PROXY STATEMENT

This Proxy Statement and related proxy materials are being made available to our stockholders on or about March 21, 2011 on the Internet, electronically by email for stockholders who have previously consented to electronic delivery or who have requested to receive our proxy materials by email or, upon request, in printed form by mail.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: When and where is the annual meeting?

A: The 2011 Annual Meeting of Stockholders of Gardner Denver, Inc. (Gardner Denver or the Company) will be held at the Embassy Suites Philadelphia-Valley Forge, 888 Chesterbrook Boulevard, Wayne, PA 19087 on Tuesday, May 3, 2011 at 1:30 p.m. (local time).

Q: What is the Notice of Internet Availability of Proxy Materials that I received in the mail this year instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (SEC), we may furnish proxy materials, including this Proxy Statement and the Company s 2010 Annual Report to Stockholders, by providing access to these documents on the Internet instead of mailing a printed copy of our proxy materials to our stockholders. Based on this practice, most of our stockholders have already received a Notice of Internet Availability of Proxy Materials (the Notice), which provides instructions for accessing our proxy materials on a website referred to in the Notice or to request to receive printed copies of the proxy materials by mail or electronically by email.

If you would like to receive a paper or email copy of our proxy materials for our 2011 annual meeting or for all future meetings, please follow the instructions for requesting such materials included in the Notice. Please note that if you previously requested or consented to delivery of our proxy materials by mail or electronically via email, you did not receive the separate Notice of Internet Availability of Proxy Materials. Instead, we sent you a full set of our proxy materials, which includes instructions for voting. We believe the delivery options that we have chosen will allow us to provide our stockholders with the proxy materials they need, while lowering the cost of the delivery of the materials and reducing the environmental impact of printing and mailing printed copies.

Q: Why am I being provided with access to or receiving these proxy materials?

A: The Board of Directors of Gardner Denver (the Board) is soliciting your proxy for voting on the proposals to be presented at our annual meeting. Your proxy will be voted in accordance with the instructions given, unless the proxy is subsequently revoked. This Proxy Statement describes in detail the proposals on which we would like you, our stockholder, to vote. It also gives you information on these proposals so that you can make an informed decision.

Q: What am I being asked to vote on?

A: Our stockholders are being asked to vote on the following proposals at the annual meeting:

Edgar Filing: GARDNER DENVER INC - Form DEF 14A

To elect Donald G. Barger, Jr., Raymond R. Hipp and David D. Petratis, each of whom has been nominated by the Board, to serve a three-year term expiring at the Company's annual meeting of stockholders to be held in 2014;

To ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2011;

Table of Contents

To cast an advisory vote on executive compensation; and

To cast an advisory vote on the frequency of future advisory votes on executive compensation.

The Company is not aware of any other matter that will be presented at the annual meeting for action on the part of the stockholders. However, if any other matters are properly brought before the annual meeting, your proxy or voting instructions gives authority to the proxy holders, Michael M. Larsen and Brent A. Walters, to vote on those other matters in accordance with the Board's recommendation.

Q: What vote is required to approve each proposal?

A: The vote of the holders of a majority of our common stock that are present in person or by proxy at the annual meeting, and that have voted thereon is required to (1) elect each of Donald G. Barger, Jr., Raymond R. Hipp and David D. Petratis as a director of the Company, (2) ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2011, and (3) approve, on an advisory basis, the Company's executive compensation. With respect to the proposal regarding the advisory vote on the frequency of future advisory votes on executive compensation, the Company will consider the frequency that receives the greatest number of votes (every one, two, or three years) to be the frequency recommended by our stockholders.

Abstentions and broker non-votes (as described below) will not be counted as votes cast for or against the proposal to which it relates, and therefore, will have no effect on the outcome of the proposal.

Votes will be tabulated by Broadridge Financial Services, our inspector of election for the annual meeting. The inspector of election will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Q: How does the Board recommend I vote on these proposals?

A: The Board recommends that you vote (1) **FOR** the election of each of Donald G. Barger, Jr., Raymond R. Hipp and David D. Petratis as a director of the Company, (2) **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2011, (3) **FOR** the approval, on an advisory basis, of the Company's executive compensation, and (4) **FOR** the approval, on an advisory basis, of holding future advisory votes on the Company's executive compensation every three years.

We anticipate that our executive officers and directors will vote their shares of our common stock in accordance with the Board's recommendations on the above proposals.

Q: What is the difference between holding shares of our common stock as a stockholder of record and as a beneficial owner ?

A: Most of our stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between holding shares as a stockholder of record and holding shares as a beneficial owner in street name:

Stockholder of Record If your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A., you are the stockholder of record of the shares.

Beneficial Owner If your shares are held in a brokerage account, bank or by another nominee, you are the beneficial owner of shares held in street name.

Q: If I am a stockholder of record of shares, how do I vote?

A: You may vote these shares (1) over the Internet by following the instructions provided either in the Notice or on a separate proxy card if you have received a printed set of proxy materials, (2) over the telephone by following the instructions provided in either the Notice or in the separate proxy card if you have received a printed set of proxy materials, (3) by mail if you received a printed set of proxy materials by completing and returning the separate proxy card in the prepaid and addressed envelope, or (4) in person at the annual meeting. Written ballots will be passed out to anyone who wants to vote in person at the annual meeting.

Stockholders of record may vote their shares by telephone or through the Internet 24 hours a day, 7 days a week. Telephone and Internet votes must be received by 11:59 p.m. Eastern Daylight Time on May 2, 2011 and votes by mail must be received on or before May 2, 2011.

Table of Contents

Q: If I am a beneficial owner of shares, how do I vote?

A: You may instruct your broker, bank or other nominee on how to vote these shares. Your nominee has provided voting instructions for you to use in directing your nominee on how to vote these shares. The instructions from your nominee will indicate if Internet or telephone voting is available and, if so, will provide details regarding how to use those systems. Additionally, you may vote these shares in person at the annual meeting if you have requested and received a legal proxy from your broker, bank or other nominee (the stockholder of record), giving you the right to vote these shares in person at the annual meeting, and you complete the legal proxy and present it to us at the annual meeting.

Q: If my shares are held in Gardner Denver's retirement savings plan, how do I vote?

A: Shares of our common stock held in the Gardner Denver, Inc. Retirement Savings Plan (the Retirement Savings Plan) will be voted by JPMorgan Chase Bank, N.A. (JPMorgan), as trustee of this plan. Voting instructions regarding your shares in the Retirement Savings Plan must be received by 11:59 p.m. Eastern Daylight Time on April 28, 2011. After April 28, 2011, all shares of our common stock held in the Retirement Savings Plan for which voting instructions have not been received, and all shares not yet allocated to participants' accounts, will be voted by JPMorgan, as trustee, in the same proportion (FOR or AGAINST) as the shares for which instructions are received from participants in this plan.

Q: Can I revoke my proxy later?

A: If you are a stockholder of record of shares, you may revoke your proxy at any time before it is voted by: (1) the timely delivery of a valid, later-dated proxy, a later-dated vote by telephone, or a later-dated vote via the Internet, (2) providing timely written notice of revocation to our Corporate Secretary at our principal executive offices at 1500 Liberty Ridge Drive, Suite 3000, Wayne, Pennsylvania 19087, or (3) attending the annual meeting and giving oral notice of your intention to vote in person.

If you are a beneficial owner of shares, you may revoke your proxy at any time before it is voted by: (1) submitting new voting instructions to your broker, bank or other nominee in accordance with its voting instructions, or (2) obtaining a legal proxy from your bank, broker or other nominee giving you the right to vote these shares in person at the annual meeting, completing the legal proxy and presenting it to the Company at the annual meeting.

Attendance at the annual meeting will not in and of itself revoke a proxy.

Q: Who is entitled to vote?

A: The record date for determining the stockholders entitled to notice of, and to vote at, the annual meeting was the close of business on March 4, 2011 (the Record Date).

Q: How many shares can vote?

A: On the Record Date, the outstanding voting securities of the Company were 52,263,497 shares of common stock, par value \$0.01 (Common Stock). Each share of Common Stock is entitled to one vote on each proposal presented at the annual meeting.

Q: How is a quorum determined?

A: The presence, either in person or by proxy, of at least a majority of the issued and outstanding shares of Common Stock is required to establish a quorum. Abstentions and broker non-votes (as described below) will be considered present at the annual meeting for purposes of determining a quorum at the annual meeting.

Q: How will my shares be voted if I do not give specific voting instructions?

A: *Beneficial Owner:*

If you are the beneficial owner of shares held in street name and properly submit your proxy, but do not provide voting instructions therein to your broker, bank or other nominee, the nominee that holds your shares may use their discretion in voting such shares with respect to routine items, but not with respect to non-routine items, under the rules of the New York Stock Exchange (NYSE). On non-routine items for which you properly

Table of Contents

submit your proxy, but do not provide voting instructions to your broker, bank or other nominee, these shares will not be voted and be treated as broker non-votes. The proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2011 (Proposal 2) is considered a routine item and therefore may be voted upon by your broker, bank or other nominee if you do not provide voting instructions on this proposal. However, the election of directors (Proposal 1) and the advisory votes on executive compensation (Proposals 3 and 4) are considered non-routine items and therefore may not be voted upon by your broker, bank or other nominee if you do not provide voting instructions on these specific proposals.

Stockholder of Record:

If you are a stockholder of record and do not specify a choice on a matter when returning an executed proxy, these shares will be voted (1) **FOR** the election of each of Donald G. Barger, Jr., Raymond R. Hipp and David D. Petratis, the director nominees named in this Proxy Statement, (2) **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2011, (3) **FOR** the approval, on an advisory basis, of the Company's executive compensation, and (4) **FOR** the approval, on an advisory basis, of holding future advisory votes on the Company's executive compensation every three years.

Retirement Savings Plan:

If your shares of Common Stock are held in the Retirement Savings Plan and you do not submit voting instructions, your shares and all shares that have not yet been allocated to your account will be voted by JPMorgan, the trustee of this plan, in the same proportion (**FOR** or **AGAINST**) as the shares of Common Stock for which instructions are received from participants in such plan.

Q: Who is paying for the cost of soliciting proxies for the annual meeting and how will the solicitation be done?

A: The costs of soliciting proxies pursuant to this Proxy Statement will be paid by the Company. Solicitation may be made in person or by telephone, electronic mail, mail or facsimile. The Company will bear the expense of preparing and distributing this Proxy Statement and accompanying materials to our stockholders. Upon request, the Company will reimburse brokers, banks or other nominees for reasonable expenses incurred in forwarding copies of the proxy materials relating to the annual meeting to the beneficial owners of Common Stock.

The Company has retained Georgeson Inc., an independent proxy solicitation firm (Georgeson), to assist in soliciting proxies from stockholders. Georgeson will receive a fee of approximately \$10,000 as compensation for its services and will be reimbursed for its reasonable out-of-pocket expenses. The Company has agreed to indemnify Georgeson against certain liabilities arising under the federal securities laws.

Q: Who can help answer my questions?

Selection and retention of directors;

Procedures and practices governing the operation and compensation of our Board; and

Principles under which management shall direct and operate the business of the Company and our subsidiaries.

The policy provides that a substantial majority of our Board should be independent based on the independence standards of the NYSE with varied and complementary backgrounds. Directors may serve on the boards of directors of no more than four for-profit organizations, including the Company, and members of our Audit and Finance Committee (Audit Committee) may serve on the audit committees of no more than three for-profit organizations, including the Company. A nonemployee director must retire as a director at the next regularly scheduled meeting of the Board following the date he or she attains 75 years of age. A nonemployee director is also eligible to retire at the end of any elected term or at the discretion of the Board following review by the Governance Committee. The policy also requires that at any one time, no less than 50% of the number of nonemployee directors must be actively engaged in business as an employee, consultant, director (other than for the Company) or in a similar capacity for a minimum of 250 hours per year.

For 2010, all of our directors, including the director nominees seeking re-election, have complied with our Corporate Governance Policy.

Composition of the Board of Directors

Our Board currently consists of nine directors and is divided into three classes. One class is elected at each annual meeting to serve for a three-year term. With the exception of our Chief Executive Officer, all of our Board members, including our Chairman of the Board, are independent as determined in accordance with the NYSE listing standards as described under the Director Independence section of this Proxy Statement set forth below. Meetings of the Board of Directors

Our Board held eight meetings and took one action by unanimous written consent during 2010. Our nonemployee directors met in executive session without any management directors or employees five times during 2010. Mr. Hansen, our independent Chairman, presided over these meetings. In addition to our full Board meetings, directors attended meetings of the committees on which they serve. Pursuant to our Corporate Governance Policy, each director is expected to attend our annual stockholder meeting. Each director attended at least 75% of the aggregate of the Board meetings and meetings of committees of which he or she was a member.

Committees of the Board of Directors

Our Board has three standing committees composed exclusively of independent nonemployee directors: the Audit Committee, the Management Development and Compensation Committee (Compensation Committee) and the Governance Committee. Each of the standing committees operates under a written charter adopted by the Board. All of the committee charters are available on our website at www.gardnerdenver.com. Our committees have

the authority to retain outside advisors to assist each committee in meeting its obligations, as necessary and appropriate, and to ensure that we provide appropriate funding to pay the fees and expenses of such advisors.

* Chairperson of the Committee

The Audit and Finance Committee. Our Audit Committee held nine meetings during 2010, including five telephonic meetings prior to the release of earnings and regulatory filings. Our Audit Committee assists our Board (with particular emphasis on the tone at the top of the Company) in fulfilling its oversight responsibilities with respect to the integrity of our financial statements and financial information provided to stockholders and others, our compliance with legal and regulatory requirements including our compliance policies and procedures, and the effectiveness of our internal and external audit processes. The Audit Committee is directly responsible for ensuring the independence and qualifications of our independent registered public accounting firm (sometimes referred to herein as our independent auditor). The committee performs these functions by: (i) overseeing our financial reporting process; (ii) selecting and overseeing our independent auditor; (iii) reviewing the scope of audits performed by our independent and internal auditors, as well as the results of such audits; (iv) monitoring our disclosure and internal controls; (v) overseeing our compliance program; and (vi) overseeing our risk assessment and management practices. Our Board has determined that all of the members of our Audit Committee meet the independence and other requirements for audit committee membership of the NYSE listing standards and SEC requirements. The Board has also determined that Donald G. Barger, Jr. and Charles L. Szews are both audit committee financial experts, as that term is defined in the SEC rules. The Audit Committee's report is set forth below.

