**INDEPENDENT AUDITORS REPORT**

The Plan Administrator  
ING Financial Services LLC  
401(k) Savings Plan

We have audited the accompanying statement of net assets available for plan benefits of the ING Financial Services LLC 401(k) Savings Plan (the Plan) as of December 31, 2010 and December 31, 2009, and the statement of changes in net assets available for plan benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of a material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to the above present fairly, in all material respects, the net assets available for benefits of ING Financial Services LLC 401(k) Savings Plan as of December 31, 2010 and December 31, 2009, and the changes in its net assets available for benefits for the year ended December, 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Very truly yours,

/s/ P&G Associates

ING FINANCIAL SERVICES LLC  
401(k) SAVINGS PLAN  
Notes to Financial Statements  
December 31, 2010 and 2009

**(1) Description of Plan**

The following description of the ING Financial Services LLC 401(k) Savings Plan ( the Plan ) is provided for only general information. Participants should refer to the Plan agreement for a more complete description.

***General***

The Plan is a defined contribution plan, which is sponsored by ING Financial Services LLC (the Company), covering all employees of the Company and its participating affiliates and subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended.

***Eligibility and Participation***

Participation in the Plan is voluntary. Any employee, as defined by the Plan, who regularly works more than 21 hours per week (a Full-Time employee), is eligible to participate in the Plan on the first day of the month after commencing employment with the Company. Any employee, who regularly works less than 21 hours per week (a Part-Time employee), is eligible to participate in the Plan as of the first day of the month after completing one year of service. One year of service means the completion of 1,000 hours of service in a 12-month period.

***Benefits***

Employees participating in the Plan, or their beneficiaries, are eligible to receive benefit payments upon termination of service by reason of death, permanent disability, normal retirement at or after age 65 or early retirement. Such benefit payments are based on the participant's vested interest in the fair value of the net assets of the Plan. Upon such termination of service, participants have the option of receiving the value of their account balance either as a lump sum or in monthly installments over a fixed period of years.

***Contributions***

Eligible employees who elect to participate in the Plan agree to contribute 1% to 100% (Highly Compensated Employees are limited to 20%) of their eligible salaries, as defined. The Company's contributions are equal to 100% of the employees' participating contributions up to 6% of the eligible compensation. The Plan permits the participants to contribute to the Plan on a pre-tax basis. Current law generally limits participant pre-tax contributions to \$16,500 for the Plan year ended December 31, 2010. In addition, employees who are age 50 or older are permitted to make additional pre-tax contributions of up to \$5,500. Withdrawals of pre-tax contributions are subject to certain tax law restrictions. The Plan also provides a rollover provision for new employees receiving distributions from a qualified plan of a former employer.

***Investments Elections***

A participant may elect to direct the employee contributions to each or any investment fund specified in multiples of 1%. Changes in the proportion of contributions and transfers between funds are also permissible, subject to certain restrictions as defined in the Plan.

***Vesting***

Participants are fully vested in their contributions and earnings thereon. Employees hired on January 1, 2002 or later will be 25% vested in the company match portion of their account with each year of service they complete and fully vested after four years of service (Employees hired prior to this date were governed by an alternate vesting plan). At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$125,110 and \$155,338, respectively. These accounts are used to reduce future employer contributions and to pay Plan expenses. During 2010, \$125,110 was applied against employer contributions.

***Participants Withdrawals***

Prior to termination of service, a portion of a participant's contributions may be withdrawn under financial hardship upon written notice in such form as prescribed by the Benefits Plan Committee. Upon withdrawing from the Plan, participants generally receive a full disbursement of their vested account balances. Any participant who has not attained the age of 59 1/2 may be subject to a 10% penalty and applicable income taxes. Upon termination of employment, a participant may receive a distribution of the value of his account. Upon the death of a participant, the value of such participant's account shall be distributed to his beneficiary. The value of any distribution will be determined as of the valuation date coinciding with or immediately following the participant's termination of employment.

***Loans***

Participants may request a loan from the Plan up to 50% of their vested account balance, to a maximum of \$50,000 with a minimum loan amount of \$1,000. Interest is charged to participants based on a rate of the prime rate plus 2%, or other such rate as determined by the Plan administrator. A participant may have no more than two loans outstanding at a time. A maximum of 60 months is allowed for all loan repayments with the exception of purchasing a home, when the amortization period can extend to 120 months. Loans are repaid through payroll deductions and repayment begins the first pay period after disbursement of the loan. Loan defaults or non-repayment of loan balances by participants are reported as taxable distributions from the loan fund.

***Plan Termination***

While it has not expressed any intention to do so, the Plan may be terminated or partially terminated, or contributions under the Plan may be partially or completely terminated at any time by the Board of Directors of the Sponsor. In the event of such termination of the Plan, the assets remaining shall be distributed to participants, former participants and beneficiaries in proportion to their respective account balance at the date of termination.

**(2) Summary of Significant Accounting Policies**

***Basis of Accounting***

The financial statements of the Plan are prepared using the accrual basis of accounting.

***Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and the disclosure of the contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value (see note 4) except as described below. Shares of ING Common Stock ADRs are valued at quoted market prices. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Shares of common trust funds are valued at fair value which represents the net asset value of the shares held by the Plan as provided by the investment manager of the fund. Money Market funds and participant loans are valued at cost which approximates fair value.

As of December 31, 2006, the Plan adopted Financial Accounting Standards Board ( FASB ) Staff Position AAG INV-1 and Statement of Position No. 94-4-1, Reporting for Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP ). The FSP requires Statement of Net Assets Available for Plan Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a fair value basis for the fully-responsive investment contracts.

 Notes to Financial Statements  
 December 31, 2010 and 2009  
 (Continued)

The Morley Stable Value fund is a fully benefit-responsive investment. Its net yield at December 31, 2010 was 1.970%, and its net crediting rate was 2.754%. The corresponding rates for December 31, 2009 were 2.25% and 2.25%, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized gains and losses on the sales of investments and unrealized gains and losses on investments held are recognized in the statements of changes in assets available for plan benefits as net appreciation (depreciation) in fair value of investments.

***Benefits and Withdrawals***

Benefits and withdrawals are recorded when paid.

***Administrative Expenses***

Administrative expenses are paid from Plan assets.

**(3) Investments**

At December 31, 2010 and 2009, the Plan held the following investments:

	<b>2010</b>	<b>2009</b>
At fair value, based on quoted market prices:		
Mutual Funds	\$ 119,700,789	\$ 105,909,134

**(4) Fair Value**

In July, 2009 the FASB issued Topic ASC 820, *Fair Value Measurements and Disclosures*, which establishes a hierarchy for measurement of fair values of assets and liabilities. The hierarchy was originally issued as SFAS No. 157 in 2006, which the Plan adopted effective January 1, 2008.

In accordance with Topic ASC 820, the Plan classifies its investments into Level 1, Level 2 and Level 3 as defined below:

Level 1: Quoted market prices in active markets for identical assets or liabilities in active markets (this is the highest level)

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs reflecting the reporting entity's own assumptions (this is the lowest level).

An asset or liability's level is based on the lowest level of any input which is significant to its fair value measurement. The methodologies used for fair value at December 31, 2010 and 2009 were:

Common stocks are valued at the last closing price for the stock on a major exchange as of the reporting date.

Mutual funds are based on the Net Asset Value ( NAV ) of the fund which is the aggregate value of all assets owned by the fund less any liabilities of the fund, as reported on a major exchange, divided by the total number of shares of the fund.

Common collective trusts are based on the net asset value of the trust per unit, as reported by the administrator.

Loans to plan participants are based on amortized cost, which approximates fair value.

The Plans investments measured at fair value on a recurring basis, as of December 31, 2010 and 2009, were as follows:

<b>2010</b>	<b>TOTAL</b>	<b>Level 1</b>	<b>Level 2</b>
Mutual funds	\$ 119,700,789	\$ 119,700,789	\$
Common Stocks/ADRs	5,358,243	5,358,243	
Common/collective trusts	39,412,606		39,412,606
Total	\$ 164,471,638	\$ 125,059,032	\$ 39,412,606
<b>2009</b>	<b>TOTAL</b>	<b>Level 1</b>	<b>Level 2</b>
Mutual funds	\$ 105,909,134	\$ 105,909,134	\$

Total	\$ 145,663,535	\$ 110,107,676	\$ 35,555,859

There were no instruments with fair value measurements using significant unobservable inputs. (Level 3 assets) Accordingly, there were no losses in either 2010 or 2009 included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to Level 3 assets held by the Plan on December 31, 2010 or 2009.

**(5) Income Taxes**

The Plan has obtained its latest determination letter dated April 28, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ( IRC ). The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC.

**(6) Reconciliation of Financial Statements to Form 5500**

There are reconciling items or differences between the Financial Statements and the Form 5500 relating to net assets available for Plan Benefits and changes in net assets as of and for each of the years ended December 31, 2010 and 2009, respectively.

	<b>2010</b>	<b>2009</b>

Change in net assets available for plan benefits per Form 5500	\$ 17,465,357	\$ 35,624,135

**(7) Risks and Uncertainties**

The Plan offers a number of investment options including ING common stock and a variety of investment funds, some of which are mutual funds and common trust funds. The funds include U.S. equities, international equities and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk.

**Table of Contents**

ING FINANCIAL SERVICES LLC  
401(k) SAVINGS PLAN  
Notes to Financial Statements  
December 31, 2010 and 2009  
(Concluded)

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of Net Assets Available for Plan Benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of ING common stock fund, which principally invests in a single security.

**(8) Related Party Transactions**

The record keeping and custody functions for the underlying investments held by the Plan are performed by Milliman Inc. and Charles Schwab, respectively. Certain investments of the Plan are shares of mutual funds and Common Trust Funds advised by affiliates of Charles Schwab.

Another investment in the Plan is an investment fund comprised primarily of shares of common stock issued by ING Groep N.V. (ING). ING is the ultimate parent of the company as defined by the Plan.
