bulk) and commercial unit customers(c)	275,800	259,700
Total analog video customers(b)(c)	5,876,100	5,943,100
Digital Video:		
Digital video customers(d)	2,889,000	2,685,600
Non-Video Cable Services:		
Residential high-speed Internet customers(e)	2,375,100	2,022,200
Residential telephone customers(f)	257,600	67,800

(a) Customers include all persons our corporate billing records show as receiving service (regardless of their payment status), except for complimentary accounts (such as our employees). At June 30, 2006 and 2005, customers include approximately 55,900 and 45,100 persons whose accounts were over 60 days past due in payment, approximately 14,300 and 8,200 persons whose accounts were over 90 days past due in payment and approximately 8,900 and 4,500 of which were over 120 days past due in payment, respectively.

(b) Analog video customers include all customers who receive video services (including those who also purchase high-speed Internet and telephone services) but excludes approximately 296,500 and 248,400 customers at June 30, 2006 and 2005, respectively, who receive high-speed Internet service only or telephone service only and who are only counted as high-speed Internet customers or telephone customers.

(c) Included within video customers are those in commercial and multi-dwelling structures, which are calculated on an equivalent bulk unit (EBU) basis. EBU is calculated for a system by dividing the bulk price charged to accounts in an area by the most prevalent price charged to non-bulk residential customers in that market for the comparable tier of service. The EBU method of estimating analog video customers is consistent with the methodology used in determining costs paid to programmers and has been used consistently. As we increase our effective analog prices to residential customers without a corresponding increase in the prices charged to commercial service or multi-dwelling customers, our EBU count will decline even if there is no real loss in commercial service or multi-dwelling customers.

(d) Digital video customers include all households that have one or more digital set-top boxes. Included in digital video customers on June 30, 2006 and 2005 are approximately 8,400 and 9,700 customers, respectively, that receive digital video service directly through satellite transmission.

(e) Residential high-speed Internet customers represent those customers who subscribe to our high-speed Internet service.

(f) Residential telephone customers include all households receiving telephone service.

Video Services

Our video service offerings include the following:

Basic Analog Video. All of our video customers receive a package of basic programming which generally consists of local broadcast television, local community programming, including governmental and public access, and limited satellite-delivered or non-broadcast channels, such as weather, shopping and religious services. Our basic channel line-up generally has between 15 and 30 channels.

Expanded Basic Video. This expanded programming level includes a package of satellite-delivered or non-broadcast channels and generally has between 30 and 50 channels in addition to the basic channel line-up.

Premium Channels. These channels provide commercial-free movies, sports and other special event entertainment programming. Although we offer subscriptions to premium channels on an individual basis, we offer an increasing number of premium channel packages and we offer premium channels with our advanced services.

Pay-Per-View. These channels allow customers to pay on a per event basis to view a single showing of a recently released movie, a one-time special sporting event, music concert or similar event on a commercial-free basis.

Digital Video. We offer digital video service to our customers in several different service combination packages. All of our digital packages include a digital set-top box, an interactive electronic programming guide, an expanded menu of pay-per-view channels and the option to also receive digital packages which range from 8 to 30 additional video channels. We also offer our

customers certain digital packages with one or more premium channels that give customers access to several different versions of the same premium channel. Some digital tier packages focus on the interests of a particular customer demographic and emphasize, for example, sports, movies, family or ethnic programming. In addition to video programming, digital video service enables customers to receive our advanced services such as VOD and high definition television. Other digital packages bundle digital television with our advanced services, such as high-speed Internet services.

Video on Demand and Subscription Video on Demand. We offer VOD service, which allows customers to access hundreds of movies and other programming at any time with digital picture quality. In some systems we also offer subscription VOD (SVOD) for a monthly fee or included in a digital tier premium channel subscription.

High Definition Television. High definition television offers our digital customers video programming at a higher resolution than the standard analog or digital video image.

Digital Video Recorder. DVR service enables customers to digitally record programming and to pause and rewind live programming.

High-Speed Internet Services

We offer high-speed Internet services to our residential and commercial customers primarily via cable modems attached to personal computers. We generally offer our high-speed Internet service as Charter High-Speed Internet™. We also offer traditional dial-up Internet access in a very limited number of our markets.

We ended the second quarter of 2006 with 21% penetration of high-speed Internet homes passed, up from 18% penetration of high-speed Internet homes passed at June 30, 2005. This gave us an annual percentage increase in high-speed Internet customers of 17% and an increase in high-speed Internet revenues of 19% in the six months ended June 30, 2006 compared to the six months ended June 30, 2005.

Telephone Services

We provide voice communications services using voice over Internet protocol, or VoIP, to transmit digital voice signals over our systems. At June 30, 2006, telephone service was available to approximately 4.7 million homes passed, and we were marketing to approximately 92% of those homes. We will continue to prepare additional markets for telephone launches in 2006 and expect to have 6 to 8 million homes passed by the end of 2006.

Commercial Services

We offer integrated network solutions to commercial and institutional customers. These solutions include high-speed Internet and video services. In addition, we offer high-speed Internet services to small businesses. We will continue to expand the marketing of our video and high-speed Internet services to the business community and intend to introduce telephone services.

Sale of Advertising

We receive revenues from the sale of local advertising on satellite-delivered networks such as MTV®, CNN® and ESPN®. In any particular market, we generally insert local advertising on up to 48 channels. We also provide cross-channel advertising to some programmers.

From time to time, certain of our vendors, including programmers and equipment vendors, have purchased advertising from us. For the six months ended June 30, 2006 and the years ending December 31, 2005, 2004 and 2003, we had advertising revenues from programmers of approximately $10 million, $15 million, $16 million and $15 million, respectively. These revenues resulted from purchases at market rates pursuant to binding agreements.

Pricing of Our Products and Services

Our revenues are derived principally from the monthly fees our customers pay for the services we offer. A one-time installation fee, which is sometimes waived or discounted during certain promotional periods, is charged to new customers. The prices we charge vary based on the level of service the customer chooses and the geographic market. Most of our pricing is reviewed and adjusted on an annual basis.

In accordance with the Federal Communications Commission s (FCC) rules, the prices we charge for cable-related equipment, such as set-top boxes and remote control devices, and for installation services are based on actual costs plus a permitted rate of return.

Although our cable service offerings vary across the markets we serve because of various factors including competition and regulatory factors, our services, when offered on a stand-alone basis, are typically offered at monthly price ranges, excluding franchise fees and other taxes, as follows:

Service		Price Range as of June 30, 2006
Analog video packages	$	6.38 - $ 58.00
Premium channels	$	10.00 - $ 15.00
Pay-per-view events	$	2.99 - $179.00
Digital video packages (including high-speed Internet service for higher tiers)	$	34.00 - $172.99
High-speed Internet service	$	21.95 - $ 59.99
Video on demand (per selection)	$	0.99 - $ 29.99
High definition television	$	3.00 - $ 10.99
Digital video recorder (DVR)	$	9.99 - $ 14.99

In addition, from time to time we offer free service or reduced-price service during promotional periods in order to attract new customers. There is no assurance that these customers will remain as customers when the period of free service expires.

Our Network Technology

The following table sets forth the technological capacity of our systems as of June 30, 2006 based on a percentage of homes passed:

Less than 550 megahertz	550 megahertz	750 megahertz	860/870 megahertz	Two-way Enabled
8%	5%	40%	47%	87%

Approximately 92% of our homes passed are served by systems that have bandwidth of 550 megahertz or greater. This bandwidth capacity enables us to offer digital television, high-speed Internet services and other advanced services. It also enables us to offer up to 82 analog channels, and even more channels when our bandwidth is used for digital signal transmissions. Our increased bandwidth also permits two-way communication for Internet access, interactive services and telephone services.

We have reduced the number of headends that serve our customers from 1,138 at January 1, 2001 to 711 at June 30, 2006. Because headends are the control centers of a cable system, where incoming signals are amplified, converted, processed and combined for transmission to the customer, reducing the number of headends reduces related equipment, service personnel and maintenance expenditures. We believe that the headend consolidation, together with our other upgrades, allows us to provide enhanced picture quality and greater system reliability. As of June 30, 2006, approximately 86% of our customers were served by headends serving at least 10,000 customers.

As of June 30, 2006, our cable systems consisted of approximately 223,000 strand miles, including approximately 59,400 strand miles of fiber optic cable, passing approximately 12.6 million households and serving approximately 6.2 million customers.

We adopted the hybrid fiber coaxial cable (HFC) architecture as the standard for our systems upgrades. HFC architecture combines the use of fiber optic cable with coaxial cable. Fiber optic cable is a communication medium that uses glass fibers to transmit signals over long distances with minimum signal loss or distortion. Fiber optic cable has excellent broadband frequency characteristics, noise immunity and physical durability and can carry hundreds of video, data and voice channels over extended distances. Coaxial cable is less expensive but requires a more extensive signal amplification in order to obtain the desired transmission levels for delivering channels. In most systems, we deliver our signals via fiber optic cable from the headend to a group of nodes, and use coaxial cable to deliver the signal from individual nodes to the homes passed served by that node. Our system design enables a maximum of 500 homes passed to be served by a single node. Currently, our average node serves approximately 385 homes passed. Our system design provides for six strands of fiber to each node, with two strands activated and four strands reserved for spares and future services. The design also provides reserve capacity for the addition of future services.

The primary advantages of HFC architecture over traditional coaxial-only cable networks include:

- increased bandwidth capacity, for more channels and other services;
- dedicated bandwidth for two-way services, which avoids reverse signal interference problems that can occur with two-way communication capability; and
- improved picture quality and service reliability.

We currently maintain a national network operations center to monitor our data networks and to further our strategy of providing high quality service. Centralized monitoring is increasingly important as we increase the number of high-speed Internet customers utilizing two-way high-speed Internet service. Our local dispatch centers focus primarily on monitoring the HFC plant.

Management of Our Systems

Many of the functions associated with our financial and administrative management are centralized, including accounting, cash management, billing, finance and acquisitions, payroll, accounts payable and benefits administration, information system design and support, internal audit, purchasing, customer care, marketing, programming contract administration and Internet service, network and circuits administration. We operate with four divisions. Each division is supported by operational, financial, customer care, marketing and engineering functions.

Customer Care

Our customer care centers are managed centrally by Corporate Vice Presidents of Customer Care. This team oversees and administers the deployment and execution of care strategies and initiatives on a company-wide basis. We have 36 customer service locations, including 14 regional contact centers that serve our customers. This reflects a substantial consolidation of our customer care facilities. We believe that this consolidation will continue to allow us to improve the consistency of our service delivery and customer satisfaction.

Specifically, through this consolidation, we are now able to service our customers 24 hours a day, seven days a week and utilize technologically advanced equipment that we believe enhances interactions with our customers through more intelligent call routing, data management, and forecasting and scheduling capabilities. We believe this consolidation also allows us to more effectively provide our customer care specialists with ongoing training intended to improve complaint resolution, equipment troubleshooting, sales of new and additional services, and customer retention.

We believe that, despite our consolidation, we still need to make improvements in the area of customer care, and that this has, in part, led to a continued loss of customers. Accordingly, we have begun an internal operational improvement initiative aimed at helping us gain new customers and retain existing customers, which is focused on customer care, among other areas. We have increased our efforts to focus

management attention on instilling a customer service oriented culture throughout the company and to give those areas of our operations increased priority of resources for staffing levels, training budgets and financial incentives for employee performance in those areas.

In a further effort to better serve our customers, we have also entered into outsource partnership agreements with multiple outsource providers. We believe the establishment of these relationships expands our ability to achieve our service objectives and increases our ability to support marketing activities by providing additional capacity available to support customer inquiries.

We also utilize our website to enhance customer care by enabling customers to view and pay their bills online, obtain useful information and perform various equipment troubleshooting procedures. We also offer chat and email functionality on-line to our customers.

Sales and Marketing

Our marketing infrastructure is intended to promote interaction, information flow and sharing of best practices between our corporate office and our field offices, which make local decisions as to when and how marketing programs will be implemented. In 2005, our primary strategic direction was focused on eliminating aggressive promotional pricing and implementing targeted marketing programs designed to offer the optimal combination of products to the most appropriate consumers to accelerate the growth of profitable revenues.

In 2005, we increased our targeted marketing efforts and related expenditures, the long-term objective of which is to increase revenues through deeper market penetration of all of our services and increase the average number of services per household. Marketing expenditures from continuing operations increased 23% to $80 million for the six months ended June 30, 2006, as compared to the six months ended June 30, 2005. Marketing expenditures from continuing operations increased 19% over the year ended December 31, 2004 to $142 million for the year ended December 31, 2005. We will continue to invest in targeted marketing efforts in 2006.

We monitor customer perception, competition, pricing and product preferences, among other factors, to increase our responsiveness to our customers. Our coordinated marketing strategies include door-to-door solicitation, telemarketing, media advertising, e-marketing, direct mail solicitation and retail locations. In 2005, we increased our focus on marketing and selling our services through consumer electronics retailers and other retailers that sell televisions or cable modems.

Programming

General

We believe that offering a wide variety of programming is an important factor that influences a customer s decision to subscribe to and retain our cable services. We rely on market research, customer demographics and local programming preferences to determine channel offerings in each of our markets. We obtain basic and premium programming from a number of suppliers, usually pursuant to a written contract. Our programming contracts generally continue for a fixed period of time, usually from three to ten years, and are subject to negotiated renewal. Some program suppliers offer financial incentives to support the launch of a channel and/or ongoing marketing support. We also negotiate volume discount pricing structures. Programming costs are usually payable each month based on calculations performed by us and are subject to audits by the programmers.

Costs

Programming is usually made available to us for a license fee, which is generally paid based on the number of customers to whom we make such programming available. Such license fees may include volume discounts available for higher numbers of customers, as well as discounts for channel placement or service penetration. Some channels are available without cost to us for a limited period of time, after

which we pay for the programming. For home shopping channels, we receive a percentage of the revenue attributable to our customers purchases.

Our cable programming costs have increased, in every year we have operated, in excess of customary inflationary and cost-of-living type increases. We expect them to continue to increase due to a variety of factors, including annual increases imposed by programmers and additional programming being provided to customers as a result of system rebuilds and bandwidth reallocation, both of which increase channel capacity. In particular, sports programming costs have increased significantly over the past several years. In addition, contracts to purchase sports programming sometimes provide for optional additional programming to be available on a surcharge basis during the term of the contract.

Over the past several years, we have not been able to increase prices sufficiently to offset increased programming costs and with the impact of competition and other marketplace factors, we will not be able to do so in the foreseeable future. In order to maintain or mitigate reductions of margins despite increasing programming costs, we plan to continue to migrate certain program services from our analog level of service to our digital tiers. As we migrate our programming to our digital tier packages, certain programming that was previously available to all of our customers via an analog signal, may be part of an elective digital tier package. As a result, the customer base upon which we pay programming fees will proportionately decrease, and the overall expense for providing that service would likewise decrease. Reductions in the size of certain programming customer bases may result in the loss of specific volume discount benefits.

As measured by programming costs, and excluding premium services (substantially all of which were renegotiated and renewed in 2003), as of July 7, 2006 approximately 11% of our current programming contracts were expired, and approximately another 4% are scheduled to expire by the end of 2006. We plan to seek to renegotiate the terms of our agreements with certain programmers as these agreements come due for renewal. There can be no assurance that these agreements will be renewed on favorable or comparable terms. To the extent that we are unable to reach agreement with certain programmers on terms that we believe are reasonable, we may be forced to remove such programming channels from our line-up, which may result in a loss of customers. In addition, our inability to fully pass these programming cost increases on to our customers has had an adverse impact on our cash flow and operating margins.

Franchises

As of June 30, 2006, our systems operated pursuant to a total of approximately 4,100 franchises, permits and similar authorizations issued by local and state governmental authorities. Each franchise, permit or similar authorization is awarded by a governmental authority and such governmental authority often must approve a transfer to another party. Most franchises are subject to termination proceedings in the event of a material breach. In addition, most franchises require us to pay the granting authority a franchise fee of up to 5.0% of gross revenues as defined in the various agreements, which is the maximum amount that may be charged under the applicable federal law. We are entitled to and generally do pass this fee through to the customer.

Prior to the scheduled expiration of most franchises, we initiate renewal proceedings with the granting authorities. This process can take three years but in some instances can take a shorter period of time. The Communications Act of 1934, as amended (the Communications Act), which is the primary federal statute regulating interstate communications, provides for an orderly franchise renewal process in which granting authorities may not unreasonably withhold renewals. In connection with the franchise renewal process, many governmental authorities require the cable operator to make certain commitments. Historically we have been able to renew our franchises without incurring significant costs, although any particular franchise may not be renewed on commercially favorable terms or otherwise. Our failure to obtain renewals of our franchises, especially those in the major metropolitan areas where we have the most customers, could have a material adverse effect on our consolidated financial condition, results of operations or our liquidity, including our ability to comply with our debt covenants. Approximately 12% of our franchises, covering approximately 13% of our analog video customers, were expired as of June 30,

2006. Approximately 4% of additional franchises, covering approximately 6% of additional analog video customers, will expire on or before December 31, 2006, if not renewed prior to expiration. We do not expect the granting authorities to deny our right to renew substantially all of these franchises.

Different legislative proposals have been introduced in the United States Congress and in some state legislatures that would greatly streamline cable franchising. This legislation is intended to facilitate entry by new competitors, particularly local telephone companies. Such legislation has passed in a number of states in which we have operations and one of these newly enacted statutes is subject to court challenge. Although various legislative proposals provide some regulatory relief for incumbent cable operators, these proposals are generally viewed as being more favorable to new entrants due to a number of varying factors including efforts to withhold streamlined cable franchising from incumbents until after the expiration of their existing franchises and the potential for new entrants to serve only higher-income areas of a particular community. To the extent incumbent cable operators are not able to avail themselves of this streamlined franchising process, such operators may continue to be subject to more onerous franchise requirements at the local level than new entrants. The FCC recently initiated a proceeding to determine whether local franchising authorities are impeding the deployment of competitive cable services through unreasonable franchising requirements and whether any such impediments should be preempted. At this time, we are not able to determine what impact such proceeding may have on us.

Competition

We face competition in the areas of price, service offerings, and service reliability. We compete with other providers of television signals and other sources of home entertainment. In addition, as we continue to expand into additional services such as high-speed Internet access and telephone, we face competition from other providers of each type of service. We operate in a very competitive business environment, which can adversely affect our business and operations.

In terms of competition for customers, we view ourselves as a member of the broadband communications industry, which encompasses multi-channel video for television and related broadband services, such as high-speed Internet, telephone and other interactive video services. In the broadband industry, our principal competitor for video services throughout our territory is direct broadcast satellite (DBS), our principal competitor for data services is digital subscriber line (DSL) provided by telephone companies and our principal competitors for telephone services are established telephone companies and other carriers, including VoIP providers. Based on telephone companies entry into video service and the upgrade of their networks, they will likely increasingly become an even more significant competitor for both data and video services. We do not consider other cable operators to be significant one-on-one competitors in the market overall, as traditional overbuilds are infrequent and spotty geographically (although in any particular market, a cable operator overbuilder would likely be a significant competitor at the local level). As of June 30, 2006, we are aware of traditional overbuild situations in service areas covering approximately 8% of our total homes passed and potential overbuilds in areas servicing approximately an additional 5% of our total homes passed.

Although cable operators tend not to be direct competitors for customers, their relative size may affect the competitive landscape in terms of how a cable company competes against non-cable competitors in the marketplace as well as in relationships with vendors who deal with cable operators. For example, a larger cable operator might have better access to and pricing for the multiple types of services cable companies offer. Also, a larger entity might have different access to financial resources and acquisition opportunities.

Our key competitors include:

DBS

Direct broadcast satellite is a significant competitor to cable systems. The DBS industry has grown rapidly over the last several years and now serves more than 27 million subscribers nationwide. DBS service allows the subscriber to receive video services directly via satellite using a relatively small dish

antenna. EchoStar and DirecTV both have entered into joint marketing agreements with major telecommunications companies to offer bundled packages combining phone, data and video services.

Video compression technology and high powered satellites allow DBS providers to offer more than 200 digital channels from a single satellite, thereby surpassing the typical analog cable system. In 2005, major DBS competitors offered a greater variety of channel packages, and were especially competitive at the lower end pricing, such as a monthly price of approximately $35 for 60 channels compared to approximately $45 for the closest comparable package in most of our markets. In addition, while we continue to believe that the initial investment by a DBS customer exceeds that of a cable customer, the initial equipment cost for DBS has decreased substantially, as the DBS providers have aggressively marketed offers to new customers of incentives for discounted or free equipment, installation and multiple units. DBS providers are able to offer service nationwide and are able to establish a national image and branding with standardized offerings, which together with their ability to avoid franchise fees of up to 5% of revenues and property tax, leads to greater efficiencies and lower costs in the lower tiers of service. We believe that cable-delivered VOD and SVOD service are superior to DBS service because cable headends can store thousands of titles which customers can access and control independently, whereas DBS technology can only make available a much smaller number of titles with DVR-like customer control. We also believe that our higher tier products, particularly our bundled premium packages, are price-competitive with DBS packages and that many consumers prefer our ability to economically bundle video packages with data packages. Further, cable providers have the potential in some areas to provide a more complete whole house communications package when combining video, high-speed Internet and telephone services. We believe that this ability to bundle, combined with the introduction of more new products that DBS cannot readily offer (local high definition television and local interactive television) differentiates us from DBS competitors and could enable us to win back some of our former customers who migrated to satellite. However, joint marketing arrangements between DBS providers and telecommunications carriers allow similar bundling of services in certain areas and DBS providers are making investments to offer more high definition programming including local high definition programming. Competition from DBS service providers may also present greater challenges in areas of lower population density, and we believe that our systems serve a higher concentration of such areas than those of other major cable service providers.

DBS providers have made attempts at widespread deployment of high-speed Internet access services via satellite but those services have been technically constrained and of limited appeal. DBS providers continue to explore options, such as combining satellite communications with terrestrial wireless networks, to provide high-speed Internet and other services. DBS providers have entered into joint marketing arrangements with telecommunications carriers allowing them to offer terrestrial DSL services in many markets.

DSL and Other Broadband Services

DSL service allows Internet access to subscribers at data transmission speeds greater than those available over conventional telephone lines. DSL service therefore is competitive with high-speed Internet access over cable systems. Most telephone companies which already have plant, an existing customer base, and other operational functions in place (such as, billing, service personnel, etc.) offer DSL service. DSL actively markets its service and many providers have offered promotional pricing with a one-year service agreement. The FCC has determined that DSL service is an information service, and based on that classification removed DSL service from many traditional telecommunications regulations. Legislative action and the FCC s decisions and policies in this area are subject to change. We expect DSL to remain a significant competitor to our data services, particularly as we enter the telephone business and telephone companies aggressively bundle DSL with telephone service to discourage customers from switching. In addition, the continuing deployment of fiber by telephone companies into their networks will enable them to provide higher bandwidth Internet service than provided over traditional DSL lines.

DSL and other forms of high-speed Internet access provide competition to our high-speed Internet service. For example, as discussed above, satellite-based delivery options are in development. In addition, local wireless Internet services have recently begun to operate in many markets using available unlicensed

radio spectrum. This service option, popularly known as wi-fi , offers another alternative to cable-based Internet access.

High-speed Internet access facilitates the streaming of video into homes and businesses. As the quality and availability of video streaming over the Internet improves, video streaming likely will compete with the traditional delivery of video programming services over cable systems. It is possible that programming suppliers will consider bypassing cable operators and market their services directly to the consumer through video streaming over the Internet.

We believe that pricing for residential and commercial Internet services on our system is generally comparable to that for similar DSL services and that some residential customers prefer our ability to bundle Internet services with video services. However, DSL providers may currently be in a better position to offer data services to businesses since their networks tend to be more complete in commercial areas. They also have the ability to bundle telephone with Internet services for a higher percentage of their customers, and that ability is appealing to many consumers. Joint marketing arrangements between DSL providers and DBS providers may allow some additional bundling of services. Moreover, major telephone companies, such as AT&T and Verizon, are now deploying fiber deep into their networks that enables them in some areas to offer high bandwidth video services over their networks, in addition to established voice and Internet services.

Telephone Companies and Utilities

The competitive environment has been significantly affected by technological developments and regulatory changes enacted under the 1996 Telecom Act, which amended the Communications Act and which is designed to enhance competition in the cable television and local telephone markets (the 1996 Telecom Act). Federal cross-ownership restrictions historically limited entry by local telephone companies into the cable business. The 1996 Telecom Act modified this cross-ownership restriction, making it possible for local exchange carriers, who have considerable resources, to provide a wide variety of video services competitive with services offered by cable systems.

Telephone companies already provide facilities for the transmission and distribution of voice and data services, including Internet services, in competition with our existing or potential interactive services ventures and businesses. Telephone companies can lawfully enter the cable television business and some telephone companies have been extensively deploying fiber in their networks, which enables them to provide video services, as well as telephone and Internet access service. At least one major telephone company plans to provide Internet protocol video over its upgraded network and contends that its use of this technology should allow it to provide video service without a cable franchise as required under Title VI of the Communications Act. Telephone companies deploying fiber more extensively are already providing video services in some communities. Although telephone companies have obtained franchises or alternative authorizations in some areas and are seeking them in others, they are attempting through various means (including federal and state legislation and through FCC rulemaking) to weaken or streamline the franchising requirements applicable to them. If telephone companies are successful in avoiding or weakening the franchise and other regulatory requirements that are applicable to cable operators like us, their competitive posture would be enhanced. We cannot predict the likelihood of success of the broadband services offered by our competitors or the impact on us of such competitive ventures. The large scale entry of major telephone companies as direct competitors in the video marketplace could adversely affect the profitability and valuation of established cable systems.

We provide telephone service over our broadband communications networks in a number of its service areas. We also provide traditional circuit-switched phone service in a few communities. In these areas, we compete directly with established telephone companies and other carriers, including VoIP providers, for voice service customers. As we expand our offerings to include voice services, we will be subject to considerable competition from telephone companies and other telecommunications providers. The telecommunications industry is highly competitive and includes competitors with greater financial and personnel resources, who have brand name recognition and long-standing relationships with regulatory

authorities and customers. Moreover, mergers, joint ventures and alliances among franchise, wireless or private cable operators, local exchange carriers and others may result in providers capable of offering cable television, Internet, and telecommunications services in direct competition with us. For example, major local exchange carriers have entered into arrangements with EchoStar and DirecTV in which they will market packages combining phone service, DSL and DBS services.

Additionally, we are subject to competition from utilities which possess fiber optic transmission lines capable of transmitting signals with minimal signal distortion. Utilities are also developing broadband over power line technology, which will allow the provision of Internet and other broadband services to homes and offices. Utilities have deployed broadband over power line technology in a few limited markets.

Broadcast Television

Cable television has long competed with broadcast television, which consists of television signals that the viewer is able to receive without charge using an off-air antenna. The extent of such competition is dependent upon the quality and quantity of broadcast signals available through off-air reception compared to the services provided by the local cable system. Traditionally, cable television has provided a higher picture quality and more channel offerings than broadcast television. However, the recent licensing of digital spectrum by the FCC will provide traditional broadcasters with the ability to deliver high definition television pictures and multiple digital-quality program streams, as well as advanced digital services such as subscription video and data transmission.

Traditional Overbuilds

Cable systems are operated under non-exclusive franchises granted by local authorities. More than one cable system may legally be built in the same area. It is possible that a franchising authority might grant a second franchise to another cable operator and that such a franchise might contain terms and conditions more favorable than those afforded us. In addition, entities willing to establish an open video system, under which they offer unaffiliated programmers non-discriminatory access to a portion of the system s cable system, may be able to avoid local franchising requirements. Well financed businesses from outside the cable industry, such as public utilities that already possess fiber optic and other transmission lines in the areas they serve, may over time become competitors. There are a number of cities that have constructed their own cable systems, in a manner similar to city-provided utility services. There also has been interest in traditional overbuilds by private companies. Constructing a competing cable system is a capital intensive process which involves a high degree of risk. We believe that in order to be successful, a competitor s overbuild would need to be able to serve the homes and businesses in the overbuilt area on a more cost-effective basis than we can. Any such overbuild operation would require either significant access to capital or access to facilities already in place that are capable of delivering cable television programming.

As of June 30, 2006, we are aware of overbuild situations impacting approximately 8% of our total homes passed and potential overbuild situations in areas servicing approximately an additional 5% of our total homes passed. Additional overbuild situations may occur in other systems.

Private Cable

Additional competition is posed by satellite master antenna television systems, or SMATV systems, serving multiple dwelling units, or MDUs, such as condominiums, apartment complexes, and private residential communities. These private cable systems may enter into exclusive agreements with such MDUs, which may preclude operators of franchise systems from serving residents of such private complexes. Private cable systems can offer both improved reception of local television stations and many of the same satellite-delivered program services that are offered by cable systems. SMATV systems currently benefit from operating advantages not available to franchised cable systems, including fewer regulatory burdens and no requirement to service low density or economically depressed communities. Exemption from regulation may provide a competitive advantage to certain of our current and potential competitors.

Wireless Distribution

Cable systems also compete with wireless program distribution services such as multi-channel multipoint distribution systems or wireless cable, known as MMDS, which uses low-power microwave frequencies to transmit television programming over-the-air to paying customers. MMDS services, however, require unobstructed line of sight transmission paths and MMDS ventures have been quite limited to date.

The FCC completed its auction of Multichannel Video Distribution & Data Service (MVDDS) licenses. MVDDS is a new terrestrial video and data fixed wireless service that the FCC hopes will spur competition in the cable and DBS industries.

Properties

Our principal physical assets consist of cable distribution plant and equipment, including signal receiving, encoding and decoding devices, headend reception facilities, distribution systems and customer drop equipment for each of our cable systems.

Our cable plant and related equipment are generally attached to utility poles under pole rental agreements with local public utilities and telephone companies, and in certain locations are buried in underground ducts or trenches. We own or lease real property for signal reception sites and own most of our service vehicles.

Historically, our subsidiaries have owned the real property and buildings for our data centers, customer contact centers and our divisional administrative offices. Since early 2003 we have reduced our total real estate portfolio square footage by approximately 17% and have decreased our operating annual lease costs by approximately 30%. In addition, Charter has sold $15 million worth of surplus land and buildings. We plan to continue to reduce costs and excess capacity in this area through consolidation of sites within our system footprints. Our subsidiaries generally have leased space for business offices throughout our operating divisions. Our headend and tower locations are located on owned or leased parcels of land, and we generally own the towers on which our equipment is located. Charter Holdco owns the real property and building for our principal executive offices.

The physical components of our cable systems require maintenance as well as periodic upgrades to support the new services and products we introduce. See Our Network Technology. We believe that our properties are generally in good operating condition and are suitable for our business operations.

Employees

As of June 30, 2006, we had approximately 16,100 full-time equivalent employees. At June 30, 2006, approximately 100 of our employees were represented by collective bargaining agreements. We have never experienced a work stoppage.

The corporate office, which includes employees of Charter and Charter Holdco, is responsible for coordinating and overseeing our operations. The corporate office performs certain financial and administrative functions on a centralized basis such as accounting, taxes, billing, finance and acquisitions, payroll and benefit administration, information system design and support, internal audit, purchasing, customer care, marketing and programming contract administration and oversight and coordination of external auditors and consultants and related professional fees. The corporate office performs these services on a cost reimbursement basis pursuant to a management services agreement. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Intercompany Management Arrangements and Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Mutual Services Agreements.

Legal Proceedings

Other Litigation

Charter is a party to lawsuits and claims that have arisen in the ordinary course of conducting its business. The ultimate outcome of all of these legal matters pending against us or our subsidiaries cannot be predicted, and although such lawsuits and claims are not expected individually to have a material adverse effect on our consolidated financial condition, results of operations or liquidity, such lawsuits could have, in the aggregate, a material adverse effect on our consolidated financial condition, results of operations or liquidity.

Table of Contents

REGULATION AND LEGISLATION

The following summary addresses the key regulatory and legislative developments affecting the cable industry. Cable system operations are extensively regulated by the FCC, some state governments and most local governments. A failure to comply with these regulations could subject us to substantial penalties. Our business can be dramatically impacted by changes to the existing regulatory framework, whether triggered by legislative, administrative, or judicial rulings. Congress and the FCC have expressed a particular interest in increasing competition in the communications field generally and in the cable television field specifically. The 1996 Telecom Act, which amended the Communications Act, altered the regulatory structure governing the nation s communications providers. It removed barriers to competition in both the cable television market and the local telephone market. At the same time, the FCC has pursued spectrum licensing options designed to increase competition to the cable industry by wireless multi-channel video programming distributors. We could be materially disadvantaged in the future if we are subject to new regulations that do not equally impact our key competitors.

Congress and the FCC have frequently revisited the subject of communications regulation, and they are likely to do so in the future. In addition, franchise agreements with local governments must be periodically renewed, and new operating terms may be imposed. Future legislative, regulatory, or judicial changes could adversely affect our operations. We can provide no assurance that the already extensive regulation of our business will not be expanded in the future.

Cable Rate Regulation

The cable industry has operated under a federal rate regulation regime for more than a decade. The regulations currently restrict the prices that cable systems charge for the minimum level of video programming service, referred to as basic service, and associated equipment. All other cable offerings are now universally exempt from rate regulation. Although basic rate regulation operates pursuant to a federal formula, local governments, commonly referred to as local franchising authorities, are primarily responsible for administering this regulation. The majority of our local franchising authorities have never been certified to regulate basic cable rates, but they retain the right to do so (and order rate reductions and refunds), except in those specific communities facing effective competition, as defined under federal law. With increased DBS competition, our systems are increasingly likely to satisfy the effective competition standard. We have already secured FCC recognition of effective competition, and been rate deregulated, in many of our communities.

There have been frequent calls to impose expanded rate regulation on the cable industry. Confronted with rapidly increasing cable programming costs, it is possible that Congress may adopt new constraints on the retail pricing or packaging of cable programming. For example, there has been considerable legislative and regulatory interest in requiring cable operators to offer historically bundled programming services on an á la carte basis or to at least offer a separately available child-friendly Family Tier. Such constraints could adversely affect our operations.

Federal rate regulations generally require cable operators to allow subscribers to purchase premium or pay-per-view services without the necessity of subscribing to any tier of service, other than the basic service tier. The applicability of this rule in certain situations remains unclear, and adverse decisions by the FCC could affect our pricing and packaging of services. As we attempt to respond to a changing marketplace with competitive pricing practices, such as targeted promotions and discounts, we may face additional legal restraints and challenges that impede our ability to compete.

Must Carry/Retransmission Consent

There are two alternative legal methods for carriage of local broadcast television stations on cable systems. Federal law currently includes must carry regulations, which require cable systems to carry certain local broadcast television stations that the cable operator would not select voluntarily. Alternatively, federal law includes retransmission consent regulations, by which popular commercial television stations can prohibit cable carriage unless the cable operator first negotiates for retransmission consent, which

may be conditioned on significant payments or other concessions. Either option has a potentially adverse effect on our business. The burden associated with must carry could increase significantly if cable systems were required to simultaneously carry both the analog and digital signals of each television station (dual carriage), as the broadcast industry transitions from an analog to a digital format. The burden could also increase significantly if cable systems become required to carry multiple program streams included within a single digital broadcast transmission (multicast carriage). Additional government-mandated broadcast carriage obligations could disrupt existing programming commitments, interfere with our preferred use of limited channel capacity and limit our ability to offer services that would maximize customer appeal and revenue potential.

Although the FCC issued a decision in 2005 confirming an earlier ruling against mandating either dual carriage or multicast carriage, that decision is subject to a petition for reconsideration which is pending before the FCC. In addition, the FCC could reverse its own ruling or Congress could legislate additional carriage obligations. February 2009 has been established as the deadline for broadcasters to complete their transition to digital spectrum and for the federal government to reclaim analog spectrum. Cable operators may need to take additional operational steps at that time to ensure that customers not otherwise equipped to receive digital programming, retain access to broadcast programming.

Access Channels

Local franchise agreements often require cable operators to set aside certain channels for public, educational and governmental access programming. Federal law also requires cable systems to designate a portion of their channel capacity for commercial leased access by unaffiliated third parties. Increased activity in this area could further burden the channel capacity of our cable systems.

Access to Programming

The Communications Act and the FCC s program access rules generally prevent video programmers affiliated with cable operators from favoring cable operators over competing multichannel video distributors, such as DBS, and limit the ability of such programmers to offer exclusive programming arrangements to cable operators. The FCC has extended the exclusivity restrictions through October 2007. Given the heightened competition and media consolidation that we face, it is possible that we will find it increasingly difficult to gain access to popular programming at favorable terms. Such difficulty could adversely impact our business.

Ownership Restrictions

Federal regulation of the communications field traditionally included a host of ownership restrictions, which limited the size of certain media entities and restricted their ability to enter into competing enterprises. Through a series of legislative, regulatory, and judicial actions, most of these restrictions recently were eliminated or substantially relaxed. For example, historic restrictions on local exchange carriers offering cable service within their telephone service area, as well as those prohibiting broadcast stations from owning cable systems within their broadcast service area, no longer exist. Changes in this regulatory area could alter the business landscape in which we operate, as formidable new competitors (including electric utilities, local exchange carriers, and broadcast/media companies) may increasingly choose to offer cable services.

The FCC previously adopted regulations precluding any cable operator from serving more than 30% of all domestic multi-channel video subscribers and from devoting more than 40% of the activated channel capacity of any cable system to the carriage of affiliated national video programming services. These cable ownership restrictions were invalidated by the courts, and the FCC is now considering adoption of replacement regulations.

Table of Contents

Internet Service

Over the past several years, proposals have been advanced that would require cable operators offering Internet service to provide non-discriminatory access to its network to competing Internet service providers. In a 2005 ruling, commonly referred to as *Brand X*, the Supreme Court upheld an FCC decision making it less likely that any non-discriminatory open access requirements (which are generally associated with common carrier regulation of telecommunications services) will be imposed on the cable industry by local, state or federal authorities. The Supreme Court held that the FCC was correct in classifying cable-provided Internet service as an information service, rather than a telecommunications service. This favorable regulatory classification limits the ability of various governmental authorities to impose open access requirements on cable-provided Internet service.

Claiming an interest in maintaining network neutrality, certain internet content providers and consumer groups have advocated for new federal laws or regulations limiting the ability of broadband network owners (like us) to manage and control their own networks. In 2005, the FCC issued a non-binding policy statement establishing four basic principles that the FCC says will inform its ongoing policymaking activities regarding broadband-related Internet services. Those principles state that: consumers are entitled to access the lawful Internet content of their choice; consumers are entitled to run applications and services of their choice, subject to the needs of law enforcement; consumers are entitled to connect their choice of legal devices that do not harm the network; and consumers are entitled to competition among network providers, application and service providers and content providers. It is unclear what, if any, additional regulations the FCC or Congress might impose on our Internet service, and what, if any, impact such regulations might have on our business.

As the Internet has matured, it has become the subject of increasing regulatory interest. Congress and federal regulators have adopted a wide range of measures directly or potentially affecting Internet use, including, for example, consumer privacy, accommodation of law enforcement wiretaps, copyright protections (which afford copyright owners certain rights against us that could adversely affect our relationship with a customer accused of violating copyright laws), defamation liability, taxation, obscenity, and unsolicited commercial e-mail regulations. State and local governmental organizations have also adopted Internet-related regulations. These various governmental jurisdictions are also considering additional regulations in these and other areas, such as pricing, service and product quality, and intellectual property ownership. The adoption of new Internet regulations or the adaptation of existing laws to the Internet could adversely affect our business.

Phone Service

The 1996 Telecom Act, which amended the Communications Act, created a more favorable regulatory environment for us to provide phone services. In particular, it limited the regulatory role of local franchising authorities and established requirements ensuring that we could interconnect with other telephone companies to provide a viable service. Many implementation details remain unresolved, and there are substantial regulatory changes being considered that could impact, in both positive and negative ways, our primary telecommunications competitors and our own entry into the field of phone service. The FCC and state regulatory authorities are considering, for example, whether common carrier regulation traditionally applied to incumbent local exchange carriers should be modified. The FCC has concluded that alternative voice technologies, like certain types of VoIP, should be regulated only at the federal level, rather than by individual states. A legal challenge to that FCC decision is pending. While the FCC s decision appears to be a positive development for VoIP offerings, the FCC has demonstrated a willingness to impose some traditional telecommunications regulations on VoIP providers, requiring phone services using Internet Protocol technology to comply with traditional 911 emergency service obligations (E911) and universal service obligations. It has also extended its requirement for accommodating law enforcement wiretaps to such providers with a deadline for compliance in 2007, that requirement has been affirmed by the Court of Appeals for the D.C. Circuit. The extension of other traditional telecommunications common carrier requirements to VoIP providers could adversely affect our business. It is unclear how these

regulatory matters ultimately will be resolved and how they will affect our potential expansion into phone service.

Pole Attachments

The Communications Act requires most utilities to provide cable systems with access to poles and conduits and simultaneously subjects the rates charged for this access to either federal or state regulation. The Communications Act specifies that significantly higher rates apply if the cable plant is providing telecommunications service, in addition to cable service. The FCC has clarified that a cable operator s favorable pole rates are not endangered by the provision of Internet access, and that determination was upheld by the United States Supreme Court. To date, VoIP service has not been classified as either a telecommunications service or cable service under the Communications Act. If VoIP were classified as a telecommunications service under the Communications Act by the FCC, a state Public Utility Commission, or an appropriate court, it might result in significant increased pole attachment costs for us, which could adversely affect our financial condition and results of operations. It also remains possible that the underlying pole attachment formula, or its application to Internet and telecommunications offerings, will be modified in a manner that substantially increases our pole attachment costs.

Cable Equipment

The FCC has undertaken several steps to promote competition in the delivery of cable equipment and compatibility with new digital technology. The FCC has expressly ruled that cable customers must be allowed to purchase set-top boxes from third parties and established a multi-year phase-in during which security functions (which would remain in the operator s exclusive control) would be unbundled from the basic converter functions, which could then be provided by third party vendors. The first phase of implementation has already passed. A prohibition on cable operators leasing digital set-top boxes that integrate security and basic navigation functions is currently scheduled to go into effect as of July 1, 2007. We have petitioned the FCC to waive the prohibition as applied to our least expensive digital set-top boxes. We cannot predict whether the FCC will grant our request.

The FCC has adopted rules implementing an agreement between major cable operators and manufacturers of consumer electronics on plug and play specifications for one-way digital televisions. The rules require cable operators to provide CableCard security modules and support to customer owned digital televisions and similar devices equipped with built-in set-top box functionality. Cable operators must support basic home recording rights and copy protection rules for digital programming content. The FCC s plug and play rules are under appeal, although the appeal has been stayed pending FCC reconsideration.

The FCC is conducting additional related rulemakings, and the cable and consumer electronics industries are currently negotiating an agreement that would establish additional specifications for two-way digital televisions. Congress is also considering companion broadcast flag legislation to provide copy protection for digital broadcast signals. It is unclear how this process will develop and how it will affect our offering of cable equipment and our relationship with our customers.

Other Communications Act Provisions and FCC Regulatory Matters

In addition to the Communications Act provisions and FCC regulations noted above, there are other statutory provisions and FCC regulations affecting our business. The Communications Act, for example, includes cable and telecommunications-specific privacy obligations. The Communications Act carefully limits our ability to collect and disclose personal information.

FCC regulations include a variety of additional areas, including, among other things: (1) equal employment opportunity obligations; (2) customer service standards; (3) technical service standards; (4) mandatory blackouts of certain network, syndicated and sports programming; (5) restrictions on political advertising; (6) restrictions on advertising in children s programming; (7) restrictions on origination cablecasting; (8) restrictions on carriage of lottery programming; (9) sponsorship identification

obligations; (10) closed captioning of video programming; (11) licensing of systems and facilities; (12) maintenance of public files; and (13) emergency alert systems.

It is possible that Congress or the FCC will expand or modify its regulation of cable systems in the future, and we cannot predict at this time how that might impact our business. For example, there have been recent discussions about imposing indecency restrictions directly on cable programming.

Copyright

Cable systems are subject to federal copyright licensing covering carriage of television and radio broadcast signals. The possible modification or elimination of this compulsory copyright license is the subject of continuing legislative review and could adversely affect our ability to obtain desired broadcast programming. Moreover, the Copyright Office has not yet provided any guidance as to how the compulsory copyright license should apply to newly offered digital broadcast signals.

Copyright clearances for non-broadcast programming services are arranged through private negotiations. Cable operators also must obtain music rights for locally originated programming and advertising from the major music performing rights organizations. These licensing fees have been the source of litigation in the past, and we cannot predict with certainty whether license fee disputes may arise in the future.

Franchise Matters

Cable systems generally are operated pursuant to nonexclusive franchises granted by a municipality or other state or local government entity in order to cross public rights-of-way. Cable franchises generally are granted for fixed terms and in many cases include monetary penalties for noncompliance and may be terminable if the franchisee fails to comply with material provisions.

The specific terms and conditions of cable franchises vary materially between jurisdictions. Each franchise generally contains provisions governing cable operations, franchise fees, system construction, maintenance, technical performance, and customer service standards. A number of states subject cable systems to the jurisdiction of centralized state government agencies, such as public utility commissions. Although local franchising authorities have considerable discretion in establishing franchise terms, there are certain federal protections. For example, federal law caps local franchise fees and includes renewal procedures designed to protect incumbent franchisees from arbitrary denials of renewal. Even if a franchise is renewed, however, the local franchising authority may seek to impose new and more onerous requirements as a condition of renewal. Similarly, if a local franchising authority s consent is required for the purchase or sale of a cable system, the local franchising authority may attempt to impose more burdensome requirements as a condition for providing its consent.

Different legislative proposals have been introduced and are being actively considered in the United States Congress and in some state legislatures that would greatly streamline cable franchising. This legislation is intended to facilitate entry by new competitors, particularly local telephone companies. Such legislation has already passed in a number of states in which we have operations and one of these newly enacted statutes is subject to court challenge. Although various legislative proposals provide some regulatory relief for incumbent cable operators, these proposals are generally viewed as being more favorable to new entrants due to a number of factors, including provisions withholding streamlined cable franchising from incumbents until after the expiration of their existing franchises and allowing new entrants to serve only higher-income areas of a particular community. To the extent incumbent cable operators are not able to avail themselves of this streamlined franchising process, such operators may continue to be subject to more onerous franchise requirements at the local level than new entrants. The FCC has initiated a proceeding to determine whether local franchising authorities are impeding the deployment of competitive cable services through unreasonable franchising requirements and whether such impediments should be preempted. At this time, we are not able to determine what impact such proceeding may have on us.

Table of Contents

MANAGEMENT

Directors

CCH II, LLC is a holding company with no operations. CCH II Capital Corp. is a direct, wholly owned finance subsidiary of CCH II, LLC that exists solely for the purpose of serving as co-obligor of CCH II s notes. Neither CCH II, LLC nor CCH II Capital Corp. has any employees. CCH II and its direct and indirect subsidiaries are managed by Charter. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organization Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Intercompany Management Arrangements.

Neil Smit is the sole director of CCH II Capital Corp.

The persons listed below are directors of Charter or CCH II Capital Corp. as indicated.

Directors	Position(s)
Paul G. Allen	Chairman of the board of directors
W. Lance Conn	Director of Charter
Nathaniel A. Davis	Director of Charter
Jonathan L. Dolgen	Director of Charter
Rajive Johri	Director of Charter
Robert P. May	Director of Charter
David C. Merritt	Director of Charter
Marc B. Nathanson	Director of Charter
Jo Allen Patton	Director of Charter
Neil Smit	Director of Charter, CCH II Capital Corp., President and Chief Executive Officer of Charter and Charter Holdco
John H. Tory	Director of Charter
Larry W. Wangberg	Director of Charter

The following sets forth certain biographical information with respect to the directors listed above.

Paul G. Allen, 53, has been Chairman of Charter s board of directors since July 1999, and Chairman of the board of directors of Charter Investment, Inc. (a predecessor to, and currently an affiliate of, Charter) since December 1998. Mr. Allen co-founded Microsoft Corporation with Bill Gates in 1976 and remained the company s chief technologist until he left Microsoft Corporation in 1983. Mr. Allen is the founder and chairman of Vulcan Inc., a multibillion dollar investment portfolio that includes large stakes in DreamWorks Animation SKG, Digeo, Oxygen Media, real estate and more than 40 other technology, media and content companies. In 2004, Mr. Allen funded SpaceShipOne, the first privately-funded effort to successfully put a civilian in suborbital space and winner of the Ansari X-Prize competition. Mr. Allen also owns the Seattle Seahawks NFL and Portland Trail Blazers NBA franchises. In addition, Mr. Allen is a director of Vulcan Programming Inc., Vulcan Ventures, Vulcan Inc., Vulcan Cable III Inc., numerous privately held companies and, until its sale in May 2004 to an unrelated third party, TechTV L.L.C.

W. Lance Conn, 38, was elected to the board of directors of Charter in September 2004. Since July 2004, Mr. Conn has served as Executive Vice President, Investment Management for Vulcan Inc., the investment and project management company that oversees a diverse multi-billion dollar portfolio of investments by Paul G. Allen. Prior to joining Vulcan Inc., Mr. Conn was employed by America Online, Inc., an interactive online services company, from March 1996 to May 2003. From 1997 to 2000, Mr. Conn served in various senior business development roles at America Online. In 2000, Mr. Conn began supervising all of America Online s European investments, alliances and business initiatives. In 2002, he became Senior Vice President of America Online U.S. where he led a company-wide effort to restructure and optimize America Online s operations. From September 1994 until February 1996,

Mr. Conn was an attorney with the Shaw Pittman law firm in Washington, D.C. Mr. Conn holds a J.D. degree from the University of Virginia, a M.A. degree in history from the University of Mississippi and an A.B. degree in history from Princeton University.

Nathaniel A. Davis, 52, was elected to the board of directors of Charter on August 23, 2005. In July 2006, Mr. Davis became President and Chief Operating Officer of XM Satellite Radio Holdings, Inc. where he is also a director. Prior to that, from June 2003 until July 2006, Mr. Davis was Managing Director and owner of RANND Advisory Group, a technology consulting group, which advises venture capital, telecom and other technology related firms. From January 2000 through May of 2003, he was President and Chief Operating Officer of XO Communication, Inc. XO Communications filed a petition to reorganize under Chapter 11 of the Bankruptcy Code in June 2002 and completed its restructuring and emerged from Chapter 11 in January 2003. From October 1998 to December 1999 he was Executive Vice President, Network and Technical Services of Nextel Communications, Inc. Prior to that, he worked for MCI Communications from 1982 until 1998 in a number of positions, including as Chief Financial Officer of MCIT from November 1996 until October 1998. Previously, Mr. Davis served in a variety of roles that include Senior Vice President of Network Operations, Chief Operating Officer of MCImetro, Senior Vice President of Finance and Vice President of Systems Development. Mr. Davis holds a B.S. degree from Stevens Institute of Technology, an M.S. degree from Moore School of Engineering and an M.B.A. degree from the Wharton School at the University of Pennsylvania. He is a member of the board of Mutual of America Capital Management Corporation.

