Dear Shareowner:

The 2002 Annual Meeting of Shareowners will be held on Thursday, June 20, 2002, at 10:00 a.m. (CDT) in the Auditorium of our principal executive offices located at 2200 East Pratt Boulevard, Elk Grove Village, Illinois. We hope you will attend. We will be voting on the election of directors and such other matters as may properly come before the meeting. We also will hear management's report regarding the past fiscal year's operations.

The attached notice of meeting and proxy statement describe in more detail the matters upon which the shareowners will vote. It is important that your shares be represented at the meeting, regardless of the number you own or whether or not you plan to attend. Accordingly, we urge you to complete the enclosed proxy so that your shares can be voted at the meeting.

Sincerely,

GERALD G. NADIG
Chairman, President and

NOTICE OF ANNUAL MEETING OF SHAREOWNERS

The Annual Meeting of Shareowners of Material Sciences Corporation will be held on Thursday, June 20, 2002, at 10:00 a.m. (CDT) in the Auditorium of our principal executive offices located at 2200 East Pratt Boulevard, Elk Grove Village, Illinois, for the following purposes:

1. To elect nine directors to the Board; and
2. To authorize proxies to vote upon such other business as may properly come before the meeting or any adjournment or postponement thereof.

Shareowners of record at the close of business on April 22, 2002, are entitled to notice of and to vote at this meeting and any adjournment or postponement thereof.

Shareowners are requested to promptly vote the enclosed proxy whether or not they expect to be present at the meeting. Any person voting by proxy has the power to revoke it at any time prior to its exercise at the meeting.

By Order of the Board of Directors,

James J. Waclawik, Sr.
Vice President,
Chief Financial Officer and Secretary

PROXY STATEMENT

This proxy statement is furnished to shareowners of Material Sciences Corporation ("MSC" or "Company") in connection with the solicitation, by order of the Board of Directors of the Company ("Board"), of proxies for use at the Annual Meeting of Shareowners of the Company to be held at 10:00 a.m. (CDT) on Thursday, June 20, 2002, at the place and for the purposes set forth in the

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

accompanying notice of the meeting.

You can vote on matters to come before the meeting by completing, dating and signing the enclosed proxy card and returning it in the enclosed postage-paid envelope or by written ballot at the meeting. If you hold your shares in "street name" through a broker, you may be able to also vote using the Internet or telephone. If your shares are held in your name, you may revoke your proxy at any time before it is exercised by (1) filing with the Secretary of the Company a written revocation, (2) duly executing another proxy bearing a later date, or (3) voting in person at the meeting. If your shares are held in "street name" through a broker, you must contact your broker to revoke your proxy. All outstanding shares of the Company's Common Stock, par value \$.02 per share ("Common Stock"), represented by properly executed and unrevoked proxies received in time for the meeting will be voted as instructed in the accompanying proxy on each matter to be submitted to shareowners. If no instructions are given, the shares will be voted:

--"FOR" the election to the Board of the nominees indicated in the proxy; and

--"FOR" the approval to authorize proxies to vote upon such other business as may properly come before the meeting.

The close of business on April 22, 2002, has been fixed as the record date for the determination of shareowners entitled to notice of and vote at the meeting. On that date, there were outstanding 14,749,656 shares of Common Stock. The Company first sent this proxy statement and the accompanying form of proxy to shareowners entitled thereto on or about May 24, 2002.

A majority of the outstanding shares of Common Stock, represented in person or by proxy, shall constitute a quorum for the transaction of business at the meeting. Each holder of Common Stock is entitled to one vote per share. If one or more shareowners give notice at the meeting before the voting of their intention to cumulate their votes in the election of directors, all shareowners entitled to vote shall have the right to so cumulate their votes. With cumulative voting, holders of Common Stock are entitled, for each share held by them, to one vote for each director being elected and may cast all such votes for a single nominee (who has been nominated prior to voting) or distribute them among two or more nominees. Under cumulative voting, the nine persons receiving the greatest number of votes shall be elected as directors (whether by abstention, broker non-vote or otherwise). Discretionary authority to cumulate votes is being solicited. If the vote with respect to the election of directors is not conducted by cumulative voting, the holders of a majority of shares of Common Stock represented at the meeting in person or by proxy will be able to elect all the directors. Non-voted shares (including broker non-votes) on the election of directors and shares of Common Stock as to which authority to vote for the election of one or more director nominees is withheld on the enclosed proxy will not be counted in determining which director nominees receive the greatest number of votes if cumulative voting occurs or will not be counted in determining whether a majority vote with respect to any director has been obtained if cumulative voting is not utilized.

