On September 4, 2006, Veritas DGC Inc., a Delaware corporation (Veritas), and Compagnie Générale de Géophysique, a French société anonyme (CGG), entered into an Agreement and Plan of Merger, dated as of September 4, 2006 (the Merger Agreement), by and among Veritas, CGG, Volnay Acquisition Co. I, a Delaware corporation and wholly owned subsidiary of CGG (Merger Sub I), and Volnay Acquisition Co. II, a Delaware corporation and wholly owned subsidiary of CGG (Merger Sub II), under which CGG has agreed to acquire all of the issued and outstanding shares of common stock, par value \$0.01 per share, of Veritas (Veritas Common Stock). Under the terms of the Merger Agreement, which was approved by the Boards of Directors of both Veritas and CGG, Merger Sub I will merge with and into Veritas with Veritas continuing as the surviving corporation, and immediately thereafter, Veritas will merge with and into Merger Sub II with Merger Sub II continuing as the surviving corporation as a wholly owned subsidiary of CGG.

Total consideration for Veritas Common Stock is fixed at approximately \$1.5 billion in cash and approximately 47 million American Depository Shares (the ADSs) of CGG, with each ADS representing one-fifth of an ordinary share, nominal value 2.00 per share, of CGG (each a CGG Ordinary Share). Under the terms of the Merger Agreement, stockholders of Veritas will have the right to elect to receive cash or ADSs, subject to a proration if either cash or stock is oversubscribed. The per share consideration is initially set at \$75.00 in cash or 2.2501 ADSs and is subject to adjustment upwards or downwards so that each share of Veritas Common Stock receives consideration representing equal value. This adjustment, however, will not increase or decrease the total amount of cash or the total number of ADSs to be issued in the transaction. The stockholders of Veritas will receive, in the aggregate, consideration comprised of approximately 51% ADSs and 49% cash.

Consummation of the transactions contemplated by the Merger Agreement is conditioned upon, among other things, (1) approval by the stockholders of Veritas and CGG, (2) the receipt of all required regulatory approvals and (3) the effectiveness of the registration statement on Form F-4 and the registration statement on Form F-6 relating to the ADSs to be issued in the merger. In the event of a termination of the Merger Agreement under certain circumstances, Veritas or CGG may be required to pay the other party certain termination fees as set forth in the Merger Agreement.

The foregoing description of the Merger Agreement is qualified in its entirety by reference to the full text of the Merger Agreement, which is attached to this report as Exhibit 2.1 and incorporated herein by reference. The Merger Agreement is filed herewith to provide investors with information regarding its terms. It is not intended to provide any other factual information about CGG or Veritas. In particular, the assertions embodied in the representations and warranties contained in the Merger Agreement are qualified by information in confidential disclosure schedules provided by CGG and Veritas to each other in connection with the signing of the Merger Agreement. These disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the Merger Agreement. Moreover, certain representations and warranties in the Merger Agreement were used for the purpose of allocating risk between CGG and Veritas rather than establishing matters as facts. Accordingly, you should not rely on the representations and warranties in the Merger Agreement as characterizations of the actual state of facts about CGG or Veritas.

On September 5, 2006, CGG and Veritas issued a joint press release announcing their entry into the Merger Agreement, which is attached as Exhibit 99.1 hereto, and is incorporated into this report by reference.

CAUTIONARY LANGUAGE REGARDING FORWARD LOOKING STATEMENTS

This document contains or incorporates by reference statements regarding the proposed transaction between Veritas and CGG, and may contain or incorporate by reference statements regarding the expected timetable for completing the transaction, future financial and operating results, benefits and synergies of the proposed transaction and other statements about CGG's management's future expectations, beliefs, goals, plans or prospects that are based on current expectations and estimates about Veritas and CGG and the combined group, as well as Veritas' and CGG's and the combined group's future performance and the industries in which Veritas and CGG operate and the combined group will operate, in addition to management's assumptions. Words such as expects, anticipates, targets, goals, projects, intends, plans, believes, seeks, estimates, variations of such words and similar expressions are intended to identify such forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act, which are not statements of historical facts. These forward-looking statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to assess. Therefore, actual outcomes and results may differ materially from what is expressed or forecast in such forward-looking statements. These risks and uncertainties are based upon a number of important factors including, among others: the ability to consummate the proposed transaction; the failure of CGG shareholders to approve the issuance of CGG common shares for the merger or the failure of Veritas shareholders to adopt the merger agreement; difficulties and delays in obtaining regulatory approvals for the proposed transaction; the risks that synergies and cost savings from the merger may not be fully realized or take longer to realize than expected; potential difficulties in meeting conditions set forth in the merger agreement; changes in international economic and political conditions, and in particular in oil and gas prices; our ability to reduce costs; our ability to finance the cash portion of the merger consideration and our operations on acceptable terms; the timely development and acceptance of our new products and services; the effects of competition; political, legal and other developments in foreign countries; the timing and extent of changes in exchange rates for non-U.S. currencies and interest rates; the accuracy of our assessment of risks related to acquisitions, projects and contracts, and whether these risks materialize; our ability to integrate successfully the businesses or assets we acquire; our ability to sell our seismic data library; and our ability to access the debt and equity markets during the periods covered by the forward-looking statements, which will depend on general market conditions and on our credit ratings for our debt obligations.

Additional factors that may affect future results are contained in CGG's and Veritas' filings with the U.S. Securities and Exchange Commission (the SEC) and similar filings by Veritas with Canadian securities regulators. Except to the extent required under applicable laws and the rules and regulations of applicable securities regulators (including the SEC), neither CGG nor Veritas is under any obligation, and each expressly disclaims any obligation, to update, alter or otherwise revise any forward-looking statements, whether as a result of new information, future events, developments, changes in assumptions or otherwise.

IMPORTANT ADDITIONAL INFORMATION WILL BE FILED WITH THE SEC AND SECURITIES REGULATORS IN CANADA AND SUBMITTED TO THE APPROVAL OF THE AMF