Jonathan L. Dolgen, 61, was elected to the board of directors of Charter in October 2004. Since July 2004, Mr. Dolgen has also been a Senior Advisor to Viacom Inc. (Old Viacom), a worldwide entertainment and media company, where he provided advisory services to the Chief Executive Officer of Old Viacom, or others designated by him, on an as requested basis. Effective December 31, 2005, Old Viacom was separated into two publicly traded companies, Viacom Inc. (New Viacom) and CBS Corporation. Since the separation of Old Viacom, Mr. Dolgen provides advisory services to the Chief Executive Officer of New Viacom, or others designated by him, on an as requested basis. Since July 2004, Mr. Dolgen has been a private investor and since September 2004, Mr. Dolgen has been a principal of Wood River Ventures, LLC, a private start-up entity that seeks investment and other opportunities primarily in the media sector and seeks to provide consulting services. Mr. Dolgen is also a member of the board of directors of Expedia, Inc. From April 1994 to July 2004, Mr. Dolgen served as Chairman and Chief Executive Officer of the Viacom Entertainment Group, a unit of Old Viacom, where he oversaw various operations of Old Viacom s businesses, which during 2003 and 2004 primarily included the operations engaged in motion picture production and distribution, television production and distribution, regional theme parks, theatrical exhibition and publishing. As a result of the separation of Old Viacom, Old Viacom s motion picture production and distribution and theatrical exhibition businesses became part of New Viacom s businesses, and the remainder of Old Viacom s businesses overseen by Mr. Dolgen remained with CBS Corporation. Mr. Dolgen began his career in the entertainment industry in 1976, and until joining the Viacom Entertainment Group, served in executive positions at Columbia Pictures Industries, Inc., Twentieth Century Fox and Fox, Inc., and Sony Pictures Entertainment. Mr. Dolgen holds a B.S. degree from Cornell University and a J.D. degree from New York University.

Rajive Johri, 56, was elected to the board of directors of Charter on April 18, 2006. Since June 2006, Mr. Johri has served as President and Director of First National Bank of Omaha. From September 2005 to June 2006, he served as President of the First National Credit Cards Center for First National Bank of Omaha. From August 2004 to September 2005, he served as Executive Consultant for Park Li Group in New York, NY. Prior to that, Mr. Johri served as Executive Vice President, Marketing for J.P. Morgan Chase Bank from September 1999 until August 2004. From 1985 to 1999, Mr. Johri was employed by Citibank N.A. in a number of management positions. Mr. Johri is a director for First National Bank of Nebraska and Chairman of InfiCorp/InfiBank. Mr. Johri received a bachelor s of technology degree in Mechanical Engineering from Indian Institute of Technology in New Delhi, India and a M.B.A. degree in Marketing and Finance from Indian Institute of Management in Calcutta, India.

Robert P. May, 57, was elected to Charter s board of directors in October 2004 and was Charter s Interim President and Chief Executive Officer from January until August 2005. Mr. May was named Chief Executive Officer and a director of Calpine Corporation, a power company, in December 2005. Calpine filed for Chapter 11 bankruptcy reorganization in December 2005. He served on the board of directors of HealthSouth Corporation, a national provider of healthcare services, from October 2002 until October 2005, and was its Chairman from July 2004 until October 2005. Mr. May also served as HealthSouth Corporation s Interim Chief Executive Officer from March 2003 until May 2004, and as Interim President of its Outpatient and Diagnostic Division from August 2003 to January 2004. Since March 2001, Mr. May has been a private investor and principal of RPM Systems, which provides strategic business consulting services. From March 1999 to March 2001, Mr. May served on the board of directors and was Chief Executive of PNV Inc., a national telecommunications company. Prior to his employment at PNV Inc., Mr. May was Chief Operating Officer and a member of the board of directors of Cablevision Systems Corporation from October 1996 to February 1998, and from 1973 to 1993 he held several senior executive positions with Federal Express Corporation, including President, Business Logistics Services. He is a member of Deutsche Bank of Americas Advisory Board. Mr. May was educated at Curry College and Boston College and attended Harvard Business School s Program for Management Development.

David C. Merritt, 52, was elected to the board of directors of Charter in July 2003, and was also appointed as Chairman of Charter s Audit Committee at that time. Since October 2003, Mr. Merritt has been a Managing Director of Salem Partners, LLC, an investment banking firm. He was a Managing Director in the Entertainment Media Advisory Group at Gerard Klauer Mattison & Co., Inc., a company that provided financial advisory services to the entertainment and media industries from January 2001 through April 2003. From July 1999 to November 2000, he served as Chief Financial Officer of CKE Associates, Ltd., a privately held company with interests in talent management, film production, television production, music and new media. He also served as a director of Laser-Pacific Media Corporation from January 2001 until October 2003 and served as Chairman of its audit committee. In December 2003, he became a director of Outdoor Channel Holdings, Inc. and serves as Chairman of its audit committee. Mr. Merritt joined KPMG in 1975 and served in a variety of capacities during his years with the firm, including national partner in charge of the media and entertainment practice. Mr. Merritt was an audit and consulting partner of KPMG for 14 years. In February 2006, Mr. Merritt became a director of Calpine Corporation. Mr. Merritt holds a B.S. degree in business and accounting from California State University Northridge.

Marc B. Nathanson, 61, has been a director of Charter since January 2000 and serves as Vice Chairman of Charter s board of directors, a non-executive position. Mr. Nathanson is the Chairman of Mapleton Investments LLC, an investment vehicle formed in 1999. He also founded and served as Chairman and Chief Executive Officer of Falcon Holding Group, Inc., a cable operator, and its predecessors, from 1975 until 1999. He served as Chairman and Chief Executive Officer of Enstar Communications Corporation, a cable operator, from 1988 until November 1999. Prior to 1975, Mr. Nathanson held executive positions with Teleprompter Corporation, Warner Cable and Cypress Communications Corporation. In 1995, he was appointed by the President of the United States to the Broadcasting Board of Governors, and from 1998 through September 2002, served as its Chairman. Mr. Nathanson holds a B.A. degree in mass communications from the University of Denver and a M.A. degree in political science from University of California/Santa Barbara.

Jo Allen Patton, 48, has been a director of Charter since April 2004. Ms. Patton joined Vulcan Inc. as Vice President in 1993, and since that time she has served as an officer and director of many affiliates of Mr. Allen, including her current position as President and Chief Executive Officer of Vulcan Inc. since July 2001. Ms. Patton is also President of Vulcan Productions, an independent feature film and documentary production company, Vice Chair of First & Goal, Inc., which developed and operated the Seattle Seahawks NFL stadium, and serves as Executive Director of the six Paul G. Allen Foundations. Ms. Patton is a co-founder of the Experience Music Project museum, as well as the Science Fiction Museum and Hall of Fame. Ms. Patton is the sister of Mr. Allen.

Neil Smit, 47, was elected a director and President and Chief Executive Officer of Charter on August 22, 2005. He had previously worked at Time Warner, Inc. since 2000, most recently serving as the President of Time Warner s America Online Access Business. He also served at America Online (AOL) as Executive Vice President, Member Development, Senior Vice President of AOL s product and programming team, Chief Operating Officer of AOL Local and Chief Operating Officer of MapQuest. Prior to that he was a Regional President with Nabisco and was with Pillsbury in a number of management positions. Mr. Smit has a B.S. degree from Duke University and a M.S. degree with a focus in international business from Tufts University s Fletcher School of Law and Diplomacy.

John H. Tory, 52, has been a director of Charter since December 2001. Mr. Tory served as the Chief Executive Officer of Rogers Cable Inc., Canada s largest broadband cable operator, from 1999 until 2003. From 1995 to 1999, Mr. Tory was President and Chief Executive Officer of Rogers Media Inc., a broadcasting and publishing company. Prior to joining Rogers, Mr. Tory was a Managing Partner and member of the executive committee at Tory Tory DesLauriers & Binnington, one of Canada s largest law firms. Mr. Tory serves on the board of directors of Rogers Telecommunications Limited and Cara Operations Limited and is Chairman of Cara Operations Audit Committee. Mr. Tory was educated at University of Toronto Schools, Trinity College (University of Toronto) and Osgoode Hall Law School. Effective September 18, 2004, Mr. Tory was elected Leader of the Ontario Progressive Conservative Party. On March 17, 2005, he was elected a Member of the Provincial Parliament and on March 29, 2005, became the Leader of Her Majesty s Loyal Opposition.

Larry W. Wangberg, 64, has been a director of Charter since January 2002. Since July 2002, Mr. Wangberg has been an independent business consultant. From August 1997 to May 2004, Mr. Wangberg was a director of TechTV L.L.C., a cable television network controlled by Mr. Allen. He also served as its Chairman and Chief Executive Officer from August 1997 through July 2002. In May 2004, TechTV L.L.C. was sold to an unrelated party. Prior to joining TechTV L.L.C., Mr. Wangberg was Chairman and Chief Executive Officer of StarSight Telecast Inc., an interactive navigation and program guide company which later merged with Gemstar International, from 1994 to 1997. Mr. Wangberg was Chairman and Chief Executive Officer of Times Mirror Cable Television and Senior Vice President of its corporate parent, Times Mirror Co., from 1983 to 1994. He currently serves on the boards of Autodesk Inc. and ADC Telecommunications, Inc. Mr. Wangberg holds a B.S. degree in mechanical engineering and a M.S. degree in industrial engineering, both from the University of Minnesota.

Board of Directors and Committees of the Board of Directors

Charter s board of directors meets regularly throughout the year on a set schedule. The board may also hold special meetings and act by written consent from time to time if necessary. Meetings of the independent members of the board occur from time to time. Management is not present at these meetings.

Charter s board of directors delegates authority to act with respect to certain matters to board committees whose members are appointed by the board. As of December 31, 2005 the following were the committees of Charter s board of directors: Audit Committee, Financing Committee, Compensation Committee, Executive Committee, Strategic Planning Committee, and a Special Committee for matters related to the CC VIII put dispute.

Charter s Audit Committee, which has a written charter approved by the board, consists of Nathaniel Davis, Rajive Johri and David Merritt, all of whom are believed to be independent in accordance with the applicable corporate governance listing standards of the Nasdaq Global Market. Charter s board of directors has determined that, in its judgment, David Merritt is an audit committee financial expert within the meaning of the applicable federal regulations.

Director Compensation

Each non-employee member of Charter s board receives an annual retainer of $40,000 in cash plus restricted stock, vesting one year after the date of grant, with a value on the date of grant of $50,000. In

addition, Charter s Audit Committee chair receives $25,000 per year, and the chair of each other committee receives $10,000 per year. Prior to February 22, 2005, all committee members also received $1,000 for attendance at each committee meeting. Beginning on February 22, 2005 each director also receives $1,000 for telephonic attendance at each meeting of the full board and $2,000 for in-person attendance. Each director of Charter is entitled to reimbursement for costs incurred in connection with attendance at board and committee meetings. Vulcan has informed us that, in accordance with its internal policy, Mr. Conn turns over to Vulcan all cash compensation he receives for his participation on Charter s board of directors or committees thereof.

Directors who were employees did not receive additional compensation in 2004 or 2005. Messrs. Vogel and Smit, who were Charter s President and Chief Executive Officer in 2005, were the only directors who were also employees during 2005. Mr. May, who was Charter s Interim President and Chief Executive Officer from January 2005 until August 2005, was not an employee. However, he received fees and a bonus pursuant to an agreement. See Employment Arrangements and Related Agreements.

Charter s Bylaws provide that all directors are entitled to indemnification to the maximum extent permitted by law from and against any claims, damages, liabilities, losses, costs or expenses incurred in connection with or arising out of the performance by them of their duties for Charter or its subsidiaries.

Executive Officers

The following persons are executive officers of Charter and other than Mr. Allen, also hold similar positions with Charter Holdco, CCHC, Charter Holdings, CCH II, LLC, CCH II Capital Corp. and Charter Operating:

Executive Officers	Position
Paul G. Allen	Chairman of the Board of Directors
Neil Smit	President and Chief Executive Officer
Michael J. Lovett	Executive Vice President and Chief Operating Officer
Jeffrey T. Fisher	Executive Vice President and Chief Financial Officer
Grier C. Raclin	Executive Vice President, General Counsel and Corporate Secretary
Marwan Fawaz	Executive Vice President and Chief Technical Officer
Robert A. Quigley	Executive Vice President and Chief Marketing Officer
Sue Ann R. Hamilton	Executive Vice President, Programming
Lynne F. Ramsey	Senior Vice President, Human Resources
Kevin D. Howard	Vice President and Chief Accounting Officer

Information regarding our executive officers who do not serve as directors is set forth below.

Michael J. Lovett, 45, Executive Vice President and Chief Operating Officer. Mr. Lovett was promoted to his current position in April 2005. Prior to that he served as Executive Vice President, Operations and Customer Care from September 2004 through March 2005, and as Senior Vice President, Midwest Division Operations and as Senior Vice President of Operations Support, since joining Charter in August 2003 until September 2004. Mr. Lovett was Chief Operating Officer of Voyant Technologies, Inc., a voice conferencing hardware and software solutions provider, from December 2001 to August 2003. From November 2000 to December 2001, he was Executive Vice President of Operations for OneSecure, Inc., a startup company delivering management/monitoring of firewalls and virtual private networks. Prior to that, Mr. Lovett was Regional Vice President at AT&T from June 1999 to November 2000 where he was responsible for operations. Mr. Lovett was Senior Vice President at Jones Intercable from October 1989 to

June 1999 where he was responsible for operations in nine states. Mr. Lovett began his career in cable television at Centel Corporation where he held a number of positions. Mr. Lovett serves on the board of directors for Conversant Communications and Digeo, Inc.

Jeffrey T. Fisher, 44, Executive Vice President and Chief Financial Officer. Mr. Fisher was appointed to the position of Executive Vice President and Chief Financial Officer, effective February 6, 2006. Prior to joining Charter, Mr. Fisher was employed by Delta Airlines, Inc. from 1998 to 2006 in a number of positions including Senior Vice President Restructuring from September 2005 until January 2006, President and General Manager of Delta Connection, Inc. from January to September 2005, Chief Financial Officer of Delta Connection from 2001 until January 2005, Vice President of Finance, Marketing and Sales Controller of Delta Airlines in 2001 and Vice President of Financial Planning and Analysis of Delta Airlines from 2000 to 2001. Delta Airlines filed a petition under Chapter 11 of the Bankruptcy Code on September 14, 2005. Mr. Fisher received a B.B.M. degree from Embry Riddle University and a M.B.A. degree in International Finance from University of Texas in Arlington, Texas.

Grier C. Raclin, 53, Executive Vice President, General Counsel and Corporate Secretary. Mr. Raclin joined Charter in his current position in October 2005. Prior to joining Charter, Mr. Raclin had served as the Chief Legal Officer and Corporate Secretary of Savvis Communications Corporation from January 2003 until October 2005. Prior to joining Savvis, Mr. Raclin served as Executive Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary from 2000 to 2002 and as Senior Vice President of Corporate Affairs, General Counsel and Corporate Secretary from 1997 to 2000 of Global TeleSystems Inc. (GTS). In 2001, GTS filed, in pre-arranged proceedings, a petition for surseance (moratorium), offering a composition, in The Netherlands and a petition under Chapter 11 of the United States Bankruptcy Code, both in connection with the sale of the company to KPNQwest. Prior to joining GTS, Mr. Raclin was Vice-Chairman and a Managing Partner of Gardner, Carton and Douglas in Washington, D.C. Mr. Raclin earned a J.D. degree from Northwestern University Law School, where he served on the Editorial Board of the Northwestern University Law School Law Review, attended business school at the University of Chicago Executive Program and earned a B.S. degree from Northwestern University, where he was a member of Phi Beta Kappa.

Marwan Fawaz, 43, Executive Vice President and Chief Technical Officer. Mr. Fawaz joined Charter in his current position on August 1, 2006. Prior to that, he served as Senior Vice President and Chief Technical Officer for Adelphia Communications Corporation (Adelphia) from March 2003 until July 2006. Adelphia filed a petition under Chapter 11 of the Bankruptcy Code in June 2002. From May 2002 to March 2003, he served as Investment Specialist/Technology Analyst for Vulcan, Inc. Mr. Fawaz served as Regional Vice President of Operations for the Northwest Region for Charter from July 2001 to March 2002. From July 2000 to Dec 2000, he served as Chief Technology Officer for Infinity Broadband. He served as Vice President Engineering and Operations at MediaOne, Inc. from January 1996 to June 2000. Mr. Fawaz received a B.S. degree in electrical engineering and a M.S. in electrical/communication-engineering from California State University Long Beach.

Robert A. Quigley, 62, Executive Vice President and Chief Marketing Officer. Mr. Quigley joined Charter in his current position in December 2005. Prior to joining Charter, Mr. Quigley was President and CEO at Quigley Consulting Group, LLC, a private consulting group, from April 2005 to December 2005. From March 2004 to March 2005, he was Executive Vice President of Sales and Marketing at Cardean Education Group (formerly UNext com LLC), a private online education company. From February 2000 to March 2004, Mr. Quigley was Executive Vice President of America Online and Chief Operating Officer of its Consumer Marketing division. Prior to America Online, he was owner, President and CEO of Wordsquare Publishing Co. from July 1994 to February 2000. Mr. Quigley is a graduate of Wesleyan University with a B.A. degree in history and is a member of the Direct Marketing Association board of directors.

Sue Ann R. Hamilton, 45, Executive Vice President, Programming. Ms. Hamilton joined Charter as Senior Vice President of Programming in March 2003 and was promoted to her current position in April 2005. From March 1999 to November 2002, Ms. Hamilton served as Vice President of Programming for

AT&T Broadband, L.L.C. Prior to that, from October 1993 to March 1999, Ms. Hamilton held numerous management positions at AT&T Broadband, L.L.C. and Tele-Communications, Inc. (TCI), which was acquired by AT&T Broadband, L.L.C. in 1999. Prior to her cable television career with TCI, she was a partner with Kirkland & Ellis representing domestic and international clients in complex commercial transactions and securities matters. A magna cum laude graduate of Carleton College in Northfield, Minnesota, Ms. Hamilton received a J.D. degree from Stanford Law School, where she was Associate Managing Editor of the *Stanford Law Review* and Editor of the *Stanford Journal of International Law*.

Lynne F. Ramsey, 48, Senior Vice President, Human Resources. Ms. Ramsey joined Charter s Human Resources group in March 2001, serving as Corporate Vice President, Human Resources and was promoted to Senior Vice President in July 2004. Before joining Charter, Ms. Ramsey was Executive Vice President of Human Resources for Broadband Infrastructure Group from March 2000 through November 2000. From 1994 to 1999, Ms. Ramsey served as Senior Vice President of Human Resources for Firstar Bank, previously Mercantile Bank of St. Louis. She served as Vice President of Human Resources for United Postal Savings, where she worked from 1982 through 1994, at which time it was acquired by Mercantile Bank of St. Louis. Ms. Ramsey received a bachelor s degree in Education from Maryville College and a master s degree in Human Resources Management from Washington University in St. Louis.

Kevin D. Howard, 37, Vice President and Chief Accounting Officer. Mr. Howard was promoted to his current position in April 2006. Prior to that, he served as Vice President of Finance from April 2003 until April 2006 and as Director of Financial Reporting since joining Charter in April 2002. Mr. Howard began his career at Arthur Andersen LLP in 1993 where he held a number of positions in the audit division prior to leaving in April 2002. Mr. Howard received a B.S.B.A. degree in finance and economics from the University of Missouri Columbia and is a certified public accountant, certified managerial accountant and certified in financial management.

Compensation Committee Interlocks and Insider Participation

At the beginning of 2005, Mr. Lillis and Mr. Merritt served as the Option Plan Committee which administered the 1999 Charter Communications Option Plan and the Charter Communications, Inc. 2001 Stock Incentive Plan and the Compensation Committee consisted of Messrs. Allen, Lillis and Nathanson. The Option Plan Committee and the Compensation Committee merged in February 2005 and the committee then consisted of Messrs. Allen, Merritt and Nathanson. Mr. May joined the committee in August 2005. The Compensation Committee is currently comprised of Messrs. Allen, May, Merritt and Nathanson.

No member of Charter s Compensation Committee or its Option Plan Committee was an officer or employee of Charter or any of its subsidiaries during 2005, except for Mr. Allen who served as a non-employee chairman of the Compensation Committee and Mr. May who served in a non-employee capacity as Interim President and Chief Executive Officer from January 2005 until August 2005. Mr. May joined the Compensation Committee in August 2005 after his service as Interim President and Chief Executive Officer. Also, Mr. Nathanson was an officer of certain subsidiaries of Charter prior to their acquisition by Charter in 1999 and held the title of Vice Chairman of Charter s board of directors, a non-executive, non-salaried position in 2005. Mr. Allen is the 100% owner and a director of Vulcan Inc. and certain of its affiliates, which employs Mr. Conn and Ms. Patton as executive officers. Mr. Allen also was a director of and indirectly owned 98% of TechTV, of which Mr. Wangberg, one of Charter s directors, was a director until the sale of TechTV to an unrelated third party in May 2004. Transactions between Charter and members of the Compensation Committee are more fully described in Director Compensation and in Certain Relationships and Related Party Transactions Other Miscellaneous Relationships.

During 2005, (1) none of Charter s executive officers served on the compensation committee of any other company that has an executive officer currently serving on Charter s board of directors, Compensation Committee or Option Plan Committee and (2) none of Charter s executive officers served as a director of another entity, one of whose executive officers served on the Compensation Committee or

Table of Contents

Option Plan Committee, except for Carl Vogel who served as a director of Digeo, Inc., an entity of which Paul Allen is a director and by virtue of his position as Chairman of the board of directors of Digeo, Inc. is also a non-employee executive officer. Mr. Lovett was appointed a director of Digeo, Inc. in December 2005.

Summary Compensation Table

The following table sets forth information as of December 31, 2005 regarding the compensation of those executive officers listed below for services rendered for the fiscal years ended December 31, 2003, 2004 and 2005. These officers consist of the three individuals who served as Chief Executive Officer and each of the other four most highly compensated executive officers as of December 31, 2005.

		Annual Compensation			Long-Term Compensation Award		
Name and Principal Position	Year Ended Dec. 31	Salary ($)	Bonus ($)	Other Annual Compensation ($)	Restricted Stock Awards ($)	Securities Underlying Options (#)	All Other Compensation ($)(1)
Neil Smit(2)	2005	415,385	1,200,000(9)		3,278,500(21)	3,333,333	23,236(28)

(1) Except as noted in notes 28 through 30 below respectively, these amounts consist of matching contributions under our 401(k) plan, premiums for supplemental life insurance available to executives, and long-term disability available to executives.

(2) Mr. Smit joined Charter on August 22, 2005 in his current position.

(3) Mr. May served as Interim President and Chief Executive Officer from January 2005 through August 2005.

(4) Mr. Vogel resigned from all of his positions with Charter and its subsidiaries on January 17, 2005.

(5) Mr. Lovett joined Charter in August 2003 and was promoted to his current position in April 2005.

(6) Mr. Martin resigned from all of his positions with Charter and its subsidiaries on April 3, 2006.

(7) Mr. Davis resigned from all of his positions with Charter and its subsidiaries on March 23, 2006.

(8) Ms. Hamilton joined Charter in March 2003 and was promoted to her current position in April 2005.

(9) Pursuant to his employment agreement, Mr. Smit received a $1,200,000 bonus for 2005.

(10) This bonus was paid pursuant to Mr. May s Executive Services Agreement. See Employment Arrangements and Related Agreements.

(11) Mr. Vogel s 2004 bonus was a mid-year discretionary bonus.

(12) Mr. Vogel s 2003 bonus was determined in accordance with the terms of his employment agreement.

(13) Includes (i) for 2005, Mr. Martin s bonus included a guarantee bonus of $50,000 for Mr. Martin s services as Interim Co-Chief Financial Officer and a discretionary bonus of $50,000 and (ii) for 2004, a SOX implementation bonus of $25,000.

(14) Mr. Davis 2004 bonus included a $50,000 discretionary bonus.

(15) Ms. Hamilton s 2003 bonus included a $150,000 signing bonus.

(16) Includes (i) for 2005, $1,177,885 as compensation for services of Mr. May as Interim President and Chief Executive Officer pursuant to his Executive Services Agreement (see Employment Arrangements and Related Agreements), $67,000 as compensation for services as a director on Charter s board of directors, $15,717 attributed to personal use of the corporate airplane and $99,637 for reimbursement for transportation and living expenses pursuant to Mr. May s Executive Services Agreement, and (ii) for 2004, compensation for services as a director on Charter s board of directors.

(17) Includes (i) for 2005, $1,428 attributed to personal use of the corporate airplane, (ii) for 2004, $28,977 attributed to personal use of the corporate airplane and $10,000 for tax advisory services, and (iii) for 2003, $30,345 attributed to personal use of the corporate airplane and $10,000 for tax advisory services.

(18) Includes (i) for 2005, $7,698 attributed to personal use of the corporate airplane and $7,200 for automobile allowance, (ii) for 2004, $597 attributed to personal use of the corporate airplane and $7,200 for automobile allowance and (iii) for 2003, $2,400 for automobile allowance.

(19) Amount attributed to personal use of the corporate airplane.

(20) Amount attributed to personal use of the corporate airplane.

(21) Pursuant to his employment agreement, Mr. Smit received 1,250,000 restricted shares in August 2005, which will vest on the first anniversary of the grant date and 1,562,500 restricted shares in August 2005, which will vest over three years in equal one-third installments. See Employment Arrangements and Related Agreements. At December 31, 2005, the value of all of Mr. Smit s unvested restricted stock holdings was $3,431,250, based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(22) Includes (i) for 2005, 100,000 restricted shares granted in April 2005 under our 2001 Stock Incentive Program for Mr. May s services as Interim President and Chief Executive Officer that vested upon his termination in that position in August 2005 and 40,650 restricted shares granted in October 2005 under our 2001 Stock Incentive Program for Mr. May s annual director grant which vest on the first anniversary of the grant date, and (ii) for 2004, 19,685 restricted shares granted in October 2004 under our 2001 Stock Incentive Program for Mr. May s annual director grant, which vested on the first anniversary of the grant date in October 2005. At December 31,

2005, the value of all of Mr. May s unvested restricted stock holdings was $49,593, based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(23) Includes 340,000 performance shares granted in January 2004 under our Long-Term Incentive Program that were to vest on the third anniversary of the grant date only if Charter meets certain performance criteria. Also includes 680,000 restricted shares issued in exchange for stock options held by Mr. Vogel pursuant to the February 2004 option exchange program described below, one half of which constituted performance shares which were to vest on the third anniversary of the grant date only if Charter met certain performance criteria, and the other half of which were to vest over

three years in equal one-third installments. Under the terms of the separation agreement described below in Employment Arrangements and Related Agreements, Mr. Vogel s options and remaining restricted stock vested until December 31, 2005, and all vested options were exercisable until sixty (60) days thereafter. All performance shares were forfeited upon termination of employment. All remaining unvested restricted stock and stock options were cancelled on December 31, 2005. Therefore, at December 31, 2005, the value of all of Mr. Vogel s unvested restricted stock holdings was $0.

(24) Includes (i) for 2005, 129,600 performance shares granted in April 2005 under our Long-Term Incentive Program which will vest on the third anniversary of the grant date only if Charter meets certain performance criteria and 75,000 restricted shares granted in April 2005 under our 2001 Stock Incentive Plan that will vest on the third anniversary of the grant date, and (ii) for 2004, 88,000 performance shares granted under our Long-Term Incentive Program that will vest on the third anniversary of the grant date only if Charter meets certain performance criteria. At December 31, 2005, the value of all of Mr. Lovett s unvested restricted stock holdings (including performance shares) was $356,972, based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(25) Includes (i) for 2005, $40,500 performance shares granted under our Long-Term Incentive Program that will vest on the third anniversary of the grant date only if Charter meets certain performance criteria, and (ii) for 2004, 37,500 performance shares granted in January 2004 under our Long-Term Incentive Program which were to vest on the third anniversary of the grant date only if Charter meets certain performance criteria and 17,214 restricted shares issued in exchange for stock options held by Mr. Martin pursuant to the February 2004 option exchange program described below, one half of which constituted performance shares which were to vest on the third anniversary of the grant date only if Charter meets certain performance criteria, and the other half of which were to vest over three years in equal one-third installments. At December 31, 2005, the value of all of Mr. Martin s unvested restricted stock holdings (including performance shares) was $112,661, based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(26) Includes (i) for 2005, 83,700 performance shares granted under our Long-Term Incentive Program that will vest on the third anniversary of the grant date only if Charter meets certain performance criteria., and (ii) for 2004, 77,500 performance shares granted in January 2004 under our Long-Term Incentive Program which will vest on the third anniversary of the grant date only if Charter meets certain performance criteria and 8,000 restricted shares issued in exchange for stock options held by Mr. Davis pursuant to the February 2004 option exchange program described below, one half of which constituted performance shares which will vest on the third anniversary of the grant date only if Charter meets certain performance criteria, and the other half of which will vest over three years in equal one-third installments. At December 31, 2005, the value of all of Mr. Davis s unvested restricted stock holdings (including performance shares) was $204,797, based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(27) These restricted shares consist of 83,700 and 47,500 performance shares granted in 2005 and 2004 under our Long-Term Incentive Program that will vest on the third anniversary of the grant date only if Charter meets certain performance criteria. At December 31, 2005, the value of all of Ms. Hamilton s unvested restricted stock holdings (including performance shares) was $160,064 based on a per share market value (closing sale price) of $1.22 for the Class A Common Stock on December 31, 2005.

(28) In addition to items in Note 1 above, includes $19,697 attributed to reimbursement for taxes (on a grossed up basis) paid in respect of prior reimbursements for relocation expenses.

(29) In addition to items in Note 1 above, includes accrued vacation at time of termination and severance payments pursuant to Mr. Vogel s separation agreement (See Employment Arrangements and Related Agreements).

Table of Contents

(30) In addition to items in Note 1 above, includes $51,223 attributed to reimbursement for taxes (on a grossed up basis) paid in respect of prior reimbursements for relocation expenses.

2005 Option Grants

The following table shows individual grants of options made to individuals named in the Summary Compensation Table during 2005. All such grants were made under the 2001 Stock Incentive Plan and the exercise price was based upon the fair market value of our Class A Common Stock on the respective grant dates.

Name	Number of Securities Underlying Options Granted (#)(1)	% of Total Options Granted to Employees in 2005	Exercise Price ($/Sh)	Expiration Date	Potential Realizable Value at Assumed Annual Rate of Stock Price Appreciation For Option Term(2)	
					5% ($)	10% ($)
Neil Smit	3,333,333	30.83%	$ 1.18	8/22/2015	$ 2,465,267	$ 6,247,470
Robert P. May						
Carl E. Vogel						
Michael J. Lovett	216,000	2.00%	1.30	4/26/2015	175,914	445,802
Paul E. Martin	83,700	0.77%	1.30	4/26/2015	68,430	173,415
Wayne H. Davis	145,800	1.35%	1.30	4/26/2015	118,742	300,916
Sue Ann R. Hamilton	97,200	0.90%	1.53	3/25/2015	93,221	236,240
	47,800	0.44%	1.27	10/18/2015	38,208	96,826

(1) Options are transferable under limited conditions, primarily to accommodate estate planning purposes. These options generally vest in four equal installments commencing on the first anniversary following the grant date.

(2) This column shows the hypothetical gains on the options granted based on assumed annual compound price appreciation of 5% and 10% over the full ten-year term of the options. The assumed rates of 5% and 10% appreciation are mandated by the SEC and do not represent our estimate or projection of future prices.

2005 Aggregated Option Exercises and Option Value

The following table sets forth, for the individuals named in the Summary Compensation Table, (i) information concerning options exercised during 2005, (ii) the number of shares of the Class A Common Stock underlying unexercised options at year-end 2005, and (iii) the value of unexercised in-the-money options (i.e., the positive spread between the exercise price of outstanding options and the market value of the Class A Common Stock) on December 31, 2005.

Shares	Value	Number of Securities Underlying Unexercised Options at December 31, 2005 (#)(1)	Value of Unexercised In-the-Money Options at December 31, 2005 ($)(2)

Name	**Acquired on Exercise (#)**	**Realized ($)**	**Exercisable**	**Unexercisable**	**Exercisable**	**Unexercisable**
Neil Smit				3,333,333		$ 133,333
Robert P. May						
Carl E. Vogel(3)			1,120,000			
Michael J. Lovett			93,000	395,000		
Paul E. Martin(4)			143,125	193,075		
Wayne H. Davis(5)			176,250	379,550		
Sue Ann R. Hamilton			122,500	312,500		

(1) Options granted prior to 2001 and under the 1999 Charter Communications Option Plan, when vested, are exercisable for membership units of Charter Holdco which are immediately exchanged on a one-for-one basis for shares of the Class A Common Stock upon exercise of the option. Options granted under the 2001 Stock Incentive Plan and after 2000 are exercisable for shares of the Class A Common Stock.

(2) Based on a per share market value (closing price) of $1.22 as of December 31, 2005 for the Class A Common Stock.

(3) Mr. Vogel s employment terminated on January 17, 2005. Under the terms of the separation agreement, his options continued to vest until December 31, 2005, and all vested options were exercisable for sixty (60) days thereafter.

(4) Mr. Martin s employment terminated on April 3, 2006. Under the terms of his January 9, 2006 retention agreement, his options continue to vest until September 2, 2007, and all vested options are exercisable until sixty (60) days thereafter.

(5) Mr. Davis employment terminated on March 23, 2006. Under the terms of his separation agreement, his options continue to vest until September 30, 2007, and all vested options are exercisable until sixty (60) days thereafter.

Long-Term Incentive Plans Awards in Last Fiscal Year

			Estimated Future Payouts of Shares Under Non-Stock Price-Based Plans		
Name	**Number of Shares, Units or Other Rights**	**Performance or Other Period Until Maturation or Payout**	**Threshold**	**Target**	**Maximum**
Neil Smit					
Robert P. May					
Carl E. Vogel					
Michael J. Lovett	129,600	1 year performance cycle 3 year vesting	90,720	129,600	259,200
Paul E. Martin	40,500	1 year performance cycle 3 year vesting	28,350	40,500	81,000
Wayne H. Davis	83,700	1 year performance cycle 3 year vesting	58,590	83,700	167,400
Sue Ann R. Hamilton	83,700	1 year performance cycle 3 year vesting	58,590	83,700	167,400

Option/ Stock Incentive Plans

The Plans. We have granted stock options, restricted stock and other incentive compensation under two plans the 1999 Charter Communications Option Plan and the 2001 Stock Incentive Plan. The 1999 Charter Communications Option Plan provided for the grant of options to purchase membership units in Charter Holdco to current and prospective employees and consultants of Charter Holdco and its affiliates and to our current and prospective non-employee directors. Membership units received upon exercise of any options are immediately exchanged for

shares of the Class A Common Stock on a one-for-one basis.

The 2001 Stock Incentive Plan provides for the grant of non-qualified stock options, stock appreciation rights, dividend equivalent rights, performance units and performance shares, share awards, phantom stock and shares of restricted stock (currently not to exceed 20,000,000 shares) as each term is defined in the 2001 Stock Incentive Plan. Employees, officers, consultants and directors of Charter and its subsidiaries and affiliates are eligible to receive grants under the 2001 Stock Incentive Plan. Generally, options expire 10 years from the grant date. Unless sooner terminated by our board of directors, the 2001 Stock Incentive Plan will terminate on February 12, 2011, and no option or award can be granted thereafter.

Together, the plans allow for the issuance of up to a total of 90,000,000 shares of the Class A Common Stock (or units exchangeable for the Class A Common Stock). Any shares covered by options that are terminated under the 1999 Charter Communications Option Plan will be transferred to the 2001 Stock Incentive Plan, and no new options will be granted under the 1999 Charter Communications Option Plan. At December 31, 2005, 1,317,520 shares had been issued under the plans upon exercise of options, 825,725 had been issued upon vesting of restricted stock granted under the plans, and 4,252,570 shares were subject to future vesting under restricted stock agreements. Of the remaining 83,604,185 shares covered by the plans, as of December 31, 2005, 29,126,744 were subject to outstanding options (34% of which were vested), and there were 11,719,032 performance shares granted under Charter s Long-Term Incentive Program as of December 31, 2005, to vest on the third anniversary of the date of grant conditional upon Charter s performance against certain financial targets approved by Charter s board of directors at the time of the award. As of December 31, 2005, 42,758,409 shares remained available for future grants under the plans. As of December 31, 2005, there were 5,341 participants in the plans.

The plans authorize the repricing of options, which could include reducing the exercise price per share of any outstanding option, permitting the cancellation, forfeiture or tender of outstanding options in exchange for other awards or for new options with a lower exercise price per share, or repricing or replacing any outstanding options by any other method.

Long-Term Incentive Program. In January 2004, the Compensation Committee of our board of directors approved our Long-Term Incentive Program (the LTIP) which is a program administered under the 2001 Stock Incentive Plan. Under the LTIP, employees of Charter and its subsidiaries whose pay classifications exceed a certain level are eligible to receive stock options, and more senior level employees were eligible to receive stock options and performance shares. The stock options vest 25% on each of the first four anniversaries of the date of grant. The performance shares vest on the third anniversary of the date of grant, conditional upon our performance against financial performance measures established by our management and approved by the board of directors or Compensation Committee as of the time of the award. Charter granted 3.2 million performance shares in 2005 under this program except that the 2005 performance share grants are based on a one-year performance cycle. We recognized expense of $1 million in the first three quarters of 2005. However, in the fourth quarter of 2005, we reversed the entire $1 million of expense based on our assessment of the probability of achieving the financial performance measures established by management and required to be met for the performance shares to vest. In February 2006, Charter s Compensation Committee approved achievement of the financial performance measures required for the 2005 performance shares to vest at a level of 86.25%. Management believes that approximately 2.5 million of the performance shares are likely to vest. As such, expense of approximately $3 million will be amortized over the remaining two year service period.

The 2001 Stock Incentive Plan must be administered by, and grants and awards to eligible individuals must be approved by, our board of directors or a committee thereof consisting solely of non-employee directors as defined in Section 16b-3 under the Securities Exchange Act of 1934, as amended. The board of directors or such committee determines the terms of each stock option grant, restricted stock grant or other award at the time of grant, including the exercise price to be paid for the shares, the vesting schedule for each option, the price, if any, to be paid by the grantee for the restricted stock, the restrictions placed on the shares, and the time or times when the restrictions will lapse. The board of directors or such committee also has the power to accelerate the vesting of any grant or extend the term thereof.

Upon a change of control of Charter, the board of directors or the administering committee can shorten the exercise period of any option, have the survivor or successor entity assume the options with appropriate adjustments, or cancel options and pay out in cash. If an optionee s or grantee s employment is terminated without cause or for good reason following a change in control (as those terms are defined in the plans), unless otherwise provided in an agreement, with respect to such optionee s or grantee s awards under the plans, all outstanding options will become immediately and fully exercisable, all outstanding stock appreciation rights will become immediately and fully exercisable, the restrictions on the outstanding restricted stock will lapse, and all of the outstanding performance shares will vest and the

181

restrictions on all of the outstanding performance shares will lapse as if all performance objectives had been satisfied at the maximum level.

February 2004 Option Exchange. In January 2004, we offered employees of Charter and its subsidiaries the right to exchange all stock options (vested and unvested) under the 1999 Charter Communications Option Plan and 2001 Stock Incentive Plan that had an exercise price over $10 per share for shares of restricted Charter Class A Common Stock or, in some instances, cash. Based on a sliding exchange ratio, which varied depending on the exercise price of an employee s outstanding options, if an employee would have received more than 400 shares of restricted stock in exchange for tendered options, we issued to that employee shares of restricted stock in the exchange. If, based on the exchange ratios, an employee would have received 400 or fewer shares of restricted stock in exchange for tendered options, we instead paid to the employee cash in an amount equal to the number of shares the employee would have received multiplied by $5.00. The offer applied to options to purchase a total of 22,929,573 shares of Class A Common Stock, or approximately 48% of our 47,882,365 total options (vested and unvested) issued and outstanding as of December 31, 2003. Participation by employees was voluntary. Non-employee members of the board of directors of Charter or any of its subsidiaries were not eligible to participate in the exchange offer.

In the closing of the exchange offer on February 20, 2004, we accepted for cancellation eligible options to purchase approximately 18,137,664 shares of Class A Common Stock. In exchange, we granted approximately 1,966,686 shares of restricted stock, including 460,777 performance shares to eligible employees of the rank of senior vice president and above, and paid a total cash amount of approximately $4 million (which amount includes applicable withholding taxes) to those employees who received cash rather than shares of restricted stock. The restricted stock was granted on February 25, 2004. Employees tendered approximately 79% of the options eligible to be exchanged under the program.

The cost of the stock option exchange program was approximately $10 million, with a 2004 cash compensation expense of approximately $4 million and a non-cash compensation expense of approximately $6 million to be expensed ratably over the three-year vesting period of the restricted stock issued in the exchange.

The participation of the named executive officers in this exchange offer is reflected in the following table:

Name	Date	Number of Securities Underlying Options Exchanged	Market Price of Stock at Time of Exchange ($)	Exercise Price at Time of Exchange ($)	New Exercise Price ($)	Length of Original Option Term Remaining at Date of Exchange
Carl E. Vogel Former President and Chief Executive Officer	2/25/04	3,400,000	4.37	13.68	(1)	7 years 7 months
Paul E. Martin Former Senior Vice President,	2/25/04	15,000 50,000	4.37 4.37	23.09 11.99	(2)	7 years 0 months 7 years 7 months
Principal Accounting Officer and Corporate Controller		40,000	4.37	15.03		6 years 3 months
Wayne H. Davis Former Executive Vice President and Chief Technical Officer	2/25/04	40,000 40,000	4.37 4.37	23.09 12.27	(3)	7 years 0 months 7 years 11 months

(1) On February 25, 2004, in exchange for 3,400,000 options tendered, 340,000 performance shares were granted with a three year performance cycle and three year vesting along with 340,000 restricted stock units with one-third of the shares vesting on each of the first three anniversaries of the date of grant. On the grant date, the price of our common stock was $4.37.

(2) On February 25, 2004, in exchange for 105,000 options tendered, 8,607 performance shares were granted with a three year performance cycle and three year vesting along with 8,607 restricted stock

units with one-third of the shares vesting on each of the first three anniversaries of the grant date. On the grant date, the price of Charter s common stock was $4.37.

(3) On February 25, 2004, in exchange for 80,000 options tendered, 4,000 performance shares were granted with a three year performance cycle and three year vesting along with 4,000 restricted stock units with one-third of the shares vesting on each of the first three anniversaries of the grant date. On the grant date, the price of Charter s common stock was $4.37.

2005 Executive Cash Award Plan

On June 9, 2005, we adopted the 2005 Executive Cash Award Plan to provide additional incentive to, and retain the services of, certain officers of Charter and its subsidiaries, to achieve the highest level of individual performance and contribute to the success of Charter. Eligible participants are employees of Charter or any of its subsidiaries who have been recommended by the CEO and designated and approved as Plan participants by the Compensation Committee Charter s board of directors. At the time the Plan was adopted, the interim CEO recommended and the Compensation Committee designated and approved as Plan participants the permanent President and Chief Executive Officer position (when filled), Executive Vice President positions and selected Senior Vice President positions.

The Plan provides that each participant be granted an award which represents an opportunity to receive cash payments in accordance with the Plan. An award will be credited in book entry format to a participant s account in an amount equal to 100% of a participant s base salary on the date of Plan approval in 2005 and 20% of participant s base salary in each year 2006 through 2009, based on that participant s base salary as of May 1 of the applicable year. The Plan awards will vest at the rate of 50% of the plan award balance at the end of 2007 and 100% of the plan award balance at the end of 2009. Participants will be entitled to receive payment of the vested portion of the award if the participant remains employed by Charter continuously from the date of the participant s initial participation through the end of the calendar year in which his or her award becomes vested, subject to payment of pro-rated award balances to a participant who terminates due to death or disability or in the event we elect to terminate the Plan.

A participant s eligibility for, and right to receive, any payment under the Plan (except in the case of intervening death) is conditioned upon the participant first executing and delivering to Charter an agreement releasing and giving up all claims that participant may have against Charter and related parties arising out of or based upon any facts or conduct occurring prior to the payment date, and containing additional restrictions on post-employment use of confidential information, non-competition and nonsolicitation and recruitment of customers and employees.

In April 2006, the Plan was revised to accommodate new participants who become eligible for the Plan beginning in April 2006 through December 2006. For those new participants, an award will be credited in book entry format to a participant s account in an amount equal to 100% of a participant s base salary on the date of eligibility approval or hire in 2006 and 20% of participant s base salary in each year 2007 through 2010, based on that participant s base salary as of May 1 of the applicable year. The Plan awards will vest at the rate of 50% of the plan award balance at the end of 2008 and 100% of the Plan award balance at the end of 2010. All other terms and conditions remain the same.

Employment Arrangements and Related Agreements

Charter and Neil Smit entered into an agreement as of August 9, 2005 whereby Mr. Smit will serve as Charter s President and Chief Executive Officer (the Employment Agreement) for a term expiring on December 31, 2008, and Charter may extend the agreement for an additional two years by giving Mr. Smit written notice of its intent to extend not less than six months prior to the expiration of the Employment Agreement (Mr. Smit has the right to reject the extension within a certain time period as set forth in the Employment Agreement). Under the Employment Agreement, Mr. Smit will receive a $1,200,000 base salary per year, through the third anniversary of the Employment Agreement, and thereafter $1,440,000 per year for the remainder of the Employment Agreement. Mr. Smit shall be eligible

to receive a performance-based target bonus of 125% of annualized salary, with a maximum bonus of 200% of annualized salary, as determined by the Compensation Committee of Charter s board of directors. However, for 2005 only, he received a minimum bonus of $1,200,000, provided only that he was employed by Charter on December 31, 2005. Under Charter s Long-Term Incentive Plan, he received options to purchase 3,333,333 shares of Class A Common Stock, exercisable for 10 years, with annual vesting of one-third of the grant in each of the three years from his employment date; a performance share award for a maximum of 4,123,720 shares of Class A Common Stock, to be earned during a three-year performance cycle starting January 2006; and a restricted stock award of 1,562,500 shares of Class A Common Stock, with annual vesting over three years following his employment date. In addition, Mr. Smit received another restricted stock award for 1,250,000 shares of Class A Common Stock which will vest on the first anniversary of his employment date.

Mr. Smit received full reimbursement for his relocation expenses and will receive employee benefits consistent with those made generally available to other senior executives. In the event that Mr. Smit is terminated by Charter without cause or for good reason termination, as those terms are defined in the Employment Agreement, he will receive the greater of two times base salary or salary through the remainder to the term of the Employment Agreement; a pro rata bonus for the year of termination; full vesting of options and restricted shares; vesting of performance stock if targets are achieved; and a lump sum payment equal to twelve months of COBRA payments. The Employment Agreement contains non-compete provisions from six months to two years, depending on the type of termination. Charter will gross up federal taxes in the event that Mr. Smit is subject to any additional tax under Section 409A of the Internal Revenue Code.

Charter entered into an agreement with Robert May, effective January 17, 2005, whereby Mr. May served as Charter s Interim President and Chief Executive Officer (the May Executive Services Agreement). Under the May Executive Services Agreement, Mr. May received a $1,250,000 base fee per year. Mr. May continued to receive the compensation and reimbursement of expenses to which he was entitled in his capacity as a member of Charter s board of directors. The May Executive Services Agreement provided that Charter would provide equity incentives commensurate with his position and responsibilities, as determined by Charter s board of directors. Accordingly, Mr. May was granted 100,000 shares of restricted stock under Charter s 2001 Stock Incentive Plan. The 100,000 restricted shares vested on the date on which Mr. May s interim service as President and Chief Executive Officer terminated, August 22, 2005. Mr. May served as an independent contractor and was not entitled to any vacation or eligible to participate in any employee benefit programs of Charter. Charter reimbursed Mr. May for reasonable transportation costs from Mr. May s residence in Florida or other locations to Charter s offices and provided temporary living quarters or reimbursed expenses related thereto. The May Executive Services Agreement was terminated effective December 31, 2005 and upon termination of the Agreement, Mr. May was eligible for a bonus payment. On January 5, 2006, Charter paid him a bonus of $750,000, with the possibility that such bonus would be increased by an additional percentage. In February 2006, Charter s Compensation Committee approved an additional bonus of approximately $88,900 for Mr. May.

Charter and Michael Lovett entered into an employment agreement, effective as of February 28, 2006 (the Lovett Agreement), whereby Mr. Lovett will serve as its Executive Vice President and Chief Operating Officer at a salary of $700,000 per year which is to be reviewed annually, and will perform such duties and responsibilities set forth in the Lovett Agreement. The Lovett Agreement amends, supersedes and replaces Mr. Lovett s prior employment agreement dated March 31, 2005. The term of the Agreement is three years from the effective date and will be reviewed and considered for extension at 18-month intervals during Mr. Lovett s employment. Under the Lovett Agreement, Mr. Lovett will be entitled to receive cash bonus payments in an amount per year targeted at 100% of salary in accordance with the senior management plan and to participate in all employee benefit plans that are offered to other senior executives. Mr. Lovett received a grant of 150,000 restricted shares of Class A Common Stock on the effective date of the Lovett Agreement, which will vest in equal installments over a three-year period from employment date; an award of 300,000 restricted shares of Class A Common Stock on the first anniversary

of the Lovett Agreement, vesting in equal installments over a three-year period; an award of options to purchase 432,000 shares of Class A Common Stock under terms of Charter s 2001 Stock Incentive Plan on the effective date of the Lovett Agreement; an award of options to purchase 864,000 shares of Class A Common Stock under the terms of the 2001 Stock Incentive Plan on the first anniversary of the Lovett Agreement; an award of 259,200 performance shares under the 2001 Stock Incentive Plan on the effective date of the Lovett Agreement and will be eligible to earn these shares over a performance cycle from January 2006 to December 2006; and an award of 518,400 performance shares under the 2001 Stock Incentive Plan on the first anniversary of the Lovett Agreement and will be eligible to earn these shares over a three-year performance cycle January 2007-December 2009.

