He had previously served as Chief Financial Officer and Vice President, Business Development from 1993 to 1998 and as Chief Financial Officer from 1998 to March 1999. Previously Mr. Ploth was employed by Unisyn Technologies where he served concurrently as Chief Financial Officer and as Vice President of Finance and Administration. Mr. Ploth was also Corporate Controller of Synbiotics Corporation. Mr. Ploth has a B.S. degree from Montclair State College.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and officers, and persons who own more than 10% of the Common Stock, to file initial reports of ownership and reports of changes in ownership (Forms 3, 4, and 5) of Common Stock with the Securities and Exchange Commission (the "SEC"). Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish the Company with copies of all such forms that they file.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company and on written representations by certain reporting persons that no reports on Form 5 were required, the Company believes that during the fiscal year ended December 31, 2001, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were complied with in a timely manner.

ITEM 11. EXECUTIVE COMPENSATION

DIRECTORS' MEETINGS AND COMPENSATION

The Company's operations are managed under the broad supervision of the Board of Directors, that has ultimate responsibility for the establishment and implementation of the Company's general operating philosophy, objectives, goals and policies. During 2001, the Board of Directors convened on six regularly scheduled occasions and took certain additional actions by unanimous written consent in lieu of meetings. All directors attended at least 75% of the meetings held by the Board and any committee of the Board on which he served during his tenure in 2001.

Employee directors do not receive additional compensation for service on the Board of Directors or its committees. The Company reimburses each non-employee director for travel expenses incurred in connection with attendance at Board meetings. For board meetings attended in person non-employee directors receive \$1,000.00 per meeting in cash, stock awards, or options. Employee directors are eligible to participate in the Company's 1994 Employee and Consultant Stock Option Plan and the Amended and Restated 1993 Employee and Consultant Stock Option Plan (the "Incentive Plans"). Non-employee directors are entitled to participate in the Company's 2000 Non-employee Directors' Stock Option Plan (the "2000 Director Plan").

The Board terminated the 1996 Non-employee Directors' Stock Option Plan (although all options previously granted will remain outstanding pursuant to their original terms) in connection with the approval of the 2000 Director Plan.

Under the 2000 Director Plan, (i) each non-employee director who is first elected to the Board is entitled to receive an option to purchase 40,000 shares of Common Stock on the date on which he first becomes a non-employee director, and (ii) each non-employee director in office on the date of the Company's annual meeting of stockholders will receive an option to purchase 5,000 shares of Common Stock effective on such date. Additionally under the 2000 Director Plan, the chairman of the board who is first elected to the Board is entitled to receive an option to purchase 10,000 shares of Common Stock on the date on which he first becomes chairman, and the chairman in office on the date

Edgar Filing: ZONAGEN INC - Form 10-K/A

of each of the Company's annual meeting of stockholders will receive an option to purchase 10,000 shares of Common Stock effective on such date. In 2001, the Company granted options to acquire an aggregate of

30,000 shares of Common Stock to non-employee directors under the 2000 Director Plan. During 2001, the Company paid \$5,000 to one director, issued stock awards totaling 2,690 shares of Common Stock to two directors, and granted options to purchase an aggregate of 1,852 shares of Common Stock to one director, for the attendance of board meetings in person.

COMPENSATION OF EXECUTIVE OFFICERS

Summary Compensation Table

The following table provides certain summary information concerning compensation paid or accrued during the last three years to the Company's President and Chief Executive Officer and to the Company's only officer who had compensation in excess of \$100,000 during the last fiscal year (the "Named Executive Officers"):

NAME AND PRINCIPAL POSITION	YEAR	ANNUAL COMPENSATION		LONG-TERM COMPENSATION	SECURITIES
		SALARY	BONUS	RESTRICTED STOCK AWARDS (\$)	UNDERLYING OPTIONS (\$)
Joseph S. Podolski..... President and Chief Executive Officer	2001	\$235,000	--	--	25,000
	2000	\$232,500	\$75,000 (2)	--	--
	1999	\$225,000	\$13,680 (3)	--	35,000
Louis Ploth, Jr..... Chief Financial Officer, Vice President, Business Development and Secretary	2001	\$139,133	--	--	30,000

