**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS  
AND THE 2011 ANNUAL MEETING**

***Q: Why am I receiving these materials?***

**A:** The Board of Directors (the Board) of Heska Corporation, a Delaware corporation (Heska or the Company), is providing these proxy materials for you in connection with Heska's Annual Meeting of Stockholders (the Annual Meeting). The 2011 Annual Meeting will take place on Tuesday, May 3, 2011. As a stockholder, you are invited to attend the 2011 Annual Meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

***Q: What information is contained in these materials?***

**A:** The information included in this proxy statement relates to the proposals to be voted on at the 2011 Annual Meeting, the voting process, the compensation of our Directors and most highly paid Executive Officers, and certain other required information. Our corporate 2010 Annual Report, and annual report on Form 10-K for the year ended December 31, 2010 as filed with the Securities and Exchange Commission (the SEC), are also enclosed.

***Q: What items of business will be voted on at the 2011 Annual Meeting?***

**A:** The items of business scheduled to be voted on at the 2011 Annual Meeting are:

- (1) The election of two nominees to serve on our Board of Directors for a three-year term;
- (2) The ratification of our independent registered public accountant for fiscal 2011.
- (3) An advisory vote with respect to discretionary voting by proxyholders, if other business properly comes before the 2011 Annual Meeting. We will also consider other business that properly comes before the 2011 Annual Meeting.

***Q: How does the Board recommend I vote on the proposals?***

**A:** The Board recommends a vote FOR the election of each of the Director nominees, FOR the ratification of Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as the Company's independent registered public accountant and FOR your preference being that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company's stockholders, if other business properly comes before the 2011 Annual Meeting and you are voting by proxy.

***Q: Who is entitled to vote?***

**A:** Stockholders as of the close of business on March 16, 2011 (the Record Date) are entitled to vote at the 2011 Annual Meeting. As of the Record Date, 5,234,100 shares of our common stock were issued and outstanding. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. A list of stockholders entitled to vote at the 2011 Annual Meeting will be available at the 2011 Annual Meeting and for ten days prior to the meeting during normal business hours at our offices at 3760 Rocky Mountain Avenue, Loveland, Colorado 80538, by contacting our Secretary.

***Q: Will you be able to confirm I am a stockholder entitled to vote if I attend the 2011 Annual Meeting in person?***

**A:** If you are a stockholder entitled to vote and attend the 2011 Annual Meeting in person, we expect to be able to confirm you as such only under certain limited circumstances. A list of stockholders is maintained and provided to us by Computershare Trust Company (Computershare), our registrar and transfer agent. This list forms the basis for tracking votes from given shares. We, through Computershare, should be able to confirm you are a stockholder entitled to vote if you hold shares registered in your name with Computershare (Registered shares). However, a large portion of our shares are held by Cede & Co., a nominee of Depository Trust Company (DTC shares) as we believe is typical for publicly traded companies. We believe DTC shares are more conveniently publicly traded than other Registered shares and thus represent most of our daily trading volume. If a broker buys a position in DTC shares from another broker, we believe the identity of the parties is typically not reported to Computershare or us. We believe Depository Trust Company maintains records of the DTC shares allocated to different entities, such as brokers and banks, and in the case of a broker buying a position in DTC shares from another broker will record an increase in the number of DTC shares allocated to the first broker equal to the

number of shares involved as well as a corresponding decrease in the number of shares allocated to the second broker. DTC shares allocated to a given broker in this way may represent many client accounts for which the broker or the broker's agent maintains internal records, which we do not believe are generally shared with Depository Trust Company or Computershare. If your shares are held through a broker, bank or other nominee and are not registered in your name with Computershare, such shares are herein referred to as being held in Street Name, and you probably received these materials through such broker, bank or other nominee. Computershare will generally not be able to identify the holders of shares held in Street Name as stockholders entitled to vote without further arrangements by the corresponding broker, bank or other nominee.

**Table of Contents**

***Q: How can I tell if my shares are held in Street Name?***

**A:** If these proxy materials were mailed to you by an entity other than Computershare, your shares are probably held in Street Name. We believe most of our shares are held in Street Name.

***Q: How do I vote?***

**A:** There are two ways you can vote Registered shares:

(1) Sign and date each proxy card you receive and return it in the postage prepaid envelope; and

(2) Vote in-person at the 2011 Annual Meeting.

If you have shares held in Street Name, you should vote the shares via the procedures adopted by your broker, bank or other nominee. This may include proxy voting communicated by mail, the internet or telephone. If you wish to vote these shares at the 2011 Annual Meeting, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2011 Annual Meeting.

***Q: How can I change my vote or revoke my proxy?***

**A:** For Registered shares, you have the right to revoke your proxy and change your vote at any time before the meeting by notifying our Secretary, or returning a later-dated proxy card. You may also revoke your proxy and change your vote by voting in person at the meeting.

For shares held in Street Name, you should follow any corresponding procedures adopted by your broker, bank or other nominee. These may include procedures as simple as a later vote via the internet or telephone to change your vote.

***Q: Who can help answer my questions?***

**A:** If you have any questions about the 2011 Annual Meeting or how to vote or revoke your proxy, you should contact:

Heska Corporation  
Attn: Secretary  
3760 Rocky Mountain Avenue  
Loveland, Colorado 80538  
(970) 493-7272

If you need additional copies of this proxy statement or voting materials, please contact our Secretary as described above.

***Q: What does it mean if I get more than one proxy card?***

**A:** It means that you hold shares in more than one account. Sign and return all proxies to ensure that all of your shares are voted.

***Q: Who will serve as inspector of elections?***

**A:** The inspector of elections is to be a representative of Computershare.

***Q: What are the quorum and voting requirements for the 2011 Annual Meeting?***

**A:** The quorum requirement for holding the 2011 Annual Meeting and transacting business is that holders of a majority of the outstanding shares of our common stock entitled to vote must be present in person or represented by proxy at the meeting.

We intend to count shares underlying proxies containing a for , withhold , against or abstain vote, as well as any signed and returned proxies without any voting instructions as present for purposes of determining a quorum.

**Table of Contents**

We will consider an abstention or a non-vote on a given matter to be a forfeiture of the right to vote on that matter and a forfeiture of the voting power present at the 2011 Annual Meeting underlying the forfeited votes regarding that matter. Accordingly, if you abstain or do not vote on a given matter, your shares will not be voted for or against that matter and will not be considered as present and entitled to vote on that matter. An abstention or a non-vote on any matter will not affect your ability to vote on any other matter.