If terminated other than for cause, as such term is defined in the Lovett Agreement, prior to March 31, 2007, Mr. Lovett will receive relocation expenses to the city of his choice in the 48 contiguous states in accordance with Charter s relocation policy. In the event that Mr. Lovett is terminated by Charter without cause, for good reason or by Mr. Lovett within 60 days following a change in control, as those terms are defined in the Lovett Agreement, Mr. Lovett will receive his salary for the remainder of the term of the Lovett Agreement; a pro rata bonus for the year of termination; and the immediate vesting of options, restricted stock and performance shares. The Lovett Agreement also contains a two-year non-solicitation clause.

As of January 20, 2006, Charter entered into an employment agreement with Jeffrey Fisher, Executive Vice President and Chief Executive Officer (the Fisher Agreement). The Fisher Agreement provides that Mr. Fisher will serve in an executive capacity as its Executive Vice President at a salary of $500,000, to perform such executive, managerial and administrative duties as are assigned or delegated by the President and/or Chief Executive Officer, including but not limited to serving as Chief Financial Officer. The term of the Fisher Agreement is two years from the effective date. Under the Fisher Agreement, Mr. Fisher received a signing bonus of $100,000 and he shall be eligible to receive a performance-based target bonus of up to 70% of salary and to participate in the Long-Term Incentive Plan and to receive such other employee benefits as are available to other senior executives. Mr. Fisher will participate in the 2005 Executive Cash Award Plan commencing in 2006 and, in addition, Charter will provide the same additional benefit to Mr. Fisher that he would have been entitled to receive under the Plan if he had participated in the Plan at the time of its inception in 2005. He also received a grant of 50,000 restricted shares of Class A Common Stock, which will vest in equal installments over a three-year period from his employment date; an award of options to purchase 1,000,000 shares of Class A Common Stock under terms of the 2001 Stock Incentive Plan on the effective date of the Fisher Agreement; and in the first quarter of 2006, an award of additional options to purchase 145,800 shares of Class A Common Stock under the 2001 Stock Incentive Plan. Those options shall vest in equal installments over a four-year time period from the grant date. In addition, in the first quarter of 2006, he received 83,700 performance shares under the 2001 Stock Incentive Plan and will be eligible to earn these shares over a three-year performance cycle from January 2006 to December 2008.

Mr. Fisher received relocation assistance pursuant to Charter s executive homeowner relocation plan and the costs for temporary housing. In the event that Mr. Fisher is terminated by Charter without cause or for good reason, as those terms are defined in the Fisher Agreement, Mr. Fisher will receive his salary for the remainder of the term of the agreement or twelve months salary, whichever is greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The Fisher Agreement contains a one-year non-compete provision (or until the end of the term of the Fisher Agreement, if longer) and a two-year non-solicitation clause.

Until his employment terminated on March 23, 2006, Wayne Davis was employed as Executive Vice President and Chief Technical Officer. On April 5, 2006, Charter entered into an agreement with Mr. Davis governing the terms and conditions of his resignation as an officer and employee of Charter, effective March 23, 2006 (the Separation Agreement). Under the terms of the Separation Agreement, Mr. Davis will receive the amount of base salary, calculated at an annual rate of $450,000 from March 23,

2006 until September 30, 2007, (the Separation Term), which will be paid over the remainder of the Separation Term in equal bi-weekly installments on Charter s regular pay days for executives. These payments will be made in accordance with section 409A of the Internal Revenue Code. Mr. Davis will be eligible for a prorated amount of incentive compensation for 2006 based on the period from January 1, 2006 and his termination date of March 23, 2006. This amount will be payable no later than April 1, 2007. Mr. Davis received a lump sum payment equal to 18 times the monthly cost, at the time of termination, for paid coverage for health, dental and vision benefits under COBRA. Any stock options and restricted stock previously granted to Mr. Davis will continue to vest during the remainder of the Separation Term. Mr. Davis agreed to abide by the non-disparagement provision in the Separation Agreement and released Charter from any claims arising out of or based upon any facts occurring prior to the date of the Separation Agreement. Mr. Davis has also agreed that he will continue to be bound by the non-competition, non-interference and non-disclosure provisions contained in his September 7, 2005 employment agreement.

On April 5, 2006, Charter entered into a consulting agreement with Mr. Davis governing the terms and conditions for his services as an independent consultant to Charter, effective March 23, 2006 (the Consulting Agreement). Mr. Davis will serve as an independent consultant for Charter providing such professional, executive and administrative duties, directives and assignments as may reasonable by assigned to him by the Chief Executive Officer, Chief Operating Officer or their designee, from March 24, 2006 until April 28, 2006 or such later date designated by Charter (the Consulting Period). Mr. Davis received $45,000 in return for his services through April 28, 2006, which was paid on the regular Charter pay period for executives following April 28, 2006. If Charter requests Mr. Davis services after April 28, 2006, Mr. Davis will be paid at a rate of $1,730 per day for each worked thereafter, which he will receive on the next regular Charter pay period for executives immediately following the last day of service. Mr. Davis payments as an independent consultant are separate from the payments he will receive pursuant to his Separation Agreement. During the Consulting Period, Mr. Davis will be reimbursed for reasonable expenses incurred at Charter s request in connection with his consulting activities, including but not limited to reasonable travel, lodging and entertainment expenses. Since Mr. Davis will not be an employee of Charter, he agrees that he will not be eligible for programs applicable to an employee of Charter, such as incentive, bonus and benefit plans, vacation, sick or paid leave and 401(k). Mr. Davis agrees that the confidentiality and non-disclosure obligations contained in his Separation Agreement and his employment agreement will extend during his Consulting Period.

On September 7, 2005, Charter entered into an employment agreement with Mr. Davis, then Executive Vice President and Chief Technical Officer. The agreement provided that Mr. Davis be employed in an executive capacity to perform such duties as were assigned or delegated by the President and Chief Executive Officer or the designee thereof, at a salary of $450,000. The term of this agreement was two years from the date of the agreement. Mr. Davis was eligible to participate in Charter s Long-Term Incentive Plan, 2001 Stock Incentive Plan and to receive such employee benefits as are available to other senior executives. In the event that he was terminated by Charter without cause or for good reason, as those terms are defined in the agreement, he would receive his salary for the remainder of the term of the agreement or twelve months salary, whichever was greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The agreement contains one-year, non-compete provisions (or until the end of the term of the agreement, if longer) in a Competitive Business, as such term is defined in the agreement, and two-year non-solicitation clauses.

Until his resignation in April 2006, Paul Martin was employed as Senior Vice President, Principal Accounting Officer and Corporate Controller. Upon resignation, the termination terms of his retention agreement went into effect. Effective January 9, 2006, Charter entered into a retention agreement with Mr. Martin, in which Mr. Martin agreed to remain as Interim Chief Financial Officer until at least March 31, 2006 or such time as Charter reassigns or terminates his employment, whichever occurs first (the Termination Date). On the Termination Date, Charter paid Mr. Martin a special retention bonus

in a lump sum of $116,200. This special retention bonus was in addition to any amounts due to Mr. Martin under the 2005 Executive Bonus Plan and to any other severance amounts, set forth below. Mr. Martin will not participate in any executive incentive or bonus plan for 2006 unless otherwise agreed to by the parties. In addition, pursuant to this agreement, Charter would treat (a) any termination of Mr. Martin s employment by Charter without cause, and other than due to death or disability, as such latter term is defined in his previously-executed employment agreement, after January 1, 2006, and (b) any termination by Mr. Martin of his employment for any reason after April 1, 2006 (including voluntary resignation), as if his employment terminated without cause and Charter would pay as severance to Mr. Martin an amount calculated pursuant to his employment agreement on the basis of his base salary as Controller and without regard to any additional compensation he had been receiving as Interim Chief Financial Officer. He also received three months of outplacement assistance at a level and from a provider selected by Charter in its sole discretion.

On September 2, 2005, Charter entered into an employment agreement with Mr. Martin. The agreement provides that Mr. Martin would be employed in an executive capacity to perform such duties as are assigned or delegated by the President and Chief Executive Officer or the designee thereof, at a salary of $240,625. The term of this agreement was two years from the date of the agreement. Mr. Martin was eligible to participate in Charter s Long-Term Incentive Plan, 2001 Stock Incentive Plan and to receive such employee benefits as available to other senior executives. In the event that he was terminated by Charter without cause or for good reason, as those terms are defined in the agreement, he would receive his salary for the remainder of the term of the agreement or twelve months salary, whichever was greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The agreement contained one-year, non-compete provisions (or until the end of the term of the agreement, if longer) in a Competitive Business, as such term is defined in the agreement, and two-year non-solicitation clauses.

Effective April 15, 2005, Charter also entered into an agreement governing the terms of the service of Mr. Martin as Interim Chief Financial Officer. Under the terms of the agreement, Mr. Martin received approximately $13,700 each month for his service in the capacity of Interim Chief Financial Officer until a permanent Chief Financial Officer was employed. Under the agreement, Mr. Martin was also be eligible to receive an additional bonus opportunity of up to approximately $13,600 per month served as Interim Chief Financial Officer, payable in accordance with Charter s 2005 Executive Bonus Plan. The amounts payable to Mr. Martin under the agreement were in addition to all other amounts Mr. Martin received for his services in his capacity as Senior Vice President, Principal Accounting Officer and Corporate Controller. In addition, Mr. Martin received an additional special bonus of $50,000 for his service as Interim co-Chief Financial Officer prior to April 15, 2005. This amount was in addition to the bonus agreed upon in 2004 for his service in that capacity through March 31, 2005.

On October 31, 2005, Charter entered into an employment agreement with Sue Ann Hamilton, Executive Vice President, Programming. The agreement provides that Ms. Hamilton shall be employed in an executive capacity to perform such duties as are assigned or delegated by the President and Chief Executive Officer or the designee thereof, at a salary of $371,800. The term of this agreement is two years from the date of the agreement. She shall be eligible to participate in Charter s incentive bonus plan that applies to senior executives, the 2001 Stock Incentive Plan and to receive such employee benefits as are available to other senior executives. In the event that Ms. Hamilton s employment is terminated by Charter without cause or for good reason, as those terms are defined in the employment agreement, Ms. Hamilton will receive her salary for the remainder of the term of the agreement or twelve months salary, whichever is greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The employment agreement contains a one-year non-compete provision (or until the

end of the term of the agreement, if longer) in a Competitive Business, as such term is defined in the agreement, and two-year non-solicitation clauses.

On November 14, 2005, Charter executed an employment agreement with Grier Raclin, effective as of October 10, 2005. The agreement provides that Mr. Raclin shall be employed in an executive capacity as Executive Vice President and General Counsel with management responsibility for Charter s legal affairs, governmental affairs, compliance and regulatory functions and to perform such other legal, executive, managerial and administrative duties as are assigned or delegated by the Chief Executive Officer or the equivalent position, at a salary of $425,000, to be reviewed on an annual basis. The agreement also provides for a one time signing bonus of $200,000, the grant of 50,000 restricted shares of Class A Common Stock, an option to purchase 100,000 shares of Class A Common Stock under the 2001 Stock Incentive Plan, an option to purchase 145,800 shares of Class A Common Stock under the Long-Term Incentive portion of the 2001 Stock Incentive Plan, and 62,775 performance shares under the 2001 Stock Incentive Plan. He shall be eligible to participate in the incentive bonus plan, the 2005 Executive Cash Award Plan and to receive such other employee benefits as are available to other senior executives. The term of this agreement is two years from the effective date of the agreement. In the event that Mr. Raclin s employment is terminated by Charter without cause or by Mr. Raclin for good reason, as those terms are defined in the employment agreement, Mr. Raclin will receive (a) if such termination occurs before the first scheduled payout of the executive cash award plan (unless that failure is due to his failure to execute the required related agreement) or at any time within one year after a change of control as defined in the agreement, two (2) times his salary or (b) if such termination occurs at any other time, his salary for the remainder of the term of the agreement or twelve months salary, whichever is greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The employment agreement contains a one-year non-compete provision (or until the end of the term of the agreement, if longer) in a Competitive Business, as such term is defined in the agreement, and a two-year non-solicitation clause. Mr. Raclin is entitled to relocation assistance pursuant to Charter s executive homeowner relocation plan and the costs for temporary housing until he consummates the purchase of a home in the St. Louis area or August 16, 2006, whichever occurs first.

On August 1, 2006, Charter executed an employment agreement with Mr. Fawaz. The agreement provides that Mr. Fawaz will serve in an executive capacity as its Executive Vice President at a salary of $450,000, to perform such executive, managerial and administrative duties as are assigned or delegated by the President and/or Chief Executive Officer, including but not limited to serving as Chief Technology Officer. The term of the employment agreement is two years from the effective date. Under the employment agreement, Mr. Fawaz will receive a signing bonus of $100,000 and he shall be eligible to receive a performance-based target bonus of up to 70% of salary and to participate in the LTIP and to receive such other employee benefits as are available to other senior executives. Mr. Fawaz will participate in the 2005 Executive Cash Award Plan, as amended, commencing in 2006, which will provide the same benefit to Mr. Fawaz that he would have been entitled to receive under the Cash Award Plan if he had participated in the Plan at the time of the inception of the Plan in 2005, only with cash awards made one-year later. He will also receive a grant of 50,000 restricted shares of Class A Common Stock, vesting in equal installments over a three-year period from effective date and an award of options to purchase 300,000 shares of Class A Common Stock under terms of the stock incentive plan on the effective date of the Employment Agreement, which will vest in equal installments over a four-year time period from the grant date. In addition, on the effective date, he will receive 133,741 performance shares under the stock incentive plan and will be eligible to earn these shares over a one-year performance cycle to vest at the end of a three-year vesting period. In the event that Mr. Fawaz s employment is terminated by Charter without cause or for good reason, as those terms are defined in the employment agreement, Mr. Fawaz will receive his salary for the remainder of the term of the agreement or twelve months salary, whichever is greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are

made. The employment agreement contains a one-year non-compete provision (or until the end of the term of the agreement, if longer) and a two-year non-solicitation clause.

On December 9, 2005, Charter executed an employment agreement with Robert Quigley. The agreement provides that Mr. Quigley shall be employed in an executive capacity to perform such executive, managerial and administrative duties as are assigned or delegated by the President and Chief Executive Officer or the designee thereof, at a salary of $450,000. He shall be eligible to participate in the incentive bonus plan, the 2001 Stock Incentive Plan and to receive such other employee benefits as are available to other senior executives. The term of this agreement is two years from the effective date of the agreement. In the event that Mr. Quigley s employment is terminated by Charter without cause or by Mr. Quigley for good reason, as those terms are defined in the employment agreement, Mr. Quigley will receive his salary for the remainder of the term of the agreement or twelve months salary, whichever is greater; a pro rata bonus for the year of termination; a lump sum payment equal to payments due under COBRA for the greater of twelve months or the number of full months remaining in the term of the agreement; and the vesting of options and restricted stock for as long as severance payments are made. The employment agreement contains a one-year non-compete provision (or until the end of the term of the agreement, if longer) in a Competitive Business, as such term is defined in the agreements, and two-year non-solicitation clauses. In addition, at the time of his employment, Charter agreed to pay him a signing bonus of $200,000 deferred until January 2006; grant options to purchase 145,800 shares of Class A Common Stock under our 2001 Stock Incentive Plan; 83,700 performance shares under our 2001 Stock Incentive Plan; and 50,000 shares of restricted stock which will vest over a three year period.

Until his resignation in January 2005, Carl Vogel was employed as President and Chief Executive Officer, earning a base annual salary of $1,000,000 and was eligible to receive an annual bonus of up to $500,000, a portion of which was based on personal performance goals and a portion of which was based on Charter s performance measured against criteria established by the board of directors of Charter with Mr. Vogel. Pursuant to his employment agreement, Mr. Vogel was granted 3,400,000 options to purchase Class A Common Stock and 50,000 shares of restricted stock under our 2001 Stock Incentive Plan. In the February 2004 option exchange, Mr. Vogel exchanged his 3,400,000 options for 340,000 shares of restricted stock and 340,000 performance shares. Mr. Vogel s initial 50,000 restricted shares vested 25% on the grant date, with the remainder vesting in 36 equal monthly installments beginning December 2002. The 340,000 shares of restricted stock were to vest over a three-year period, with one-third of the shares vesting on each of the first three anniversaries of the grant date. The 340,000 performance shares were to vest at the end of a three-year period if certain financial criteria were met. Mr. Vogel s agreement provided that, if Mr. Vogel is terminated without cause or if Mr. Vogel terminated the agreement for good reason, he would be entitled to his aggregate base salary due during the remainder of the term and full prorated benefits and bonus for the year in which termination occurs. Mr. Vogel s agreement included a covenant not to compete for the balance of the initial term or any renewal term, but no more than one year in the event of termination without cause or by Mr. Vogel with good reason. Mr. Vogel s agreement entitled him to participate in any disability insurance, pensions or other benefit plans afforded to employees generally or to our executives, including our LTIP. We agreed to reimburse Mr. Vogel annually for the cost of term life insurance with a death benefit in the amount of $5 million, although he declined this reimbursement in 2003, 2004 and 2005. Mr. Vogel was entitled to reimbursement of fees and dues for his membership in a country club of his choice, which he declined in 2003, 2004 and 2005, and reimbursement for up to $10,000 per year for tax, legal and financial planning services. His agreement also provided for a car and associated expenses for Mr. Vogel s use. Mr. Vogel s agreement provided for automatic one-year renewals and also provided that we would cause him to be elected to our board of directors without any additional compensation.

In February 2005, Charter entered into an agreement with Mr. Vogel setting forth the terms of his resignation. Under the terms of the agreement, Mr. Vogel received in February 2005 all accrued and unpaid base salary and vacation pay through the date of resignation and a lump sum payment equal to the remainder of his base salary during 2005 (totaling $953,425). In addition, he received a lump sum cash

payment of approximately $358,000 in January 2006, which represented the agreed-upon payment of $500,000 reduced to the extent of compensation attributable to certain competitive activities.

Mr. Vogel continued to receive certain health benefits during 2005 and will receive COBRA premiums for such health insurance coverage for 18 months thereafter. All of his outstanding stock options, as well as his restricted stock granted in 2004 (excluding 340,000 shares of restricted stock granted as performance units , which were automatically forfeited), continued to vest through December 31, 2005. In addition, one-half of the remaining unvested portion of his 2001 restricted stock grant vested upon the effectiveness of the agreement and the other half was forfeited. Mr. Vogel had 60 days after December 31, 2005 to exercise any outstanding vested stock options. Under the agreement, Mr. Vogel waived any further right to any bonus or incentive plan participation and provided certain releases of claims against Charter and its subsidiaries from any claims arising out of or based upon any facts occurring prior to the date of the agreement, but Charter will continue to provide Mr. Vogel certain indemnification rights and to include Mr. Vogel in its director and officer liability insurance for a period of six years. Charter and its subsidiaries also agreed to provide releases of certain claims against Mr. Vogel with certain exceptions reserved. Mr. Vogel also agreed, with limited exceptions that he will continue to be bound by the covenant not to compete, confidentiality and non-disparagement provisions contained in his 2001 employment agreement.

In addition to the indemnification provisions which apply to all employees under Charter s Bylaws, Mr. Vogel s agreement provides that we will indemnify and hold him harmless to the maximum extent permitted by law from and against any claims, damages, liabilities, losses, costs or expenses in connection with or arising out of the performance by him of his duties. The above agreement also contains confidentiality and non-solicitation provisions.

We have established separation guidelines which generally apply to all employees in situations where management determines that an employee is entitled to severance benefits. Severance benefits are granted solely in management s discretion and are not an employee entitlement or guaranteed benefit. The guidelines provide that persons employed at the level of Senior Vice President may be eligible to receive between six and fifteen months of severance benefits. Currently, all Executive Vice Presidents have employment agreements with Charter which provide for specific separation arrangements ranging from the payment of twelve to twenty-four months of severance benefits. Separation benefits are contingent upon the signing of a separation agreement containing certain provisions including a release of all claims against us. Severance amounts paid under these guidelines are distinct and separate from any one-time, special or enhanced severance programs that may be approved by us from time to time.

Our senior executives are eligible to receive bonuses according to our 2005 Executive Bonus Plan. Under this plan, our executive officers and certain other management and professional employees are eligible to receive an annual bonus. Each participating employee would receive his or her target bonus if Charter (or such employee s division) meets specified performance measures for revenues, operating cash flow, un-levered free cash flow and customer satisfaction.

Limitation of Directors Liability and Indemnification Matters

The Restated Certificate of Incorporation of Charter limits the liability of directors to the maximum extent permitted by Delaware law. The Delaware General Corporation Law provides that a corporation may eliminate or limit the personal liability of a director for monetary damages for breach of fiduciary duty as a director, except for liability for:

(1) any breach of the director s duty of loyalty to the corporation and its shareholders;

(2) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

(3) unlawful payments of dividends or unlawful stock purchases or redemptions; or

(4) any transaction from which the director derived an improper personal benefit.

Charter s Bylaws provide that we will indemnify all persons whom we may indemnify pursuant thereto to the fullest extent permitted by law.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

We have reimbursed certain of our current and former directors, officers and employees in connection with their defense in certain legal actions. See Certain Relationships and Related Party Transactions Other Miscellaneous Relationships Indemnification Advances.

Sale of Restricted Shares by Mr. Smit

On August 22, 2006, restrictions on 1,770,834 shares of Class A Common Stock owned by Mr. Neil Smit, our President and Chief Executive Officer, lapsed. As a result of such lapse, Mr. Smit had a taxable event based upon the fair market value of such shares of Class A Common Stock on such date. Mr. Smit, in order to fund such estimated tax liability, sold 800,000 shares in the open market on August 22, 2006.

Table of Contents

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial ownership of the Class A Common Stock as of June 30, 2006 by:

each current director of Charter;

the current chief executive officer and individuals named in the Summary Compensation Table;

all persons currently serving as directors and officers of Charter, as a group; and

each person known by us to own beneficially 5% or more of outstanding Class A Common Stock as of June 30, 2006.

With respect to the percentage of voting power set forth in the following table:

each holder of Class A Common Stock is entitled to one vote per share; and

each holder of Class B common stock is entitled to (i) ten votes per share of Class B common stock held by such holder and its affiliates and (ii) ten votes per share of Class B Common Stock for which membership units in Charter Holdco held by such holder and its affiliates are exchangeable.

The 50,000 shares of Class B common stock owned by Mr. Allen represents 100% of the outstanding Class B shares.

* Less than 1%.

(1) Includes shares for which the named person has sole voting and investment power; or shared voting and investment power with a spouse. Does not include shares that may be acquired through exercise of options.

(2) Includes unvested shares of restricted stock issued under the 2001 Stock Incentive Plan (including those issued in the February 2004 option exchange for those eligible employees who elected to participate), as to which the applicable director or employee has sole voting power but not investment power. Excludes certain performance units granted under the 2001 Stock Incentive Plan with respect to which shares will not be issued until the third anniversary of the grant date and then only if Charter meets certain performance criteria (and which consequently do not provide the holder with any voting rights).

(3) Includes shares of Class A Common Stock issuable upon exercise of options that have vested or will vest on or before August 29, 2006 under the 1999 Charter Communications Option Plan and the 2001 Stock Incentive Plan.

(4) Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act. The beneficial owners at June 30, 2006 of Class B common stock, Charter Holdco membership units and Charter s convertible

senior notes are deemed to be beneficial owners of an equal number of shares of Class A Common Stock because such holdings are either convertible into Class A shares (in the case of Class B shares and convertible senior notes) or exchangeable (directly or indirectly) for Class A shares (in the case of the membership units) on a one-for-one basis. Unless otherwise noted, the named holders have sole investment and voting power with respect to the shares listed as beneficially owned. As a result of the settlement of the CC VIII dispute, Mr. Allen received an accreting note exchangeable as of June 30, 2006 for 26,418,908 Charter Holdco units. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

(5) The calculation of this percentage assumes for each person that:
438,474,028 shares of Class A Common Stock are issued and outstanding as of June 30, 2006;

50,000 shares of Class B common stock held by Mr. Allen have been converted into shares of Class A Common Stock;

the acquisition by such person of all shares of Class A Common Stock that such person or affiliates of such person has the right to acquire upon exchange of membership units in

subsidiaries or conversion of Series A Convertible Redeemable Preferred Stock or the Convertible Notes or 4.75% convertible senior notes;

the acquisition by such person of all shares that may be acquired upon exercise of options to purchase shares or exchangeable membership units that have vested or will vest by August 29, 2006; and

that none of the other listed persons or entities has received any shares of Class A Common Stock that are issuable to any of such person pursuant to the exercise of options or otherwise.

A person is deemed to have the right to acquire shares of Class A Common Stock with respect to options vested under the 1999 Charter Communications Option Plan. When vested, these options are exercisable for membership units of Charter Holdco, which are immediately exchanged on a one-for-one basis for shares of Class A Common Stock. A person is also deemed to have the right to acquire shares of Class A Common Stock issuable upon the exercise of vested options under the 2001 Stock Incentive Plan.

(6) The calculation of this percentage assumes that Mr. Allen s equity interests are retained in the form that maximizes voting power (i.e., the 50,000 shares of Class B common stock held by Mr. Allen have not been converted into shares of Class A Common Stock; that the membership units of Charter Holdco owned by each of Vulcan Cable III Inc. and Charter Investment, Inc. have not been exchanged for shares of Class A Common Stock).

(7) The total listed includes:

249,237,766 membership units in Charter Holdco held by Charter Investment, Inc.; and

116,313,173 membership units in Charter Holdco held by Vulcan Cable III Inc.

The listed total excludes 26,418,908 shares of Class A Common Stock issuable as of June 30, 2006 upon exchange of units of Charter Holdco, which may be issuable to Charter Investment, Inc. (which is owned by Mr. Allen) as a consequence of the settlement of the CC VIII dispute. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII. The address of this person is: 505 Fifth Avenue South, Suite 900, Seattle, WA 98104.

(8) Includes 249,237,766 membership units in Charter Holdco, which are exchangeable for shares of Class B common stock on a one-for-one basis, which are convertible to shares of Class A Common Stock on a one-for-one basis. The address of this person is: Charter Plaza, 12405 Powerscourt Drive, St. Louis, MO 63131.

(9) Includes 116,313,173 membership units in Charter Holdco, which are exchangeable for shares of Class B common stock on a one-for-one basis, which are convertible to shares of Class A Common Stock on a one-for-one basis. The address of this person is: 505 Fifth Avenue South, Suite 900, Seattle, WA 98104.

(10) Mr. Vogel terminated his employment effective on January 17, 2005. His stock options and restricted stock continued to vest through December 31, 2005, and his options were exercisable for 60 days thereafter.

(11) Mr. Davis terminated his employment effective March 23, 2006. His stock options and restricted stock shown in this table continue to vest until September 30, 2007, and his options will be exercisable for another 60 days thereafter.

(12) Mr. Martin terminated his employment effective April 3, 2006. His stock options and restricted stock shown in this table continue to vest until September 2, 2007, and his options will be exercisable for another 60 days thereafter.

(13) The equity ownership reported in this table is based upon the holder s Schedule 13F filed with the SEC on April 28, 2006. The business address of the reporting person is 1301 First Avenue, Suite 201, Seattle, WA

98101. Steelhead Partners, LLC acts as general partner of J-K Navigator

Fund, L.P., and J. Michael Johnston and Brian K. Klein act as the member-managers of Steelhead Partners, LLC. Accordingly, shares shown as beneficially held by Steelhead Partners, LLC, Mr. Johnston and Mr. Klein include shares beneficially held by J-K Navigator Fund, L.P.

(14) The equity ownership reported in this table is based on the holder s Schedule 13G/A filed with the SEC on February 14, 2006. The address of the person is: 82 Devonshire Street, Boston, Massachusetts 02109. Fidelity Management & Research Company is a wholly-owned subsidiary of FMR Corp. and is the beneficial owner of 46,192,873 shares as a result of acting as investment adviser to various investment companies and includes: 31,231,402 shares resulting from the assumed conversion of 5.875% senior notes. Fidelity Management Trust Company, a wholly-owned subsidiary of FMR Corp. and is a beneficial owner of 3,066,115 shares as a result of acting as investment adviser to various investment companies and includes: 3,066,115 shares resulting from the assumed conversion of 5.875% senior notes. Fidelity International Limited (FIL) provides investment advisory and management services to non-U.S. investment companies and certain institutional investors and is a beneficial owner of 3,228,800 shares. FIL is a separate and independent corporate entity from FMR Corp. Edward C. Johnson 3d, Chairman of FMR Corp. and FIL own shares of FIL voting stock with the right to cast approximately 38% of the total votes of FIL voting stock. Edward C. Johnson 3d, chairman of FMR Corp., and FMR Corp. each has sole power to dispose of 52,487,788 shares.

(15) The equity ownership reported in this table is based upon holder s Schedule 13G filed with the SEC on January 25, 2006. The address of the reporting person is: 152 West 57th Street, 50th Floor, New York, NY 10019.

(16) The equity ownership reported in this table is based upon holder s Schedule 13G filed with the SEC on February 14, 2006. The address of the reporting person is: 75 State Street, Boston, MA 02109. Wellington Management Company, LLC, in its capacity as investment adviser, may be deemed to beneficially own 21,985,377 shares of Charter which are held of record by clients of Wellington Management Company, LLC.

Securities Authorized for Issuance under Equity Compensation Plans

The following information is provided as of December 31, 2005 with respect to equity compensation plans:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by security holders	29,126,744(1)	$ 4.47	42,758,409
Equity compensation plans not approved by security holders	289,268(2)	$ 3.91	
TOTAL	29,416,012	$ 4.46	42,758,409

(1) This total does not include 4,252,570 shares issued pursuant to restricted stock grants made under our 2001 Stock Incentive Plan, which were subject to vesting based on continued employment or 11,258,256 performance shares issued under our LTIP plan, which are subject to vesting based on continued employment and upon Charter s achievement of certain performance criteria

(2) Includes shares of Class A Common Stock to be issued upon exercise of options granted pursuant to an individual compensation agreement with a consultant.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following sets forth certain transactions in which we are involved and in which the directors, executive officers and affiliates of ours have or may have a material interest. The transactions fall generally into three broad categories:

Transactions in which Mr. Allen has an interest that arise directly out of Mr. Allen s investment in Charter and Charter Holdco. A large number of the transactions described below arise out of Mr. Allen s direct and indirect (through Charter Investment, Inc. (CII), or the Vulcan entities, each of which Mr. Allen controls) investment in Charter and its subsidiaries, as well as commitments made as consideration for the investments themselves.

Transactions with third party providers of products, services and content in which Mr. Allen has or had a material interest. Mr. Allen has had numerous investments in the areas of technology and media. We have a number of commercial relationships with third parties in which Mr. Allen has or had an interest.

Other Miscellaneous Transactions. We have a limited number of transactions in which certain of the officers, directors and principal stockholders of Charter and its subsidiaries, other than Mr. Allen, have an interest.

A number of our debt instruments and those of our subsidiaries require delivery of fairness opinions for transactions with Mr. Allen or his affiliates involving more than $50 million. Such fairness opinions have been obtained whenever required. All of our transactions with Mr. Allen or his affiliates have been considered for approval either by the board of directors of Charter or a committee of the board of directors. All of our transactions with Mr. Allen or his affiliates have been deemed by the board of directors or a committee of the board of directors to be in our best interest. Related party transactions are approved by our Audit Committee in compliance with the listing requirements applicable to Nasdaq Global Market listed companies. Except where noted below, we do not believe that these transactions present any unusual risks for us that would not be present in any similar commercial transaction.

The chart below summarizes certain information with respect to these transactions. Additional information regarding these transactions is provided following the chart.

Transaction	Interested Related Party	Description of Transaction
Intercompany Management Arrangements	Paul G. Allen	Subsidiaries of Charter Communications Holdings, LLC (Charter Holdings) paid Charter approximately $84 million, $90 million, $128 million and $67 million for management services rendered in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively.
Mutual Services Agreement	Paul G. Allen	Charter paid Charter Holdco approximately $73 million, $74 million, $89 million and $52 million for services rendered in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively.
Previous Management Agreement	Paul G. Allen	No fees were paid in 2003, 2004, 2005 or 2006, although total management fees accrued and payable to CII, exclusive of interest, were approximately $14 million at December 31, 2003, 2004 and 2005 and June 30, 2006.

196

Transaction	Interested Related Party	Description of Transaction
Channel Access Agreement	Paul G. Allen W. Lance Conn Jo Allen Patton	At Vulcan Ventures request, we will provide Vulcan Ventures with exclusive rights for carriage on eight of our digital cable channels as partial consideration for a 1999 capital contribution of approximately $1.3 billion.
Equity Put Rights	Paul G. Allen	Certain sellers of cable systems that we acquired were granted, or previously had the right, as described below, to put to Paul Allen equity in Charter and CC VIII, LLC issued to such sellers in connection with such acquisitions.
Previous Funding Commitment of Vulcan Inc.	Paul G. Allen W. Lance Conn Jo Allen Patton	Pursuant to a commitment letter dated April 14, 2003, Vulcan Inc., which is an affiliate of Paul Allen, agreed to lend, under certain circumstances, or cause an affiliate to lend to Charter Holdings or any of its subsidiaries a total amount of up to $300 million, which amount included a subfacility of up to $100 million for the issuance of letters of credit. In November 2003, the commitment was terminated. We incurred expenses to Vulcan Inc. totaling $5 million in connection with the commitment prior to termination.
TechTV Carriage Agreement	Paul G. Allen W. Lance Conn Jo Allen Patton Larry W. Wangberg	We recorded approximately $1 million, $5 million, $1 million and $0.6 million from TechTV under the affiliation agreement in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively, related to launch incentives as a reduction of programming expense.
Oxygen Media Corporation Carriage Agreement	Paul G. Allen W. Lance Conn Jo Allen Patton	We paid Oxygen Media approximately $9 million, $13 million, $9 million and $4 million under a carriage agreement in exchange for programming in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively. We recorded approximately $1 million, $1 million, $0.1 million and $0 in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively, from Oxygen Media related to launch incentives as a reduction of programming expense. We received 1 million shares of Oxygen Preferred Stock with a liquidation preference of $33.10 per share in March 2005. We recognized approximately $9 million,

$13 million, $2 million and $0 as a reduction of programming expense in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively, in recognition of the guaranteed value of the investment.

Transaction	Interested Related Party	Description of Transaction
Portland Trail Blazers Carriage Agreement	Paul G. Allen	We paid approximately $135,200, $96,100, $116,500 and $115,600 for rights to carry the cable broadcast of certain Trail Blazers basketball games in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively.
Digeo, Inc. Broadband Carriage Agreement	Paul G. Allen Carl E. Vogel Jo Allen Patton W. Lance Conn Michael J. Lovett	We paid Digeo approximately $4 million, $3 million, $3 million and $1 million for customized development of the i-channels and the local content tool kit in 2003, 2004 and 2005 and for the six months ended June 30, 2006, respectively. We entered into a license agreement in 2004 for the Digeo software that runs DVR units purchased from a third party. We paid approximately $0.5 million, $1 million and $3 million in license and maintenance fees in 2004, 2005 and for the six months ended June 30, 2006, respectively. In 2004 we executed a purchase agreement for the purchase of up to 70,000 DVR units and a related software license agreement, both subject to satisfaction of certain conditions. We paid approximately $1 million, $10 million and $8 million in capital purchases in 2004, 2005 and for the six months ended June 30, 2006, respectively.
Viacom Networks	Jonathan L. Dolgen	We are party to certain affiliation agreements with networks of New Viacom and CBS Corporation, pursuant to which they provide Charter with programming for distribution via our cable systems. For the years ended December 31, 2003, 2004 and 2005, Charter paid Old Viacom approximately $188 million, $194 million, $201 million, respectively, and for the six months ended June 30, 2006, Charter paid New Viacom $62 million and CBS Corporation $46 million for programming, and Charter recorded as receivables approximately $5 million, $8 million and $15 million for launch incentives and marketing support for the years ended December 31, 2003, 2004 and 2005, respectively.
Payment for relative s services	Carl E. Vogel	Since June 2003, Mr. Vogel s brother-in-law has been an employee of Charter Holdco and

has received a salary commensurate with his position in the engineering department.

198

Transaction	Interested Related Party	Description of Transaction
Radio advertising	Marc B. Nathanson	We believe that, through a third party advertising agency, we have paid approximately $67,300, $49,300, $67,600 and $56,500 in 2003, 2004 and 2005 and for the six months ended June 30, 2006, respectively, to Mapleton Communications, an affiliate of Mapleton Investments, LLC.
Enstar Limited Partnership Systems Purchase and Management Services	Charter officers who were appointed by a Charter subsidiary (as general partner) to serve as officers of Enstar limited partnerships	Certain of our subsidiaries purchased certain assets of the Enstar Limited Partnerships for approximately $63 million in 2002. We also earned approximately $469,300, $0, $0 and $0 in 2003, 2004 and 2005 and for the six months ended June 30, 2006, respectively, by providing management services to the Enstar Limited Partnerships.
Indemnification Advances	Directors and current and former officers named in certain legal proceedings	Charter reimbursed certain of its current and former directors and executive officers a total of approximately $8 million, $3 million, $16,200 and $400 for costs incurred in connection with litigation matters in 2003, 2004 and 2005 and for the six months ended June 30, 2006, respectively.

The following sets forth additional information regarding the transactions summarized above.

Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries

As noted above, a number of our related party transactions arise out of Mr. Allen s investment in Charter and its subsidiaries. Some of these transactions are with CII and Vulcan Ventures (both owned 100% by Mr. Allen), Charter (controlled by Mr. Allen) and Charter Holdco (approximately 55% owned by us and 45% owned by other affiliates of Mr. Allen). See Summary Organizational Structure for more information regarding the ownership by Mr. Allen and certain of his affiliates.

Intercompany Management Arrangements

Charter is a party to management arrangements with Charter Holdco and certain of its subsidiaries. Under these agreements, Charter provides management services for the cable systems owned or operated by its subsidiaries. These management agreements provide for reimbursement to Charter for all costs and expenses incurred by it for activities relating to the ownership and operation of the managed cable systems, including corporate overhead, administration and salary expense.

The total amount paid by Charter Holdco and all of its subsidiaries is limited to the amount necessary to reimburse Charter for all of its expenses, costs, losses, liabilities and damages paid or incurred by it in connection with the performance of its services under the various management agreements and in connection with its corporate overhead, administration, salary expense and similar items. The expenses subject to reimbursement include fees Charter is obligated to pay under the mutual services agreement with CII. Payment of management fees by Charter s operating subsidiaries is subject to certain restrictions under the credit facilities and indentures of such subsidiaries and the indentures governing the Charter Holdings and its subsidiaries public debt. If any portion of the management fee due and payable is not paid, it is deferred by Charter and accrued as a liability of such subsidiaries. Any deferred amount

of the management fee will bear interest at the rate of 10% per year, compounded annually, from the date it was due and payable until the date it is paid. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, the subsidiaries of Charter Holdings paid approximately $84 million, $90 million, $128 million and $67 million, respectively, in management fees to Charter.

Mutual Services Agreement

Charter, Charter Holdco and CII are parties to a mutual services agreement whereby each party shall provide rights and services to the other parties as may be reasonably requested for the management of the entities involved and their subsidiaries, including the cable systems owned by their subsidiaries all on a cost-reimbursement basis. The officers and employees of each party are available to the other parties to provide these rights and services, and all expenses and costs incurred in providing these rights and services are paid by Charter. Each of the parties will indemnify and hold harmless the other parties and their directors, officers and employees from and against any and all claims that may be made against any of them in connection with the mutual services agreement except due to its or their gross negligence or willful misconduct. The mutual services agreement expires on November 12, 2009, and may be terminated at any time by any party upon thirty days written notice to the other. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, Charter paid approximately $73 million, $74 million, $89 million and $52 million, respectively, to Charter Holdco for services rendered pursuant to the mutual services agreement. All such amounts are reimbursable to Charter pursuant to a management arrangement with our subsidiaries. See Intercompany Management Arrangements. The accounts and balances related to these services eliminate in consolidation. CII no longer provides services pursuant to this agreement.

Previous Management Agreement with Charter Investment, Inc.

Prior to November 12, 1999, CII provided management and consulting services to our operating subsidiaries for a fee equal to 3.5% of the gross revenues of the systems then owned, plus reimbursement of expenses. The balance of management fees payable under the previous management agreement was accrued with payment at the discretion of CII with interest payable on unpaid amounts. For the years ended December 31, 2003, 2004 and 2005, our subsidiaries did not pay any fees to CII to reduce management fees payable. As of December 31, 2003, 2004 and 2005 and June 30, 2006, total management fees payable by our subsidiaries to CII were approximately $14 million, exclusive of any interest that may be charged and are included in deferred management fees-related party on our consolidated balance sheets.

Vulcan Ventures Channel Access Agreement

Vulcan Ventures, an entity controlled by Mr. Allen, Charter, CII and Charter Holdco are parties to an agreement dated September 21, 1999 granting to Vulcan Ventures the right to use up to eight of our digital cable channels as partial consideration for a prior capital contribution of $1.325 billion. Specifically, at Vulcan Ventures request, we will provide Vulcan Ventures with exclusive rights for carriage of up to eight digital cable television programming services or channels on each of the digital cable systems with local and to the extent available, national control of the digital product owned, operated, controlled or managed by Charter or its subsidiaries now or in the future of 550 megahertz or more. If the system offers digital services but has less than 550 megahertz of capacity, then the programming services will be equitably reduced. Upon request of Vulcan Ventures, we will attempt to reach a comprehensive programming agreement pursuant to which it will pay the programmer, if possible, a fee per digital video customer. If such fee arrangement is not achieved, then we and the programmer shall enter into a standard programming agreement. The initial term of the channel access agreement was 10 years, and the term extends by one additional year (such that the remaining term continues to be 10 years) on each anniversary date of the agreement unless either party provides the other with notice to the contrary at least 60 days prior to such anniversary date. To date, Vulcan Ventures has not requested to use any of these channels. However, in the future it is possible that Vulcan Ventures could require us to carry programming that is less profitable to us than the programming that we would otherwise carry and our results would suffer accordingly.

Equity Put Rights

CC VIII. As part of the acquisition of the cable systems owned by Bresnan Communications Company Limited Partnership in February 2000, CC VIII, Charter s indirect limited liability company

subsidiary, issued, after adjustments, 24,273,943 Class A preferred membership units (collectively, the CC VIII interest) with a value and an initial capital account of approximately $630 million to certain sellers affiliated with AT&T Broadband, subsequently owned by Comcast Corporation (the Comcast sellers). Mr. Allen granted the Comcast sellers the right to sell to him the CC VIII interest for approximately $630 million plus 4.5% interest annually from February 2000 (the Comcast put right). In April 2002, the Comcast sellers exercised the Comcast put right in full, and this transaction was consummated on June 6, 2003. Accordingly, Mr. Allen, indirectly through a company controlled by him, CII, became the holder of the CC VIII interest. In the event of a liquidation of CC VIII, Mr. Allen would be entitled to a priority distribution with respect to a 2% priority return (which will continue to accrete). Any remaining distributions in liquidation would be distributed to CC V Holdings, LLC and Mr. Allen in proportion to CC V Holdings, LLC s capital account and Mr. Allen s capital account (which will equal the initial capital account of the Comcast sellers of approximately $630 million, increased or decreased by Mr. Allen s pro rata share of CC VIII s profits or losses (as computed for capital account purposes) after June 6, 2003).

An issue arose as to whether the documentation for the Bresnan transaction was correct and complete with regard to the ultimate ownership of the CC VIII interest following consummation of the Comcast put right. Thereafter, the board of directors of Charter formed a Special Committee (comprised of Messrs. Merritt, Tory and Wangberg) to investigate the matter and take any other appropriate action on behalf of Charter with respect to this matter. After conducting an investigation of the relevant facts and circumstances, the Special Committee determined that a scrivener s error had occurred in February 2000 in connection with the preparation of the last-minute revisions to the Bresnan transaction documents and that, as a result, Charter should seek the reformation of the Charter Holdco limited liability company agreement, or alternative relief, in order to restore and ensure the obligation that the CC VIII interest be automatically exchanged for Charter Holdco units. The Special Committee further determined that, as part of such contract reformation or alternative relief, Mr. Allen should be required to contribute the CC VIII interest to Charter Holdco in exchange for 24,273,943 Charter Holdco membership units. The Special Committee also recommended to the board of directors of Charter that, to the extent the contract reformation is achieved, the board of directors should consider whether the CC VIII interest should ultimately be held by Charter Holdco or Charter Holdings or another entity owned directly or indirectly by them.

Mr. Allen disagreed with the Special Committee s determinations described above and so notified the Special Committee. Mr. Allen contended that the transaction was accurately reflected in the transaction documentation and contemporaneous and subsequent company public disclosures. The Special Committee and Mr. Allen determined to utilize the Delaware Court of Chancery s program for mediation of complex business disputes in an effort to resolve the CC VIII interest dispute.

As of October 31, 2005, Mr. Allen, the Special Committee, Charter, Charter Holdco and certain of their affiliates agreed to settle the dispute, and execute certain permanent and irrevocable releases pursuant to the Settlement Agreement and Mutual Release agreement dated October 31, 2005 (the Settlement). Pursuant to the Settlement, CII has retained 30% of its CC VIII interest (the Remaining Interests). The Remaining Interests are subject to certain drag along, tag along and transfer restrictions as detailed in the revised CC VIII Limited Liability Company Agreement. CII transferred the other 70% of the CC VIII interest directly and indirectly, through Charter Holdco, to a newly formed entity, CCHC (a direct subsidiary of Charter Holdco and the direct parent of Charter Holdings). Of that other 70% of the CC VIII preferred interests, 7.4% has been transferred by CII to CCHC for a subordinated exchangeable note with an initial accreted value of $48 million, accreting at 14%, compounded quarterly, with a 15-year maturity (the CCHC note). The remaining 62.6% has been transferred by CII to Charter Holdco, in accordance with the terms of the settlement for no additional monetary consideration. Charter Holdco contributed the 62.6% interest to CCHC.

As part of the Settlement, CC VIII issued approximately 49 million additional Class B units to CC V in consideration for prior capital contributions to CC VIII by CC V, with respect to transactions that were unrelated to the dispute in connection with CII s membership units in CC VIII. As a result, Mr. Allen s

pro rata share of the profits and losses of CC VIII attributable to the Remaining Interests is approximately 5.6%.

The CCHC note is exchangeable, at CII s option, at any time, for Charter Holdco Class A common units at a rate equal to the then accreted value, divided by $2.00 (the Exchange Rate). Customary anti-dilution protections have been provided that could cause future changes to the Exchange Rate. Additionally, the Charter Holdco Class A common units received will be exchangeable by the holder into Charter common stock in accordance with existing agreements between CII, Charter and certain other parties signatory thereto. Beginning February 28, 2009, if the closing price of Charter common stock is at or above the Exchange Rate for a certain period of time as specified in the Exchange Agreement, Charter Holdco may require the exchange of the CCHC note for Charter Holdco Class A common units at the Exchange Rate.

CCHC has the right to redeem the CCHC note under certain circumstances, for cash in an amount equal to the then accreted value, such amount, if redeemed prior to February 28, 2009, would also include a make whole up to the accreted value through February 28, 2009. CCHC must redeem the CCHC note at its maturity for cash in an amount equal to the initial stated value plus the accreted return through maturity.

There are no contractual or other obligations that would prevent the transfer or encumbrance of the CC VIII interest by CCHC.

Rifkin. On September 14, 1999, Mr. Allen and Charter Holdco entered into a put agreement with certain sellers of the Rifkin cable systems that received a portion of their purchase price in the form of 3,006,202 Class A preferred membership units of Charter Holdco. This put agreement allowed these holders to compel Charter Holdco to redeem their Class A preferred membership units at any time before September 14, 2004 at $1.00 per unit, plus accretion thereon at 8% per year from September 14, 1999. Mr. Allen had guaranteed the redemption obligation of Charter Holdco. These units were put to Charter Holdco for redemption, and were redeemed on April 18, 2003 for a total price of approximately $3.9 million.

Mr. Allen also was a party to a put agreement with certain sellers of the Rifkin cable systems that received a portion of their purchase price in the form of shares of Class A Common Stock of Charter. Under this put agreement, such holders have the right to sell to Mr. Allen any or all of such shares of the Class A Common Stock at $19 per share (subject to adjustments for stock splits, reorganizations and similar events), plus interest at a rate of 4.5% per year, compounded annually from November 12, 1999. Approximately 4.6 million shares were put to Mr. Allen under these agreements prior to their expiration on November 12, 2003.

Falcon. Mr. Allen also was a party to a put agreement with certain sellers of the Falcon cable systems (including Mr. Nathanson, one of our directors) that received a portion of their purchase price in the form of shares of Class A Common Stock of Charter. Under the Falcon put agreement, such holders had the right to sell to Mr. Allen any or all shares of Class A Common Stock received in the Falcon acquisition at $25.8548 per share (subject to adjustments for stock splits, reorganizations and similar events), plus interest at a rate of 4.5% per year, compounded annually from November 12, 1999. Approximately 19.4 million shares were put to Mr. Allen under these agreements prior to their expiration on November 12, 2003.

Helicon. In 1999 we purchased the Helicon cable systems. As part of that purchase Mr. Allen entered into a put agreement with a certain seller of the Helicon cable systems that received a portion of the purchase price in the form of a preferred membership interest in Charter Helicon LLC with a redemption price of $25 million plus accrued interest. Under the Helicon put agreement, such holder has the right to sell to Mr. Allen any or all of the interest to Mr. Allen prior to its mandatory redemption in cash on July 30, 2009. On August 31, 2005, 40% of the preferred membership interest was put to Mr. Allen. The remaining 60% of the preferred interest in Charter Helicon LLC remained subject to the put to Mr. Allen. Such preferred interest was recorded in other long-term liabilities as of December 31,

2004. On October 6, 2005, Charter Helicon, LLC redeemed all of the preferred membership interest for the redemption price of $25 million plus accrued interest.

Previous Funding Commitment of Vulcan Inc.

Effective April 14, 2003, our subsidiary, Charter Communications VII, LLC entered into a commitment letter with Vulcan Inc., which is an affiliate of Paul Allen, under which Vulcan Inc. agreed to lend, under certain circumstances, or cause an affiliate to lend initially to Charter Communications VII, LLC, or another subsidiary of Charter Holdings, up to $300 million, which amount included a subfacility of up to $100 million for the issuance of letters of credit. No amounts were ever drawn under the commitment letter. In November 2003, the commitment was terminated. We incurred expenses to Vulcan Inc. totaling $5 million in connection with the commitment (including an extension fee) prior to termination. Ms. Jo Allen Patton is a director and the President and Chief Executive Officer of Vulcan Inc., and Mr. Lance Conn is Executive Vice President of Vulcan Inc.