The Management Development and Compensation Committee. Our Compensation Committee held five meetings and acted by unanimous written consent two times during 2010. Our Compensation Committee assists our Board in fulfilling its oversight responsibilities with respect to executive selection, retention and compensation and succession planning. The committee performs this function by: (i) evaluating our executive officers' performance, including our Chief Executive Officer, and establishing and reviewing their compensation, including incentive equity and cash compensation, other benefits, and corporate goals relevant to executive compensation; (ii) administering our compensation plans for all eligible employees; (iii) reviewing and consulting with our Chief Executive Officer concerning the selection of executive officers, management succession planning, executive performance, organizational structure and matters related thereto; (iv) the recruiting of candidates for the Chief Executive Officer in the event the position becomes vacant. Pursuant to its Charter, the Compensation Committee may delegate to a

subcommittee all or such portion of its power and authority as the Compensation Committee deems appropriate; (v) monitoring executive stock ownership guidelines in accordance with the Company's stock ownership guidelines, and (vi) reviewing compensation risk to determine whether compensation policies and practices for employees are reasonably likely to have a material adverse effect on the Company. Our Board has determined that all of the members of our Compensation Committee meet the independence requirements of the NYSE listing standards. The Compensation Committee's report is set forth below.

The Nominating and Corporate Governance Committee. The Governance Committee held four meetings during 2010. The Governance Committee assists our Board in fulfilling its oversight responsibilities with respect to the selection of director nominees for the Board, overall effectiveness of the Board and its practices and corporate governance practices and principles. The committee performs this function by: (i) reviewing and evaluating the overall effectiveness of the organization of our Board, including our Chairman of the Board, our incumbent directors, size and composition, committee membership, and the conduct of its business, and making appropriate recommendations to our Board with regard thereto; (ii) establishing and reviewing director compensation; (iii) reviewing criteria and process for the identification and recruitment of Board nominees; (iv) identifying, recruiting, and recommending qualified Board nominees; (v) developing, recommending and reviewing corporate governance principles applicable to the Company; and (vi) reviewing and assessing related person transactions and the independence of our directors. Our Governance Committee reviews with our Board, on at least an annual basis, the requisite qualifications, independence, skills and characteristics of Board candidates, Board members and our Board as a whole. Our Board has determined that all of the members of our Governance Committee meet the independence requirements of the NYSE listing standards.

Board's Role in Risk Oversight

Our Board is responsible for the Company's risk-oversight function. The Board, with the assistance of its standing committees, Chief Executive Officer, Chief Financial Officer, General Counsel, and Director of Internal Audit, identifies, evaluates and discusses the material enterprise risks that could impact the Company's operations and tactical and strategic decisions. These enterprise risks include operational, financial, legal, regulatory, market and reputational risks. In 2009, our Board implemented an enhanced enterprise risk management process (the ERM Process) to assist the Board in identifying and evaluating the Company's material enterprise risks. As part of the ERM Process, the Board periodically surveys Board members and senior management requesting independent evaluations and opinions of the Company's material enterprise risks, together with a description of any mitigation strategies associated with such risks. The evaluations are then reported to the Board where they are considered, weighted and prioritized by the Board and senior management. Highly weighted or prioritized risks may be specifically assigned to a risk manager within the Company who is responsible for the management and reporting of that risk, including the development of mitigation strategies. The ERM Process is designed, in part, to (i) inform the Board of the Company's material enterprise risks, (ii) inform the Board how Company management addresses such risks, and (iii) permit the Board to discuss and evaluate how these risks interrelate and affect the Company's ongoing operations and tactical and strategic decisions, so that the Board is able to fulfill its oversight obligations. We believe our Board leadership structure promotes the ERM Process as further described below.

In addition to the ERM Process, the Board's standing committees routinely monitor the various risks that fall under their respective purview as set forth in each Board committee's charter. Each Board committee routinely reports its actions to the full Board, enabling the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Independent Chairman of the Board

Our Board separated the roles of Chairman of the Board and Chief Executive Officer by appointing Frank J. Hansen, a non-executive, independent director, as Chairman of the Board in May 2008. Mr. Hansen has been an independent director of Gardner Denver since June 1997 and served as Lead Nonemployee Director from November 2002 until his appointment as Chairman of the Board.

The separation of roles was implemented to allow our Chief Executive Officer, Mr. Pennypacker, to focus on the management and day to day operations of the Company and our independent Chairman to focus on the Board's oversight responsibilities and long-term sustainability of the Company. Our Chairman works to develop a

high-performing Board by working with Company management to ensure the Board has timely and adequate information, supporting and mentoring the Chief Executive Officer and ensuring effective stockholder communications.

Among the duties and responsibilities of our independent Chairman are the following:

Presides at all meetings of the Board, including executive sessions of the independent directors and non-management directors;

Table of Contents

Assists in the preparation of all Board and committee agendas and meeting schedules, and coordinates Board committee activities;

Promotes an environment of open, transparent, two-way communications between the Board and senior management;

Communicates with senior management to align Board and management priorities;

Promotes an active, on-going succession process for Board and senior management positions;

Promotes, with senior management, the enterprise risk management process;

Supports senior management in promoting high ethical standards in all Company and Board dealings; and

Oversees the implementation of the Company's strategic planning processes.

Director Independence

In accordance with the NYSE listing standards and applicable SEC rules and guidelines, our Board assesses the independence of its members from time to time. As part of this assessment, the following steps are taken:

Our Board reviews the various standards of independence applicable to each of the members of the Board and its standing committees;

Our Board then reviews the applicable standards of independence in relation to each director's response to a detailed questionnaire that addresses the director's background, activities and relationships;

Our Board determines whether or not any director has a material relationship with the Company, either directly or indirectly as a partner, stockholder or officer of an organization that has a relationship with the Company. In making this determination, our Board broadly considers all relevant facts and circumstances, including without limitation:

- The nature of the relationship;
- The significance of the relationship to the Company, the other organization and the individual director;
- Whether or not the relationship is solely a business relationship in the ordinary course of the Company's and the other organization's businesses and does not afford the director any special benefits;
- Any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships; and
- Whether the director's affiliated company has made payments to, or received payments from, the Company for property or services in an amount that exceeds the greater of \$1 million or 2% of the annual consolidated gross revenues of the affiliated company.

Applying the applicable NYSE listing standards and SEC rules for independence, our Board determined that each of Michael C. Arnold, Donald G. Barger, Jr., Frank J. Hansen, Raymond R. Hipp, David D. Petratis, Diane K. Schumacher, Charles L. Szews and Richard L. Thompson is independent. Mr. Pennypacker is not independent due to

his employment relationship with the Company.

Relationships and Transactions

Our Board has adopted a written policy governing the approval of related person transactions for directors and executive officers. Pursuant to this policy, our Governance Committee reviews and approves relationships and transactions between the Company and our directors and executive officers, or their immediate family members, to determine whether such persons have a direct or indirect material interest therein.

Prior to entering into a potential related person transaction, the related person must notify our General Counsel of the relevant facts and circumstances, including the related person's interest in the transaction and the value of the proposed transaction. The General Counsel will confer with the relevant business unit leader to confirm and supplement the information in the notice, and determine whether the transaction is subject to this policy. If the transaction is subject to our policy and involves an aggregate amount in excess of \$120,000 (over the entire term of

Table of Contents

the transaction), the transaction will be submitted to the Governance Committee for consideration at its committee meeting.

The Governance Committee reviews all relevant facts and circumstances available and approves only those transactions with related persons that it determines in good faith to be in, or to not be inconsistent with, the best interests of the Company and our stockholders. The Governance Committee considers, among other things, the following in evaluating such proposed transactions:

The nature of the related person's interest in the transaction;

The material terms of the transaction, including, without limitation, the amount and type of transaction;

The importance of the transaction to the related person and the Company, respectively;

Whether the transaction would impair the judgment of the director or executive officer to act in the best interest of the Company;

Whether the transaction is in the ordinary course of business and comparable to those available to third parties;

The overall fairness of the transaction to the Company; and

Any other facts the Governance Committee deems appropriate.

Transactions are approved or denied in our Governance Committee's sole discretion. The Governance Committee retains the flexibility to condition any approval upon requiring additional actions or non-actions by the Company or the related person. Conditions will be considered on a case by case basis with a focus on the aspects of the transaction that give rise to a conflict of interest or otherwise cause the transaction not to be in the best interest of the Company. Conditions may include limiting the duration of the transaction, limiting the monetary amount of the transaction, modifying other material terms of the transaction, requiring periodic reporting, and appointing an independent Company representative to monitor various aspects of the transaction.

We are not aware of any relationships or related person transactions that require disclosure under the proxy rules and regulations promulgated by the SEC.

Code of Ethics and Business Conduct

We have adopted a Code of Ethics and Business Conduct (Code of Ethics) that applies to all members of our Board and all executive officers and employees of the Company. In addition, under the charter of our Audit Committee, the Chief Executive Officer and Chief Financial Officer, among others, are required to certify annually their adherence to our Code of Ethics. We intend to satisfy the SEC's disclosure requirement regarding amendments to or waivers of our Code of Ethics by posting such information on our website at www.gardnerdenver.com.

Communications with Directors

Our Board has adopted the following procedures for our stockholders and all other interested parties to send communications to our entire Board, non-management or independent directors, Board committees, or individual directors.

Stockholders and other interested persons seeking to communicate with our directors should submit their written comments to our Corporate Secretary at 1500 Liberty Ridge Drive, Suite 3000, Wayne, Pennsylvania 19087. Such persons who prefer to communicate by e-mail should send their comments to corporatesecretary@gardnerdenver.com. Our Corporate Secretary will then forward all such communications (excluding routine advertisements and business solicitations) to each member of our Board, or the applicable individual director(s) and/or committee chairperson(s). Our Chairman of the Board will receive copies of all appropriate stockholder communications, including those addressed to individual directors and/or committee chairpersons, unless such communications address allegations of misconduct or mismanagement on the part of the Chairman of the Board. In such event, our Corporate Secretary will first consult with and receive the approval of our Audit Committee Chairperson before disclosing or otherwise discussing the communication with our Chairman of the Board.

Table of Contents

If a stockholder communication is addressed exclusively to our nonemployee directors, our Corporate Secretary will consult with and receive the approval of the Chairperson of our Governance Committee before disclosing or otherwise discussing the communication with directors who are members of management.

We reserve the right to screen materials sent to our directors for potential security risks and/or harassment purposes.

Stockholders also have an opportunity to communicate with our Board at our annual meeting of stockholders. Pursuant to our Corporate Governance Policy, each director is expected to attend the annual meeting in person and be available to address questions or concerns raised by stockholders, subject to occasional excused absences due to illness or unavoidable conflicts.

Process for Nominating Directors

The Governance Committee periodically assesses the appropriate size and composition of the Board, and whether any vacancies on the Board are expected. In the event that vacancies are anticipated or otherwise arise, the Governance Committee will review and assess potential director candidates. The Governance Committee utilizes various methods for identifying and evaluating candidates for director. Candidates may come to the attention of the Governance Committee through recommendations of Board members, management, stockholders or professional search firms.

When identifying and evaluating candidates for Board membership, our Governance Committee considers individuals from various and diverse backgrounds. Although we do not have a formal diversity policy in place for the Board nomination process, an important factor in our Governance Committee's consideration and assessment of a candidate is the diversity of the candidate's background, viewpoints, training, professional experience, education and skill set. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, our Governance Committee believes that candidates generally should, at a minimum, possess the following criteria:

Broad training, experience and a successful record at senior policy-making levels in business, government, education, technology, accounting, law or administration;

The highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of all stockholders;

Inquisitive and objective perspective, strength of character and the mature judgment essential to effective decision making;

Expertise that is useful to the Company and complementary to the background and experience of other Board members; and

Willingness and freedom to commit the necessary time to serve effectively as a Board member, including attendance at Board and committee meetings, as applicable.

In evaluating candidates, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

Our Governance Committee will consider stockholder recommendations for candidates for our Board, provided such candidates meet the minimum criteria stated above. Any stockholder wishing to submit a candidate for our Governance Committee's consideration should send the following information to the Corporate Secretary at 1500 Liberty Ridge Drive, Suite 3000, Wayne, Pennsylvania 19087:

The stockholder's name, number of shares of our Common Stock owned, length of period held and proof of ownership;

Name, age and address of the candidate;

A detailed resume describing, among other things, the candidate's educational background, occupation, employment history and material outside commitments (i.e., memberships on other boards and committees, charitable foundations, etc.);

Table of Contents

A supporting statement which describes the candidate's reasons for seeking election to the Board and documents the candidate's ability to satisfy the minimum director qualifications described above;

Any information relating to the candidate that is required by the rules and regulations of the NYSE and the SEC to be disclosed in the solicitation of proxies for election of directors;

A description of any arrangements or understandings between the stockholder and the candidate; and

A signed statement from the candidate, confirming the candidate's willingness to serve on our Board, if appointed or elected.

Our Corporate Secretary will promptly forward director nominations by stockholders to the Chairperson of our Governance Committee and to our Chairman of the Board. The same criteria apply with respect to our Governance Committee's evaluation of all candidates for membership to our Board, including candidates recommended by stockholders. However, separate procedures will apply, as provided in our Bylaws, if a stockholder wishes to submit at an annual meeting a director candidate who is not approved by our Governance Committee or our Board.