If you hold shares in Street Name through a broker, bank or other nominee, your broker, bank or nominee may not be permitted by law, rule or policy to exercise voting discretion with respect to certain matters to be acted upon. If you do not give your broker, bank or nominee specific instructions, your underlying shares may not be voted on those matters and, if so, will not be considered as present and entitled to vote with respect to those matters. In some cases, your broker, bank or other nominee may not be permitted by law, rule or policy to exercise voting discretion with respect to any matters to be acted upon and, in the absence of specific instructions from you, may not vote or submit a proxy card to anyone at all regarding these matters. In such a circumstance, your underlying shares will not be considered present at the Annual Meeting in person or by proxy and will not be voted on any matters to be acted upon therein. The holders of a majority of the outstanding shares of our common stock, present in person or by proxy, will constitute a quorum for the transaction of business at the 2011 Annual Meeting. Election of Directors will be determined by a plurality of the votes of the shares present in person or by proxy, and entitled to vote, on the election of Directors. The ratification of our independent registered public accountant for 2011 is to be approved by the affirmative vote of a majority of the shares having voting power present in person or by proxy, and entitled to vote, on the subject matter.

***Q: Who can attend the 2011 Annual Meeting?***

**A:** All stockholders as of the Record Date can attend. If you wish to vote your shares at the 2011 Annual Meeting and your shares are held in Street Name by a broker, bank or other nominee, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2011 Annual Meeting.

***Q: What happens if additional matters are presented at the 2011 Annual Meeting?***

**A:** Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted upon at the 2011 Annual Meeting. If other business properly comes before the 2011 Annual Meeting, we will first conduct an advisory vote of the stockholders who have granted us a proxy regarding the preference of these stockholders regarding the manner in which the below persons named as proxyholders exercise their voting discretion, and then proceed to consideration of the other business which has properly come before the 2011 Annual Meeting. If you grant a proxy, the persons named as proxyholders Robert B. Grieve, Ph.D., our Chairman and Chief Executive Officer, Jason A. Napolitano, our Executive Vice President, Chief Financial Officer and Secretary and Michael A. Bent, our Vice President, Principal Accounting Officer and Controller will have the discretion to vote your shares on any additional matters presented for a vote at the meeting. It is important to note that while the proxyholders may consider the advisory vote in such a circumstance, the proxyholders retain full discretion to vote as they may determine regardless of any outcome of the advisory vote.

***Q: What happens if one or more of the nominees for Director is unable to stand for election?***

**A:** If for any unforeseen reason any of our nominees is not available as a candidate for Director, the persons named as proxyholders, Dr. Grieve, Mr. Napolitano and Mr. Bent, will vote your proxy for such other candidate or candidates who may be nominated by the Board.

***Q: Where can I find the voting results of the meeting?***

**A:** We intend to announce preliminary voting results at the 2011 Annual Meeting, and publish final voting results in an 8-K filing with the SEC within 4 business days of the 2011 Annual Meeting. If final voting results are not available within 4 business days of the 2011 Annual Meeting, we intend to publish preliminary voting results in an 8-K filing with the SEC on the fourth business day following the 2011 Annual Meeting and then publish final voting results in an 8-K filing with the SEC within 4 business days of the final voting results becoming known.

**Table of Contents**

***Q: May I propose actions for consideration at next year's Annual Meeting or nominate individuals to serve as Directors?***

**A:** You may submit proposals, including Director nominations, for consideration at future stockholder meetings. All proposals or nominations should be addressed to: Secretary, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

***Stockholder Proposals:*** For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, the written proposal must be received by our Secretary at our principal executive offices under either (1) Rule 14a-8 under the Securities Exchange Act of 1934, as amended (a Rule 14 Proposal ) or (2) the bylaws of Heska (a Bylaws Proposal ). A Rule 14 Proposal must be received by our Secretary at our principal executive offices no later than November 26, 2011. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in our proxy statement is instead a reasonable period of time before we begin to print and mail our proxy materials. Such proposals also will need to comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act ), regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a Bylaws Proposal, the stockholder must deliver a written notice of intent to propose such action in accordance with our bylaws, which in general require that the notice be received by us not less than 60 days nor more than 90 days prior to the first anniversary of the date on which notice of the prior year's annual meeting was mailed to stockholders. These proxy materials for the 2011 Annual Meeting are to be mailed on March 29, 2011. This means that for the 2012 Annual Meeting, that any such proposal must be received no earlier than December 30, 2011 and no later than January 29, 2012.

***Director Nominees:*** You may propose Director candidates for consideration by the Board's Corporate Governance Committee. Any such recommendations should be directed to our Secretary at our principal executive offices. In addition, you may nominate a Director for consideration by Heska's stockholders if you give timely and adequate notice to our Secretary of your intention to make such nomination in accordance with our bylaws, which require that the notice be received by the Secretary within the time periods described above under Stockholder Proposals and with the detail regarding your nomination as is required by our bylaws.

***Copy of Bylaw Provisions:*** You may contact our Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating Director candidates. A copy of our bylaws has also been filed with the SEC with our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010. This document is accessible at the website of the SEC at [www.sec.gov](http://www.sec.gov).

***Q: Who bears the costs of soliciting votes for the 2011 Annual Meeting?***

**A:** Heska is making this solicitation and will pay the entire cost of preparing, printing, assembling and mailing these proxy materials. In addition to the mailing of these proxy materials, certain of our Directors and employees may solicit proxies on our behalf in person, by telephone, electronic transmission or facsimile. No additional compensation will be paid to these people for such solicitation. We may enlist the assistance of brokerage firms, fiduciaries, custodians and other third party solicitation firms in soliciting proxies. If we elect to engage any such assistance, our arrangements with the solicitation firm(s) will be on customary terms and conditions, the anticipated cost of which is not anticipated to be material to us. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

**BOARD STRUCTURE AND COMMITTEES**

Our Board is divided into three classes serving staggered three-year terms. Our Board has three standing Committees, each of which is chaired by an independent Director: (1) Audit (the Audit Committee ), (2) Compensation (the Compensation Committee ) and (3) Corporate Governance (the Corporate Governance Committee ). The membership during 2010 and the function of each Committee are described below. Our Board held six meetings during 2010. Our Board currently has six Directors: Robert B. Grieve, Ph.D., Chairman, William A. Aylesworth, Peter Eio, G. Irwin Gordon, Louise L. McCormick and John F. Sasen, Sr. All of our Directors in 2010 attended our last annual meeting of stockholders and at least 75% of all Board and applicable Committee meetings.

***Board Leadership Structure***

Since May 2000, Dr. Grieve has served as both our Chairman and Chief Executive Officer and we believe the Company has benefited from the efficiencies inherent in combining these roles during this time period. In 2010, we amended our bylaws to allow our Board to formally choose a Lead Director. The Lead Director is expected to chair sessions involving only the independent Directors, among other responsibilities as the Board may provide.

