Annual Meeting of Shareholders
April 13, 2011
Proxy Statement
SOLICITATION OF PROXIES

This Proxy Statement and the enclosed proxy are being furnished to holders of common stock, no par value, of Universal Forest Products, Inc. (the Company). Our Board of Directors (the Board) is soliciting proxies for use at our Annual Meeting of Shareholders to be held on April 13, 2011, and at any adjournment of that meeting, at our Technology and Training Building, 2880 East Beltline Lane NE, Grand Rapids, MI 49525, at 8:30 a.m. local time. Registration for the meeting begins at 8:00 a.m.

VOTING AT THE MEETING

If the enclosed Proxy is properly signed and returned, the shares represented by the proxy will be voted at our Annual Meeting of Shareholders and at any adjournment of the meeting. If a shareholder specifies a choice, the proxy will be voted as specified. If no choice is specified, the shares represented by the proxy will be voted for the election of all nominees named in the Proxy Statement, for the ratification of the appointment of our independent registered public accounting firm, for approval of our executive compensation, for the approval of an advisory vote every three years on executive compensation, and in accordance with the judgment of the persons named as proxies with respect to any other matter which may come before the meeting.

This year, in accordance with the rules promulgated by the Securities and Exchange Commission, we have elected to use the Internet as our primary means of providing our proxy materials to our shareholders. Unless requested, shareholders will not receive paper copies of our proxy materials. Instead, we will mail to our shareholders a Notice of Internet Availability of Proxy Materials with instructions for accessing our proxy materials and for voting via the Internet or telephone. The Notice of Internet Availability of Proxy Materials will also provide information on how shareholders may obtain paper copies of proxy materials free of charge, if they so choose.

Returning your completed proxy will not prevent you from voting in person at our Annual Meeting of Shareholders, if you wish to do so. In addition, you may revoke your proxy at any time before it is voted, by written notice to our secretary prior to our Annual Meeting of Shareholders, by submission of a later-dated proxy, or by the withdrawal of your proxy and voting in person at our Annual Meeting of Shareholders.

Table of Contents

The cost of the solicitation of proxies will be paid by our Company. In addition to the use of the United States Postal Service, proxies may be solicited personally, by telephone, by facsimile, or by electronic mail by our employees who will not receive additional compensation for soliciting proxies. We do not intend to pay any compensation for the solicitation of proxies, except that we will reimburse brokers, nominees, custodians, and other fiduciaries for their expenses in connection with sending materials to beneficial owners and obtaining their proxies.

VOTING SECURITIES

Holders of record of common stock at the close of business on February 15, 2011, will be entitled to vote at our Annual Meeting of Shareholders. As of February 15, 2011, there were 19,516,826 shares of common stock outstanding. The presence in person or by proxy of at least 51% of such shares constitutes a quorum. A shareholder is entitled to one vote for each share of common stock registered in the shareholder's name at the close of business on February 15, 2011. Under Michigan law, abstentions are treated as present and entitled to vote and therefore have the effect of a vote against the matter. A broker non-vote on a matter is considered not entitled to vote on that matter and, therefore, is not counted in determining whether a matter requiring approval of a majority of the shares present and entitled to vote has been approved. A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from that shareholder and the broker does not have the discretionary voting power for the particular item upon which the vote is taken. Votes cast at the meeting or submitted by proxy will be counted by inspectors of the meeting appointed by our Company. There is no right to cumulative voting on any matter.

ELECTION OF DIRECTORS

Our Board presently consists of ten members. These members are divided into three classes, as equal in number as possible, with the classes to hold office for staggered terms of three years each. Our Board has nominated incumbent directors John W. Garside, Gary F. Goode, and Mark A. Murray to three-year terms expiring at our 2014 Annual Meeting of Shareholders.

The persons named as proxy holders in the accompanying proxy will vote for the above-named nominees, unless a shareholder directs them differently on a proxy card. If a nominee is not available for election as a director at the time of the Annual Meeting of Shareholders (a situation which is not now anticipated), the Board may designate a substitute nominee, and the accompanying proxy will be voted for the substituted nominee.

Table of Contents

A vote of the shareholders holding a plurality of the shares present in person or represented by proxy is required to elect directors. Accordingly, the three individuals who receive the greatest number of votes cast at the meeting will be elected as directors.

The Board of Directors recommends a vote FOR the election of each person nominated by the Board.

The following table provides certain biographical information for each person who is nominated for election as a director at our Annual Meeting of Shareholders and for each person who is continuing as an incumbent director.