Stockholder Proposals for 2012 Annual Meeting

Stockholder proposals intended to be included in our proxy materials for the 2012 Annual Meeting of Stockholders must be received by us at our principal executive offices (Attention: Corporate Secretary) on or before November 22, 2011. Such proposals must comply with SEC regulations under Rule 14A-8 regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

Any stockholder desiring to nominate a director or propose other business at our 2012 Annual Meeting of Stockholders without including the stockholder's nomination or other business in our proxy materials for that meeting must provide timely notice to the Company of the nomination or other business in the form provided by our Bylaws. Please refer to our Bylaws for a description of the required form and content of this notice. To be timely, the notice must ordinarily be delivered to our principal executive offices (Attention: Corporate Secretary) no later than the close of business on the 90th day, nor earlier than the 120th day, prior to the first anniversary date of the preceding year's annual stockholder meeting (i.e., stockholder proposals or nominations for director for inclusion in the 2012 Annual Meeting must be delivered to our principal executive offices no earlier than January 4, 2012 and no later than February 3, 2012), or such proposal will be considered untimely. However, in the event that the date of the annual meeting of stockholders is more than 30 days before or more than 60 days after the first anniversary of the previous year's annual meeting of stockholders, then the notice must be delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to the date of such annual meeting or the 10th day following the day on which public announcement of the date of such annual meeting is first made by the Company.

AUDIT COMMITTEE MATTERS

Report of our Audit Committee

Management of the Company is responsible for our internal controls and the financial reporting process. KPMG LLP (KPMG), our independent registered public accounting firm for the fiscal year ended December 31, 2010, was responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (the PCAOB) and issuing a report thereon. Our Audit Committee s responsibility is to monitor and oversee these processes with a particular emphasis on the tone at the top of the Company and report its findings to the Board. Our Audit Committee s function is more fully described in its charter, which has been approved by our Board and is available on our website at www.gardnerdenver.com. Our Audit Committee reviews its charter on an annual basis.

In this context, our Audit Committee has met and held discussions with management and KPMG. Management represented to our Audit Committee that our consolidated financial statements for the fiscal year ended December 31, 2010 were prepared in accordance with U.S. generally accepted accounting principles. Our Audit Committee has reviewed and discussed the audited consolidated financial statements with management and with KPMG. Our Audit Committee has discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU section 380), as adopted by the PCAOB in Rule 3200T.

The Audit Committee has received the written disclosures and letter required by applicable requirements of the PCAOB regarding KPMG s communications with the Audit Committee concerning independence, and has discussed with KPMG its independence.

While members of our Audit Committee perform their own diligence, they are not professionally engaged in the practice of auditing or accounting and are not experts with respect to auditor independence. Therefore, they must rely substantially on the information provided to them and on the representations made by management and KPMG. Accordingly, our Audit Committee s considerations and discussions referred to above do not assure that the audit of our financial statements has been carried out in accordance with U.S. generally accepted auditing standards, that the financial statements are presented in accordance with U.S. generally accepted accounting principles or that our auditors are in fact independent.

Based on its review and discussions with the Company s management and KPMG, our Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the period ended December 31, 2010 for filing with the SEC.

Policies and Procedures for Pre-Approval of Audit and Non-Audit Services

Pursuant to the Audit Committee's Services Approval Policy, the Audit Committee is required to approve all audit and non-audit services performed by the Company's independent registered public accounting firm in order to assure that the provision of any services does not impair the registered accounting firm's independence. With limited exception for non-audit services under certain conditions, services require either general or specific pre-approval.

The Audit Committee has generally pre-approved audit, audit-related, tax and other services that are specifically identified in the Services Approval Policy. The Audit Committee periodically revises the list of pre-approved services specified in this policy, based on subsequent determinations. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it requires specific pre-approval by the Audit Committee. Services that require specific pre-approval include, but are not limited to, the annual audit services engagement terms and fees, certain tax services and non-routine or non-recurring services.

The fee levels for all pre-approved services are established periodically by the Audit Committee. Any proposed service that may exceed the pre-approved fee levels requires specific approval by the Audit Committee.

The Audit Committee does not delegate to management its responsibilities to approve services performed by the independent registered public accounting firm. However, it may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

During fiscal 2010, all services by KPMG were approved by the Audit Committee in accordance with this policy.

In accordance with its charter, our Audit Committee appointed KPMG to serve as our independent registered public accounting firm and audit our consolidated financial statements for fiscal 2010. Our Audit Committee annually selects its independent registered public accounting firm for the current year in February. A representative of KPMG is expected to be present at the annual meeting to respond to appropriate questions and will have the opportunity to make a statement if the representative desires to do so.

None of the members of our Compensation Committee or Governance Committee is or has been an officer or employee of the Company or any of our subsidiaries. In addition, none of the members of our Compensation Committee or Governance Committee has or had any relationships with the Company or any other entity that would require disclosure under Item 404 of Regulation S-K. During fiscal 2010, none of our executive officers served on the compensation committee (or equivalent) or board of another entity whose executive officers served on our Compensation Committee, Governance Committee, or Board.

Risk Related Compensation Policies and Practices

In February 2011, the Compensation Committee undertook an assessment of the risk profile of its executive and non-executive compensation programs. As a result of this assessment, the Compensation Committee believes that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Security Ownership Requirements

The Company maintains stock ownership requirements for its nonemployee directors, executive officers and other key employees. Under these requirements, each nonemployee director is expected to maintain an equity interest in the Company equal to three times his or her annual cash compensation, including compensation for Board and Committee meeting attendance, but excluding the value of equity compensation granted pursuant to the Amended and Restated Gardner Denver, Inc. Long-Term Incentive Plan (the "Incentive Plan") or amounts we contributed on behalf of such

director to our Phantom Stock Plan. The director ownership requirements are to be achieved by the end of the directors' first three years of service. These requirements also require that the Chief Executive Officer maintain an equity interest equal to five times his annual base salary and each executive officer and corporate vice president maintain an equity interest in the Company equal to three times their annual base salary. The management ownership requirements are to be achieved by the fifth anniversary of each individual's appointment as an officer. Common stock held directly by the director or officer or their respective immediate

Table of Contents

family members, and indirectly for the benefit of the director or officer in an IRA account, family trust, the Retirement Savings Plan and/or the related Excess Contribution Plan, are considered in determining compliance with these requirements. In the case of nonemployee directors, phantom stock units acquired through the director's deferral of cash compensation are also considered in determining compliance with our stock ownership requirement. Failure to meet these requirements within the allotted time will be taken into consideration when evaluating the individual's commitment to a continuing relationship with the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities of the Company. Our insiders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file, including Forms 3, 4 and 5. As a practical matter, we assist our directors and executive officers by monitoring transactions and completing and filing Section 16(a) forms on their behalf. We believe that all reports required to be filed by insiders

during the fiscal year ended December 31, 2010, were filed in a timely manner.

PART TWO: PROPOSALS TO BE VOTED ON AT THE 2011 ANNUAL MEETING

PROPOSAL 1 ELECTION OF DIRECTORS

The Board has nominated each of Donald G. Barger, Jr., Raymond R. Hipp and David D. Petratis as directors to serve for a three-year term expiring in 2014. Our Board believes Messrs. Barger, Hipp and Petratis are experienced, well-qualified incumbent directors who have the expertise to direct and oversee our business and will continue to represent the long-term interests of our stockholders. Biographical information on each of these nominees is set forth above.

Each of the nominees has agreed to be named in this proxy statement and serve as a director of the Company, if elected. If any one of the nominees becomes unavailable or unwilling to stand for election or serve as a director before the annual meeting, the accompanying proxy will be voted for the election of such other person, if any, as

Table of Contents

shall be nominated by the Board, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the annual meeting. The Company has no reason to believe that any nominee will be unavailable or unwilling to stand for election or serve as a director.

*The Board believes that the election of these director nominees is in the best interests of our stockholders and, accordingly, recommends a vote **FOR** the election of these nominees.*

PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG as our independent registered public accounting firm for the 2011 fiscal year. Although the Company is not required to seek ratification of the Audit Committee's appointment of KPMG as our independent registered public accounting firm for the 2011 fiscal year, the Board seeks ratification from our stockholders for the appointment of KPMG as a matter of good corporate governance.

KPMG has been our independent auditor since 2002 and no relationship between the Company and KPMG exists other than the usual relationship between independent auditor and client. A representative of KPMG is expected to be present at the annual meeting to respond to appropriate questions and will have the opportunity to make a statement if the representative desires to do so.

If KPMG's appointment is not ratified by our stockholders, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm for the 2012 fiscal year. Additionally, even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the 2011 fiscal year if it determines that such a change would be in the best interests of the Company and our stockholders.

*The Board believes that the ratification of KPMG LLP as our independent registered public accounting firm is in the best interests of our stockholders and, accordingly, recommends a vote **FOR** this proposal.*

PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are seeking an advisory vote from our stockholders to approve the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K.

Gardner Denver is a performance-driven company that has a track record of delivering increased stockholder value. Rigorous execution of our business plan and a commitment to the Gardner Denver Way are pillars of our

Table of Contents

management team and management process. As a result, we have achieved the following total stockholder return over the past five years:

Our executive compensation program, with its pay-for-performance philosophy, is a part of our consistent and rigorous management process. We believe it has effectively motivated and rewarded our named executive officers to meet the challenges of our global business, embrace the Gardner Denver Way and deliver stockholder value.

We believe a significant amount of total compensation should be in the form of short-term and long-term incentive awards to align compensation with our financial and operational performance goals as well as individual performance goals; and we continually evaluate the individual elements of our executive compensation program in light of market conditions and governance requirements and make changes where appropriate for Gardner Denver's business. We believe that the core of our executive compensation program provides opportunities to reward superior individual and Company performance and drives the creation of sustainable stockholder value.

You have the opportunity to vote **FOR** or **AGAINST** or to **ABSTAIN** from voting on the following non-binding resolution relating to executive compensation:

Resolved, that the stockholders approve, on a non-binding, advisory basis, the compensation paid to Gardner Denver's named executive officers as disclosed in Gardner Denver's proxy statement for the 2011 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the compensation discussion and analysis, the compensation tables, and the narrative discussion.

In deciding how to vote on this proposal, you are encouraged to consider the Company's executive compensation philosophy and objectives and the elements of the Company's executive compensation program as contained in the Compensation Discussion and Analysis section below.

The Compensation Committee, which is responsible for determining the compensation of our executive officers, is comprised solely of outside directors who satisfy the independence requirements of the NYSE and will continue to emphasize responsible compensation arrangements that attract, retain, and motivate high caliber executive officers to achieve the Company's business strategies and objectives.

While your vote on this proposal is advisory and will not be binding on the Compensation Committee, the Board of Directors or Gardner Denver, the Compensation Committee values the opinions of Gardner Denver's stockholders on executive compensation matters and will take the results of this advisory vote into consideration when making future decisions regarding Gardner Denver's executive compensation program.

Table of Contents

*The Board believes that the approval of Gardner Denver's executive compensation is in the best interests of our stockholders and, accordingly, recommends a vote **FOR** this proposal.*

PROPOSAL 4 ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

We are seeking an advisory vote from our stockholders on the recommended frequency for which Gardner Denver is to hold future advisory votes on executive compensation. Stockholders may indicate whether they recommend, on an advisory basis, an advisory vote on executive compensation once every one, two or three years, or they may abstain from voting on this proposal.

For the reasons set forth below, the Board of Directors recommends that our stockholders select a frequency of three years.

We believe that a three year frequency is consistent with a longer-term view of executive compensation and holding an advisory vote on a more frequent basis could encourage a short-term view of compensation and may not provide a meaningful period of time against which our executive compensation program can be evaluated; and

We believe a three year frequency is the most effective time-frame for Gardner Denver to thoughtfully consider stockholder input reflected by the advisory vote on executive compensation, obtain stockholders feedback on Gardner Denver's executive compensation, and implement any appropriate changes to Gardner Denver's executive compensation.

Stockholders are not voting to approve or disapprove the recommendation of the Board of Directors that the advisory vote on Gardner Denver's executive compensation occur every three years.

While your vote on this proposal is advisory and will not be binding on the Compensation Committee, the Board of Directors or Gardner Denver, the Compensation Committee values the opinions of Gardner Denver's stockholders and will take the results of this advisory vote into consideration when making future decisions regarding the frequency of future advisory votes on executive compensation.

We are required to hold an advisory vote on the frequency of future advisory votes on our executive compensation at least once every six years.

The Board recommends a vote, on an advisory basis, of three years with respect to this proposal.

PART THREE: COMPENSATION MATTERS

COMPENSATION OF DIRECTORS

The Governance Committee annually reviews and recommends to our Board for approval the non-employee directors compensation. In 2010, the Governance Committee retained Meridian Compensation Partners, LLC (Meridian), an independent compensation consultant, to evaluate the appropriateness of the nonemployee directors' compensation program, including the mix of annual cash retainers and meeting fees and equity compensation to ensure that the program compensates the nonemployee directors for the level of responsibility the Board has assumed in today's corporate governance environment and to remain competitive relative to our custom peer group (as further discussed in the Compensation Discussion and Analysis section of this proxy statement).

Based upon Meridian's analyses, the level of responsibility the Board has assumed in today's corporate governance environment, and the performance of the nonemployee directors, the Governance Committee recommended, and the Board approved, an aggregate increase of approximately \$15,000 in the following components:

Increased the annual cash retainer for Board members from \$40,000 to \$50,000;

Increased the additional annual cash retainer of the Audit Committee Chairperson from \$7,500 to \$10,000;

Table of Contents

Increased the additional annual cash retainer of the Compensation Committee Chairperson from \$5,000 to \$8,000;

Increased regular Board meeting fees per meeting from \$1,250 to \$1,500;

Increased the annual option award from \$46,000 to \$50,000;

Increased the annual restricted stock unit (RSU) award from \$46,000 to \$50,000; and

Eliminated the annual phantom stock award of \$7,000.

