**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrative  
Committee of the Sterling Savings Bank

Employee Savings and Investment Plan and Trust

We have audited the accompanying statements of net assets available for benefits of the Sterling Savings Bank Employee Savings and Investment Plan and Trust (the Plan ) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Sterling Savings Bank  
Employee Savings and Investment Plan and Trust  
Summary of Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Investments**

The Plan's investments are stated at fair value. Mutual funds are valued at quoted market prices which represent the value of shares held by the Plan at year end. The estimated value of the collective trust funds is determined based on the trustee's calculation of the aggregate quoted market price of the underlying investments adjusted for certain expenses. Sterling Financial Corporation common stock is valued at its quoted market price.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and the net unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Benefit Payments**

Benefits are recorded when paid.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties**

The Plan provides various investment options for participants to choose from in combinations of stocks, mutual funds and other investment securities. These investment options are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Notes to Financial Statements**

**1. Description of Plan**

The following description of the Sterling Savings Bank ( Sterling or the Employer ) Employee Savings and Investment Plan and Trust (the Plan ) provides only general information. Participants should refer to the Plan itself for a more complete description of the Plan s provisions.

**General**

The Plan is a defined contribution plan, which became effective on July 1, 1985. Employees who have attained the age of 18 may enroll on the first day of the month following one calendar month of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ( ERISA ).

**Contributions**

Participants can contribute from 1% to 75% of their compensation up to the statutory maximum through payroll deductions to the Plan.

Participant contributions are entitled to a discretionary Employer matching contribution. The matching contribution formula provides that Employer will contribute up to a maximum match of 35% of the employee s contribution not to exceed 10% of the participant s compensation. The Employer contributed the maximum match in 2005 and 2004. Additional amounts may be contributed at the option of Sterling as a profit sharing contribution. No discretionary profit sharing contributions were made in 2005 or 2004. All Employer contributions are initially invested in the common stock of Sterling Financial Corporation. Participants who have been employed with Sterling for five years or more have the option of reallocating Employer contributions that have been invested in Sterling Financial Corporation stock into any of the Plan s other investment funds.

**Investment Options**

Participant contributions are invested in separate investment options as designated by the individual participants. Participants may elect to reallocate the amounts invested in each investment on any business day.

**Participant Accounts**

Separate accounts are maintained for each participant. Each participant s account is credited with the participant s contribution, an allocation of Sterling s contribution and any Plan earnings, and is debited with any losses and expenses. Allocations of Sterling s contribution and Plan earnings or losses and expenses are based on participant account balances, as defined in the Plan document. The participant s benefit is the amount of any balance that has accumulated in his or her account.

**Vesting**

A participant is 100% vested in his or her voluntary contributions plus actual earnings thereon. Sterling s contributions and earnings thereon are subject to a vesting schedule of 50% after two years and 100% after three years of service.

**Forfeitures**

Forfeitures totaled \$55,483 and \$86,358 at December 31, 2005 and 2004, respectively. Forfeitures of Sterling contributions will reduce future matching contributions. Forfeitures in the amount of \$118,174 were used to offset Employer contributions for the year ended December 31, 2005. The

**Table of Contents**

remaining forfeitures were allocated to a suspense account for use in future years to offset Employer contributions.

**Payment of Benefits**

Distributions are made upon termination, death, disability or retirement. Participants or their beneficiaries will receive payment of benefits as follows: (a) balances of \$5,000 or less will be distributed in a lump sum, or (b) balances greater than \$5,000 will be distributed in various optional forms of distribution. In 2005, the Plan was amended to allow for automatic rollover of participant balances between \$1,000 and \$5,000 to an IRA, in the event the participant does not elect otherwise.

**Participant Loans**

A participant may borrow from his or her fund account up to a maximum of 50% of his or her vested account balance. However, participant loans can be no more than \$50,000 minus the participant's highest outstanding loan amount during the prior twelve months. The loans are secured by the vested balance in the participant's account and bear interest at the Federal Reserve prime rate plus 1%, calculated at the end of each month and applied to all loans funded during the next month. Principal and interest are paid ratably through regular payroll deductions over a period not to exceed five years. Participants pay a loan origination fee, as well as an annual loan maintenance fee.

**Administrative Expenses**

Both Sterling and Plan participants pay the costs of the Plan. Plan participants pay a portion of the trustee fee ranging from \$15 to \$25 per participant per year for 2005. Additionally, each share of Sterling Financial Corporation common stock that is purchased by the Plan on the open market is subject to a fee of \$0.10 per share, which is paid by the participants. Sterling pays the remaining portion of the trustee fee charged by Merrill Lynch as trustee and all other fees, expenses and commissions.

Transfers to participant-directed investments	(212,510)	(498,044)
Total	\$ (72,089)	\$ 2,779,437

**3. Plan Termination**

Although it has not expressed an intent to do so, Sterling has the right to discontinue its contributions to the Plan at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants accounts will become fully vested and non-forfeitable. All assets remaining in the Plan after payment of any expenses properly chargeable against the Plan shall be paid to participants in accordance with the terms of the Plan.

**4. Tax Status**

On October 18, 2004, the Employer received a letter from the Internal Revenue Service informing the Employer that the Plan is qualified and exempt under Sections 401 and 501 of the Internal Revenue Code of 1986, as amended.

**5. Related Party Transactions**

Certain Plan investments are shares of mutual funds and collective trust funds managed by Merrill Lynch, which is the trustee of the Plan. These investments include the Retirement Preservation Trust, Bond Fund Core Bond Portfolio, Global Allocation, and S&P 500 Index Fund. No transaction fees or

commissions were paid, or are payable by the Plan through the Trust relating to these funds in 2005 and 2004.

Certain Plan investments are shares in Sterling Financial Corporation common stock, as detailed in Note 2. Sterling Financial Corporation is the parent company of Sterling Savings Bank and therefore these transactions also qualify as party-in-interest transactions.

**6. Merged Plan**

On January 2, 2004, Klamath First Federal Savings and Loan Association was merged with and into Sterling, with Sterling being the surviving institution in the merger. As a result of the merger, the Klamath Fund 401(k) Plan was merged with and into the Plan. During the year ended December 31, 2004, Plan assets were increased by \$1,998,453 due to this plan merger.