CORPORATE GOVERNANCE AND BOARD MATTERS

Our Board is committed to sound and effective corporate governance practices. To assist in these practices, the Board has appointed three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, and the Personnel and Compensation Committee. Each of these committees has a written charter, the current versions of which are available for review on our website at www.ufpi.com under the tab Investor Relations.

Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers

We have adopted a Code of Business Conduct and Ethics that applies to our employees, officers, and directors. We have also adopted a Code of Ethics for Senior Financial Officers. Each Code is posted on our website, and any changes or waiver to either Code will be disclosed on our website at www.ufpi.com under the tab Investor Relations.

Affirmative Determination Regarding Director Independence and Other Matters

Our Board has determined each of the following directors to be an independent director, as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers (the NASD): Dan M. Dutton, John M. Engler, John W. Garside, Gary F. Goode, Bruce A. Merino, Mark A. Murray, William R. Payne, and Louis A. Smith. There are no family relationships between or among the directors and our executive officers.

To assist our Board, the Nominating and Corporate Governance Committee reviewed the applicable legal standards for director and Board committee independence, as well as the criteria applied to determine audit committee financial expert status and the answers to annual questionnaires completed by each of the directors. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board, and the Board made its independence and audit committee financial expert determinations based upon that report and each member's review of the information made available to the Nominating and Corporate Governance Committee.

The effectiveness of each of our directors is monitored through the use of an annual assessment. The Board does not have a mandatory retirement age policy. We believe

Table of Contents

that the ability of a Board member to add value to our Company is not dependent on age; rather, it is based on the director's actual performance. As a result, we expect that some directors will not serve until a typical retirement age, while others may serve longer.

Committees

Audit Committee. Each member of the Audit Committee is independent, as that term is defined by Rule 4200(a)(15) of the Nasdaq Listing Standards as well as the applicable rules of the Securities Exchange Commission for audit committee membership. Our Board has determined that Mr. Goode and Mr. Murray each qualify as an audit committee financial expert, as defined in Item 407(d) of Regulation S-K of the Securities Exchange Act of 1934 (the Exchange Act). The full responsibilities of the Audit Committee are set forth in the Audit Committee Charter. In general, the primary purpose of this Committee is to assist the Board in overseeing management's conduct of our financial reporting processes and system of internal controls regarding finance, accounting, legal compliance, and ethics. During 2010, the Audit Committee held five meetings.

Personnel and Compensation Committee. Each member of this Committee is independent, as that term is defined by the Nasdaq Listing Standards. The Committee is responsible for reviewing and recommending to the Board the timing and amount of compensation for key employees, including salaries, bonuses, and other benefits, as well as director compensation. This Committee is also responsible for administering our stock option and other equity-based incentive plans, and reviewing compensation plans and awards as they relate to key employees. The Committee has the authority to retain consultants and third-party advisors for assistance and has done so at its discretion. The Committee has the ultimate authority to determine matters of executive compensation; however, it may rely upon recommendations by our Chief Executive Officer for matters of compensation for officers and Named Executives, other than the Chief Executive Officer. Additional information on the Committee's role and practices involving executive compensation is described in the Compensation Discussion and Analysis in this Proxy Statement. The full responsibilities of the Personnel and Compensation Committee are set forth in its Charter. During 2010, the Personnel and Compensation Committee held three meetings.

Nominating and Corporate Governance Committee. Each member of the Nominating and Corporate Governance Committee is independent, as that term is defined by the Nasdaq Listing Standards. The Nominating and Corporate Governance Committee considers and proposes director nominees for election at the Annual Meeting of Shareholders, selects candidates to fill Board vacancies as they may occur, makes recommendations to the Board regarding Board committee memberships, reviews the Chief Executive Officer succession planning, generally monitors our corporate governance system, and performs any other functions or duties deemed appropriate by the Board. The full responsibilities of the Nominating and Corporate Governance Committee are set forth in its Charter. During 2010, the Nominating and Corporate Governance Committee held two meetings.

Shareholder Nominees for Director. Our Articles of Incorporation contain certain procedural requirements applicable to shareholder nominations of directors. A shareholder who wishes to nominate a person to serve as a director must provide us with written notice. The notice must include: (1) the name and address of both the shareholder who intends to

Table of Contents

make the nomination and the person or persons nominated; (2) a representation that the shareholder is a current holder of record, will continue to hold those shares through the date of the meeting, and intends to appear in person or by proxy at the meeting; (3) a description of all arrangements between the shareholder and each nominee; (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulation 14A of the Exchange Act had the nominee been nominated by the Board; and (5) the consent of each nominee to serve as director. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Nominating and Corporate Governance Committee to make proper assessments as to his or her qualifications. Nominations must be addressed to the Chairman of the Nominating and Corporate Governance Committee at our headquarters, and must be received no fewer than 60 days but not more than 90 days prior to our Annual Meeting of Shareholders. The Nominating and Corporate Governance Committee may also make its own search for potential candidates that may include candidates identified by a variety of means as deemed appropriate by the Committee.

