**PROXY STATEMENT**

---

This proxy statement is furnished in connection with the solicitation of proxies by the board of directors (the Board of Directors ) of Pogo Producing Company (the Company ) to be voted at the Annual Meeting of Shareholders to be held at the time and place and for the purposes set forth in the accompanying notice.

This proxy statement and the accompanying proxy card are being mailed to shareholders beginning on or about March 25, 2003. The Company will bear the costs of soliciting proxies in the accompanying form. In addition to the solicitation of proxies by mail, proxies may also be solicited by telephone, telegram or personal interview by officers and regular employees of the Company. The Company also expects to retain D.F. King & Co., Inc., a professional proxy soliciting firm, to assist in the solicitation of proxies. The Company anticipates that the fees and expenses it will incur for these services will be less than \$30,000. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their reasonable expenses in forwarding proxy material to beneficial owners of stock.

**VOTING OF SHARES**

As of the close of business on March 14, 2003, the record date for determining shareholders entitled to vote at the meeting, the Company had outstanding and entitled to vote 61,315,367 shares of common stock, par value \$1 per share ( Common Stock ). The Company has no other class of stock outstanding. Each share of Common Stock is entitled to one vote with respect to the matters to be acted upon at the meeting. Shareholders are not allowed to cumulate votes in the election of directors. The presence, in person or by proxy, of the holders of a majority of the votes represented by outstanding shares of Common Stock is necessary to constitute a quorum at the annual meeting.

You may vote for all, some or none of the nominees for director. The votes of a plurality of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting of Shareholders is sufficient to elect directors. The vote required for the ratification of the appointment of PricewaterhouseCoopers LLP to audit the financial statements of the Company for 2003 is a majority of the votes cast on the matter. Abstentions and broker non-votes are not counted as voted either for or against and therefore have no effect on the outcome of the proposal for ratification.

All duly executed proxies received before the meeting will be voted in accordance with the choices specified thereon. As to a matter for which no choice has been specified in a proxy, the shares represented thereby will be voted by the persons named in the proxy (1) **FOR** the election as directors of the three nominees listed herein, (2) **FOR** ratification of the appointment of PricewaterhouseCoopers LLP, independent accountants, to audit the financial statements of the Company for 2003 and (3) in the discretion of the persons named in the proxy in connection with any other business that may properly come before the meeting.

**REVOCABILITY OF PROXIES**

Shareholders have the right to revoke their proxies at any time prior to the voting of their proxies at the meeting by (i) filing a written revocation with the secretary of the Company at the address set forth on the attached Notice of Annual Meeting of Shareholders, (ii) giving a duly executed proxy bearing a later date, or (iii) attending the annual meeting and voting in person. Attendance by shareholders at the annual meeting will not, of itself, revoke their proxies.

**Table of Contents**

**ELECTION OF THREE DIRECTORS**

Unless contrary instructions are set forth on the proxies, it is intended that the persons named in the proxy will vote all shares represented by proxies **FOR** the election as directors of Messrs. William L. Fisher and Gerrit W. Gong and Mrs. Carroll W. Suggs.

If the three nominees are elected at this meeting, each will serve for a term of three years ending in 2006, unless prior to that date they resign, are re-elected or removed from office. The Restated Certificate of Incorporation of the Company, as amended, provides for the classification of the Board of Directors into three classes having staggered terms of three years each. The four continuing directors named below in the section Directors With Terms Expiring in 2004 and 2005 will not stand for election at this meeting, as their present terms expire in either 2004 or 2005. Should either Messrs. Fisher or Gong or Mrs. Suggs become unable or unwilling to accept nomination or election, the persons acting under the proxy will vote for the election of such other person as the Board of Directors may recommend. Management has no reason to believe that any of the nominees will be unable or unwilling to serve if elected to office. Proxies cannot be voted for more than three nominees, including those listed below.

mending, for the approval of the entire Board of Directors, potential candidates to fill any vacancies or future vacancies in the Board of Directors; recommending membership on standing committees to the Board of Directors; leading the Board in its annual review of Board performance and establishing, periodically reviewing and recommending to the Board any updating of the Company's Corporate Governance Guidelines and Code of Business Conduct and Ethics. **The Management Committee**

The Management Committee is comprised of all of the independent members of the Board of Directors. Its primary responsibility is to consider issues brought to it by any other committee of the Board of Directors that would best be considered without the participation of non-independent directors.