All other components of the Company's nonemployee directors' compensation program remained unchanged in 2010. Accordingly, the Company's 2010 nonemployee directors' compensation program included the following components:

| | Additional | Additional | Additional | Additional | Regular | Committee | Meeting | | |
|-------------------|-------------------|-------------------|---------------------|-------------------|------------------|---------------------------|-----------------|-----------------|-----------------|
| | Annual | Annual | Annual | Annual | Board | and Teleconference | Fees | | |
| Annual | Retainer | Retainer | for | Retainer | Meeting | Board | (Lasting | Annual | Annual |
| Retainer | for | for | the | for the | Fees (per | Meeting) | More | Option | RSUs |
| for Board | Chairman | Audit | Compensation | Governance | Meeting | Fees (per | than | Award(2) | Award(3) |
| Members(1) | Board(1) | Chair(1) | Chair(1) | Chair(1) | Meeting) | Meeting) | 45 | | |
| | | | | | | | Minutes) | | |
| \$ 50,000 | \$ 125,000 | \$ 10,000 | \$ 8,000 | \$ 5,000 | \$ 1,500 | \$ 1,000 | \$ 500 | \$ 50,000 | \$ 50,000 |

- (1) All retainers are payable in quarterly installments following each quarterly Board meeting. Annually, directors are afforded the opportunity to elect to defer all or a portion of their annual retainers and meeting fees under our Phantom Stock Plan and have such amounts credited on a quarterly basis as phantom stock units.
- (2) Options are granted annually on the day following the Annual Meeting of Stockholders and are valued at approximately \$50,000, which is calculated using the Black-Scholes methodology.
- (3) RSUs are granted on the day following the Annual Meeting of Stockholders and are valued at approximately \$50,000.

Members of the Board of Directors who also serve as an officer or employee of the Company do not receive additional compensation for their service on the Board. The only officer or employee of the Company who served as a director during 2010 was Mr. Pennypacker.

Phantom Stock Plan

The Phantom Stock Plan for nonemployee directors, which is an unfunded plan, was originally established in 1996. Prior to 2010, we annually credited each nonemployee director \$7,000 in phantom stock units under the Phantom

Stock Plan, in equal quarterly amounts. As discussed above, beginning in May 2010 we eliminated the annual phantom stock awards to simplify the director compensation program and align it with the Company's peer group.

Each nonemployee director may continue to elect to defer all or a portion of his or her annual retainers and meeting fees into phantom stock units under the Phantom Stock Plan. Upon election, the phantom stock units are credited to the nonemployee director's account in equal quarterly amounts based on the average closing price per share of our common stock during the 30 trading days immediately preceding (but not including) the last business day of the fiscal quarter as reported on the composite tape of the NYSE. Dividend equivalents are credited to the nonemployee director's account on the dividend record date as dividends are declared by the Board. Each phantom stock unit represents the right to receive the fair market value of one share of our common stock.

The fair market value of a nonemployee director's account will be distributed as a cash payment to the nonemployee director, or his or her beneficiary, on the first business day of the month following the month in which the nonemployee director ceases to be a director for any reason. Alternatively, a nonemployee director may elect to have the fair market value of his or her account distributed in twelve or fewer equal monthly installments, or in a single payment on a predetermined date within one year after he or she ceases to be a director, but without interest on the deferred payments. The fair market value of a nonemployee director's account is determined by reference to

Table of Contents

the average closing price of our common stock during the 30 trading days immediately preceding the date he or she ceases to be a director.

The following table summarizes the aggregate number of phantom stock units credited to each nonemployee director's account as of March 4, 2011.

Long-Term Incentive Plan

For 2010, pursuant to the Incentive Plan, each of the nonemployee directors received equity incentives consisting of 2,500 stock options and 1,000 RSUs, on the day following the 2010 Annual Stockholders Meeting.

The 2010 stock options were granted at the closing price of our common stock on the date of grant, become exercisable on the one-year anniversary of the date of grant, and terminate on the five-year anniversary of the date of grant. If a person ceases to be a nonemployee director by virtue of disability or retirement, after having completed at least one three-year term, outstanding options generally remain exercisable for a period of five years but not later than the expiration date of the options. If a person ceases to be a nonemployee director by virtue of death or dies during the five-year exercise period after disability or retirement described above, outstanding options generally remain exercisable for a period of one year but not later than the expiration date of the options. If a nonemployee director's service terminates for any other reason, options not then exercisable are canceled and options that are exercisable may be exercised at any time within ninety days after such termination but not later than the expiration date of the options.

The 2010 RSUs vest three years from the date of grant; provided that the nonemployee director continues to serve as a member of our Board on such date and has continuously served on our Board since the date of grant. Except as provided below, all RSUs (and any shares of restricted stock held by a nonemployee director) that have not previously vested will be forfeited on the date that the non-employee director's service to the Company terminates. However, if a person ceases to be a nonemployee director by virtue of death, disability or retirement, the RSUs (and any restricted stock) will vest immediately and become free of all transfer restrictions.

Upon the occurrence of a change of control, as defined in the Incentive Plan, (a) options granted to nonemployee directors will be canceled in exchange for a cash payment equal to the appreciation in value of the options over their respective exercise price and (b) restricted stock and RSUs will be deemed fully vested. For a further description of the change in control provision under the Incentive Plan, please see the "Potential Payments Upon Termination or Change in Control" section of this proxy statement set forth below.

2011 Nonemployee Director Compensation

In February, 2011, the Governance Committee reviewed our nonemployee director compensation program and determined that it was appropriate to retain the 2010 compensation levels for 2011, the details of which are discussed above.

COMPENSATION DISCUSSION AND ANALYSIS

The following information contains statements regarding future individual and company performance measures, targets and other goals. These goals are disclosed in the limited context of the Company's executive compensation program and should not be understood to be statements of management's expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts.

Overview

Gardner Denver is a performance-driven company that has a track record of delivering increased stockholder value. Rigorous execution of our business plan and a commitment to the Gardner Denver Way are pillars of our management team and management process. As a result, we have achieved the following total stockholder return over the past five years:

Our executive compensation program, with its pay-for-performance philosophy, is a part of our consistent and rigorous management process. We believe it has effectively motivated and rewarded Gardner Denver executives to meet the challenges of our global business, embrace the Gardner Denver Way and deliver stockholder value.

We continually evaluate the individual elements of our executive compensation program in light of market conditions and governance requirements and make changes where appropriate for Gardner Denver's business. We believe that the core of our executive compensation program provides opportunities to reward superior individual and Company performance and drives the creation of sustainable stockholder value.

Executive Summary

Our executive compensation program is designed to meet three principal objectives:

Attract and retain executive officers who contribute to our long term success;

Align compensation with short and long-term business objectives; and

Motivate and reward executive officers for high levels of individual and team performance.

We believe these objectives collectively link compensation to overall Company performance, which helps to ensure that the interests of our executive officers are aligned with the interests of our stockholders.

Table of Contents

In the past few years, our named executive officers reacted quickly and decisively to changing economic circumstances to protect the Company and to deliver value to our stockholders. Our named executive officers responded to challenging economic conditions by continuing to embrace the Gardner Denver Way and focusing on executing the Company's business plan. The Compensation Committee believes that our executive compensation program has played a significant role in our ability to drive strong financial results and the creation of stockholder value, which is demonstrated by the accomplishments of our named executive officers over the last fiscal year.

In setting the CEO's and other named executive officers' compensation, the Compensation Committee considered, among other things, the Company's financial performance, the competitive pay data provided by Meridian and/or the contributions made by each executive to the Company's operational improvements. When considering financial performance, the Compensation Committee reviews changes in revenues, earnings and cash flow year over year as well as progress toward the strategic goals established by management and approved by the Board.

The Compensation Committee discussed the 2010 goals that had been set for the CEO and each named executive officer, noting the following accomplishments:

Continuing to drive operational improvements, which resulted in a 6.6% increase in revenues and a 69.7% increase in operating income, excluding impairment charges, in 2010 compared to 2009.

Continuing a focus on lean manufacturing and the successful execution of restructuring projects, which resulted in increased profitability as shown by gross margin improvement from 31.0% in 2009 to 33.1% in 2010.

Leading the operating managers to improve inventory turns from 5.4 in the fourth quarter of 2009 to 5.8 in the fourth quarter 2010.

Bringing a renewed focus on the customer in marketing, service and product development.

Positioning the Company to maintain strong liquidity to continue capital investments and selective acquisitions for future growth by adopting a disciplined use of the Company's cash flow from operating activities, which exceeded earnings in 2010.

Implementing a dividend policy that resulted in the first full year of dividend payments to stockholders in the Company's history.

Achieving progress on key strategic goals by (1) increasing revenues in the aftermarket in China and in emerging markets; (2) increasing revenues from new products with a renewed focus on product development; and (3) implementing a people development and succession planning program.

Executive Management Changes in 2010

Michael M. Larsen joined the Company as Vice President and Chief Financial Officer in October 2010. Mr. Larsen succeeded Helen W. Cornell, who had served as our Chief Financial Officer since 2004. Mrs. Cornell remained with the Company until her retirement in November 2010 in order to assist in the orderly transition of her responsibilities to Mr. Larsen.

Barry L. Pennypacker, Michael M. Larsen, Helen W. Cornell, Brent A. Walters, Armando L. Castorena and T. Duane Morgan, who are all listed in the Summary Compensation Table set forth below, were our named executive officers for 2010.

Compensation Philosophy and Elements

The fundamental philosophy underlying our executive compensation program is to:

Provide opportunities to reward superior Company and individual performance rather than creating a sense of entitlement;

Table of Contents

Drive stockholder value by allocating a significant percentage of compensation to performance-based pay that is dependent on achievement of the Company's performance goals, without encouraging excessive or undesired risk taking;

Align executives' interests with stockholder interests by providing significant stock-based compensation and expecting executives to hold the stock they earn in accordance with the terms of our stock ownership guidelines; and

Mitigate incentives for executives to undertake excessive or undesired risks by, among other things, balancing fixed and variable pay.

Our executive compensation program includes incentive arrangements that align participants' objectives with the Company's critical business values, strategies and performance objectives, and are clear and simple to understand. This understanding focuses the executives' efforts on the performance objectives that drive Gardner Denver's success and encourages them to make long-term commitments to the Company.

The program offers a balanced approach to compensation and consists of the following primary elements:

Base salary;

Annual cash bonuses;

Long-term incentives in the form of stock options, restricted stock units (RSUs) and cash bonuses; and

Retirement benefits and other perquisites.

Role of Compensation Consultants

The Compensation Committee retained Meridian Compensation Partners, LLC (Meridian) in 2010 to evaluate and provide independent advice and consultation regarding our executive compensation program. At the Compensation Committee's direction, Meridian:

Reassessed, with the assistance of the Compensation Committee, the appropriateness of a custom peer group consisting of 23 publicly held industrial manufacturing companies and a general industry group, each as discussed in further detail below;

Reviewed and assessed our named executive officers' compensation for competitiveness with the custom peer group and general industry group;

Reviewed and assessed long-term equity incentives in the form of stock options and RSUs; and

Reviewed and assessed actual compensation paid to our named executive officers.

In 2010, Meridian did not provide any services to the Company, or receive any payments from the Company, other than in their capacity as a consultant to the Compensation Committee and the Nominating and Corporate Governance Committee. See Compensation of Directors above for a description of the services provided by Meridian to the Nominating and Corporate Governance Committee.

Competitive Market Pay Information and Philosophy

In 2010, the Compensation Committee engaged Meridian to assist it in evaluating our executive compensation program. In determining the compensation for our Chief Executive Officer (CEO) and our other named executive officers, the Compensation Committee reviews a competitive pay analysis prepared by Meridian. Meridian conducted an external market study of compensation levels for senior executive management employees, including our named executive officers. The review included the value of the following components of compensation: (a) base salary; (b) target annual cash bonuses; and (c) target long-term incentives.

Meridian compiled the competitive pay data from U.S. Total Compensation Measurement (TCM), a proprietary database developed and maintained by Hewitt Associates LLC. The TCM database was established in 1981 and contains competitive pay data on approximately 800 large industrial, financial and service organizations, including program designs of total direct compensation for more than 300 executive management positions.

Table of Contents

Meridian compiled the competitive pay data for a custom peer group and a general industry group. For 2010, the custom peer group was comprised of the following companies:

| | |
|-------------------------------|---|
| A. O. Smith | Kennametal Inc. |
| BorgWarner Inc. | Mueller Water Products Inc. |
| Briggs & Stratton Corporation | Pactiv Corporation |
| Cooper Industries, Ltd. | Parker-Hannifin Corp. |
| Donaldson Company, Inc. | Pentair, Inc. |
| Dover Corporation | Roper Industries, Inc. |
| Federal Signal Corporation | Sauer-Danfoss Inc. |
| Flowserve Corporation | Steelcase Inc. |
| FMC Technologies, Inc. | Valmont Industries |
| Ingersoll-Rand Co. | Westinghouse Air Brake Technologies Corporation |
| ITT Industries, Inc. | Watts Water Technologies, Inc. |
| Joy Global Inc. | |

The companies in the custom peer group are either direct business competitors, capital markets competitors or labor market competitors, and have similarities to the Company in terms of size, revenues, relative capital intensity and industry sector. The companies comprising the custom peer group had median annual revenues of \$2.5 billion.

The general industry group was comprised of approximately 100 companies included in the TCM database, exclusive of retail, financial and utility companies, with median annual revenues of \$2.7 billion. The general industry group consists of companies that are similar in size to the Company and against which the Compensation Committee believed that the Company competes for executive talent.

The Compensation Committee used the custom peer group as its primary source in analyzing the competitiveness of our named executive officers' compensation and used the general industry peer group as supplementary information and to provide a comparison on a general industry basis.

Meridian, with the assistance of the Compensation Committee, annually reviews the companies comprising the custom peer group and the general industry group in order to maintain its appropriateness for compensation comparison purposes. There were no changes in the custom peer group composition from 2009 to 2010.

In assessing the competitiveness of our executive compensation program, Meridian provided the Compensation Committee with information regarding the compensation levels and programs at the 50th percentile for the custom peer group and the general industry group. In general, the Compensation Committee aims to set each named executive

officer's base salary, target annual cash bonus, target annual cash compensation (i.e., base salary and target annual cash bonus), target long-term incentives, and target total direct compensation (i.e., target annual cash compensation and target long-term incentives) at the 50th percentile of the custom peer group.