Director Qualifications and Requirements. The Nominating and Corporate Governance Committee has not yet established specific minimum age, education, years of business experience, or specific types of skills for director nominees, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. The Committee requires that each member of our Board have the highest professional ethics, integrity, and values, and will consistently exercise sound and objective business judgment. In addition, it is anticipated that our Board, as a whole, will have individuals with significant, appropriate senior management and leadership experience, a comfort with technology, a long-term, strategic and global perspective, and the ability to advance constructive debate. It is important for our Board, as a whole, to operate in an atmosphere in which the chemistry among the individuals is healthy and promotes the aforementioned criteria.

Our Board believes that shareholders' best interests are served by Board members who provide sound business advice to management and who adhere to the principles and values on which the business was founded and operates. Among the most important of these core principles are perpetuating a culture of innovation, timely decisions, personal responsibility and accountability, and rewarding employees for their success. Board members who have independent business knowledge, understand how to manage and motivate people, provide complementary skills to other Board members, and who can work effectively and productively with other Board members are critical to success. Our Board also considers diversity in its identification of director candidates. Diversity in business and professional experience, education, and background benefits our Company by increasing the range of skills and perspectives available to our Board. Director nominees are selected without regard to race, gender, religious belief, or national origin. Our Board believes that adherence to these principles will provide an environment and practices that will yield the best return for our Company's shareholders.

Upon receipt of a shareholder proposal for a candidate, the Chairman of the Nominating and Corporate Governance Committee will assess the Board's needs. He will determine whether there is a current or pending vacancy or a possible need to add or replace a

Table of Contents

director, and, if appropriate, will develop a director profile by comparing the current state of Board characteristics with the desired state and the proposed candidate's qualifications. The profile and the candidate's submitted information then will be provided to the Chairman of the Board and Chief Executive Officer for discussion. Following this discussion, the profile and the candidate's materials will be forwarded to all Nominating and Corporate Governance Committee members, and consideration of the candidate will be added as an agenda item for the next Committee meeting.

Similarly, if at any time the Nominating and Corporate Governance Committee or the Board determines there is a need to add or replace a director, the Nominating and Corporate Governance Committee or the Board will develop a director profile by comparing the current state of Board characteristics with the desired state. The profile and the candidate's submitted information then will be provided to the Chairman of the Board and Chief Executive Officer for discussion. If no candidates are apparent from any source, the Committee will determine the appropriate method to conduct a search.

The Committee has, to date, not paid any third-party fees to assist in identifying and evaluating nominees. The Committee has not received any recommended nominations from any of our shareholders in connection with our 2011 Annual Meeting of Shareholders. Each nominee standing for election as a director at our 2011 Annual Meeting of Shareholders is an incumbent director.

Communications with the Board

Generally, shareholders who have questions or concerns regarding our Company should contact our Investor Relations Department at 800-598-9663. However, any shareholder who wishes to address questions regarding the business or affairs of our Company directly with the Board or any individual director, should direct his or her questions in writing to the Secretary of the Board at 2801 East Beltline NE, Grand Rapids, MI 49525. The Secretary has been directed to promptly forward all communications to the full Board or the specific director indicated in the letter.

Meeting Attendance

Each director is expected to make a reasonable effort to attend all meetings of our Board, applicable committee meetings, and the Annual Meeting of Shareholders. All of our directors attended our 2010 Annual Meeting of Shareholders. During the last fiscal year, there were four regular meetings of the Board and one meeting via conference telephone call, and the Board took action by unanimous written consent on seven occasions. Each director attended at least 75% of the Board and Committee meetings for which they were eligible to attend. During fiscal 2010, the independent members of our Board met in executive session, without the presence of management, on four occasions.

Table of Contents

Leadership Structure and the Board's Role in Risk Oversight

William G. Currie, our current chairman, was formerly our Company's chief executive officer and currently does not qualify as an independent director. Because our Board regularly holds sessions of its meetings that are exclusively attended by independent directors, the independent members of our Board determined that Dan M. Dutton would be named Lead Director. His role is to chair the meetings of independent directors, to communicate actions requested by the independent directors, and to serve as a liaison between the independent directors and the Chief Executive Officer. We also believe that the governance of our Board, as currently constituted, is more effective by separating the offices of Chairman of the Board and our Chief Executive Officer.