ELECTION OF DIRECTORS

The nine persons listed below are proposed to be elected for a period to end at the 2003 Annual Meeting of Shareowners, when they may be proposed to be re-elected or a successor is elected and qualified at that meeting or, as provided in the Company by-laws, upon the earlier of death, resignation or removal. Unless authority to vote for one or more nominees is withheld in the proxy, signed proxies that are returned will be voted for approval of the election of the nine nominees listed below. All nominees have indicated a

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

willingness to serve as directors, but if any of them should decline or be unable to act as a director, the persons named in the proxy will vote for the election of another person or persons as the Board recommends. All of the nominees are presently directors of the Company.

Committees and Meetings of the Board

The Board held seven meetings during fiscal 2002. Included among the committees of the Board are standing Audit, Compensation and Organization (which also serves as the nominating committee), and Technology Committees. During fiscal 2002, each director attended 100% of the aggregate number of meetings of the Board and the committees on which he or she served, except for Dr. Mitsch who attended 92% of the meetings.

The Audit Committee, currently consisting of Messrs. Heizer (Chairperson), Callahan and Evans, met two times during fiscal 2002. The functions of this committee include the following: recommending the selection of independent public accountants to the Board; reviewing the scope of the audits performed by the independent public accountants, the audit reports and any recommendations made by them; reviewing, in April of each year, the results of the audit for the prior fiscal year with the independent public accountants before the annual report to shareowners for that fiscal year is released publicly; reviewing any non-audit services provided by the independent public accountants; and the other functions set forth in its written charter attached hereto as Exhibit A. The Board of Directors has determined that all three members of the Audit Committee are independent, as defined in Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange listing standards.

4

The Compensation and Organization Committee, currently consisting of Messrs. Callahan (Chairperson), Heizer and Witt, met five times during fiscal 2002. The functions of this committee include the following: determining, in consultation with compensation consultants and the Company's Chairman, President and Chief Executive Officer, the compensation, including long-term performance incentives, of the Company's officers; reviewing and approving cash incentive compensation paid to the Company's key employees; reviewing and making recommendations to the Board with respect to the Company's compensation and benefit plans and policies; reviewing corporate practices relating to diversity and succession planning; and overseeing director affairs, including serving as the nominating committee. In its capacity as the nominating committee, this committee will consider nominees proposed by shareowners. Please see "Miscellaneous--Shareowner Proposals for 2003 Annual Meeting of Shareowners" on page 18 for the procedures shareowners must follow in order to nominate a director.

The Technology Committee, currently consisting of Dr. Mitsch (Chairperson), Dr. Emmerich, Mr. Evans, and Dr. Quin, met four times during fiscal 2002. The functions of this committee include analyzing current technology and its use and application in the Company's processes and evaluating technological developments and the suitability of new technology for the Company's operations.

Compensation of Directors

Directors who are not executive officers of the Company receive an annual retainer of \$30,000, plus \$1,000 per meeting for attendance at Board meetings or Board committee meetings, \$3,000 per year for chairing a Board committee, \$500 per meeting for special telephonic meetings and reimbursement for normal travel expenses. The retainer is paid in cash, shares of common stock, deferred stock units entitling such non-employee director to receive common stock at a future date, or any combination thereof based on the preference of the director. Each eligible non-employee director also receives an additional stock option grant under the 2001 Compensation Plan for Non-Employee Directors that was approved by the shareowners in June 2000 and became effective March 1, 2001.

COMPENSATION AND ORGANIZATION COMMITTEE REPORT

The functions of the Compensation and Organization Committee include establishing and administering compensation policies and plans for Material Sciences Corporation's employees, including executive officers, reviewing officer compensation levels and evaluating management performance. The Committee is composed of three independent, non-employee directors. Set forth below is a report submitted by the Compensation and Organization Committee regarding the Company's compensation policies and programs for executive officers for fiscal year 2002.

Compensation Philosophy

The MSC compensation program is designed to reward employees based on favorable performance and results. Compensation policies and plans (including benefits) are designed to attract and retain top quality and experienced managers by providing the opportunity to earn above median cash compensation based on corporate, business unit and individual performance plus the opportunity to accumulate stock-based wealth commensurate with the long-term growth and value created for MSC's shareowners.

Executive Compensation Components

MSC's compensation program has three components including: a base salary, a cash incentive opportunity and a long-term equity award.