In setting the compensation of our named executive officers, a number of different internal and external factors can, from time to time, affect appropriate levels of executive compensation, including, without limitation individual performance, Company performance, scope of responsibilities, tenure with the Company, time in position and desired pay mix. Based upon one or more of these other factors, base salaries, target annual cash bonus, target annual cash compensation, target long-term incentives and/or target total direct compensation of each named executive officer could be +/-15% of the 50th percentile of the custom peer group. The Compensation Committee believes it has achieved the objectives of the Company's compensation philosophy in setting the compensation of our named executive officers.

Notwithstanding the above, Mr. Larsen joined the Company after Meridian completed its 2010 competitive pay analysis. Mr. Larsen's 2010 compensation was ultimately based upon competitive pay data and advice provided by Meridian.

Setting Total Compensation

Annually, the Compensation Committee establishes the compensation of our named executive officers, including their performance goals and bonus opportunities. The Compensation Committee works with the Chief Executive Officer (CEO), Chief Financial Officer, Vice President of Human Resources, and General Counsel to, among other things, enable the Compensation Committee to formulate the specific plan and award designs, performance goals, and performance levels (i.e., threshold, target, and maximum) necessary to align the Company s executive compensation program with the Company s business strategies and goals. In particular, the Compensation Committee considers the CEO s review of the performance of the other named executive officers.

In 2010, the Compensation Committee held private discussions with Mr. Pennypacker, our CEO, concerning the other named executive officers individual performance. The Compensation Committee takes Mr. Pennypacker s evaluations of the other named executive officers into account when setting their compensation and performance goals. The Compensation Committee conducts its own performance evaluation of the CEO and no management recommendation is made with regard to his compensation. The Compensation Committee s assessment of the named executive officers individual performance is a subjective evaluation of their accomplishments and contributions to the Company.

All final decisions regarding the compensation of the named executive officers are made by the Compensation Committee. While members of management attend the Compensation Committee s meetings upon invitation, they do not attend either executive sessions or portions of any other meetings of the Compensation Committee where executive compensation determinations are made by the Compensation Committee.

CEO Compensation. In setting the CEO s compensation, the Compensation Committee considered the competitive pay data provided by Meridian, the contributions made by Mr. Pennypacker to the Company s operational improvements and his tenure with the Company. Specifically, the Compensation Committee evaluated the CEO s day-to-day performance and leadership, noting that in his third year as CEO, Mr. Pennypacker has transformed the Company s culture to be more performance driven, implemented lean manufacturing principles, driven the Gardner Denver Way into the fabric of the Company, and provided strong leadership resulting in excellent performance during the continuing difficult economic environment.

Other Named Executive Officer Compensation. In setting compensation for the other named executive officers (except for Mr. Larsen), the Compensation Committee considered competitive pay data, tenure with the Company, and the CEO s evaluations of their individual accomplishments and contributions to the Company. The Compensation Committee also took into account its own evaluations of such executive officers based on their frequent interactions with the Board of Directors. The Compensation Committee considered the following accomplishments and contributions:

Michael M. Larsen. As discussed above, Mr. Larsen s 2010 compensation was based upon the competitive pay data and advice provided by Meridian.

Brent A. Walters. Mr. Walters has been the Vice President, General Counsel and Chief Compliance Officer since his employment began in August 2009. Mr. Walters also became Secretary in 2010. He enhanced the Company s control of legal expenses, further developed the Company s compliance program, and demonstrated strong leadership and advocacy at all levels of the Company.

Armando L. Castorena. Mr. Castorena has been the Vice President of Human Resources since his employment began in September 2008. Mr. Castorena developed a new leadership talent assessment and succession planning process, and created a positive working relationship with the Compensation Committee.

T. Duane Morgan. Mr. Morgan has been the President of our Engineered Products Group since its creation in January 2009. Mr. Morgan previously served as the Vice President of the Fluid Transfer Division. He continued to provide strong leadership, created a lean and collaborative group culture and continued to increase innovation in the group's products and distribution channel.

Helen W. Cornell. Mrs. Cornell served as our Chief Financial Officer from August 2004 until her retirement in 2010. Mrs. Cornell demonstrated strong overall leadership, continued to strengthen our investor relations program, and helped drive the Gardner Denver Way into the fabric of the Company.

Table of Contents**2010 Executive Compensation Decisions**

The Compensation Committee reviews and considers each pay component before making any executive compensation decisions. Each year as the Compensation Committee determines executive compensation, it reviews tally sheets prepared by the Vice President of Human Resources for each of the named executive officers. The tally sheets detail each component of executive compensation, including, base salary, target annual cash bonuses, target long-term incentives, retirement benefits and other perquisites. The tally sheets also reflect the current value of all outstanding equity awards, deferred compensation accounts, and estimated retirement benefit values. The Compensation Committee uses the tally sheets to (a) understand all obligations for present and future compensation; (b) confirm that compensation is consistent with the philosophy and objectives of the Company's executive compensation program, and (c) understand the total value of the Company's compensation and benefit programs when considering changes in compensation components, program design and pay mix. In 2010, the Compensation Committee did not make any specific adjustments to the named executive officers' compensation as a result of its review of tally sheets.

The Compensation Committee made its annual pay decisions for each of the compensation components as outlined below.

Annual Cash Compensation.

Base Salary: We provide the named executive officers with a base level of income for the expertise, skills, knowledge and experience they offer to the Company's management team.

In 2010, our named executive officers received the following base salary increases:

| Named Executive Officer | Percentage Increase | Base Annual Salary as of 12/31/10 |
|--|----------------------------|--|
| Barry L. Pennypacker, President & Chief Executive Officer | 14.3% | \$ 800,000 |
| Michael M. Larsen, Vice President & Chief Financial Officer | | \$ 450,000 |
| Brent A. Walters, Vice President, General Counsel, Chief Compliance Officer & Secretary | 2.7% | \$ 282,404 |
| Armando L. Castorena, Vice President, Human Resources | 10.7% | \$ 295,016 |
| T. Duane Morgan, Vice President & President Engineered Products Group | 3% | \$ 345,050 |
| Helen W. Cornell, Former Executive Vice President, Finance & Chief Financial Officer | | \$ 385,000 |

Messrs. Pennypacker, Walters, Castorena and Morgan each received the above merit increases to closer align their base salaries with the 50th percentile of the custom peer group and in recognition of their individual accomplishments and contributions discussed above. Each named executive officer's base salary fell below the 50th percentile of the custom peer group. The Compensation Committee subjectively determined this to be appropriate in light of the named executive officer's tenure with the Company and/or time in their current position with the Company.

Annual Cash Bonus. For 2010, the Compensation Committee established annual cash bonus opportunities to focus the named executive officers on the achievement of critical, short-term financial and individual goals that are intended to drive sustainable stockholder value over time. The annual cash bonus opportunities are comprised of (a) a cash bonus based upon the achievement of certain performance goals of the Company under our Executive Annual Bonus Plan (the Annual Bonus Plan) and (b) a cash bonus based upon the achievement of certain breakthrough goals of individual performance (the Breakthrough Goals). Historically, except for 2009 and 2010, there was only one annual cash bonus opportunity that was based upon the achievement of pre-determined performance goals of the Company. However, in 2009 and 2010, in an effort to incentivize the achievement of specific individual performance goals by our named executive officers, the Compensation Committee created the second bonus opportunity based upon the Breakthrough Goals.

Table of Contents

Under the terms of Mr. Larsen's offer letter, his minimum annual cash bonus for 2010 was negotiated to be \$140,000, which was the estimated bonus he was no longer going to receive as a result of his resignation from his prior employer.

Annual Cash Bonus under the Annual Bonus Plan.

In February 2010, the Compensation Committee established the performance goals and the maximum, target, and threshold achievement levels for each of the named executive officers (except for Mr. Larsen who joined the Company in October 2010) under the Annual Bonus Plan. Messrs. Pennypacker, Walters and Castorena and Mrs. Cornell's performance goals were based on the Company's 2010 Company adjusted net income (weighted at 48%) and Company adjusted operating cash flow (weighted at 32%), as such terms are defined below. Mr. Morgan's performance goals were based on the Engineered Product Group's group adjusted operating earnings (weighted at 50%) and group adjusted operating cash flow (weighted at 10%), as such terms are defined below, as well as Company adjusted net income and Company adjusted operating cash flow (weighted at 12% and 8%, respectively).

Company adjusted net income is defined as the Company's income before taxes, excluding impairment charges and restructuring charges in excess of budget, less taxes which exclude the tax effect of the excluded items and non-recurring tax-related adjustments.

Company adjusted operating cash flow is defined as the Company's net cash provided by operating activities, excluding excess tax benefits from stock-based compensation.

Group adjusted operating earnings is defined as the Engineered Product Group's operating earnings excluding impairment charges, corporate allocations, other non-operational items and restructuring charges in excess of budget.

Group adjusted operating cash flow is defined as the Engineered Product Group's net income adjusted for impairment charges, restructuring charges in excess of budget and the transfer of certain business units, plus the group's depreciation and amortization and the cash effect of changes in receivables, advance payments and inventories.

Adjusted net income was set as a performance goal to reflect the effect of management's performance on stockholder return. Adjusted operating cash flow was set as a performance goal to reflect the continued importance of cash flow in providing funds to pursue our growth strategies, accelerate our debt repayment, and maintain our dividend policy. Adjustments to the financial measurements were made by the Compensation Committee to avoid volatile, inflation or deflation of the cash bonus due to either unusual items in the performance period or items that are not indicative of the core operating performance of the Company or group, as applicable.

In establishing the performance goals for Mr. Morgan, the Compensation Committee included both Company and group performance goals to provide incentives for operational performance over which Mr. Morgan exerts the greatest degree of short-term control, while ensuring overall accountability to corporate performance. The Compensation Committee believes this incentive helps solidify our corporate culture and ensure our business units are working for the greater good of the Company and our stockholders.

Under the terms of the Annual Bonus Plan, the Compensation Committee may, in its discretion, reduce or eliminate entirely the amount of any annual cash bonus payable to any named executive officer upon attainment of the performance goals, but any such reduction may not increase the awards of another named executive officer. In 2010, the Compensation Committee did not exercise its discretion to decrease any portion of the named executive officers cash bonus payout under the Annual Bonus Plan.

Annual Cash Bonus under the Breakthrough Goals.

In February 2010, the Compensation Committee established the Breakthrough Goals (weighted at 20%) and the maximum, target, and threshold achievement levels for each of the named executive officers (except for Mr. Larsen who joined the Company in October 2010).

In establishing the Breakthrough Goals, the Compensation Committee asked Mr. Pennypacker to develop individual goals for each of the other named executive officers that were directly related to our strategic plan and

Table of Contents

would better position the Company once the economy improved. The Compensation Committee, with input from the Chairman and Mr. Pennypacker, developed Mr. Pennypacker’s Breakthrough Goals, which were also directly related to our strategic plan. Each of our named executive officer’s Breakthrough Goals included operational improvements in their respective areas of responsibility. Throughout 2010, the named executive officers reported quarterly to the Board on the progress being made in the achievement of their goals.

Mr. Pennypacker’s Breakthrough Goals included:

- The successful implementation and execution of our restructuring projects,
- Continuing to drive the Gardner Denver Way into the fabric of our organization,
- Building the Company’s market position in emerging markets,
- Driving innovation led by the voice of the customer into our product development process,
- Focusing on aftermarket growth, and
- Developing leadership bench strength.

Mr. Walters’ Breakthrough Goals included managing the Company’s world-wide legal budget, improving the quality of the legal department’s service to the Company’s operations, further enhancing the Company’s compliance program, managing the Company’s litigation portfolio, and further enhancing the Company’s environmental, health and safety program.

In 2010, the Compensation Committee set each named executive officer’s total cash payout under the Annual Bonus Plan and Breakthrough Goals at targets ranging from 45-90% of his or her respective base salary, and payments can be increased to a maximum range of 200% of target for maximum performance and decreased to 40% of target for threshold performance. Bonus payments increase as performance levels increase. With respect to the total cash payout for 2010, the Compensation Committee established the following target percentages of base salary for our named executive officers:

In February 2011, the Compensation Committee evaluated and determined the degree to which the performance goals under the Annual Bonus Plan for 2010 had been met. To the extent the Company's actual performance falls between the threshold, target and maximum achievement levels, the cash bonus is linearly interpolated. Based on this analysis, the Compensation Committee awarded Messrs. Pennypacker, Walters, Castorena, and Morgan, and Mrs. Cornell a cash bonus of \$1,113,475, \$196,532, \$205,308, \$228,146, and \$334,912, respectively, under the Annual Bonus Plan. Mrs. Cornell's payout was prorated based on the date of her retirement.

In February 2011, the Compensation Committee subjectively evaluated and determined the degree to which the Breakthrough Goals for 2010 had been met. Based on this analysis, the Compensation Committee awarded Messrs. Pennypacker, Walters, Castorena, and Morgan, and Mrs. Cornell \$216,000, \$34,312, \$45,137, \$66,250, and \$43,313, respectively, for achievement of the Breakthrough Goals. Mrs. Cornell's amount was prorated based on the date of her retirement.

For 2010, the total cash payout under the Annual Bonus Plan and Breakthrough Goals to Messrs. Pennypacker, Walters, Castorena, and Morgan, and Mrs. Cornell were \$1,329,475, \$230,844, \$250,445, \$294,396 and \$378,225, respectively. Pursuant to the terms of Mr. Larsen's offer letter, he received a minimum cash bonus of \$140,000 for 2010. In 2010, each of the named executive officer's target annual cash bonus, as well as their annual cash compensation (i.e., base salary and target annual cash bonus) fell below the 50th percentile of the custom peer group.

Table of Contents

The Compensation Committee subjectively determined this to be appropriate in light of the named executive officer's tenure with the Company and/or time in their current position with the Company.

Long-Term Incentive Compensation

Under the Incentive Plan, the named executive officers are eligible to receive awards in the form of stock options, RSUs and a long-term cash bonus. Generally, these awards are granted annually at our February Compensation Committee meeting, which occurs after the presentation of our annual financial results. The purpose of these awards is to promote the Company's long-term financial interests by encouraging the named executive officers to acquire an ownership position in the Company and to provide incentives for specific individual performance.