Our Board of Directors, through its three committees, has an advisory role in risk oversight for our Company. Company management maintains primary responsibility for the risk management of our Company. The current trends toward increased regulation, litigation, and political volatility make it extremely difficult to predict the type and magnitude of risks facing our Company. In spite of this unpredictability, our Board relies on the representations of management, the external audit of the financial information, our Company's systems of internal controls, our Company's insurance advisors, and the historically conservative practices of our Company to provide comfort on our Company's ability to manage its risks. Management's discussion of current risk factors are set forth in our Company's Annual Report on Form 10-K.

RATIFICATION OF ERNST & YOUNG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2011

The Audit Committee has selected Ernst & Young LLP (E&Y) as our independent registered public accounting firm for the fiscal year ending December 31, 2011. The services provided to our Company and our shareholders by E&Y for 2010 are described below under the caption Independent Registered Public Accounting Firm Disclosure of Fees. We are asking our shareholders to ratify the selection of E&Y as our independent registered public accounting firm. Although ratification is not legally required, the Board is submitting the selection of E&Y to our shareholders for ratification as a matter of good corporate governance. Representatives of E&Y are expected to be present at the Annual Meeting of Shareholders to respond to appropriate questions and to make such statements as they may desire. The affirmative vote of the holders of the majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval. Broker non-votes will not be treated as votes cast in this matter; shares voted as abstentions will be counted as votes cast and therefore will have the effect of a negative vote.

If our shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee,

Table of Contents

at its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of our Company and our shareholders.

The Board of Directors recommends a vote for this proposal to ratify the appointment of E&Y as our Company's independent registered public accounting firm for fiscal 2011.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM DISCLOSURE OF FEES

E&Y served as our independent registered public accounting firm for the fiscal years ended December 26, 2009 and December 25, 2010. The following sets forth the fees we paid to E&Y for the last two fiscal years, all of which were pre-approved by the Audit Committee.

	2010	2009
Audit Fees	\$ 425,000	\$ 425,000
Audit Related Fees ⁽¹⁾	0	5,000
Tax Fees ⁽²⁾	146,499	181,202
All Other Fees	0	0

(1) Consists primarily of financial statement audits of employee benefit plans.

(2) Consists primarily of U.S. federal, state, and local tax consulting and compliance advice along with tax advice and assistance regarding statutory, regulatory, or administrative developments in the United States, Canada, or Mexico, including a federal research and development tax credit study.

Audit Committee Pre-Approval Policy. The Audit Committee has established a pre-approval policy and procedures for audit, audit-related, and tax services that can be performed by our independent registered public accounting firm. The policy sets out the specific services that must be pre-approved by the Audit Committee, and places limitations on the scope of these services while ensuring that the independence of the auditors to audit our financial statements is not impaired. The policy prohibits us from retaining E&Y for services which are proscribed by rules of the Securities and Exchange Commission. In addition, the policy requires disclosure of non-audit services performed by our auditors. The pre-approval policy does not include a delegation of the Audit Committee's responsibilities and authority under the policy.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Recently enacted federal legislation (Section 15A of the Exchange Act) requires that we include in this Proxy Statement a non-binding shareholder vote on our executive compensation, as described in this Proxy Statement (commonly referred to as Say-on-Pay), and a non-binding shareholder vote to advise on whether the Say-on-Pay vote should occur every one, two, or three years.

We seek your advisory vote on our executive compensation programs. We ask that you support the compensation of our Named Executives, as disclosed in the Compensation Discussion and Analysis section and the accompanying tables contained in this Proxy Statement. Because your vote is advisory, it will not be binding on our Board. However, our Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Our Company has had a long-standing tradition of delivering performance results for our shareholders, customers, and the community. Because compensation of our executives has been closely linked to Company performance, our executive compensation programs have played a major role in our ability to drive strong financial results and attract and retain a highly experienced, successful team to manage our Company. Even with the dramatic financial downturn in the global economy, our Company has remained profitable.

We believe our executive compensation programs are structured in the best manner possible to support our Company and our business objectives, as well as to support our culture and traditions that have been around for over 55 years.

Our compensation programs are substantially tied into our key business objectives and the success of our shareholders. If the value we deliver to our shareholders declines, so does the compensation we deliver to our executives.

We closely monitor the compensation programs and pay levels of executives from companies of similar size and complexity, so that we may ensure our compensation programs are within the norm of a range of market practices.

Our Committees, Chairman, and Chief Executive Officer engage in a talent review process annually to address succession and executive development for our Chief Executive Officer and other key executives.