- . Base salaries are targeted at median competitive levels for similar-size companies in general industry:
 - . Salaries are reviewed annually.
 - . Annual adjustments are based on individual performance, changes in duties and responsibilities and general movement of salary levels in similar-size companies in general industry.
 - . In fiscal 2000, the Company introduced a program to promote greater stock ownership in the Company by officers. The Merit/Stock Exchange Program allows an officer to elect to receive a merit increase in stock or stock options based on fair market value, rather than in cash.
- . Cash incentive opportunity for management employees is targeted at competitive levels between the median and the 60th percentile, based upon

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

similar-size companies in general industry, determined on an annual basis.

- . The Company currently uses Economic Value Added (EVA(R)) to set performance targets for its business units. EVA is a performance measurement system that is intended to drive increased economic value within the Company and increase shareowner value. EVA is calculated using the following formula: operating profit after the deduction of all costs including taxes and the cost of capital (debt and equity).

The annual variable compensation target for the employee is calculated as a percentage of the salary for the employee based on their level of responsibility, market competitiveness and impact on value creation. The EVA program for senior executives includes an EVA banking component to account for overachievement or underachievement of the annual target. If a business unit overachieves their target, a portion (one-third) is distributed and the remainder recorded to the EVA bank. In a year

11

where there is underachievement of the target, the negative amount is first deducted from the EVA bank before any distribution is made. Therefore, the incentive pay is at risk, but encourages sustained economic performance.

The Committee determined that the cash incentive system will be modified in fiscal 2003 to include two components. The first component (80% of the incentive target) will be based on EVA performance as described above subject to the EVA banking requirements. The second component (20% of the incentive target) will be based on the achievement of specific qualitative goals and will exclude the EVA banking requirements.

- . Long-term equity awards of either stock options or restricted stock to management employees at the 75th percentile competitive levels for similar-size companies in general industry. Such awards are made on an annual basis.
- . In fiscal 1993, stock options were granted to key management employees for fiscal years 1993, 1994 and 1995 at the 60th percentile competitive level. In fiscal 1994, a one-time restricted stock award was granted to key management employees that were intended to encourage and facilitate increased stock ownership and executive retention. This award vested in fiscal year 2000 because the market price of Common Stock reached the plan target level and the time vesting requirements were met. Furthermore, a matching ISO award was granted--which vested on June 18, 2001 if the underlying restricted stock was still held by the employee--otherwise the incentive stock option shares do not vest for nine (9) years and eleven (11) months from the date of grant. This one-time stock award and incentive stock option grant put the total long-term equity award for key management employees at the 75th percentile for similar-size companies in general industry for the three-year fiscal period, 1993 to 1995.
- . Non-qualified stock options were granted at the 75th percentile competitive levels for similar-size companies in general industry for fiscal years 1996, 1997 and 1998.
- . For fiscal 1999 through 2002, restricted stock and cash awards were issued to key management employees at the 75th percentile competitive

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

level.

- . The Committee determined that the Company will issue long-term awards using non-qualified stock options at the 60th percentile competitive level for fiscal 2003.

Fiscal 2002 Committee Actions and Executive Performance

Base salaries were increased 3.2% for the CEO and an average of 3.9% for the other four named executives. In general, salary increases reflected individual performance, company and business unit performance and changes in the external compensation market. The above increases exclude a portion of the increase elected by executives under the Company's Merit/Stock Exchange Program. Mr. Millar received 800 restricted shares at fair market value at the date of grant under the Merit/Stock Exchange Program.

Under the Company's EVA cash incentive plan, the Compensation and Organization Committee reviewed the Company's performance relative to approved EVA target levels. Mr. Nadig and three other named executives did not earn a cash incentive payout in fiscal 2002. Mr. Millar received an annual incentive award in fiscal 2002 that reflected an achievement of 41.9% of the EVA target level. After the fiscal 2002 distribution, Mr. Nadig had an ending EVA bank balance of negative \$493,456 and the other named executives had negative ending EVA bank balances of \$272,830 in the aggregate.

12

Under MSC's long-term incentive plan, Mr. Nadig was awarded a restricted stock (86,800 shares) and cash award (\$406,400) which vests after a three-year period. The other four named executives received restricted stock awards for a total of 62,000 shares, and an aggregate cash award of \$293,800, which also vests after a three-year period. The restrictions will be removed at the end of the vesting period, assuming the individuals are still employed with the Company on that date with no disqualifying breaks in service during the three-year period.