Mr. Aylesworth has served as our Lead Director since our 2010 Annual Meeting on May 4, 2010. We believe our Lead Director function serves to simplify communications between management and the independent Directors, enhance our Board's operations, in particular in situations where it is appropriate for the independent Directors to act without management involvement, and increase the credibility of the Company's independent Director oversight function.

***Board Risk Oversight***

Our business, including risk oversight, is conducted with the advice, counsel and direction of our Board. The formal channel for risk-related information to be communicated to our Board is through our Chief Executive Officer. Our Chief Executive Officer periodically conveys the Company's risks, including credit risks, liquidity risks and operational risks to the Board at Board meetings and through other forms of communication, such as email, as appropriate. Our Board may also discuss the Company's risks with other members of management as directed by our Chief Executive Officer or as part of another Board function. For example, our Chief Financial Officer and our Controller have both discussed credit risk with Directors during Audit Committee meetings primarily focused on accounting determinations.

***Board Independence***

Our Board has determined that each of the Directors standing for re-election has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Stock Market listing standards (the Nasdaq Listing Standards ). Furthermore, the Board has determined that, with the exception of Dr. Grieve, Heska's Chairman and Chief Executive Officer, all current members of the Board meet the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards.

***Audit Committee***

Our Audit Committee has the following responsibilities:

appoint and replace our independent auditors;

compensate and oversee the work of our independent auditors;

oversee and monitor the integrity of our annual and quarterly financial statements;

**Table of Contents**

review and discuss with management and our independent auditors significant financial reporting issues and critical accounting policies and practices;

oversee and monitor the qualifications, independence and performance of our independent auditors;

oversee and monitor our internal accounting and financial controls; and

provide the results of examinations and recommendations derived therefrom to the Board.

During 2010, our Audit Committee met five times. Our Audit Committee consisted of Mr. Aylesworth, as Chairman, Mr. Eio and Ms. McCormick prior to our 2010 Annual Meeting on May 4, 2010 and Mr. Eio, as Chairman, Mr. Aylesworth and Ms. McCormick beginning at our 2010 Annual Meeting.

Our Board has determined that each of the current members of our Audit Committee meets the requirements of independence as set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934, the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards. Our Board has also determined that William A. Aylesworth is an audit committee financial expert within the meaning of the rules and regulations promulgated by the SEC and he has accounting and related financial management expertise within the meaning of the Nasdaq Listing Standards.

Our Audit Committee has a written charter, which is available on our website at [www.heska.com](http://www.heska.com) (under Investors Corporate Governance). *The Company's website address provided above is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

***Compensation Committee***

Our Compensation Committee has the following responsibilities:

discharge the Board's responsibilities relating to compensation of our Executive Officers, including our Chief Executive Officer;

oversee all compensation programs involving the use of our stock; and

produce an annual report on executive compensation for inclusion in our proxy statement for our annual meeting of stockholders.

During 2010, our Compensation Committee met five times. Our Compensation Committee consisted of Mr. Eio, as Chairman, Mr. Gordon and Mr. Sasen prior to our 2010 Annual Meeting on May 4, 2010 and Mr. Gordon, as Chairman, Mr. Eio and Mr. Sasen beginning at our 2010 Annual Meeting.

Our Board has determined that each of the current members of our Compensation Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards. Our Compensation Committee has a written charter, which is available on our website at [www.heska.com](http://www.heska.com) (under Investors Corporate Governance). *The Company's website address provided above is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

***Corporate Governance Committee***

Our Corporate Governance Committee has the following responsibilities:

- assist our Board by identifying qualified candidates for Director, and select the Director nominees for each annual meeting of stockholders;
- lead our Board in its annual review of our Board's performance;
- recommend Director nominees to our Board for each Board Committee; and
- develop and recommend to our Board the corporate governance guidelines applicable to the Company.

During 2010, our Corporate Governance Committee met four times. Our Corporate Governance Committee consisted of Mr. Sasen, as Chairman, Mr. Gordon and Ms. McCormick prior to our 2010 Annual Meeting on May 4, 2010 and Ms. McCormick, as Chairwoman, Mr. Gordon and Mr. Sasen beginning at our 2010 Annual Meeting.

Our Board has determined that each of the current members of our Corporate Governance Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards.

Our Corporate Governance Committee has a written charter, which is available on our website at [www.heska.com](http://www.heska.com). In addition, our Corporate Governance Committee prepared, and our full Board has approved, Corporate Governance Guidelines outlining the qualifications, responsibilities and other issues related to our Board's governance role and functions. The document is also available on our website at [www.heska.com](http://www.heska.com) (under Investors' Corporate Governance). *The references to the Company's website address provided above is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

***Director Qualification and Nomination***

All of our Directors have served on our Board for over a year and have gained Company and industry specific knowledge as a result. The experience, qualifications, attributes or skills that qualify our Directors to serve on our Board are discussed on a Director-by-Director basis in the Election of Directors section of this document as well as in this Board Structure and Committees section. None of our Directors is serving as a result of one specific qualification. It is the breadth of their individual experiences and the manner in which they complement each other as a group that make them individually and collectively attractive Directors.

Our Corporate Governance Committee does not have an established policy for minimum qualifications of Director nominees or appointees. However, pursuant to our Corporate Governance Committee Charter, we believe that it is in the best interests of the Corporation and its stockholders to obtain highly qualified candidates for the Board. Our Corporate Governance Committee seeks candidates with excellent decision-making ability, business experience, relevant experience, personal integrity and reputation as candidates for nomination and appointment.

Our Corporate Governance Committee does not have an established policy for diversity of Director nominees or appointees. However, we believe diversity is inherent in our approach of seeking high quality individuals with complementary skills to create a group dynamic and decision making process that is even stronger than would be obtained by the mere summation of its individual contributors in isolation.

Our Corporate Governance Committee does not have a formalized process for identifying and evaluating nominees or appointees for Director. Our Corporate Governance Committee determines desired Board member skills and attributes and conducts searches for prospective Director candidates whose skills and attributes reflect those desired. This analysis may start with a Board evaluation, including determination of areas of strength and areas for improvement. Particular skills and experience may be desired in areas of improvement. Our Corporate Governance Committee may determine guidelines and parameters for a search for an individual with the desired skills and experience. Our Corporate Governance Committee will evaluate candidates identified by its own initiative as well as candidates referred to it by other members of the Board, by the Company's management, or by external sources. Our Corporate Governance Committee has utilized a third-party executive search firm in the past to identify candidates as well as other sources such as the National Association of Corporate Directors Registry<sup>®</sup> database.