Allocation of Business Opportunities with Mr. Allen

As described under Third Party Business Relationships in which Mr. Allen has or had an Interest in this section, Mr. Allen and a number of his affiliates have interests in various entities that provide services or programming to our subsidiaries. Given the diverse nature of Mr. Allen s investment activities and interests, and to avoid the possibility of future disputes as to potential business, Charter and Charter Holdco, under the terms of their respective organizational documents, may not, and may not allow their subsidiaries, to engage in any business transaction outside the cable transmission business except for the Digeo, Inc. joint venture; a joint venture to develop a digital video recorder set-top box; an existing investment in Cable Sports Southeast, LLC, a provider of regional sports programming; as an owner of the business of Interactive Broadcaster Services Corporation or, Chat TV; an investment in @Security Broadband Corp., a company developing broadband security applications; and incidental businesses engaged in as of the closing of Charter s initial public offering in November 1999. This restriction will remain in effect until all of the shares of Charter s high-vote Class B common stock have been converted into shares of the Class A Common Stock due to Mr. Allen s equity ownership falling below specified thresholds.

Charter or Charter Holdco or any of their subsidiaries may not pursue, or allow their subsidiaries to pursue, a business transaction outside of this scope, unless Mr. Allen consents to Charter or its subsidiaries engaging in the business transaction. In any such case, the Restated Certificate of Incorporation of Charter and the limited liability company agreement of Charter Holdco would need to be amended accordingly to modify the current restrictions on the ability of such entities to engage in any business other than the cable transmission business. The cable transmission business means the business of transmitting video, audio, including telephone, and data over cable systems owned, operated or managed by Charter, Charter Holdco or any of their subsidiaries from time to time.

Under Delaware corporate law, each director of Charter, including Mr. Allen, is generally required to present to Charter, any opportunity he or she may have to acquire any cable transmission business or any company whose principal business is the ownership, operation or management of cable transmission businesses, so that we may determine whether we wish to pursue such opportunities. However, Mr. Allen and the other directors generally will not have an obligation to present other types of business opportunities to Charter, and they may exploit such opportunities for their own account.

Also, conflicts could arise with respect to the allocation of corporate opportunities between us and Mr. Allen and his affiliates in connection with his investments in businesses in which we are permitted to engage under the Restated Certificate of Incorporation of Charter. Certain of the indentures of Charter and its subsidiaries require the applicable issuer of notes to obtain, under certain circumstances, approval of the board of directors of Charter and, where a transaction or series of related transactions is valued at or in excess of $50 million, a fairness opinion with respect to transactions in which Mr. Allen has an interest. Related party transactions are approved by Charter s Audit Committee in compliance with the listing

requirements applicable to Nasdaq Global Market listed companies. We have not instituted any other formal plan or arrangement to address potential conflicts of interest.

Third Party Business Relationships in Which Mr. Allen has or had an Interest

As previously noted, Mr. Allen has and has had extensive investments in the areas of media and technology. We have a number of commercial relationships with third parties in which Mr. Allen has an interest. Mr. Allen or his affiliates own equity interests or warrants to purchase equity interests in various entities with which we do business or which provide us with products, services or programming. Mr. Allen owns 100% of the equity of Vulcan Ventures Incorporated and Vulcan Inc. and is the president of Vulcan Ventures. Ms. Jo Allen Patton is a director and the President and Chief Executive Officer of Vulcan Inc. and is a director and Vice President of Vulcan Ventures. Mr. Lance Conn is Executive Vice President of Vulcan Inc. and Vulcan Ventures. The various cable, media, Internet and telephone companies in which Mr. Allen has invested may mutually benefit one another. We can give no assurance, nor should you expect, that any of these business relationships will be successful, that we will realize any benefits from these relationships or that we will enter into any business relationships in the future with Mr. Allen s affiliated companies.

TechTV, Inc.

TechTV, Inc. (TechTV) operated a cable television network that offered programming mostly related to technology. Pursuant to an affiliation agreement that originated in 1998 and that terminates in 2008, TechTV has provided us with programming for distribution via our cable systems. The affiliation agreement provides, among other things, that TechTV must offer Charter Holdco certain terms and conditions that are no less favorable in the affiliation agreement than are given to any other distributor that serves the same number of or fewer TechTV viewing customers. Additionally, pursuant to the affiliation agreement, we were entitled to incentive payments for channel launches through December 31, 2003.

In March 2004, Charter Holdco entered into agreements with Vulcan Programming and TechTV, which provide for (a) Charter Holdco and TechTV to amend the affiliation agreement which, among other things, revises the description of the TechTV network content, provides for Charter Holdco to waive certain claims against TechTV relating to alleged breaches of the affiliation agreement and provides for TechTV to make payment of outstanding launch receivables due to Charter Holdco under the affiliation agreement, (b) Vulcan Programming to pay approximately $10 million and purchase over a 24-month period, at fair market rates, $2 million of advertising time across various cable networks on Charter cable systems in consideration of the agreements, obligations, releases and waivers under the agreements and in settlement of the aforementioned claims and (c) TechTV to be a provider of content relating to technology and video gaming for Charter s interactive television platforms through December 31, 2006 (exclusive for the first year). For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006 we recognized approximately $1 million, $5 million, $1 million and $0.6 million respectively, of the Vulcan Programming payment as an offset to programming expense.

We believe that Vulcan Programming, which is 100% owned by Mr. Allen, owned an approximate 98% equity interest in TechTV at the time Vulcan Programming sold TechTV to an unrelated third party in May 2004.

Oxygen Media Corporation

Oxygen Media LLC (Oxygen) provides programming content aimed at the female audience for distribution over cable systems and satellite. On July 22, 2002, Charter Holdco entered into a carriage agreement with Oxygen, whereby we agreed to carry programming content from Oxygen. Under the carriage agreement, we currently make Oxygen programming available to approximately 5 million of our video customers. In August 2004, Charter Holdco and Oxygen entered into agreements that amended and renewed the carriage agreement. The amendment to the carriage agreement (a) revised the number of our customers to which Oxygen programming must be carried and for which we must pay, (b) released

Charter Holdco from any claims related to the failure to achieve distribution benchmarks under the carriage agreement, (c) required Oxygen to make payment on outstanding receivables for launch incentives due to us under the carriage agreement, and (d) requires that Oxygen provide its programming content to us on economic terms no less favorable than Oxygen provides to any other cable or satellite operator having fewer subscribers than us. The renewal of the carriage agreement (a) extends the period that we will carry Oxygen programming to our customers through January 31, 2008, and (b) requires license fees to be paid based on customers receiving Oxygen programming, rather than for specific customer benchmarks. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, we paid Oxygen approximately $9 million, $13 million, $9 million and $4 million, respectively, for programming content. In addition, Oxygen pays us launch incentives for customers launched after the first year of the term of the carriage agreement up to a total of $4 million. We recorded approximately $1 million, $1 million, $0.1 million and $0 related to these launch incentives as a reduction of programming expense for the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively.

In August 2004, Charter Holdco and Oxygen amended an equity issuance agreement to provide for the issuance of 1 million shares of Oxygen Preferred Stock with a liquidation preference of $33.10 per share plus accrued dividends to Charter Holdco in place of the $34 million of unregistered shares of Oxygen Media common stock required under the original equity issuance agreement. Oxygen Media delivered these shares in March 2005. The preferred stock is convertible into common stock after December 31, 2007 at a conversion ratio, the numerator of which is the liquidation preference and the denominator which is the fair market value per share of Oxygen Media common stock on the conversion date.

We recognized the guaranteed value of the investment over the life of the carriage agreement as a reduction of programming expense. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, we recorded approximately $9 million, $13 million, $2 million and $0, respectively, as a reduction of programming expense. The carrying value of our investment in Oxygen was approximately $19 million, $32 million, $33 million and $33 million as of December 31, 2003, 2004 and 2005 and June 30, 2006, respectively.

As of December 31, 2005, through Vulcan Programming, Mr. Allen owned an approximate 31% interest in Oxygen assuming no exercises of outstanding warrants or conversion or exchange of convertible or exchangeable securities. Ms. Jo Allen Patton is a director and the President of Vulcan Programming. Mr. Lance Conn is a Vice President of Vulcan Programming. Marc Nathanson has an indirect beneficial interest of less than 1% in Oxygen.

Portland Trail Blazers

On October 7, 1996, the former owner of our Falcon cable systems entered into a letter agreement and a cable television agreement with Trail Blazers Inc. for the cable broadcast in the metropolitan area surrounding Portland, Oregon of pre-season, regular season and playoff basketball games of the Portland Trail Blazers, a National Basketball Association basketball team. Mr. Allen is the 100% owner of the Portland Trail Blazers and Trail Blazers Inc. Under the letter agreement, Trail Blazers Inc. was paid a fixed fee for each customer in areas directly served by the Falcon cable systems. Under the cable television agreement, we shared subscription revenues with Trail Blazers Inc. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, we paid approximately $135,200, $96,100, $116,500 and $115,600, respectively, in connection with the cable broadcast of Portland Trail Blazers basketball games under the October 1996 cable television agreement and subsequent local cable distribution agreements.

Digeo, Inc.

In March 2001, a subsidiary of CCH II, Charter Communications Ventures, LLC (Charter Ventures) and Vulcan Ventures Incorporated formed DBroadband Holdings, LLC for the sole purpose of

purchasing equity interests in Digeo, Inc. (Digeo), an entity controlled by Paul Allen. In connection with the execution of the broadband carriage agreement, DBroadband Holdings, LLC purchased an equity interest in Digeo funded by contributions from Vulcan Ventures Incorporated. The equity interest is subject to a priority return of capital to Vulcan Ventures up to the amount contributed by Vulcan Ventures on Charter Ventures behalf. After Vulcan Ventures recovers its amount contributed and any cumulative loss allocations, Charter Ventures has a 100% profit interest in DBroadband Holdings, LLC. Charter Ventures is not required to make any capital contributions, including capital calls, to Digeo. DBroadband Holdings, LLC is therefore not included in our consolidated financial statements. Pursuant to an amended version of this arrangement, in 2003, Vulcan Ventures contributed a total of $29 million to Digeo, $7 million of which was contributed on Charter Ventures behalf, subject to Vulcan Ventures aforementioned priority return. Since the formation of DBroadband Holdings, LLC, Vulcan Ventures has contributed approximately $56 million on Charter Ventures behalf.

On March 2, 2001, Charter Ventures entered into a broadband carriage agreement with Digeo Interactive, LLC (Digeo Interactive), a wholly owned subsidiary of Digeo. The carriage agreement provided that Digeo Interactive would provide to Charter a portal product, which would function as the television-based Internet portal (the initial point of entry to the Internet) for Charter s customers who received Internet access from Charter. The agreement term was for 25 years and Charter agreed to use the Digeo portal exclusively for six years. Before the portal product was delivered to Charter, Digeo terminated development of the portal product.

On September 27, 2001, Charter and Digeo Interactive amended the broadband carriage agreement. According to the amendment, Digeo Interactive would provide to Charter the content for enhanced Wink interactive television services, known as Charter Interactive Channels (i-channels). In order to provide the i-channels, Digeo Interactive sublicensed certain Wink technologies to Charter. Charter is entitled to share in the revenues generated by the i-channels. Currently, our digital video customers who receive i-channels receive the service at no additional charge.

On September 28, 2002, Charter entered into a second amendment to its broadband carriage agreement with Digeo Interactive. This amendment superseded the amendment of September 27, 2001. It provided for the development by Digeo Interactive of future features to be included in the Basic i-TV service to be provided by Digeo and for Digeo s development of an interactive toolkit to enable Charter to develop interactive local content. Furthermore, Charter could request that Digeo Interactive manage local content for a fee. The amendment provided for Charter to pay for development of the Basic i-TV service as well as license fees for customers who would receive the service, and for Charter and Digeo to split certain revenues earned from the service. In 2003, 2004, 2005 and the six months ended June 30, 2006, we paid Digeo Interactive approximately $4 million, $3 million, $3 million and $1 million respectively, for customized development of the i-channels and the local content tool kit. This amendment expired pursuant to its terms on December 31, 2003. Digeo Interactive is continuing to provide the Basic i-TV service on a month-to-month basis.

On June 30, 2003, Charter Holdco entered into an agreement with Motorola, Inc. for the purchase of 100,000 digital video recorder (DVR) units. The software for these DVR units is being supplied by Digeo Interactive, LLC under a license agreement entered into in April 2004. Under the license agreement Digeo Interactive granted to Charter Holdco the right to use Digeo s proprietary software for the number of DVR units that Charter deployed from a maximum of 10 headends through year-end 2004. This maximum number of headends restriction was expanded and eventually eliminated through successive agreement amendments and the date for entering into license agreements for units deployed was extended. The license granted for each unit deployed under the agreement is valid for five years. In addition, Charter will pay certain other fees including a per-headend license fee and maintenance fees. Maximum license and maintenance fees during the term of the agreement are expected to be approximately $7 million. The agreement includes an MFN clause pursuant to which Charter is entitled to receive contract terms, considered on the whole, and license fees, considered apart from other contract terms, no less favorable than those accorded to any other Digeo customer. Charter paid approximately $0.5 million, $1 million and

$3 million in license and maintenance fees for the years ended December 31, 2004 and 2005 and the six months ended June 30, 2006, respectively.

In April 2004, we launched DVR service (using units containing the Digeo software) in our Rochester, Minnesota market using a broadband media center that is an integrated set-top box with a cable converter, DVR hard drive and connectivity to other consumer electronics devices (such as stereos, MP3 players, and digital cameras).

In May 2004, Charter Holdco entered into a binding term sheet with Digeo Interactive for the development, testing and purchase of 70,000 Digeo PowerKey DVR units. The term sheet provided that the parties would proceed in good faith to negotiate, prior to year-end 2004, definitive agreements for the development, testing and purchase of the DVR units and that the parties would enter into a license agreement for Digeo s proprietary software on terms substantially similar to the terms of the license agreement described above. In November 2004, Charter Holdco and Digeo Interactive executed the license agreement and in December 2004, the parties executed the purchase agreement, each on terms substantially similar to the binding term sheet. Total purchase price and license and maintenance fees during the term of the definitive agreements are expected to be approximately $41 million. The definitive agreements are terminable at no penalty to Charter in certain circumstances. We paid approximately $1 million, $10 million and $8 million in capital purchases under this agreement for the years ended December 31, 2004 and 2005 and the six months ended June 30, 2006, respectively.

In late 2003, Microsoft filed suit against Digeo for $9 million in a breach of contract action, involving an agreement that Digeo and Microsoft had entered into in 2001. Digeo informed Charter that it believed it had an indemnification claim against Charter for half that amount. Digeo settled with Microsoft agreeing to make a cash payment and to purchase certain amounts of Microsoft software products and consulting services through 2008. In consideration of Digeo agreeing to release Charter from its potential claim against Charter, after consultation with outside counsel Charter agreed, in June 2005, to purchase a total of $2.3 million in Microsoft consulting services through 2008, a portion of which amounts Digeo has informed Charter will count against Digeo s purchase obligations with Microsoft.

In October 2005, Charter Holdco and Digeo Interactive entered into a binding term sheet for the test market deployment of the Moxi Entertainment Applications Pack (MEAP). The MEAP is an addition to the Moxi Client Software and will contain ten games (such as Video Poker and Blackjack), a photo application and jukebox application. The term sheet is limited to a test market application of approximately 14,000 subscribers and the aggregate value is not expected to exceed $0.1 million. In the event the test market proves successful, the companies will replace the term sheet with a long form agreement including a planned roll-out across additional markets. The term sheet expires on August 30, 2006.

We believe that Vulcan Ventures, an entity controlled by Mr. Allen, owns an approximate 60% equity interest in Digeo, Inc., on a fully converted non-diluted basis. Messrs. Allen and Conn and Ms. Patton are directors of Digeo. Mr. Lovett is a director of Digeo since December 2005 and Mr. Vogel was a director of Digeo in 2004. During 2004 and 2005, Mr. Vogel held options to purchase 10,000 shares of Digeo common stock.

Other Miscellaneous Relationships

Viacom Networks

Pursuant to certain affiliation agreements with networks of New Viacom, including MTV, MTV2, Nickelodeon, VH1, TVLand, CMT, Spike TV, Comedy Central and Viacom Digital Suite, and stations and networks of CBS Corporation including CBS-owned and operated broadcast stations, Showtime, The Movie Channel, and Flix, New Viacom and CBS Corporation provide Charter with programming for distribution via our cable systems. The affiliation agreements provide for, among other things, rates and terms of carriage, advertising on these networks, which Charter can sell to local advertisers and marketing support. For the years ended December 31, 2003, 2004 and 2005, Charter paid Old Viacom approximately

$188 million, $194 million and $201 million, respectively, and for the six months ended June 30, 2006, Charter paid New Viacom $62 million and CBS Corporation $46 million for programming. Charter recorded approximately $5 million, $8 million and $15 million as receivables from Old Viacom networks related to launch incentives for certain channels and marketing support, respectively, for the years ended December 31, 2003, 2004 and 2005. From April 1994 to July 2004, Mr. Dolgen served as Chairman and Chief Executive Officer of the Viacom Entertainment Group.

Payments for Relative s Services

Since June 2003, Mr. Vogel s brother-in-law has been an employee of Charter Holdco and has received a salary commensurate with his position in the engineering department.

Radio Advertising

We believe that, through a third party advertising agency, we have paid approximately $67,300, $49,300, $67,600 and $56,500 in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively, to Mapleton Communications, an affiliate of Mapleton Investments, LLC that owns radio stations in Oregon and California. Mr. Nathanson is the Chairman and owner of Mapleton Investments, LLC.

Enstar Management Fees

Enstar Cable Corporation, the manager of the Enstar limited partnerships through a management agreement, engaged Charter Holdco to manage the Enstar limited partnerships. Pursuant to the management agreement, Charter Holdco provides management services to the Enstar limited partnerships in exchange for management fees. The Enstar limited partnerships also purchase basic and premium programming for their systems at cost from Charter Holdco. For the years ended December 31, 2003, 2004 and 2005 and the six months ended June 30, 2006, Charter Holdco earned approximately $469,300, $0, $0 and $0, respectively, by providing management services to the Enstar limited partnerships. In September 2003 the Enstar limited partnerships completed sales of all their remaining assets, and as a result no further management fees were paid in 2004. In November 2004, the Enstar limited partnerships were dissolved.

All of the executive officers of Charter (with the exception of Mr. Allen), Charter Holdco and Charter Holdings acted as officers of Enstar Communications Corporation.

Indemnification Advances

Pursuant to Charter s Bylaws (and the employment agreements of certain of our current and former officers), Charter is obligated (subject to certain limitations) to indemnify and hold harmless, to the fullest extent permitted by law, any officer, director or employee against all expense, liability and loss (including, among other things, attorneys fees) reasonably incurred or suffered by such officer, director or employee as a result of the fact that he or she is a party or is threatened to be made a party or is otherwise involved in any action, suit or proceeding by reason of the fact that he or she is or was a director, officer or employee of Charter. In addition, Charter is obligated to pay, as an advancement of its indemnification obligation, the expenses (including attorneys fees) incurred by any officer, director or employee in defending any such action, suit or proceeding in advance of its final disposition, subject to an obligation to repay those amounts under certain circumstances. Pursuant to these indemnification arrangements and as an advancement of costs, Charter has reimbursed certain of its current and former directors and executive officers a total of approximately $8 million, $3 million, $16,200 and $400 in respect of invoices received in 2003, 2004 and 2005 and the six months ended June 30, 2006, respectively, in connection with their defense of certain legal actions. These amounts were submitted to Charter s director and officer insurance carrier and have been reimbursed consistent with the terms of the settlement of the legal actions.

DESCRIPTION OF OTHER INDEBTEDNESS

The following description of our external indebtedness is qualified in its entirety by reference to the relevant credit facilities, indentures and related documents governing such indebtedness. Intercompany indebtedness is not included or described herein. As used herein, we, our, us means CCI or Charter.

Description of Our Outstanding Debt

As of June 30, 2006 and December 31, 2005, CCH II s actual total consolidated debt was approximately $11.1 billion and $10.6 billion, respectively, and Charter s actual total debt was approximately $19.9 billion and $19.4 billion, respectively, as summarized below (dollars in millions):

	June 30, 2006		December 31, 2005		Semi-Annual	Start Date for Interest Payment on Discount Notes	Maturity Date(b)

Charter Communications, Inc.	$ 19,758	$ 19,860(d)	$ 19,336	$ 19,388(d)			

(a) The accreted value presented above generally represents the principal amount of the notes less the original issue discount at the time of sale plus the accretion to the balance sheet date except as follows. The accreted value of the CIH notes issued in exchange for Charter Holdings notes and the CCH I notes issued in exchange for the 8.625% Charter Holdings notes due 2009 are recorded at the historical book values of the Charter Holdings notes

for financial reporting purposes as opposed to the current accreted value for legal purposes and notes indenture purposes (which, for both purposes, is the amount that would become payable if the debt becomes immediately due). As of June 30, 2006 and December 31, 2005, the accreted value of Charter s debt for legal purposes and notes and indentures purposes is approximately $19.4 billion and $18.8 billion, respectively.

(b) In general, the obligors have the right to redeem all of the notes set forth in the above table (except with respect to the Convertible Notes, the 8.25% Charter Holdings notes due 2007, the 10.000% Charter Holdings notes due 2009, the 10.75% Charter Holdings notes due 2009 and the 9.625% Charter Holdings notes due 2009) in whole or part at their option, beginning at various times prior to their stated maturity dates, subject to certain conditions, upon the payment of the outstanding principal amount (plus a specified redemption premium) and all accrued and unpaid interest. The Convertible Notes are redeemable if the closing price of the Class A Common Stock exceeds the conversion price by certain percentages as described below. For additional information, see Note 9 to the accompanying consolidated financial statements included elsewhere in this Exchange Offer Prospectus.

(c) The 4.75% convertible senior notes and the Convertible Notes are convertible at the option of the holders into shares of Class A Common Stock at a conversion rate, subject to certain adjustments, of 38.0952 and 413.2231 shares, respectively, per $1,000 principal amount of notes, which is equivalent to a price of $26.25 and $2.42 per share, respectively. Certain anti-dilutive provisions cause adjustments to occur automatically upon the occurrence of specified events. Additionally, the conversion ratio may be adjusted by us when deemed appropriate.

(d) Not included within total long-term debt is the $53 million and $49 million CCHC note at June 30, 2006 and December 31, 2005, respectively, which is included in note payable-related party on Charter s accompanying consolidated balance sheets. See Note 10 to the accompanying consolidated financial statements included elsewhere in this Exchange Offer Prospectus.

As of June 30, 2006 and December 31, 2005, Charter s long-term debt totaled approximately $19.9 billion and $19.4 billion, respectively. This debt was comprised of approximately $5.8 billion and $5.7 billion of credit facility debt, $13.2 billion and $12.8 billion accreted amount of high-yield notes and $848 million and $863 million accreted amount of convertible senior notes at June 30, 2006 and December 31, 2005, respectively.

As of June 30, 2006 and December 31, 2005, CCH II s long-term debt totaled approximately $11.1 billion and $10.6 billion, respectively. This debt was comprised of approximately $5.8 billion and $5.7 billion of credit facility debt and $5.3 billion and $4.9 billion accreted amount of high-yield notes at June 30, 2006 and December 31, 2005, respectively.

As of June 30, 2006 and December 31, 2005, the weighted average interest rate on the credit facility debt was approximately 8.0% and 7.8%, the weighted average interest rate on Charter s high-yield notes was approximately 10.3% and 10.2%, and the weighted average interest rate on Charter s convertible senior notes was approximately 6.4% and 6.3%, respectively, resulting in a blended weighted average interest rate of 9.5% and 9.3%, respectively. The interest rate on approximately 77% of the total principal amount of Charter s debt was effectively fixed, including the effects of Charter s interest rate hedge agreements as of June 30, 2006 and December 31, 2005. The fair value of Charter s high-yield notes was $11.0 billion and $10.4 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of Charter s convertible senior notes was $681 million and $647 million at June 30, 2006 and December 31, 2005, respectively. The fair value of Charter s credit facilities is $5.8 billion and $5.7 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of high-yield and convertible notes is based on quoted market prices, and the fair value of the credit facilities is based on dealer quotations.

As of June 30, 2006 and December 31, 2005, the weighted average interest rate on the credit facility debt was approximately 8.0% and 7.8% and the weighted average interest rate on CCH II s high-yield notes was approximately 9.2% and 9.0%, respectively, resulting in a blended weighted average interest rate of 8.6% and 8.3%, respectively. The interest rate on approximately 58% of the total principal amount of CCH II s debt was effectively fixed, including the effects of CCH II s interest rate hedge agreements as of June 30, 2006 and December 31, 2005. The fair value of CCH II s high-yield notes was $5.3 billion and $4.8 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of CCH II s credit facilities is $5.8 billion and $5.7 billion at June 30, 2006 and December 31, 2005, respectively. The fair value of high-yield notes is based on quoted market prices, and the fair value of the credit facilities is based on dealer quotations.

The following description is a summary of certain material provisions of the amended and restated Charter Operating credit facilities and our other notes and those of our subsidiaries (collectively, the Debt Agreements). The summary does not restate the terms of the Debt Agreements in their entirety, nor does it describe all terms of the Debt Agreements. The agreements and instruments governing each of the Debt Agreements are complicated and you should consult such agreements and instruments for more detailed information regarding the Debt Agreements.

Charter Operating Credit Facilities General

The Charter Operating credit facilities were amended and restated in April 2006, among other things, to defer maturities and increase availability under these facilities. The Charter Operating credit facilities provide borrowing availability of up to $6.85 billion as follows:

- a term facility with a total principal amount of $5.0 billion, which shall be repayable in 23 equal quarterly installments, commencing September 30, 2007, aggregating in each loan year to 1% of the original amount of the term facility, with the remaining balance due at final maturity in 2013;

- a revolving credit facility, in a total amount of $1.5 billion, with a maturity date in 2010; and

- a revolving credit facility (the R/T Facility), in a total amount of $350.0 million, that converts to term loans in April 2007, repayable on the same terms as the term facility described above.

Amounts outstanding under the Charter Operating credit facilities bear interest, at Charter Operating s election, at a base rate or the Eurodollar rate, as defined, plus a margin for Eurodollar loans of up to 3.00% for the revolving credit facility and R/T Facility (until converted to term loans), and up to 2.625% for the term facility and R/T Facility loans after converting to term loans, and for base rate loans of up to 2.00% for the revolving credit facility and R/T Facility (until converted to term loans), and up to 1.625% for the term facility and R/T Facility loans after converting to term loans. A quarterly commitment fee of up to .75% is payable on the average daily unborrowed balance of the revolving credit facility and, until April 2007, the R/T Facility.

The obligations of our subsidiaries under the Charter Operating credit facilities (the Obligations) are guaranteed by Charter Operating s immediate parent company, CCO Holdings, and the subsidiaries of Charter Operating, except for immaterial subsidiaries and subsidiaries precluded from guaranteeing by reason of the provisions of other indebtedness to which they are subject (the non-guarantor subsidiaries). The Obligations are also secured by (i) a lien on all of the assets of Charter Operating and its subsidiaries (other than assets of the non-guarantor subsidiaries), to the extent such lien can be perfected under the Uniform Commercial Code by the filing of a financing statement, and (ii) a pledge by CCO Holdings of the equity interests owned by it in Charter Operating or any of Charter Operating s subsidiaries, as well as intercompany obligations owing to it by any of such entities.

Charter Operating Credit Facilities Restrictive Covenants

The Charter Operating credit facilities contain representations and warranties and affirmative and negative covenants customary for financings of this type. The financial covenants measure performance against standards set for leverage, debt service coverage, and interest coverage, tested as of the end of each quarter. The maximum allowable leverage ratio is 4.25 to 1.0 and the minimum allowable interest coverage ratio (applicable to the revolving credit facility and R/T Facility (until converted to term loans) only) is 1.10 to 1.0. Additionally, the Charter Operating credit facilities contain provisions requiring mandatory loan prepayments when significant amounts of assets are sold and the proceeds are not reinvested in assets useful in the business of the borrower within a specified period.

The Charter Operating credit facilities permit Charter Operating and its subsidiaries to make distributions to pay interest on the CCO Holdings senior notes, the CCH II senior notes, the CCH I Notes, the CIH senior notes, the Charter Holdings senior notes and the Convertible Notes; provided that, among other things, no default has occurred and is continuing under the Charter Operating credit facilities. The Charter Operating credit facilities restrict the ability of Charter Operating and its subsidiaries to make distributions for the purpose of repaying indebtedness of their parent companies, except if certain conditions are met, including (1) the satisfaction of a 1.5 to 1.0 interest coverage ratio test, (2) a minimum available liquidity requirement of $250 million, (3) the requirement that no default under the credit facilities or parent indentures exist or be caused by such distribution and (4) the requirement that the debt repayment take place within 60 days of the distribution, except that the 1.5 to 1.0 interest coverage test does not have to be met for any such debt repayments made with proceeds of certain asset sales that do not need to be applied to prepay loans under the credit facilities in order to keep the leverage ratio at the same level as it was prior to such sale, after giving pro forma effect to such sale, up to a total amount of $3 billion of such asset sales. Conditions to future borrowings include absence of a default or an event of default under the Charter Operating credit facilities and the continued accuracy in all material respects of the representations and warranties, including the absence since December 31, 2005 of any event, development or circumstance that has had or could reasonably be expected to have a material adverse effect on our business.

The events of default under the Charter Operating credit facilities include, among other things:

(i) the failure to make payments when due or within the applicable grace period,

(ii) the failure to comply with specified covenants, including but not limited to a covenant to deliver audited financial statements with an unqualified opinion from our independent auditors,

(iii) the failure to pay or the occurrence of events that cause or permit the acceleration of other indebtedness owing by CCO Holdings, Charter Operating or Charter Operating s subsidiaries in amounts in excess of $50 million in aggregate principal amount,

(iv) the failure to pay or the occurrence of events that result in the acceleration of other indebtedness owing by certain of CCO Holdings direct and indirect parent companies in amounts in excess of $200 million in aggregate principal amount,

(v) Paul Allen and/or certain of his family members and/or their exclusively owned entities (collectively, the Paul Allen Group) ceasing to have the power, directly or indirectly, to vote at least 35% of the ordinary voting power of Charter Operating,

(vi) the consummation of any transaction resulting in any person or group (other than the Paul Allen Group) having power, directly or indirectly, to vote more than 35% of the ordinary voting power of Charter Operating, unless the Paul Allen Group holds a greater share of ordinary voting power of Charter Operating,

(vii) certain of Charter Operating s indirect or direct parent companies, Charter Operating or Charter Operating s subsidiaries having indebtedness in excess of $500 million aggregate principal amount (other than under the Charter Operating credit facilities) which remains undefeased three months prior to the final maturity of such indebtedness, and

(viii) Charter Operating ceasing to be a wholly-owned direct subsidiary of CCO Holdings, except in certain very limited circumstances.

CCO Holdings, LLC Notes

8^{3}/4% Senior Notes due 2013

In November 2003 and August 2005, CCO Holdings and CCO Holdings Capital Corp. jointly issued $500 million and $300 million, respectively, total principal amount of 8^{3}/4% senior notes due 2013. Interest on the CCO Holdings senior notes accrues at 8^{3}/4% per year and is payable semi-annually in arrears on each May 15 and November 15.

At any time prior to November 15, 2006, the issuers of the CCO Holdings senior notes may redeem up to 35% of the total principal amount of the CCO Holdings senior notes to the extent of public equity proceeds they have received on a pro rata basis at a redemption price equal to 108.75% of the principal amount of CCO Holdings senior notes redeemed, plus any accrued and unpaid interest. On or after November 15, 2008, the issuers of the CCO Holdings senior notes may redeem all or a part of the notes at a redemption price that declines ratably from the initial redemption price of 104.375% to a redemption price on or after November 15, 2011 of 100.0% of the principal amount of the CCO Holdings senior notes redeemed, plus, in each case, any accrued and unpaid interest.

Senior Floating Rate Notes Due 2010

In December 2004, CCO Holdings and CCO Holdings Capital Corp. jointly issued $550 million total principal amount of senior floating rate notes due 2010. The CCO Holdings senior floating rate notes have an annual interest rate of LIBOR plus 4.125%, which resets and is payable quarterly in arrears on each March 15, June 15, September 15 and December 15.

At any time prior to December 15, 2006, CCO Holdings and CCO Holdings Capital Corp. may redeem up to 35% of the notes in an amount not to exceed the amount of proceeds of one or more public equity offerings at a redemption price equal to 100% of the principal amount, plus a premium equal to the interest rate per annum applicable to the notes on the date notice of redemption is given, plus accrued and unpaid interest, if any, to the redemption date, provided that at least 65% of the original aggregate principal amount of the notes issued remains outstanding after the redemption. CCO Holdings and CCO Holdings Capital Corp. may redeem the notes in whole or in part at the issuers option from December 15, 2006 until December 14, 2007 for 102% of the principal amount, from December 15, 2007 until

December 14, 2008 for 101% of the principal amount and from and after December 15, 2008, at par, in each case, plus accrued and unpaid interest.

Additional Terms of the CCO Holdings Senior Notes and Senior Floating Rate Notes

The CCO Holdings notes are general unsecured obligations of CCO Holdings and CCO Holdings Capital Corp. They rank equally with all other current or future unsubordinated obligations of CCO Holdings and CCO Holdings Capital Corp. The CCO Holdings notes are structurally subordinated to all obligations of subsidiaries of CCO Holdings, including the Charter Operating notes and the Charter Operating credit facilities.

In the event of specified change of control events, CCO Holdings must offer to purchase the outstanding CCO Holdings senior notes from the holders at a purchase price equal to 101% of the total principal amount of the notes, plus any accrued and unpaid interest.

The indenture governing the CCO Holdings senior notes contains restrictive covenants that limit certain transactions or activities by CCO Holdings and its restricted subsidiaries, including the covenants summarized below. Substantially all of CCO Holdings direct and indirect subsidiaries are currently restricted subsidiaries.

The covenant in the indenture governing the CCO Holdings senior notes that restricts incurrence of debt and issuance of preferred stock permits CCO Holdings and its subsidiaries to incur or issue specified amounts of debt or preferred stock, if, after giving pro forma effect to the incurrence or issuance, CCO Holdings could meet a leverage ratio (ratio of consolidated debt to four times EBITDA, as defined, from the most recent fiscal quarter for which internal financial reports are available) of 4.5 to 1.0. In addition, regardless of whether the leverage ratio could be met, so long as no default exists or would result from the incurrence or issuance, CCO Holdings and its restricted subsidiaries are permitted to incur or issue:

- up to $9.75 billion of debt under credit facilities, including debt under credit facilities outstanding on the issue date of the CCO Holdings senior notes;
- up to $75 million of debt incurred to finance the purchase or capital lease of new assets;
- up to $300 million of additional debt for any purpose; and
- other items of indebtedness for specific purposes such as intercompany debt, refinancing of existing debt, and interest rate swaps to provide protection against fluctuation in interest rates.

The restricted subsidiaries of CCO Holdings are generally not permitted to issue debt securities contractually subordinated to other debt of the issuing subsidiary or preferred stock, in either case in any public or Rule 144A offering.

The CCO Holdings indenture permits CCO Holdings and its restricted subsidiaries to incur debt under one category, and later reclassify that debt into another category. The Charter Operating credit facilities generally impose more restrictive limitations on incurring new debt than CCO Holdings indenture, so our subsidiaries that are subject to credit facilities are not permitted to utilize the full debt incurrence that would otherwise be available under the CCO Holdings indenture covenants.

Generally, under CCO Holdings indenture, CCO Holdings and its restricted subsidiaries are permitted to pay dividends on equity interests, repurchase interests, or make other specified restricted payments only if CCO Holdings can incur $1.00 of new debt under the leverage ratio test, which requires that CCO Holdings meet a 4.5 to 1.0 leverage ratio after giving effect to the transaction, and if no default exists or would exist as a consequence of such incurrence. If those conditions are met, restricted payments are permitted in a total amount of up to 100% of CCO Holdings consolidated EBITDA, as defined, minus 1.3 times its consolidated interest expense, plus 100% of new cash and appraised non-cash equity proceeds received by CCO Holdings and not allocated to the debt incurrence covenant, all cumulatively from the fiscal quarter commenced on October 1, 2003, plus $100 million.

In addition, CCO Holdings may make distributions or restricted payments, so long as no default exists or would be caused by the transaction:

- to repurchase management equity interests in amounts not to exceed $10 million per fiscal year;
- to pay, regardless of the existence of any default, pass-through tax liabilities in respect of ownership of equity interests in Charter Holdings or its restricted subsidiaries;
- to pay, regardless of the existence of any default, interest when due on the Convertible Notes, Charter Holdings notes, CIH notes, CCH I notes and the CCH II Notes;
- to purchase, redeem or refinance Charter Holdings notes, CIH notes, CCH I notes, CCH II Notes, Charter notes, and other direct or indirect parent company notes, so long as CCO Holdings could incur $1.00 of indebtedness under the 4.5 to 1.0 leverage ratio test referred to above and there is no default; or
- to make other specified restricted payments including merger fees up to 1.25% of the transaction value, repurchases using concurrent new issuances, and certain dividends on existing subsidiary preferred equity interests.

The indenture governing the CCO Holdings senior notes restricts CCO Holdings and its restricted subsidiaries from making investments, except specified permitted investments, or creating new unrestricted subsidiaries, if there is a default under the indenture or if CCO Holdings could not incur $1.00 of new debt under the 4.5 to 1.0 leverage ratio test described above after giving effect to the transaction.

Permitted investments include:

- investments by CCO Holdings and its restricted subsidiaries in CCO Holdings and in other restricted subsidiaries, or entities that become restricted subsidiaries as a result of the investment,
- investments aggregating up to 100% of new cash equity proceeds received by CCO Holdings since November 10, 2003 to the extent the proceeds have not been allocated to the restricted payments covenant described above,
- other investments up to $750 million outstanding at any time, and
- certain specified additional investments, such as investments in customers and suppliers in the ordinary course of business and investments received in connection with permitted asset sales.

CCO Holdings is not permitted to grant liens on its assets other than specified permitted liens. Permitted liens include liens securing debt and other obligations incurred under our subsidiaries credit facilities, liens securing the purchase price of new assets, liens securing indebtedness up to $50 million and other specified liens incurred in the ordinary course of business. The lien covenant does not restrict liens on assets of subsidiaries of CCO Holdings.

CCO Holdings and CCO Holdings Capital Corp., its co-issuer, are generally not permitted to sell all or substantially all of their assets or merge with or into other companies unless their leverage ratio after any such transaction would be no greater than their leverage ratio immediately prior to the transaction, or unless CCO Holdings and its subsidiaries could incur $1.00 of new debt under the 4.5 to 1.0 leverage ratio test described above after giving effect to the transaction, no default exists, and the surviving entity is a U.S. entity that assumes the CCO Holdings senior notes.

CCO Holdings and its restricted subsidiaries may generally not otherwise sell assets or, in the case of restricted subsidiaries, issue equity interests, unless they receive consideration at least equal to the fair market value of the assets or equity interests, consisting of at least 75% in cash, assumption of liabilities, securities converted into cash within 60 days or productive assets. CCO Holdings and its restricted subsidiaries are then required within 365 days after any asset sale either to commit to use the net cash proceeds over a specified threshold to acquire assets, including current assets, used or useful in their businesses or use the net cash proceeds to repay debt, or to offer to repurchase the CCO

Holdings senior notes with any remaining proceeds.

CCO Holdings and its restricted subsidiaries may generally not engage in sale and leaseback transactions unless, at the time of the transaction, CCO Holdings could have incurred secured indebtedness in an amount equal to the present value of the net rental payments to be made under the lease, and the sale of the assets and application of proceeds is permitted by the covenant restricting asset sales.

CCO Holdings restricted subsidiaries may generally not enter into restrictions on their ability to make dividends or distributions or transfer assets to CCO Holdings on terms that are materially more restrictive than those governing their debt, lien, asset sale, lease and similar agreements existing when they entered into the indenture, unless those restrictions are on customary terms that will not materially impair CCO Holdings ability to repay its notes.

The restricted subsidiaries of CCO Holdings are generally not permitted to guarantee or pledge assets to secure debt of CCO Holdings, unless the guarantying subsidiary issues a guarantee of the notes of comparable priority and tenor, and waives any rights of reimbursement, indemnity or subrogation arising from the guarantee transaction for at least one year.

The indenture also restricts the ability of CCO Holdings and its restricted subsidiaries to enter into certain transactions with affiliates involving consideration in excess of $15 million without a determination by the board of directors that the transaction is on terms no less favorable than arms-length, or transactions with affiliates involving over $50 million without receiving an independent opinion as to the fairness of the transaction to the holders of the CCO Holdings notes.

Charter Communications Operating, LLC Notes

On April 27, 2004, Charter Operating and Charter Communications Operating Capital Corp. jointly issued $1.1 billion of 8% senior second-lien notes due 2012 and $400 million of 8^{3}/8% senior second-lien notes due 2014, for total gross proceeds of $1.5 billion. In March and June 2005, Charter Operating consummated exchange transactions with a small number of institutional holders of Charter Holdings 8.25% senior notes due 2007 pursuant to which Charter Operating issued, in private placement transactions, approximately $333 million principal amount of its 8^{3}/8% senior second-lien notes due 2014 in exchange for approximately $346 million of the Charter Holdings 8.25% senior notes due 2007. Interest on the Charter Operating notes is payable semi-annually in arrears on each April 30 and October 30.

The Charter Operating notes were sold in a private transaction that was not subject to the registration requirements of the Securities Act of 1933. The Charter Operating notes are not expected to have the benefit of any exchange or other registration rights, except in specified limited circumstances.

On the issue date of the Charter Operating notes, because of restrictions contained in the Charter Holdings indentures, there were no Charter Operating note guarantees, even though Charter Operating s immediate parent, CCO Holdings, and certain of our subsidiaries were obligors and/or guarantors under the Charter Operating credit facilities. Upon the occurrence of the guarantee and pledge date (generally, the fifth business day after the Charter Holdings leverage ratio was certified to be below 8.75 to 1.0), CCO Holdings and those subsidiaries of Charter Operating that were then guarantors of, or otherwise obligors with respect to, indebtedness under the Charter Operating credit facilities and related obligations were required to guarantee the Charter Operating notes. The note guarantee of each such guarantor is:

- a senior obligation of such guarantor;

- structurally senior to the outstanding senior notes of CCO Holdings (except in the case of CCO Holdings note guarantee, which is structurally *pari passu* with such senior notes), the outstanding CCH II Notes, the outstanding CCH I notes, the outstanding CIH notes, the outstanding Charter Holdings notes and the outstanding Convertible Notes (but subject to provisions in the Charter Operating indenture that permit interest and, subject to meeting the 4.25 to 1.0 leverage ratio test, principal payments to be made thereon); and

- senior in right of payment to any future subordinated indebtedness of such guarantor.

As a result of the above leverage ratio test being met, CCO Holdings and certain of its subsidiaries provided the additional guarantees described above during the first quarter of 2005. All the subsidiaries of Charter Operating (except CCO NR Sub, LLC, and certain other subsidiaries that are not deemed material and are designated as nonrecourse subsidiaries under the Charter Operating credit facilities) are restricted subsidiaries of Charter Operating under the Charter Operating notes. Unrestricted subsidiaries generally will not be subject to the restrictive covenants in the Charter Operating indenture.

In the event of specified change of control events, Charter Operating must offer to purchase the Charter Operating notes at a purchase price equal to 101% of the total principal amount of the Charter Operating notes repurchased plus any accrued and unpaid interest thereon.

The limitations on incurrence of debt contained in the indenture governing the Charter Operating notes permit Charter Operating and its restricted subsidiaries that are guarantors of the Charter Operating notes to incur additional debt or issue shares of preferred stock if, after giving pro forma effect to the incurrence, Charter Operating could meet a leverage ratio test (ratio of consolidated debt to four times EBITDA, as defined, from the most recent fiscal quarter for which internal financial reports are available) of 4.25 to 1.0.

In addition, regardless of whether the leverage ratio test could be met, so long as no default exists or would result from the incurrence or issuance, Charter Operating and its restricted subsidiaries are permitted to incur or issue:

- up to $6.8 billion of debt under credit facilities (but such incurrence is permitted only by Charter Operating and its restricted subsidiaries that are guarantors of the Charter Operating notes, so long as there are such guarantors), including debt under credit facilities outstanding on the issue date of the Charter Operating notes;
- up to $75 million of debt incurred to finance the purchase or capital lease of assets;
- up to $300 million of additional debt for any purpose, and
- other items of indebtedness for specific purposes such as refinancing of existing debt and interest rate swaps to provide protection against fluctuation in interest rates and, subject to meeting the leverage ratio test, debt existing at the time of acquisition of a restricted subsidiary.

The indenture governing the Charter Operating notes permits Charter Operating to incur debt under one of the categories above, and later reclassify the debt into a different category. The Charter Operating credit facilities generally impose more restrictive limitations on incurring new debt than the Charter Operating indenture, so our subsidiaries that are subject to the Charter Operating credit facilities are not permitted to utilize the full debt incurrence that would otherwise be available under the Charter Operating indenture covenants.

Generally, under Charter Operating s indenture, Charter Operating and its restricted subsidiaries are permitted to pay dividends on equity interests, repurchase interests, or make other specified restricted payments only if Charter Operating could incur $1.00 of new debt under the leverage ratio test, which requires that Charter Operating meet a 4.25 to 1.0 leverage ratio after giving effect to the transaction, and if no default exists or would exist as a consequence of such incurrence. If those conditions are met, restricted payments are permitted in a total amount of up to 100% of Charter Operating s consolidated EBITDA, as defined, minus 1.3 times its consolidated interest expense, plus 100% of new cash and appraised non-cash equity proceeds received by Charter Operating and not allocated to the debt incurrence covenant, all cumulatively from the fiscal quarter commenced April 1, 2004, plus $100 million.

In addition, Charter Operating may make distributions or restricted payments, so long as no default exists or would be caused by the transaction:

- to repurchase management equity interests in amounts not to exceed $10 million per fiscal year;
- regardless of the existence of any default, to pay pass-through tax liabilities in respect of ownership of equity interests in Charter Operating or its restricted subsidiaries;

- to pay, regardless of the existence of any default, interest when due on the Convertible Notes, the Charter Holdings notes, the CIH notes, the CCH I notes, the CCH II Notes and the CCO Holdings notes;

- to purchase, redeem or refinance the Charter Holdings notes, the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Convertible Notes, and other direct or indirect parent company notes, so long as Charter Operating could incur $1.00 of indebtedness under the 4.25 to 1.0 leverage ratio test referred to above and there is no default, or

- to make other specified restricted payments including merger fees up to 1.25% of the transaction value, repurchases using concurrent new issuances, and certain dividends on existing subsidiary preferred equity interests.

The indenture governing the Charter Operating notes restricts Charter Operating and its restricted subsidiaries from making investments, except specified permitted investments, or creating new unrestricted subsidiaries, if there is a default under the indenture or if Charter Operating could not incur $1.00 of new debt under the 4.25 to 1.0 leverage ratio test described above after giving effect to the transaction.

Permitted investments include:

- investments by Charter Operating and its restricted subsidiaries in Charter Operating and in other restricted subsidiaries, or entities that become restricted subsidiaries as a result of the investment,

- investments aggregating up to 100% of new cash equity proceeds received by Charter Operating since April 27, 2004 to the extent the proceeds have not been allocated to the restricted payments covenant described above,

- other investments up to $750 million outstanding at any time, and

- certain specified additional investments, such as investments in customers and suppliers in the ordinary course of business and investments received in connection with permitted asset sales.

Charter Operating and its restricted subsidiaries are not permitted to grant liens senior to the liens securing the Charter Operating notes, other than permitted liens, on their assets to secure indebtedness or other obligations, if, after giving effect to such incurrence, the senior secured leverage ratio (generally, the ratio of obligations secured by first priority liens to four times EBITDA, as defined, from the most recent fiscal quarter for which internal financial reports are available) would exceed 3.75 to 1.0. Permitted liens include liens securing indebtedness and other obligations under permitted credit facilities, liens securing the purchase price of new assets, liens securing indebtedness of up to $50 million and other specified liens incurred in the ordinary course of business.

Charter Operating and Charter Communications Operating Capital Corp., its co-issuer, are generally not permitted to sell all or substantially all of their assets or merge with or into other companies unless their leverage ratio after any such transaction would be no greater than their leverage ratio immediately prior to the transaction, or unless Charter Operating and its subsidiaries could incur $1.00 of new debt under the 4.25 to 1.0 leverage ratio test described above after giving effect to the transaction, no default exists, and the surviving entity is a U.S. entity that assumes the Charter Operating notes.

Charter Operating and its restricted subsidiaries generally may not otherwise sell assets or, in the case of restricted subsidiaries, issue equity interests, unless they receive consideration at least equal to the fair market value of the assets or equity interests, consisting of at least 75% in cash, assumption of liabilities, securities converted into cash within 60 days or productive assets. Charter Operating and its restricted subsidiaries are then required within 365 days after any asset sale either to commit to use the net cash proceeds over a specified threshold to acquire assets, including current assets, used or useful in their businesses or use the net cash proceeds to repay debt, or to offer to repurchase the Charter Operating notes with any remaining proceeds.

Charter Operating and its restricted subsidiaries may generally not engage in sale and leaseback transactions unless, at the time of the transaction, Charter Operating could have incurred secured

indebtedness in an amount equal to the present value of the net rental payments to be made under the lease, and the sale of the assets and application of proceeds is permitted by the covenant restricting asset sales.

Charter Operating s restricted subsidiaries may generally not enter into restrictions on their ability to make dividends or distributions or transfer assets to Charter Operating on terms that are materially more restrictive than those governing their debt, lien, asset sale, lease and similar agreements existing when Charter Operating entered into the indenture governing the Charter Operating senior second-lien notes unless those restrictions are on customary terms that will not materially impair Charter Operating s ability to repay the Charter Operating notes.

The restricted subsidiaries of Charter Operating are generally not permitted to guarantee or pledge assets to secure debt of Charter Operating, unless the guarantying subsidiary issues a guarantee of the notes of comparable priority and tenor, and waives any rights of reimbursement, indemnity or subrogation arising from the guarantee transaction for at least one year.