Compensation Consultants and Competitive Data

The Compensation and Organization Committee has access to compensation consultants who work with the Committee from time-to-time on Board and executive compensation matters. The Committee also has access to competitive data on compensation levels for executive positions.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended by the Board on April 18, 2002, is attached to this proxy statement as Exhibit A. As set forth in more detail in the charter, the primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

to the financial information which is provided to the shareowners and others, the systems of internal controls which management has established and the audit process.

The members of the Audit Committee, however, are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors that the Company's financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

In overseeing the preparation of the financial statements of the Company, the Audit Committee met with management to review and discuss the Company's audited financial statements prior to their issuance and to discuss significant accounting issues.

The Audit Committee has discussed with its independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committee), as amended.

In addition, the Audit Committee has received the written disclosures and the letter from its independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with the independent auditors their independence. The Audit Committee has also reviewed the non-audit services provided by the independent auditors, and considered whether the provision of those services was compatible with maintaining the independence of the auditors.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements of the Company be included in its Annual Report on Form 10-K for the fiscal year ended February 28, 2002, and be filed with the Securities and Exchange Commission.

EMPLOYMENT AND OTHER AGREEMENTS

In connection with Mr. Evans' retirement from his position from Chairman of the Board of the Company, Mr. Evans receives a supplemental pension consistent with an Employment Agreement (dated February 27, 1991) between the Company and Mr. Evans.

Change in control arrangements are in effect as of April 22, 2002, for approximately 33 employees, including Change in Control Agreements for all of the Company's executive officers. In general, the Change in Control Agreements with the executive officers provide that in the event a Change in Control occurs (as defined therein) and employment is terminated by the Company without "Cause" (as defined therein) or by such executive for "Good Reason" (as defined therein) or, within 30 days after the first anniversary of a Change in Control, without Good Reason, the Company will pay to such executive officer a lump sum payment of one and a half to three times such executive officer's annual base salary plus bonus plus required defined contribution plan contributions, and will provide other compensation and benefits. Such Change in Control Agreements also provide for gross-up payments for certain income tax payments and for, in some cases, covenants not to compete. In addition, the Company is contingently liable for banked balances from the Company's EVA incentive program, which totals \$116,000.

The Company has a severance agreement ("Severance Agreement") with Mr. Waclawik which provides for, among other things, severance benefits in certain circumstances. The Severance Agreement provides for eighteen months of both health benefits and severance payments equal to Mr. Waclawik's then current monthly base salary should his employment be terminated by the Company for reasons other than "Good Cause" (as defined in the Severance Agreement) or by Mr. Waclawik for certain specified reasons.

The Company has previously loaned money to Mr. Lazowski, an executive officer of the Company, in order for him to maintain his stock ownership interest in the Company. During fiscal 2002, Mr. Lazowski owed the Company as much as \$108,405 in outstanding principal. As of February 28, 2002, Mr. Lazowski owed the Company \$94,715 in outstanding principal. The loan is payable on demand and bears an average interest rate of 6.94% per annum.

EMPLOYEE AND OTHER PLANS

Supplemental Pension Plan Agreements

The Company has entered into Supplemental Pension Plan Agreements ("Supplemental Pension Plan Agreements") with 12 current employees, including all executive officers as of April 22, 2002, which provide benefits in the event of termination of employment, disability or death before retirement. The disability benefit consists of a monthly payment until death equal to 50% of an individual's average monthly compensation for the last 12 consecutive months prior to disability, less the sum of benefits otherwise receivable by an individual (collectively referred to as the "Other Benefits") from Social Security and any other pension or retirement programs (whether maintained by the Company or not). The benefit upon termination of employment consists of a monthly payment, beginning in the month after termination (but not before the individual's 60th birthday) and continuing for 120 months or, if earlier, the death of the individual, equal to a specified percentage of the individual's average monthly compensation for the last 12 consecutive months prior to retirement, less the sum of the Other Benefits. The percentage varies depending on the participant's age at employment termination, ranging from 50% at the age of 60 to 66 2/3% at age 65. The payments will be made to a surviving spouse in the event of such individual's death, but in no event will more than 120 payments be made. A participant becomes eligible to receive the termination benefit upon reaching age 60 or the completion of 10 years of consecutive employment, whichever comes first. The death benefit consists of a monthly payment to the surviving spouse, if any, beginning after a participant's death while employed by the Company and continuing for 120 months or, if earlier, until the death of the spouse, equal to 50% of the participant's average monthly compensation for the 12 consecutive months prior to the participant's death, less the sum of the Other Benefits.