Accordingly, our Board of Directors recommends that you vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion, is hereby APPROVED.

The Board of Directors recommends a vote for this proposal.

**ADVISORY VOTE ON THE FREQUENCY OF SHAREHOLDER VOTES ON EXECUTIVE
COMPENSATION**

As mentioned above, recently enacted legislation requires that we include in this Proxy Statement a separate non-binding shareholder vote to advise on whether the Say-on-Pay vote should occur every one, two, or three years. We would like your input on whether the advisory vote should occur every three years, every two years, or every year. Our Company asks that you support a frequency period of every three years (a triennial vote) for future non-binding shareholder votes on compensation of our Named Executives.

We believe that setting a three year period for holding this shareholder vote will provide a clear, simple means for our Company to obtain information on investor sentiment about our executive compensation philosophy. An advisory vote every three years will be the most effective timeframe for our Company to respond to shareholder feedback and provide our Company with sufficient time to engage with shareholders to understand and respond to the vote results. Our executive compensation programs are based on our long-term business strategy, which is more appropriately reflected with a three year timeframe.

For the reasons stated above, our Board of Directors recommends that you vote to hold an advisory vote on executive compensation every three years. Your vote, however, is not to approve or disapprove the Board's recommendation. When voting on this agenda item, you have four choices: you may elect that we hold an advisory vote on executive compensation every year, every two years, every three years, or you may abstain from voting. **IF NO CHOICE IS SPECIFIED, THE SHARES REPRESENTED BY YOUR PROXY WILL BE VOTED IN FAVOR OF MANAGEMENT'S RECOMMENDATION THAT THE VOTE BE CONDUCTED EVERY THIRD YEAR.** As an advisory vote, the vote on this proposal is not binding upon us, and the Personnel and Compensation Committee and our Board of Directors may decide that it is in the best interest of our shareholders and our Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our shareholders. However, the Personnel and Compensation Committee and the Board will consider the outcome of the vote when making future decisions on executive compensation.

The Board of Directors recommends that you vote to hold an advisory vote on executive compensation every three years.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Our executive compensation program has been designed to motivate, reward, attract, and retain the management deemed essential to ensure our Company's success. We believe our employees are our most important asset. The program seeks to align executive compensation with Company objectives, business strategy, and financial performance. In applying these principles, we seek to:

Support an environment that rewards performance for achievement of Company goals;

Attract and retain key executives critical to the long-term success of our Company; and

Align the interests of executives with the long-term interests of shareholders through stock ownership initiatives and requirements.

We believe the compensation of our executives should reflect the performance of the business units in which they are involved. We further believe the performance of our executives in managing our Company, considered in light of general economic and specific Company, industry, and competitive conditions, should be the basis for determining their overall compensation.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward overall financial performance and each person's individual contribution to our Company. In measuring an individual's contribution to our Company, the Personnel and Compensation Committee (the Committee) considers numerous factors, including the individual's contribution to Company performance, individual performance relative to pre-established Company goals, and general economic conditions in the markets we serve. Stock price performance has not been a factor in determining annual compensation because we believe the price of our common stock is subject to a variety of factors outside our control.

Compensation Program Components

The Committee has responsibility for establishing, implementing, and monitoring adherence to our compensation philosophy and established programs. The Committee seeks to

Table of Contents

ensure that the total compensation paid to our executives is fair, reasonable, and competitive.

The principal components of our executive compensation consist of (a) base salary, (b) annual performance incentives (generally paid under our Performance Bonus Plan), and (c) long-term incentive compensation (generally payable in the form of equity-based compensation awards). Base salaries are set for our executive officers at the Committee's January meeting. At this meeting, the Chief Executive Officer makes compensation recommendations to the Committee with respect to our executive officers. The Committee may accept or adjust such recommendations; it makes the sole determination of the compensation for our Chief Executive Officer.

Base Salaries. Historically, we have provided modest base salaries and have created opportunities for significant performance-based incentive compensation. The Committee has complete discretion in determining base salary amounts (including the grant and amount of any annual discretionary incentive payments or stock or option awards), regardless of whether corporate or individual performance goals are achieved.

The Committee may, but is not required to, use objective and subjective measures in exercising its discretion in setting base salaries. Although the Committee does not use the data to set salaries, the Committee has reviewed the compensation information of our peer group companies. Our current peer group companies are: BlueLinx Holdings Inc., Builders First Source, and Louisiana Pacific Corp.

