INTRODUCTION

This Rule 13e-3 Transaction Statement (the Transaction Statement) is being filed with the Securities and Exchange Commission (the SEC) pursuant to Section 13(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act), by Lear Corporation, a Delaware corporation (the Company), AREP Car Holdings Corp., a Delaware corporation (Parent), AREP Car Acquisition Corp., a Delaware corporation (Merger Sub), American Real Estate Holdings Limited Partnership, a Delaware limited partnership (AREH), American Real Estate Partners, L.P., a Delaware limited partnership (AREP), American Property Investors, Inc., a Delaware corporation, Carl C. Icahn and Vincent J. Intrieri (collectively, the Filing Persons).

This Transaction Statement relates to the Agreement and Plan of Merger, dated as of February 9, 2007 (the Merger Agreement), by and among the Company, Parent and Merger Sub. If the Merger Agreement is approved by the Company s stockholders and the other conditions to the closing of the merger are either satisfied or waived, Merger Sub will be merged with and into the Company (the Merger). The separate corporate existence of Merger Sub will cease, and the Company will continue its corporate existence under Delaware law as the surviving corporation in the Merger. The separate corporate existence of the Company with all of its rights, privileges, immunities, powers and franchises, shall continue unaffected by the Merger. Upon consummation of the Merger, each share of Company common stock issued and outstanding immediately prior to the effective time of the merger, other than shares owned by Parent, Merger Sub or any subsidiary of Parent or shares held by holders who have properly demanded and perfected their appraisal rights, will be converted into the right to receive \$36.00 in cash, without interest and less any applicable withholding taxes.

Concurrently with the filing of this Transaction Statement, the Company is filing with the SEC a preliminary proxy statement (the Proxy Statement) under Regulation 14A of the Exchange Act in connection with the Merger and the annual meeting of the stockholders of the Company. The Proxy Statement is attached hereto as Exhibit (a)(1). A copy of the Merger Agreement is attached to the Proxy Statement as Appendix A and is incorporated herein by reference. As of the date hereof, the Proxy Statement is in preliminary form and is subject to completion or amendment.

Pursuant to General Instruction F to Schedule 13E-3, the information in the Proxy Statement, including all annexes, exhibits and appendices thereto, is expressly incorporated by reference herein in its entirety, and responses to each item herein are qualified in their entirety by the information contained in the Proxy Statement. The cross references below are being supplied pursuant to General Instruction G to Schedule 13E-3 and show the location in the Proxy Statement of the information required to be included in response to the items of Schedule 13E-3.

All information contained in, or incorporated by reference into, this Transaction Statement concerning each Filing Person was supplied by such Filing Person, and no other Filing Person, including the Company, takes responsibility for the accuracy of such information as it relates to any other Filing Person.

The filing of this Transaction Statement shall not be construed as an admission by any of the Filing Persons or by any affiliate of a Filing Person that any Filing Person is an affiliate of the Company within the meaning of Rule 13e-3.

APPENDIX B

Opinion of Morgan Joseph & Co. Inc

In connection with the review and analysis of the merger by Mr. Icahn, Mr. Intrieri, AREP, Parent and Merger Sub, the audit committee and the special committee of the board of directors (the API Committees) of API engaged Morgan Joseph & Co. Inc. (Morgan Joseph) to advise the API Committees and to furnish a written opinion as to the fairness to AREP, from a financial point of view, of the consideration to be paid by AREP in the merger. Morgan Joseph was engaged to provide an opinion as to the fairness to AREP, from a financial point of view, of the consideration to be paid by AREP in the merger, including to comply with provisions of indentures governing AREP indebtedness. Approximately 90% of the outstanding depositary units of AREP (MLP Units) are owned by affiliates of Mr. Icahn and, therefore, AREP is deemed to be an affiliate of Mr. Icahn. API is wholly owned by affiliates of Mr. Icahn.

The API Committees selected Morgan Joseph as their financial advisor because Morgan Joseph has substantial experience in transactions similar to the merger. Morgan Joseph regularly engages in the valuation of businesses and securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, secondary distributions of listed and unlisted securities and private placements.