Our Corporate Governance Committee will also consider nominees recommended by stockholders provided such recommendations are made in accordance with our bylaws and the procedures described in this proxy statement under

Questions and Answers About the Proxy Materials and the 2011 Annual Meeting. Although to date no stockholder has presented any candidate for Board membership to us, it is expected that recommendations from stockholders would generally be considered in the same manner as recommendations by a Director or an Officer of the Company.

**PROPOSAL NO. 2**

**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT**

Our Board of Directors is submitting the appointment of Ehrhardt Keefe Steiner & Hottman PC ( EKS&H ) as the Company's independent registered public accountant for stockholder ratification at the 2011 Annual Meeting. EKS&H has served as our independent registered public accountant since March 31, 2006. A representative of EKS&H is expected to be present at the Annual Meeting and will have an opportunity to make a statement if the representative desires to do so. Such representative also is to be available to answer questions at the meeting.

***Vote Required; Recommendation of our Board of Directors***

Stockholder ratification of the appointment of EKS&H as our independent registered public accountant is not required by our bylaws or otherwise. Our Board, however, is submitting the appointment of EKS&H to the stockholders for ratification as a matter of good corporate governance practice. The affirmative vote of a majority of the shares present in person or by proxy, and entitled to vote, on the subject matter is required to ratify the appointment of EKS&H as our independent registered public accountant for fiscal 2011. If the stockholders fail to ratify the appointment, our Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accountant at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders.

Our Board unanimously recommends a vote FOR the ratification of EKS&H as our independent registered public accountant for fiscal 2011.

**POTENTIAL VOTE NO. 3**

**ADVISORY VOTE WITH RESPECT TO DISCRETIONARY VOTING BY PROXYHOLDERS**

Other than the two items of business previously described in Proposal No. 1 and Proposal No. 2, we are not aware of any other business to be acted upon at the 2011 Annual Meeting. Since our 1997 initial public offering, only items that were described in the proxy materials made available to stockholders prior to the corresponding Annual Meeting or Special Meeting were resolved by a vote of our stockholders. While we have taken steps to ensure this remains the case, it is possible other business may properly come before our 2011 Annual Meeting, via the efforts of a stockholder or otherwise. In such a circumstance, our proxyholders Robert B. Grieve, our Chairman and Chief Executive Officer, Jason A. Napolitano, our Executive Vice President, Chief Financial Officer and Secretary and Michael A. Bent, our Vice President, Principal Accounting Officer and Controller will have the discretion to vote shares for which we have been granted a proxy as they may determine. As a matter of good corporate governance practice, we are asking stockholders to submit an advisory vote for the proxyholders consideration in such a circumstance. We will interpret a for vote as an indication that the stockholder's preference is that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company's stockholders, a no vote as an indication that the stockholder's preference is that the proxyholders exercise their voting discretion against any proposal brought to a vote as outlined above, including a proposal the proxyholders otherwise believe to be in the best interests of the Company's stockholders, and an abstain or non-vote as an indication that the stockholder does not wish to express preference regarding such a circumstance. It is important to note this is an advisory vote only, and that while the proxyholders may consider the advisory vote in such a circumstance, the proxyholders retain full discretion to vote as they may determine regardless of any outcome of the advisory vote.

***Recommendation of our Board of Directors***

Our Board unanimously recommends a vote FOR your preference being that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company's stockholders, if other business properly comes before the 2011 Annual Meeting and you are voting by proxy.

**EXECUTIVE COMPENSATION**  
**Compensation Discussion and Analysis**

**Executive Compensation Objective and Philosophy**

The Compensation Committee of Heska Corporation's Board of Directors (the Committee) administers our executive compensation program and establishes the salaries of our Executive Officers. The ultimate objective of our executive compensation program is to attract, retain and reward executives who will enhance the value and profitability of Heska Corporation (Heska or the Company) and increase stockholder value. The Committee strives to provide competitive compensation opportunities with the ultimate amount of compensation received tied significantly to short-term and long-term Company performance. Inherent in our approach is the philosophy that compensation can align behavior and actions with stockholder interests, attract and retain stronger executives and thus create value for stockholders over time. The Committee's goal in executive compensation is to design and administer programs that best serve these ends.

**What is Heska's Executive Compensation Program Designed to Reward?**

The Committee develops our executive compensation programs to reward Executive Officers for their contribution to Heska's financial performance and to recognize individual initiative, leadership, achievement and other contributions. An effective compensation program will reward executives for working well collectively as well as for strong individual performance.

**What are the Elements of Heska's Executive Compensation?**

Our compensation program is designed to reward four interlocking aspects of executive performance:

Annual financial performance: rewarded primarily through the awards paid under the Management Incentive Plan (MIP);

Individual contribution: rewarded primarily through the setting of base salary and annual MIP targets;

Long-term gains in stockholder value: rewarded primarily through the equity incentive program; and

Continued service to the Company; rewarded primarily through base salary, equity award requirements and vesting and competitive benefits levels;

**Why Does Heska Choose to Pay Each Element of Executive Compensation?**

*Base salary.* Base salaries are set on an annual or other periodic basis and designed to reflect competitive market salaries for each position. They are also used in determining the basis for bonus targets in our Management Incentive Plan (MIP) discussed below.

*Performance-based incentive compensation.* This form of compensation is based on the achievement of predetermined financial, project, research or other designated objectives. This form of compensation is paid to reward near-term performance (i.e., no longer than the coming year) and encourage Executive Officers to optimize immediate opportunities. In recent years, an MIP has been offered to Executive Officers and other managers to provide a performance-based incentive.

*Long-term equity compensation.* This form of compensation is designed to encourage the achievement of superior financial results over an extended period of time and align the interests of stockholders and Executive Officers. It is intended to ensure that Executive Officers make thoughtful decisions about the Company's future and long-term prospects.

*Other benefits, compensation or arrangements.* Other than broad-based programs open to all employees, such as participation in our 401(k) program and employee stock purchase plan, this category tends to be used rarely. All of our Executive Officers have employment agreements. An Executive Officer's extraordinary performance or participation in an unanticipated endeavor may occasionally trigger such an award in this category.

**Table of Contents****Perspective on Executive Compensation at Heska**

Heska was founded in 1988 and completed its initial public offering in 1997 but only achieved its first profitable year in 2005. We believe the Company's historical liquidity concerns and efforts to achieve profitability have influenced the Committee's decisions regarding executive compensation, as outlined below.