The allocation of the 2010 target long-term incentives for the named executive officers (other than Mr. Larsen) was as follows:

This allocation is based on the target long-term cash bonus opportunity and the grant date fair value of the stock options and RSUs granted to the named executive officers in February 2010. The amount of Mr. Larsen's 2010 stock option and RSU awards were intended to be equal to the value of forfeited awards from his prior employer as a result of Mr. Larsen joining the Company in October 2010.

Long-Term Equity Incentives. In 2010, our named executive officers received long-term equity incentives consisting of stock options and RSUs, with such equity incentives constituting a material portion of their total direct compensation.

Stock options are designed to encourage the named executive officers to increase stockholder value as stock options only have value when the price of our common stock increases over the stock option's exercise price. RSUs are designed to encourage retention of the named executive officers as they are contractual rights to receive a specified number of shares of our common stock in the future. Generally, (a) stock options have an exercise price equal to the closing sale price of our common stock on the date of grant and become exercisable in one-third annual increments commencing on the one-year anniversary of the option's grant date and (b) RSUs vest at one time, three years from the date of grant.

The Compensation Committee believes that using stock options and RSUs creates a better balance between risk and reward than stock options alone and further strengthens retention, reinforces incentives for performance, and encourages an ownership interest in the Company.

Table of Contents

The Compensation Committee awarded the following equity incentive awards to our named executive officers in 2010:

| Named Executive Officer | Stock Options | RSUs |
|--------------------------------|----------------------|-------------|
| Barry L. Pennypacker | 40,000 | 20,000 |
| Michael M. Larsen(1) | 7,100 | 2,400 |
| Brent A. Walters | 6,500 | 3,000 |
| Armando L. Castorena | 5,800 | 2,600 |
| T. Duane Morgan | 6,900 | 4,500 |
| Helen W. Cornell(2) | 10,000 | 4,700 |

- (1) On October 11, 2010, Mr. Larsen was awarded stock options and RSUs upon joining the Company.
- (2) In addition to the 4,700 RSUs, Mrs. Cornell also received 2,304 RSUs on November 26, 2010 pursuant to the terms and conditions of her separation agreement.

Except for Mr. Larsen, the specific number of stock options and RSUs granted to the named executive officers were based primarily upon competitive pay data and the advice and counsel of Meridian and Mr. Pennypacker (except with respect to his own long-term equity incentives). The Compensation Committee also considered the individual accomplishments and contributions discussed above, the scope of such named executive officer's responsibilities, and tenure with the Company. The allocation of the 2010 equity awards between stock options and RSUs was based upon competitive pay data and the advice and counsel of Meridian.

Long-Term Cash Bonus Awards. Under the Incentive Plan, the Compensation Committee may also grant long-term cash bonus awards to the named executive officers. Long-term cash bonuses are tied to the achievement of Company performance targets over a pre-determined performance period, which historically has been three years.

The long-term cash bonus awards are based on any one or more of the following performance measures:

- Operating income;
- Net income;
- Earnings per share of our common stock;
- Earnings before taxes;
- Return on equity;
- Cash flow; and
- Total stockholder return.

The Compensation Committee believes that the long-term cash bonus awards provide a strong incentive for the named executive officers to achieve the Company's long-term strategic and financial goals that ultimately drive the creation of sustainable stockholder value. The Incentive Plan permits the cash bonuses to be denominated in either cash or

restricted stock awards. Historically, the Compensation Committee has paid the bonuses in cash to appropriately balance the named executive officers' long-term compensation opportunities between cash and equity. These awards also encourage retention among the named executive officers.

In February 2010, the Compensation Committee granted a long-term cash bonus award tied to a compound growth rate of earnings before taxes (EBT) (subject to adjustment as provided under the Incentive Plan) for our industrial businesses, during the three-year period beginning January 1, 2010 through December 31, 2012. The threshold, target, and maximum achievement levels that must be met by the end of the performance period are based upon the following compound growth rates of EBT (subject to adjustment as provided under the Incentive Plan) for our industrial businesses over the performance period.

| Threshold Performance | Target Performance | Maximum Performance |
|------------------------------|---------------------------|----------------------------|
| 4% | 8% | 12% |
| | 40 | |

Table of Contents

The Compensation Committee believes the specific performance targets are appropriately challenging and consistent with achieving the Company's long-term growth and profitability goals. In particular, the threshold, target, and maximum achievement levels are set so that the relative difficulty of meeting the target level is believed to be consistent from year to year. The specific performance targets for EBT are considered competitively sensitive information and disclosure thereof would reveal the Company's tactical operations, sales and marketing initiatives resulting in a significant disadvantage for the Company in the marketplace. Since the Compensation Committee began granting long-term bonus award opportunities in 2001, the Company has achieved performance in excess of the maximum level five times and did not achieve threshold performance three times, including in 2010.

Assuming that at least the threshold achievement level is met, the long-term cash bonus is calculated by multiplying: (a) the product of (i) the respective named executive officer's base salary (at the end of the performance period) by (ii) such officer's respective base salary factor (as set forth below); by (b) the applicable achievement level met (i.e., threshold (50%), target (100%) or maximum (200%)) at the end of the three-year measurement period. With respect to the 2010 long-term cash bonus award that is potentially payable in 2013, the Compensation Committee established the following base salary factors for the named executive officers:

| Named Executive Officer | Base Salary Factor |
|--------------------------------|---------------------------|
| Barry L. Pennypacker | 105% |
| Michael M. Larsen | 55% |
| Brent A. Walters | 55% |
| Armando L. Castorena | 50% |
| T. Duane Morgan | 65% |
| Helen W. Cornell | 60% |

The Compensation Committee determined the above base salary factors based on advice from Meridian and with the intention that such factors would result in a long-term cash bonus opportunity equaling approximately one-third of each respective named executive officer's target long-term incentives.

The Compensation Committee believes growth in EBT provides an appropriate and objective measure of the Company's long-term performance because it is closely tied to the creation and retention of stockholder value. The Compensation Committee's objective is to set an achievable, yet challenging target (100% payout).

In February 2011, the Compensation Committee evaluated and determined the degree to which the criteria for long-term cash bonus award opportunities granted in 2008 to the eligible named executive officers (i.e., Messrs. Pennypacker, Walters, Castorena and Morgan and Mrs. Cornell) under the Incentive Plan (the "2008 L-T Bonus") had been met. Any 2008 L-T Bonus earned by Messrs. Walters and Castorena would be pro rated based upon their time of service with the Company. The criteria for the 2008 L-T Bonus was tied to the compound growth rate of EBT (as may be adjusted) for our industrial businesses, which excluded petroleum products, during the period January 1, 2008 through December 31, 2010. Based on its analysis of the Company's performance, the Compensation Committee determined that the threshold level of growth in EBT was not achieved and no bonuses were paid to participating executives under the 2008 L-T Bonus Opportunity.

In 2010, each of the named executive officer's target long-term incentives, as well as target total direct compensation (i.e., base salary, target annual cash bonus and target long-term incentives), fell below the 50th percentile of the custom peer group. The Compensation Committee subjectively determined this to be appropriate in light of the named executive officers' tenure with the Company and/or time in their current position with the Company. Mr. Larsen's 2010 total direct compensation was based upon competitive pay data and advice provided by Meridian.

Retirement Benefits

The Company provides its employees, including the named executive officers, with various retirement benefits. The retirement plans are designed to assist employees, including the named executive officers, in planning for retirement and securing appropriate levels of income during retirement. The purpose of the retirement plans is to attract and retain quality employees as these types of benefits are typically offered by the Company's competitors.

Table of Contents

Pension Plan. The Company maintains a Pension Plan and previously maintained a Supplemental Excess Defined Benefit Plan for the benefit of certain employees as defined in the Pension Plan. Effective November 1, 2006, the Company implemented certain revisions to the Pension Plan and future service credits under the Pension Plan ceased effective October 31, 2006. Also at this time, the Supplemental Excess Defined Benefit Plan was merged into the Supplemental Excess Defined Contribution Plan. All of the named executive officers except for Messrs. Pennypacker, Larsen, Walters, and Castorena, are fully vested in the Pension Plan and the benefit while covered under the Supplemental Excess Defined Benefit Plan. Messrs. Pennypacker, Larsen, Walters and Castorena joined the Company after November 1, 2006 and will not receive any benefits under the Pension Plan or as a participant under the former Supplemental Excess Defined Benefit Plan.

Retirement Savings Plan. The Retirement Savings Plan is a tax-qualified retirement savings plan. All full-time or eligible part-time U.S. employees, including the named executive officers, are eligible to participate in the Retirement Savings Plan. Employees may contribute from 1% to 100% of compensation tax deferred to the plan up to the applicable IRS limit. We match employee contributions on the first 3% of employee compensation (\$1 for each \$1) and on the second 3% of employee compensation (\$0.50 for each \$1). The Company match is contributed in the form of our common stock. Participants may transfer out of our common stock to one of twenty investment funds at any time. Beginning November 1, 2006, employees at certain eligible locations also receive a non-elective Company contribution equal to the former Pension Plan credits. The non-elective Company contribution is equal to 4% of total compensation paid, up to the Social Security wage base for the year, plus 8% of total compensation paid in excess of the Social Security wage base up to the IRS annual compensation limit. For purposes of the non-elective Company contribution, total compensation is cash remuneration paid during the year by the Company to or for the benefit of a participant, including base salary for the current year, annual cash bonus earned during the prior year but paid in the current year for our named executive officers and the long-term cash bonus opportunity earned over the prior three-year period but paid in 2010. All employee and Company matching contributions are fully vested immediately and the non-elective Company contribution becomes fully vested after three years of employment. All of the named executive officers are fully vested in the non-elective Company contribution portion of the Retirement Savings Plan, except for Messrs. Larsen, Walters, and Castorena, who will fully vest on the third anniversary of their employment with the Company.

Supplemental Excess Defined Contribution Plan. In addition to the Retirement Savings Plan, employees receiving a base pay of \$110,000 or higher, including the named executive officers, are eligible to participate in the Supplemental Excess Defined Contribution Plan which is funded by the Rabbi Trust. This plan provides executives with a similar level of benefits afforded to all other employees who are not subject to the limitations imposed by the IRS on our tax qualified Retirement Savings Plan.

Employees start contributing to the Supplemental Excess Defined Contribution Plan when they exceed the IRS pre-tax limits and the catch up limit for participants age 50 or over. The Company matches the first 3% of employee contributions \$1 for each \$1 and the second 3% of employee contributions \$0.50 for each \$1. Company matching contributions under the Supplemental Excess Defined Contribution Plan are contributed in the form of cash rather than our common stock. All employee and Company matching contributions are fully vested immediately.

The named executive officers are also credited with a non-elective Company contribution of 12% of recognized compensation in excess of the IRS limit. The Company non-elective contributions are also contributed in cash. The non-elective Company contribution becomes fully vested after three years of employment. All of the named executive officers are fully vested in the non-elective Company contribution portion of the Supplemental Excess Defined Contribution Plan, except for Messrs. Larsen, Walters, and Castorena, who will fully vest on the third anniversary of their employment with the Company.

Other Perquisites

Standard Employee Benefits. In addition to the compensation and retirement plans listed above, all of the Company's U.S. employees, including the named executive officers, are eligible to receive health, dental, disability and life insurance coverage. Additionally, all employees are entitled to vacation, sick leave and other paid holidays. The commitment to provide employees with these benefits recognizes the Compensation Committee's belief that the health and well-being of the Company's employees directly impacts its overall success.

Table of Contents

Perquisites. The Compensation Committee believes that the perquisites it provides conform to the overall executive compensation program and assist in recruiting and retaining key executives. The cumulative values of such perquisites are included in the All Other Compensation column of the Summary Compensation Table set forth below and are individually accounted for in the All Other Compensation Table set forth below.

The following perquisites are offered to the named executive officers:

Annual tax planning and preparation services;

Estate planning services (once every five years);

Executive retirement planning;

An executive physical is required once every two years beginning in 2010;

Long-term disability insurance;

Executive long-term care insurance;

Matching charitable contributions; and

Relocation assistance, as appropriate.

The counseling and planning perquisites assist the named executive officers in managing their long-term financial viability and optimizing the value of the Company's other compensation plans that ultimately benefits the Company.

Long-term disability insurance for all of the Company's salaried, U.S. employees, contains a benefit of 662/3 of covered compensation up to a monthly maximum of \$7,000. The named executive officers are offered this same benefit with a monthly maximum of \$15,000. The increased monthly maximum is more commensurate with the named executive officers' salaries than our standard employee monthly maximum. The additional long-term disability insurance is designed to achieve the replacement of an equivalent level of income should an unforeseeable injury or disability occur.

The long-term care insurance offered to the named executive officers is paid for over a ten-year period, provided the executive remains employed by the Company. The benefits under this policy include medical care at home and at a variety of healthcare facilities. The daily benefit is currently \$300 per day and will increase over time with a cost of living adjustment.

The Company has a tradition of supporting charitable organizations in areas where its employees are located. To encourage the named executive officers to support charitable organizations, which best serve the educational, health, welfare, cultural, civic and social needs of the community, the Company developed an Executive Matching Gift Program. We match charitable donations made by the named executive officers of up to \$2,500 annually that are made to eligible organizations under the policy. However, there is no limit on the matching donations made by the CEO. Historically, the total matching contributions made by the Company on behalf of Mr. Pennypacker, during any calendar year, has not been more than \$2,000.

We provide relocation assistance to move certain of our current employees and new hires, including our named executive officers, covering most of the reasonable costs and expenses incurred during the move. Reasonable costs and expenses include items such as temporary living, trips between their prior home and the relocation city, costs

associated with purchasing a new home, assistance with sale of their current residence, moving costs, a miscellaneous allowance of one month's salary, a guaranteed home buyout, loss on sale protection (if necessary), tax assistance for certain relocation benefits and other approved reasonable expenses. During 2010, Messrs. Pennypacker, Walters and Castorena received relocation assistance of \$1,560,717, \$54,737 and \$220,986, respectively, which included tax assistance to cover certain tax expenses related to relocation benefits.