The Supplemental Pension Plan Agreements also provide that the payments described above in the event of employment termination will commence to a participant in the event that (1) any person acquires 25% or more of the voting power of the Company's Common Stock or (2) the participant's employment is terminated other than for cause, disability, death or voluntarily by the employee. For these purposes, termination of employment is deemed to occur after an individual's 65th birthday.

The first Supplemental Pension Plan Agreements were entered into in June 1983. As of February 28, 2002, \$2,045,244 had been accrued under the plans for current employees, of which \$2,025,445 had been accrued to be paid to executive officers which includes \$1,446,947 for persons named in the Summary Compensation Table (such accruals being \$789,505, \$23,434, \$251,596, \$375,554, and \$6,858 for Messrs. Nadig, Waclawik, Lazowski, Millar and Williams, respectively).

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, officers and persons who own more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership of shares of the Company's Common Stock with the SEC. Directors, officers and greater than 10% shareowners are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on the review of the copies of such reports furnished to the Company, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

that, from March 1, 2001 through February 28, 2002, its directors, officers and greater than 10% shareowners complied with all applicable filing requirements, except for the failure by Mr. Millar to report a transaction on a timely basis, which has since been reported on a Form 4.

INDEPENDENT PUBLIC ACCOUNTANTS

Arthur Andersen LLP served as our independent public accountants for the fiscal year ended February 28, 2002. Over the past several months, our Audit Committee and management have been monitoring and reviewing, in detail, the events surrounding Arthur Andersen LLP and its role as auditors of Enron Corp. On May 20, 2002, our Audit Committee determined that it is in the best interests of the Company and its shareowners to dismiss Arthur Andersen LLP and engage Deloitte & Touche LLP as the Company's independent public accountants for the year ending February 28, 2003. Representatives of our independent public accountants are not expected to be present at the annual meeting and will not be available to respond to questions or to make a statement. Fees related to services performed by Arthur Andersen LLP in fiscal 2002 are as follows:

Audit Fees.....	\$ 313,000
Financial Information Systems Design and Implementation Fees.....	\$ --
All Other Fees (consists primarily of income tax consulting, planning and return preparation and internal audit consulting).....	\$1,638,527

MISCELLANEOUS

Shareowner Proposals for 2003 Annual Meeting of Shareowners

Proposals of shareowners intended to be presented at the 2003 Annual Meeting of Shareowners must be received by the Company no later than January 21, 2003, to be considered for inclusion in the Company's proxy statement and form of proxy relating to that meeting. Such proposals should be addressed to Secretary, Material Sciences Corporation, 2200 East Pratt Boulevard, Elk Grove Village, Illinois 60007.

Under the Company's By-Laws, shareowners may nominate directors or bring other business before the Company's 2003 Annual Meeting of Shareowners by delivering notice to the Company (containing certain information specified in the By-Laws) no earlier than March 22, 2003 nor later than April 21, 2003. Please note that these requirements are separate and apart from, and in addition to, the SEC's requirements that a shareowner must meet to have a shareowner proposal included in the Company's proxy statement as discussed above. A copy of the full text of the By-Law provisions discussed above may be obtained from the SEC or by writing the Secretary of the Company.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal or nomination that does not comply with these and other applicable requirements.

Discretionary Voting of Proxies on Other Matters

The Board and management do not now intend to present, nor do they know of any others who intend to present, any matters at the 2002 Annual Meeting of Shareowners other than those disclosed in the notice of the meeting. Should any

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

other matter requiring a vote of the shareowners arise, however, the proxies in the enclosed form confer upon the person or persons entitled to vote the shares represented by such proxies discretionary authority to vote such shares on any such other matter in accordance with their best judgment.

18

Solicitation of Proxies

The Company will bear the cost of the solicitation. In addition to solicitation by mail, the Company will request banks, brokers, and other custodian nominees and fiduciaries to supply proxy material to the beneficial owners of the Common Stock of whom they have knowledge, and will reimburse them for their expenses in so doing. In addition, the Company expects to pay \$4,500 plus expenses, for assistance by Georgeson Shareholder in the solicitation of proxies. Some of the officers and other employees of the Company and Georgeson Shareholder may solicit proxies personally, by telephone, by mail, facsimile transmission or other forms of electronic communication. The officers and employees of the Company will not receive any additional compensation for such activities.