The indenture also restricts the ability of Charter Operating and its restricted subsidiaries to enter into certain transactions with affiliates involving consideration in excess of $15 million without a determination by the board of directors that the transaction is on terms no less favorable than arms-length, or transactions with affiliates involving over $50 million without receiving an independent opinion as to the fairness of the transaction to the holders of the Charter Operating notes.

Charter Operating and its restricted subsidiaries are generally not permitted to transfer equity interests in restricted subsidiaries unless the transfer is of all of the equity interests in the restricted subsidiary or the restricted subsidiary remains a restricted subsidiary and net proceeds of the equity sale are applied in accordance with the asset sales covenant.

Until the guarantee and pledge date, the Charter Operating notes are secured by a second-priority lien on all of Charter Operating s assets that secure the obligations of Charter Operating under the Charter Operating credit facility and specified related obligations. The collateral secures the obligations of Charter Operating with respect to the 8% senior second-lien notes due 2012 and the $8^{3}/8$% senior second-lien notes due 2014 on a ratable basis. The collateral consists of substantially all of Charter Operating s assets in which security interests may be perfected under the Uniform Commercial Code by filing a financing statement (including capital stock and intercompany obligations), including, but not limited to:

all of the capital stock of all of Charter Operating s direct subsidiaries, including, but not limited to, CCO NR Holdings, LLC; and

all intercompany obligations owing to Charter Operating including, but not limited to, intercompany notes from CC VI Operating, CC VIII Operating and Falcon, which notes are supported by the same guarantees and collateral that supported these subsidiaries credit facilities prior to the amendment and restatement of the Charter Operating credit facilities.

Since the occurrence of the guarantee and pledge date, the collateral for the Charter Operating notes consists of all of Charter Operating s and its subsidiaries assets that secure the obligations of Charter Operating or any subsidiary of Charter Operating with respect to the Charter Operating credit facilities and the related obligations. The collateral currently consists of the capital stock of Charter Operating held by CCO Holdings, all of the intercompany obligations owing to CCO Holdings by Charter Operating or any subsidiary of Charter Operating, and substantially all of Charter Operating s and the guarantors assets (other than the assets of CCO Holdings) in which security interests may be perfected under the Uniform

Commercial Code by filing a financing statement (including capital stock and intercompany obligations), including, but not limited to:

- with certain exceptions, all capital stock (limited in the case of capital stock of foreign subsidiaries, if any, to 66% of the capital stock of first tier foreign Subsidiaries) held by Charter Operating or any guarantor; and

- with certain exceptions, all intercompany obligations owing to Charter Operating or any guarantor.

In March 2005, CC V Holdings, LLC redeemed in full the notes outstanding under the CC V indenture. In June 2006, Renaissance Media (Louisiana) LLC, Renaissance Media (Tennessee) LLC and Renaissance Media Holdings Capital Corporation redeemed in full the notes outstanding under the Renaissance indenture. Following the redemptions CC V Holdings, LLC and its subsidiaries and Renaissance Media LLC, respectively, guaranteed the Charter Operating credit facilities and the related obligations and secured those guarantees with first-priority liens, and guaranteed the notes and secured the Charter Operating senior second-lien notes with second-priority liens, on substantially all of their assets in which security interests may be perfected under the Uniform Commercial Code by filing a financing statement (including capital stock and intercompany obligations).

In the event that additional liens are granted by Charter Operating or its subsidiaries to secure obligations under the Charter Operating credit facilities or the related obligations, second priority liens on the same assets will be granted to secure the Charter Operating notes, which liens will be subject to the provisions of an intercreditor agreement (to which none of Charter Operating or its affiliates are parties). Notwithstanding the foregoing sentence, no such second priority liens need be provided if the time such lien would otherwise be granted is not during a guarantee and pledge availability period (when the Leverage Condition is satisfied), but such second priority liens will be required to be provided in accordance with the foregoing sentence on or prior to the fifth business day of the commencement of the next succeeding guarantee and pledge availability period.

CCHC, LLC Note

In October 2005, Charter, acting through a Special Committee of Charter s Board of Directors, and Mr. Allen, settled a dispute that had arisen between the parties with regard to the ownership of CC VIII. As part of that settlement, CCHC issued the CCHC note to CII. The CCHC note has a 15-year maturity. The CCHC note has an initial accreted value of $48 million accreting at the rate of 14% per annum compounded quarterly, except that from and after February 28, 2009, CCHC may pay any increase in the accreted value of the CCHC note in cash and the accreted value of the CCHC note will not increase to the extent such amount is paid in cash. The CCHC note is exchangeable at CII s option, at any time, for Charter Holdco Class A common units at a rate equal to the then accreted value, divided by $2.00 (the Exchange Rate). Customary anti-dilution protections have been provided that could cause future changes to the Exchange Rate. Additionally, the Charter Holdco Class A common units received will be exchangeable by the holder into Charter Class A Common Stock in accordance with existing agreements between CII, Charter and certain other parties signatory thereto. Beginning February 28, 2009, if the closing price of Charter Class A Common Stock is at or above the Exchange Rate for a certain period of time as specified in the Exchange Agreement, Charter Holdco may require the exchange of the CCHC note for Charter Holdco Class A common units at the Exchange Rate. Additionally, CCHC has the right to redeem the CCHC note under certain circumstances for cash in an amount equal to the then accreted value, such amount, if redeemed prior to February 28, 2009, would also include a make whole up to the accreted value through February 28, 2009. CCHC must redeem the CCHC note at its maturity for cash in an amount equal to the initial stated value plus the accreted return through maturity. The accreted value of the CCHC note is $53 million as of June 30, 2006.

Charter Communications Holdings, LLC Notes

March 1999 Charter Holdings Notes

The March 1999 Charter Holdings notes were issued under three separate indentures, each dated as of March 17, 1999, among Charter Holdings and Charter Communications Holdings Capital Corporation (Charter Holdings Capital), as the issuers, and BNY Midwest Trust Company, as trustee. Charter Holdings and Charter Holdings Capital exchanged these notes for new notes with substantially similar terms, except that the new notes are registered under the Securities Act.

The March 1999 Charter Holdings notes are general unsecured obligations of Charter Holdings and Charter Holdings Capital. Cash interest on the March 1999 9.920% Charter Holdings notes began to accrue on April 1, 2004.

The March 1999 Charter Holdings notes are senior debt obligations of Charter Holdings and Charter Holdings Capital. They rank equally with all other current and future unsubordinated obligations of Charter Holdings and Charter Holdings Capital. They are structurally subordinated to the obligations of Charter Holdings subsidiaries, including the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

Charter Holdings and Charter Holdings Capital will not have the right to redeem the March 1999 8.250% Charter Holdings notes prior to their maturity date on April 1, 2007. Charter Holdings and Charter Holdings Capital may redeem some or all of the March 1999 8.625% Charter Holdings notes and the March 1999 9.920% Charter Holdings notes at any time, in each case, at a premium. The optional redemption price declines to 100% of the principal amount of March 1999 Charter Holdings notes redeemed, plus accrued and unpaid interest, if any, for redemption on or after April 1, 2007.

In the event that a specified change of control event occurs, Charter Holdings and Charter Holdings Capital must offer to repurchase any then outstanding March 1999 Charter Holdings notes at 101% of their principal amount or accreted value, as applicable, plus accrued and unpaid interest, if any.

The indentures governing the March 1999 Charter Holdings notes contain restrictive covenants that limit certain transactions or activities by Charter Holdings and its restricted subsidiaries. Substantially all of Charter Holdings direct and indirect subsidiaries are currently restricted subsidiaries. See Summary of Restrictive Covenants Under the Charter Holdings High Yield Notes.

January 2000 Charter Holdings Notes

The January 2000 Charter Holdings notes were issued under three separate indentures, each dated as of January 12, 2000, among Charter Holdings and Charter Holdings Capital, as the issuers, and BNY Midwest Trust Company, as trustee. In June 2000, Charter Holdings and Charter Holdings Capital exchanged these notes for new notes with substantially similar terms, except that the new notes are registered under the Securities Act.

The January 2000 Charter Holdings notes are general unsecured obligations of Charter Holdings and Charter Holdings Capital. Cash interest on the January 2000 11.75% Charter Holdings notes began to accrue on January 15, 2005.

The January 2000 Charter Holdings notes are senior debt obligations of Charter Holdings and Charter Holdings Capital. They rank equally with all other current and future unsubordinated obligations of Charter Holdings and Charter Holdings Capital. They are structurally subordinated to the obligations of Charter Holdings subsidiaries, including the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

Charter Holdings and Charter Holdings Capital will not have the right to redeem the January 2000 10.00% Charter Holdings notes prior to their maturity on April 1, 2009. Charter Holdings and Charter Holdings Capital may redeem some or all of the January 2000 10.25% Charter Holdings notes and the

January 2000 11.75% Charter Holdings notes at any time, in each case, at a premium. The optional redemption price declines to

100% of the principal amount of the January 2000 Charter Holdings notes redeemed, plus accrued and unpaid interest, if any, for redemption on or after January 15, 2008.

In the event that a specified change of control event occurs, Charter Holdings and Charter Holdings Capital must offer to repurchase any then outstanding January 2000 Charter Holdings notes at 101% of their total principal amount or accreted value, as applicable, plus accrued and unpaid interest, if any.

The indentures governing the January 2000 Charter Holdings notes contain substantially identical events of default, affirmative covenants and negative covenants as those contained in the indentures governing the March 1999 Charter Holdings notes. See Summary of Restrictive Covenants Under the Charter Holdings High-Yield Notes.

January 2001 Charter Holdings Notes

The January 2001 Charter Holdings notes were issued under three separate indentures, each dated as of January 10, 2001, each among Charter Holdings and Charter Holdings Capital, as the issuers, and BNY Midwest Trust Company, as trustee. In March 2001, Charter Holdings and Charter Holdings Capital exchanged these notes for new notes with substantially similar terms, except that the new notes are registered under the Securities Act.

The January 2001 Charter Holdings notes are general unsecured obligations of Charter Holdings and Charter Holdings Capital. Cash interest on the January 2001 13.500% Charter Holdings notes began to accrue on January 15, 2006.

The January 2001 Charter Holdings notes are senior debt obligations of Charter Holdings and Charter Holdings Capital. They rank equally with all other current and future unsubordinated obligations of Charter Holdings and Charter Holdings Capital. They are structurally subordinated to the obligations of Charter Holdings subsidiaries, including the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

Charter Holdings and Charter Holdings Capital will not have the right to redeem the January 2001 10.750% Charter Holdings notes prior to their maturity on October 1, 2009. Charter Holdings and Charter Holdings Capital may redeem some or all of the January 2001 11.125% Charter Holdings notes and the January 2001 13.500% Charter Holdings notes at any time, in each case, at a premium. The optional redemption price declines to 100% of the principal amount of the January 2001 Charter Holdings notes redeemed, plus accrued and unpaid interest, if any, for redemption on or after January 15, 2009.

In the event that a specified change of control event occurs, Charter Holdings and Charter Holdings Capital must offer to repurchase any then outstanding January 2001 Charter Holdings notes at 101% of their total principal amount or accreted value, as applicable, plus accrued and unpaid interest, if any.

The indentures governing the January 2001 Charter Holdings notes contain substantially identical events of default, affirmative covenants and negative covenants as those contained in the indentures governing the March 1999 and January 2000 Charter Holdings notes. See Summary of Restrictive Covenants Under the Charter Holdings High-Yield Notes.

May 2001 Charter Holdings Notes

The May 2001 Charter Holdings notes were issued under three separate indentures, each among Charter Holdings and Charter Holdings Capital, as the issuers, and BNY Midwest Trust Company, as trustee. In September 2001, Charter Holdings and Charter Holdings Capital exchanged substantially all of these notes for new notes with substantially similar terms, except that the new notes are registered under the Securities Act.

The May 2001 Charter Holdings notes are general unsecured obligations of Charter Holdings and Charter Holdings Capital. Cash interest on the May 2001 11.750% Charter Holdings notes will not accrue prior to May 15, 2006.

The May 2001 Charter Holdings notes are senior debt obligations of Charter Holdings and Charter Holdings Capital. They rank equally with all other current and future unsubordinated obligations of Charter Holdings and Charter Holdings Capital. They are structurally subordinated to the obligations of Charter Holdings subsidiaries, including the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

Charter Holdings and Charter Holdings Capital will not have the right to redeem the May 2001 9.625% Charter Holdings notes prior to their maturity on November 15, 2009. On or after May 15, 2006, Charter Holdings and Charter Holdings Capital may redeem some or all of the May 2001 10.000% Charter Holdings notes and the May 2001 11.750% Charter Holdings notes at any time, in each case, at a premium. The optional redemption price declines to 100% of the principal amount of the May 2001 Charter Holdings notes redeemed, plus accrued and unpaid interest, if any, for redemption on or after May 15, 2009.

In the event that a specified change of control event occurs, Charter Holdings and Charter Holdings Capital must offer to repurchase any then outstanding May 2001 Charter Holdings notes at 101% of their total principal amount or accreted value, as applicable, plus accrued and unpaid interest, if any.

The indentures governing the May 2001 Charter Holdings notes contain substantially identical events of default, affirmative covenants and negative covenants as those contained in the indentures governing the March 1999, January 2000 and January 2001 Charter Holdings notes. See Summary of Restrictive Covenants Under the Charter Holdings High-Yield Notes.

January 2002 Charter Holdings Notes

The January 2002 Charter Holdings notes were issued under three separate indentures, each among Charter Holdings and Charter Holdings Capital, as the issuers, and BNY Midwest Trust Company, as trustee, two of which were supplements to the indentures for the May 2001 Charter Holdings notes. In July 2002, Charter Holdings and Charter Holdings Capital exchanged substantially all of these notes for new notes with substantially similar terms, except that the new notes are registered under the Securities Act.

The January 2002 Charter Holdings notes are general unsecured obligations of Charter Holdings and Charter Holdings Capital. Cash interest on the January 2002 12.125% Charter Holdings notes will not accrue prior to January 15, 2007.

The January 2002 Charter Holdings notes are senior debt obligations of Charter Holdings and Charter Holdings Capital. They rank equally with the current and future unsecured and unsubordinated debt of Charter Holdings and Charter Holdings Capital. They are structurally subordinated to the obligations of Charter Holdings subsidiaries, including the CIH notes, the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

The Charter Holdings 12.125% senior discount notes are redeemable at the option of the issuers at amounts decreasing from 106.063% to 100% of accreted value beginning January 15, 2007.

In the event that a specified change of control event occurs, Charter Holdings and Charter Holdings Capital must offer to repurchase any then outstanding January 2002 Charter Holdings notes at 101% of their total principal amount or accreted value, as applicable, plus accrued and unpaid interest, if any.

The indentures governing the January 2002 Charter Holdings notes contain substantially identical events of default, affirmative covenants and negative covenants as those contained in the indentures governing the March 1999, January 2000, January 2001 and May 2001 Charter Holdings notes. See Summary of Restrictive Covenants Under the Charter Holdings High-Yield Notes.

Table of Contents

Summary of Restrictive Covenants Under the Charter Holdings High-Yield Notes

The limitations on incurrence of debt and issuance of preferred stock contained in Charter Holdings indentures permit Charter Holdings and its subsidiaries to incur additional debt or issue preferred stock, so long as there is no default under the Charter Holdings indentures. These limitations restrict the incurrence of debt unless, after giving pro forma effect to the incurrence, the Charter Holdings leverage ratio would be below 8.75 to 1.0. In addition, regardless of whether the leverage ratio could be met, so long as no default exists or would result from the incurrence or issuance, Charter Holdings and its restricted subsidiaries are permitted to issue:

- up to $3.5 billion of debt under credit facilities,
- up to $75 million of debt incurred to finance the purchase or capital lease of new assets,
- up to $300 million of additional debt for any purpose,
- additional debt in an amount equal to 200% of new cash equity proceeds received by Charter Holdings and its restricted subsidiaries since March 1999, the date of its first indenture, and not allocated for restricted payments or permitted investments, and
- other items of indebtedness for specific purposes such as intercompany debt, refinancing of existing debt, and interest rate swaps to provide protection against fluctuation in interest rates.

Indebtedness under a single facility or agreement may be incurred in part under one of the categories listed above and in part under another. Accordingly, indebtedness under our credit facilities is incurred under a combination of the categories of permitted indebtedness listed above.

The restricted subsidiaries of Charter Holdings are generally not permitted to issue debt securities contractually subordinated in right of payment to other debt of the issuing subsidiary or preferred stock, in either case in any public or Rule 144A offering.

The Charter Holdings indentures permit Charter Holdings and its restricted subsidiaries to incur debt under one category, and later reclassify that debt into another category. The Charter Operating credit facilities generally impose more restrictive limitations on incurring new debt than Charter Holdings indentures, so our subsidiaries that are subject to the Charter Operating credit facilities may not be permitted to utilize the full debt incurrence that would otherwise be available under the Charter Holdings indenture covenants.

Generally, under Charter Holdings high-yield indentures, Charter Holdings and its restricted subsidiaries are generally permitted to pay dividends on equity interests, repurchase interests, or make other specified restricted payments only if, Charter Holdings can incur $1.00 of new debt under the Charter Holdings leverage ratio test which requires 8.75 to 1.0 leverage ratio after giving effect to the transaction and if no default exists or would exist as a consequence of such incurrence. If those conditions are met, restricted payments in a total amount of up to 100% of Charter Holdings consolidated EBITDA, as defined, minus 1.2 times its consolidated interest expense, plus 100% of new cash and non-cash equity proceeds received by Charter Holdings and not allocated to the debt incurrence covenant or to permitted investments, all cumulatively from March 1999, the date of the first Charter Holdings indenture, plus $100 million.

In addition, Charter Holdings may make distributions or restricted payments, so long as no default exists or would be caused by transactions:

- to repurchase management equity interests in amounts not to exceed $10 million per fiscal year,
- regardless of the existence of any default, to pay pass-through tax liabilities in respect of ownership of equity interests in Charter Holdings or its restricted subsidiaries, or
- to make other specified restricted payments including merger fees up to 1.25% of the transaction value, repurchases using concurrent new issuances, and certain dividends on existing subsidiary preferred equity interests.

Charter Holdings and its restricted subsidiaries may not make investments except permitted investments if there is a default under the indentures or if, after giving effect to the transaction, the Charter Holdings leverage ratio would be above 8.75 to 1.0.

Permitted investments include:

- investments by Charter Holdings in restricted subsidiaries or by restricted subsidiaries in Charter Holdings,
- investments in productive assets (including through equity investments) aggregating up to $150 million since March 1999,
- investments aggregating up to 100% of new cash equity proceeds received by Charter Holdings since March 1999 and not allocated to the debt incurrence or restricted payments covenant, and
- other investments aggregating up to $50 million since March 1999.

Charter Holdings is not permitted to grant liens on its assets other than specified permitted liens. Permitted liens include liens securing debt and other obligations incurred under Charter Holdings and its subsidiaries credit facilities, liens securing the purchase price of new assets, liens securing indebtedness of up to $50 million and other specified liens incurred in the ordinary course of business. The lien covenant does not restrict liens on assets of subsidiaries of Charter Holdings.

Charter Holdings and Charter Holdings Capital, its co-issuer, are generally not permitted to sell all or substantially all of their assets or merge with or into other companies unless their leverage ratio after any such transaction would be no greater than their leverage ratio immediately prior to the transaction, or unless after giving effect to the transaction, the Charter Holdings leverage ratio would be below 8.75 to 1.0, no default exists, and the surviving entity is a U.S. entity that assumes the Charter Holdings notes.

Charter Holdings and its restricted subsidiaries may generally not otherwise sell assets or, in the case of restricted subsidiaries, issue equity interests, unless they receive consideration at least equal to the fair market value of the assets or equity interests, consisting of at least 75% in cash, assumption of liabilities, securities converted into cash within 60 days or productive assets. Charter Holdings and its restricted subsidiaries are then required within 365 days after any asset sale either to commit to use the net cash proceeds over a specified threshold to acquire assets, including current assets, used or useful in their businesses or use the net cash proceeds to repay debt, or to offer to repurchase the Charter Holdings notes with any remaining proceeds.

Charter Holdings and its restricted subsidiaries may generally not engage in sale and leaseback transactions unless, at the time of the transaction, Charter Holdings could have incurred secured indebtedness in an amount equal to the present value of the net rental payments to be made under the lease, and the sale of the assets and application of proceeds is permitted by the covenant restricting asset sales.

Charter Holdings restricted subsidiaries may generally not enter into restrictions on their ability to make dividends or distributions or transfer assets to Charter Holdings on terms that are materially more restrictive than those governing their debt, lien, asset sale, lease and similar agreements existing when they entered into the indentures, unless those restrictions are on customary terms that will not materially impair Charter Holdings ability to repay the high-yield notes.

The restricted subsidiaries of Charter Holdings are generally not permitted to guarantee or pledge assets to secure debt of Charter Holdings, unless the guaranteeing subsidiary issues a guarantee of the notes of comparable priority and tenor, and waives any rights of reimbursement, indemnity or subrogation arising from the guarantee transaction for at least one year.

The indentures also restrict the ability of Charter Holdings and its restricted subsidiaries to enter into certain transactions with affiliates involving consideration in excess of $15 million without a determination by the board of directors of Charter Holdings that the transaction is on terms no less favorable than arms

length, or transactions with affiliates involving over $50 million without receiving an independent opinion as to the fairness of the transaction addressed to the holders of the Charter Holdings notes.

CCH I Holdings, LLC Notes

In September 2005, CIH and CCH I Holdings Capital Corp. jointly issued $2.5 billion total principal amount of 9.92% to 13.50% senior accreting notes due 2014 and 2015 in exchange for an aggregate amount of $2.4 billion of Charter Holdings notes due 2011 and 2012, spread over six series of notes and with varying interest rates as set forth in the table under Description of Other Indebtedness. The notes are guaranteed by Charter Holdings.

The CIH notes are senior debt obligations of CIH and CCH I Holdings Capital Corp. They rank equally with all other current and future unsecured, unsubordinated obligations of CIH and CCH I Holdings Capital Corp. The CIH notes are structurally subordinated to all obligations of subsidiaries of CIH, including the CCH I notes, the CCH II Notes, the CCO Holdings notes, the Renaissance notes, the Charter Operating notes and the Charter Operating credit facilities.

The CIH notes may not be redeemed at the option of the issuers until September 30, 2007. On or after such date, the CIH notes may be redeemed in accordance with the following table.

Note Series	Redemption Dates	Percentage of Principal
11.125%	September 30, 2007 - January 14, 2008	103.708%
	January 15, 2008 - January 14, 2009	101.854%
	Thereafter	100.0%
9.92%	September 30, 2007 - Thereafter	100.0%
10.0%	September 30, 2007 - May 14, 2008	103.333%
	May 15, 2008 - May 14, 2009	101.667%
	Thereafter	100.0%
11.75%	September 30, 2007 - May 14, 2008	103.917%
	May 15, 2008 - May 14, 2009	101.958%
	Thereafter	100.0%
13.5%	September 30, 2007 - January 14, 2008	104.5%
	January 15, 2008 - January 14, 2009	102.25%
	Thereafter	100.0%
12.125%	September 30, 2007 - January 14, 2008	106.063%
	January 15, 2008 - January 14, 2009	104.042%
	January 15, 2009 - January 14, 2010	102.021%
	Thereafter	100.0%

In the event that a specified change of control event happens, CIH and CCH I Holdings Capital Corp. must offer to repurchase any outstanding notes at a price equal to the sum of the accreted value of the notes plus accrued and unpaid interest plus a premium that varies over time.

The indenture governing the CIH notes contains restrictive covenants similar to those contained in the indenture governing the Charter Holdings notes with the following exceptions:

The debt incurrence covenant permits up to $9.75 billion (rather than $3.5 billion) of debt under credit facilities (less the amount of net proceeds of asset sales applied to repay such debt as required by the asset sale covenant).

CIH and its restricted subsidiaries are generally permitted to pay dividends on equity interests, repurchase interests, or make other specified restricted payments only if, after giving pro forma effect to the transaction, the CIH leverage ratio would be below 8.75 to 1.0 and if no default exists or would exist as a consequence of such transaction. If those conditions are met, restricted payments are permitted in a total amount of up to the sum of

(1) the greater of (a) $500 million or (b) 100% of CIH s consolidated EBITDA, as defined, minus 1.2 times its consolidated interest

expense each for the period from September 28, 2005 to the end of CIH s most recently ended full fiscal quarter for which internal financial statements are available, plus (2) 100% of new cash and non-cash equity proceeds received by CIH and not allocated to the debt incurrence covenant or to permitted investments, all cumulatively from September 28, 2005.

Instead of the $150 million and $50 million permitted investment baskets described above, there is a $750 million permitted investment basket.

CCH I, LLC Notes

In September 2005, CCH I and CCH I Capital Corp. jointly issued $3.5 billion total principal amount of 11% senior secured notes due October 2015 in exchange for an aggregate amount of $4.2 billion of certain Charter Holdings notes. The notes are guaranteed by Charter Holdings and are secured by a pledge of 100% of the equity interest of CCH I s wholly owned direct subsidiary, CCH II, LLC. Such pledge is subject to significant limitations as described in the related pledge agreement. Interest on the CCH I notes accrues at 11% per annum and is payable semi-annually in arrears on each April 1 and October 1, commencing on April 1, 2006.

The CCH I notes are senior debt obligations of CCH I and CCH I Capital Corp. To the extent of the value of the collateral, they rank senior to all of CCH I s future unsecured senior indebtedness. The CCH I notes are structurally subordinated to all obligations of subsidiaries of CCH I, including the CCH II Notes, CCO Holdings notes, the Charter Operating notes and the Charter Operating credit facilities.

CCH I and CCH I Capital Corp. may, prior to October 1, 2008 in the event of a qualified equity offering providing sufficient proceeds, redeem up to 35% of the aggregate principal amount of the CCH I notes at a redemption price of 111% of the principal amount plus accrued and unpaid interest. Aside from this provision, CCH I and CCH I Capital Corp. may not redeem at their option any of the notes prior to October 1, 2010. On or after October 1, 2010, CCH I and CCH I Capital Corp. may redeem, in whole or in part, CCH I notes at the applicable prices (expressed as percentages of principal amount) listed below, plus accrued and unpaid interest if redeemed during the twelve month period beginning on October 1 of the years listed below.

Year	Percentage
2010	105.5%
2011	102.75%
2012	101.375%
2013 and thereafter	100.0%

If a change of control occurs, each holder of the CCH I notes will have the right to require the repurchase of all or any part of that holder s CCH I notes at 101% of the principal amount plus accrued and unpaid interest.

The indenture governing the CCH I notes contains restrictive covenants that limit certain transactions or activities by CCH I and its restricted subsidiaries, including the covenants summarized below. Substantially all of CCH I s direct and indirect subsidiaries are currently restricted subsidiaries.

The covenant in the indenture governing the CCH I notes that restricts incurrence of debt and issuance of preferred stock permits CCH I and its subsidiaries to incur or issue specified amounts of debt or preferred stock, if, after giving pro forma effect to the incurrence or issuance, CCH I could meet a leverage ratio (ratio of consolidated debt to four times EBITDA, as defined, from the most recent fiscal quarter for which internal financial reports are available) of 7.5 to 1.0.

In addition, regardless of whether the leverage ratio could be met, so long as no default exists or would result from the incurrence or issuance, CCH I and its restricted subsidiaries are permitted to incur or issue:

- up to $9.75 billion of debt under credit facilities (less the amount of net proceeds of asset sales applied to repay such debt as required by the asset sale covenant);
- up to $75 million of debt incurred to finance the purchase or capital lease of new assets;
- up to $300 million of additional debt for any purpose; and
- other items of indebtedness for specific purposes such as intercompany debt, refinancing of existing debt, and interest rate swaps to provide protection against fluctuation in interest rates.

The restricted subsidiaries of CCH I are generally not permitted to issue debt securities contractually subordinated to other debt of the issuing subsidiary or preferred stock, in either case in any public offering or private placement.

The CCH I indenture generally permits CCH I and its restricted subsidiaries to incur debt under one category, and later reclassify that debt into another category. The Charter Operating credit facilities generally impose more restrictive limitations on incurring new debt than those in the CCH I indenture, so our subsidiaries that are subject to credit facilities are not permitted to utilize the full debt incurrence that would otherwise be available under the CCH I indenture covenants.

Generally, under the CCH I indenture, CCH I and its restricted subsidiaries are permitted to pay dividends on equity interests, repurchase interests, or make other specified restricted payments only if CCH I can incur $1.00 of new debt under the leverage ratio test, which requires that CCH I meet a 7.5 to 1.0 leverage ratio after giving effect to the transaction, and if no default exists or would exist as a consequence of such incurrence. If those conditions are met, restricted payments are permitted in a total amount of up to 100% of CCH I s consolidated EBITDA, as defined, for the period from September 28, 2005 to the end of CCH I s most recently ended full fiscal quarter for which financial statements are available minus 1.3 times its consolidated interest expense for such period, plus 100% of new cash and appraised non-cash equity proceeds received by CCH I and not allocated to certain investments, from and after September 28, 2005, plus $100 million.

In addition, CCH I and its restricted subsidiaries may make distributions or restricted payments, so long as no default exists or would be caused by the transaction:

- to repurchase management equity interests in amounts not to exceed $10 million per fiscal year;
- to pay, regardless of the existence of any default, pass-through tax liabilities in respect of ownership of equity interests in CCH I or its restricted subsidiaries;
- to enable certain of its parents to pay interest on certain of their indebtedness;
- to enable certain of its parents to purchase, redeem or refinance certain indebtedness, so long as CCH I could incur $1.00 of indebtedness under the 7.5 to 1.0 leverage ratio test referred to above; or
- to make other specified restricted payments including merger fees up to 1.25% of the transaction value, repurchases using concurrent new issuances, and certain dividends on existing subsidiary preferred equity interests.

The indenture governing the CCH I notes restricts CCH I and its restricted subsidiaries from making investments, except specified permitted investments, or creating new unrestricted subsidiaries, if there is a default under the indenture or if CCH I could not incur $1.00 of new debt under the 7.5 to 1.0 leverage ratio test described above after giving effect to the transaction.

Permitted investments include:

- investments by CCH I and its restricted subsidiaries in CCH I and in other restricted subsidiaries, or entities that become restricted subsidiaries as a result of the investment,
- investments aggregating up to 100% of new cash equity proceeds received by CCH I since September 28, 2005 to the extent the proceeds have not been allocated to the restricted payments covenant described above,
- other investments up to $750 million outstanding at any time, and
- certain specified additional investments, such as investments in customers and suppliers in the ordinary course of business and investments received in connection with permitted asset sales.

CCH I is not permitted to grant liens on its assets other than specified permitted liens. Permitted liens include liens securing the purchase price of new assets, liens securing obligations up to $50 million and other specified liens. The lien covenant does not restrict liens on assets of subsidiaries of CCH I.

CCH I and CCH I Capital Corp., its co-issuer, are generally not permitted to sell all or substantially all of their assets or merge with or into other companies unless their leverage ratio after any such transaction would be no greater than their leverage ratio immediately prior to the transaction, or unless CCH I and its subsidiaries could incur $1.00 of new debt under the 7.50 to 1.0 leverage ratio test described above after giving effect to the transaction, no default exists, and the surviving entity is a U.S. entity that assumes the CCH I notes.

CCH I and its restricted subsidiaries may generally not otherwise sell assets or, in the case of restricted subsidiaries, issue equity interests, unless they receive consideration at least equal to the fair market value of the assets or equity interests, consisting of at least 75% in cash, assumption of liabilities, securities converted into cash within 60 days or productive assets. CCH I and its restricted subsidiaries are then required within 365 days after any asset sale either to commit to use the net cash proceeds over a specified threshold to acquire assets, including current assets, used or useful in their businesses or use the net cash proceeds to repay certain debt, or to offer to repurchase the CCH I notes with any remaining proceeds.

CCH I and its restricted subsidiaries may generally not engage in sale and leaseback transactions unless, at the time of the transaction, CCH I could have incurred secured indebtedness in an amount equal to the present value of the net rental payments to be made under the lease, and the sale of the assets and application of proceeds is permitted by the covenant restricting asset sales.

With certain exceptions, CCH I s restricted subsidiaries may generally not enter into restrictions on their ability to make dividends or distributions or transfer assets to CCH I.

The restricted subsidiaries of CCH I are generally not permitted to guarantee or pledge assets to secure other debt of CCH I, except in respect of credit facilities unless the guarantying subsidiary issues a guarantee of the CCH I notes and waives any rights of reimbursement, indemnity or subrogation arising from the guarantee transaction for at least one year.

The indenture also restricts the ability of CCH I and its restricted subsidiaries to enter into certain transactions with affiliates involving consideration in excess of $15 million without a determination by the board of directors that the transaction is on terms no less favorable than arms-length, or transactions with affiliates involving over $50 million without receiving an independent opinion as to the fairness of the transaction to the holders of the CCH I notes.

Table of Contents

Cross-Defaults

Our indentures and those of certain of our parent companies and our subsidiaries include various events of default, including cross-default provisions. Under these provisions, a failure by any of the issuers or any of their restricted subsidiaries to pay at the final maturity thereof the principal amount of other indebtedness having a principal amount of $100 million or more (or any other default under any such indebtedness resulting in its acceleration) would result in an event of default under the indenture governing the applicable notes. The Renaissance indenture contains a similar cross-default provision with a $10 million threshold that applies to the issuers of the Renaissance notes and their restricted subsidiaries. As a result, an event of default related to the failure to repay principal at maturity or the acceleration of the indebtedness under the Charter Holdings notes, CIH notes, CCH I notes, CCH II Notes, CCO Holdings notes, Charter Operating notes or the Charter Operating credit facilities could cause cross-defaults under CCH II s and our and our subsidiaries indentures.

DESCRIPTION OF CAPITAL STOCK AND MEMBERSHIP UNITS

General

Charter s capital stock and the provisions of the Restated Certificate of Incorporation and Bylaws of Charter are as described below. These summaries are qualified by reference to the Restated Certificate of Incorporation and the Bylaws of Charter, copies of which have been filed with the Securities and Exchange Commission.

Charter s authorized capital stock consists of 1.750 billion shares of Class A Common Stock, par value $.001 per share, 750 million shares of Class B common stock, par value $.001 per share, and 250 million shares of preferred stock, par value $.001 per share.

The Restated Certificate of Incorporation of Charter and Charter Holdco s amended and restated limited liability company agreement contain provisions that are designed to cause the number of shares of Charter s common stock that are outstanding to equal the number of common membership units of Charter Holdco owned by Charter and to cause the value of a share of common stock to be equal to the value of a common membership unit. These provisions are meant to allow a holder of Charter s common stock to easily understand the economic interest that such holder s common shares represent of Charter Holdco s business.

In particular, provisions in the Restated Certificate of Incorporation of Charter provide that:

(1) at all times the number of shares of common stock outstanding will be equal to the number of Charter Holdco common membership units owned by Charter.

(2) Charter will not hold any assets other than, among other allowable assets:

- working capital and cash held for the payment of current obligations and receivables from Charter Holdco;
- common membership units of Charter Holdco; and
- obligations and equity interests of Charter Holdco that correspond to obligations and equity interests issued by Charter;

(3) Charter will not borrow any money or enter into any capital lease unless Charter Holdco enters into the same arrangements with Charter so that Charter s liability flows through to Charter Holdco.

Provisions in Charter Holdco s amended and restated limited liability company agreement provide that, upon the contribution by Charter of assets acquired through the issuance of common stock by Charter, Charter Holdco will issue to Charter that number of common membership units as equals the number of shares of common stock issued by Charter. In the event of the contribution by Charter of assets acquired through the issuance of indebtedness or preferred interests of Charter, Charter Holdco will issue to Charter a corresponding obligation or interest, respectively to allow Charter to pass through to Charter Holdco these liabilities or preferred interests. Such liabilities or preferred interest of Charter Holdco will be assets of Charter, in addition to the Class B common units of Charter Holdco that are held by Charter.

Common Stock

As of June 30, 2006, there were 438.5 million shares of Class A Common Stock issued and outstanding and 50,000 shares of Class B common stock issued and outstanding. If, as described below, all shares of Class B common stock convert to shares of Class A Common Stock as a result of dispositions by Mr. Allen and his affiliates, the holders of Class A Common Stock will be entitled to elect all members of the board of directors, other than any members elected separately by the holders of any preferred shares with the right to vote, of which there are currently none outstanding.

Voting Rights. The holders of Class A Common Stock and Class B common stock generally have identical rights, except:

- each Class A common shareholder is entitled to one vote per share; and
- each Class B common shareholder is entitled to a number of votes based on the number of outstanding Class B common stock and Charter Holdco membership units exchangeable for Class B common stock. For example, Mr. Allen is entitled to ten votes for each share of Class B common stock held by him or his affiliates and ten votes for each membership unit held by him or his affiliates; and
- the Class B common shareholders have the sole power to vote to amend or repeal the provisions of the Restated Certificate of Incorporation of Charter relating to:

(1) the activities in which Charter may engage;

(2) the required ratio of outstanding shares of common stock to outstanding membership units owned by Charter; and

(3) the restrictions on the assets and liabilities that Charter may hold.

The effect of the provisions described in the final bullet point is that holders of Class A Common Stock have no right to vote on these matters. These provisions allow Mr. Allen, for example, to amend the Restated Certificate of Incorporation to permit Charter to engage in currently prohibited business activities without having to seek the approval of holders of Class A Common Stock.

The voting rights relating to the election of Charter s board of directors are as follows:

- The Class B common shareholders, voting separately as a class, are entitled to elect all but one member of our board of directors.
- Class A and Class B common shareholders, voting together as one class, are entitled to elect the remaining member of our board of directors who is not elected by the Class B common shareholders.
- Class A common shareholders and Class B common shareholders are not entitled to cumulate their votes in the election of directors.
- In addition, Charter may issue one or more series of preferred stock that entitle the holders of such preferred stock to elect directors.

Other than the election of directors and any matters where Delaware law or the Restated Certificate of Incorporation or Bylaws of Charter requires otherwise, all matters to be voted on by shareholders must be approved by a majority of the votes cast by the holders of shares of Class A Common Stock and Class B common stock present in person or represented by proxy, voting together as a single class, subject to any voting rights granted to holders of any preferred stock.

Amendments to the Restated Certificate of Incorporation of Charter that would adversely alter or change the powers, preferences or special rights of the Class A Common Stock or the Class B common stock must be approved by a majority of the votes entitled to be cast by the holders of the outstanding shares of the affected class, voting as a separate class. In addition, the following actions by Charter must be approved by the affirmative vote of the holders of at least a majority of the voting power of the outstanding Class B common stock, voting as a separate class:

- the issuance of any Class B common stock other than to Mr. Allen and his affiliates and other than pursuant to specified stock splits and dividends;
- the issuance of any stock other than Class A Common Stock (and other than Class B common stock as described above); and

232

- the amendment, modification or repeal of any provision of the Restated Certificate of Incorporation of Charter relating to capital stock or the removal of directors.

Charter will lose its rights to manage the business of Charter Holdco and Charter Investment, Inc. will become the sole manager of Charter Holdco if at any time a court holds that the holders of the Class B common stock no longer:

- have the number of votes per share of Class B common stock described above;
- have the right to elect, voting separately as a class, all but one member of Charter s board of directors, except for any directors elected separately by the holders of preferred stock; or
- have the right to vote as a separate class on matters that adversely affect the Class B common stock with respect to:
  - (1) the issuance of equity securities of Charter other than the Class A Common Stock; or
  - (2) the voting power of the Class B common stock.

These provisions are contained in the amended and restated limited liability company agreement of Charter Holdco. The Class B common stock could lose these rights if a holder of Class A Common Stock successfully challenges in a court proceeding the voting rights of the Class B common stock. In any of these circumstances, Charter would also lose its 100% voting control of Charter Holdco as provided in Charter Holdco s amended and restated limited liability company agreement. These provisions exist to assure Mr. Allen that he will be able to control Charter Holdco in the event he was no longer able to control Charter through his ownership of Class B common stock. These events could have a material adverse impact on our business and the market price of the Class A Common Stock and the notes.

Dividends. Holders of Class A Common Stock and Class B common stock will share ratably (based on the number of shares of common stock held) in any dividend declared by our board of directors, subject to any preferential rights of any outstanding preferred stock. Dividends consisting of shares of Class A Common Stock and Class B common stock may be paid only as follows:

- shares of Class A Common Stock may be paid only to holders of Class A Common Stock;
- shares of Class B common stock may be paid only to holders of Class B common stock; and
- the number of shares of each class of common stock payable per share of such class of common stock shall be equal in number.

The restated certificate of incorporation of Charter provides that we may not pay a stock dividend unless the number of outstanding Charter Holdco common membership units are adjusted accordingly. This provision is designed to maintain the equal value between shares of common stock and membership units and the one-to-one exchange ratio.

Conversion of Class B Common Stock. Each share of outstanding Class B common stock will automatically convert into one share of Class A Common Stock if, at any time, Mr. Allen or any of his affiliates sells any shares of common stock of Charter or membership units of Charter Holdco and as a result of such sale, Mr. Allen and his affiliates no longer own directly and indirectly common stock and other equity interests in Charter and membership units in Charter Holdco that in total represent at least:

- 20% of the sum of the values, calculated as of November 12, 1999, of the shares of Class B common stock directly or indirectly owned by Mr. Allen and his affiliates and the shares of Class B common stock for which outstanding Charter Holdco membership units directly or indirectly owned by Mr. Allen and his affiliates were exchangeable on that date; and
- 5% of the sum of the values, calculated as of the measuring date, of shares of outstanding common stock and other equity interests in Charter and the shares of Charter common stock for which outstanding Charter Holdco membership units are exchangeable on such date.

233

These provisions exist to assure that Mr. Allen will no longer be able to control Charter if after sales of his equity interests he owns an insignificant economic interest in our business. The conversion of all Class B common stock in accordance with these provisions would not trigger Charter Holdco s limited liability company agreement provisions described above whereby Charter would lose its management rights and special voting rights relating to Charter Holdco in the event of an adverse determination of a court affecting the rights of the Class B common stock.

Each holder of a share of Class B common stock has the right to convert such share into one share of Class A Common Stock at any time on a one-for-one basis. If a Class B common shareholder transfers any shares of Class B common stock to a person other than an authorized Class B common shareholder, these shares of Class B common stock will automatically convert into shares of Class A Common Stock. Authorized Class B common shareholders are Paul G. Allen entities controlled by Mr. Allen, Mr. Allen s estate, any organization qualified under Section 501(c)(3) of the Internal Revenue Code that is Mr. Allen s beneficiary upon his death and certain trusts established by or for the benefit of Mr. Allen. In this context controlled means the ownership of more than 50% of the voting power and economic interest of an entity and transfer means the transfer of record or beneficial ownership of any such share of Class B common stock.

Other Rights. Shares of Class A Common Stock will be treated equally in the event of any merger or consolidation of Charter so that:

each class of common shareholders will receive per share the same kind and amount of capital stock, securities, cash and/or other property received by any other class of common shareholders, provided that any shares of capital stock so received may differ in a manner similar to the manner in which the shares of Class A Common Stock and Class B common stock differ; or

each class of common shareholders, to the extent they receive a different kind (other than as described above) or different amount of capital stock, securities, cash and/or other property than that received by any other class of common shareholders, will receive for each share of common stock they hold, stock, securities, cash and/or either property having a value substantially equivalent to that received by such other class of common shareholders.

Upon Charter s liquidation, dissolution or winding up, after payment in full of the amounts required to be paid to preferred shareholders, if any, all common shareholders, regardless of class, are entitled to share ratably in any assets and funds available for distribution to common shareholders.

No shares of any class of common stock are subject to redemption or have preemptive right to purchase additional shares of common stock.

Preferred Stock

Charter s board of directors is authorized, subject to the approval of the holders of the Class B common stock, to issue from time to time up to a total of 250 million shares of preferred stock in one or more series and to fix the numbers, powers, designations, preferences, and any special rights of the shares of each such series thereof, including:

dividend rights and rates;

conversion rights;

voting rights;

terms of redemption (including any sinking fund provisions) and redemption price or prices;

liquidation preferences; and

the number of shares constituting and the designation of such series.

Pursuant to their authority the board of directors has designated 1 million of the above-described 250 million shares as Series A Convertible Redeemable Preferred Stock (Series A Preferred Stock).

Holders of the Series A Preferred Stock have no voting rights but are entitled to receive cumulative cash dividends at an annual rate of 5.75%, payable quarterly. If for any reason Charter fails to pay the dividends on the Series A Preferred Stock on a timely basis, the dividend rate on each share increases to an annual rate of 7.75% until the payment is made. The Series A Preferred Stock is redeemable by Charter at its option on or after August 31, 2004 and must be redeemed by Charter at any time upon a change of control, or if not previously redeemed or converted, on August 31, 2008. The Series A Preferred Stock is convertible, in whole or in part, at the option of the holders on or before August 31, 2008, into shares of common stock at an initial conversion rate equal to a conversion price of $24.71 per share of common stock, subject to certain customary adjustments. The redemption price per share of Series A Preferred Stock is the liquidation preference of $100, subject to certain customary adjustments. At December 31, 2005, there were 36,713 shares of Series A Preferred Stock outstanding, with an aggregate liquidation preference of approximately $4 million. These shares are convertible into approximately 148,575 shares of Class A Common Stock.

In connection with the repurchase of 508,546 shares in November 2005, the holders of Series A Preferred Stock consented to an amendment to the Certificate of Designation governing the Series A Preferred Stock that will eliminate the quarterly dividends on all of the outstanding Series A Preferred Stock and will provide that the liquidation preference for the remaining shares outstanding will be $105.4063 per share, which amount shall accrete from September 30, 2005 at an annual rate of 7.75%, compounded quarterly. Certain holders of Series A Preferred Stock also released Charter from various threatened claims relating to their acquisition and ownership of the Series A Preferred Stock, including threatened claims for breach of contract.

Charter has no present plans to issue any other shares of preferred stock.

Options

As of June 30, 2006, options to purchase a total of 1,139,535 membership units in Charter Holdco were outstanding pursuant to the 1999 Charter Communications Option Plan, and options to purchase a total of 27,431,950 shares of Class A Common Stock were outstanding pursuant to Charter s 2001 Stock Incentive Plan. Of these options, 10,453,765 have vested. The membership units received upon exercise of any of the options under the 1999 Charter Communications Option Plan are automatically exchanged for shares of the Class A Common Stock on a one-for-one basis. In addition, a portion of the unvested options will vest each month. There are also additional options outstanding to purchase an aggregate of 289,268 shares of Class A Common Stock, which were issued to a consultant outside of the 2001 Stock Incentive Plan.

Convertible Notes

At June 30, 2006, we had outstanding $862.5 million principal amount of the Convertible Notes, which are convertible (at approximately $2.42 per share) into a total of approximately 356 million shares of the Class A Common Stock.

Anti-takeover Effects of Provisions of the Restated Certificate of Incorporation and Bylaws of Charter

Provisions of the Restated Certificate of Incorporation and Bylaws of Charter may be deemed to have an anti-takeover effect and may delay, defer or prevent a tender offer or takeover attempt that a shareholder might consider in its best interest, including those attempts that might result in a premium over the market price for the shares held by shareholders.

Special Meeting of Shareholders. Charter s Bylaws provide that, subject to the rights of holders of any series of preferred stock, special meetings of Charter s shareholders may be called only by the chairman of our board of directors, our chief executive officer or a majority of our board of directors.

Advance Notice Requirements For Shareholder Proposals And Director Nominations. Charter s Bylaws provide that shareholders seeking to bring business before an annual meeting of shareholders, or to

nominate candidates for election as directors at an annual meeting of shareholders, must provide timely prior written notice of their proposals. To be timely, a shareholder s notice must be received at our principal executive offices not less than 45 days nor more than 70 days prior to the first anniversary of the date on which we first mailed the proxy statement for the prior year s annual meeting. If, however, the date of the annual meeting is more than 30 days before or after the anniversary date of the prior year s annual meeting, notice by the shareholder must be received not less than 90 days prior to the annual meeting or by the 10th day following the public announcement of the date of the meeting, whichever occurs later, and not more than 120 days prior to the annual meeting. Charter s Bylaws specify requirements as to the form and content of a shareholder s notice. These provisions may limit shareholders in bringing matters before an annual meeting of shareholders or in making nominations for directors at an annual meeting of shareholders.

Authorized But Unissued Shares. The authorized but unissued shares of Class A Common Stock are available for future issuance without shareholder approval and, subject to approval by the holders of the Class B common stock, the authorized but unissued shares of Class B common stock and preferred stock are available for future issuance. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Membership Units of Charter Holdco

The Charter Holdco limited liability company agreement provides for three separate classes of common membership units designed Class A, Class B and Class C and one class of preferred membership units designated Class A. As of June 30, 2006, there were 777,656,059 Charter Holdco common membership units issued and outstanding, 438,524,028 of which were held by Charter.

Class A Common Membership Units. As of June 30, 2006, there were a total of 324,300,479 issued and outstanding Class A common membership units, consisting of 217,585,246 units owned by Charter Investment, Inc. (CII) and 106,715,233 units owned by Vulcan Cable III Inc.

Class B Common Membership Units. As of June 30, 2006, there were a total of 438,524,028 issued and outstanding Class B common membership units, all of which are owned by Charter.

Class C Common Membership Units. As of June 30, 2006, there were a total of 14,831,552 issued and outstanding Class C common membership units, consisting of 5,233,612 units owned by CII and 9,597,940 units owned by Vulcan Cable III Inc.

Convertible Preferred Membership Units. As of June 30, 2006, there were a total of 36,713 issued and outstanding convertible preferred membership units. These units are owned by Charter and mirror the terms of Charter s Series A Preferred Stock.

Any matter requiring a vote of the members of Charter Holdco requires the affirmative vote of a majority of the Class B common membership units. Charter owns all Class B common membership units and therefore controls Charter Holdco. Because Mr. Allen owns high vote Class B common stock of Charter that entitles him to approximately 90% of the voting power of the outstanding common stock of Charter. Mr. Allen controls us and through us has voting control of Charter Holdco.

The net cash proceeds that Charter receives from any issuance of shares of common stock will be immediately transferred to Charter Holdco in exchange for membership units equal in number to the number of shares of common stock issued by Charter.