At a meeting of the API Committees on February 9, 2007, Morgan Joseph furnished to the API Committees its opinion (the Morgan Joseph Opinion) that, as of such date, and based upon the assumptions made, matters considered and limitations of its review set forth therein, the consideration to be paid by AREP in the merger was fair, from a financial point of view, to AREP.

The description of the Morgan Joseph Opinion set forth in this section is qualified in its entirety by reference to the full text of the Morgan Joseph Opinion. You are urged to read the Morgan Joseph Opinion in its entirety for a description of the procedures followed, assumptions made, matters considered and qualifications and limitations on the Morgan Joseph Opinion and the review and analyses undertaken by Morgan Joseph in furnishing to the API Committees the Morgan Joseph Opinion. The Morgan Joseph Opinion is filed as Exhibit (c)(4) hereto.

The Morgan Joseph Opinion is addressed and was furnished solely to the API Committees and addresses only the fairness, from a financial point of view, of the consideration to be paid by AREP in the merger. It does not address the merits of the underlying business decision by AREP, the API Committees or any of AREP s affiliates or constituents to propose, consider, approve, recommend, declare advisable or consummate the merger, and does not constitute a recommendation to AREP, the API Committees, AREP s full board of directors, the holders of MLP units, or any other AREP constituent, person or entity as to any specific action that should be taken (or not be taken) in connection with the merger or as to any strategic or financial alternatives to the merger or as to the timing of any of the foregoing.

In connection with furnishing the Morgan Joseph Opinion, Morgan Joseph reviewed and analyzed, among other things, the following:

the February 6, 2007 draft of the merger agreement (which at such date Morgan Joseph assumed was, with respect to all material terms and conditions thereof, substantially in the form of the definitive agreement executed and delivered by the parties thereto);

the Annual Report on Form 10-K filed by Lear with the SEC for its fiscal year ended December 31, 2005, the Quarterly Reports on Form 10-Q filed by Lear with the SEC for its fiscal quarters ended April 1, 2006, July 1, 2006, September 30, 2006, and certain other filings made by Lear with the SEC under the Exchange Act;

B-1

the Annual Report on Form 10-K filed by AREP with the SEC for its fiscal year ended December 31, 2005, the Quarterly Reports on Form 10-Q filed by AREP with the SEC for its fiscal quarters ended March 31, 2006, June 30, 2006 and September 30, 2006, and certain other Exchange Act filings made by AREP with the SEC;

certain other publicly available business and financial information concerning Lear and AREP, respectively, and the industries in which they operate, which Morgan Joseph believed to be relevant;

certain internal information and other data relating to Lear and AREP, respectively, and their respective business and prospects, including budgets, projections and certain presentations prepared by Lear and AREP, respectively, which were provided to Morgan Joseph by AREP's senior management;

the reported sales prices and trading activity of Lear's common stock;

certain publicly available information concerning certain other companies which Morgan Joseph believed to be relevant and the trading markets for certain of such other companies' securities;

the financial terms of certain recent unrelated transactions which Morgan Joseph believed to be relevant; and

the resolutions of the board of directors of API, dated February 2, 2007, establishing and appointing the membership of the special committee of the board of directors of API and prescribing its authority and mandate with respect to the proposed merger, a complete and correct copy of which were provided to Morgan Joseph by AREP's senior management.

Morgan Joseph also participated in various conferences with certain officers, directors (including the members of the API Committees), employees and outside consultants of AREP and its affiliates concerning the business, operations, assets, financial condition and prospects of AREP and Lear, respectively, and undertook such other studies, analyses and investigations as Morgan Joseph deemed relevant to the Morgan Joseph Opinion.

In performing its analyses, numerous assumptions were made with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Morgan Joseph, Mr. Icahn, API, AREP, Parent, Merger Sub and Lear. Any estimates contained in the analyses performed by Morgan Joseph are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than those suggested by such analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which those businesses or securities might actually be sold. Accordingly, the analyses and estimates are inherently subject to substantial uncertainty.

