Table of Contents**ELECTION OF DIRECTORS**

The persons who are elected directors will hold office until the next Annual Meeting of Shareholders and until their successors are elected and shall qualify. The Board of Directors currently consists of ten members.

It is intended that the persons appointed as proxies to act on behalf of shareholders in the enclosed proxy will vote for the election of the ten nominees named below. The management of the Company does not contemplate that any of such nominees will become unavailable to serve as a director. However, should any nominee be unable to serve as a director or become unavailable for any reason, proxies which do not withhold authority to vote for that nominee may be voted for another nominee to be selected by the nominating committee of the Board of Directors.

The enclosed form of proxy provides a means for shareholders to vote for all of the nominees for director listed therein, to withhold authority to vote for one or more of such nominees or to withhold authority to vote for all of such nominees. Each director nominee receiving a plurality of votes cast will be elected director. The withholding of authority by a shareholder, abstentions and broker non-votes will be considered as not voted and will have no effect on the results of the election of those nominees.

The following table sets forth the names of the nominees for election to the Board of Directors, the principal occupation or employment of each of the nominees, the period during which each nominee has served as a director of the Company and the age of each nominee:

BOARD OF DIRECTORS

The business and affairs of the Company are managed under the direction of the Board of Directors. In addition to regular Board meetings, the Board of Directors has established a program for the independent directors to meet at regularly scheduled executive sessions without management present as often as necessary, but not less than once in each fiscal year. Mr. Williams serves as the presiding director for each executive session.

Director Qualifications

As set forth in the Charter of the Nominating Committee of the Board of Directors, a majority of the members of the Board of Directors must qualify as independent directors in accordance with the applicable provisions of the Securities Exchange Act of 1934, and the rules promulgated thereunder, and the applicable rules of the American Stock Exchange. In addition, the nominating committee shall consider the following qualifications in assessing director candidates: (a) an understanding of business and financial affairs and the complexities of a business organization; (b) a record of competence and accomplishments through leadership in industry, education, the professions or government; (c) a genuine interest in representing all of the shareholders and the interest of the Company overall; (d) a willingness to maintain a committed relationship with the Company as a director; (e) a willingness and ability to spend the necessary time required to function effectively as a director; (f) a reputation for honesty and integrity; and (g) such other additional qualifications as the nominating committee may establish from time to time, taking into account the composition and expertise of the entire Board of Directors.

Identifying and Evaluating Nominees for Directors

The nominating committee of the Board of Directors utilizes a variety of methods for identifying and evaluating nominees for director. The nominating committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the nominating committee will consider various potential candidates for director. Candidates may come to the attention of the nominating committee through current Board members, professional search firms, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the nominating committee, and may be considered at any point during the year. In evaluating such nominations, the nominating committee seeks to achieve a balance of knowledge, experience and capability on the Board.

Sources for New Nominees

Mr. Reichenthal was initially recommended by a non-management director to the nominating committee, which in turn considered his potential nomination as a director and then recommended Mr. Reichenthal to the full Board for election and inclusion in the list of nominees to be elected at the Annual Meeting of Shareholders.

Policies and Procedures with Respect to Approval of Related Party Transactions

In February 2007, the audit committee of the Board of Directors adopted a written policy with respect to related party transactions to document procedures pursuant to which such transactions are reviewed, approved or ratified. The policy applies to any transaction between the Company and any related party other than transactions (i) available to all employees generally or (ii) involving less than \$5,000 when aggregated with all similar transactions. The audit committee is responsible for reviewing, approving and ratifying any related party transaction. In general, the policy prohibits all related party transactions although the audit committee may approve related party transactions (A) in exceptional circumstances where the situation is urgent and no reasonable alternatives exist, (B) when the benefit is unique and significant or (C) the economic value to the Company is highly compelling over an extended period.

Compensation Committee Interlocks and Insider Participation

No member of the compensation and stock option committee of the Board of Directors was, during fiscal 2008, an officer or employee of the Company or its subsidiary, or was formerly an officer of the Company or its subsidiary, or had any relationships requiring disclosure by the Company under Item 404 of Regulation S-K.

During fiscal 2008, no executive officer of the Company served as (i) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on the compensation and stock option committee of the Board of Directors, (ii) a director of another entity, one of whose executive officers served on the compensation and stock option committee of the Board of Directors, or (iii) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of

whose executive officers served as a director of the Company.

Committees of the Board of Directors and Meeting Attendance

During fiscal 2008, the Board of Directors met four times.