The Committee also has access to publicly available compensation information from other publicly held companies to make informed decisions regarding pay and benefit practices, including base salaries. However, this information is not used to set salaries for our Named Executives. Surveys prepared by management are also used to periodically ensure that our Company is maintaining its labor market competitiveness. The Committee presently does not engage any consultant for executive and/or director compensation matters. Historically, our Company has utilized third-party data on compensation practices and base pay scales solely for purposes of clarifying that our Company's base compensation is generally competitive. To date, the Committee has not used that information for purposes of either establishing base salaries or ultimately justifying the eventual establishment of base salaries.

The Committee approved salary increases to the Named Executives, identified in the Summary Compensation Table, as follows:

Named Executive	Effective Date	New Salary	% Increase
Michael B. Glenn	February 1, 2011	\$607,000	2.2%
Michael R. Cole	February 1, 2011	\$293,000	3.0%
Patrick M. Webster	February 1, 2011	\$364,000	4.0%
C. Scott Greene	February 1, 2011	\$345,000	1.5%
Robert W. Lees	February 1, 2011	\$273,000	3.0%

Annual Incentive Compensation. Our Company's Performance Bonus Plan provides for the contribution of a fixed percentage of pre-bonus operating profit to each of a number of bonus pools, based upon the pre-bonus Return on Investment (ROI) of each plant, region, and division (each of which is referred to as a Business Unit), as well as a separate Corporate Business Unit bonus pool. Combined, these bonus pools comprise our Company's aggregate bonus awards.

ROI is determined based upon the Business Unit's pre-bonus operating profit, less income taxes, divided by the average investment of the Business Unit. Average investment is defined as the average of inventory, plus accounts receivable, plus net property, plant and equipment, plus intangibles, less accounts payable.

At the beginning of each year, each participant is allocated a fixed percentage of the pool. If the Business Unit generates profits which result in a bonus pool, the participant receives the allocated percentage as a performance bonus. The dollar amount of that pool is based upon our Company's aggregate ROI. As ROI increases, a higher percentage of pre-bonus operating profit is contributed to the pool.

For the Corporate Business Unit, the minimum contribution percentage of 3.5% of pre-bonus operating profit occurs at the lowest level of ROI, which is .01%. The maximum contribution percentage of 8.79% occurs at an ROI of 25.5% and higher. In general, for every hundred basis point improvement in ROI, our Company contributes an approximate, additional 26 basis points of pre-bonus operating profit to the Corporate Business Unit bonus pool. Three of our Named Executives participated in the Corporate Business Unit bonus pool in 2010.

For 2010, our Company achieved an overall ROI of 7.15%. This resulted in a contribution of \$2,772,006 to the Corporate Business Unit bonus pool, which equaled 5.15% of pre-bonus operating profit. The performance bonus for each of the Named Executives (other than Messrs. Greene and Lees) was based upon our Company's total ROI, while the performance bonus for Messrs. Greene and Lees was based upon the ROI of their respective Business Unit.

For example, Mr. Glenn's bonus was determined by our Company's ROI, as a whole. Based upon that performance, our Company contributed the calculated amount of pre-bonus operating profit to the Corporate Business Unit bonus pool. Mr. Glenn was eligible to receive 19% of the corporate Business Unit bonus pool for 2010. That percentage, multiplied by the amount of that bonus pool, yielded a bonus for Mr. Glenn of \$526,681 for 2010.

Table of Contents

The following table discloses and explains the determination of bonuses earned by the Named Executives under our Company's Performance Bonus Plan for 2010.

Named Executive	ROI	Percent of Pre-Bonus Operating Profit Contributed to the Corporate Business Unit Bonus Pool (%)	Allocation of Participation in the Corporate Business Unit Bonus Pool (%)	Performance Bonus (\$)
Michael B. Glenn		4.87	19%	\$526,681
Michael R. Cole		4.87	6%	166,320
Patrick M. Webster		4.87	15%	415,801
C. Scott Greene	(1)	(1)	(1)	229,155
Robert W. Lees	(1)	(1)	(1)	265,659

(1) For 2010, Messrs Greene and Lees did not participate in the corporate Business Unit bonus pool. Rather, the incentive compensation for each of them was based upon the ROI of their respective Business Unit.

Our Company has more than 80 bonus pools, one for each Business Unit, as well as the separate Corporate Business Unit pool.

The Committee has established a maximum cash performance bonus of 1.75 times base salary for the succeeding year. In January 2011, the Committee increased the ROI threshold from 0% to 2.5% for 2011, and to 3.5% for 2012, for all non-site-built operations. Site-built operations will continue to have an ROI threshold of 0% for 2011 and 2012.