Profitability has been an important goal for Heska to ensure the sustainability of the business. Profitability has also been critical, not only for its own sake, but also for employee morale, attracting talented individuals to join the Company and commercial perceptions. At the request of Heska's Executive Officers to help achieve profitability, the Committee froze base salaries for all Executive Officers in 2005 and 2006. Similarly, the 2005 MIP called for a performance in excess of the Company's internal budget before any bonus payments were made and no payouts were ultimately made under the 2004 MIP or the 2005 MIP (with the foregoing base salary and MIP information defined as

Historical Cash Compensation). Based on the challenges the Company faced in 2008 and at the request of management, the Committee took a similar approach to cash compensation in 2009. With limited circumstance-based exceptions outlined below, in November 2008 the Committee froze base salaries for all of our Executive Officers and also adopted a 2009 MIP that called for a performance in excess of the Company's internal budget before any bonus payments are made.

Stock options have historically had the advantage of allowing the Company to address both liquidity and profitability concerns simultaneously. First, stock options allowed the Committee to compensate employees without a corresponding cash outlay, and, in fact, provided the Company with cash upon exercise in most instances. Secondly, stock options granted have not historically been required to be expensed for financial reporting purposes. Accordingly, the Committee tended to emphasize stock options as a tool for executive compensation. Since 2006, the Company has been required to recognize a cost for certain stock options in its financial statements, as detailed in the Summary Compensation Table below; the estimated fair value of stock options granted, rather than the corresponding intrinsic value, is amortized ratably over the vesting periods of the related options. After considering the significant impact that the use of fair values, rather than intrinsic values, would have on our future results of operations, as well as factors including Historical Cash Compensation to Executive Officers and similar cash compensation issues to other employees, the Company accelerated stock option vesting in December 2004 and March 2005 as well as issuing all options with immediate vesting on and between March 30, 2005 and December 31, 2005. In addition, in the fourth quarter of 2006, after significant discussion and considering factors including the Historical Cash Compensation to Executive Officers, the fact that the 2006 MIP was expected to be capped, the Company's expected financial results in the fourth quarter of 2006, the significant impact that the use of fair values for options granted would have on our future results of operations and the total number of options previously granted in 2006, the Committee decided to grant fully-vested stock options in an amount approximately 60% of the size of the prior year's grant. These actions explain the relatively low 2008 Option Awards expense in the Historical Compensation Table below.

The Committee is also sensitive to, and tries to optimize, tax implications. It is our policy generally to qualify compensation paid to Executive Officers for deductibility under Section 162(m) of the Internal Revenue Code. The Committee has structured the Management Incentive Plan Master Document, the 2008 MIP, the 2009 MIP, the 2010 MIP and the 2011 MIP to qualify as awards under such plans as performance-based compensation and to maximize the tax deductibility of such awards. However, the Committee reserves the discretion to pay compensation to its Executive Officers that may not be tax deductible.

**Table of Contents****Determination of Compensation Elements**

In reviewing the compensation of our Executive Officers, the Committee reviews the nature and scope of each Executive Officer's responsibilities as well as his or her effectiveness in that role as well as in supporting the Company's long-term goals. Heska's Board of Directors (the Board) formally evaluates the Chief Executive Officer (our CEO). Our CEO communicates his view of the performance of other Executive Officers to the Committee and makes recommendations regarding salary, incentive-based performance compensation and long-term compensation grants for the Committee's consideration. The Company has a performance appraisal system it uses to evaluate its employees, including Executive Officers, which Dr. Grieve considers, potentially along with other information, such as third-party interviews of Company employees who interact with the Company's Executive Officers. In the past several years, our Vice President of Human Resources and/or our Controller has compiled and/or presented data discussed below for the Committee's consideration of the different compensation elements. The Chief Financial Officer (our CFO) has also met with the Committee to communicate on issues of interest to the Committee, including the accounting implications of various compensation alternatives and information on our financial plans, expectations and historical results for the Committee's consideration.

The Committee has considered it appropriate, and in the best interests of Heska's stockholders, to endeavor to set our overall Executive Officer compensation near the mid-point of the range of companies in the comparison group it reviewed (Comparable Companies). The Committee also reviews the relative mix of compensation paid by Comparable Companies for use as a guideline. It is the sense of the Committee that performance-based incentive compensation has been relatively lower and long-term equity compensation relatively higher than for Comparable Companies. We anticipate the Committee will continue to exercise its discretion regarding the relative mix of compensation, although the relative mix may become more similar to that of Comparable Companies over time. The Committee views the difference between the compensation of our CEO and our other Named Executive Officers as largely a reflection of competitive market practices and the CEO's responsibility for all Company operations and not any compensation philosophy specific to Heska. In compensation matters, the Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

At our regularly scheduled Board meeting in November 2007, the Committee met with an outside compensation consultant (the Consultant) and decided to engage the Consultant for an assessment of executive compensation strategy and programs and to provide data on competitive compensation practices. Accordingly, the process to determine executive compensation was delayed. The Committee asked the Consultant to conduct a compensation survey of companies similar to Heska and to review the current total and equity compensation of the Company's Executive Officers. The Consultant reported to the Committee, only, and was prohibited from doing any work for management unless it was specifically requested by the Chairman of the Committee. The Committee viewed the Consultant as an advisor only, and the Committee retained the discretion to implement or not implement the Consultant's suggestions. In subsequent dialogue with the Consultant, alternative long-term compensation approaches were discussed, including the use of restricted stock and performance-based vesting. The Committee held a series of meetings in December 2007 to review information and suggestions from the Consultant and to debate, and ultimately approve, the form and scale of long-term equity compensation for 2008. Base salaries and 2008 performance-based incentive compensation were agreed upon at a Committee meeting during our regularly scheduled Board meeting in February 2008. The Committee engaged the Consultant in the second half of 2010 and received a report on executive compensation from the Consultant in December 2010. The Committee viewed the Consultant as an advisor only, and the Committee retained the discretion to implement or not implement the Consultant's suggestions.

**Table of Contents**

The Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to Heska. In 2008, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Array Biopharma, Auxilium Pharmaceuticals, Cardiac Science, Cyberonics, Hi Tech Pharmaceuticals, IDEXX Laboratories, Immucor, Meridian Bioscience, MGI Pharma, Noven Pharmaceuticals, Quidel, Santarus, Savient Pharmaceuticals and Zoll Medical. In 2009, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Akron, Array Biopharma, Hi Tech Pharmaceuticals, ImmunoGen, Inspire Pharmaceuticals, ISTA Pharmaceuticals, Jazz Pharmaceuticals, Lannett, Lexicon Pharmaceuticals, Noven Pharmaceuticals, Pain Therapeutics, POZEN, Quidel, Santarus, and XOMA. In 2010 and early 2011, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Akron, Array Biopharma, Hi Tech Pharmaceuticals, ISTA Pharmaceuticals, Lannett, Natural Alternatives, POZEN, Progenics Pharmaceuticals, Quidel, Santarus, and XOMA. The Committee also reviewed summary compensation data based on company size for each year.