Table of Contents

The Board of Directors has an audit committee which currently consists of Messrs. Rauch, Spira (Chair), Agrawal and Rich. Mr. Williams previously served on the audit committee until October 1, 2007. The audit committee discusses with the independent accountants and management the Company's financial statements and the scope of the audit examinations, reviews with the independent accountants the audit budget, receives and reviews the audit report submitted by the independent accountants, reviews with the independent accountants internal accounting and control procedures and engages the Company's independent auditors. The audit committee's responsibilities to the Board of Directors are further detailed in the Second Amended and Restated Charter of the Audit Committee, as amended, which is not available on the Company's web site but is attached as Appendix A to this proxy statement. The audit committee met eight times in fiscal 2008.

The Board of Directors has a compensation and stock option committee composed of Messrs. Rauch, Rich (Chair) and Williams. The compensation and stock option committee considers and recommends for approval by the Board of Directors adjustments to the compensation of the executive officers of the Company and the implementation of any compensation program. In addition, the compensation and stock option committee administers any stock option or stock plan of the Company pursuant to the terms of such plan. As permitted by the rules of the American Stock Exchange, the compensation and stock option committee does not currently operate under a charter. The compensation and stock option committee met three times in fiscal 2008.

The Board of Directors has a nominating committee currently composed of Messrs. Agrawal, Hall, Rauch, Rich, Spira and Williams (Chair), each of whom is independent in accordance with the applicable rules of the American Stock Exchange. Board of Directors nominees are proposed by the nominating committee. The nominating committee's responsibilities to the Board of Directors are further detailed in the Charter of the Nominating Committee, which is not available on the Company's website but is attached as Appendix B to this proxy statement. The nominating committee normally does not consider unsolicited director nominees put forth by shareholders because the need for a new director generally only occurs on limited occasions when a director position becomes open as a result of a decision to increase the size of the Board or if a director retires or resigns. If and when such an event might occur, the Board of Directors believes that it is in the best interest of the Company to focus the Company's resources on evaluating candidates at the appropriate time and who come to the Company through reputation or a relationship which initially validates the reasonableness of the person as a candidate or through professional search processes that do the same. The nominating committee met two times in fiscal 2008.

During the fiscal year ended March 31, 2008, no director attended fewer than 75% of the combined meetings of the Board of Directors and of any committee of which such director was a member except for Mr. J. Friedman.

Audit Committee Qualifications

The Board of Directors has affirmatively determined that all members of the audit committee are independent in accordance with the applicable rules of the American Stock Exchange and Rule 10A-3(b)(1) of the Securities Exchange Act of 1934. The Board also has determined that each of the members of the audit committee is able to read and understand fundamental financial statements. In addition, the Board has determined that Mr. Spira meets the financial sophistication requirements set forth in the applicable rules of the American Stock Exchange and qualifies as an audit committee financial expert, as that term is defined in the rules promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002.

Audit Committee Report

The audit committee of the Board of Directors has reviewed and discussed with the Company's management and Hein & Associates LLP (Hein), the Company's independent auditors, the audited financial statements of the Company contained in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2008. The committee

has also discussed with the Company's independent auditors the matters required to be discussed pursuant to SAS 61 (Codification of Statements on Auditing Standards, Communication with Audit Committees).

The committee received and has discussed the written disclosures and letters from Hein required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committee), and has discussed with Hein its independence in connection with its audit of the Company's most recent financial

Table of Contents

statements. The committee has also considered whether the provision of non-audit services to the Company by Hein is compatible with maintaining that firm's independence.

Based on the review and discussions referred to above, the committee approved, ratified and confirmed the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2008.

The information in the foregoing three paragraphs shall not be deemed to be soliciting material, or be filed with the Securities and Exchange Commission or subject to Regulation 14A or 14C under the Securities Exchange Act of 1934 or to liabilities under Section 18 of the 1934 Act nor shall it be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the 1934 Act, except to the extent that the Company specifically incorporates these paragraphs by reference.

Procedures and Processes for Determining Executive and Director Compensation

The compensation and stock option committee of the Board of Directors is responsible for reviewing and recommending to the full Board of Directors the compensation of the Chief Executive Officer and the Named Executive Officers of the Company. The committee also reviews and discusses with the Chief Executive Officer, and recommends to the full Board of Directors, the compensation for all other officers of the Company. The committee may retain compensation consultants or other advisers it deems appropriate, however the committee's general practice is not to use a compensation consultant. Based on the committee's analysis of relevant data, the committee determines its recommendation regarding the compensation of our Chief Executive Officer during an executive session of the committee at which the Chief Executive Officer is not present. Our Chief Executive Officer makes recommendations regarding the compensation of our other executive officers and other officers to the committee. The committee considers the recommendations, discusses the recommendations with our Chief Executive Officer, may discuss the matter in executive session and then makes recommendations to the full Board of Directors. The final determination as to the compensation of the Chief Executive Officer and other officers of the Company is made by the full Board of Directors based on the recommendations of the committee.