In preparing the Morgan Joseph Opinion, Morgan Joseph assumed and relied upon the accuracy and completeness of all financial and other publicly available information and data used by it and did not attempt independently to verify such information, nor did Morgan Joseph assume any responsibility or liability to do so. Morgan Joseph also assumed and relied upon the assurances of senior management of AREP and its affiliates that no relevant information had been omitted or remained undisclosed to Morgan Joseph, and Morgan Joseph did not attempt independently to verify any such information, nor did Morgan Joseph assume any responsibility or liability to do so. Morgan Joseph assumed that the forecasts and projections of Lear, which were provided by AREP's senior management and reviewed by Morgan Joseph, had been reasonably prepared based on the best current estimates, information and judgment of AREP's and Lear's senior management, respectively, as to the future financial condition, cash flows and results of operations of AREP and Lear and their consolidated subsidiaries, respectively. Morgan Joseph neither made an investigation of any such forecasts or projections or the assumptions on which they are based, nor did it assume any responsibility to do so. Morgan Joseph further assumed that the transfer of substantially all of the assets of Lear's North American interior business segment to IAC North America will be completed and that the merger will be consummated in accordance with the terms and subject to the conditions contained in the merger agreement, without any economic or material further amendments thereto or modification thereof, and without any waiver by AREP or Lear of any of the conditions to their respective obligations thereunder.

Table of Contents

Morgan Joseph made no independent investigation of any legal, accounting or tax matters affecting Lear, AREP or any of their respective affiliates, or the merger, and Morgan Joseph assumed the accuracy and completeness of all legal, accounting and tax advice provided to AREP and the API Committees by AREP's management and the API Committees' independent professional advisors. Morgan Joseph did not conduct a physical inspection of any of the properties, assets or facilities of Lear or AREP, nor did it make or obtain any independent valuation or appraisal of such properties, assets or facilities. Morgan Joseph also took into account its assessment of general economic, market and financial conditions and its experience in transactions that, in whole or in part, it deemed to be relevant for purposes of its analyses, as well as its experience in securities valuation in general.

The Morgan Joseph Opinion necessarily is based upon economic, market, financial and other conditions as they existed on February 9, 2007 and does not address the fairness of the consideration to be paid by AREP to holders of Lear's common stock in the proposed merger on any other date. Morgan Joseph expressed no opinion as to the price at which the depositary units of AREP or any other securities will trade at any future time.

In connection with furnishing to the API Committees the Morgan Joseph Opinion, Morgan Joseph performed a variety of financial analyses, which are summarized below. These analyses were presented to the API Committees at a meeting held on February 9, 2007. The summary set forth below does not purport to be a complete description of the analyses performed by Morgan Joseph in this regard. The preparation of an opinion regarding financial fairness involves various determinations as to the most appropriate and relevant methods of financial analyses and the application of these methods to the particular circumstances, and, therefore, such an opinion is not readily susceptible to a partial analysis or summary description. Accordingly, notwithstanding the separate analyses summarized below, Morgan Joseph believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors considered by it, without considering all of its analyses and factors, or attempting to ascribe relative weights to some or all of its analyses and factors, could create an incomplete view of the evaluation process underlying the Morgan Joseph Opinion.

The financial forecasts and forward-looking financial data of Lear and AREP, which were furnished to Morgan Joseph and used by it in some of its analyses, were prepared by the management of Lear and AREP, respectively. Morgan Joseph was advised by the API Committees that neither Lear nor AREP publicly discloses financial forecasts or forward-looking financial data of the type provided to Morgan Joseph in connection with its review of the proposed merger, and, as a result, these financial forecasts and forward-looking financial data were not prepared by Lear and AREP, respectively, with a view towards public disclosure or in accordance with any AICPA or other prescribed accounting guidelines or published best practices for public company financial forecasts or projections. Morgan Joseph was specifically informed by management of Lear and AREP, respectively, that these financial forecasts and forward-looking financial data were based on numerous variables and assumptions developed and applied in good faith by management of Lear and AREP, respectively. These variables and assumptions are inherently uncertain, including, without limitation, factors related to general market, industry, economic and competitive conditions. Accordingly, Morgan Joseph was informed that actual results could vary significantly from those set forth in such financial forecasts and forward-looking financial data.

No company or transaction used in the analyses described below is identical to AREP, Lear or the proposed merger. Accordingly, an analysis of the results thereof necessarily involves complex considerations and judgments concerning differences in financial and operating characteristics and other factors that could affect the proposed merger or the public trading or other values of AREP, Lear or companies to which they are being compared. Mathematical analysis (such as determining an average or median) is not in itself a meaningful method of using selected acquisition or company data. In addition, in performing such analyses, Morgan Joseph relied, without any independent verification, on projections prepared by research analysts at established securities firms, any of which may or may not prove to be accurate.