The Compensation Committee has determined to offer the above-described perquisites in order to attract and retain the named executive officers by offering compensation opportunities that are competitive with the Company's competitors. The Compensation Committee believes these benefits and perquisites provide a more tangible incentive than an equivalent amount of cash compensation.

Table of Contents

Change in Control Agreements

The Company has entered into Change in Control Agreements, referred to herein as the CIC Agreements, with each of the named executive officers. For an executive to receive benefits under their CIC Agreement, two events must occur: (a) a change in control and (b) termination by the Company of the named executive officer's employment other than for cause or termination by the executive officer for good reason, as defined below. This two-prong requirement allows us and our named executive officers to concentrate on our goals and the potential change in control without incurring any costs unless a named executive officer is terminated. The CIC Agreements also place certain limits on the named executive officers disclosing confidential information and soliciting our employees, customers or clients.

In 2008, the Compensation Committee retained Hewitt Associates, LLC (Hewitt) to do a market analysis of our CIC Agreements and external legal counsel to review our CIC Agreements in light of the new tax regulations and other legal developments. The Compensation Committee reviewed the Hewitt report, recommendations from legal counsel, and the terms and conditions of our CIC Agreements in relation to the change in control provisions included in our Incentive Plan and Annual Bonus Plan. Following this review, the Compensation Committee determined that maintaining these agreements with certain revisions is in the best interest of the stockholders in light of our named executive officers' knowledge and experience and the need for management continuity during a potential change in control. The Compensation Committee believes the CIC Agreements encourage each of our named executive officers to continue to carry out their officer's duties in the event of a possible change in control of the Company. For a further description of the potential benefits in case of a change in control, please see the Potential Payments Upon Termination or Change in Control section set forth below.

Other

Section 162(m) of the Code limits the deductibility by public corporations of certain non-performance based compensation paid to specified executive officers. The Compensation Committee endeavors to maximize deductibility of compensation by qualifying for exemption from the Section 162(m) limitations to the extent practicable, subject, however, to maintaining competitive compensation. However, the Compensation Committee does not strictly limit executive compensation to that which is exempt from the deduction limitations of Section 162(m) and has not adopted a policy requiring all compensation to be so exempt. The Compensation Committee believes that adopting such a policy would limit its ability to maintain flexibility in compensating named executive officers.

The value realized on the exercise of options and vesting of restricted stock does not account for the personal tax liability incurred by the named executive officers.

| Name | Option Awards | | Stock Awards | |
|----------------------|--|---------------------------------|--|-----------------------------------|
| | Number of Shares Acquired on Exercise (#)(1) | Value Realized on Exercise (\$) | Number of Shares Acquired on Vesting (#) | Value Realized on Vesting (\$)(2) |

| Helen W. Cornell(1) | 33,950 | 1,097,580 | 14,850 | 900,794 |

- (1) The value realized on exercise is based on the difference between the market price of the Company's common stock on the date of exercise and the exercise price.
- (2) The value realized on vesting is based on the market price of the Company's common stock on the vesting date.

PENSION BENEFITS

The Company maintains a frozen Pension Plan and previously maintained a Supplemental Excess Defined Benefit Plan for the benefit of certain employees as defined in the frozen Pension Plan and the Supplemental Excess Defined Benefit Plan. The Company also maintains certain other pension plans in which the named executive officers do not participate.

Under the frozen Pension Plan, the Company credited 4% of total compensation paid, up to the Social Security wage base for the year, plus 8% of total compensation paid in excess of the Social Security wage base up to the IRS annual compensation limit, annually to each individual's account. For purposes of the frozen Pension Plan, total compensation is cash remuneration paid during the year by the Company to or for the benefit of a participant, including base salary for the current year, annual cash bonus earned during the prior year but paid in the current year for the named executive officers and the long-term cash bonus paid under the Incentive Plan.

Benefits at retirement are payable, as the participant elects, in the form of a level annuity with or without survivorship or a lump-sum payment. The Company maintained the status of the frozen Pension Plan as a qualified defined benefit plan through sufficient contributions to a trust fund to meet the minimum requirements under the Internal Revenue Code.

Effective November 1, 2006, the Company implemented certain revisions to the frozen Pension Plan. Future service credits under the frozen Pension Plan ceased effective October 31, 2006. The accrued benefit was credited with interest that is equal to the rate on the 30 year constant maturity rates for December of the prior plan year. The

participants' accrued benefits under the frozen Pension Plan will not be less than the amount of each participant's accrued and vested benefits as of October 31, 2006. If a participant is not fully vested in his or her accrued benefit under the frozen Pension Plan, the participant will continue to earn time toward vesting based on continued service.

In connection with the revisions to the frozen Pension Plan, the Company increased future Company contributions to certain Company-sponsored defined contribution savings plans, one of which is a qualified plan under the requirements of Section 401(k) of the Internal Revenue Code. Certain amounts previously credited to the frozen Pension Plan are contributed to the Retirement Savings Plan.

The change enabled the Company to reduce its long-term unfunded liabilities and gain better control over its retirement expense/cash flow volatility. For 2010, employees' accrued benefit under the frozen Pension Plan was increased with an annual interest credit of 2.87%.

Table of Contents

The Company also maintained the Supplemental Excess Defined Benefit Plan. The Supplemental Excess Defined Benefit Plan is a nonqualified plan that provided certain employees, including the named executive officers, frozen Pension Plan benefits that cannot be paid from a qualified, defined benefit plan due to provisions of the Internal Revenue Code. The Supplemental Excess Defined Benefit Plan provided the named executive officers with a credit of 12% of annual compensation in excess of the IRS annual compensation limit for 2006 of \$220,000. Effective November 1, 2006, the Supplemental Excess Defined Benefit Plan was merged into the Supplemental Excess Defined Contribution Plan. Effective with the merger, the 12% Company contribution is made to the Supplemental Excess Defined Contribution Plan.

The following table presents individualized information for each named executive officer as of December 31, 2010, on the actuarial present value of the accumulated benefit under the frozen Pension Plan determined using interest rate and mortality rate assumptions consistent with those used in our financial statements and the number of years of credited service.

2010 PENSION BENEFITS

| Name | Plan name | Number of Years of Credited Service (#)(1) | Present Value of | Payments During Last Fiscal Year |
|----------------------|--------------|--|--|---|
| | | | Accumulated Benefits (2),(3),(4) | |
| Barry L. Pennypacker | Pension Plan | 0 | \$ 0 | \$ 0 |
| Michael M. Larsen | Pension Plan | 0 | \$ 0 | \$ 0 |
| Brent A. Walters | Pension Plan | 0 | \$ 0 | \$ 0 |
| Armando L. Castorena | Pension Plan | 0 | \$ 0 | \$ 0 |
| T. Duane Morgan | Pension Plan | 3 | \$ 17,801 | \$ 0 |
| Helen W. Cornell | Pension Plan | 19 | \$ 277,240 | \$ 0 |

- (1) Under the frozen Pension Plan, an individual is retirement eligible at age 65. The frozen Pension Plan does not delineate between early retirement and retirement provided the individual meets the retirement eligibility requirements noted above. Messrs. Pennypacker, Larsen, Walters and Castorena joined the Company after the Pension Plan was frozen and will not receive any benefits under our frozen Pension Plan. Mr. Morgan is currently retirement eligible.
- (2) The frozen Pension Plan is a cash balance account and for financial reporting purposes all employees reaching retirement age are assumed to select a lump sum. Therefore, the present value of accumulated benefits as of December 31, 2010, is the actuarial present value of the anticipated lump sum benefit to be paid at normal retirement age. In determining the actuarial present value, the long-term interest crediting rate is assumed to be 5.5% and the discount rate is assumed to be 5.3%.
- (3) The elements of compensation included in determining benefits under the frozen Pension Plan include annual salary, annual bonus and long-term cash bonuses.

- (4) The benefits above will not be modified upon a change in control since all the participating named executive officers are vested.

NONQUALIFIED DEFERRED COMPENSATION

In addition to the Retirement Savings Plan, employees receiving a base pay of \$110,000 or higher, including the named executive officers, are eligible to participate in our Excess Contribution Plan. Eligible employees elect a deferral percentage under the Retirement Savings Plan at the time of enrollment in the Excess Contribution Plan or once per year in December for the following year. A separate election to defer from the annual bonuses is made in December for the bonus payable the following year. Employees' basic contributions under the Excess Contribution Plan are credited in an amount that would have been contributed to the Retirement Savings Plan once contributions to the Retirement Savings Plan exceed certain IRS limits. The Company matches the first 3% of employee contributions \$1 for each \$1 and the second 3% of employee contributions \$0.50 for each \$1. The Company match

is credited in the form of cash. The named executive officers and certain other eligible executives receive a non-elective Company contribution of 12% of compensation, after they exceed the annual IRS compensation limit. Account balances from the former Supplemental Excess Defined Benefit Plan were merged into this Plan on November 1, 2006. All employee and Company matching contributions are fully vested immediately and the non-elective Company contribution becomes fully vested after three years of employment. All named executive officers are fully vested in the non-elective Company contribution portion of the Excess Contribution Plan, except Messrs. Larsen, Walters and Castorena, who will fully vest on the third anniversary of their employment with the Company.

The investment options available to the named executive officers under the Excess Contribution Plan are virtually the same as those offered to all of the Company's employees under the Retirement Savings Plan. Because some investment options available under the Retirement Savings Plan are not available for the nonqualified plan, the Company has made similar investment options available to the nonqualified plan participants. The table below shows the funds available under the Excess Contribution Plan and their annual rate of return for the calendar year ended December 31, 2010, as reported by the administrator of the Retirement Savings Plan.

- (1) These amounts are included in the Base Salary column of the Summary Compensation Table.
- (2) These amounts are included in the All Other Compensation column of the Summary Compensation Table.
- (3) In the event of a change in control, each named executive officer may be entitled to a lump sum payment of all compensation previously earned subject to any applicable elections under the plan. Any deferred compensation by the named executive officer and all interest and earnings deemed accrued thereon (unless the executive officer elects to defer this payment) shall be distributed six months or more after the date of the executive's termination. The amount included is the ending balance of each named executive officer's non-qualified Excess Contribution Plan account. In addition, the named executive officers would also be entitled to a lump sum payment under the qualified Retirement Savings Plan which they would be eligible to receive regardless of the reason for termination. See the Change in Control discussion below.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL***Executive Change in Control Agreements***

The Company has entered into CIC Agreements with each of the named executive officers. Except as noted below, each CIC Agreement has substantially identical terms and is intended to encourage each of the named executive officers to continue to carry out their respective duties in the event of a possible change in control of the Company.

The CIC Agreements contain a double trigger. If, during the 24-month period following a Change in Control (as defined below), the Company terminates the named executive officer's employment other than for Cause (as defined below) or the named executive officer terminates his or her employment with us for Good Reason (as defined below), the named executive officer will be entitled to receive:

Accrued but unpaid base salary through the date of termination;

A severance payment of two times: (1) the named executive officer's annual base salary; and (2) the target annual cash bonus amount for the previous year pursuant to the Annual Bonus Plan;

A pro-rata bonus for the year of termination calculated based upon the named executive officer's target annual cash bonus amount for the previous year pursuant to the Annual Bonus Plan (provided the executive officer is not receiving such a pro-rata bonus under the Annual Bonus Plan); and

Continued medical, dental and life insurance benefits for a period of up to two years.

Our President and Chief Executive Officer, Mr. Pennypacker, has entered into a CIC Agreement with provisions similar to those above, except that: (1) the severance payment is equal to three times his respective

Table of Contents

(a) annual base salary and (b) target annual cash bonus amount for the previous year pursuant to the Annual Bonus Plan; and (2) the medical, dental and life insurance benefits continue for a period of up to three years.

The CIC Agreements also provide that the named executive officer may not compete with the Company, solicit its employees or disparage the Company for a period of (1) two years following the date of termination for Messrs. Larsen, Walters and Castorena, and (2) three years following the date of termination for Mr. Pennypacker. Each named executive officer is also required to abide by the terms of their Executive Employee Nondisclosure Agreement, which prohibits the named executive officer from disclosing confidential information concerning its business for a period of ten years following the date of termination. If the named executive officer breaches these restrictive covenants, the Company is entitled to legal rights and remedies, including, but not limited to: (1) specific performance; (2) requiring the named executive officer to return all compensation and other benefits received by the named executive officer as the result of any action constituting the breach; or (3) ceasing the payments and benefits payable to the named executive officer under the CIC Agreement from the date of the breach. The cash amounts payable under the CIC Agreements will be paid in a single lump sum payment on the regularly scheduled payroll day immediately following the 30th day after the named executive officer's termination.

The description of the CIC Agreements set forth above does not purport to be complete and is qualified in its entirety by reference to the forms of CIC Agreements attached as Exhibits 10.4 and 10.5 to the Current Report on Form 8-K filed by us with the SEC on November 10, 2008.

Long-Term Incentive Plan

Pursuant to the terms of the Incentive Plan, in the event of a Change in Control:

Any stock appreciation rights which have not been granted in tandem with stock options will become exercisable in full;

The restrictions applicable to all shares of restricted stock and RSUs will lapse and such shares will be deemed fully vested and all restricted stock granted in the form of share units will be paid in cash;

All performance shares and long-term cash bonuses will be deemed to be earned on a prorated basis at the payment opportunity associated with the achievement of 100% of the performance targets assigned to such awards, and all performance shares granted in the form of share units will be paid in cash; and

Any named executive officer who has been granted a stock option which is not exercisable in full will be entitled, in lieu of the exercise of the portion of the stock option which is not exercisable, to obtain a cash payment in an amount equal to the difference between the option price of such stock option and (1) in the event the Change in Control is the result of a tender or exchange offer for Common Stock, the final offer price per share paid for the Common Stock, or such lower price as the Compensation Committee may determine with respect to any incentive stock option to preserve its incentive stock option status, multiplied by the number of shares of Common Stock covered by such portion of the stock option, or (2) in the event the Change in Control is the result of any other occurrence, the aggregate value of the Common Stock covered by such portion of the stock option, as determined by the Compensation Committee at such time.

