**Item 1. Security and Issuer.**

This Amendment No. 2 to Schedule 13D amends the statement on Schedule 13D originally filed by Norsk Hydro ASA ( Norsk Hydro ) and Norsk Hydro Produksjon AS ( Produksjon ) on March 13, 2007 and amended on June 15, 2007 (as amended, the Schedule 13D ) with the Securities and Exchange Commission (the SEC ), relating to the common shares, par value \$0.0001 per share (the Shares ), of Ascent Solar Technologies, Inc., a Delaware corporation (the Company ).

**Item 3 Source and Amount of Funds or Other Considerations.**

Item 3 of this Schedule 13D is hereby amended and restated in its entirety to read as follows:

On March 13, 2007, Produksjon and the Company entered into a Securities Purchase Agreement (the Securities Purchase Agreement ), a copy of which is attached as Exhibit B hereto. The description of the Securities Purchase Agreement contained herein is qualified in its entirety by reference to Exhibit B, which is incorporated herein by reference.

*Tranche 1 Shares*

Pursuant to the Securities Purchase Agreement, the Company issued to Produksjon, and Produksjon purchased, accepted and acquired from the Company an aggregate of 1,600,000 Shares (the Tranche 1 Shares ), at an issue price of \$5.7725 in cash per Tranche 1 Share, or \$9,236,000 in the aggregate, at a closing that occurred on March 13, 2007 (the First Closing ).

The funds for the subscription price for the Tranche 1 Shares were obtained by Produksjon from its working capital.

*Initial Warrants Call Option*

Pursuant to the Securities Purchase Agreement, the Company granted to Produksjon, and Produksjon acquired from the Company, the option to acquire from the Company, and to require the Company to sell to Produksjon (the Initial Warrants Call Option ), (i) a number of restricted, redeemable Class A public warrants otherwise identical to the publicly traded Class A public warrants of the Company, each of which entitles the holder thereof to purchase one Share at an exercise price of \$6.60 per Share (the Class A Warrants ), that will result in Produksjon owning 23% of all issued and outstanding Class A Warrants immediately after such sale and purchase (the Initial Class A Warrants ) and (ii) a number of restricted, non-redeemable Class B public warrants otherwise identical to the publicly traded Class B public warrants of the Company, each of which entitles the holder thereof to purchase one Share at an exercise price of \$11.00 per Share (the Class B Warrants ), that will result in Produksjon owning 23% of all issued and outstanding Class B Warrants immediately after such sale and purchase (the Initial Class B Warrants ; together with the Initial Class A Warrants, the Initial Warrants ).

On June 15, 2007, the Company's stockholders approved in a regular meeting the issuance of the Initial Warrants and the issuance of the Tranche 2 Securities (defined below). Pursuant to a Stockholders' Agreement entered into by the Company and Produksjon on the First Closing (the Stockholders' Agreement ), Produksjon can exercise the Initial Warrants only to maintain its 23.0% ownership of the Company's Shares.

On May 24, 2007, the Company announced that it intended to redeem all outstanding Class A Warrants that had not been exercised before June 25, 2007. The Securities Purchase Agreement provides that if the Class A Warrants have been redeemed by the Company in accordance with their terms on or prior to the date of the acquisition of the Initial Warrants by Produksjon, the Company will issue to Produksjon, and Produksjon will purchase, accept and acquire from the Company, a number of Shares (the Initial Replacement Shares ), at a price per Share equal to the average of the closing bids for the Shares on Nasdaq during the five consecutive trading days ending on (and including) the trading day that is one day prior to the date of exercise of the Initial Warrants Call Option sufficient to ensure that Produksjon acquires the percentage ownership of the Company that it would otherwise have acquired had the Company not redeemed the Class A Warrants on or prior to such date.

On August 13, 2007, Produksjon exercised the Initial Warrants Call Option, and on August 16, 2007, the Company issued to Produksjon, and Produksjon purchased, accepted and acquired from the Company, (i) 934,462 Initial Replacement Shares at \$7.198 per Share, which is equal to the average of the closing bids for the Shares on Nasdaq during the five consecutive trading days ending on (and including) August 10, 2007 and (ii) 1,965,690 Class B Warrants at \$1.91 per Class B Warrant, which is equal to the average of the closing bids for the Class B Warrants on Nasdaq during the five consecutive trading days ending on (and including) August 10, 2007. The issuance, purchase and sale of the Initial Replacement Shares and the Initial Class B Warrants is hereinafter referred to as the Initial Warrants Closing .

Each of Norsk Hydro and Produksjon beneficially own, as of the date hereof, (i) 2,534,462 Shares which, based on 11,019,401 Shares outstanding immediately after the Initial Warrants Closing, as provided by the Company, represent 23.0% of the Company's issued and outstanding Shares and (ii) 1,965,690 Class B Warrants which, based on 6,580,788 Class B Warrants outstanding immediately after the Initial Warrants Closing, as provided by the Company, represent 23.0% of the Company's issued and outstanding Class B Warrants.

Produksjon obtained the funds for the purchase of the Initial Replacement Shares and the Initial Class B Warrants from its working capital.

#### *Tranche 2 Call Option*

Pursuant to the Securities Purchase Agreement, the Company granted to Produksjon, and Produksjon acquired from the Company, the option to acquire from the Company, and to require the Company to sell to Produksjon (the Tranche 2 Call Option ), up to a maximum of (i) an additional number of Shares that will result in Produksjon owning 35% of all issued and outstanding Shares immediately after such sale and purchase (the Tranche 2 Shares ) and (ii) an additional number of restricted Class B Warrants that will result in Produksjon owning 35% of all issued and outstanding Class B Warrants immediately after such sale and purchase (the Option Class B Warrants ; together with the Tranche 2 Shares, the Tranche 2 Securities ; and the Tranche 2 Securities together with the Tranche 1 Shares, the Initial Replacement Shares and the Initial Class B Warrants, the Purchased Securities ).

The Tranche 2 Call Option may be exercised by Produksjon at any time during the period after 9:00 a.m. Denver, Colorado time, on December 13, 2007 and prior to 5:00 p.m., Denver, Colorado time, on December 13, 2009.

The purchase price for each (i) Tranche 2 Share will be an amount equal to the average of the closing bids for the Shares on Nasdaq during the five consecutive trading days ending on (and including) the trading day that is one day prior to the date of exercise of the Tranche 2 Call Option and (ii) Option Class B Warrant will be an amount equal to the average of the closing bids for the Class B Warrants on Nasdaq during the five consecutive trading days ending on (and including) the trading day that is one day prior to the date of exercise of the Tranche 2 Call Option.

Pursuant to the Stockholders Agreement, Produksjon can exercise the Option Class B Warrants only to maintain its percentage ownership of the Shares existing immediately after the closing of the issuance, purchase and sale of the Tranche 2 Securities (the Second Closing ).

Produksjon expects to obtain the funds for the purchase of the Tranche 2 Shares and the Option Class B Warrants, if any, from its working capital.