In addition, in October 2005 a settlement was reached in a dispute concerning the ownership of 24,273,943 units of CC VIII, LLC. As part of the settlement, CII received an accreting exchangeable note of CCHC, LLC with an initial value of $48 million, accreting at 14%, compounded quarterly, with a 15-year maturity. The note is exchangeable, at CII s option, at any time, for Charter Holdco Class A

common units at a rate equal to then accreted value, divided by $2.00 (the Exchange Rate). Customary anti-dilution protections have been provided that could cause future changes to the Exchange Rate. Additionally, the Charter Holdco Class A common units received will be exchangeable by the holder into Charter Class A Common Stock in accordance with existing agreements between CII, Charter and certain other parties signatory thereto. Beginning three years and four months after the closing of the Settlement, if the closing price of Charter Class A Common Stock is at or above the Exchange Rate for a certain period of time as specified in the Exchange Agreement, Charter Holdco may require the exchange of the Note for Charter Holdco Class A units at the Exchange Rate.

Exchange Agreement

Charter is a party to an agreement permitting Vulcan Cable III Inc., CII and any other affiliate of Mr. Allen to exchange at any time on a one-for-one basis any or all of their Charter Holdco common membership units for shares of Class B common stock. This exchange may occur directly or, at the election of the exchanging holder, indirectly through a tax-free reorganization such as a share exchange or a statutory merger of any Allen-controlled entity with and into Charter or a wholly owned subsidiary of Charter. In the case of an exchange in connection with a tax-free share exchange or a statutory merger, shares of Class A Common Stock held by Mr. Allen or the Allen-controlled entity will also be exchanged for Class B common stock. Mr. Allen currently owns shares of Class A Common Stock as a result of the exercise of put rights granted to sellers in the Falcon acquisition and the Rifkin acquisition.

Charter Holdco common membership units held by Mr. Allen and his affiliates are exchangeable at any time for shares of the Class B common stock, which is then convertible into shares of Class A Common Stock. The exchange agreement and the 1999 Charter Communications Option Plan state that common membership units are exchangeable for shares of common stock at a value equal to the fair market value of the common membership units. The exchange ratio of common membership units to shares of Class A Common Stock will be one to one because Charter and Charter Holdco have been structured so that the fair market value of a share of the Class A Common Stock equals the fair market value of a common membership unit owned by Charter.

Charter s organizational documents achieve this result by limiting the assets and liabilities that Charter may hold; and requiring the number of shares of Charter s common stock outstanding at any time to equal the number of common membership units owned by Charter.

If we fail to comply with these provisions or they are changed, the exchange ratio may vary from one to one and will then be based on a pre-determined formula contained in the exchange agreements and the 1999 Charter Communications Option Plan. This formula will be based on the then current relative fair market values of common membership units and common stock.

Special Tax Allocation Provisions.

Charter Holdco s limited liability company agreement contains a number of provisions affecting allocation of net tax losses and net tax profits to its members. In some situations, these provisions could result in Charter having to pay income taxes in an amount that is more or less than it would have had to pay if these provisions did not exist.

Other Material Terms of the Amended and Restated Limited Company Agreement of Charter Holdco

General. Charter Holdco s amended and restated limited liability company agreement contains provisions that permit each member (and its officers, directors, agents, shareholders, members, partners or affiliates) to engage in businesses that may compete with the businesses of Charter Holdco or any subsidiary. However, the directors of Charter, including Mr. Allen, are subject to fiduciary duties under Delaware corporate law that generally require them to present business opportunities in the cable transmission business to Charter.

The amended and restated limited liability company agreement restricts the business activities that Charter Holdco may engage in.

Transfer Restrictions. The amended and restated limited liability company agreement restricts the ability of each member to transfer its membership interest unless specified conditions have been met. These conditions include:

- the transfer will not result in the loss of any license or regulatory approval or exemption that has been obtained by Charter Holdco and is materially useful in its business as then conducted or proposed to be conducted;
- the transfer will not result in a material and adverse limitation or restriction on the operations of Charter Holdco and its subsidiaries taken as a whole;
- the proposed transferee agrees in writing to be bound by the limited liability company agreement; and
- except for a limited number of permitted transfers under the limited liability company agreement, the transfer has been approved by the manager in its sole discretion.

Amendments to the Limited Liability Company Agreement. Any amendment to the limited liability company agreement generally may be adopted only upon the approval of a majority of the Class B common membership units. The agreement may not be amended in a manner that adversely affects the rights of any class of common membership units without the consent of holders holding a majority of the membership units of that class.

Registration Rights

Holders of Class B Common Stock. Charter, Mr. Allen, CII and Vulcan Cable III Inc., are parties to a registration rights agreement. The agreement gives Mr. Allen and his affiliates the right to cause us to register the shares of Class A Common Stock issued to them upon conversion of any shares of Class B common stock that they may hold.

This registration rights agreement provides that each eligible holder is entitled to unlimited piggyback registration rights permitting them to include their shares of Class A Common Stock in registration statements filed by us. These holders may also exercise their demand rights causing us, subject to specified limitations, to register their Class A shares, provided that the amount of shares subject to each demand has a market value at least equal to $50 million or, if the market value is less than $50 million, all of the Class A shares of the holders participating in the offering are included in such registration. We are obligated to pay the costs associated with all such registrations.

Holders may elect to have their shares registered pursuant to a shelf registration statement if at the time of the election, Charter is eligible to file a registration statement on Form S-3 and the amount of shares to be registered has a market value equal to at least $100 million on the date of the election.

All shares of Class A Common Stock issuable to the registration rights holders in exchange for Charter Holdco membership units and upon conversion of outstanding Class B common stock and conversion of Class B common stock issuable to the registration rights holders upon exchange of Charter Holdco membership units are subject to the registration rights described above.

Transfer Agent and Registrar

The transfer agent and registrar for the Class A Common Stock is Mellon Investor Services, LLC.

Share Lending Agreement

We understood that, when we sold the Convertible Notes, and for some time thereafter, it was difficult for investors in the Convertible Notes to borrow shares of the Class A Common Stock for the purpose of shorting such stock to hedge their investment in the Convertible Notes. We also understand

that many investors in convertible securities seek to hedge their exposure to the issuer s common stock by selling the stock short to establish an initial hedge position that partially offsets the long position represented by the convertible securities. Such investors then dynamically adjust their hedge position over time as the market price of the underlying stock and the time to maturity of the convertible securities changes. As the stock price increases, investors will generally increase their hedge position by borrowing and shorting more shares, and as the stock price decreases, investors will generally decrease their hedge position by buying shares in the market and closing out their stock loans.

Because we believed there were not sufficient shares of the Class A Common Stock available for investors to borrow when we offered the Convertible Notes, and because we understood that the shares that were available were relatively expensive to borrow, we were concerned that, in order to sell the Convertible Notes, we would be forced to offer terms that would have been unfavorable to us. To address this concern, and to make it possible or less expensive for prospective investors in the Convertible Notes to hedge their investment, we entered into a share lending agreement, dated November 22, 2004 (the Share Lending Agreement), with Citigroup Global Markets Inc. (Citigroup), as agent for Citigroup Global Markets Limited (CGML), as borrower. Under the Share Lending Agreement, we agreed to loan to CGML up to 150,000,000 shares of the Class A Common Stock on one or more occasions prior to November 16, 2006 or, if earlier, the date as of which all of the Convertible Notes cease to be outstanding as the result of conversion, repurchase, redemption or otherwise. To date, 116.9 million shares have been sold in three share borrow transactions. Because less than the full 150 million shares covered by the Share Lending Agreement were sold in the prior share borrow transactions, we remain obligated to issue, at CGML s request, up to an additional 33.1 million shares in up to two additional subsequent registered public offerings pursuant to the share lending agreement. We will receive a loan fee of $.001 per share for each share that we loan to CGML, payable at the time such share is borrowed. Citigroup Global Markets Holdings Inc. guaranteed the obligations of CGML under the Share Lending Agreement.

Under the agreement, CGML agreed that it will not transfer or dispose of the borrowed shares except for the purpose of directly or indirectly facilitating the hedging of the Convertible Notes by Holders. Any shares of the Class A Common Stock that Citigroup returns to us to reduce its stock loan after such shares have been sold into the public market pursuant to a registration statement cannot be reborrowed.

Share loans under the agreement will terminate and the borrowed shares must be returned to us:

- if and when CGML in its discretion terminates all or any portion of a loan at any time;
- if and when we terminate any or all of the outstanding loans upon a default by CGML under the Share Lending Agreement, including a breach by CGML of any of its representations and warranties, covenants or agreements under such agreement or the bankruptcy of CGML; or
- on November 16, 2009, the termination date for the Share Lending Agreement or, sooner, if and when all of the Convertible Notes have been converted, repaid, redeemed or are otherwise no longer outstanding. We will not otherwise have the right to terminate any loan of borrowed shares.

Any shares that we loan to CGML will be issued and outstanding for corporate law purposes, and accordingly, the purchasers of the borrowed shares and their transferees will have all of the rights of a holder of outstanding shares of Class A Common Stock, including the right to vote the shares on all matters submitted to a vote of Charter s stockholders and the right to receive any dividends or other distributions that we may pay or make on outstanding shares of Class A Common Stock. However, under the Share Lending Agreement, CGML has agreed:

- to pay to us an amount equal to any cash dividends that we pay on the borrowed shares, and
- to pay or deliver to us any other distribution, in liquidation or otherwise, that we make on the borrowed shares.

CGML has also agreed under the share lending agreement that it will not vote any borrowed shares of which it is the record owner, and it will not transfer or dispose of any borrowed shares except pursuant to a registration statement that is effective under the Securities Act of 1933, as amended. However,

investors that purchase the shares from CGML (and any subsequent transferees of such purchasers) will be entitled to the same voting rights with respect to those shares as any other holder of the Class A Common Stock.

If the credit ratings of Citigroup Global Markets Holdings Inc., the guarantor of CGML s obligations under the Share Lending Agreement, decline below a specified level, CGML has agreed under the Share Lending Agreement to post and maintain with Citigroup, as collateral agent on Charter s behalf, collateral in the form of cash, government securities, certificates of deposit, high grade commercial paper of U.S. issuers or money market shares with a market value at least equal to 100% of the market value of the borrowed shares as security for the obligation of CGML to return the borrowed shares to us when required.

In view of the contractual undertakings of CGML in the Share Lending Agreement, which have the effect of substantially eliminating the economic dilution that would otherwise result from the issuance of the borrowed shares, we believe that under U.S. generally accepted accounting principles currently in effect, the borrowed shares will not be considered outstanding for the purpose of computing and reporting Charter s earnings per share.

Charter s issuance of loaned shares of the Class A Common Stock offered pursuant to the Share Lending Agreement is essentially analogous to a sale of shares coupled with a forward contract for the reacquisition of the shares at a future date. An instrument that requires physical settlement by repurchase of a fixed number of shares in exchange for cash is considered a forward purchase instrument. While the Share Lending Agreement does not require a cash payment upon return of the shares, physical settlement is required (i.e., the loaned shares must be returned at the end of the arrangement). The fair value of the Class A Common Stock lent in the three share borrow transactions is approximately $111 million. However, the net effect on shareholders deficit of the Share Lending Agreement (exclusive of the adjustment for the fair value of the stock borrow facility discussed below) which includes our requirement to lend the shares and the counterparties requirement to return the shares, is to increase equity by $117,000, which represents the cash received upon lending of the shares and is equal to the par value of the common stock to be issued.

The shares issued are required to be returned, in accordance with the contractual arrangement, and are treated in basic and diluted earnings per share as if they were already returned and retired. Consequently, there is no impact of the 116.9 million shares of Class A Common Stock issued subject to the Share Lending Agreement in the earnings per share calculation. However, the shares are nonetheless issued and outstanding and are eligible for trading in the Nasdaq Global Market. Accordingly, the increase in supply of shares may have an adverse impact on the trading price of the Class A Common Stock. Accordingly, the existence of the Share Lending Agreement and the short positions established in connection with facilitating the hedging of the Convertible Notes could have the effect of causing the market price of the Class A Common Stock to be lower over the term of the Share Lending Agreement than it would have been had we not entered into the agreement, but we believe that entering into the Share Lending Agreement was in our best interests and the best interests of Charter s shareholders as it facilitated the sale of the Convertible Notes on terms more favorable to us than we could have otherwise obtained.

SHARES ELIGIBLE FOR FUTURE SALE

In addition to the 45,000,000 shares of Class A Common Stock offered hereby, as of June 30, 2006, we had 438.5 million shares of Class A Common Stock issued and outstanding, all of which are eligible for immediate resale (subject to limitations of Rule 144 in the case of shares held by affiliates).

As of June 30, 2006, the following additional shares of Class A Common Stock are or will be issuable after giving effect to this exchange offer:

365,550,939 shares of Class A Common Stock are issuable upon conversion of Class B common stock issuable upon exchange of Charter Holdco membership units held by Vulcan Cable III Inc. and Charter Investment, Inc. These membership units are exchangeable for shares of Class B common stock on a one-for-one basis. Shares of Class B common stock are convertible into shares of Class A Common Stock on a one-for-one basis.

26,418,908 shares of Class A Common Stock are issuable upon the exchange of Charter Holdco membership units issuable in exchange for a subordinated exchangeable note of CCHC with an initial accreted value of $48.2 million, accreting at 14%, compounded quarterly, with a 15-year maturity. The note is exchangeable, at Charter Investment, Inc. s option, at any time, for Holdco membership units at a rate equal to then accreted value, divided by $2.00. See Certain Relationships and Related Party Transactions Transactions Arising Out of Our Organizational Structure and Mr. Allen s Investment in Charter and Its Subsidiaries Equity Put Rights CC VIII.

50,000 shares of Class A Common Stock will be issuable upon conversion of outstanding Class B common stock on a one-for-one basis.

Up to 90,000,000 shares of Class A Common Stock (or units exchangeable for Class A Common Stock) are authorized for issuance pursuant to Charter s 2001 Stock Incentive Plan and 1999 Charter Communications Option Plan. At June 30, 2006, 1,318,020 shares had been issued under the plans upon exercise of options, 1,256,376 shares had been issued upon vesting of restricted stock grants, and 3,854,368 shares are subject to future vesting under restricted stock agreements. Of the remaining 83,571,236 shares covered by the plans, as of June 30, 2006, 28,571,485 were subject to outstanding options (37% of which were vested), and there were 24,605,998 performance units granted under Charter s long-term incentive program or the February 20, 2004 exchange offer, which will vest on the third anniversary of the date of grant conditional upon Charter s performance against financial targets approved by the board of directors at the time of the awards. As of June 30, 2006, 30,393,763 shares remained available for future grant under the plans.

178,202,479 shares of Class A Common Stock are issuable upon conversion of the Convertible Notes assuming 50% of the Convertible Notes are tendered in this Exchange Offer.

All of the shares of Class A Common Stock issuable upon exchange of Charter Holdco membership units and upon conversion of shares of the Class B common stock are subject to demand and piggyback registration rights.

Shares issuable upon conversion of the Convertible Notes are expected to be eligible for resale pursuant to a resale shelf registration statement which was declared effective on July 15, 2005. All of the shares issuable to claimants pursuant to the settlements will be eligible for immediate resale. The additional shares that may be issued under the share lending agreement are expected, if and when issued, to be available for immediate resale pursuant to a registration statement to be filed prior to the issuance of those shares.

A registration statement on Form S-8 covering the Class A Common Stock issuable pursuant to the exercise of options under the 1999 Charter Communications Option Plan was filed with the Securities and Exchange Commission in May 2000 and registration statements on Form S-8 covering shares issuable under the 2001 Stock Incentive Plan were filed in May 2001 and November 2003. The shares of Class A Common Stock covered by the Form S-8 registration statements generally may be resold in the public market without restriction or limitation, except in the case of our affiliates who generally may only resell such shares in accordance with the provisions of Rule 144 of the Securities Act of 1933.

The sale of a substantial number of shares of Class A Common Stock, or the perception that such sales could occur, could adversely affect prevailing market prices for the Class A Common Stock. In addition, any such sale or perception could make it more difficult for us to sell equity securities or equity related securities in the future at a time and price that we deem appropriate.

DESCRIPTION OF THE CCH II NOTES

This description of notes relates to the 10.25% senior notes due 2010 (the CCH II Notes) of CCH II, LLC and CCH II Capital Corp. We refer, in this Description of the CCH II Notes, to CCH II, LLC and CCH II Capital Corp., which are the co-obligors with respect to the CCH II Notes, as the Issuers, and we sometimes refer to them each as an Issuer. We may also refer to CCH II, LLC as CCH II. You can find the definitions of certain terms used in this description under Certain definitions.

The CCH II Notes offered hereby will be pari passu with, of the same class as, will vote on any matter submitted to bondholders with and otherwise substantially identical in all respects to approximately $2.1 billion principal amount of currently outstanding CCH II Notes (the Existing Notes). However, the Existing Notes trade under two CUSIP numbers, which are not fungible. The CCH II Notes being offered as part of the Exchange Consideration will be issued under a temporary CUSIP number until the next interest payment date, which is expected to be September 15, 2006, at which time it is expected that they will be mandatorily merged into the existing CUSIP number of approximately $1.6 billion outstanding principal amount of CCH II Notes. CCH II Notes will be issued only in minimum denominations of $1,000 and integral multiples of $1,000. For purposes of this description, except where the context otherwise requires, the term CCH II Notes shall refer collectively to the Existing Notes and the CCH II Notes offered hereby.

The CCH II Notes will be issued pursuant to a supplemental indenture to the indenture, dated as of September 23, 2003 (as supplemented, the Indenture), among the Issuers and Wells Fargo Bank, National Association, as trustee, under which the Issuers previously issued the Existing Notes. The terms of the CCH II Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939.

The following description is a summary of the provisions we consider material of the Indenture. It does not restate that agreement in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the respective CCH II Notes. Copies of the Indenture are available as set forth under Additional information.

Brief description of the CCH II Notes

The CCH II Notes are:

- senior unsecured obligations of the Issuers;
- effectively subordinated in right of payment to any future secured Indebtedness of the Issuers, to the extent of the value of the assets securing such Indebtedness;
- equal in right of payment to any future unsubordinated, unsecured Indebtedness of the Issuers and any notes of CCH II issued in the Private Exchange Offers;
- structured to be effectively senior to the outstanding senior notes and senior discount notes of CCH I, any notes of CCH I issued in the Private Exchange Offers, CIH and Charter Holdings and the outstanding convertible senior notes of Charter Communications, Inc.;
- senior in right of payment to any future subordinated Indebtedness of the Issuers; and
- structurally subordinated to all indebtedness and other liabilities (including trade payables) of the Issuers subsidiaries, including indebtedness under our subsidiaries credit facilities and the senior notes of CCO Holdings and CCO.

At June 30, 2006, on a pro forma basis after giving effect to the issuance and sale of the CCH II Notes and up to $200 million of CCH II s 10.25 % Senior Notes due 2013 that are being offered in the Private Exchange Offers and the application of the net proceeds therefrom, as if those transactions had occurred on that date, the outstanding Indebtedness of CCH II and its subsidiaries would have totaled approximately $13.2 billion, approximately $11.1 billion of which would have been Indebtedness of its

243

Subsidiaries and, therefore, structurally senior to the CCH II Notes. Substantially all of the Subsidiaries of CCH II (except certain non-material subsidiaries) are Restricted Subsidiaries. Under the circumstances described below under Certain covenants Investments, CCH II will be permitted to designate additional Subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries will generally not be subject to the restrictive covenants in the Indenture.

Principal, maturity and interest

The CCH II Notes will be issued in denominations of $1,000 and integral multiples of $1,000. The CCH II Notes will mature on September 15, 2010. CCH II Notes will be issued only in minimum denominations of $1,000 and integral multiples of $1,000.

Interest on the CCH II Notes will accrue at the rate of 10.25% per annum. Interest on the CCH II Notes will accrue from the Settlement Date. Interest will be payable semi-annually in arrears on March 15 and September 15 of each year. The Issuers will make each interest payment to the holders of record of the CCH II Notes on the immediately preceding March 1 and September 1. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The Existing Notes were issued in the aggregate principal amount of approximately $2.1 billion. The new CCH II Notes will be issued in the aggregate principal amount of up to $146.3 million. Subject to the limitations set forth under Certain covenants Incurrence of indebtedness and issuance of preferred stock, the Issuers may issue an unlimited principal amount of Additional Notes under the Indenture. The CCH II Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single class of securities for all purposes of the Indenture. For purposes of this description, unless otherwise indicated, references to the CCH II Notes include any Additional Notes subsequently issued under the Indenture.

Optional redemption

The CCH II Notes are not redeemable at the option of the Issuers prior to September 15, 2008.

On or after September 15, 2008, the Issuers may redeem all or a part of the CCH II Notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount of the CCH II Notes) set forth below plus accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on September 15 of the years indicated below:

Year	Percentage
2008	105.125%
2009 and thereafter	100.000%

Repurchase at the option of holders

Change of control

If a Change of Control occurs, each holder of CCH II Notes will have the right to require the Issuers to repurchase all or any part (equal to $1,000 or an integral multiple thereof) of that holder s CCH II Notes pursuant to a Change of Control Offer. In the Change of Control Offer, the Issuers will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of the CCH II Notes repurchased plus accrued and unpaid interest thereon, if any, to the date of purchase.

Within ten days following any Change of Control, the Issuers will mail a notice to each holder (with a copy to the trustee) describing the transaction or transactions that constitute the Change of Control and offering to repurchase CCH II Notes on a certain date (the Change of Control Payment Date) specified in such notice, pursuant to the procedures required by the Indenture and described in such notice. The Issuers will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934 or any successor rules, and any other securities laws and regulations thereunder to the extent such

laws and regulations are applicable in connection with the repurchase of the CCH II Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, the Issuers compliance with such laws and regulations shall not in and of itself cause a breach of their obligations under such covenant.

On the Change of Control Payment Date, the Issuers will, to the extent lawful:

(1) accept for payment all CCH II Notes or portions thereof properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all CCH II Notes or portions thereof so tendered; and

(3) deliver or cause to be delivered to the trustee the CCH II Notes so accepted together with an officers certificate stating the aggregate principal amount of CCH II Notes or portions thereof being purchased by the Issuers.

The paying agent will promptly mail to each holder of CCH II Notes so tendered the Change of Control Payment for such CCH II Notes, and the trustee will promptly authenticate and mail, or cause to be transferred by book entry, to each holder a new CCH II Note equal in principal amount to any unpurchased portion of the CCH II Notes surrendered, if any; provided that each such new CCH II Note will be in a principal amount of $1,000 or an integral multiple thereof.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable regardless of whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the CCH II Notes to require that the Issuers repurchase or redeem the CCH II Notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuers and purchases all CCH II Notes validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of all or substantially all of the assets of CCH II and its Subsidiaries, taken as a whole, or of a Parent and its Subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of CCH II Notes to require the Issuers to repurchase CCH II Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of CCH II and its Subsidiaries, taken as a whole, or of a Parent and its Subsidiaries, taken as a whole, to another Person or group may be uncertain.

Asset sales

CCH II will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) CCH II or such Restricted Subsidiary receives consideration at the time of such Asset Sale at least equal to the fair market value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by the Board of Directors of CCH II and evidenced by a resolution of such Board of Directors set forth in an officers certificate delivered to the trustee; and

(3) at least 75% of the consideration therefor received by CCH II or such Restricted Subsidiary is in the form of cash, Cash Equivalents or readily marketable securities.

For purposes of this provision, each of the following shall be deemed to be cash:

(a) any liabilities (as shown on CCH II s or such Restricted Subsidiary s most recent balance sheet) of CCH II or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the CCH II Notes) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases CCH II or such Restricted Subsidiary from further liability;

(b) any securities, CCH II Notes or other obligations received by CCH II or any such Restricted Subsidiary from such transferee that are converted by the recipient thereof into cash, Cash Equivalents or readily marketable securities within 60 days after receipt thereof (to the extent of the cash, Cash Equivalents or readily marketable securities received in that conversion); and

(c) Productive Assets.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, CCH II or a Restricted Subsidiary of CCH II may apply such Net Proceeds at its option:

(1) to repay debt under the Credit Facilities or any other Indebtedness of the Restricted Subsidiaries of CCH II (other than Indebtedness represented by a guarantee of a Restricted Subsidiary of CCH II); or

(2) to invest in Productive Assets; provided that any such amount of Net Proceeds which CCH II or a Restricted Subsidiary has committed to invest in Productive Assets within 365 days of the applicable Asset Sale may be invested in Productive Assets within two years of such Asset Sale.

The amount of any Net Proceeds received from Asset Sales that are not applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds $25 million, CCH II will make an Asset Sale Offer to all holders of CCH II Notes and all holders of other Indebtedness that is of equal priority with the CCH II Notes containing provisions requiring offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of CCH II Notes and such other Indebtedness of equal priority that may be purchased out of the Excess Proceeds, which amount includes the entire amount of the Net Proceeds. The offer price in any Asset Sale Offer will be payable in cash and equal to 100% of the principal amount of the subject CCH II Notes plus accrued and unpaid interest, if any, to the date of purchase. If the aggregate principal amount of CCH II Notes and such other Indebtedness of equal priority tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee shall select the CCH II Notes and such other Indebtedness of equal priority to be purchased on a pro rata basis.

If any Excess Proceeds remain after consummation of an Asset Sale Offer, then CCH II or any Restricted Subsidiary thereof may use such remaining Excess Proceeds for any purpose not otherwise prohibited by the Indenture. Upon completion of any Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

Selection and notice

If less than all of the CCH II Notes are to be redeemed at any time, the trustee will select CCH II Notes for redemption as follows:

(1) if any CCH II Notes are listed, in compliance with the requirements of the principal national securities exchange on which the CCH II Notes are listed; or

(2) if the CCH II Notes are not so listed, on a pro rata basis, by lot or by such method as the trustee shall deem fair and appropriate.

No CCH II Notes of $1,000 principal amount or less shall be redeemed in part. Notices of redemption shall be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of CCH II Notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any CCH II Note is to be redeemed in part only, the notice of redemption that relates to that CCH II Note shall state the portion of the principal amount thereof to be redeemed. A new CCH II Note in principal amount equal to the unredeemed portion of the original CCH II Note will be issued in the name of the holder thereof upon cancellation of the original CCH II Note. CCH II Notes called for redemption become irrevocably due and payable on the date fixed for redemption at the redemption price. On and after the redemption date, interest ceases to accrue on the CCH II Notes or portions of them called for redemption.

Certain covenants

Set forth in this section are summaries of certain covenants contained in the Indenture.

During any period of time that (a) any CCH II Notes have Investment Grade Ratings from both Rating Agencies and (b) no Default or Event of Default has occurred and is continuing under the Indenture, CCH II and the Restricted Subsidiaries of CCH II will not be subject to the provisions of the Indenture described under:

Repurchase at the option of holders Asset sales,

Restricted payments,

Investments,

Incurrence of indebtedness and issuance of preferred stock,

Dividend and other payment restrictions affecting subsidiaries,

clause (D) of the first paragraph of Merger, consolidation, or sale of assets,

Transactions with affiliates and

Sale and leaseback transactions.

If CCH II and its Restricted Subsidiaries are not subject to these covenants for any period of time as a result of the previous sentence and, subsequently, one, or both, of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the applicable CCH II Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then CCH II and its Restricted Subsidiaries will thereafter again be subject to these covenants. The ability of CCH II and its Restricted Subsidiaries to make Restricted Payments after the time of such withdrawal, downgrade, Default or Event of Default will be calculated as if the covenant governing Restricted Payments had been in effect during the entire period of time from the Issue Date.

Restricted payments

CCH II will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of its or any of its Restricted Subsidiaries Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving CCH II or any of its Restricted Subsidiaries) or to the direct or indirect holders of CCH II s or any of its Restricted Subsidiaries Equity Interests in their capacity as such (other than dividends or distributions payable (x) solely in Equity Interests (other than Disqualified Stock) of CCH II or (y), in the case of CCH II and its Restricted Subsidiaries, to CCH II or a Restricted Subsidiary thereof);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving CCH II or any of its Restricted Subsidiaries) any Equity Interests of CCH II or any direct or indirect Parent of CCH II or any Restricted Subsidiary of CCH II (other than, in the case of CCH II and its Restricted Subsidiaries, any such Equity Interests owned by CCH II or any of its Restricted Subsidiaries); or

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value, any Indebtedness of CCH II that is subordinated to the CCH II Notes, except a payment of interest or principal at the Stated Maturity thereof (all such payments and other actions set forth in clauses (1) through (3) above are collectively referred to as Restricted Payments), unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default or Event of Default under the Indenture shall have occurred and be continuing or would occur as a consequence thereof; and

(b) CCH II would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable quarter period, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of indebtedness and issuance of preferred stock ; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by CCH II and its Restricted Subsidiaries from and after the Issue Date (excluding Restricted Payments permitted by clauses (2), (3), (4), (5), (6), (7), (8) and (10) of the next succeeding paragraph), shall not exceed, at the date of determination, the sum of:

(1) an amount equal to 100% of the Consolidated EBITDA of CCH II for the period beginning on the first day of the fiscal quarter commencing July 1, 2003 to the end of CCH II s most recently ended full fiscal quarter for which internal financial statements are available, taken as a single accounting period, less the product of 1.3 times the Consolidated Interest Expense of CCH II for such period, plus

(2) an amount equal to 100% of Capital Stock Sale Proceeds less any amount of such Capital Stock Sale Proceeds used in connection with an Investment made on or after the Issue Date pursuant to clause (5) of the definition of Permitted Investments, plus

(3) $100 million.

So long as no Default under the Indenture has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture;

(2) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of CCH II in exchange for, or out of the net proceeds of, the substantially concurrent sale (other than to a Subsidiary of CCH II) of Equity Interests of CCH II (other than Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3)(b) of the preceding paragraph;

(3) the defeasance, redemption, repurchase or other acquisition of subordinated Indebtedness of CCH II or any of its Restricted Subsidiaries with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

(4) regardless of whether a Default then exists, the payment of any dividend or distribution to the extent necessary to permit direct or indirect beneficial owners of shares of Capital Stock of CCH II to pay federal, state or local income tax liabilities that would arise solely from income of CCH II or any of its Restricted Subsidiaries, as the case may be, for the relevant taxable period and attributable to them solely as a result of CCH II (and any intermediate entity through which the holder owns such shares) or any of its Restricted Subsidiaries being a limited liability company, partnership or similar entity for federal income tax purposes;

(5) regardless of whether a Default then exists, the payment of any dividend by a Restricted Subsidiary of CCH II to the holders of its common Equity Interests on a pro rata basis;

(6) the payment of any dividend on the Helicon Preferred Stock or the redemption, repurchase, retirement or other acquisition of the Helicon Preferred Stock in an amount not in excess of its aggregate liquidation value;

(7) the repurchase, redemption or other acquisition or retirement for value, or the payment of any dividend or distribution to the extent necessary to permit the repurchase, redemption or other acquisition or retirement for value, of any Equity Interests of CCH II or a Parent of CCH II held by any member of CCH II s or such Parent s management pursuant to any management equity subscription agreement or stock option agreement entered into in accordance with the policies of CCH II or any Parent; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed $10 million in any fiscal year of the Issuers;

(8) payment of fees in connection with any acquisition, merger or similar transaction in an amount that does not exceed an amount equal to 1.25% of the transaction value of such acquisition, merger or similar transaction;

(9) additional dividends and distributions directly or indirectly to CCH II or any Parent (i) regardless of whether a Default exists (other than a Default described in paragraphs (1), (2), (7) or (8) under the caption Events of default and remedies), for the purpose of enabling Charter Holdings, and/or any Charter Refinancing Subsidiary to pay interest when due on Indebtedness under the Charter Holdings Indentures, and/or any Charter Refinancing Indebtedness, (ii) for the purpose of enabling Charter and/or any Charter Refinancing Subsidiary to pay interest when due on Indebtedness under the Charter Indentures and/or any Charter Refinancing Indebtedness and (iii) so long as CCH II would have been permitted, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable quarter period, to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of indebtedness and issuance of preferred stock, to the extent required to enable Charter Holdings, Charter or any Charter Refinancing Subsidiary to defease, redeem, repurchase, prepay, repay, discharge or otherwise acquire or retire for value Indebtedness under the Charter Holdings Indentures, the Charter Indentures or any Charter Refinancing Indebtedness; and

(10) dividends or distributions to any Parent to consummate the Private Exchanges.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by CCH II or any of its Restricted Subsidiaries pursuant to the Restricted Payment. The fair market value of any assets or securities that are required to be valued by this covenant shall be determined by the Board of Directors of CCH II, whose resolution with respect thereto shall be delivered to the trustee. Such Board of Directors determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if the fair market value exceeds $100 million.

Not later than the date of making any Restricted Payment involving an amount or fair market value in excess of $10 million, the Issuers shall deliver to the trustee an officers certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

Investments

CCH II will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) make any Restricted Investment; or

(2) allow any of its Restricted Subsidiaries to become an Unrestricted Subsidiary, unless, in each case:

(a) no Default or Event of Default under the Indenture shall have occurred and be continuing or would occur as a consequence thereof; and

(b) CCH II would, at the time of, and after giving effect to, such Restricted Investment or such designation of a Restricted Subsidiary as an Unrestricted Subsidiary, have been permitted to incur at least $1.00 of additional Indebtedness pursuant to the applicable Leverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of indebtedness and issuance of preferred stock.

An Unrestricted Subsidiary may be redesignated as a Restricted Subsidiary if such redesignation would not cause a Default.

Incurrence of indebtedness and issuance of preferred stock

CCH II will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, incur) any Indebtedness (including Acquired Debt) and CCH II will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of Disqualified Stock or Preferred Stock, provided that CCH II or any of its Restricted Subsidiaries may incur Indebtedness, CCH II may issue Disqualified Stock and subject to the final paragraph of this covenant below, Restricted Subsidiaries of CCH II may incur Preferred Stock if the Leverage Ratio of CCH II and its Restricted Subsidiaries would have been not greater than 5.5 to 1.0 determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock or Preferred Stock had been issued, as the case may be, at the beginning of the most recently ended fiscal quarter.

So long as no Default under the Indenture shall have occurred and be continuing or would be caused thereby, the first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, Permitted Debt):

(1) the incurrence by CCH II and its Restricted Subsidiaries of Indebtedness under the Credit Facilities; provided that the aggregate principal amount of all Indebtedness of CCH II and its Restricted Subsidiaries outstanding under this clause (1) for all Credit Facilities of CCH II and its Restricted Subsidiaries after giving effect to such incurrence does not exceed an amount equal to $9.75 billion less the aggregate amount of all Net Proceeds from Asset Sales applied by CCH II or any of its Restricted Subsidiaries to repay Indebtedness under a Credit Facility pursuant to the covenant described under Repurchase at the option of holders Asset sales;

(2) the incurrence by CCH II and its Restricted Subsidiaries of Existing Indebtedness (other than under the Credit Facilities);

(3) the incurrence on the Issue Date by CCH II and its Restricted Subsidiaries of Indebtedness represented by the CCH II Notes (other than any Additional Notes);

(4) the incurrence by CCH II or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement (including, without limitation, the cost of design, development, construction, acquisition, transportation, installation, improvement, and migration) of Productive Assets of CCH II or any of its

Restricted Subsidiaries in an aggregate principal amount not to exceed $75 million at any time outstanding pursuant to this clause (4);

(5) the incurrence by CCH II or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace, in whole or in part, Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be incurred under this clause (5), the first paragraph of this covenant or clauses (2) or (3) of this paragraph;

(6) the incurrence by CCH II or any of its Restricted Subsidiaries of intercompany Indebtedness between or among CCH II and any of its Restricted Subsidiaries; provided that:

(a) if CCH II is the obligor on such Indebtedness, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all obligations with respect to the CCH II Notes; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than CCH II or a Restricted Subsidiary of CCH II and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either CCH II or a Restricted Subsidiary of CCH II, shall be deemed, in each case, to constitute an incurrence of such Indebtedness that was not permitted by this clause (6);

(7) the incurrence by CCH II or any of its Restricted Subsidiaries of Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of the Indenture to be outstanding;

(8) the guarantee by CCH II or any of its Restricted Subsidiaries of Indebtedness of a Restricted Subsidiary that was permitted to be incurred by another provision of this covenant;

(9) the incurrence by CCH II or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding under this clause (9), not to exceed $300 million; and

(10) the accretion or amortization of original issue discount and the write up of Indebtedness in accordance with purchase accounting.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Preferred Stock covenant, any Indebtedness under Credit Facilities outstanding on the Issue Date shall be deemed to have been incurred pursuant to clause (1) above and, in the event that an item of proposed Indebtedness (other than any Indebtedness initially deemed on the Issue Date to be incurred under clause (1) above) (a) meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (10) above or (b) is entitled to be incurred pursuant to the first paragraph of this covenant, CCH II will be permitted to classify and from time to time to reclassify such item of Indebtedness in any manner that complies with this covenant. Once any item of Indebtedness is so reclassified, it will no longer be deemed outstanding under the category of Permitted Debt, where initially incurred or previously reclassified. For avoidance of doubt, Indebtedness incurred pursuant to a single agreement, instrument, program, facility or line of credit may be classified as Indebtedness arising in part under one of the clauses listed above or under the first paragraph of this covenant, and in part under any one or more of the clauses listed above, to the extent that such Indebtedness satisfies the criteria for such classification.

Notwithstanding the foregoing, in no event shall any Restricted Subsidiary of CCH II consummate a Subordinated Debt Financing or a Preferred Stock Financing. A Subordinated Debt Financing or a Preferred Stock Financing, as the case may be, with respect to any Restricted Subsidiary of CCH II shall mean a public offering or private placement (whether pursuant to Rule 144A under the Securities Act or otherwise) of Subordinated Notes or Preferred Stock (whether or not such Preferred Stock constitutes Disqualified Stock), as the case may be, of such Restricted Subsidiary to one or more purchasers (other than to one or more Affiliates of CCH II). Subordinated Notes with respect to any

Restricted Subsidiary of CCH II shall mean Indebtedness of such Restricted Subsidiary that is contractually subordinated in right of payment to any other Indebtedness of such Restricted Subsidiary (including, without limitation, Indebtedness under the Credit Facilities). The foregoing limitation shall not apply to

(a) any Indebtedness or Preferred Stock of any Person existing at the time such Person is merged with or into or becomes a Subsidiary of CCH II; provided that such Indebtedness or Preferred Stock was not incurred or issued in connection with, or in contemplation of, such Person merging with or into, or becoming a Subsidiary of, CCH II, and

(b) any Indebtedness or Preferred Stock of a Restricted Subsidiary issued in connection with, and as part of the consideration for, an acquisition, whether by stock purchase, asset sale, merger or otherwise, in each case involving such Restricted Subsidiary, which Indebtedness or Preferred Stock is issued to the seller or sellers of such stock or assets; provided that such Restricted Subsidiary is not obligated to register such Indebtedness or Preferred Stock under the Securities Act or obligated to provide information pursuant to Rule 144A under the Securities Act.

Liens

The Indenture provides that CCH II will not, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset of CCH II, whether owned on the Issue Date or thereafter acquired, except Permitted Liens.

Dividend and other payment restrictions affecting subsidiaries

CCH II will not, directly or indirectly, create or permit to exist or become effective any encumbrance or restriction on the ability of any of its Restricted Subsidiaries to:

(1) pay dividends or make any other distributions on its Capital Stock to CCH II or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any Indebtedness owed to CCH II or any of its Restricted Subsidiaries;

(2) make loans or advances to CCH II or any of its Restricted Subsidiaries; or

(3) transfer any of its properties or assets to CCH II or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) Existing Indebtedness as in effect on the Issue Date (including, without limitation, the Indebtedness under any of the Credit Facilities, including the Vulcan Backstop Facility, and only with respect to the Vulcan Backstop Facility, whether or not any Indebtedness is outstanding on the Issue Date) and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof; provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in the most restrictive Existing Indebtedness, as in effect on the Issue Date, including the Vulcan Backstop Facility;

(2) the Indenture and the CCH II Notes;

(3) applicable law;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by CCH II or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred;

(5) customary non-assignment provisions in leases, franchise agreements and other commercial agreements entered into in the ordinary course of business and consistent with past practices;

(6) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by such Restricted Subsidiary pending its sale or other disposition;

(8) Permitted Refinancing Indebtedness; provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens securing Indebtedness or other obligations otherwise permitted to be incurred pursuant to the provisions of the covenant described above under the caption Liens that limit the right of CCH II or any of its Restricted Subsidiaries to dispose of the assets subject to such Lien;

(10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements and other similar agreements entered into in the ordinary course of business;

(11) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(12) restrictions contained in the terms of Indebtedness permitted to be incurred under the covenant described under the caption Incurrence of indebtedness and issuance of preferred stock ; provided that such restrictions are no more restrictive, taken as a whole, than the terms contained in the most restrictive, together or individually, of the Credit Facilities as in effect on the Issue Date and the terms contemplated by the Vulcan Facility; and

(13) restrictions that are not materially more restrictive, taken as a whole, than customary provisions in comparable financings and that the management of CCH II determines, at the time of such financing, will not materially impair the Issuers ability to make payments as required under the CCH II Notes.

Merger, consolidation or sale of assets

Neither Issuer may, directly or indirectly, (1) consolidate or merge with or into another Person (whether or not such Issuer is the surviving Person) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to another Person; unless:

(A) either:

(i) such Issuer is the surviving Person; or

(ii) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made is a Person organized or existing under the laws of the United States, any state thereof or the District of Columbia, provided that if the Person formed by or surviving any such consolidation or merger with such Issuer is a limited liability company or a Person other than a corporation, a corporate co-issuer shall also be an obligor with respect to the CCH II Notes;

(B) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or the Person to which such sale, assignment, transfer, conveyance or other disposition shall have been made assumes all the obligations of such Issuer under the CCH II Notes and the Indenture pursuant to agreements reasonably satisfactory to the trustee;

(C) immediately after such transaction no Default or Event of Default exists; and

(D) such Issuer or the Person formed by or surviving any such consolidation or merger (if other than such Issuer) will, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period,

(x) be permitted to incur at least $1.00 of additional Indebtedness pursuant to the Leverage Ratio test set forth in the first paragraph of the covenant described above under the caption Incurrence of indebtedness and issuance of preferred stock; or

(y) have a Leverage Ratio immediately after giving effect to such consolidation or merger no greater than the Leverage Ratio immediately prior to such consolidation or merger.

In addition, neither of the Issuers may, directly or indirectly, lease all or substantially all of their properties or assets, in one or more related transactions, to any other Person. The foregoing clause (D) of this Merger, Consolidation, or Sale of Assets covenant will not apply to a sale, assignment, transfer, conveyance or other disposition of assets between or among an Issuer and any of its Wholly Owned Restricted Subsidiaries or to the consummation of the Private Exchanges.

Transactions with affiliates

CCH II will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each, an Affiliate Transaction), unless:

(1) such Affiliate Transaction is on terms that are no less favorable to CCH II or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by CCH II or such Restricted Subsidiary with an unrelated Person; and

(2) CCH II delivers to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration given or received by CCH II or any such Restricted Subsidiary in excess of $15 million, a resolution of the Board of Directors of CCH II set forth in an officers certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the members of such Board of Directors; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration given or received by CCH II or any such Restricted Subsidiary in excess of $50 million, an opinion as to the fairness to the holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any existing employment agreement entered into by CCH II or any of its Subsidiaries and any employment agreement entered into by CCH II or any of its Restricted Subsidiaries in the ordinary course of business and consistent with the past practice of CCH II or such Restricted Subsidiary;

(2) transactions between or among CCH II and/or its Restricted Subsidiaries;

(3) payment of reasonable directors fees to Persons who are not otherwise Affiliates of CCH II, and customary indemnification and insurance arrangements in favor of directors, regardless of affiliation with CCH II or any of its Restricted Subsidiaries;

(4) payment of Management Fees;

(5) Restricted Payments that are permitted by the provisions of the covenant described above under the caption Restricted payments and Restricted Investments that are permitted by the provisions of the covenant described above under the caption Investments ;

(6) Permitted Investments;

(7) the transactions contemplated by the Vulcan Backstop Facility on substantially the same terms as described in Charter s quarterly report on Form 10-Q for its fiscal quarter ended June 30, 2003 with respect to the commitment letter; and

(8) transactions pursuant to agreements existing on the Issue Date, as in effect on the Issue Date, or as subsequently modified, supplemented, or amended, to the extent that any such modifications, supplements, or amendments complied with the applicable provisions of the first paragraph of this covenant.

Sale and leaseback transactions

CCH II will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; provided that CCH II and its Restricted Subsidiaries may enter into a sale and leaseback transaction if:

(1) CCH II or such Restricted Subsidiary could have

(a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Leverage Ratio test in the first paragraph of the covenant described above under the caption Incurrence of additional indebtedness and issuance of preferred stock ; and

(b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption Liens or the definition of Permitted Liens ; and

(2) the transfer of assets in that sale and leaseback transaction is permitted by, and CCH II or such Restricted Subsidiary applies the proceeds of such transaction in compliance with, the covenant described above under the caption Repurchase at the option of holders Asset sales.

The foregoing restrictions do not apply to a sale and leaseback transaction if the lease is for a period, including renewal rights, of not in excess of three years.

Limitations on issuances of guarantees of indebtedness

CCH II will not permit any of its Restricted Subsidiaries, directly or indirectly, to Guarantee or pledge any assets to secure the payment of any other Indebtedness of CCH II, except in respect of the Credit Facilities (the Guaranteed Indebtedness), unless

(1) such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture providing for the Guarantee (a Subsidiary Guarantee) of the payment of the CCH II Notes by such Restricted Subsidiary, and

(2) until one year after all the CCH II Notes have been paid in full in cash, such Restricted Subsidiary waives and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against CCH II or any other Restricted Subsidiary of CCH II as a result of any payment by such Restricted Subsidiary under its Subsidiary Guarantee; provided that this paragraph shall not be applicable to any Guarantee or any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary.

If the Guaranteed Indebtedness is subordinated to the CCH II Notes, then the Guarantee of such Guaranteed Indebtedness shall be subordinated to the Subsidiary Guarantee at least to the extent that the Guaranteed Indebtedness is subordinated to the CCH II Notes.

Payments for consent

CCH II will not, and will not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of CCH II Notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the CCH II Notes unless such consideration is offered to be paid and is paid to all holders of the CCH II Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Whether or not required by the Securities and Exchange Commission, so long as any CCH II Notes are outstanding, the Issuers will furnish to the holders of the CCH II Notes, within the time periods specified in the Securities and Exchange Commission s rules and regulations:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the Securities and Exchange Commission on Forms 10-Q and 10-K if the Issuers were required to file such forms, including a Management s Discussion and Analysis of Financial Condition and Results of Operations section and, with respect to the annual information only, a report on the annual consolidated financial statements of CCH II of its independent public accountants; and

(2) all current reports that would be required to be filed with the Securities and Exchange Commission on Form 8-K if the Issuers were required to file such reports.

If CCH II has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management s Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of CCH II and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of CCH II.

In addition, after consummation of the exchange offer, whether or not required by the Securities and Exchange Commission, the Issuers will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the Securities and Exchange Commission for public availability within the time periods specified in the Securities and Exchange Commission s rules and regulations, unless the Securities and Exchange Commission will not accept such a filing, and make such information available to securities analysts and prospective investors upon request.

Events of default and remedies

Each of the following is an Event of Default with respect to the CCH II Notes:

(1) default for 30 days in the payment when due of interest on the CCH II Notes;

(2) default in payment when due of the principal of or premium, if any, on the CCH II Notes;

(3) failure by CCH II or any of its Restricted Subsidiaries to comply with the provisions of the Indenture described under the captions Repurchase at the option of holders Change of control or Certain covenants Merger, consolidation, or sale of Assets ;

(4) failure by CCH II or any of its Restricted Subsidiaries for 30 days after written notice thereof has been given to the Issuers by the trustee or to the Issuers and the trustee by holders of at

least 25% of the aggregate principal amount of the CCH II Notes outstanding to comply with any of their other covenants or agreements in the Indenture;

(5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by CCH II or any of its Restricted Subsidiaries (or the payment of which is guaranteed by CCH II or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the Issue Date, if that default:

(a) is caused by a failure to pay at final stated maturity the principal amount on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a Payment Default); or

(b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100 million or more;

(6) failure by CCH II or any of its Restricted Subsidiaries to pay final judgments which are non-appealable aggregating in excess of $100 million, net of applicable insurance which has not been denied in writing by the insurer, which judgments are not paid, discharged or stayed for a period of 60 days; and

(7) CCH II or any of its Significant Subsidiaries pursuant to or within the meaning of bankruptcy law:

(a) commences a voluntary case,

(b) consents to the entry of an order for relief against it in an involuntary case,

(c) consents to the appointment of a custodian of it or for all or substantially all of its property, or

(d) makes a general assignment for the benefit of its creditors; or

(8) a court of competent jurisdiction enters an order or decree under any bankruptcy law that:

(a) is for relief against CCH II or any of its Significant Subsidiaries in an involuntary case;

(b) appoints a custodian of CCH II or any of its Significant Subsidiaries or for all or substantially all of the property of CCH II or any of its Significant Subsidiaries; or

(c) orders the liquidation of CCH II or any of its Significant Subsidiaries;

and the order or decree remains unstayed and in effect for 60 consecutive days.

In the case of an Event of Default described in the foregoing clauses (7) and (8) with respect to CCH II, all outstanding CCH II Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the then outstanding CCH II Notes may declare the CCH II Notes to be due and payable immediately.

Holders of the CCH II Notes may not enforce the Indenture or the CCH II Notes except as provided in the Indenture. Subject to certain limitations, the holders of a majority in principal amount of the then outstanding CCH II Notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the CCH II Notes notice of any continuing Default or Event of Default under the Indenture (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest.

The holders of a majority in aggregate principal amount of the CCH II Notes then outstanding by notice to the trustee may on behalf of the holders of all of the CCH II Notes waive any existing Default

or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, or premium, if any, on, the CCH II Notes.

The Issuers will be required to deliver to the trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Issuers will be required to deliver to the trustee a statement specifying such Default or Event of Default and what action the Issuers are taking or propose to take with respect thereto.

No personal liability of directors, officers, employees, members and stockholders

No director, officer, employee or incorporator of the Issuers, as such, and no member or stockholder of the Issuers, as such, shall have any liability for any obligations of the Issuers under the CCH II Notes or the Indenture, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of CCH II Notes by accepting a CCH II Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the CCH II Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal defeasance and covenant defeasance

The Issuers may, at their option and at any time, elect to have all of their obligations discharged with respect to any outstanding CCH II Notes (Legal Defeasance) except for:

(1) the rights of holders of outstanding CCH II Notes to receive payments in respect of the principal of, premium, if any, and interest on the CCH II Notes when such payments are due from the trust referred to below;

(2) the Issuers obligations with respect to the CCH II Notes concerning issuing temporary CCH II Notes, registration of CCH II Notes, mutilated, destroyed, lost or stolen CCH II Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3) the rights, powers, trusts, duties and immunities of the trustee, and the Issuers obligations in connection therewith; and

(4) the Legal Defeasance provisions of the Indenture.