**Base Salary.** The Committee reviews each Executive Officer's base salary annually. When reviewing base salaries, the Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to Heska. Consideration is also given to prior performance, relevant experience, level of responsibility and skills, and abilities of each Executive Officer. The Committee believes that salary levels for our Executive Officers are set at a level that, at the time such salary determinations were made, were reasonable and necessary given the Company's financial resources and stage of development. The Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

In February 2008, after reviewing and considering relevant data, including input from Dr. Grieve, the Committee agreed to the following base salaries, effective March 2008. Dr. McGinley's salary increase was due in part, to his anticipated promotion and increased responsibilities upon another Executive Officer leaving the Company. Dr. McGinley was promoted to Executive Vice President, Global Operations and General Manager, Heska Des Moines in April 2008.

<b>Name</b>	<b>Annual Salary</b>	<b>Percent Increase</b>

Nancy Wisnewski, Ph.D.	\$ 180,000	4.3%
Michael A. Bent	\$ 172,000	3.0%

In November 2008, at the request of management based on the challenges the Company faced in 2008 and expected to face in the near term, the Committee froze base salaries for all current Executive Officers, with the exception of Dr. McGinley. In November 2008, our Board of Directors appointed Dr. McGinley the Company's President and Chief Operating Officer at a salary of \$230,000, effective January 1, 2009.

In November 2009, the Committee reviewed market data on base compensation and executive compensation practices, noted management's performance in 2009 as well as the aforementioned salary freezes, and decided upon the following base salaries for the Named Executive Officers.

<b>Name</b>	<b>Annual Salary</b>	<b>Percent Increase</b>
Robert B. Grieve, Ph.D.	\$ 440,000	4.8%
Jason A. Napolitano	\$ 260,000	7.0%

Nancy Wisnewski, Ph.D.	\$ 195,000	8.3%
Michael A. Bent	\$ 180,000	4.7%

In February 2011, the Committee reviewed market data on base compensation and executive compensation practices, noted management's performance in 2010, and decided upon the following base salaries for the Named Executive Officers. The Committee also discussed potential performance-based increases later in 2011 for Dr. McGinley, Mr. Napolitano and Mr. Bent.

**Table of Contents**

<b>Name</b>	<b>Annual Salary</b>	<b>Percent Increase</b>

**Performance-Based Incentive Compensation.** The Company first adopted an MIP in 1999 to provide incentives to our Executive Officers, other managers and key employees to meet and exceed certain predetermined annual goals. Target annual incentives and specific performance criteria are established each year by the Committee, with the actual payout based on the extent to which the specified performance criteria are met. We believe this approach provides a strong incentive for our management to achieve the stated annual goals. An example of the incentive can be seen when comparing the cash levels of the 2009 MIP Payouts to zero 2010 MIP Payouts in the Non-Equity Incentive Plan Compensation column of the Historical Compensation Table below. In late 2005, the Committee adopted the Management Incentive Plan Master Document (the Master Document). A goal of the Master Document is self-funding status for the MIP in any given year. A given year's MIP can be implemented by the Committee agreeing on four parameters: 1) the percent of salary that is an individual's targeted bonus compensation, 2) the relative weighting of companywide and individual performance, 3) the key parameter(s) the MIP Payouts are to be based upon and 4) the Payout Structure by which the MIP is funded. Typically there has been a cap on the MIP of approximately 150% of target payout to all employees, although this is not required in any given year. Each individual has a targeted MIP Payout and this is intended as a guideline. Our CEO will generally make recommendations to the Committee regarding MIP Payouts to other MIP Plan participants; all awards under the MIP Plan are at the discretion of the Committee. Any MIP Payouts are to be made in the first quarter of the following year. All Executive Officers are eligible for the 2011 MIP. We do not believe our compensation policy for our Executive Officers, our sales force or our other employees are reasonably likely to have a material adverse effect on our Company. We generally pay our sales force commissions based on sales volume and other targets, which we believe is typical in our industry. In considering the 2008 MIP, the Committee considered the Company's 2007 performance and 2008 outlook in setting the payout structure. At the Committee meeting in the first quarter of 2008, the Committee adopted the 2008 MIP with the following parameters:

<b>Parameter</b>	<b>Result</b>
% Salary Target	Chief Executive Officer 50% All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Operating Income
Payout Structure	Funding starts at \$5.862 million of Pre-MIP Operating Income, as defined 32.22% Share of every additional \$1 in Pre-MIP Operating Income MIP Capped at \$1.732 million (150% of targeted payout)

As an example, if Heska had approximately \$8.013 million in Pre-MIP Operating Income there would be approximately \$693 thousand available for the MIP for the Committee to distribute among plan participants. This represents a plan funded at 60% of target. Dr. Grieve's 2008 salary was \$416,666 and his targeted payout was \$208,333 (50% of \$416,666). In a 60% MIP-funded plan, his funded targeted payout would be \$125,000 (60% of \$208,333). The Committee could then adjust his pay upward for strong individual performance or downward for poor individual performance using a 25% weighting as a guideline for the adjustment. This is a guideline only, however, as the Committee retains discretion to adjust this number as circumstances dictate.

**Table of Contents**

The Company's financial performance was well below expectations in 2008. The Company failed to achieve pre-MIP Operating Income at a level to fund the MIP. Accordingly, no MIP Payouts were made under the 2008 MIP. In considering the 2009 MIP, the Committee considered the challenges facing the Company and the importance of observing the MIP's self-funding goal, particularly in a period with restrictive credit conditions. Accordingly, the Committee approved an MIP with aggressive payout thresholds which were in excess of the Company's internal budget levels before any MIP Payouts were to be made. In November 2008, the Committee adopted the 2009 MIP with the following parameters:

<b>Parameter</b>	<b>Result</b>
% Salary Target	Chief Executive Officer 50% All other eligible Executive Officers 35%
Relative Weighting Key Parameter	75% Company Performance / 25% Individual Performance Pre-MIP Net Income, as defined in the Third Amended and Restated Credit and Security Agreement by and between Heska Corporation, Diamond Animal Health, Inc. and Wells Fargo Bank, National Association dated December 30, 2005.
Payout Structure	Funding starts at \$2 million of Pre-MIP Net Income, as defined 30.0% Share of every additional \$1 in Pre-MIP Net Income MIP Capped at \$1.855 million (150% of targeted payout)

At a Committee meeting in February 2009, the Committee approved MIP plan participants' MIP Payouts recommendations and decided Dr. Grieve's MIP Payout would be equal to his individual funded target (roughly 85% of target). Each of the Named Executive Officers eligible for the MIP received an MIP Payout in line with his individual funded target, with the exception of Mr. Bent who received a higher percentage due to his particularly strong individual performance. The MIP Payouts to MIP-eligible Named Executive Officers are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below.