Chief Executive Officer. The Committee annually reviews and establishes our Chief Executive Officer's base salary. Michael B. Glenn was named Chief Executive Officer of our Company on July 1, 2006. His salary is based on comparable compensation data, the Committee's assessment of his past performance, and its expectation as to his future contributions in leading our Company. Mr. Glenn's base salary fell in the lower quartile of the salaries of comparable executives in our peer group. The Committee has complete discretion in setting the base salary for Mr. Glenn (who does not have an employment agreement with our Company). For 2011, Mr. Glenn is eligible to receive 19% of the corporate Business Unit bonus pool.

Long-Term Stock Incentive Plan. In the past, we have provided long-term incentive compensation to our executive officers and key employees through stock options, grants of restricted shares, and other equity-based awards under the terms of our amended and restated Long Term Stock Incentive Plan (LTSIP). The Committee has complete discretion in determining eligibility for participation and the number of stock options and restricted stock, if any, to be granted to a participant. Due to the changes in accounting for stock options, the Committee decided not to grant broad-based stock options to salaried employees for 2008, 2009, or 2010.

Table of Contents

For 2010, the long term incentive compensation element of our compensation program was paid in the form of conditional stock grants. Our Chief Executive Officer recommends to the Committee, for its approval, the amount of shares that are subject to each conditional stock award, based upon his subjective assessment as to the appropriate number of shares to be granted to employees. The awards to our Named Executives ranged from a high of 2,000 shares, granted to our Chief Executive Officer, to a low of 1,000 shares granted to certain of the other Named Executives. The relative amount of shares subject to each award is based upon the employee's role in our Company, whereby more senior level executives receive a larger grant than subordinate levels. The conditional stock grants were issued into a deferred account (the Executive Stock Grant Program) which fully vests five years after the date of issue, or earlier upon death, disability, retirement, or change in control. When the grantee attains age 62, the grant automatically vests. The grantee may withdraw 50% of the shares after five years, and the remaining shares may not be issued until the grantee retires. If the grantee leaves our Company, other than due to death, disability, retirement, or change in control, prior to full vesting, the shares are forfeited.

We encourage and promote ownership of Company stock by our employees and directors. We have a Minimum Stock Ownership Policy that sets requirements for ownership of our common stock by our key employees and independent directors, as follows:

Title	Company Stock Ownership Requirement
Officers	\$ 200,000
General Manager of Operations	\$ 100,000
Operations Managers, Plant Managers, Sales Managers, Executive Managers, and Senior Managers	\$ 50,000
Independent Directors	2,500 shares

To help our key employees (other than executive officers, who are not eligible to receive a loan once they become an executive officer) reach their minimum stock ownership requirement, we established an Executive Stock Purchase Assistance Plan under which key employees borrowed money from our Company to purchase stock with interest at the applicable federal rate. No shares will be issued under this Plan for 2011 or thereafter.

We have a Deferred Compensation Plan (the DCP) which allows key employees to defer a portion of their compensation. Under the DCP, if a key employee's ownership of our common stock is not at the required level, any money the key employee defers must be used to purchase shares of our common stock. Such shares are purchased at a 15% discount from the then prevailing market price of our common stock. Each key employee receives a payout of his or her DCP account one year from the date they leave our Company, unless preceded by retirement or death, in which case the employee or his or her beneficiary will receive the distribution within 90 days.

We have an Employee Stock Purchase Plan (the ESPP) which allows our employees to make a payroll deduction or lump sum contribution, or both, for the purchase of our common stock. Shares of our common stock are purchased with the money in the employee's account on the last stock trading day of the quarter, at a 15% discount from the

Table of Contents

then prevailing market price of our common stock. All eligible employees with at least one year of service may participate in the ESPP.

We have a Stock Gift Program under which eligible employees receive a modest amount of our common stock on specified service anniversaries with our Company.

Executive Retirement Plan. On October 14, 2010, the Committee approved an Executive Retirement Plan for officers with 20 years of service to the Company and 10 years of service as an officer. The Plan provides for a retirement benefit at age 62 or later of 150% of base salary paid over three years after retirement, death, or disability, plus the monthly cost of COBRA coverage.

Our policy is to pay all earned compensation regardless of whether it exceeds the One Million Dollar (\$1,000,000.00) limitation on compensation deductions set forth in Section 162(m) of the Internal Revenue Code. To ensure the maximum tax deductibility for our Company, we received shareholder approval of our Performance Bonus Plan at our 1999 Annual Meeting of Shareholders.

(1) Includes amounts deferred by the Named Executives under our 401(k) Plan and DCP.