The following is a summary of the material analyses performed by Morgan Joseph in connection with the Morgan Joseph Opinion.

Table of Contents*Selected Comparable Transactions Analysis*

Using publicly available information, Morgan Joseph reviewed the purchase prices and multiples paid in the following selected merger and acquisition transactions involving companies in the automotive interior systems supplier industries in which it deemed relevant in reviewing the financial terms of the proposed merger (the Selected Transactions), presented below in Acquiror/Target format (with parenthetical reverse chronological date of announcement):

Robert Bosch/Pacifica Group Ltd. (October 18, 2006);

Asahi Tec Corp./Metaldyne Corp. (September 1, 2006);

EQT Partners/ MTU Friedrichshafen GmbH (December 28, 2005);

BorgWarner Germany/Beru AG (November 1, 2004);

Magna International, Inc./Tesda International Inc. (October 25, 2004);

Cypress Group, Goldman Sachs/Cooper-Standard Holdings Inc. (September 9, 2004);

Cypress Group/Dana Corp. (automotive parts division) (July 9, 2004);

Cypress Group/Affina Group Inc. (July 9, 2004);

Carlyle Group/United Components Inc. (May 1, 2003);

Blackstone Group/TRW Inc. (automotive parts division) (November 17, 2002);

Timkin Co./The Torrington Company (October 16, 2002);

Collins & Aikman Corp./Textron Automotive Trim (August 7, 2001); and

Heartland Industrial Partners/Collins & Aikman Corp. (January 12, 2001).

Morgan Joseph applied a methodology similar to the one it used in its selected publicly traded companies analysis described below, but relied on multiples derived from merger and acquisition transactions involving target companies in industries similar, although not identical, based on their participation in one or more product segments in which Lear competes. These product segments include, but are not limited to, automotive interior seating, electrical distribution systems and select electronic and other products.

Morgan Joseph considered all of the Selected Transactions (which ranged in transaction value from \$4.725 billion to \$452.8 million) as a group and did not view any single transaction to be more relevant than the others. The financial information reviewed by Morgan Joseph included the purchase prices and multiples paid by the acquiring company of the acquired company's financial results over the twelve-month period preceding the acquisition (LTM). The table below summarizes the results of this analysis:

Multiples Observed from the Selected Transactions

| | 25th Percentile | 50th Percentile | 75th Percentile |
|---------------------------------------|---------------------------------------|---------------------------------------|---------------------------------------|
| Multiple of Transaction Value: | | | |
| /LTM Sales | 0.6x | 0.7x | 0.7x |
| /LTM EBITDA ⁽¹⁾ | 5.1x | 6.0x | 6.8x |
| /LTM EBIT ⁽²⁾ | 8.3x | 10.1x | 10.6x |

(1) EBITDA means earnings before interest, taxes, depreciation and amortization.

(2) EBIT means earnings before interest and taxes.

Based on this analysis, Morgan Joseph derived a valuation range of 5.1x to 6.8x Lear's 2006 adjusted EBITDA of \$856.0 million to arrive at an implied share price range for Lear of \$28.71 to \$47.80, yielding a median implied share price of \$38.50. The merger consideration is within this range of implied share prices. The implied share price range set forth above assumed adjustments to EBITDA to eliminate the results of Lear's North American interior business segment, which is pending divestiture, and to eliminate certain charges considered to be of a non-recurring nature including goodwill and fixed asset impairment and restructuring charges (the EBITDA Adjustments). Lear has classified such business segment in Note 2 to Lear's consolidated financial statements included in its Annual Report on Form 10-K for its fiscal year ended December 31, 2006 as constituting assets and liabilities held for sale. The range of EBITDA multiples applied by Morgan Joseph reflect the 25th percentile, at the low end, and the 75th percentile, at the high end, of the range of the Selected Transactions.