**REPORT OF THE AUDIT COMMITTEE**

The Audit Committee of the Board of Directors has met with PricewaterhouseCoopers LLP, the independent auditors of the Company's financial statements for the year ended December 31, 2002, and reviewed their work and discussed with them their independence. Following this meeting, the Audit Committee issued the following report:

The Audit Committee of Pogo Producing Company's Board of Directors (hereinafter referred to as the Audit Committee) is composed of three directors who are independent under New York Stock Exchange listing standards and operates under a written charter approved by the Board of Directors. The Audit Committee is directly responsible for the appointment, compensation and oversight of the public accounting firm engaged to audit the Company's financial statements. Customarily, as is the case this year, the Audit Committee submits this appointment to the shareholders for ratification.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. However, the Audit Committee's role does not provide any special assurances with regard to the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent auditors.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. This review included a discussion of the quality and acceptability of the Company's financial reporting and controls. The Audit Committee also discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees), as updated by SAS No. 89 (Audit Adjustment) and SAS No. 90 (Audit Committee Communications).

**Table of Contents**

The Company's independent accountants also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based on the Audit Committee's review and discussions with management and the independent accountants referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

THE AUDIT COMMITTEE:

Stephen A. Wells, *Chairman*  
 William L. Fisher  
 Gerrit W. Gong

- (1) A portion of this amount represents a bonus paid pursuant to the Company's shareholder approved incentive plans (the Incentive Plans) in Common Stock with the Common Stock being valued at its fair market value on the grant date (August 1, 2002).
- (2) No executive received perquisites or other personal benefits in any year shown which exceeded the lesser of \$50,000 or 10% of the sum of his salary and bonus.
- (3) This amount represents the fair market value at their grant date (August 1, 2002) of unvested restricted stock awards made to the named individuals pursuant to the Incentive Plans. Each award vests in two equal increments, on August 1, 2003 and August 1, 2004, contingent upon, among other things, the officer's continued employment on those dates. As of December 31, 2002, the aggregate unvested restricted share holdings and their value (based upon a per share price of \$37.25, the closing price of the Common Stock as reported on The New York Stock Exchange, Inc. Composite Transactions Reporting System for December 31, 2002) of each of the named individuals were: Mr. Van Wagenen, 7,723 shares worth \$287,682; Mr. Burbach, 2,690 shares worth \$100,203; Messrs. Cooper and McCoy, 2,488 shares worth \$92,678; and Mr. Brunner, 2,387 shares worth \$88,916. Dividends on the Common Stock referred to in this column are not payable until such shares become fully vested as described above.
- (4) These amounts represent (a) Company matching contributions to the Tax-Advantaged Savings Plan, including \$11,000 for each of the named individuals in 2002 and \$10,500 for 2001 and 2000, and (b) the right to receive a deferred cash bonus pursuant to the Incentive Plans. The deferred cash bonus vests in two equal increments, on August 1, 2003 and August 1, 2004, contingent upon, among other things, the officer's continued employment on those dates. The deferred amount of the cash bonus is payable in the following amounts: Mr. Van Wagenen, \$150,000, Messrs. Burbach, Cooper, McCoy and Brunner, \$50,000.

- (1) The option exercise price was 100% of the fair market value of the Common Stock on August 1, 2002, the date of grant. Generally, options granted under the Company's stock option plans to employees become exercisable in three equal increments on the first, second and third anniversaries of the grant date. In addition, if a change of control of the Company were to occur, the unvested options would become immediately exercisable subject, in certain instances, to the discretion of the Compensation Committee of the Board of Directors.
- (2) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options and applying certain assumptions thereunder, including an underlying security price on the date of grant equal to the exercise price set forth above, the expiration set forth above, a risk free rate of interest during the life of the options equal to 4.14% (the rate of interest on 10-year U.S. Treasury Bonds on the grant date of the options), and a \$0.12 annual dividend rate over the life of the options and volatility during the life of the options equal to 33.9% (the average weekly price volatility for the Common Stock for the four years preceding the grant date).