	1999	\$121,500	\$28,500	--	30,000

-
- (1) During the periods indicated, prerequisites for each individual named in the Summary Compensation Table aggregated less than 10% of the total annual salary and bonus reported for such individual in the Summary Compensation Table. Accordingly, no such amounts are included in the Summary Compensation Table.
 - (2) Stay bonus granted on October 18, 1999 and paid during 2000.
 - (3) Performance bonus paid in 2000 but earned in 1999.
 - (4) Represents car allowance.

Option Grants in 2001

The following table provides certain information with respect to options granted to the President and Chief Executive Officer and to each of the Named Executive Officers during the fiscal year ended December 31, 2001 under the Company's Incentive Plans:

(1) The Securities and Exchange Commission (the "SEC") requires disclosure of the potential realizable value or present value of each grant. The disclosure assumes the options will be held for the full ten-year term prior to exercise. Such options may be exercised prior to the end of such ten-year term. The actual value, if any, an executive officer may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There can be no assurance that the stock price will appreciate at the rates shown in the table.

Option Exercises and Holdings

The following table sets forth information concerning option exercises and the value of unexercised options held by the President and Chief Executive Officer and each of the Named Executive Officers of the Company named in the Summary Compensation Table as of the end of the last fiscal year:

AGGREGATED OPTION EXERCISES IN 2001

Louis Ploth, Jr.	--	--	97,700	54,000	\$ 157,

(1) Computed based on the difference between aggregate fair market value and aggregate exercise price. The fair market value of the Company's Common Stock on December 31, 2001 was \$7.00, based on the closing sales price on the Nasdaq Stock Market on December 31, 2001.

EMPLOYMENT AGREEMENTS

The Company has employment agreements with Messrs. Podolski and Ploth which provide for current annual salaries of \$280,000 and \$150,000, respectively. The agreements provide that the Company will pay Messrs. Podolski

Edgar Filing: ZONAGEN INC - Form 10-K/A

and Ploth an annual incentive bonus as may be approved by the Board of Directors and that they are entitled to participate in all employee benefit plans sponsored by the Company. Mr. Podolski's employment agreement provides for a renewal term expiring in January 2003, with automatic annual renewals unless terminated by either party. If terminated for reasons other than cause, Mr. Podolski is entitled to receive his annual base salary and certain employment benefits for one year following termination. Mr. Podolski's employment agreement provides that in the event that he terminates his employment for Good Reason (defined as a change in duties or pay or the like) or is terminated by the Company without Cause, within 12 months of a Change of Control, that he will receive, in lieu of any other severance payments payable to him under such agreement, a lump sum bonus payment of \$666,045, as consideration for past services and services rendered in connection with the change of control. Such payment will be deposited in the Joseph Podolski Rabbi Trust, and paid to him in installments over the six years following the event. Mr. Ploth's employment agreement expires in October 2002

with automatic annual renewals unless otherwise terminated by either party. If terminated for reasons other than cause, Mr. Ploth is entitled to salary and certain employment benefits for six months following termination.

Mr. Ploth's agreement provides for the following additional benefits for Mr. Ploth if he remains employed by the Company at the date of a change of control:

- o a lump sum cash bonus payable upon the earlier of (i) a change in control (as defined therein) or (ii) the Board's termination of further action to facilitate a change in control;
- o upon a change in control, all outstanding options he holds shall accelerate in full and shall remain exercisable for two years following the change in control;
- o upon a change in control, the Company shall pay him a lump sum cash payment equal to one-half of his then current annual salary; and
- o for a period of six months following a change in control, the Company shall continue to provide his fringe benefits, such as health and dental insurance.