Table of Contents*Selected Publicly Traded Companies Analysis.*

Using publicly available information, Morgan Joseph reviewed the stock prices (at February 2, 2007) and selected market trading multiples of the following companies (the Selected Companies):

American Axle & Manufacturing Holdings Inc.;

Dana Corp.;

Faurecia SA;

Johnson Controls Inc.;

Magna International, Inc.;

TRW Automotive Holdings Corp.;

Valeo SA; and

Visteon Corp.

The financial information reviewed by Morgan Joseph included market trading multiples exhibited by the Selected Companies with respect to their LTM, their 2006 estimated financial performance and their 2007 estimated financial performance. The table below provides a summary of these comparisons:

Multiples Observed from the Selected Companies

| | 25 th Percentile | 50 th Percentile | 75 th Percentile |
|--------------------------------------|--------------------------------|--------------------------------|--------------------------------|
| Multiple of Enterprise Value: | | | |
| /LTM EBITDA | 4.5x | 4.9x | 5.7x |
| /2006 Estimated EBITDA | 4.7x | 5.5x | 6.2x |
| /2007 Estimated EBITDA | 4.5x | 4.7x | 4.9x |

The multiples shown in the table above exclude Johnson Controls from the averages. Johnson Controls is a direct competitor of Lear in the automotive seating business. However, approximately 43% of Johnson Control's revenues in fiscal 2006 and approximately 66% of operating income, excluding restructuring costs, were derived from businesses other than Johnson Control's automotive interior systems and products. As a result, Morgan Joseph believed that Johnson Controls multiples were not indicative of comparable public companies in the automotive parts industry.

The financial information reviewed by Morgan Joseph also included market trading multiples exhibited by Lear with respect to its LTM, its 2006 estimated financial performance and its 2007 estimated financial performance, as set forth in the table below:

Multiples for Lear

| | |
|--------------------------------------|------|
| Multiple of Enterprise Value: | |
| /LTM EBITDA | 6.8x |
| /2006 Estimated EBITDA | 6.8x |
| /2007 Estimated EBITDA | 5.4x |

Based on this analysis, Morgan Joseph derived a valuation range of 4.5x to 6.2x Lear's 2006 adjusted EBITDA of \$856.0 million to arrive at an implied share price range for Lear of \$22.16 to \$40.79, yielding a median implied share price of \$30.45. The merger consideration is within this range of implied share prices. The implied share price range set forth above took into account the EBITDA Adjustments. The range of EBITDA multiples applied by Morgan Joseph reflect the 25th percentile, at the low end, and the 75th percentile, at the high end, of the range of the Selected Companies.

Because of the inherent differences in the business operations, financial condition and prospects of Lear, and the business operations and financial condition of the Selected Companies, Morgan Joseph did not rely solely on the quantitative results of the selected publicly traded companies analysis. Morgan Joseph also made non-mathematical, qualitative and subjective judgments concerning differences between the characteristics of the comparable companies and Lear which, in its judgment, could affect the values of such companies. The non-mathematical qualitative and subjective judgments made by Morgan Joseph included an evaluation of the different stages of maturity and the industry cycle of each Selected Company.

Table of Contents*Discounted Cash Flow Analysis*

Morgan Joseph selected the range of discount rates used for this analysis by calculating Lear's implied weighted average cost of capital (WACC). Lear's WACC was calculated by using various assumptions, including, but not limited to, an assumed cost of equity of 14.4% to 18.1%, an assumed pre-tax cost of debt of 8.5%, and an assumed marginal tax rate of 38%. The WACC calculation resulted in an approximate 11% discount rate for Lear which was used as a midpoint for the 10%-12% discount rate range.

Morgan Joseph performed a discounted cash flow analysis to estimate the present value of the stand-alone, unlevered, after-tax free cash flows that Lear was projected to generate over the calendar years 2006 through 2010, based on internal estimates provided by Lear's and AREP's managements. Unlevered free cash flow represents the amount of cash generated and available for principal, interest and dividend payments after providing for the funding of Lear's ongoing business operations. These cash flows were discounted to a present value using discount rates ranging from 10.0% to 12.0%. To calculate the implied enterprise value range for Lear, the discounted cash flows were added to a range of estimated terminal (end date) values, which was calculated by using the EBITDA Exit Multiple Methodology.