In considering the 2010 MIP, the Committee considered the Company's 2009 performance as well as anticipated challenges in 2010, in particular the loss of access to consumables and supplies for the handheld line of instruments the Company sold in 2009. The Committee approved an MIP with a higher anticipated threshold payout level than in 2009 but with a higher payout percentage upon reaching the threshold. In November 2009, the Committee adopted the 2010 MIP with the following parameters:

<b>Parameter</b>	<b>Result</b>
% Salary Target	Chief Executive Officer 50% All other eligible Executive Officers 35%
Relative Weighting Key Parameter	75% Company Performance / 25% Individual Performance Pre-MIP Operating Income
Payout Structure	Funding starts at \$3.257 million of Pre-MIP Operating Income 53.0% Share of every additional \$1 in Pre-MIP Operating Income MIP Capped at \$1.5 million (150% of targeted payout)

The Company's financial performance was well below expectations in 2010. The Company failed to achieve pre-MIP Operating Income at a level to fund the MIP. Accordingly, no MIP Payouts were made under the 2010 MIP.

**Table of Contents**

In considering the 2011 MIP, the Committee considered the Board's desire that the Company achieve growth. The Committee decided to design half of the MIP based on a share of operating income above a given level, as in the past. The second half of the MIP was to be based on the achievement of certain milestones Company management had identified as important to achieve future growth. After considering a Board presentation in February 2011 regarding potential strategic areas for the Company to grow, Committee members worked with Executive Officers to choose five such milestones for inclusion in the 2011 MIP. In March 2011, the Committee adopted the 2011 MIP with the following parameters:

<b>Parameter</b>	<b>Result</b>
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	50% Company Financial Performance / 50% Company Achievement of Strategic Growth Initiatives ( SGI )
Key Parameters	Pre-MIP Operating Income and Strategic Growth Milestone Achievement
Payout Structure	Funding starts at \$1.5 million of Pre-MIP Operating Income 18.8% Share of every additional \$1 in Pre-MIP Operating Income \$105K payout for achievement of each of 5 SGI milestones if at least \$1.5 million of Pre-MIP Operating Income MIP Capped at \$1.3125 million (150% of targeted payout for Pre-MIP Operating Income and 100% achievement of SGI Milestones)

In the table named "Grants of Plan-Based Awards" below, we list potential payouts under the 2011 MIP to Named Executive Officers, under "Estimated Future Payouts Under Non-Equity Incentive Plan Awards." All "Threshold MIP Payouts" are listed at \$0 as the MIP Plan will not fund if Pre-MIP Operating Income is at (or below) the threshold level of \$1.500 million. All "Target MIP Payouts" are as defined above. The "Maximum MIP Payouts" are 25% greater than the "Target MIP Payouts" to reflect that the 2011 MIP Plan is capped at 125% of its targeted funding level. It is possible the Committee may decide to pay a Named Executive Officer greater than this amount, although this did not occur in 2006 when the 2006 MIP Plan reached its capped funding level.

**Long-term Equity Compensation.** Historically, we have used stock options to provide long-term equity compensation to our Executive Officers. The Committee is responsible for determining the number and terms of options, or other forms of long-term equity compensation, to be granted to Executive Officers, taking into account such factors as individual and Company performance, policies regarding cash compensation and practices of Comparable Companies. Options granted to Executive Officers have exercise prices equal to fair market value (closing price) at the time of grant and expire within ten years from the time of grant. Any vesting ceases and the vested portion of options must be exercised within a certain period should an Executive Officer leave Heska's service (subject to any rights to partial acceleration of vesting upon termination without cause under employment agreements). Accordingly, option grants will provide a return to an Executive Officer only if said Executive Officer continues to work for the benefit of the Company and only if Heska's market price per share appreciates over the option term. We believe that these provisions help both to retain qualified employees and to motivate them to achieve long-term increases in stock value, providing continuing benefits to the Company and its stockholders beyond those in the year of grant. The Committee had discussions regarding the use of restricted stock and performance-based vesting in December 2007, but decided not to pursue these alternatives. This was due to potential tax implications for employees in using restricted stock and the likely increase in complexity and administrative costs, as well as potential redundant incentives to the MIP in using performance-based vesting. While it appears stock options will remain the core component of long-term equity compensation in the near future, it is possible the Committee will choose to use restricted stock, restricted stock units, some other form of long-term equity compensation or some combination of the foregoing with or without stock options in the future.

**Table of Contents**

In December 2007, after receiving input from the Consultant, reviewing relevant data, including data requested to follow-up on certain questions, and engaging in significant discussion and debate, the Committee approved a grant of stock options to certain Officers of the Company. Due to this process, including hiring and considering the input of the Consultant, the option grant occurred on December 31, 2007 later in the year than in 2006. In contrast to the then recent stock option grants, this stock option grant was subject to monthly vesting over a four year period as a result of the concern of some of our Board members that fully-vested options may not provide as great a retention incentive as desired. We anticipate granting stock options with 4-year monthly vesting will continue to be our standard practice in the future. The Committee granted Dr. Grieve a significantly larger stock option grant than in the prior year, reflective of the Committee's view of the market and the Committee's evaluation of Dr. Grieve's performance. The amortization resulting from this option grant is a large factor in the difference between Option Awards for Dr. Grieve in the Historical Compensation Table and the Summary Compensation Table. This reflects the size of the grant as well as the Company's stock price at the time, which was significantly higher than at the time of stock option grants in 2008 and 2009 and thus leads to a higher valuation under Option Accounting Rules. The Committee considered Dr. Grieve's input in addition to market data in determining stock option grants to the other Named Executive Officers, all of which increased or were at the same level as the prior year.

In November 2008, the Committee considered the fact that 2009 salaries had been frozen for most Executive Officers, that no 2008 MIP Payouts were to be made and that the Company's 2009 MIP required a performance in excess of the Company's internal budget before any MIP Payouts were to be made. Accordingly, the Committee desired to provide Executive Officers with a greater proportion of long-term compensation than in the recent past. In November 2008, the Committee granted all of our Named Executive Officers a greater number of shares underlying options than in 2007, with the exception of Dr. Grieve, who received the same number of shares underlying options. Dr. McGinley received the largest year-over-year increase in recognition of his pending promotion to President and Chief Operating Officer and increased responsibilities.

In November 2009, the Committee considered individual performance, salary and projected 2009 MIP Payouts, as well as overall corporate performance and awarded option grants listed in Grants of Plan-Based Awards below. In December 2010, after receiving input from the Consultant and reviewing relevant data, the Committee approved a grant of stock options to certain Officers of the Company. The Committee considered individual performance as well as overall corporate performance and awarded option grants listed in Grants of Plan-Based Awards below. Shares underlying option grants were slightly below or at the same level as in 2009 when adjusted to reflect our December 2010 1-for-10 reverse stock split.