(2) The 2010 amounts include 2,000 shares granted to Mr. Glenn, 1,500 shares granted to Mr. Webster, and 1,000 shares granted to Messrs. Cole, Greene, and Lees on February 1, 2010. The 2009 amounts include 2,000 shares granted to Mr. Glenn, 1,500 shares granted to Mr. Webster, 1,000 shares granted to Messrs. Cole and Greene, and 750 shares granted to Mr. Lees on February 1, 2009. The 2008 amount includes 400 shares granted to each Named Executive pursuant to a conditional stock grant to all salaried employees on February 8, 2008. The amount set forth in this column represents the aggregate fair value of the awards as of the grant date, computed in accordance with FASB ASC Topic 718, Compensation-Stock Compensation. The assumptions used in calculating these amounts are set forth in Note J in our Company's consolidated financial statements for the year-ended December 25, 2010.

(3) Represents annual bonus payments under performance-based bonus plans tied to our operating profit and ROI, which cover substantially all salaried employees. The amounts in this column reflect the bonus earned for that year but paid in the subsequent year. The 2010 amount includes a deferral under the Deferred Compensation Plan (DCP) in the amount of \$100,000 for Mr. Webster. The 2009 amount includes a deferral under the DCP in the amount of \$100,000 for Mr. Webster and a deferral in the amount of \$33,217 for Mr. Lees. The 2008 amount includes a deferral under our DCP in the amount of \$100,000 for Mr. Webster. Under the DCP, a participant's

deferral is used to purchase Company stock unless the participant exceeds our Company's stock ownership requirement. These shares must be held by the Named Executive until his employment is terminated.

- (4) The amounts in this column represent Company contributions to our Profit Sharing and 401(k) Plan for 2010 in the amount of \$3,675 for Messrs. Glenn, Cole, Webster, Cole, and Greene, and \$3,250 for Mr. Lees. Subject to certain requirements, including age and service requirements, all of our employees are eligible to participate in our Profit Sharing and 401(k) Plan.

Table of Contents

Also included in this column is personal use of corporate aircraft for 2010 in the amount of \$15,931 for Mr. Glenn and \$9,496 for Mr. Webster. We permit limited personal use of corporate aircraft by the Named Executives, and personal use of our aircraft requires approval by our Chief Executive Officer. We calculate the incremental cost to our Company for personal use of our aircraft based on the cost of fuel and oil per hour of flight; trip-related inspections, repairs and maintenance; landing, parking and hangar fees; supplies; and other variable costs. Since our aircraft is used primarily for business travel, we do not include the fixed costs that do not change based on personal usage, such as pilots' salaries, the purchase or leasing costs of our aircraft, and the cost of maintenance not related to specific trips. The amount in this column also includes the following fringe benefits, none of which exceeded the greater of \$25,000 or 10% of the Named Executive's aggregate fringe benefits: automobile allowance, automobile insurance, gasoline, phone, Internet access, use of Company-owned property, clothing allowance, life insurance premiums, professional fees, an executive medical benefit, costs incurred at a Company meeting for the spouse of the Named Executive, and taxes paid on behalf of the Named Executive. Included in this amount for Mr. Webster for 2009 is \$9,948 related to his relocation to Grand Rapids, MI.

Mr. Glenn would have received three years of salary, Messrs. Webster, Greene, and Lees would have received two years of salary, and Mr. Cole would have received one year of salary.

or later, Named Executives will receive three annual cash payments, with each payment equal to one-half the base salary for the period prior to the separation, plus payments for COBRA coverage or its equivalent for 36 months. The payments for COBRA are listed in the Health and Welfare line in the table. Messrs. Cole and Greene have not yet met the service requirements of the policy. The Committee retains discretion to award severance to an officer with 20 years of service and 10 years as an officer who does not meet the age requirements for retirement.

- (5) Stock awards and stock options which are already vested are not included in the table. Earned but unpaid cash bonuses are not included in the table. Unexercisable stock options are shown at the market value on December 25, 2010, less the exercise price.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors, executive officers, and greater than 10% beneficial owners to file reports of ownership and changes in ownership of shares of common stock with the Securities and Exchange Commission, and applicable regulations require them to furnish us with copies of all Section 16(a) reports they file. Cole and Webster who each filed one late report.

RELATED PARTY TRANSACTIONS

The Audit Committee has responsibility to review, approve, or ratify related party transactions involving directors, executive officers, and their respective affiliates and immediate family members. As a general practice, our Board has required the related party, if a Board member, to recuse himself or herself from the meeting, and the Board considers the proposed transaction on the basis of what is fair to our Company and is in the best interest of our shareholders. Our Company had no reportable related party transactions during 2010.