This method calculates the terminal value by applying multiples ranging from 4.5x to 5.5x, based on EBITDA multiples paid as per the comparable transactions analysis, to the projected 2010 EBITDA of Lear. The implied terminal values were then discounted to present value using 10.0% to 12.0% discount rates. The present values of the implied terminal values of Lear were then added to the present value of the after-tax free cash flows to arrive at a range of enterprise values. The table below provides a summary of the range of enterprise values.

| | Enterprise Value | | | |
|-------|---|-------------|-------------|-------------|
| | Free Cash Flow as of December 31, 2006 | 4.5x | 5.0x | 5.5x |
| | WACC | | | |
| 10.0% | \$1,958.5 | \$5,323.1 | \$5,697.0 | \$6,070.8 |
| 11.0% | \$1,914.8 | \$5,159.7 | \$5,520.3 | \$5,880.8 |
| 12.0% | \$1,872.6 | \$5,003.2 | \$5,351.0 | \$5,698.8 |

This analysis indicated an implied equity value per share range for Lear. The table below provides a summary of the range of implied equity value per share range.

| | Equity Value per Share(1) | | | |
|-------|---|-------------|-------------|-------------|
| | Net Debt and Minority Interest as of December 31, 2006 | 4.5x | 5.0x | 5.5x |
| | WACC | | | |
| 10.0% | \$2,061.0 | \$41.31 | \$46.04 | \$50.78 |
| 11.0% | \$2,061.0 | \$39.24 | \$43.80 | \$48.37 |
| 12.0% | \$2,061.0 | \$37.26 | \$41.66 | \$46.07 |

Although the Discounted Cash Flow analysis produced values higher than the consideration to be paid by AREP in the merger, Morgan Joseph believes that the analyses described in the Morgan Joseph Opinion must be considered as a whole and not on an individual basis, and that to consider it otherwise than as an entirety could potentially present an inaccurate or misleading description of such analyses.

Table of Contents*Premiums Paid Analysis*

Morgan Joseph reviewed the premiums paid for 317 selected publicly announced U.S. domestic transactions announced between February 2, 2006 and February 2, 2007 having transaction values of between \$1.0 billion and \$10.0 billion. Morgan Joseph then compared the average premiums of these transactions based on per share market prices of the target company at reference points of one day prior to transaction announcement, one week prior to transaction announcement and one month prior to transaction announcement, respectively, to the implied premium based on the merger consideration of approximately \$36.00 per share in cash to Lear's stock price at the same reference points as well as to Lear's average stock price over a one-month, three-month and twelve-month period. The following table shows the average premiums of the above mentioned transactions and the implied premium based on the merger consideration.

| | Target Offer Premium to | | |
|---------------------------|--------------------------------|-------------------------|--------------------------|
| | 1 Day Prior | 1 Week Prior | 1 Month Prior |
| Average Offer Premium | 52.3% | 69.0% | 24.9% |
| Lear Merger Offer Premium | 3.8% | 4.0% | 29.2% |

AREP and Morgan Joseph entered into a letter agreement dated February 1, 2007 relating to the services to be provided by Morgan Joseph in connection with the proposed merger. Pursuant to the terms of such letter agreement, AREP paid \$375,000 to Morgan Joseph upon execution of the engagement letter and \$375,000 on February 9, 2007 upon the delivery of the Morgan Joseph Opinion to the API Committees. AREP also agreed to reimburse Morgan Joseph for its reasonable out-of-pocket expenses incurred in connection with its engagement, including certain fees and disbursements of its legal counsel. Such fees and reimbursements were not contingent upon consummation of the merger. Under a separate letter agreement, AREP agreed to indemnify Morgan Joseph against liabilities relating to or arising out of its engagement, including liabilities under the U.S. federal securities laws.

In the ordinary course of business during the past two years, Morgan Joseph (i) was engaged by the API Committees to provide fairness opinions to the API Committees in January 2005 in connection with certain acquisition transactions similar in nature to the proposed merger involving the acquisition by AREP of certain companies in which affiliates of Mr. Icahn owned capital stock, for which Morgan Joseph received aggregate fees of \$1,000,000, and (ii) has been engaged by the API Committees to provide fairness opinions to the API Committees in connection with (a) a potential transaction involving the acquisition by AREP of certain debt instruments and the assumption of certain rights and obligations under certain derivative securities of a certain publicly traded company held by affiliates of Mr. Icahn, for which Morgan Joseph would receive fees of \$750,000 upon delivery of its opinion to the API Committees and (b) an additional potential transaction involving the acquisition by AREP of all of the capital stock owned by affiliates of Mr. Icahn of a certain closely held company, for which Morgan Joseph has received a fee of \$375,000 upon execution of an engagement letter in connection therewith and would receive an additional fee of \$375,000 upon delivery of its opinion to the API Committees.