Additional Information

The Company will provide, without charge to each shareowner upon written request, a copy of the Company's Annual Report on Form 10-K, including the financial statement schedules, for its most recent fiscal year. Individuals interested in receiving such Form 10-K should by written request contact:

AUDIT COMMITTEE CHARTER

The Audit Committee is a committee of the Board of Directors. The Audit Committee, including the chairperson, shall be designated by the Board of Directors and be composed of at least three (3) members of the Board of Directors, each of whom (i) must be independent of the management of the Corporation and (ii) must be financially literate or must become financially literate within a reasonable period of time after appointment to the Audit Committee. At least one member of the Audit Committee must have accounting or related financial management expertise. Its primary function is to assist the

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

Board in fulfilling its oversight responsibilities with respect to the financial information which is provided to the shareowners and others, the systems of internal controls which management has established, and the audit process.

In performing its function, the Audit Committee is expected to:

1. Provide an open avenue of communication between management, the internal audit function, the independent accountants and the Board of Directors.
2. Review and update the Audit Committee Charter on an annual basis.
3. Nominate to the Board of Directors the independent accountants. Ensure that the independent accountants are ultimately accountable to the Board of Directors. Approve the fees and the scope of work of the independent accountants.
4. Evaluate and where appropriate, recommend replacement of the independent accountants.
5. Review with management and the internal audit function:
 - a) The establishment, scope of work and reporting responsibilities of the internal audit function.
 - b) The Internal Auditing Mission Statement and Charter on an annual basis.
 - c) Internal auditing's compliance with the IIA's Standards for the Professional Practice of Internal Auditing (Standards).
 - d) That policies and procedures with respect to officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of these areas by the internal audit function.
6. Confirm the independence of the internal audit function and the independent accountants, including a review, if applicable, of management consulting services, related fees charged by the independent accountants and written disclosures required by the Independence Standards Board.
7. Inquire of management, the internal audit function and the independent accountants about significant risks or exposures and assess the steps management has taken to minimize such risk to the Company.
8. Consider with management and the independent accountants the rationale for employing audit firms other than the principal independent accountants.

A-1

9. Review with management, the internal audit function and the independent accountants:
 - a) The adequacy of the Company's internal controls.
 - b) Any related significant findings and recommendations of the independent accountants and the internal audit function together with management's responses thereto.
10. Review with management and the independent accountants at the completion of the annual audit:

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

- a) The Company's annual financial statements and related footnotes.
 - b) The independent accountants' audit of the financial statements and their report thereon.
 - c) Any significant changes required in the independent accountant's audit plan.
 - d) Judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates in the Company's financial statements.
 - e) Any serious difficulties or disputes with management encountered during the course of the audit.
 - f) Other matters related to the conduct of the audit which are to be communicated to the Audit Committee under generally accepted auditing standards.
 - g) Other filings or disclosures required by the Securities and Exchange Commission or the New York Stock Exchange with regards to the activities and independence of the Audit Committee.
11. The Audit Committee shall prepare a report to be included in the Corporation's proxy statement stating whether the Audit Committee has reviewed and discussed the audited financial statements with management, including quality of accounting principles with the independent accountants; received independence disclosures from the independent accountants and determined accountant independence; and recommended to the Board the inclusion of the financial statements in the 10-K.
 12. Confirm with management that the independent accountants have reviewed and discussed the interim financial reports before they are filed with the SEC or other regulators.
 13. Discuss with the independent accountants, if deemed necessary by the independent accountants, the quarterly financial statements prior to filing of the quarterly report on Form 10-Q.
 14. Review with management and the internal audit function, the results of their review of the Company's compliance with its code of conduct and any potential conflicts of interest.
 15. Review any of the following issues which are raised by management, the internal audit function or the independent accountants: legal and regulatory matters that may have a material impact on the financial statements, related Company compliance policies, and reports received from regulators.
 16. Meet with the internal audit function and the independent accountants in executive session to discuss any matters that the Audit Committee or these groups believe should be discussed privately with the Audit Committee.
 17. Report Audit Committee actions to the Board of Directors with such recommendations as the Audit Committee may deem appropriate.
- A-2
18. The Audit Committee shall have the power to conduct or authorize investigations into any matters within the Audit Committee's scope of

Edgar Filing: MATERIAL SCIENCES CORP - Form DEF 14A

responsibilities. The Audit Committee shall be empowered to retain independent counsel, accountants or others to assist it in the conduct of any investigation.

19. The Audit Committee shall meet at least two times per year or more frequently as circumstances require. The Audit Committee may ask members of management or others to attend the meeting and provide pertinent information as necessary.
20. The Audit Committee will perform such other functions required by law, the Company's charter or by-laws, or the Board of Directors.