III. *Retirement Plan.* The Company maintains a noncontributory retirement plan (the "Retirement Plan"), covering all salaried employees, under which the Company annually makes such contributions as are actuarially necessary to provide the retirement benefits established under such plan. The following table shows estimated annual benefits payable under the Retirement Plan upon retirement at age 65, based on average annual covered compensation during the five highest consecutive years of the ten years before retirement, to persons having the average compensation levels and years of service specified in the table. The amounts in this table are computed based on a single-life annuity and presented without deduction for Social Security or any other offset amounts.

Benefits under the Retirement Plan are based on a percentage of covered compensation (which is generally salary), length of service and certain other factors and are payable upon normal retirement at age 65, upon early retirement at age 55 or after termination of employment under certain circumstances. The Retirement Plan provides that annual benefits under such plan are limited to the maximum amount prescribed by sections 415 and 401(a)(17) of the Internal Revenue Code of 1986, as amended (the Code), for pensions payable under tax-qualified retirement plans. For 2003, the Code provides that the annual compensation of each employee which is to be taken into account under the Retirement Plan cannot exceed \$200,000, and the maximum allowable pension benefit payable under such plan would be limited to \$160,000. In order to maintain benefit levels under the Retirement Plan to which they would otherwise be entitled but for limitations prescribed by the Code, as part of his employment contract, the Company has agreed to supplement Mr. Van Wagenen's (and his spouse's) benefits under the Retirement Plan in the event and to the extent that these Code limitations reduce the retirement benefits that would otherwise be payable to them under the Retirement Plan. In addition, Mr. Van Wagenen's employment contract provides that his aggregate pension and supplemental benefit is determined on the basis of covered compensation equal to his salary plus cash bonus (including deferred cash bonus).

Messrs. Van Wagenen, Burbach, Cooper, McCoy and Brunner have approximately twenty-four, fifteen, twenty-five, twenty-three and nine credited years of service, respectively, under the Retirement Plan.

*IV. Tax-Advantaged Savings Plan.* The Company has a Tax-Advantaged Savings Plan (the Savings Plan) in which all salaried employees may participate. Under the Savings Plan, a participating employee may currently allocate up to 10% of such employee's salary as a tax-deferred contribution (subject to a maximum dollar limitation in 2003 of \$12,000), and the Company makes matching contributions of 100% of the amount contributed by the employee, up to the lesser of 6% of such employee's salary or \$12,000.

Funds contributed to the Savings Plan by an employee and the earnings and accretions thereon may, according to instructions from such employee, be used to purchase shares of Common Stock or to invest in certain mutual funds managed by The Vanguard Group of Investment Companies (Vanguard), including a money-market fund, a long-term bond fund, a balanced fund (investing in both stocks and bonds), a growth and income fund and a growth stock fund. The employee may redirect the investment of these amounts quarterly. Matching funds contributed to the Savings Plan by the Company are currently invested only in Common Stock. All contributions to the Savings Plan are held by entities controlled by Vanguard. Participants in the Savings Plan may exercise voting rights over shares of Common Stock held in accounts established under the Savings Plan for their benefit.