In accordance with the letter agreement, Morgan Joseph's opinion is addressed solely to the API Committees, solely for their use in connection with their review and evaluation of the consideration proposed to be paid by AREP in the merger. Neither the Morgan Joseph Opinion nor its underlying financial analyses may be relied on by any person or entity other than the members of the API Committees, in their capacity as such, without the prior written consent of Morgan Joseph. In accordance with the letter agreement, no holders of MLP Units, or any other AREP constituent, person or entity can rely or assert reliance on the Morgan Joseph Opinion or underlying financial analyses in connection with any voting, credit extension, audit or other consideration or assessment of the relative merits, risks or financial reporting requirements of the merger, or otherwise. Morgan Joseph's view is that its duties in connection with the Morgan Joseph Opinion extend solely to the API Committees and that it has no legal responsibilities in respect thereof to any other person or entity under the laws of the State of New York, the laws which govern the engagement letter agreement between AREP and Morgan Joseph. Morgan Joseph states in the letter agreement that it would likely assert the substance of this view and the disclaimer described above as a defense to claims and allegations, if any, that might hypothetically be brought or asserted against it by any persons or entities other than the API Committees with

respect to the Morgan Joseph Opinion and its financial analyses thereunder. Morgan Joseph also states, however, that because no court has definitely ruled to date on the availability of this defense to a financial advisor who furnished to its client for its exclusive use a fairness opinion, this issue

necessarily would have to be judicially resolved on the merits in a final and non-appealable judgment of a court of competent jurisdiction. The letter agreement provides that there can be no assurance that such a court would apply the laws of the state of New York to the analyses and ultimate resolution of this issue if it were to be properly briefed by the relevant litigants and presented to the court. The letter agreement also provides that, in all cases, the hypothetical assertion or availability of such a defense would have absolutely no effect on Morgan Joseph's rights and responsibilities under U.S. federal securities laws, or the rights and responsibilities of the API Committees under applicable state law or under U.S. federal securities laws.

APPENDIX C

A.T. Kearney Report

In connection with its review and analysis of the proposed merger of Merger Sub with and into Lear, American Real Estate Partners, L.P. engaged A.T. Kearney, Inc. to conduct a business diligence review of Lear and to provide a strategic assessment of Lear, its competitors and the automotive industry generally. This report is referred to as the A.T. Kearney Report. A.T. Kearney is an affiliate of an international management consulting firm with experience providing business strategy, operations, and organization planning and consulting services. AREP instructed A.T. Kearney to conduct a strategic assessment of Lear, including an analysis of Lear's revenue plan, restructuring plan, competitive position and prospects within the seating and electronic and electrical markets. A.T. Kearney did not review or analyze transactions comparable to the merger, provide advice or recommendations with respect to the consideration to be offered in connection with the merger or evaluate the fairness of the proposed merger to the stockholders of Lear.

A.T. Kearney regularly engages in business diligence reviews and strategic assessments similar to that conducted for AREP. AREP selected A.T. Kearney to perform the business diligence review and strategic assessment based on A.T. Kearney's knowledge, experience, and reputation in conducting such reviews and assessments, in general, and its understanding of the automotive parts industry in particular. A.T. Kearney has had no material relationship with AREP during the past two years and A.T. Kearney received customary fees in connection with the preparation and delivery of the A.T. Kearney Report.

On February 2, 2007, A.T. Kearney presented the A.T. Kearney Report to AREP. The A.T. Kearney Report is attached to this document as Exhibit (c)(3). The following is a summary of the material analyses and conclusions contained in the A.T. Kearney Report. Please refer to Exhibit (c)(3) for a further description of the assumptions made, matters considered and qualifications and limitations on the A.T. Kearney Report and the review and analyses undertaken by A.T. Kearney in furnishing to AREP the A.T. Kearney Report.