The Board of Directors or an authorized committee thereof may from time to time review and determine the form and amount of director compensation, including cash, equity-based awards and other director compensation to maintain a transparent and readily understandable compensation program which insures that the directors continue to receive fair and appropriate compensation for the time commitment required to discharge their duties as directors for a company of our size.

Compensation Committee Report

The compensation and stock option committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis with the Company's management. Based upon such review and the related discussions, the committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

(1) Represents base salary.

(2) Includes quarterly bonuses based on a percentage of the Company's quarterly net income and Christmas bonuses, each of which is paid at the discretion of the Board of Directors.

(3) Reflects contributions by the Company to the Friedman Industries, Inc. Employees' Retirement and 401(k) Plan for the benefit of the Named Executive Officers.

Compensation Discussion and Analysis

The primary objectives of the Company's compensation program for Named Executive Officers is to retain experienced, honest executives to manage the affairs of the Company and generate profits for its shareholders and to reward such executives appropriately for their efforts. The compensation and stock option committee is charged with the oversight of executive compensation. Members of the committee are Messrs. Alan M. Rauch, Hershel M. Rich (Chair) and Joe L. Williams, each of whom is considered to be an independent director pursuant to the rules of the American Stock Exchange. Recommendations by the committee as to executive compensation are brought before and

are considered by the Board of Directors.

Consistent with the primary objectives noted above, the Company pays its Named Executive Officers a base salary considered to be modest in comparison to salaries received by persons holding similar offices with other publicly held companies, plus a quarterly bonus based on a percentage of the Company's quarterly net income. The quarterly bonuses provide the most significant element of compensation for the Named Executive Officers and generate an incentive for the Named Executive Officers to manage the Company efficiently and thereby produce profits for its shareholders. The Board of Directors determines annually for each Named Executive Officer the percentage of the Company's net profits that will be used for the next year to determine quarterly bonus payments. From fiscal 2002 until March 2007, base salaries of the Named Executive Officers remained unchanged. In March 2007, the committee recommended, and the Board of Directors approved, increases of approximately 28%, 16% and 16% for Messrs. Crow, Harper and Thompson, respectively. The committee believed these increases were warranted based on the elapsed time since the last increases and as a reward for the Named Executive Officers' continued efforts on behalf of the Company. No changes to percentages related to quarterly bonuses have been made in the last three fiscal years. Other compensation listed in the Compensation Table relates to the Company's contribution to the Friedman Industries, Inc. Employees' Retirement and 401(k) Plan (the "Plan") for the benefit of

Table of Contents

each Named Executive Officer. The retirement portion of the Plan covers substantially all employees of the Company. The 401(k) portion of the Plan requires participating employees to defer income and the Company matches a portion thereof. The Company matches 25% of the first 4% of an employee's deferral amount. The Company maintains group insurance coverage on substantially all of its employees. The Company accrues approximately \$1,100 each month for each employee for this coverage.

In the past, under the Company's 1996 Stock Option Plan, the Company granted options from time to time to certain officers and employees of the Company. Pursuant to this plan, each of Messrs. Crow and Harper were granted options to purchase 42,918 shares of the Company's Common Stock at \$2.33 per share. These options were granted on November 20, 2002 and became fully exercisable on May 20, 2003. Messrs. Crow and Harper exercised these options in January 2008 and neither has any remaining options. Mr. Thompson was also granted options, exercised such options in prior years and has no remaining options. No additional options may be granted under the terms of this plan. The Committee believes that the Named Executive Officers should have some equity interest in the Company to further align their interest with those of the shareholders. However, the Company believes that equity compensation has recently become highly technical, requires substantial oversight and generates significant professional fees from counsel and auditors. Based on these factors and in view of the size of the Company, the Company believes that the potential benefits of equity compensation do not outweigh these factors at the current time. Nonetheless, the Company has used equity compensation for executive officers and other key employees in the past and may do so in the future.

The committee is charged with determining the level of compensation for the Named Executive Officers and recommending changes to the Board of Directors. Such compensation is substantially determined by the profitability of the Company. Accordingly, when profits are reduced, remuneration associated with the Named Executive Officers is reduced and conversely, increased profits produce increased remuneration. The committee believes this method of determining compensation is equitable and, overall, is competitive with other public companies of its size.

In fiscal 2008, quarterly bonuses paid to the Named Executive Officers represented more than 50% of remuneration paid to each Named Executive Officer. In general, these bonuses do not affect decisions regarding the other elements of compensation such as base salaries and contributions related to the Plan. The committee meets at least one time each fiscal year to review executive compensation.

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a limitation on deductions that can be taken by a publicly held corporation for compensation paid to certain of its executive officers. Under Section 162(m), a deduction is denied for compensation paid in a tax year beginning on or after January 1, 1994, to the Company's executive officers to the extent that such compensation exceeds \$1 million per individual. Stock option grants pursuant to the Company's employee benefit plans may be exempt from the deduction limit if certain requirements are met.