*V. Employment Agreements.* Messrs. Van Wagenen, Burbach, Cooper, McCoy and Brunner have each entered into two-year employment contracts, effective February 1, 2003, with the Company. Such contracts provide for minimum annual salaries for Messrs. Van Wagenen, Burbach, Cooper, McCoy and Brunner of \$1,200,000, \$435,000, \$326,000, \$326,000 and \$326,000, respectively. The contracts also provide for continuation of coverage in the Company's employee benefit plans and programs during the contract term. In addition, upon termination of employment by reason of death or disability, or, prior to a change of control of the

**Table of Contents**

Company, by the Company without cause or by the employee for good reason (as defined in the employment agreements), the employee is entitled to (i) compensation theretofore earned or owed, (ii) three years' salary and bonus, (iii) compensation for retirement benefits that would have been earned had the employee completed an additional three years of employment, (iv) coverage under the Company's compensation plans and practices for the remaining term of the employment contract and (v) payments to compensate the employee for the imposition of certain excise taxes imposed under the Code on payments made to such employee in connection with a change in control of the Company. The same benefits are also payable under employment contracts entered into with Messrs. Burbach, Cooper, McCoy and Brunner if their employment is terminated at any other time by the Company without cause, by the employee for good reason or within six months after a change of control of the Company. Mr. Van Wagenen's employment contract separately provides that if, following a change of control, his employment is terminated by the Company without cause, or by him for good reason or within a thirty day period commencing one year after the change of control, he shall be entitled to (i) compensation theretofore earned or owed, (ii) five years' salary and bonus, (iii) compensation for retirement benefits that would have been earned had he remained employed for an additional five years, (iv) coverage under the Company's compensation plans and practices for the remaining term of the employment contract, (v) a lump sum payment equal to the value of the option grants that Mr. Van Wagenen would have received in the five years following his termination (calculated by multiplying four times the Black-Scholes value of Mr. Van Wagenen's highest stock option grant in the prior two years), (vi) payments to compensate the employee for the imposition of certain excise taxes imposed under the Code on payments made to such employee in connection with a change in control of the Company. In addition, Mr. Van Wagenen's employment contract further provides for the supplement to Mr. Van Wagenen's (and his spouse's) benefits under the Retirement Plan described above under Retirement Plan. Mr. Van Wagenen is also given the option of requiring payment of these amounts in a lump sum, similar to the way lump sum payments are made under the Retirement Plan. Change of control, as defined in the employment agreements, includes certain events constituting a change in the control or management of the Company (whether by merger, consolidation, acquisition of assets or stock or otherwise).

The Company also has a supplemental disability plan under which amounts may be payable to officers of the Company from time to time in the future. Supplemental disability amounts are in addition to existing programs and are designed to bring total monthly disability benefits to a level equal to 60% of monthly salary at the time of disability. The participants in such plan include, among others, Messrs. Van Wagenen, Burbach, Cooper, McCoy and Brunner.

VI. *Compensation of Directors.* Each director, other than those who are regularly employed officers of the Company, receives an annual director's fee of \$40,000. In addition each director, other than those who are regularly employed officers of the Company, receives a fee of \$1,000 for each meeting of the Board of Directors (including meetings of the Executive Committee, which acts for the Board of Directors) actually attended and a fee of \$500 for each meeting of a standing committee actually attended. A director that is not a regularly employed officer of the Company, that serves as the chairman of a standing committee also receives an annual retainer of \$1,000 for his or her service in such capacity. Pursuant to the terms of the Company's Incentive Plans, each Non-Employee Director is granted options to purchase 10,000 shares of Common Stock on the first business day of June following such director's initial election or appointment and options to purchase 5,000 shares of Common Stock each year of his or her service as a director thereafter. Each option has an exercise price equal to the fair market value of the Common Stock on the date of grant and expires ten years from such date. The Company also reimburses directors for reasonable travel and related expenses incurred in attending meetings of the Board of Directors or its committees.

VII. *Report of the Compensation Committee on Executive Compensation.* The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

The Compensation Committee (referred to hereafter as the Committee) periodically reviews the compensation of the Company's executive officers and customarily meets in July of each year to consider executive officer compensation generally, as well as specific compensation matters. In 2002, the Committee followed policies and practices that were substantially similar to those followed during the prior year. In July, 2002, the Committee reviewed (i) personnel evaluations of the Company's key