**Other Benefits, Compensation or Arrangements**

All Other Compensation in the Summary Compensation Table below represent matching funds received by each of our Named Executive Officers under our 401(k) plan, which is open to all employees, as well as life insurance and short-term and long-term disability premiums. We have historically provided a 25% match of 401(k) contribution limits (up to a certain maximum). In 2009, we suspended this match which is a reason for the decline in All Other Compensation from 2008 to 2009 in the Summary Compensation Table below for most Named Executive Officers. The match was restored on January 1, 2010.

All of our current Named Executive Officers had employment contracts in 2008, 2009 and 2010. They entitle Named Executive Officers to payments based on salary, continuing medical benefits for a given period and immediate vesting of unvested options in certain circumstances. Payments based on salary are typically paid monthly. The Committee believes these are common, in line with the experience of the Committee for executives at other companies and are intended to provide Executive Officers with additional resources to seek a comparable job, which is unlikely to be a rapid process given the level of employment, in these certain circumstances, such as an acquisition. Dr. Grieve is also entitled to payout based on bonus targets in certain circumstances, such as termination without cause, as well. These employment contracts are intended to provide the Named Executive Officers with protections appropriate for, and in line with, those received by comparable executives at companies similar to Heska. Periodically, we review these agreements versus market benchmarks. Such a review was conducted in late 2010 and early 2011.

In summary, as Heska Corporation continues to change, Heska's Executive Compensation continues to adjust to that change. The Committee endeavors to find the proper level and balance of base salary, performance-based incentive

compensation, long-term equity incentive compensation and other forms of compensation.

**Table of Contents****Historical and Summary Compensation Tables**

The following table sets forth compensation for services rendered in all capacities to us during 2008, 2009 and 2010 by Robert B. Grieve, our Chairman of the Board and Chief Executive Officer, Jason A. Napolitano, our Chief Financial Officer, and our three other most highly compensated Executive Officers for the fiscal year ended December 31, 2010 (the Named Executive Officers). The following table represents compensation recognized for financial reporting purposes for each of the Named Executive Officers. The Option Awards column lists the accounting cost of options recognized for a given individual in a given year. In general, stock options are valued at the time of grant with the corresponding cost amortized ratably over the corresponding option vesting period.

(1) Based on targeted bonus multiplied by the percentage cap in our 2011 Management Incentive Plan ( MIP ) for Named Executive Officers. Our 2011 MIP is designed with a cap of approximately \$1.3125 million on total payouts, or 125% of projected targeted bonuses. Our 2011 MIP gives our Compensation Committee discretion as to how any payouts will be distributed and the ability to make total payouts above the cap level. Accordingly, although our Compensation Committee has never awarded an MIP Payout to an employee greater than the employee s targeted bonus multiplied by the applicable percentage cap , our Compensation Committee has the ability to make 2011 MIP Payouts to Executive Officers in excess of that amount, which is reported as maximum in this column.

(2) One-forty-eighth (1/48<sup>th</sup>) of the total options granted become vested and exercisable each month from the grant date until options granted have vested in full on the four-year anniversary of the grant date. Each option was

granted with an exercise price equal to 100% of the fair market value of our stock on the date of grant as determined by our Compensation Committee, and has a term of ten years, subject to earlier termination in certain events related to termination of employment.

**Potential Payments Upon Termination or Change-in-Control**

The following table summarizes the potential payments and benefits payable to each of the Named Executive Officers upon termination of employment or a change-in-control under each situation listed below, assuming, in each situation, that our Named Executive Officers were terminated on December 31, 2010 as determined under the terms of our plans and arrangements as in effect on December 31, 2010.

*Payments Upon Termination (Without a Change-in-Control).* Pursuant to an employment agreement with each of Drs. Grieve, McGinley and Wisnewski, and Messrs. **REPORT OF OUR AUDIT COMMITTEE**

The ultimate responsibility for good corporate governance rests with Heska Corporation's Board of Directors (the Board), whose primary roles are oversight, counseling and direction to Heska Corporation's management in the best long-term interests of Heska Corporation (Heska or the Company) and its stockholders. The Audit Committee of the Board (the Audit Committee) has been established for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of Heska's financial statements.

The Audit Committee operates under a written charter, a copy of which is available on Heska's website at [www.heska.com](http://www.heska.com). As described more fully in its charter, the purpose of the Audit Committee is to assist the Board in its oversight and monitoring of Heska's financial reporting, internal controls and audit function. Management is responsible for the preparation, presentation and integrity of Heska's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Audit Committee has hired an independent registered public accountant, who is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority and responsibility to select, direct, compensate, evaluate and, when appropriate, replace Heska's independent registered public accountant.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accountant, nor can the Audit Committee certify that the independent registered public accountant is independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management on the basis of the information it receives, discussions with management and the independent registered public accountant, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

In this context, during the year 2010, we met and held discussions with management and Ehrhardt Keefe Steiner & Hottman PC (EKS&H), Heska's independent registered public accountant. Management represented to us that Heska's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and we have reviewed and discussed the consolidated financial statements with management and EKS&H. In Audit Committee meetings with EKS&H, we discussed matters as required by Statement of Auditing Standards No. 61 (Communication with Audit Committees). Our review included a discussion with management of the quality, not merely the acceptability, of Heska's accounting principles, the reasonableness of significant estimates and judgments and the disclosure in Heska's consolidated financial statements.

We received from EKS&H the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and discussed with EKS&H its independence. In reliance on the reviews and discussions noted above, and the report of the independent registered public accountant, we recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2010, and be filed with the Securities and Exchange Commission.

**Table of Contents**

Heska was not required to have an audit of its internal control over financial reporting in 2009 as the Securities and Exchange Commission did not require registrants in Heska's market value category to do so. We discussed the advisability of obtaining a voluntary audit of internal control over financial reporting with management and EKS&H. Heska decided not to proceed with a voluntary audit and we do not expect that Heska will have an audit of its internal control over financial reporting until required.

Overall audit fees and related expenses increased in 2010 as compared to 2009. Tax fees declined in 2010 as compared to 2009. A factor in the change was the Company's reported pre-tax loss for the first six months of 2010 and less corresponding need for estimated tax payment services compared with the first half of 2009, when the Company generated a pre-tax income in the first half of the year.

**ADDITIONAL INFORMATION**

**Householding of Proxy Materials**

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Heska and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

**OTHER MATTERS**

Our Board knows of no other matters to be presented for stockholder action at our 2011 Annual Meeting. However, if other matters do properly come before our Annual Meeting or any adjournments or postponements thereof, our Board intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.