The committee has considered the effect of Section 162(m) on the Company's existing compensation program. Although certain grants of stock options to the Company's executive officers may not be exempt from the Section 162(m) deduction limitation, the committee believes that for the foreseeable future, the compensation received by its covered executives will be within the limits of deductibility.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

On March 7, 2007, the audit committee dismissed Ernst & Young LLP (E&Y) as our auditors, and, on that same date, the audit committee engaged Malone & Bailey, PC (M&B) as our new independent auditors. On December 13, 2007, the audit committee of our Board of Directors engaged Hein & Associates LLP (Hein) as the Company's independent certified public accountant and dismissed M&B as the auditors for the Company.

The reports of E&Y on our financial statements for each of the two most recent fiscal years ended March 31, 2006 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The report of M&B on the financial statements of the Company for the fiscal year ended March 31, 2007 (the only fiscal period for which M&B rendered an opinion as its engagement commenced on March 7, 2007) did not contain an adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During our two most recent fiscal years ended March 31, 2006 and the subsequent interim period through March 7, 2007, there were no disagreements with E&Y on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of E&Y, would have caused it to make reference to the subject matter of any such disagreement in connection with its reports on the financial statements for such years. During the Company's fiscal year ended March 31, 2007 and the subsequent interim period through December 13, 2007, there were no disagreements with M&B on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of M&B, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its reports on the financial statements for such years.

During our two most recent fiscal years ended March 31, 2006 and the subsequent interim period through March 7, 2007, we did not consult with M&B regarding the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and no written or oral advice was provided by M&B that was a factor considered by the audit committee in reaching a decision as to the accounting, auditing or financial reporting issues. During the Company's fiscal year ended March 31, 2007 and the subsequent interim period through December 13, 2007, the Company did not consult with Hein regarding the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and no written or oral advice was provided by Hein that was a factor considered by the audit committee in reaching a decision as to the accounting, auditing or financial reporting issues.

We provided E&Y a copy of the above disclosures as related to E&Y and E&Y provided a letter dated March 16, 2007, addressed to the Securities and Exchange Commission (SEC) and included with our Current Report on Form 8-K, as amended, filed with the SEC on March 16, 2007, stating that (i) E&Y is in agreement with the statements contained in the second and third paragraph above as they relate to E&Y and our request for such letter as described in the Form 8-K and (ii) E&Y has no basis to agree or disagree with the other statements contained in this section. We provided M&B a copy of the above disclosures as related to M&B and M&B provided a letter dated December 18, 2007, addressed to the SEC and included with our Current Report on Form 8-K filed with the SEC on December 18, 2007, stating that M&B agrees with such statements made regarding our firm and that M&B has no basis to agree or disagree with the other statements contained in this section.

The audit committee has approved the appointment of Hein as independent auditors for the fiscal year ending March 31, 2009. Representatives of Hein are expected to be present at the Annual Meeting of Shareholders, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Table of Contents**Audit Fees**

Regarding fiscal year 2008 and 2007, the Company retained Hein and M&B, respectively, to provide services and paid fees therefor as indicated in the following table:

	2008 Actual Fees	2007 Actual Fees
Audit Fees(1)	\$ 131,465(2)	\$ 124,026(4)
Audit-Related Fees		
Tax Fees		
All Other Fees	9,838(3)	7,116(5)
Total Fees	\$ 141,303	\$ 131,142

- (1) Includes fees and expenses paid to date related to the fiscal year audit and interim reviews, notwithstanding when the fees and expenses were billed or when the services rendered.
- (2) Includes \$49,443 paid to M&B regarding quarterly reviews in fiscal 2008. Also, includes \$82,022 paid to Hein for a quarterly review and audit fees for fiscal 2008.
- (3) Includes \$6,450 paid to M&B regarding the filing of an 8-K, successor review services and a consent letter. Also includes \$3,388 paid to E&Y regarding a consent letter.
- (4) Includes \$44,500 paid to E&Y regarding quarterly reviews in fiscal 2007. Also, includes \$79,526 paid to M&B for audit fees associated with the fiscal 2007 audit.
- (5) Fees paid to E&Y regarding the filing of an 8-K associated with the change in auditors and a consent letter regarding the Form 10-K for fiscal 2007.

The audit committee has considered whether non-audit services provided by Hein to the Company are compatible with maintaining Hein's independence.

The audit committee has implemented pre-approval policies and procedures for all audit and non-audit services to be provided by the Company's independent public accountants to the Company. With regard to all permissible non-audit services, the audit committee has designated the chairman of the audit committee to approve in advance the provision by the independent public accountants of such services.

There were no services approved by the audit committee pursuant to the de minimus exception in paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X during fiscal 2008.
