Item 1.01 Entry into a Material Definitive Agreement

On January 29, 2008, Sirius Laboratories, Inc. (Sirius), a wholly-owned subsidiary of DUSA Pharmaceuticals, Inc. (DUSA), entered into the 2006 Micanol Transition License Agreement (the Transition License Agreement) with Winston Laboratories, Inc. (Winston). The Transition License Agreement amends the original 2006 Micanol License Agreement, dated as of January 30, 2006, between Sirius and Winston, which DUSA has previously filed, related to DUSA s Psoriatec® product. The original 2006 Micanol License Agreement was due to expire pursuant to its terms on January 31, 2008. The parties entered into the Transition License Agreement to extend the term of the 2006 Micanol License Agreement to September 30, 2008, to reduce the period of time that Sirius is required to maintain product liability insurance with respect to its distribution and sale of the Product (as defined in the 2006 Micanol License Agreement) after the termination of the Transition License Agreement and to confirm the allocation of certain costs and expenses relating to the product during and after the transition period.

The foregoing is a summary of the material terms of the Transition License Agreement and is qualified by reference to the Transition License Agreement attached here to as Exhibit 10.1 and incorporated herein by reference.

Except for historical information, this report contains certain forward-looking statements that involve known and unknown risk and uncertainties, which may cause actual results to differ materially from any future results, performance or achievements expressed or implied by the statements made. These forward-looking statements relate to the risks relating to the expected term of the agreement. These forward-looking statements are further qualified by important factors that could cause actual results to differ materially from those in the forward-looking statements. These factors include, without limitation penetration of the market by Psoriatec, reliance on third parties to manufacture Psoriatec, and any liabilities assumed by DUSA related thereto and the other risks identified in DUSA s SEC filings from time to time.