The A.T. Kearney Report is addressed and was furnished to AREP. It does not address the merits of the underlying business decision by AREP or any of AREP's affiliates or constituents to propose, consider, approve, recommend, declare advisable or consummate the merger, and does not constitute a recommendation to the stockholders of Lear, AREP, the holders of AREP's depositary units, or any other AREP or Lear constituent, person or entity as to any specific action that should be taken (or not be taken) in connection with the merger or as to any strategic or financial alternatives to the merger or as to the timing of any of the foregoing.

The A.T. Kearney Report was prepared and delivered not for purposes of assessing the fairness to AREP or Lear stockholders of the merger or the consideration to

Table of Contents

be paid in connection with the merger, but as part of a general business strategy consulting assignment intended to educate AREP with respect to the industry in which Lear operates and Lear's competitive position within that industry. The A.T. Kearney Report was not intended as a valuation of the fair market price per share in connection with the merger and it does not address the merits or fairness of the merger or the merger consideration.

Project Methodology

In connection with furnishing the A.T. Kearney Report, A.T. Kearney reviewed and analyzed, among other things, publicly available information and reports on the automotive industry and the automotive Tier I market generally and the seating and electrical and electronics markets specifically; information provided by members of Lear's management team; onsite interviews of Lear executives; and publicly available information on Lear and Lear's major customers and competitors.

A.T. Kearney assumed and relied upon the accuracy and completeness of all publicly available information and data used by it and did not attempt to independently verify such information, nor did A.T. Kearney assume any responsibility or liability to do so. A.T. Kearney also assumed and relied upon the information and projections provided to it by AREP and Lear and that no relevant information had been omitted. A.T. Kearney did not attempt to independently verify any such information, nor did it assume any responsibility to do so.

Throughout the course of its engagement, A.T. Kearney's representatives were in contact with AREP in order to respond to specific instructions about the scope of its due diligence.

Summary of Findings

A.T. Kearney identified the following as strengths with respect to Lear and its business:

The seating market shows growth potential because seats are increasing in content and are increasingly used for vehicle differentiation;

Lear operates in a seat market with consolidated competition and rational pricing;

Lear has strong people, operations and systems;

Lear is favorably viewed in the industry and is trusted by most auto makers to deliver major programs; and

Lear's business has a strong balance of market presence in North America and Europe with a growing Asian presence.

C-2

Table of Contents

A.T. Kearney identified the following concerns with respect to Lear and its businesses:

Generic risks associated with the North American based automotive Tier I market, including declining sales from the traditional Big 3 auto makers; cost pressures from auto makers and raw material pricing volatility;

Lear's ability to quickly transition sales and associated cost structure from North America to Asia and Eastern Europe are impacted by a significant union presence in Lear operations in North America and declining North American revenue which will create excess capacity in that region; and

A softening of Lear's revenue pipeline in 2008 and 2009 with limited commercial opportunities in that timeframe.

A.T. Kearney concluded that Lear is a well-positioned major seat supplier with a much smaller, sub-scale electrical and electronics business and made the following conclusions with respect to Lear and its businesses:

In late 2006 and projected into 2007, Lear has improved operating income levels to 3.2% and has rebounded from a weak performance in 2005;

Lear is executing a restructuring program for a total restructuring savings of approximately \$125.0 million annually with an investment of approximately \$300.0 million over the 2005-2007 timeframe;

Lear enjoys a strong relationship with its major customers and has successfully executed new program launches;

A review of 10 of Lear's major programs representing in excess of \$4 billion in revenues indicated that all programs reviewed were positive contributors with manageable risks;

Lear's program management system and culture provide strong financial control, assumption tracking and execution management;

Lear is implementing a metal strategy to increase vertical integration and expand the metal and mechanism content, which requires it to increase competency in this complex area;

There is softness in the North American revenue pipeline in 2008 and 2009 that can be offset by aggressive sales activity in the near-future and/or increased restructuring and cost savings efforts; and

The Electrical distribution business is 4th in the market place, while electronics is a sub-scale niche player:

While these businesses are stable performers, their smaller size and differing competencies may require strategies different from that for the seating business.