In addition, the Issuers may, at their option and at any time, elect to have the obligations of the Issuers released with respect to certain covenants that are described in the Indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants shall not constitute a Default or Event of Default with respect to the CCH II Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to the CCH II Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Issuers must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the CCH II Notes, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding CCH II Notes on the stated maturity or on the applicable redemption date, as the case may be, and the Issuers must specify whether the CCH II Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that

(a) the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling or

(b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the holders of the outstanding CCH II Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuers shall have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding CCH II Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default under the Indenture shall have occurred and be continuing either:

(a) on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit); or

(b) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which the Issuers or any of their Restricted Subsidiaries is a party or by which the Issuers or any of their Restricted Subsidiaries is bound;

(6) the Issuers must have delivered to the trustee an opinion of counsel to the effect that after the 91st day, assuming no intervening bankruptcy, that no holder is an insider of either of the Issuers following the deposit and that such deposit would not be deemed by a court of competent jurisdiction a transfer for the benefit of the Issuers in their capacities as such, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors rights generally;

(7) the Issuers must deliver to the trustee an officers certificate stating that the deposit was not made by the Issuers with the intent of preferring the holders of the CCH II Notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding creditors of the Issuers or others; and

(8) the Issuers must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all applicable CCH II Notes not theretofore delivered to the trustee for cancellation

(a) have become due and payable or

(b) will become due and payable on the maturity date within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of the Issuers.

Amendment, supplement and waiver

Except as provided below, the Indenture or CCH II Notes may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the then outstanding CCH II Notes. This includes consents obtained in connection with a purchase of CCH II Notes, a tender

offer for CCH II Notes or an exchange offer for CCH II Notes. Any existing Default or compliance with any provision of the Indenture or the CCH II Notes (other than any provision relating to the right of any holder of a CCH II Note to bring suit for the enforcement of any payment of principal, premium, if any, and interest on the CCH II Note, on or after the scheduled due dates expressed in the CCH II Notes) may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding CCH II Notes. This includes consents obtained in connection with a purchase of CCH II Notes, a tender offer for CCH II Notes or an exchange offer for CCH II Notes.

Without the consent of each holder affected, an amendment or waiver may not (with respect to any CCH II Notes held by a non-consenting holder):

(1) reduce the principal amount of CCH II Notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any CCH II Note or alter the payment provisions with respect to the redemption of the CCH II Notes (other than provisions relating to the covenants described above under the caption Repurchase at the option of holders);

(3) reduce the rate of or extend the time for payment of interest on any CCH II Note;

(4) waive a Default or an Event of Default in the payment of principal of or premium, if any, or interest on the CCH II Notes (except a rescission of acceleration of the CCH II Notes by the holders of at least a majority in aggregate principal amount of the CCH II Notes and a waiver of the payment default that resulted from such acceleration);

(5) make any CCH II Note payable in money other than that stated in the CCH II Notes;

(6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of CCH II Notes to receive payments of principal of, or premium, if any, or interest on the CCH II Notes;

(7) waive a redemption payment with respect to any CCH II Note (other than a payment required by one of the covenants described above under the caption Repurchase at the option of holders); or

(8) make any change in the preceding amendment and waiver provisions. Notwithstanding the preceding, without the consent of any holder of CCH II Notes, the Issuers and the trustee may amend or supplement the Indenture or the CCH II Notes:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated CCH II Notes in addition to or in place of certificated CCH II Notes;

(3) to provide for or confirm the issuance of Additional Notes;

(4) to provide for the assumption of the Issuers obligations to holders of CCH II Notes in the case of a merger or consolidation or sale of all or substantially all of the Issuers assets;

(5) to make any change that would provide any additional rights or benefits to the holders of CCH II Notes or that does not adversely affect the legal rights under the Indenture of any such holder; or

(6) to comply with requirements of the Securities and Exchange Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act or otherwise as necessary to comply with applicable law.

260

Governing law

The Indenture and the CCH II Notes are governed by the laws of the State of New York.

Concerning the trustee

If the trustee becomes a creditor of the Issuers, the Indenture will limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Securities and Exchange Commission for permission to continue or resign.

The holders of a majority in principal amount of the then outstanding CCH II Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur and be continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of CCH II Notes, unless such holder shall have offered to the trustee indemnity satisfactory to it against any loss, liability or expense.

Additional information

Anyone who receives this offering memorandum may obtain a copy of the Indenture and the exchange and registration rights agreement without charge by writing to the Issuers at Charter Plaza, 12405 Powerscourt Drive, St. Louis, Missouri 63131, Attention: Corporate Secretary.

Certain definitions

This section sets forth certain defined terms used in the Indenture. Reference is made to the Indenture for a full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

Acquired Debt means, with respect to any specified Person:

(1) Indebtedness of any other Person existing at the time such other Person is merged with or into or became a Subsidiary of such specified Person, whether or not such Indebtedness is incurred in connection with, or in contemplation of, such other Person merging with or into, or becoming a Subsidiary of, such specified Person; and

(2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person.

Additional Notes means the Issuers 10.25% Senior Notes due 2010 issued under the Indenture in addition to the Existing Notes (other than CCH II Notes issued in exchange for the Existing Notes and certain Existing Notes identified in the Indenture). The CCH II Notes offered hereby constitute Additional Notes under the Indenture.

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, control, as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise; provided that beneficial ownership of 10% or more of the Voting Stock of a Person shall be deemed to be control. For purposes of this definition, the terms controlling, controlled by and under common control with shall have correlative meanings.

Asset Acquisition means

(a) an Investment by CCH II or any of its Restricted Subsidiaries in any other Person pursuant to which such Person shall become a Restricted Subsidiary of CCH II or any of its Restricted Subsidiaries or shall be merged with or into CCH II or any of its Restricted Subsidiaries, or

(b) the acquisition by CCH II or any of its Restricted Subsidiaries of the assets of any Person which constitute all or substantially all of the assets of such Person, any division or line of business of such Person or any other properties or assets of such Person other than in the ordinary course of business.

Asset Sale means:

(1) the sale, lease, conveyance or other disposition of any assets or rights, other than sales of inventory in the ordinary course of the Cable Related Business consistent with applicable past practices; provided that the sale, conveyance or other disposition of all or substantially all of the assets of CCH II and its Subsidiaries, taken as a whole, will be governed by the provisions of the Indenture described above under the caption Repurchase at the option of holders Change of control and/or the provisions described above under the caption Certain covenants Merger, consolidation, or sale of assets and not by the provisions of the Asset Sale covenant; and

(2) the issuance of Equity Interests by any Restricted Subsidiary of CCH II or the sale of Equity Interests in any Restricted Subsidiary of CCH II.

Notwithstanding the preceding, the following items shall not be deemed to be Asset Sales:

(1) any single transaction or series of related transactions that:

(a) involves assets having a fair market value of less than $100 million; or

(b) results in net proceeds to CCH II and its Restricted Subsidiaries of less than $100 million;

(2) a transfer of assets between or among CCH II and its Restricted Subsidiaries;

(3) an issuance of Equity Interests by a Restricted Subsidiary of CCH II to CCH II or to another Wholly Owned Restricted Subsidiary of CCH II;

(4) a Restricted Payment that is permitted by the covenant described above under the caption Certain covenants Restricted payments, a Restricted Investment that is permitted by the covenant described above under the caption Certain covenants Investments or a Permitted Investment;

(5) the incurrence of Liens not prohibited by the Indenture and the disposition of assets related to such Liens by the secured party pursuant to a foreclosure; and

(6) any disposition of cash or Cash Equivalents.

Attributable Debt in respect of a sale and leaseback transaction means, at the time of determination, the present value of the obligation of the lessee for net rental payments during the remaining term of the lease included in such sale and leaseback transaction, including any period for which such lease has been extended or may, at the option of the lessee, be extended. Such present value shall be calculated using a discount rate equal to the rate of interest implicit in such transaction, determined in accordance with GAAP.

Beneficial Owner has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular person (as such term is used in Section 13(d)(3) of the Exchange Act) such person shall be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition.

Board of Directors means the board of directors or comparable governing body of Charter or if so specified CCH II, in either case, as constituted as of the date of any determination required to be made, or action required to be taken, pursuant to the Indenture.

Cable Related Business means the business of owning cable television systems and businesses ancillary, complementary and related thereto.

Capital Corp. means, CCH II Capital Corp., a Delaware corporation, and any successor Person thereto.

Capital Lease Obligation means, at the time any determination thereof is to be made, the amount of the liability in respect of a capital lease that would at that time be required to be capitalized on a balance sheet in accordance with GAAP.

Capital Stock means:

(1) in the case of a corporation, corporate stock;

(2) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock;

(3) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and

(4) any other interest (other than any debt obligation) or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person.

Capital Stock Sale Proceeds means the aggregate net cash proceeds (including the fair market value of the non-cash proceeds, as determined by an independent appraisal firm) received by CCH II from and after the Issue Date, in each case

(x) as a contribution to the common equity capital or from the issue or sale of Equity Interests (other than Disqualified Stock and other than issuances or sales to a Subsidiary of CCH II) of CCH II after the Issue Date, or

(y) from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of CCH II that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Stock or debt securities) sold to a Subsidiary of CCH II).

Cash Equivalents means:

(1) United States dollars;

(2) securities issued or directly and fully guaranteed or insured by the United States government or any agency or instrumentality thereof (provided that the full faith and credit of the United States is pledged in support thereof) having maturities of not more than twelve months from the date of acquisition;

(3) certificates of deposit and eurodollar time deposits with maturities of twelve months or less from the date of acquisition, bankers acceptances with maturities not exceeding six months and overnight bank deposits, in each case, with any domestic commercial bank having combined capital and surplus in excess of $500 million and a Thompson Bank Watch Rating at the time of acquisition of B or better;

(4) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (2) and (3) above entered into with any financial institution meeting the qualifications specified in clause (3) above;

(5) commercial paper having a rating at the time of acquisition of at least P-1 from Moody s or at least A-1 from S&P and in each case maturing within twelve months after the date of acquisition;

(6) corporate debt obligations maturing within twelve months after the date of acquisition thereof, rated at the time of acquisition at least Aaa or P-1 by Moody s or AAA or A-1 by S&P;

(7) auction-rate Preferred Stocks of any corporation maturing not later than 45 days after the date of acquisition thereof, rated at the time of acquisition at least Aaa by Moody s or AAA by S&P;

(8) securities issued by any state, commonwealth or territory of the United States, or by any political subdivision or taxing authority thereof, maturing not later than six months after the date of acquisition thereof, rated at the time of acquisition at least A by Moody s or S&P; and

(9) money market or mutual funds at least 90% of the assets of which constitute Cash Equivalents of the kinds described in clauses (1) through (8) of this definition.

CCH I means CCH I, LLC, a Delaware limited liability company, and any successor Person thereto.

CCH II means CCH II, LLC, a Delaware limited liability company, and any successor Person thereto.

CCO Holdings means CCO Holdings, LLC, a Delaware limited liability company, and any successor Person thereto.

Change of Control means the occurrence of any of the following:

(1) the sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of CCH II and its Subsidiaries, taken as a whole, or of a Parent and its Subsidiaries, taken as a whole, to any person (as such term is used in Section 13(d)(3) of the Exchange Act) other than Paul G. Allen or a Related Party;

(2) the adoption of a plan relating to the liquidation or dissolution of CCH II or a Parent (except the liquidation of any Parent into any other Parent);

(3) the consummation of any transaction, including, without limitation, any merger or consolidation, the result of which is that any person (as defined above) other than Paul G. Allen and Related Parties becomes the Beneficial Owner, directly or indirectly, of more than 35% of the Voting Stock of CCH II or a Parent, measured by voting power rather than the number of shares, unless Paul G. Allen or a Related Party Beneficially Owns, directly or indirectly, a greater percentage of Voting Stock of CCH II or such Parent, as the case may be, measured by voting power rather than the number of shares, than such person;

(4) after the Issue Date, the first day on which a majority of the members of the board of directors of CCH II or the board of directors of a Parent are not Continuing Directors;

(5) CCH II or a Parent consolidates with, or merges with or into, any Person, or any Person consolidates with, or merges with or into, CCH II or a Parent, in any such event pursuant to a transaction in which any of the outstanding Voting Stock of CCH II or such Parent is converted into or exchanged for cash, securities or other property, other than any such transaction where the Voting Stock of CCH II or such Parent outstanding immediately prior to such transaction is converted into or exchanged for Voting Stock (other than Disqualified Stock) of the surviving or transferee Person constituting a majority of the outstanding shares of such Voting Stock of such surviving or transferee Person immediately after giving effect to such issuance; or

(6) (i) Charter Communications Holdings Company, LLC shall cease to own beneficially, directly or indirectly, 100% of the Capital Stock of Charter Holdings or (ii) Charter Holdings shall cease to own beneficially, directly or indirectly, 100% of the Capital Stock of CCH II.

Charter means Charter Communications, Inc., a Delaware corporation, and any successor Person thereto.

Charter Holdings means Charter Communications Holdings, LLC, a Delaware limited liability company, and any successor Person thereto.

Charter Holdings Indentures means, collectively (a) the indentures entered into by Charter Holdings and Charter Communications Holdings Capital Corporation in connection with the issuance of each 8.250% Senior Notes Due 2007 dated March 1999, 8.625% Senior Notes Due 2009 dated March 1999, 9.920% Senior Discount Notes Due 2011 dated March 1999, 10.000% Senior Notes Due 2009 dated January 2000, 10.250% Senior Notes Due 2010 dated January 2000, 11.750% Senior Discount Notes Due 2010 dated January 2000, 10.750% Senior Notes Due 2009 dated January 2001, 11.125% Senior Notes Due 2011 dated January 2001, 13.500% Senior Discount Notes Due 2011 dated January 2001, 9.625% Senior Notes Due 2009 dated May 2001, 10.000% Senior Notes Due 2011 dated May 2001, 11.750% Senior Discount Notes Due 2011 dated May 2001, 9.625% Senior Notes Due 2009 dated January 2002, 10.000% Senior Notes Due 2011 dated January 2002, and 12.125% Senior Discount Notes Due 2012 dated January 2002, and (b) any indentures, note purchase agreements or similar documents entered into by Charter Holdings and/or Charter Communications Holdings Capital Corporation on or after the Issue Date for the purpose of incurring Indebtedness in exchange for, or proceeds of which are used to refinance, any of the Indebtedness described in the foregoing clause (a), in each case, together with all instruments and other agreements entered into by Charter Holdings or Charter Communications Holdings Capital Corporation in connection therewith, as the same may be refinanced, replaced, amended, supplemented or otherwise modified from time to time.

Charter Indentures means, collectively, the indentures entered into by Charter with respect to its 5.75% Convertible Senior Notes due 2005, its 4.75% Convertible Senior Notes due 2006 and any indentures, note purchase agreements or similar documents entered into by Charter for the purpose of incurring Indebtedness in exchange for, or the proceeds of which are used to refinance, any of the Indebtedness described above, in each case, together with all instruments and other agreements entered into by Charter in connection therewith, as any of the foregoing may be refinanced, replaced, amended, supplemented or otherwise modified from time to time.

Charter Refinancing Indebtedness means any Indebtedness of a Charter Refinancing Subsidiary issued in exchange for, or the net proceeds of which are used within 90 days after the date of issuance thereof to extend, refinance, renew, replace, defease, purchase, acquire or refund (including successive extensions, refinancings, renewals, replacements, defeasances, purchases, acquisitions or refunds), Indebtedness initially incurred under any one or more of the Charter Holdings Indentures, the Charter Indentures, or the Indenture; provided that:

(1) the principal amount (or accreted value, if applicable) of such Charter Refinancing Indebtedness does not exceed the principal amount of (or accreted value, if applicable) plus accrued interest and premium, if any, on the Indebtedness so extended, refinanced, renewed, replaced, defeased, purchased, acquired or refunded (plus the amount of reasonable fees, commissions and expenses incurred in connection therewith); and

(2) such Charter Refinancing Indebtedness has a final maturity date later than the final maturity date of, and has a Weighted Average Life to Maturity equal to or greater than the Weighted Average Life to Maturity of, the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded.

Charter Refinancing Subsidiary means CCH I, CCH II or any other directly or indirectly wholly owned Subsidiary (and any related corporate co-obligor if such Subsidiary is a limited liability company or

other association not taxed as a corporation) of Charter or Charter Communications Holding Company, LLC, which is or becomes a Parent.

Consolidated EBITDA means with respect to any Person, for any period, the net income of such Person and its Restricted Subsidiaries for such period plus, to the extent such amount was deducted in calculating such net income:

(1) Consolidated Interest Expense;

(2) income taxes;

(3) depreciation expense;

(4) amortization expense;

(5) all other non-cash items, extraordinary items, nonrecurring and unusual items and the cumulative effects of changes in accounting principles reducing such net income, less all non-cash items, extraordinary items, nonrecurring and unusual items and cumulative effects of changes in accounting principles increasing such net income, all as determined on a consolidated basis for such Person and its Restricted Subsidiaries in conformity with GAAP;

(6) amounts actually paid during such period pursuant to a deferred compensation plan; and

(7) for purposes of Section 4.10 only, Management Fees; provided that Consolidated EBITDA shall not include:

(x) the net income (or net loss) of any Person that is not a Restricted Subsidiary (Other Person), except

(i) with respect to net income, to the extent of the amount of dividends or other distributions actually paid to such Person or any of its Restricted Subsidiaries by such Other Person during such period; and

(ii) with respect to net losses, to the extent of the amount of investments made by such Person or any Restricted Subsidiary of such Person in such Other Person during such period;

(y) solely for the purposes of calculating the amount of Restricted Payments that may be made pursuant to clause (3) of the covenant described under the caption Certain covenants Restricted payments (and in such case, except to the extent includable pursuant to clause (x) above), the net income (or net loss) of any Other Person accrued prior to the date it becomes a Restricted Subsidiary or is merged into or consolidated with such Person or any Restricted Subsidiaries or all or substantially all of the property and assets of such Other Person are acquired by such Person or any of its Restricted Subsidiaries; and

(z) the net income of any Restricted Subsidiary of CCH II to the extent that the declaration or payment of dividends or similar distributions by such Restricted Subsidiary of such net income is not at the time permitted by the operation of the terms of such Restricted Subsidiary s charter or any agreement, instrument, judgment, decree, order, statute, rule or governmental regulation applicable to such Restricted Subsidiary (other than any agreement or instrument evidencing Indebtedness or Preferred Stock (i) outstanding on the Issue Date or (ii) incurred or issued thereafter in compliance with the covenant described under the caption Certain covenants Incurrence of indebtedness and issuance of preferred stock ; provided that (a) the terms of any such agreement or instrument restricting the declaration and payment of dividends or similar distributions apply only in the event of a default with respect to a financial covenant or a covenant relating to payment, beyond any applicable period of grace, contained in such agreement or instrument, (b) such terms are determined by such Person to be customary in comparable financings and (c) such restrictions are determined by CCH II not to materially

affect the Issuers ability to make principal or interest payments on the applicable Notes when due).

Consolidated Indebtedness means, with respect to any Person as of any date of determination, the sum, without duplication, of:

(1) the total amount of outstanding Indebtedness of such Person and its Restricted Subsidiaries, plus

(2) the total amount of Indebtedness of any other Person that has been Guaranteed by the referent Person or one or more of its Restricted Subsidiaries, plus

(3) the aggregate liquidation value of all Disqualified Stock of such Person and all Preferred Stock of Restricted Subsidiaries of such Person, in each case, determined on a consolidated basis in accordance with GAAP.

Consolidated Interest Expense means, with respect to any Person for any period, without duplication, the sum of:

(1) the consolidated interest expense of such Person and its Restricted Subsidiaries for such period, whether paid or accrued (including, without limitation, amortization or original issue discount, non-cash interest payments, the interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers acceptance financings, and net payments (if any) pursuant to Hedging Obligations); and

(2) the consolidated interest expense of such Person and its Restricted Subsidiaries that was capitalized during such period; and

(3) any interest expense on Indebtedness of another Person that is guaranteed by such Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such Person or one of its Restricted Subsidiaries (whether or not such Guarantee or Lien is called upon); excluding, however, any amount of such interest of any Restricted Subsidiary of the referent Person if the net income of such Restricted Subsidiary is excluded in the calculation of Consolidated EBITDA pursuant to clause (z) of the definition thereof (but only in the same proportion as the net income of such Restricted Subsidiary is excluded from the calculation of Consolidated EBITDA pursuant to clause (z) of the definition thereof), in each case, on a consolidated basis and in accordance with GAAP.

Continuing Directors means, as of any date of determination, any member of the Board of Directors of Charter who:

(1) was a member of the Board of Directors of Charter on the Issue Date; or

(2) was nominated for election or elected to the Board of Directors of Charter with the approval of a majority of the Continuing Directors who were members of such Board of Directors of Charter at the time of such nomination or election or whose election or appointment was previously so approved.

Credit Facilities means, with respect to CCH II and/or its Restricted Subsidiaries, one or more debt facilities or commercial paper facilities (including the Vulcan Backstop Facility), in each case with banks or other lenders (other than a Parent of the Issuers, but including the Lenders under the Vulcan Backstop Facility) providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced or refinanced in whole or in part from time to time.

Default means any event that is, or with the passage of time or the giving of notice or both would be, an Event of Default.

Table of Contents

Disposition means, with respect to any Person, any merger, consolidation or other business combination involving such Person (whether or not such Person is the Surviving Person) or the sale, assignment, transfer, lease or conveyance, or other disposition of all or substantially all of such Person s assets or Capital Stock.

Disqualified Stock means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible, or for which it is exchangeable, in each case at the option of the holder thereof) or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise, or redeemable at the option of the holder thereof, in whole or in part, on or prior to the date that is 91 days after the date on which the CCH II Notes mature. Notwithstanding the preceding sentence, any Capital Stock that would constitute Disqualified Stock solely because the holders thereof have the right to require CCH II to repurchase such Capital Stock upon the occurrence of a change of control or an asset sale shall not constitute Disqualified Stock if the terms of such Capital Stock provide that CCH II may not repurchase or redeem any such Capital Stock pursuant to such provisions unless such repurchase or redemption complies with the covenant described above under the caption Certain covenants Restricted payments.

Equity Interests means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

Equity Offering means any private or underwritten public offering of Qualified Capital Stock of CCH II or a Parent of which the gross proceeds to CCH II or received by CCH II as a capital contribution from such Parent, as the case may be, are at least $25 million.

Existing Indebtedness means Indebtedness of CCH II and its Restricted Subsidiaries in existence on the Issue Date, until such amounts are repaid.

GAAP means generally accepted accounting principles set forth in the opinions and pronouncements of the Accounting Principles Board of the American Institute of Certified Public Accountants and statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which were in effect on the Issue Date.

Guarantee or guarantee means a guarantee other than by endorsement of negotiable instruments for collection in the ordinary course of business, direct or indirect, in any manner including, without limitation, by way of a pledge of assets or through letters of credit or reimbursement agreements in respect thereof, of all or any part of any Indebtedness, measured as the lesser of the aggregate outstanding amount of the Indebtedness so guaranteed and the face amount of the guarantee.

Hedging Obligations means, with respect to any Person, the obligations of such Person under:

(1) interest rate swap agreements, interest rate cap agreements and interest rate collar agreements;

(2) interest rate option agreements, foreign currency exchange agreements, foreign currency swap agreements; and

(3) other agreements or arrangements designed to protect such Person against fluctuations in interest and currency exchange rates.

Helicon Preferred Stock means the preferred limited liability company interest of Charter-Helicon LLC with an aggregate liquidation value of $25 million.

Indebtedness means, with respect to any specified Person, any indebtedness of such Person, whether or not contingent:

(1) in respect of borrowed money;

(2) evidenced by bonds, notes, debentures or similar instruments or letters of credit (or reimbursement agreements in respect thereof);

Table of Contents

(3) in respect of banker s acceptances;

(4) representing Capital Lease Obligations;

(5) in respect of the balance deferred and unpaid of the purchase price of any property, except any such balance that constitutes an accrued expense or trade payable; or

(6) representing the notional amount of any Hedging Obligations, if and to the extent any of the preceding items (other than letters of credit and Hedging Obligations) would appear as a liability upon a balance sheet of the specified Person prepared in accordance with GAAP. In addition, the term Indebtedness includes all Indebtedness of others secured by a Lien on any asset of the specified Person (whether or not such Indebtedness is assumed by the specified Person) and, to the extent not otherwise included, the guarantee by such Person of any indebtedness of any other Person.

The amount of any Indebtedness outstanding as of any date shall be:

(1) the accreted value thereof, in the case of any Indebtedness issued with original issue discount; and

(2) the principal amount thereof, together with any interest thereon that is more than 30 days past due, in the case of any other Indebtedness.

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) by Moody s and BBB- (or the equivalent) by S&P.

Investments means, with respect to any Person, all investments by such Person in other Persons, including Affiliates, in the forms of direct or indirect loans (including guarantees of Indebtedness or other obligations), advances or capital contributions (excluding commission, travel and similar advances to officers and employees made in the ordinary course of business) and purchases or other acquisitions for consideration of Indebtedness, Equity Interests or other securities, together with all items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP.

Issue Date means September 23, 2003.

Leverage Ratio means, as to CCH II, as of any date, the ratio of:

(1) the Consolidated Indebtedness of CCH II on such date to

(2) the aggregate amount of Consolidated EBITDA for CCH II for the most recently ended fiscal quarter for which internal financial statements are available multiplied by four (the Reference Period).

In addition to the foregoing, for purposes of this definition, Consolidated EBITDA shall be calculated on a pro forma basis after giving effect to

(1) the issuance of the CCH II Notes;

(2) the incurrence of the Indebtedness or the issuance of the Disqualified Stock or Preferred Stock of a Restricted Subsidiary (and the application of the proceeds therefrom) giving rise to the need to make such calculation and any incurrence or issuance (and the application of the proceeds therefrom) or repayment of other Indebtedness, Disqualified Stock or Preferred Stock of a Restricted Subsidiary, other than the incurrence or repayment of Indebtedness for ordinary working capital purposes, at any time subsequent to the beginning of the Reference Period and on or prior to the date of determination, as if such incurrence (and the application of the proceeds thereof), or the repayment, as the case may be, occurred on the first day of the Reference Period;

(3) any Dispositions or Asset Acquisitions (including, without limitation, any Asset Acquisition giving rise to the need to make such calculation as a result of such Person or one of its Restricted Subsidiaries (including any person that becomes a Restricted Subsidiary as a result of such Asset Acquisition) incurring, assuming or otherwise becoming liable for or issuing Indebtedness, Disqualified Stock or Preferred Stock) made on or subsequent to the first day of the Reference

269

Period and on or prior to the date of determination, as if such Disposition or Asset Acquisition (including the incurrence, assumption or liability for any such Indebtedness, Disqualified Stock or Preferred Stock and also including any Consolidated EBITDA associated with such Asset Acquisition, including any cost savings adjustments in compliance with Regulation S-X promulgated by the Securities and Exchange Commission) had occurred on the first day of the Reference Period.

Lien means, with respect to any asset, any mortgage, lien, pledge, charge, security interest or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law, including any conditional sale or other title retention agreement, any lease in the nature thereof, any option or other agreement to sell or give a security interest in and any filing of or agreement to give any financing statement under the Uniform Commercial Code (or equivalent statutes) of any jurisdiction.

Management Fees means the fees payable to Charter pursuant to the management and mutual services agreements between any Parent of CCH II and Charter Communications Operating, LLC and between any Parent of CCH II and other Restricted Subsidiaries of CCH II and pursuant to the limited liability company agreements of certain Restricted Subsidiaries as such management, mutual services or limited liability company agreements existed on the Issue Date (or, if later, on the date any new Restricted Subsidiary is acquired or created), including any amendment or replacement thereof, provided, that any such new agreements or amendments or replacements of existing agreements is not more disadvantageous to the holders of the CCH II Notes in any material respect than such management agreements that existed on the Issue Date and further provided, that such new, amended or replacement management agreements do not provide for percentage fees, taken together with fees under existing agreements, any higher than 3.5% of Charter s consolidated total revenues for the applicable payment period.

Moody s means Moody s Investors Service, Inc. or any successor to the rating agency business thereof.

Net Proceeds means the aggregate cash proceeds received by CCH II or any of its Restricted Subsidiaries in respect of any Asset Sale (including, without limitation, any cash received upon the sale or other disposition of any non-cash consideration received in any Asset Sale), net of the direct costs relating to such Asset Sale, including, without limitation, legal, accounting and investment banking fees, and sales commissions, and any relocation expenses incurred as a result thereof or taxes paid or payable as a result thereof (including amounts distributable in respect of owners , partners or members tax liabilities resulting from such sale), in each case after taking into account any available tax credits or deductions and any tax sharing arrangements and amounts required to be applied to the repayment of Indebtedness.

Non-Recourse Debt means Indebtedness:

(1) as to which neither CCH II nor any of its Restricted Subsidiaries

(a) provides credit support of any kind (including any undertaking, agreement or instrument that would constitute Indebtedness);

(b) is directly or indirectly liable as a guarantor or otherwise; or

(c) constitutes the lender;

(2) no default with respect to which (including any rights that the holders thereof may have to take enforcement action against an Unrestricted Subsidiary) would permit upon notice, lapse of time or both any holder of any other Indebtedness (other than the CCH II Notes) of CCH II or any of its Restricted Subsidiaries to declare a default on such other Indebtedness or cause the payment thereof to be accelerated or payable prior to its stated maturity; and

(3) as to which the lenders have been notified in writing that they will not have any recourse to the Capital Stock or assets of CCH II or any of its Restricted Subsidiaries.

Parent means CCH I, Charter Holdings, Charter Communications Holding Company, LLC, Charter and/or any direct or indirect Subsidiary of the foregoing 100% of the Capital Stock of which is owned directly or indirectly by one or more of the foregoing Persons, as applicable, and that directly or indirectly beneficially owns 100% of the Capital Stock of CCH II, and any successor Person to any of the foregoing.

Permitted Investments means:

(1) any Investment by CCH II in a Restricted Subsidiary thereof, or any Investment by a Restricted Subsidiary of CCH II in CCH II or in another Restricted Subsidiary of CCH II;

(2) any Investment in Cash Equivalents;

(3) any Investment by CCH II or any of its Restricted Subsidiaries in a Person, if as a result of such Investment:

(a) such Person becomes a Restricted Subsidiary of CCH II; or

(b) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, CCH II or a Restricted Subsidiary of CCH II;

(4) any Investment made as a result of the receipt of non-cash consideration from an Asset Sale that was made pursuant to and in compliance with the covenant described above under the caption Repurchase at the option of holders Asset sales ;

(5) any Investment made out of the net cash proceeds of the issue and sale from and after the Issue Date (other than to a Subsidiary of CCH II) of Equity Interests (other than Disqualified Stock) of CCH II to the extent that such net cash proceeds have not been applied to make a Restricted Payment or to effect other transactions pursuant to the covenant described under Restricted payments

(6) other Investments in any Person (other than any Parent) having an aggregate fair market value when taken together with all other Investments in any Person made by CCH II and its Restricted Subsidiaries (without duplication) pursuant to this clause (6) from and after the Issue Date, not to exceed $750 million (initially measured on the date each such Investment was made and without giving effect to subsequent changes in value, but reducing the amount outstanding by the aggregate amount of principal, interest, dividends, distributions, repayments, proceeds or other value otherwise returned or recovered in respect of any such Investment, but not to exceed the initial amount of such Investment) at any one time outstanding; and

(7) Investments in customers and suppliers in the ordinary course of business which either

(A) generate accounts receivable, or

(B) are accepted in settlement of bona fide disputes; and

(8) Investments resulting from the Private Exchanges.

Permitted Liens means:

(1) Liens on the assets of CCH II and its Restricted Subsidiaries securing Indebtedness and other obligations under any of the Credit Facilities;

(2) Liens in favor of CCH II;

(3) Liens on property of a Person existing at the time such Person is merged with or into or consolidated with CCH II or a Restricted Subsidiary thereof; provided that such Liens were in existence prior to the contemplation of such merger or consolidation and do not extend to any assets other than those of the Person merged into or consolidated with CCH II or a Restricted Subsidiary thereof;

271

(4) Liens on property existing at the time of acquisition thereof by CCH II or its Restricted Subsidiaries; provided that such Liens were in existence prior to the contemplation of such acquisition;

(5) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business;

(6) purchase money mortgages or other purchase money Liens (including, without limitation, any Capitalized Lease Obligations) incurred by CCH II or its Restricted Subsidiaries upon any fixed or capital assets acquired after the Issue Date or purchase money mortgages (including, without limitation, Capital Lease Obligations) on any such assets, whether or not assumed, existing at the time of acquisition of such assets, whether or not assumed, so long as

(a) such mortgage or lien does not extend to or cover any of the assets of CCH II or any of its Restricted Subsidiaries, except the asset so developed, constructed, or acquired, and directly related assets such as enhancements and modifications thereto, substitutions, replacements, proceeds (including insurance proceeds), products, rents and profits thereof, and

(b) such mortgage or lien secures the obligation to pay all or a portion of the purchase price of such asset, interest thereon and other charges, costs and expenses (including, without limitation, the cost of design, development, construction, acquisition, transportation, installation, improvement, and migration) and is incurred in connection therewith (or the obligation under such Capitalized Lease Obligation) only;

(7) Liens existing on the Issue Date (other than in connection with the Credit Facilities) and replacement Liens therefor that do not encumber additional property;

(8) Liens for taxes, assessments or governmental charges or claims that are not yet delinquent or that are being contested in good faith by appropriate proceedings promptly instituted and diligently concluded; provided that any reserve or other appropriate provision as shall be required in conformity with GAAP shall have been made therefor;

(9) statutory and common law Liens of landlords and carriers, warehousemen, mechanics, suppliers, materialmen, repairmen or other similar Liens arising in the ordinary course of business and with respect to amounts not yet delinquent or being contested in good faith by appropriate legal proceedings promptly instituted and diligently conducted and for which a reserve or other appropriate provision, if any, as shall be required in conformity with GAAP shall have been made;

(10) Liens incurred or deposits made in the ordinary course of business in connection with workers compensation, unemployment insurance and other types of social security;

(11) Liens incurred or deposits made to secure the performance of tenders, bids, leases, statutory or regulatory obligation, bankers acceptance, surety and appeal bonds, government contracts, performance and return-of-money bonds and other obligations of a similar nature incurred in the ordinary course of business (exclusive of obligations for the payment of borrowed money);

(12) easements, rights-of-way, municipal and zoning ordinances and similar charges, encumbrances, title defects or other irregularities that do not materially interfere with the ordinary course of business of CCO Holdings or any of its Restricted Subsidiaries;

(13) Liens of franchisors or other regulatory bodies arising in the ordinary course of business;

(14) Liens arising from filing Uniform Commercial Code financing statements regarding leases or other Uniform Commercial Code financing statements for precautionary purposes relating to arrangements not constituting Indebtedness;

(15) Liens arising from the rendering of a final judgment or order against CCH II or any of its Restricted Subsidiaries that does not give rise to an Event of Default;

(16) Liens securing reimbursement obligations with respect to letters of credit that encumber documents and other property relating to such letters of credit and the products and proceeds thereof;

(17) Liens encumbering customary initial deposits and margin deposits, and other Liens that are within the general parameters customary in the industry and incurred in the ordinary course of business, in each case, securing Indebtedness under Hedging Obligations and forward contracts, options, future contracts, future options or similar agreements or arrangements designed solely to protect CCH II or any of its Restricted Subsidiaries from fluctuations in interest rates, currencies or the price of commodities;

(18) Liens consisting of any interest or title of licensor in the property subject to a license;

(19) Liens on the Capital Stock of Unrestricted Subsidiaries;

(20) Liens arising from sales or other transfers of accounts receivable which are past due or otherwise doubtful of collection in the ordinary course of business;

(21) Liens incurred in the ordinary course of business of CCH II and its Restricted Subsidiaries with respect to obligations which in the aggregate do not exceed $50 million at any one time outstanding;

(22) Liens in favor of the trustee arising under the Indenture and similar provisions in favor of trustees or other agents or representatives under indentures or other agreements governing debt instruments entered into after the date hereof;

(23) Liens in favor of the trustee for its benefit and the benefit of holders of the CCH II Notes, as their respective interests appear; and

(24) Liens securing Permitted Refinancing Indebtedness, to the extent that the Indebtedness being refinanced was secured or was permitted to be secured by such Liens.

Permitted Refinancing Indebtedness means any Indebtedness of CCH II or any of its Restricted Subsidiaries issued in exchange for, or the net proceeds of which are used within 60 days after the date of issuance thereof to extend, refinance, renew, replace, defease or refund, other Indebtedness of CCO Holdings or any of its Restricted Subsidiaries (other than intercompany Indebtedness); provided that unless permitted otherwise by the Indenture, no Indebtedness of any Restricted Subsidiary may be issued in exchange for, nor may the net proceeds of Indebtedness be used to extend, refinance, renew, replace, defease or refund, Indebtedness of the direct or indirect parent of such Restricted Subsidiary; provided further that:

(1) the principal amount (or accreted value, if applicable) of such Permitted Refinancing Indebtedness does not exceed the principal amount of (or accreted value, if applicable) plus accrued interest and premium, if any, on the Indebtedness so extended, refinanced, renewed, replaced, defeased or refunded (plus the amount of reasonable expenses incurred in connection therewith), except to the extent that any such excess principal amount would be then permitted to be incurred by other provisions of the covenant described above under the caption Certain covenants Incurrence of indebtedness and issuance of preferred stock.

(2) such Permitted Refinancing Indebtedness has a final maturity date later than the final maturity date of, and has a Weighted Average Life to Maturity equal to or greater than the Weighted Average Life to Maturity of, the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded; and

(3) if the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded is subordinated in right of payment to the CCH II Notes, such Permitted Refinancing Indebtedness has a final maturity date later than the final maturity date of, and is subordinated in right of payment to, the CCH II Notes on terms at least as

favorable to the holders of CCH II Notes as those contained in the documentation governing the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded.

Person means any individual, corporation, partnership, joint venture, association, limited liability company, joint stock company, trust, unincorporated organization, government or agency or political subdivision thereof or any other entity.

Preferred Stock, as applied to the Capital Stock of any Person, means Capital Stock of any class or classes (however designated) which, by its terms, is preferred as to the payment of dividends, or as to the distribution of assets upon any voluntary or involuntary liquidation or dissolution of such Person, over shares of Capital Stock of any other class of such Person.

Private Exchanges means, collectively,

(1) the acquisition by CCH II of certain senior notes and senior discount notes outstanding under the Charter Holdings Indentures, in exchange for notes, pursuant to one or more Exchange Agreements dated on or after September 18, 2003, as such agreements may be supplemented, modified, extended or amended from time to time;

(2) the acquisition by CCH II of certain convertible senior notes outstanding under the Charter Indentures in exchange for notes, pursuant to one or more Exchange Agreements dated on or after September 18, 2003, as such agreements may be supplemented, modified, extended or amended from time to time; and

(3) the distribution, loan or investment of (a) senior notes and senior discount notes accepted in exchange for notes as contemplated by clause (1) of this definition, (B) convertible notes accepted in exchange for notes as contemplated by clause (2) of this definition and (c) amounts sufficient to satisfy the expenses incurred by any Parent in connection therewith (including any required payment of accrued interest thereon), in each case, directly or indirectly to or in any Parent.

Productive Assets means assets (including assets of a referent Person owned directly or indirectly through ownership of Capital Stock) of a kind used or useful in the Cable Related Business.

Qualified Capital Stock means any Capital Stock that is not Disqualified Stock.

Rating Agencies means Moody s and S&P.

Related Party means: (1) the spouse or an immediate family member, estate or heir of Paul G. Allen; or (2) any trust, corporation, partnership or other entity, the beneficiaries, stockholders, partners, owners or Persons beneficially holding an 80% or more controlling interest of which consist of Paul G. Allen and/or such other Persons referred to in the immediately preceding clause (1).

Restricted Investment means an Investment other than a Permitted Investment.

Restricted Subsidiary of a Person means any Subsidiary of the referent Person that is not an Unrestricted Subsidiary.

S&P means Standard & Poor s Ratings Service, a division of the McGraw-Hill Companies, Inc. or any successor to the rating agency business thereof.

Significant Subsidiary means (a) with respect to any Person, any Restricted Subsidiary of such Person which would be considered a Significant Subsidiary as defined in Rule 1-02(w) of Regulation S-X under the Securities Act and (b) in addition, with respect to CCH II, Capital Corp.

Stated Maturity means, with respect to any installment of interest or principal on any series of Indebtedness, the date on which such payment of interest or principal was scheduled to be paid in the documentation governing such Indebtedness on the Issue Date, or, if none, the original documentation governing such Indebtedness, and shall not include any contingent obligations to repay, redeem or repurchase any such interest or principal prior to the date originally scheduled for the payment thereof.

Subsidiary means, with respect to any Person:

(1) any corporation, association or other business entity of which at least 50% of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to

vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person (or a combination thereof) and, in the case of any such entity of which 50% of the total voting power of shares of Capital Stock is so owned or controlled by such Person or one or more of the other Subsidiaries of such Person, such Person and its Subsidiaries also have the right to control the management of such entity pursuant to contract or otherwise; and

(2) any partnership

(a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person, or

(b) the only general partners of which are such Person or of one or more Subsidiaries of such Person (or any combination thereof).

Unrestricted Subsidiary means any Subsidiary of CCH II that is designated by the Board of Directors of CCH II as an Unrestricted Subsidiary pursuant to a board resolution, but only to the extent that such Subsidiary:

(1) has no Indebtedness other than Non-Recourse Debt;

(2) is not party to any agreement, contract, arrangement or understanding with CCH II or any Restricted Subsidiary of CCH II unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to CCH II or such Restricted Subsidiary of CCH II than those that might be obtained at the time from Persons who are not Affiliates of CCH II unless such terms constitute Investments permitted by the covenant described above under the caption Certain covenants Investments, Permitted Investments, Asset Sales permitted under the covenant described above under the caption Repurchase at the option of the holders Asset sales or sale-leaseback transactions permitted by the covenant described above under the caption Certain covenants Sale and leaseback transactions ;

(3) is a Person with respect to which neither CCH II nor any of its Restricted Subsidiaries has any direct or indirect obligation

(a) to subscribe for additional Equity Interests or

(b) to maintain or preserve such Person s financial condition or to cause such Person to achieve any specified levels of operating results;

(4) has not guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of CCH II or any of its Restricted Subsidiaries;

(5) has at least one director on its board of directors that is not a director or executive officer of CCH II or any of its Restricted Subsidiaries or has at least one executive officer that is not a director or executive officer of CCH II or any of its Restricted Subsidiaries; and

(6) does not own any Capital Stock of any Restricted Subsidiary of CCH II.

Any designation of a Subsidiary of CCH II as an Unrestricted Subsidiary shall be evidenced to the trustee by filing with the trustee a certified copy of the board resolution giving effect to such designation and an officers certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption Certain covenants Investments. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of CCH II as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption Certain covenants Incurrence of indebtedness and issuance of preferred stock, CCH II shall be in default of such covenant. The Board of Directors of CCH II may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that such designation shall

Table of Contents

be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall only be permitted if:

(1) such Indebtedness is permitted under the covenant described under the caption Certain covenants Incurrence of indebtedness and issuance of preferred stock, calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and

(2) no Default or Event of Default would be in existence immediately following such designation.

Voting Stock of any Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the board of directors or comparable governing body of such Person.

Vulcan Backstop Facility means a credit facility entered into or to be entered into by and among CCO Holdings, LLC, a Delaware limited liability company, Charter, Charter Communications Holding Company, LLC, Charter Holdings, CCH I, CCH II and/or one or more other Subsidiaries of CCH II and the lenders party thereto pursuant to a commitment letter dated March 14, 2003 between Vulcan Inc. and Charter Communications VII, LLC, as amended by an extension letter dated June 30, 2003, by and between Vulcan Inc., CCO Holdings, LLC and Charter Communications VII, LLC, as the same may be further amended, extended, modified, supplemented or replaced from time to time.

Weighted Average Life to Maturity means, when applied to any Indebtedness at any date, the number of years obtained by dividing:

(1) the sum of the products obtained by multiplying

(a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal, including payment at final maturity, in respect thereof, by

(b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment; by

(2) the then outstanding principal amount of such Indebtedness.

Wholly Owned Restricted Subsidiary of any Person means a Restricted Subsidiary of such Person all of the outstanding common equity interests or other ownership interests of which (other than directors qualifying shares) shall at the time be owned by such Person and/or by one or more Wholly Owned Restricted Subsidiaries of such Person.

BOOK-ENTRY, DELIVERY AND FORM

Except as set forth below, CCH II Notes will be issued in registered, global form (Global Notes) in minimum denominations of $1,000 and integral multiples of $1,000 in excess thereof. New Notes will be issued on the Settlement Date.

The Global Notes will be deposited upon issuance with the trustee, as custodian for The Depository Trust Company (DTC), in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for new notes in certificated form except in the limited circumstances described below. See Exchange of Book-Entry Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Certificated Notes (as defined below).

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants which may change from time to time. Initially, the trustee will act as paying agent and registrar. The CCH II Notes may be presented for registration of transfer and exchange at the offices of the registrar.

Certain Procedures

The following description of the operations and procedures of DTC are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them from time to time. We take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants).

Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it, (i) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the initial purchasers with portions of the principal amount of the Global Notes and (ii) ownership of such interests in the Global Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes may hold their interests therein directly through DTC, if they are Participants in such system, or indirectly through organizations which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants and certain banks, the ability of a person having beneficial interests in a Global Note to

pledge such interests to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have CCH II Notes registered in their names, will not receive physical delivery of new notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, premium, if any, and interest on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, we and the trustee will treat the persons in whose names the CCH II Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, neither we, the trustee nor any of our or the trustee s agents has or will have any responsibility or liability for (i) any aspect of DTC s records or any Participant s or Indirect Participant s records relating to or payments made on account of beneficial ownership interest in the Global Notes, or for maintaining, supervising or reviewing any of DTC s records or any Participant s or Indirect Participant s records relating to the beneficial ownership interests in the Global Notes or (ii) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants. DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the CCH II Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date, in amounts proportionate to their respective holdings in the principal amount of beneficial interest in the relevant security as shown on the records of DTC unless DTC has reason to believe it will not receive payment on such payment date. Payments by the Participants and the Indirect Participants to the beneficial owners of CCH II Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or us. Neither we nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the CCH II Notes, and we and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC s procedures, and will be settled in same-day funds.

DTC has advised us that it will take any action permitted to be taken by a holder of CCH II Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the CCH II Notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the new notes, DTC reserves the right to exchange the Global Notes for CCH II Notes in certificated form, and to distribute such CCH II Notes to its Participants.

DTC is under no obligation to perform or continue to perform the foregoing procedures to facilitate transfers of interests in the Global Notes among Participants in DTC, and such procedures may be discontinued at any time. Neither we nor the trustee nor any of our or their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

A Global Note is exchangeable for definitive CCH II Notes in registered certificated form (Certificated Notes) if (i) DTC (x) notifies us that it is unwilling or unable to continue as depositary for the Global Notes and we thereupon fail to appoint a successor depositary or (y) has ceased to be a clearing agency registered under the Exchange Act, (ii) we, at our option, notify the trustee in writing that we elect to cause the issuance of the Certificated Notes or (iii) there shall have occurred and be continuing a default or event of default with respect to the CCH II Notes. In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon request but only upon prior written notice

given to the trustee by or on behalf of DTC in accordance with the Indenture and in accordance with the certification requirements set forth in the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of DTC (in accordance with its customary procedures).

Same-Day Settlement and Payment

Payments in respect of the CCH II Notes represented by the Global Notes (including principal, premium, if any, and interest) will be made by wire transfer of immediately available funds to the accounts specified by the Global Note holder. With respect to CCH II Notes in certificated form, we will make all payments of principal, premium, if any, and interest, by wire transfer of immediately available funds to the accounts specified by the holders thereof or, if no such account is specified, by mailing a check to each such holder s registered address. The CCH II Notes represented by the Global Notes are expected to be eligible to trade in the PORTAL^{sm} market and to trade in DTC s Same-Day Funds Settlement System, and any permitted secondary market trading activity in such CCH II Notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

DESCRIPTION OF THE CONVERTIBLE NOTES

The Convertible Notes were issued under an indenture dated as of November 22, 2004 between us and Wells Fargo Bank, N.A., as trustee. Copies of the indenture, the pledge agreement, the resale registration rights agreement and the borrow facility registration rights agreement are included as exhibits to the registration statement of which this Exchange Offer Prospectus is a part and will be made available upon request. We have summarized portions of these documents below. This summary is not complete. We urge you to read the indenture, the pledge agreement, the resale registration rights agreement and the borrow facility registration rights agreement because these documents define your rights as a Holder of the Convertible Notes. In this section, Charter Communications, Inc., we, our and us each refers only to Charter Communications, Inc. and not to any existing or future subsidiary.

General

The Convertible Notes are senior unsecured obligations of Charter Communications, Inc. and are convertible into our Class A Common Stock as described under Conversion Rights below. The Convertible Notes were issued in an aggregate original principal amount of $862,500,000 and will mature on November 16, 2009.

The Convertible Notes bear interest at the rate of 5.875% per year on the accreted principal amount from November 22, 2004, the date of original issuance of the Convertible Notes, or from the most recent date to which interest had been paid or provided for. Interest is payable semi-annually in arrears on May 16 and November 16 of each year, commencing May 16, 2005, to holders of record at the close of business on the preceding May 1 and November 1, respectively. Interest is computed on the basis of a 360-day year comprised of twelve 30-day months. In the event of the maturity, conversion, purchase by us at the option of the holder or redemption of a Convertible Note, interest will cease to accrue on the Convertible Note under the terms of and subject to the conditions of the indenture.

Principal is payable, and Convertible Notes may be presented for conversion, registration of transfer and exchange, without service charge, at our office or agency in New York, New York, which is initially the office or agency of the trustee in New York, New York. See Form, Denomination and Registration. The indenture does not contain any financial covenants or any restrictions on the payment of dividends, the incurrence of senior debt or other indebtedness, or the issuance or repurchase of securities by us. The indenture will contain no covenants or other provisions to protect holders of the Convertible Notes in the event of a highly leveraged transaction or a fundamental change, except to the extent described under Fundamental Change Requires Us to Repurchase Convertible Notes at the Option of the Holder below.