Pursuant to the terms of the Incentive Plan, in the event of death, disability or retirement:

Any stock appreciation rights which have not been granted in tandem with stock options will become exercisable in full;

The restrictions applicable to all shares of restricted stock and RSUs will lapse and such shares will be deemed fully vested;

All performance shares and long-term cash bonuses will be deemed to be earned on a prorated basis at the payment opportunity associated with the achievement of the performance targets at the end of the performance period;

All options will vest immediately and be exercisable for the shorter of the expiration date or five years from the date of retirement or disability or one year from the date of death.

Table of Contents

In the event of termination for any reason other than those listed above, all benefits under the Incentive Plan will terminate immediately.

The description of the Incentive Plan set forth above does not purport to be complete and is qualified in its entirety by reference to the Incentive Plan attached as Appendix A to the Company's definitive proxy statement filed with the SEC on March 17, 2010.

Executive Annual Bonus Plan

Pursuant to the terms of the Annual Bonus Plan, immediately upon a Change in Control, the named executive officer will receive a prorated payment of the award payable under the Annual Bonus Plan at the target performance goal level and the Company will make a payment in cash to each named executive officer within ten days after the effective date of the Change in Control in the amount of such target award. The Annual Bonus Plan does not provide for any benefits upon termination for any reason other than a change in control. The Compensation Committee retains the right to provide benefits under the Annual Bonus Plan for terminated employees.

The description of the Annual Bonus Plan set forth above does not purport to be complete and is qualified in its entirety by reference to the Annual Bonus Plan attached as Exhibit 10.3 to the Current Report on Form 8-K filed by us with the SEC on November 10, 2008.

Defined Terms

For purposes of the CIC Agreements, the Incentive Plan and the Annual Bonus Plan, **Change in Control** means the occurrence of any of the following:

Any person acquires beneficial ownership of 20% of the combined voting power of our then-outstanding voting securities;

During any period of not more than two consecutive years, individuals who, at the beginning of such period, constitute the Board and any new directors whose election or nomination was approved by at least two-thirds of the directors then still in office who either were directors at the beginning of the period or whose election or nomination was previously so approved, cease to constitute a majority of the Board;

Our stockholders approve and we consummate a merger, other than: (1) a merger that would result in our voting securities immediately prior to such merger continuing to represent at least 50% of the combined voting power of all classes of our stock (or such surviving entity's stock) outstanding immediately after such merger; or (2) a merger effected to implement a recapitalization of us in which no person acquires more than 50% of the combined voting power of our voting securities; or

Our stockholders approve and we consummate a plan of complete liquidation or dissolution of us, or a sale of substantially all of our assets.

A Change in Control will not have occurred solely because any person acquired beneficial ownership of 20% or more of our outstanding voting securities as a result of our acquisition of voting securities which reduced the number of voting securities outstanding and increased the person's number of shares proportionately owned.

For purposes of the CIC Agreements, **Cause** means:

The named executive officer's willful and continued failure to substantially perform his or her reasonably assigned duties with us or our affiliates, which failure continued for at least 30 days after written demand for substantial performance was delivered to the named executive officer by us identifying the manner which we believe his or her duties have not been substantially performed;

The named executive officer's breach of a fiduciary duty involving personal profit, commission of a felony or a crime involving fraud or moral turpitude, or material breach of any provision of the CIC Agreement; or

The named executive officer willfully engages in illegal conduct or gross misconduct which is materially and demonstrably injurious to us.

Table of Contents

No act or failure to act on the part of the named executive officer will be considered willful unless it is done, or omitted to be done, in bad faith or without a reasonable belief that the action or omission was legal, proper, and in the best interests of us or our affiliates. Any act, or failure to act, based on authority given pursuant to a resolution duly adopted by the Board, the instructions of a more senior officer or the advice of counsel will be conclusively presumed to be done, or omitted to be done, by the named executive officer in good faith and in the best interests of us and our affiliates.

For purposes of the CIC Agreements, Good Reason means, unless the named executive officer has consented in writing, the occurrence after a Change in Control of any of the following events or conditions:

The actual assignment of any duties that would constitute a material diminution in the named executive officer's position as in effect immediately prior to the Change in Control, including any material diminution in status, title, authority, duties or responsibilities or any other action which results in the same, excluding for this purpose an isolated, insubstantial and inadvertent action not taken in bad faith and which is remedied by us promptly after receipt of notice from the named executive officer;

A diminution of (5% or greater) in the named executive officer's base salary;

We require the named executive officer to be based at any location that is a material change of more than forty miles from his or her regular place of employment immediately prior to the Change in Control;

Following a Change in Control, unless a plan providing a substantially similar compensation or benefit is substituted: (1) the failure by us or our affiliates to continue in effect any material fringe benefit or compensation plan, retirement plan, life insurance plan, health and accident plan or disability plan in which the named executive officer is participating prior to the Change in Control; or (2) the taking of any action by us or our affiliates which would adversely affect the named executive officer's participation in or materially reduce his or her benefits under any of such plans or deprive him or her of any material fringe benefit;

Following a Change in Control, the failure of us to obtain the assumption in writing of our obligation to perform the CIC Agreement by any successor to all or substantially all of the assets of us or such affiliate within 15 days after a reorganization, merger, consolidation, sale or other disposition of assets of us; or

Any purported termination of the named executive officer's employment by us which is not effected pursuant to a notice of termination satisfying the requirements of paragraph three of the CIC Agreement; and for purposes of the CIC Agreement, no such purported termination will be effective.

Change in Control Benefits

The following table quantifies the estimated payments and benefits that would be provided to certain named executive officers if they were terminated within 24 months of a Change in Control other than all accrued but unpaid base salary compensation due at termination. The accelerated vesting of equity compensation and payment of all long-term cash bonuses at the target level provided by the Change in Control provision of the Incentive Plan and the payment of all outstanding cash bonus awards at the target performance goal levels under the Change in Control provision of the Annual Bonus Plan will occur upon a change in control and does not require the termination of the named executive officer to receive benefits. The estimated payments are calculated as if a Change in Control had occurred during 2010 and the named executive officer was terminated on December 31, 2010.

In addition, on November 3, 2010, the Company and Helen W. Cornell, the Company's former Chief Financial Officer, entered into a separation agreement under which Mrs. Cornell retired on November 26, 2010 (the Retirement Date). Under the agreement, Mrs. Cornell agreed to certain non-disparagement, non-competition, and confidentiality provisions and released the Company from any claims arising out of her employment. All of Mrs. Cornell's outstanding long-term cash bonus awards, along with restricted stock units and stock options that were granted after December 31, 2009, were forfeited and cancelled in full on the Retirement Date. Mrs. Cornell's outstanding restricted stock units and stock options granted prior to December 31, 2009 were vested on the Retirement Date, and such stock options remained exercisable for 90 days following the Retirement Date. Mrs. Cornell also received a grant of restricted stock units under the Company's Long-Term Incentive Plan with a market value of \$150,000, which will cliff vest in three years.

Table of Contents

Mrs. Cornell also received a pro-rata cash payment under the Company's Executive Annual Bonus Plan and other specified benefits. All other employee benefits terminated on the Retirement Date.

- (1) Under the CIC Agreements, each of the listed named executive officers would be entitled to a severance payment of an amount equal to two times the named executive officer's base salary and target annual cash bonus for the previous year, except for Mr. Pennypacker who would be entitled to three times his respective base salary and target annual cash bonus for the previous year.
- (2) Each of the listed named executive officers would be entitled to continued medical, dental and life insurance benefits for two years, except Mr. Pennypacker would be entitled to three years of continued benefits. The Company's health and dental plans have historically been self-insured so that the Company only pays a monthly administration fee for claims processing. Beginning on April 1, 2009, the Company's health insurance was changed to a fully insured plan. The calculation for the value of continued health insurance is based on the premiums paid which is renewed annually. The Company is unable to fully calculate the value of the continued dental insurance due to being self-insured and the health insurance due to premiums being changed annually. The total amount of cost for these benefits is calculated based on the total annual life insurance premiums paid, the annual health insurance premiums and dental insurance administration fee in 2010 for each such named executive officer. If the executive becomes re-employed with another employer and is eligible to receive medical, dental and/or life insurance benefits under another employer provided plan, these benefits will cease under the CIC Agreement.

- (3) Under the Excess Contribution Plan, each of the listed named executive officers would be entitled to a lump sum payment of all compensation previously earned and deferred by the executive officer and all interest and earnings accrued thereon (unless the executive officer elects to defer this payment). The amount included is the ending balance of the listed named executive officer's non-qualified Excess Contribution Plan account. In addition, the named executive officers would also be entitled to a lump sum payment under the qualified Retirement Savings Plan, which they would be eligible to receive regardless of the reason for termination but are not included in the numbers above.
- (4) Pursuant to the Incentive Plan, upon a Change in Control, each of the listed named executive officer's unvested restricted stock, RSUs and options would automatically vest. The value of the accelerated vesting of the options is calculated based on the difference between the strike price and the closing price of the Company's common stock on December 31, 2010. The value of the accelerated vesting of the restricted stock awards and RSUs is based upon the closing price of the Company's common stock on December 31, 2010. See the 2010 Outstanding Equity Awards at Fiscal Year-End table set forth above.
- (5) Pursuant to the Incentive Plan, upon a Change in Control, long-term cash bonus opportunities granted in 2008, 2009 and 2010 would be deemed to be earned on a prorated basis at the payment opportunity associated with the achievement of 100% of the performance targets assigned to such awards and the percentage would be applied to each such named executive officer's 2010 annual salary.
- (6) Pursuant to the Executive Annual Bonus Plan, upon a Change in Control, each named executive officer would be entitled to a prorated payment of the award payable at the target performance goal level.
- (7) This amount reflects the total amount each of the listed named executive officers would receive if he or she was eligible to receive change in control benefits under the CIC Agreements, Incentive Plan and Annual Bonus

Table of Contents

Plan. Under the CIC Agreements, the listed named executive officers are also entitled to accrued but unpaid base salary through the date of termination. Under the terms of the CIC Agreements, in the event any of these payments are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, including any related interest or penalties incurred by executive (the **Excise Tax**), the Company shall pay the executive an amount equal to the Excise Tax. However, if the total payments do not exceed 110% of the greatest amount of payments that could be made to executive without giving rise to the Excise Tax (the **Excise Limit**), the total payments will be reduced to the Excise Limit.

Benefits Upon Death, Disability or Retirement

The following table quantifies the estimated payments and benefits that would be provided to certain named executive officers if their employment was terminated due to death, disability or retirement. The estimated payments are calculated as if the termination due to death, disability or retirement had occurred on December 31, 2010. All employees are entitled to accrued but unpaid salary and their 2010 annual cash bonus under the Executive Annual Bonus Plan at the time of termination.

| Name | Lump Sum Payment of all Deferred Compensation (1) | Accelerated Vesting of Equity Compensation (LTIP)(2) | Payment of All Outstanding Long-Term Cash Bonuses at Target Level (LTIP)(3) | Total |
|----------------------|--|---|--|---------------|
| Barry L. Pennypacker | \$ 945,433 | \$ 8,526,917 | \$ 2,546,667 | \$ 12,019,016 |
| Michael M. Larsen | \$ 11,924 | \$ 265,846 | \$ 73,333 | \$ 351,103 |
| Brent A. Walters | \$ 30,855 | \$ 661,733 | \$ 227,492 | \$ 920,080 |
| Armando L. Castorena | \$ 212,525 | \$ 1,582,184 | \$ 363,853 | \$ 2,158,563 |
| T. Duane Morgan | \$ 1,579,908 | \$ 1,207,011 | \$ 649,844 | \$ 3,436,763 |

- (1) Under the Excess Contribution Plan, each of the listed named executive officers would be entitled to a lump sum payment of all compensation previously earned and deferred by the named executive officer and all interest and earnings accrued thereon (unless the executive officer elects to defer this payment). This amount represents the ending balance of the listed named executive officer's non-qualified Excess Contribution Plan account as of December 31, 2010. In addition, the named executive officers would also be entitled to a lump sum payment under the qualified Retirement Savings Plan, which they would be eligible to receive regardless of the reason for termination.
- (2) Pursuant to the Incentive Plan, upon termination due to death, disability or retirement, each of the listed named executive officer's unvested restricted stock, RSUs and options would automatically vest. The value of the accelerated vesting of the options is calculated based on the difference between the strike price and the closing price of the Company's common stock on December 31, 2010. The value of the accelerated vesting of the restricted stock awards and RSUs is the closing price of the Company's common stock on December 31, 2010. See the 2010 Outstanding Equity Awards at Fiscal Year End table set forth above.
- (3) Pursuant to the Incentive Plan, upon termination due to death, disability or retirement, long-term cash bonus opportunities granted in 2008, 2009 and 2010 would be deemed to be earned on a prorated basis at the payment

opportunity associated with the achievement of the performance targets at the end of the performance period. For the 2009 and 2010 long-term cash bonus opportunities, the amount included is the prorated basis at the payment opportunity associated with the achievement of 100% of the performance targets assigned to such awards since we will not know the level of performance targets achieved until the end of each respective performance period.

Michael M. Larsen's Offer Letter

Under the terms of Michael M. Larsen's offer letter, if Mr. Larsen is involuntarily terminated for any reason other than for cause on or before the two-year anniversary of his date of hire, he is entitled to receive (1) a cash severance payment equal to two times the sum of his base salary and target annual cash bonus, (2) the continuation of medical, dental, and life insurance benefits for one year, and (3) outplacement services for up to one year. Accordingly, assuming Mr. Larsen was terminated on December 31, 2010 for any reason other than cause, under the

Table of Contents

terms of his offer letter, Mr. Larsen would receive (1) a severance payment of \$1,180,000, (2) continued medical, dental and life insurance benefits for one year, which are valued at approximately \$48,945 and (3) outplacement services for up to one year.