PERFORMANCE GRAPH

The following performance graph compares the performance of the Company's Common Stock to the Nasdaq Combined Composite Index and to the Nasdaq Index of Pharmaceutical Companies. The graph covers the fiscal years ending December 31, 1996 to December 31, 2001. The graph assumes that the value of the investment in the Company's Common Stock and each index was \$100 at December 31, 1996 and that all dividends were reinvested.

COMPENSATION AND OPTION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation and Option Committee currently consists of Messrs. Blasnik and McInerney. During fiscal 2001, no executive officer of the Company served as (i) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors, (ii) a director of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors of the Company or (iii) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served as a director of the Company.

REPORT OF THE COMPENSATION AND OPTION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation and Option Committee (the "Committee") of the Board of Directors of the Company currently consists of Steven Blasnik and Timothy McInerney, neither of whom is an officer or employee of the Company. The Committee is responsible for evaluating the performance of management and determining the compensation for executive officers of the Company and for administering the Company's Incentive Plans under which grants may be made to employees of the Company. The Committee has furnished the following report on executive compensation for 2001:

Under the supervision of the Committee, the Company has developed a compensation policy which is designated to attract and retain key executives responsible for the success of the Company and motivate management to enhance long-term stockholder value. The annual compensation package for executive officers primarily consists of (i) a cash salary which reflects the responsibilities relating to the position and individual performance, (ii) variable performance awards payable in cash or stock and tied to the achievement of certain personal and corporate goals or milestones and (iii) long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

In determining the level and composition of compensation of each of the Company's executive officers, the Committee takes into account various qualitative and quantitative indicators of corporate and individual performance. Although no specific target has been established, the Committee generally seeks to set salaries comparable to those of peer group companies. In setting such salaries, the Committee considers its peer group to be certain companies in the biotechnology industries with market capitalizations similar to that of the Company. Such competitive group does not necessarily include the companies comprising the indexes reflected in the performance graph in this Proxy Statement. Because the Company is still in the development stage, the use of certain traditional performance standards (e.g., profitability and return on equity) is not currently appropriate in evaluating the performance of the Company's executive officers. Consequently, in evaluating the performance of management, the Committee takes into consideration such factors as the Company's

Edgar Filing: ZONAGEN INC - Form 10-K/A

achieving specified milestones or goals in its clinical development programs and the general progress of the Company's clinical trials. In addition, the Committee recognizes performance and achievements that are more difficult to quantify, such as the successful supervision of major corporate projects and demonstrated leadership ability.

Base compensation is established through negotiation between the Company and the executive officer at the time the executive is hired, and then subsequently adjusted when such officer's base compensation is subject to review or reconsideration. While the Company has entered into employment agreements with certain of its executive officers, such agreements provide that base salaries after the initial year will be determined by the Committee after review. When establishing or reviewing base compensation levels for each executive officer, the Committee, in accordance with its general compensation policy, considers numerous factors, including the responsibilities relating to the position, the qualifications of the executive and the relevant experience the individual brings to the Company, strategic goals for which the executive has responsibility, and compensation levels of companies at a comparable stage of development who compete with the Company for business, scientific and executive talents. As stated above, such comparable companies are generally those with similar market capitalizations and are not necessarily among the companies comprising the industry or broad market indexes reflected in the performance graph in this Proxy Statement. No pre-determined weights are given to any one of such factors. The base salaries for the executive officers generally, and the Chief Executive Officer specifically, for fiscal 2001 were comparable to the Company's peer group companies.

In addition to each executive officer's base compensation, the Committee may award cash bonuses and the Committee may grant awards under the Company's Incentive Plans to chosen executive officers depending on the extent to which certain defined personal and corporate performance goals are achieved. Such corporate performance goals are the same as discussed above.