Ranking

The Convertible Notes are our unsecured, except with respect to the Pledged Securities as described below, and unsubordinated obligations. The Convertible Notes rank, in right of payment, the same as all of our existing and future unsecured and unsubordinated indebtedness, except with respect to the Pledged Securities as described below. The Convertible Notes rank senior in right of payment to all of our subordinated indebtedness and will be effectively subordinated to any secured indebtedness, except with respect to the Pledged Securities as described below, and structurally subordinated to indebtedness and other liabilities of our subsidiaries.

As of December 31, 2005, Charter Communications, Inc. had no secured indebtedness and our subsidiaries had total indebtedness and other liabilities of $20.2 billion, excluding intercompany obligations.

Security

Our subsidiary, Charter Holdco, has purchased and pledged to us as security for an intercompany note, and pursuant to a pledge agreement we repledged to the trustee as security for the benefit of the Holders of the Convertible Notes (and not for the benefit of our other creditors), U.S. government

securities, which we refer to as the Pledged Securities, in such amount as will be sufficient upon receipt of scheduled payments with respect to such Pledged Securities to provide for payment in full of the first six scheduled interest payments due on the Convertible Notes, without regard to any liquidated damages we may owe or any deferred interest in respect of accretion of the principal amount of the Notes. Charter Holdco used approximately $144 million of the net proceeds from the offering to acquire such Pledged Securities.

The Pledged Securities were repledged by us to the trustee for the exclusive benefit of the Holders of the Convertible Notes and are held by the trustee in a pledge account. Immediately prior to each of the first six interest payment dates, the trustee will release from the pledge account cash generated by Pledged Securities then maturing sufficient to pay the interest then due on the original principal amount of the Convertible Notes. A failure to pay interest on the original principal amount of the Convertible Notes when due through the first six scheduled interest payment dates will constitute an immediate event of default under the indenture, with no grace period (unless the failure to make such payment results from the failure by the trustee to release such proceeds from the pledge account, provided such failure is not caused by any act or omission by us). Upon any conversion of Convertible Notes prior to November 16, 2007, the trustee will liquidate a portion of the Pledged Securities and release from the pledge account proceeds sufficient to pay the Early Conversion Make Whole Amount described under Conversion Rights Interest Make Whole Upon Conversion. If any Early Conversion Make Whole Amount is limited by the formula described therein, the portion of the proceeds of the liquidation of the Pledged Securities not paid to the converting Holder as a result of such limitation will be released to Charter Holdco from the pledge account.

If prior to November 16, 2007

- an event of default under the Convertible Notes occurs and is continuing, and
- the trustee or the Holders of 25% in aggregate original principal amount of the Convertible Notes accelerate the Convertible Notes by declaring the accreted principal amount of the Convertible Notes to be immediately due and payable (by written consent, at a meeting of Convertible Note Holders or otherwise), except for the occurrence of an event of default relating to our bankruptcy, insolvency or reorganization, upon which the Convertible Notes will be accelerated automatically,

then the proceeds from the liquidation of the Pledged Securities will be promptly released to Convertible Note Holders, subject to the automatic stay provisions of bankruptcy law, if applicable. Distributions from the pledge account will be applied:

- first, to any accrued and unpaid interest on the Convertible Notes, and
- second, to the extent available, to the repayment of a portion of the principal amount of the Convertible Notes.

However, if any event of default is cured or waived prior to the acceleration of the Convertible Notes by the trustee or Holders of the Convertible Notes referred to above, the trustee and the holders of the Convertible Notes will not be able to accelerate the Convertible Notes as a result of that event of default.

For example, if the first two interest payments were made when due but the third interest payment was not made when due and the Convertible Note Holders promptly exercised their right to declare the accreted principal amount of the Convertible Notes to be immediately due and payable then, assuming automatic stay provisions of bankruptcy law are inapplicable and the proceeds of the Pledged Securities are promptly distributed from the pledge account,

- an amount equal to the interest payment due with respect to the third interest payment would be distributed from the pledge account as accrued interest, and
- the balance of the proceeds of the pledge account would be distributed as a portion of the principal amount of the Convertible Notes.

In addition, Convertible Note Holders would have an unsecured claim against us for the remainder of the accreted principal amount of their Convertible Notes.

Once we make the first six scheduled interest payments on the Convertible Notes, all of the remaining Pledged Securities, if any, will be released to Charter Holdco from the pledge account and thereafter the Convertible Notes will be unsecured.

Conversion Rights

General

Holders may convert their Convertible Notes into shares of our Class A Common Stock at an initial conversion rate of 413.2231 shares of our Class A Common Stock, par value $.001 per share, per $1,000 original principal amount of Convertible Notes, unless previously redeemed or purchased. This is equivalent to an initial conversion price of approximately $2.42 per share.

The conversion rate and the equivalent conversion price in effect at any given time are referred to as the applicable conversion rate and the applicable conversion price, respectively, and will be subject to adjustment as set forth in Conversion Rate Adjustments below. In addition, if we elect to accrete the principal amount of the Convertible Notes to pay any liquidated damages, we will increase the conversion rate at the same rate as the accretion rate and over the same period of time. A Holder may convert fewer than all of such Holder s Convertible Notes so long as the Convertible Notes converted are a multiple of $1,000 original principal amount.

Upon conversion of a Convertible Note, a Holder will not receive any cash payment of interest (unless such conversion occurs between a regular record date and the interest payment date to which it relates), subject to our obligations described under Interest Make Whole Upon Conversion below, and we will not adjust the conversion rate to account for accrued and unpaid interest. Our delivery to the Holder of cash and shares, if any, of our Class A Common Stock into which the Convertible Note is convertible will be deemed to satisfy our obligation with respect to such Convertible Note, subject to our obligations described under Interest Make Whole Upon Conversion below. Except to the extent we are required to make payments in respect of such obligations, any accrued but unpaid interest will be deemed to be paid in full upon conversion, rather than cancelled, extinguished or forfeited.

Holders of Convertible Notes at the close of business on a regular record date will receive payment of interest payable on the corresponding interest payment date notwithstanding the conversion of such Convertible Notes at any time after the close of business on the applicable regular record date. Convertible Notes surrendered for conversion by a Holder after the close of business on any regular record date but prior to the next interest payment date must be accompanied by payment of an amount equal to the interest that the Holder is to receive on the Convertible Notes; provided, however, that no such payment need be made (1) if the conversion date is prior to November 16, 2007, (2) we have specified a redemption date that is after a record date and on or prior to the next interest payment date, (3) if we have specified a purchase date following a fundamental change that is after a record date and on or prior to the next interest payment date or (4) only to the extent of overdue interest, if any overdue interest exists at the time of conversion with respect to such Convertible Note.

If a Holder converts Convertible Notes, we will pay any documentary, stamp or similar issue or transfer tax due on the issue of shares of our Class A Common Stock upon the conversion, if any, unless the tax is due because the Holder requests the shares to be issued or delivered to a person other than the holder, in which case the Holder will pay that tax.

If a Holder wishes to exercise its conversion right, such Holder must deliver an irrevocable duly completed conversion notice, together, if the Convertible Notes are in certificated form, with the certificated security, to the conversion agent along with appropriate endorsements and transfer documents, if required, and pay any transfer or similar tax, if required. The date a Holder makes such required deliveries is the conversion date for the Convertible Notes converted. The conversion agent will, on the holder s behalf, convert the Convertible Notes into shares of our Class A Common Stock, subject to our

right to deliver cash or a combination of cash and shares. Holders may obtain copies of the required form of the conversion notice from the conversion agent. A certificate, or a book-entry transfer through The Depository Trust Company, New York, New York, or DTC, for the number of full shares of our Class A Common Stock into which any Convertible Notes are converted, together with a cash payment for any fractional shares, and cash or shares, if applicable, with respect to any Early Conversion Make Whole Amount or Redemption Make Whole Amount as described under Interest Make Whole Upon Conversion below, will be delivered through the conversion agent on the conversion settlement date, which will be as soon as practicable, but no later than the fifth business day, following the conversion date, unless we elect cash settlement as described under Cash Settlement Option below. The trustee will initially act as the conversion agent.

Convertible Notes called for redemption may be surrendered for conversion at any time prior to the close of business on the business day immediately preceding the redemption date. If a Holder has already delivered a purchase notice as described under Fundamental Change Requires Us to Repurchase Convertible Notes at the Option of the Holder with respect to a Convertible Note, however, the holder may not surrender that Convertible Note for conversion until the Holder has withdrawn the purchase notice in accordance with the indenture.

Cash Settlement Option

Upon conversion, we will have the right to deliver, in lieu of shares of our Class A Common Stock, cash or a combination of cash and Class A Common Stock. We will inform converting holders through the trustee no later than two business days following the conversion date if we elect to pay cash in lieu of delivering shares and will specify in such notice the percentage of the shares otherwise deliverable for which we will pay cash, unless we have already informed Holders of our election in a notice of redemption for the Convertible Notes, as described under Redemption below. If we elect to pay holders cash upon conversion, such payment will be based on the average price of our Class A Common Stock. If we elect cash settlement, the conversion settlement date on which we deliver the cash and shares of our Class A Common Stock, if any, together with the cash or shares, if applicable, with respect to any Early Conversion Make Whole Amount or Redemption Make Whole Amount, to converting Holders will be the third business day following the determination of the average price. We will deliver cash in lieu of any fractional shares of our Class A Common Stock issuable in connection with any conversion of Convertible Notes based upon the average price.

The average price of our Class A Common Stock means, with respect to any conversion of Convertible Notes, the average of the sale prices of our Class A Common Stock over the 20 trading day period beginning on the third trading day immediately following the applicable conversion date.

The sale price of our Class A Common Stock on any date means the closing sale price per share (or if no closing sale price is reported, the average of the bid and asked prices or, if more than one in either case, the average of the average bid and the average asked prices) on that date as reported in transactions for the principal U.S. securities exchange on which our common stock is traded or, if our common stock is not listed on a U.S. national or regional securities exchange. The sale price will be determined without reference to after-hours or extended market trading.

If our Class A Common Stock is not listed for trading on a U.S. national or regional securities exchange, the sale price will be the last quoted bid price for our common stock on the Nasdaq Small Cap Market or in the over-the-counter market on the relevant date as reported by Pink Sheets LLC or any similar organization.

If our Class A Common Stock is not so quoted, the sale price will be the average of the mid-point of the last bid and asked prices for our common stock on the relevant date from each of at least three nationally recognized independent investment banking firms selected by us for this purpose.

Trading day means a day during which trading in securities generally occurs on the principal U.S. national or regional securities exchange on which our Class A Common Stock is then listed or, if our

Class A Common Stock is not then listed on a national or regional securities exchange, on the principal other market on which our Class A Common Stock is then traded.

Limitation on Beneficial Ownership

Notwithstanding the foregoing, no Holder of Convertible Notes will be entitled to receive shares of our Class A Common Stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting Holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder) of more than the specified percentage of the shares of Class A Common Stock outstanding at such time. With respect to any conversion prior to November 16, 2008, the specified percentage will be 4.9%, and with respect to any conversion thereafter until the maturity of the Convertible Notes, the specified percentage will be 9.9%. Any purported delivery of shares of our Class A Common Stock upon conversion of Convertible Notes shall be void and have no effect to the extent (but only to the extent) that such delivery would result in the converting Holder becoming the beneficial owner of more than the specified percentage of the shares of Class A Common Stock outstanding at such time. If any delivery of shares of our Class A Common Stock owed to a Holder upon conversion of Convertible Notes is not made, in whole or in part, as a result of this limitation, our obligation to make such delivery shall not be extinguished and we shall deliver such shares as promptly as practicable after, but in no event later than two trading days after, any such converting Holder gives notice to us that such delivery would not result in it being the beneficial owner of more than the specified percentage of the shares of Class A Common Stock outstanding at such time.

Interest Make Whole Upon Conversion

Early Conversion Make Whole Amount. Holders who convert their Convertible Notes prior to November 16, 2007 will receive, in addition to a number of shares of our Class A Common Stock equal to the conversion rate, or cash in lieu thereof, the cash proceeds, subject to the limitation described below, of the sale by the trustee of the Pledged Securities remaining with respect to the Convertible Notes being converted, which we refer to as the Early Conversion Make Whole Amount; provided that if a Holder converts Convertible Notes after the close of business on any regular record date but prior to the next interest payment date, the Pledged Securities with respect to the Convertible Notes being converted that will mature immediately prior to the applicable interest payment date shall be excluded from such sale and from the Early Conversion Make Whole Amount since the proceeds thereof will be paid to such Holder on such interest payment date. The Early Conversion Make Whole Amount will not compensate a converting Holder for any deferred interest in respect of accretion of the principal amount of the Convertible Notes if we elect to accrete such principal amount to pay any liquidated damages we may owe.

Upon receipt by the conversion agent of a conversion notice, the trustee will liquidate a portion of the Pledged Securities, excluding, in the case of any conversion after the close of business on any regular record date but prior to the next interest payment date, Pledged Securities that will mature immediately prior to the applicable interest payment date, rounded down to the nearest whole multiple of the minimum denomination of such Pledged Securities, and release the cash proceeds thereof to the converting Holder. The percentage of the remaining Pledged Securities to be sold will be determined based on the aggregate original principal amount of Convertible Notes being converted as a percentage of the total original principal amount of Convertible Notes then outstanding.

If a Holder converts Convertible Notes prior to the earlier of (1) the sale of such Convertible Notes pursuant to an effective registration statement (including under this prospectus) or (2) November 22, 2006, the Early Conversion Make Whole Amount such Holder will receive upon conversion of each $1,000 original principal amount of Convertible Notes will not exceed $18.18, which is the amount determined pursuant to the following formula:

$$1000 - 1.1(CR * OP)$$

Where CR is 413.2231, the initial conversion rate for the Convertible Notes and OP is $2.16, the last reported sale price of our Class A Common Stock on the date we priced this offering of Convertible Notes. The portion of the Early Conversion Make Whole Amount not paid to the holder upon conversion of its Convertible Notes because of the limitation described above will be paid to Charter Holdco promptly following the sale of the relevant Pledged Securities.

Notwithstanding the foregoing paragraph, the cash proceeds received upon conversion by any Holders who convert Convertible Notes that have been called for redemption will not be limited by the formula described above.

Redemption Make Whole Amount. Any Holders who convert Convertible Notes that have been called for redemption shall receive, in addition to the Early Conversion Make Whole Amount, if applicable, the present value of the interest on the Convertible Notes converted that would have been payable for the period from and including November 16, 2007, or if later, the redemption date, to but excluding November 16, 2009, plus any accrued and unpaid deferred interest, which we refer to as the Redemption Make Whole Amount. The Redemption Make Whole Amount shall be calculated by discounting the amount of such interest, other than any deferred interest, on a semi-annual basis using a discount rate equal to 3.0% plus the arithmetic mean of the yields under the respective headings This Week and Last Week published in the Statistical Release under the caption Treasury Constant Maturities for the maturity (rounded to the nearest month) corresponding to the period from and including the redemption date to but excluding November 16, 2009. If no maturity exactly corresponds to such maturity, yields for the two published maturities most closely corresponding to such maturity shall be calculated pursuant to the immediately preceding sentence and the applicable rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding in each of such relevant periods to the nearest month. For the purpose of calculating the applicable rate, the most recent Statistical Release published prior to the date of determination of the Redemption Make Whole Amount shall be used.

The term Statistical Release shall mean the statistical release designated H.15(519) or any successor publication which is published weekly by the Federal Reserve System and which establishes yields on actively traded U.S. government securities adjusted to constant maturities or, if such statistical release is not published at the time of any determination under the indenture, then such other reasonably comparable index that we will designate.

We may pay the Redemption Make Whole Amount in cash or in shares of our Class A Common Stock, with the number of such shares determined based on the average of the sale prices of our Class A Common Stock over the ten trading days immediately preceding the applicable conversion date. If we elect to pay the Redemption Make Whole Amount in shares of our Class A Common Stock, the number of shares we deliver, together with the shares deliverable upon conversion, shall not exceed 462 per $1,000 original principal amount of Convertible Notes, subject to adjustment in the same manner as the conversion rate as set forth under Conversion Rate Adjustments, and we must deliver cash with respect to the remainder of the Redemption Make Whole Amount, if any.

Make Whole Amount and Public Acquirer Change of Control

If a transaction described in clause (2) of the definition of change of control (as set forth under Fundamental Change Requires Us to Repurchase Convertible Notes at the Option of the Holder) occurs on or prior to November 16, 2009, we must give notice to all record Holders of Convertible Notes and the trustee at least ten trading days prior to the anticipated effective date of such change of control transaction. We must also give notice to all record Holders of Convertible Notes and the trustee that such a transaction has occurred within 15 days after the actual effective date of such change of control transaction. If a Holder elects to convert its Convertible Notes at any time following the date we give notice of the anticipated effective date of such change of control transaction we will increase the applicable conversion rate for the Convertible Notes surrendered for conversion by a number of additional shares of Class A Common Stock (the additional shares), as described below.

Table of Contents

The number of additional shares will be determined by reference to the table below and is based on the date on which such change of control transaction becomes effective (the effective date) and the price (the stock price) paid per share of our Class A Common Stock in such transaction. If the holders of our Class A Common Stock receive only cash in the change of control transaction, the stock price shall be the cash amount paid per share. Otherwise the stock price shall be the average of the sale prices of our Class A Common Stock on the 10 trading days up to but not including the effective date.

The additional shares will be delivered to Holders who elect to convert their Convertible Notes during the period described above on the later of (1) five business days following the effective date and (2) the conversion settlement date for those Convertible Notes.

The stock prices set forth in the first row of the table (i.e., the column headers) will be adjusted as of any date on which the conversion rate of the Convertible Notes is adjusted. The adjusted stock prices will equal the stock prices applicable immediately prior to such adjustment multiplied by a fraction, the numerator of which is the conversion rate immediately prior to the adjustment giving rise to the stock price adjustment and the denominator of which is the conversion rate as so adjusted. Our obligation to deliver the additional shares will be subject to adjustment in the same manner as the conversion rate as set forth under Conversion Rate Adjustments.

The following table sets forth the hypothetical stock price and number of additional shares to be received per $1,000 original principal amount of Convertible Notes.

	Stock Price							
Effective Date	**$2.16**	**$2.25**	**$2.50**	**$3.00**	**$3.50**	**$4.00**	**$4.50**	**$5.00**
November 16, 2006	74.2	66.2	48.5	25.4	12.1	4.1	0.0	0.0
November 16, 2007	95.1	85.5	64.0	36.5	20.9	11.7	6.3	3.0
November 16, 2008	85.6	75.0	52.0	24.5	10.7	3.8	0.8	0.0
November 16, 2009	49.7	31.2	0.0	0.0	0.0	0.0	0.0	0.0

The exact stock price and effective dates may not be set forth on the table, in which case:

1. if the stock price is between two stock price amounts on the table or the effective date is between two dates on the table, the additional premium will be determined by straight-line interpolation between the number of additional shares set forth for the higher and lower stock price amounts and the two dates, as applicable, based on a 365 day year;

2. if the stock price is in excess of $5.00 per share (subject to adjustment), no additional shares will be issued upon conversion; and

3. if the stock price is less than $2.16 per share (the last reported sale price of our Class A Common Stock on the date the Convertible Notes were priced) (subject to adjustment), no additional shares will be issued upon conversion.

Notwithstanding the foregoing, in no event will the total number of shares of Class A Common Stock issuable upon conversion exceed 462 per $1,000 original principal amount of Convertible Notes, subject to adjustment in the same manner as the conversion rate as set forth under Conversion Rate Adjustments.

Our obligation to deliver the additional shares could be considered a penalty, in which case the enforceability thereof would be subject to general principles of reasonableness of economic remedies.

Notwithstanding the foregoing, and in lieu of adjusting the conversion rate as set forth above, in the case of a public acquirer change of control (as defined below) we may elect that, from and after the effective date of such public acquirer change of control, the right to convert a Convertible Note will be changed into a right to convert a Convertible Note into a number of shares of acquirer common stock

Table of Contents

(as defined below). The conversion rate following the effective date of such transaction will be a number of shares of acquirer common stock equal to the product of:

the conversion rate in effect immediately prior to the effective date of such change of control, times

the average of the quotients obtained, for each trading day in the 10 consecutive trading day period commencing on the trading day next succeeding the effective date of such public acquirer change of control (the valuation period), of:

(i) the acquisition value of our Class A Common Stock on each such trading day in the valuation period, divided by

(ii) the closing sale price of the acquirer common stock on each such trading day in the valuation period.

The acquisition value of our Class A Common Stock means, for each trading day in the valuation period, the value of the consideration paid per share of our Class A Common Stock in connection with such public acquirer change of control, as follows:

for any cash, 100% of the face amount of such cash,

for any acquirer common stock or any other securities that are traded on a U.S. national securities exchange, 100% of the closing sale price of such acquirer common stock or other traded securities on each such trading day; and

for any other securities, assets or property, 102% of the fair market value of such security, asset or property on each such trading day, as determined by two independent nationally recognized investment banks selected by the trustee for this purpose.

After the adjustment of the conversion rate in connection with a public acquirer change of control, the conversion rate will be subject to further similar adjustments in the event that any of the events described above occur thereafter.

A public acquirer change of control is any transaction described in clause (2) of the definition of change control below where the acquirer, or any entity that is a direct or indirect beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of more than 50% of the total voting power of all shares of such acquirer s capital stock that are entitled to vote generally in the election of directors has a class of common stock traded on a national securities exchange or which will be so traded or quoted when issued or exchanged in connection with such change of control. We refer to such acquirer s or other entity s class of common stock traded on a national securities exchange or which will be so traded or quoted when issued or exchanged in connection with such fundamental change as the acquirer common stock.

Conversion Rate Adjustments

The initial conversion rate will be adjusted for certain events, including:

(1) the issuance of our Class A Common Stock as a dividend or distribution on our Class A Common Stock, or certain subdivisions and combinations of our Class A Common Stock, in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{OS^1}{OS_0}$$

where,

CR_0	=	the conversion rate in effect at the close of business on the record date
CR^1	=	the conversion rate in effect immediately after the record date
OS_0	=	

the number of shares of our Class A Common Stock outstanding at the close of business on the record date

Table of Contents

OS^1	=	the number of shares of our Class A Common Stock outstanding that would be outstanding immediately after such event

(2) the issuance to all holders of our Class A Common Stock of certain rights or warrants to purchase our Class A Common Stock (or securities convertible into our Class A Common Stock) for a period expiring 45 days or less from the date of issuance of such rights or warrants at less than (or having a conversion price per share less than) the current market price of our Class A Common Stock; provided that the conversion rate will be readjusted to the extent that such rights or warrants are not exercised prior to the expiration, in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{OS_0 + X}{OS_0 + Y}$$

where,

CR_0	=	the conversion rate in effect at the close of business on the record date
CR^1	=	the conversion rate in effect immediately after the record date
OS_0	=	the number of shares of our Class A Common Stock outstanding at the close of business on the record date
X	=	the total number of shares of our Class A Common Stock issuable pursuant to such rights
Y	=	the number of shares of our Class A Common Stock equal to the aggregate price payable to exercise such rights divided by the average of the sale prices of our Class A Common Stock for the ten consecutive trading days prior to the business day immediately preceding the announcement of the issuance of such rights

(3) the dividend or other distribution to all holders of our Class A Common Stock of shares of our capital stock (other than Class A Common Stock) or evidences of our indebtedness or our assets (excluding (A) any dividend, distribution or issuance covered by clause (1) or (2) above and (B) any dividend or distribution paid exclusively in cash), in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{SP_0}{SP_0 - FMV}$$

where,

CR_0	=	the conversion rate in effect at the close of business on the record date
CR^1	=	the conversion rate in effect immediately after the record date
SP_0	=	the current market price
FMV	=	the fair market value (as determined by our board of directors) of the shares of capital stock, evidences of indebtedness, assets or property distributed with respect to each outstanding share of our Class A Common Stock on the record date for such distribution

With respect to an adjustment pursuant to this clause (3) where there has been a payment of a dividend or other distribution on our Class A Common Stock or shares of capital stock of, or similar equity interests in, a subsidiary or other business unit of ours, in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR^0 \times \frac{FMV_0 + MP_0}{MP_0}$$

Table of Contents

where,

CR_0	=	the conversion rate in effect at the close of business on the record date
CR^1	=	the conversion rate in effect immediately after the record date
FMV_0	=	the average of the sale prices of the capital stock or similar equity interest distributed to holders of our Class A Common Stock applicable to one share of our Class A Common Stock over the 10 trading days commencing on and including the fifth trading day after the date on which ex-distribution trading commences for such dividend or distribution on the Nasdaq Global Market or such other national or regional exchange or market on which the securities are then listed or quoted
MP_0	=	the average of the sale prices of our Class A Common Stock over the 10 trading days commencing on and including the fifth trading day after the date on which ex-distribution trading commences for such dividend or distribution on the Nasdaq Global Market or such other national or regional exchange or market on which the securities are then listed or quoted

(4) dividends or other distributions consisting exclusively of cash to all holders of our Class A Common Stock, in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{SP_0}{SP_0 - C}$$

where,

CR_0	=	the conversion rate in effect at the close of business on the record date
CR^1	=	the conversion rate in effect immediately after the record date
SP_0	=	the current market price
C	=	the amount in cash per share we distribute to holders of our Class A Common Stock

(5) we or one or more of our subsidiaries make purchases of our Class A Common Stock pursuant to a tender offer or exchange offer by us or one of our subsidiaries for our Class A Common Stock to the extent that the cash and value of any other consideration included in the payment per share of our Class A Common Stock exceeds the current market price per share of our Class A Common Stock on the trading day next succeeding the last date on which tenders or exchanges may be made pursuant to such tender or exchange offer (the expiration date), in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{FMV + (SP^1 \times OS^1)}{OS_0 \times SP^1}$$

where,

CR_0	=	the conversion rate in effect on the expiration date
CR^1	=	the conversion rate in effect immediately after the expiration date
FMV	=	the fair market value (as determined by our board of directors) of the aggregate value of all cash and any other consideration paid or payable for shares validly tendered or exchanged and not withdrawn as of the expiration date (the purchased shares)
OS^1	=	the number of shares of our Class A Common Stock outstanding immediately after the expiration date less any purchased shares

OS_0	=	the number of shares of our Class A Common Stock outstanding immediately after the expiration date, including any purchased shares
SP^1	=	the sale price of our Class A Common Stock on the trading day next succeeding the expiration date

(6) someone other than us or one of our subsidiaries makes a payment in respect of a tender offer or exchange offer in which, as of the expiration date, our board of directors is not recommending rejection of the offer, in which event the conversion rate will be adjusted based on the following formula:

$$CR^1 = CR_0 \times \frac{FMV + (SP^1 \times OS^1)}{OS_0 \times SP^1}$$

where,

CR_0	=	the conversion rate in effect on the expiration date
CR^1	=	the conversion rate in effect immediately after the expiration date
FMV	=	the fair market value (as determined by our board of directors) of the aggregate consideration payable to our shareholders based on the acceptance (up to any maximum specified in the terms of the tender or exchange offer) of all shares validly tendered or exchanged and not withdrawn as of the expiration date
OS^1	=	the number of shares of our Class A Common Stock outstanding immediately after the expiration date less any purchased shares
OS_0	=	the number of shares of our Class A Common Stock outstanding immediately after the expiration date, including any purchased shares
SP^1	=	the sale price of our Class A Common Stock on the trading day next succeeding the expiration date

The adjustment referred to in this clause (6) will only be made if:

the tender offer or exchange offer is for an amount that increases the offeror s ownership of Class A Common Stock to more than 25% of the total shares of Class A Common Stock outstanding; and

the cash and value of any other consideration included in the payment per share of Class A Common Stock exceeds the sale price of our Class A Common Stock on the trading day next succeeding the last date on which tenders or exchanges may be made pursuant to the tender or exchange offer.

However, the adjustment referred to in this clause (6) will generally not be made if as of the closing of the offer, the offering documents disclose a plan or an intention to cause us to engage in a consolidation or merger or a sale of the consolidated assets of us and our subsidiaries substantially as an entirety.

Current market price of our Class A Common Stock on any day means the average of the sale price of our Class A Common Stock for each of the 10 consecutive trading days ending on the earlier of the day in question and the day before the ex-date with respect to the issuance or distribution requiring such computation. For purposes of this paragraph, ex-date means the first date on which the shares of our Class A Common Stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such issuance or distribution.

Record date means, for purpose of this section, with respect to any dividend, distribution or other transaction or event in which the holders of our Class A Common Stock have the right to receive any cash, securities or other property or in which our Class A Common Stock (or other applicable security) is exchanged for or converted into any combination of cash, securities or other property, the date fixed for determination of holders of our Class A Common Stock entitled to receive such cash, securities or other property (whether such date is fixed by our board of directors or by statute, contract or otherwise).

To the extent that we have a rights plan in effect upon conversion of the Convertible Notes into Class A Common Stock, you will receive, in addition to the Class A Common Stock, the rights under the rights plan, unless prior to any conversion, the rights have separated from the Class A Common Stock, in which case the conversion rate will be adjusted at the time of separation as if we distributed, to all holders of our Class A Common Stock, shares of our capital stock, evidences of indebtedness or assets as

described above, subject to readjustment in the event of the expiration, termination or redemption of such rights.

Except as stated above, the conversion rate will not be adjusted for the issuance of our Class A Common Stock or any securities convertible into or exchangeable for our Class A Common Stock or carrying the right to purchase any of the foregoing.

In the case of any recapitalization, reclassification or change of our Class A Common Stock (other than changes resulting from a subdivision or combination), a consolidation, merger or combination involving us, a sale, lease or other transfer to another corporation of the consolidated assets of ours and our subsidiaries substantially as an entirety, or any statutory share exchange, in each case as a result of which holders of our Class A Common Stock are entitled to receive stock, other securities, other property or assets (including cash or any combination thereof) with respect to or in exchange for our Class A Common Stock, the Holders of the Convertible Notes then outstanding will be entitled thereafter to convert those Convertible Notes into the kind and amount of shares of stock, other securities or other property or assets (including cash or any combination thereof) that they would have owned or been entitled to receive upon such recapitalization, reclassification, change, consolidation, merger, combination, sale, lease, transfer or statutory share exchange had such Convertible Notes been converted into our Class A Common Stock immediately prior to such transaction. We will agree in the indenture not to become a party to any such transaction unless its terms are consistent with the foregoing.

We may from time to time, to the extent permitted by law and subject to applicable rules of The Nasdaq Stock Market, increase the conversion rate of the Convertible Notes by any amount for any period of at least 20 days. In that case we will give at least 15 days notice of such increase. We may make such increases in the conversion rate, to the extent permitted by law and subject to applicable rules of The Nasdaq Stock Market, in addition to those set forth above, as our board of directors deems advisable to avoid or diminish any income tax to holders of our Class A Common Stock resulting from any dividend or distribution of stock (or rights to acquire stock) or from any event treated as such for income tax purposes.

As a result of any adjustment of the conversion rate, the Holders of Convertible Notes may, in certain circumstances, be deemed to have received a distribution subject to U.S. income tax as a dividend. In certain other circumstances, the absence of an adjustment may result in a taxable dividend to the holders of Class A Common Stock. In addition, non-U.S. Holders of Convertible Notes in certain circumstances may be deemed to have received a distribution subject to U.S. federal withholding tax requirements.

Exchange in Lieu of Conversion

Unless we have called the relevant Convertible Notes for redemption, when a Holder surrenders Convertible Notes for conversion, we may direct the conversion agent to surrender, on or prior to the date two business days following the conversion date, such Convertible Notes to a financial institution designated by us for exchange in lieu of conversion. In order to accept any such Convertible Notes, the designated institution must agree to deliver, in exchange for such Convertible Notes, a number of shares of our common stock equal to the applicable conversion rate, or at its option, cash or a combination of cash and shares of our common stock in lieu thereof, calculated based on the average price, plus cash for any fractional shares and any Early Conversion Make Whole Amount.

If the designated institution accepts any such Convertible Notes, it will deliver the appropriate number of shares of our common stock (and cash, if any), or cash in lieu thereof, to the conversion agent and the conversion agent will deliver those shares or cash to the Holder. Such designated institution will also deliver cash equal to any Early Conversion Make Whole Amount we would owe such Holder if we had converted its Convertible Notes. Any Convertible Notes exchanged by the designated institution will remain outstanding. If the designated institution agrees to accept any Convertible Notes for exchange but does not timely deliver the related consideration, we will, as promptly as practical thereafter, but not later than the third business day following (1) the conversion date, or (2) if the designated institution elects to deliver cash or a combination of cash and shares of our common stock, the determination of the average

price, convert the Convertible Notes and deliver shares of our common stock, as described under Conversion Rights General, or, at our option cash in lieu thereof based on the average price, along with any applicable Early Conversion Make Whole Amount.

Our designation of an institution to which the Convertible Notes may be submitted for exchange does not require the institution to accept any Convertible Notes. If the designated institution declines to accept any Convertible Notes surrendered for exchange, we will convert those Convertible Notes into shares of our Class A Common Stock, or cash in lieu thereof, as described under Conversion Rights above. We will not pay any consideration to, or otherwise enter into any arrangement with, the designated institution for or with respect to such designation.

Redemption

We may redeem for cash the Convertible Notes in whole or in part, at a price equal to 100% of the accreted principal amount of such Convertible Notes plus accrued and unpaid interest, deferred interest and liquidated damages, if any, on the Convertible Notes to, but excluding, the redemption date, if the closing price of our Class A Common Stock has exceeded, for at least 20 trading days in any consecutive 30 trading day period, 180% of the conversion price if such 30 trading day period begins prior to November 16, 2007 and 150% if such 30 trading day period begins thereafter. The conversion price as of any day will equal the accreted principal amount of $1,000 original principal amount of Convertible Notes divided by the conversion rate in effect on such day. We are required to give notice of redemption to the trustee and all registered Holders not less than 30 nor more than 60 days prior to the redemption date. We must specify in such notice (1) whether we will deliver shares of our Class A Common Stock, or cash in lieu thereof, upon conversion of any Convertible Notes called for redemption, (2) if we elect to deliver cash, the percentage of the shares otherwise deliverable for which we will pay cash and (3) whether we will deliver cash or shares of our Class A Common Stock upon conversion with respect to the Redemption Make Whole Amount.

Convertible Notes or portions of Convertible Notes called for redemption will be convertible by the Holder until the close of business on the business day prior to the redemption date.

If we decide to redeem fewer than all of the outstanding Convertible Notes, the trustee will select the Convertible Notes to be redeemed (in original principal amounts of $1,000 or integral multiples thereof) by lot, on a pro rata basis or by another method the trustee considers fair and appropriate.

If any Convertible Notes are to be redeemed in part only, we will issue a new Convertible Note or Convertible Notes with a principal amount equal to the unredeemed principal portion thereof. If the trustee selects a portion of your Convertible Note for partial redemption and you convert a portion of the same Convertible Note, the converted portion will be deemed to be from the portion selected for redemption. In the event of any redemption in part, we will not be required to issue, register the transfer of or exchange any certificated Convertible Note during a period of 15 days before the mailing of the redemption notice.

Fundamental Change Requires Us to Repurchase Convertible Notes at the Option of the Holder

If a fundamental change occurs, each Holder of Convertible Notes will have the right to require us to purchase some or all of that Holder s Convertible Notes for cash on a repurchase date that is not less than 20 nor more than 35 business days after the date of our notice of the fundamental change. We will purchase such Convertible Notes at a purchase price equal to 100% of the accreted principal amount of the Convertible Notes to be purchased, plus any accrued and unpaid interest (including deferred interest and liquated damages, if any) to but excluding the fundamental change repurchase date, unless such fundamental change repurchase date falls after a record date and on or prior to the corresponding interest payment date, in which case we will pay the full amount of accrued and unpaid interest (including liquated damages, if any, but excluding any deferred interest) payable on such interest payment date to the Holder of record at the close of business on the corresponding record date.

Within 20 days after the occurrence of a fundamental change, we are required to give notice to all Holders of Convertible Notes, as provided in the indenture, of the occurrence of the fundamental change and of their resulting repurchase right and the fundamental change repurchase date. We must also deliver a copy of our notice to the trustee. To exercise the repurchase right, a Holder of Convertible Notes must deliver, on or before the fundamental change repurchase date specified in our notice, written notice to the trustee of the Holder s exercise of its repurchase right, together with the Convertible Notes with respect to which the right is being exercised. We will promptly pay the repurchase price for Convertible Notes surrendered for repurchase following the fundamental change repurchase date.

You may withdraw any written repurchase notice by delivering a written notice of withdrawal to the paying agent prior to the close of business on the repurchase date. The withdrawal notice must state:

- the original principal amount of the withdrawn Convertible Notes;
- if certificated Convertible Notes have been issued, the certificate number of the withdrawn Convertible Notes (or, if your Convertible Notes are not certificated, your withdrawal notice must comply with appropriate DTC procedures); and
- the original principal amount, if any, that remains subject to the repurchase notice.

Payment of the repurchase price for a Convertible Note for which a repurchase notice has been delivered and not withdrawn is conditioned upon book-entry transfer or delivery of the Convertible Note, together with necessary endorsements, to the paying agent at its corporate trust office in the Borough of Manhattan, The City of New York, or any other office of the paying agent, at any time after delivery of the repurchase notice. Payment of the repurchase price for the Convertible Note will be made promptly following the later of the fundamental change repurchase date and the time of book-entry transfer or delivery of the Convertible Note. If the paying agent holds money sufficient to pay the repurchase price of the Convertible Note, on the repurchase date, then, on and after the business day following the repurchase date:

- the Convertible Note will cease to be outstanding;
- interest will cease to accrue; and
- all other rights of the Holder will terminate, other than the right to receive the repurchase price upon delivery of the Convertible Note.

This will be the case whether or not book-entry transfer of the Convertible Note has been made or the Convertible Note has been delivered to the paying agent.

A fundamental change will be deemed to have occurred upon a change of control or a termination of trading.

A termination of trading will be deemed to have occurred if our Class A Common Stock (or other common stock into which the Convertible Notes are then convertible) is not listed for trading on a U.S. national securities exchange; provided that a termination of trading will not occur so long as our Class A Common Stock is listed for trading on the Nasdaq Small Cap market or quoted bid prices for our Class A Common Stock in the over-the-counter market are reported by Pink Sheets LLC or any similar organization.

A change of control will be deemed to have occurred at such time after the original issuance of the Convertible Notes when the following has occurred:

(1) the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any person or group within the meaning of Section 13(d) of the Exchange Act other than Paul G. Allen and Related Parties, becomes the direct or indirect beneficial owner as defined in Rule 13d-3 under the Exchange Act of more than 35% of the Voting Stock of Charter Communications, Inc., measured by voting power rather than number of shares, unless Mr. Allen and the Related Parties, collectively, beneficially own, directly or indirectly, a

greater percentage of Voting Stock of Charter Communications, Inc., measured by voting power rather than number of shares, than such person; (2) the consummation of any transaction or event (whether by means of a liquidation, share exchange, tender offer, consolidation, recapitalization, reclassification, merger of us or any sale, lease or other transfer of the consolidated assets of ours and our subsidiaries) or a series of related transactions or events pursuant to which our common stock is exchanged for, converted into or constitutes solely the right to receive cash, securities or other property more than 10% of the fair market value of which consists of cash, securities or other property that are not, or upon issuance will not be, traded on any U.S. national securities exchange;

(3) the sale, transfer, conveyance, lease or other disposition (including by way of liquidation or dissolution, but excluding by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Charter Communications, Inc. and its subsidiaries, taken as a whole, to any person or group as defined above;

(4) the purchase by Mr. Allen or any Allen Affiliates in any transaction or series of transactions, of shares of our Class A Common Stock, which results in the aggregate number of shares of Class A Common Stock held by Mr. Allen and any Allen Affiliates exceeding 70% of the total number of shares of Class A Common Stock issued and outstanding (including any shares borrowed pursuant to the share lending agreement) at such time to the extent that the closing price per share of the Class A Common Stock for any five trading days within the period of the ten consecutive trading days immediately after the later of the last date of such purchases or the public announcement of such purchases is less than 100% of the applicable conversion price of the Convertible Notes in effect on each of those trading days; provided that the calculation of the number of shares of Class A Common Stock held by Mr. Allen and any Allen Affiliates will not include any share of our Class A Common Stock acquired by Mr. Allen or any Allen Affiliates as a result of the exchange or conversion of membership units of Charter Holdco or shares of our Class B common stock or any securities exchangeable or convertible into shares of Class A Common Stock or issued in exchange (by merger or otherwise) for shares of a Person that holds units of Charter Holdco.

(5) the adoption of a plan relating to the liquidation or dissolution of Charter Holdco; or

(6) continuing directors (as defined below in this section) cease to constitute at least a majority of our board of directors.

As used in connection with the definition of change of control, the following terms will have the meaning described below:

Allen Affiliate means any person in which Mr. Allen, directly or indirectly, owns at least a 50.1% equity interest, provided that Charter Communications, Inc., Charter Holdco or any of its subsidiaries will not be included in such definition.

Continuing director means a director who either was a member of our board of directors on November 16, 2004 or who becomes a member of our board of directors subsequent to that date and whose appointment, election or nomination for election by our shareholders is duly approved by a majority of the continuing directors on our board of directors at the time of such approval, either by a specific vote or by approval of the proxy statement issued by us on behalf of the board of directors in which such individual is named as nominee for director.

Related Party means:

(i) the spouse or an immediate family member, estate or heir of the Mr. Allen; or

(ii) any trust, corporation, partnership or other entity, the beneficiaries, stockholders, partners, owners or persons beneficially holding an 80% or more controlling interest of which consist of Mr. Allen and/or such other persons referred to in the immediately preceding clause (i) or this clause (ii).

Voting Stock of any person as of any date means the capital stock of such person that is at the time entitled to vote in the election of the board of directors of such person.

The beneficial owner shall be determined in accordance with Rule 13d-3 promulgated by the SEC under the Exchange Act. The term person includes any syndicate or group which would be deemed to be a person under Section 13(d)(3) of the Exchange Act.

The definition of change of control includes a phrase relating to the conveyance, transfer, sale, lease or disposition of our consolidated assets substantially as an entirety. There is no precise, established definition of the phrase substantially as an entirety. under applicable law. Accordingly, your ability to require us to repurchase your Convertible Notes as a result of a conveyance, transfer, sale, lease or other disposition of less than all our assets may be uncertain.

Rule 13e-4 under the Exchange Act, as amended, requires the dissemination of certain information to security holders if an issuer tender offer occurs and may apply if the repurchase option becomes available to Holders of the Convertible Notes. We will comply with this rule to the extent applicable at that time.

We may, to the extent permitted by applicable law, at any time purchase the Convertible Notes in the open market or by tender at any price or by private agreement. Any Convertible Note so purchased by us may, to the extent permitted by applicable law, be reissued or resold or may be surrendered to the trustee for cancellation. Any Convertible Notes surrendered to the trustee may not be reissued or resold and will be canceled promptly.

The foregoing provisions would not necessarily protect Holders of the Convertible Notes if highly leveraged or other transactions involving us occur that may adversely affect Holders.

Our ability to repurchase Convertible Notes upon the occurrence of a fundamental change is subject to important limitations. Our subsidiaries existing credit agreements and indentures contain and any future credit agreements or other agreements relating to our indebtedness may also contain provisions prohibiting repurchase of the Convertible Notes under certain circumstances, or expressly prohibit our repurchase of the Convertible Notes upon a fundamental change or may provide that a fundamental change constitutes an event of default under that agreement. If a fundamental change occurs at a time when we are prohibited from repurchasing Convertible Notes, we could seek the consent of our or our subsidiaries lenders and noteholders to repurchase the Convertible Notes or attempt to refinance this debt. If we do not obtain consent, we would not be permitted to repurchase the Convertible Notes. Our failure to repurchase tendered Convertible Notes would constitute an event of default under the indenture, which might constitute a default under the terms of our other indebtedness.

No Convertible Notes may be purchased by us at the option of the Holders upon a fundamental change if the accreted principal amount of the Convertible Notes has been accelerated, and such acceleration has not been rescinded, on or prior to such date.

The fundamental change purchase feature of the Convertible Notes may in certain circumstances make more difficult or discourage a takeover of our company. The fundamental change repurchase feature, however, is not the result of our knowledge of any specific effort to accumulate shares of our Class A Common Stock, to obtain control of us by means of a merger, tender offer solicitation or otherwise, or by management to adopt a series of anti-takeover provisions. Instead, the fundamental change repurchase feature is a standard term contained in securities similar to the Convertible Notes.

Consolidation, Merger and Sale of Assets

We may, without the consent of the holders of Convertible Notes, consolidate with, merge into or sell, lease or otherwise transfer in one transaction or a series of related transactions the consolidated assets of ours and our subsidiaries substantially as an entirety to any corporation, limited liability company,

partnership or trust organized under the laws of the United States or any of its political subdivisions provided that:

the surviving entity assumes all our obligations under the indenture and the Convertible Notes;

if as a result of such transaction the Convertible Notes become convertible into common stock or other securities issued by a third party that is not the successor under the Convertible Notes and the indenture, such third party fully and unconditionally guarantees all obligations of Charter Communications, Inc. or such successor under the Convertible Notes and the indenture;

at the time of such transaction, no event of default, and no event which, after notice or lapse of time, would become an event of default, shall have happened and be continuing; and

an officers certificate and an opinion of counsel, each stating that the consolidation, merger or transfer complies with the provisions of the indenture, have been delivered to the trustee.

Information Requirement

Until November 22, 2006, during any period in which we are not subject to the reporting requirements of the Exchange Act, to make available to Holders of the Convertible Notes, or beneficial owners of interests therein, or any prospective purchaser of the Convertible Notes, the information required by Rule 144A(d)(4) to be made available in connection with the sale of Convertible Notes or beneficial interests in the Convertible Notes.

Events of Default

Each of the following will constitute an event of default under the indenture:

our failure to pay when due the principal on any of the Convertible Notes at maturity, upon redemption or exercise of a repurchase right or otherwise;

our failure to pay an installment of interest (including liquidated damages, if any) other than any deferred interest on any of the Convertible Notes for 30 days after the date when due; provided that a failure to make any of the first six scheduled interest payments on the original principal amount of the Convertible Notes on the applicable interest payment date will constitute an event of default with no grace or cure period (unless the failure to make such payment results from the failure by the trustee to release the relevant cash amount from the pledge account, provided that such failure is not caused by any act or omission by us);

our failure to deliver shares of our Class A Common Stock, or cash in lieu thereof, when due upon conversion of Convertible Notes, together with cash in respect of any fractional shares and any Early Conversion Make Whole Amount and any Redemption Make Whole Amount, upon conversion of a Convertible Note, and that failure continues for 10 days;

our failure to comply with our obligations described under Covenant when required and such failure continues for five days;

our failure for 30 days after written notice thereof has been given to us by the trustee or to us and the trustee by the Holders of at least 25% in aggregate original principal amount of the Convertible Notes then outstanding to comply with any of the other covenants or agreements in the indenture;

our failure to make any payment under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by us or any of our significant subsidiaries (or the payment of which is guaranteed by us

or any of our significant subsidiaries) whether such indebtedness or guarantee now exists, or is created after the issue date, if that default:

(i) is caused by a failure to pay at final stated maturity the principal amount on such indebtedness prior to the expiration of the grace period provided in such indebtedness on the date of such default (a Payment Default); or

(ii) results in the acceleration of such indebtedness prior to its express maturity, and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates $100 million or more;

our failure to give timely notice of a fundamental change or of the anticipated effective date of a change of control transaction as described under Conversion Rights Make Whole Amount and Public Acquirer Change of Control ; and

certain events of our bankruptcy, insolvency or reorganization or any significant subsidiary of ours.

Significant subsidiary has the meaning set forth in clauses (1) and (2) of the definition thereof in Regulation S-X under the Securities Act.

If an event of default specified in the eighth bullet point above occurs and is continuing, then the principal of all the Convertible Notes and the interest thereon shall automatically become immediately due and payable. If an event of default shall occur and be continuing, other than an event of default specified in the eighth bullet point above, the trustee or the Holders of at least 25% in aggregate original principal amount of the Convertible Notes then outstanding may declare the Convertible Notes due and payable at their accreted principal amount together with accrued and unpaid interest (including deferred interest and liquidated damages, if any), and thereupon the trustee may, at its discretion, proceed to protect and enforce the rights of the Holders of Convertible Notes by appropriate judicial proceedings. Such declaration may be rescinded and annulled with the written consent of the Holders of a majority in aggregate original principal amount of the Convertible Notes then outstanding, subject to the provisions of the indenture.

The Holders of a majority in aggregate original principal amount of Convertible Notes at the time outstanding through their written consent, or the Holders of a majority in aggregate original principal amount of Convertible Notes then outstanding represented at a meeting at which a quorum is present by a written resolution, may waive any existing default or event of default and its consequences except any default or event of default:

in any payment on the Convertible Notes;

in respect of the failure to convert the Convertible Notes; or

in respect of the covenants or provisions in the indenture that may not be modified or amended without the consent of the Holder of each Convertible Note affected as described in Modification, Waiver and Meetings below.

Holders of a majority in aggregate original principal amount of the Convertible Notes then outstanding through their written consent, or the Holders of a majority in aggregate original principal amount of the Convertible Notes then outstanding represented at a meeting at which a quorum is present by a written resolution, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred upon the trustee, subject to the provisions of the indenture. The indenture contains a provision entitling the trustee, subject to the duty of the trustee during a default to act with the required standard of care, to be indemnified by the Holders of Convertible Notes before proceeding to exercise any right or power under the indenture at the request of such Holders. The rights of Holders of the Convertible Notes to pursue remedies with respect to the indenture and the Convertible Notes are subject to a number of additional requirements set forth in the indenture.

The indenture provides that the trustee shall, within 90 days of the occurrence of a default, give to the registered Holders of the Convertible Notes notice of all uncured defaults known to it, but the trustee shall be protected in withholding such notice if it, in good faith, determines that the withholding of such notice is in the best interest of such registered Holders, except in the case of a default in the payment of the principal of, or premium, if any, or interest on, any of the Convertible Notes when due or in the payment of any conversion, redemption or repurchase obligation.

We are required to furnish annually to the trustee a statement as to the fulfillment of our obligations under the indenture. In addition, we are required to file with the trustee a written notice of the occurrence of any default or event of default within five business days of our becoming aware of the occurrence of any default or event of default.

Modification, Waiver and Meetings

The indenture contains provisions for convening meetings of the Holders of Convertible Notes to consider matters affecting their interests.

The indenture (including the terms and conditions of the Convertible Notes) may be modified or amended by us and the trustee, without the consent of the Holder of any Convertible Note, for the purposes of, among other things:

- adding to our covenants for the benefit of the Holders of Convertible Notes;