**Table of Contents**

employees, including executive officers; (ii) compensation guidelines suggested to the Company, together with comparables of industry peer group companies ( Peer Group ) prepared by an independent compensation consultant; (iii) information regarding the Company's results in meeting its principal business objectives; and (iv) the recommendations of management. The Committee approved salary levels and, where appropriate, bonuses and stock option grants for Company employees, including executive officers. In connection with these determinations, the Committee reviewed the general terms and conditions of employment of all employees of the Company including, but not limited to, each executive officer, and considered compensation practices within the industry. In addition to compensation studies submitted by the independent consultant, the Committee considered advice of legal counsel and the individual views of Committee members on the Company's goals and objectives in reaching its decisions concerning executive officer compensation, including salaries, stock option grants and bonuses. See Items I and II above entitled Summary Compensation Table and Stock Option and Incentive Plans and for further information on cash compensation, stock option grants and bonuses.

The Peer Group was selected after an examination of companies in the Company's industry that had similar property holdings in similar geographic areas, foreign as well as domestic. From that group, with the help of outside independent consultants practicing in the field of public company executive compensation, thirteen companies having a statistically similar range of market capitalization and gross revenue were chosen and analyzed. Based upon information provided by the Company's independent consultants, generally the Company's officers were near the middle of the range of base salary and short-term bonus provided executive officers of Peer Group comparators and, in the case of long-term compensation and bonuses, including stock options, in the lower half of similar compensation provided to executive officers of the Peer Group comparators.

The Committee believes, and the executive compensation arrangements so reflect, that a blend of current cash compensation, fringe benefits, and long-term incentive compensation is appropriate. Current cash is provided by salary and cash bonuses alone, the Company having instituted, in 1995, a cash and/or stock bonus policy awarding a combination of cash and/or Company stock to those key employees it thought appropriate, in order to assist in employee retention, as well as to reward past performance and encourage Company stock ownership. Pursuant to this policy, twenty-one key employees of the Company (including the Chief Executive Officer) were awarded cash and/or stock bonuses in August, 2002. The bonuses were granted to some or all of those twenty-one key employees in cash, or in equal portions of cash and stock, or both. The portion of the bonuses awarded that were granted in equal portions of cash and stock included one-third of any such cash plus stock award that was paid immediately. A second one-third of any such cash plus stock bonus award will vest on August 1, 2003, and the final one-third will similarly vest on August 1, 2004, contingent upon continued employment of the bonus recipient through those dates. Executives, like all employees, participate in a tax-qualified retirement plan and a tax-qualified savings plan maintained by the Company, as well as in certain welfare benefit programs elsewhere described, which arrangements in the aggregate are substantially similar to those provided by the Peer Group comparators. Long-term incentive to executives is achieved through modest grants of stock options priced at market on the date of grant and with traditional terms and conditions.

The Company's long-term compensation plan is centered upon its Incentive Plan. No options have been granted under that plan at a discount to current market price; therefore, compensation to an executive from those options depends entirely on increases in the market value of the Company's common stock, with the result that stock options benefit an executive if, and only to the extent that, similar benefits are received by the Company's shareholders. Moreover, the continued service requirements (which delay vesting) applicable to the stock option grants insure that, in the usual circumstance, the executive must render substantial services after the grant of options before being able to realize any value with respect to such grant.

In setting the compensation of the Company's chief executive officer; and, to an extent, the compensation of the Company's other principal officers and managers; and, to a lesser extent, the compensation of the Company's other personnel, the Committee has adopted a definitive compensation policy to foster the improvement of the Company's value to its shareholders. A critical element in this

**Table of Contents**

process is to ensure and promote effective communication between the Company and its shareholders. The Committee recognizes that the Company's value is, in part, reflected by the market value of the Company's common equity on the national exchanges on which it is traded. However, the Committee believes that, even more important than the price of the Company's common stock as a measure of employee and executive performance, are the most recent yearly results relative to the four principal corporate objectives that have been enunciated publicly by the chief executive officer on behalf of the Board of Directors, to-wit: (i) increasing hydrocarbon production levels, leading to higher revenues, cash flows and earnings; (ii) growing the proven oil and gas reserves asset base; (iii) maintaining appropriate levels of debt and interest expense for a very active and rapidly growing company, and controlling overhead and operating costs consistent with the Company's activity levels; and (iv) expanding exploration and production activities within the areas of the Company's current operations as well as in geographic areas consistent with the Company's expertise.