All employees of the Company, including its executive officers, are eligible to receive long-term stock-based incentive awards under the Company's Incentive Plans as a means of providing such individuals with a continuing proprietary interest in the Company. Such grants further the mutuality of interest between the Company's employees and its stockholders by providing significant incentives for such employees to achieve and maintain high levels of performance. The Company's Incentive Plans enhance the Company's ability to attract and retain the services of qualified individuals. Factors considered in determining whether such awards are granted to an executive officer of the Company include the executive's position in the Company, his or her

performance and responsibilities, the amount of stock options, if any, currently held by the officer, the vesting schedules of any such options and the executive officer's other compensation. While the Committee does not adhere to any firmly established formulas or schedules for the issuance of awards such as options or restricted stock, the Committee will generally tailor the terms of any such grant to achieve its goal as a long-term incentive award by providing for a vesting schedule encompassing several years or tying the vesting dates to particular corporate or personal milestones.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), added by the Revenue Reconciliation Act of 1993, places a \$1.0 million cap on the deductible compensation that can be paid to certain executives of publicly-traded corporations. Amounts that qualify as "performance based" compensation under Section 162(m)(4)(c) of the Code are exempt from the cap and do not count toward the \$1.0 million limit. Generally, stock options will qualify as performance based compensation. The Committee has discussed and considered and will continue to evaluate the potential impact of Section 162(m)

Edgar Filing: ZONAGEN INC - Form 10-K/A

on the Company in making compensation determinations, but has not established a set policy with respect to future compensation determinations.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

The annual base salary of Joseph S. Podolski, the Company's President and Chief Executive Officer, was increased to \$280,000 for 2002. In increasing Mr. Podolski's annual base salary for 2002, the Committee evaluated a number of factors, including Mr. Podolski's responsibilities, his general background and qualifications, his achievement of various corporate and personal milestones set by the Committee from time to time, and compensation levels for executives in Mr. Podolski's position and with his background at peer group companies. The Committee has not attached any particular relative weighting to the foregoing factors (or any other factors which the Committee may also consider in reaching compensation decisions for the Company's executive officers).

The Committee did not grant a bonus to Mr. Podolski for 2001. In March 2002, the Committee approved a bonus plan for Mr. Podolski under which he will receive year end bonuses that will equal two percent (2%) of the amount of milestone payments received by the Company during such year. Such plan terminates after December 31, 2003, unless prior thereto there is either a change of control or a termination of Mr. Podolski's employment. If either such event occurs prior to such date, the bonus plan will terminate upon the occurrence of such event. The Committee retains discretion to determine the amount of any future incentive bonus awards to be paid to Mr. Podolski under its general plan of incentive bonus awards for the Company's executive officers. The Committee expects that it will evaluate a number of factors in reaching this decision, including the Company's strategic goals for which Mr. Podolski has responsibility, his other responsibilities, his initiatives and contributions to the Company's achievement of various corporate and strategic goals and his own achievement of certain personal milestones as determined by the Committee from time to time.

Mr. Podolski was granted options to purchase an aggregate of 25,000 shares under the Company's Incentive Plans during 2001. In March 2002, the Committee approved the grant of an option to Mr. Podolski to purchase 50,000 shares of Common Stock with an exercise price equal to the fair market value of the Common Stock on the date of grant and usual time-based vesting provisions and an additional performance option to purchase 225,000 shares of Common Stock with an identical exercise price, all of which vest on the tenth anniversary of the date of grant but with accelerated vesting of certain portions of such option on certain milestone events related to the approval of Vasomax(TM) in Europe and the United States. Mr. Podolski participates in the Company's Incentive Plans on the same general terms as other participants in the Plan, although the amount of shares underlying option grants to Mr. Podolski has historically been larger than for other employees as a result of his position.

The foregoing report is given by the following members of the Committee:

Timothy McInerney, Chairman
Steven Blasnik

The report of the Committee shall not be deemed incorporated by reference into this Form 10-K or any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.
