Item 8.01. Other Events.

On March 11, 2011, Credit Acceptance Corporation (the Company) announced the final results of its tender offer, which expired at 5:00 p.m., Eastern Standard time, on March 10, 2011. The Company commenced the tender offer on February 9, 2011 to purchase up to 1,904,761 shares of its outstanding common stock at a price of \$65.625 per share, net to the seller in cash, without interest. Based on the final count by Computershare Trust Company, N.A., the depository for the tender offer, 16,186,614 shares of common stock were properly tendered and not properly withdrawn. Because more than the maximum 1,904,761 shares were tendered, the Company purchased only a prorated portion of the shares tendered by each tendering shareholder, other than odd lot shareholders, as described in the Company's Offer to Purchase. The proration factor used by the Company in accepting for purchase tendered shares was approximately 11.8%.

The Company will promptly pay for 1,904,761 tendered shares of its common stock at a price of \$65.625 per share, net to the seller in cash, without interest, at a total cost of approximately \$125.0 million, which includes approximately 11.5 million shares tendered by Donald A. Foss, the Company's Chairman of the Board and approximately 4.1 million shares tendered by the trustee of certain grantor retained annuity trusts created by Mr. Foss. The Company is financing the purchase of its securities in the tender offer through a combination of the proceeds of a new debt financing and by borrowing under the Company's \$170.0 million revolving secured line of credit facility.