The Committee determined that, in every case, the stated objectives have been demonstrably met during the past year. For example, increasing production levels (Goal No. 1) has been met very successfully. The Company's 2001 total equivalent hydrocarbon production levels were the highest in the Company's history. Pogo's production for 2001 averaged 31,707 barrels per day of liquid hydrocarbons, including crude oil condensate and plant products, up from 28,298 barrels per day in 2000. Similarly, production of natural gas increased from 164.6 million cubic feet per day (mmcf/d) in 2000, to 237.8 mmcf/d in 2001.

Goal No. 2, growing the Company's proven reserves as estimated by the independent engineering firms employed by the Company for that purpose. Those reserves reached a 32-year (all-time) high at year-end 2001 of 1,535 billion cubic feet equivalent (Bcfe) of oil and natural gas, up from 942 Bcfe at year-end 2000. The Company replaced (by drilling or acquisition) over 100% of all the reserves it produced during each of the last ten years, 1992 through 2001.

Goal No. 3, maintaining appropriate levels of debt and interest expense for a very active and rapidly growing company, and controlling overhead and operating costs consistent with the Company's activity levels, is best demonstrated by the Company's debt coverage ratios. For example, approximate year-end 2001 net debt to capitalization was a very acceptable 41%.

Goal No. 4, expansion within current areas of operation and into geographic areas that are consistent with the Company's expertise, is partially demonstrated by the acquisition of North Central Oil Corporation, which closed on March 14, 2001. Those new reserves were all domestic, mostly natural gas and focused largely in the onshore areas of Texas and Louisiana. Pogo added more than 500 Bcfe to its proven reserves as a result of that very favorable strategic corporate acquisition.

The actions of the Committee were based upon the foregoing determinations, and upon an analysis of two William M. Mercer, Inc. surveys, commissioned by the Company, contrasting comparable and competitive compensation levels for both executives and rank and file employees. The Committee does not assign weights to particular factors, and determinations by the Committee of the exact levels of compensation, including salary, bonus, fringe benefits and stock option awards, is based on all factors taken as a whole, but is ultimately subjective.

In addition to its annual July meeting, the Committee also customarily meets in January of each year. In January, 2003, the Committee determined to amend and restate the Company's employment contracts. At that time minimum salaries were established in each contract which equaled the salary currently being received by such key employee, as established in the annual salary review during the prior July. Eleven key employees of the Company presently have such employment contracts. The Committee believes that the employment contracts are necessary to secure for the benefit of the Company the services of the individuals offered the contracts on the terms and conditions therein stated, and to provide management stability in the event of significant corporate control events such as a tender offer, significant change in stock ownership or a proxy contest. See Item V above, entitled "Employment Agreements," for further information on the employment contracts.

Under Section 162(m) of the tax code, certain deductions otherwise available to the Company by reason of its incurrence of executive compensation expenses might not be deductible if (i) the aggregate

**Table of Contents**

of such amounts otherwise deductible in a single year by the Company with respect to one executive exceeds \$1,000,000; (ii) the executive officer is the Company's chief executive officer, or one of the four other most highly compensated officers (determined in each case as of the last day of the year); and (iii) there is not available an exception or exemption which would exclude the compensation from the limitation. Amounts payable or accrued under (i) the Company's tax-qualified plans; (ii) certain fringe benefit plans that do not result in income to the executive; and (iii) its stock option grants will all be excluded in considering whether the \$1,000,000 level for a particular executive in a particular year has been exceeded. After considering Company estimates of compensation payable to its executive officers, the fact that stock option compensation will not be considered in such determination, and the advice of counsel, the Committee believes that this provision of the tax law is unlikely to have any material impact upon the Company in the near term.

VIII. *Performance Graph.* Set forth below is a line graph comparing the yearly percentage change in the cumulative total shareholder return on the Company's Common Stock against the cumulative total return of (i) the Standard & Poor's 500 Stock Index and (ii) the Standard & Poor's Oil & Gas Exploration and Production Index, each for the period of five fiscal years commencing December 31, 1997 and ended December 31, 2002.

Note: The stock price performance for the Company's Common Stock is not necessarily indicative of future performance. Total Shareholder Return assumes reinvestment of all dividends.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS**

The Audit Committee has appointed PricewaterhouseCoopers LLP as independent accountants to audit the financial statements of the Company for the year 2003. Upon the recommendation of the Audit Committee, the Board of Directors has approved the submission of this appointment to the Company's shareholders for ratification and recommends voting **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as independent public accountants to audit the financial statements of the Company for the year 2003. A representative of PricewaterhouseCoopers LLP will attend the annual meeting and will have the opportunity to make a statement and to respond to appropriate questions.

**Table of Contents**

**ANNUAL REPORT**

The annual report to shareholders, including financial statements for the year ended December 31, 2002, has been mailed to shareholders. The annual report is not a part of the proxy solicitation material.

**PROPOSALS BY SECURITY HOLDERS AND ADVANCE NOTICE PROCEDURES**

Proposals intended to be presented by shareholders at the Company's 2004 Annual Meeting of Shareholders must be received by the Company, at the address set forth on the first page of this Proxy Statement, no later than November 29, 2003, in order to be included in the Company's proxy material and form of proxy relating to such meeting. Shareholder proposals must also be otherwise eligible for inclusion.

The Company's Amended and Restated Bylaws provide that a shareholder wishing to nominate a candidate for election to the Board of Directors or bring a proposal before the 2004 Annual Meeting of Shareholders must give the Company's Secretary written notice of its intention to make the nomination or present the proposal. Generally, the Company must receive that notice not less than 80 nor more than 110 days prior to the meeting. However, if less than 90 days prior public disclosure of the meeting date is given, the Company must receive the notice by the tenth day following the date that notice of the meeting is given by the Company. A shareholder's notice of a proposed nomination or proposal must contain certain information about the nominee or proposal, as applicable, and the shareholder making the nomination or proposal. The Company may disregard any nomination or proposal that does not comply with the procedures established in the Company's Amended and Restated Bylaws. In addition, compliance with these procedures does not require the Company to include the proposed nominee or proposal, as applicable, in the Company's proxy solicitation material.

**CHANGE IN THE REGISTRANT'S CERTIFYING ACCOUNTANT**

On April 15, 2002, the Board of Directors determined, upon the recommendation of the Audit Committee, to appoint PricewaterhouseCoopers LLP as the Company's independent public accountants, replacing Arthur Andersen LLP, which the Company dismissed on the same date. This determination followed the Company's decision to seek proposals from independent public accountants to audit the financial statements of the Company.

The audit reports of Arthur Andersen LLP on the consolidated financial statements of the Company as of and for the fiscal years ended December 31, 2000 and 2001 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years of the Company ended December 31, 2001 and subsequent interim periods preceding the change in independent public accountants, there were no disagreements between the Company and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen LLP's satisfaction, would have caused Arthur Andersen LLP to make reference to the subject matter of the disagreement in connection with its reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the two most recent fiscal years of the Company ended December 31, 2001 and subsequent interim periods preceding the change in independent public accountants.

During the two most recent fiscal years of the Company ended December 31, 2001 and subsequent interim periods preceding the change in independent public accountants, the Company did not consult with PricewaterhouseCoopers LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

**Committee Authority and Responsibilities**

The Audit Committee shall have the sole authority to appoint or replace the independent auditor, and shall approve all audit engagement fees and terms and, as permitted by applicable law, all material non-audit engagements with the independent auditor. The Audit Committee shall consult with management but shall not delegate these responsibilities, except as provided in this Charter.

The Audit Committee shall meet as often as it determines, but not less frequently than quarterly. The Audit Committee may form subcommittees and may delegate its authority to the chairman of the committee or to subcommittees, when appropriate.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain special legal, accounting or other consultants to advise the Committee. The Audit Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Audit Committee.
