Our Board of Directors has fixed the close of business on September 19, 2003 as the record date for the Annual Meeting. Only holders of record of the outstanding shares of Class A common stock and Class B common stock at the close of business on the record date are entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. A holder of shares of Class A common stock is entitled to one vote, in person or by proxy, for each share of Class A common stock standing in his or her name on our books on the record date on any matters properly presented to a vote of the stockholders at the Annual Meeting. A holder of shares of Class B common stock is entitled to 10 votes, in person or by proxy, for each share of Class B common stock standing in his name on our books on the record date on any matter properly presented to a vote of the stockholders at the Annual Meeting. The Class A common stock and the Class B common stock are the only classes of stock entitled to vote at the Annual Meeting. The presence, in person or by proxy, of the holders of a majority of the issued and outstanding shares of Class A common stock and Class B common stock entitled to vote at the Annual Meeting or any adjournment thereof is necessary to constitute a quorum to transact business. Abstentions and broker nonvotes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the beneficial owners of such shares or persons entitled to vote on the matter) will be counted for the purpose of determining whether a quorum is present. Abstentions are counted in tabulations of votes cast on proposals submitted to stockholders to determine the total number of votes cast. Abstentions are not counted as votes for or against any such proposal. Broker nonvotes are not counted as votes cast for purposes of determining whether a proposal has been approved. Under Delaware law, the stockholders do not have appraisal rights with respect to matters to be voted upon at the Annual Meeting.

Vote Required

The affirmative vote of the holders of shares of Class A common stock and Class B common stock, voting together as a class, having a plurality of the voting power, in person or by proxy, is required to approve Proposal 1, the proposal to elect directors. Stockholders may not cumulate their votes in the election of directors. The affirmative vote of the holders of shares of Class A common stock and Class B common stock, voting together as a class, having a majority of the voting power eligible to vote and voting, either in person or by proxy, at the Annual Meeting, is required to approve Proposal 2, the proposal to approve the performance-based incentive compensation for our executive officers, and Proposal 3, the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent auditors for fiscal year 2004.

Proxy Solicitation, Revocation and Expenses

All proxies that are properly completed, signed and returned prior to the Annual Meeting will be voted as indicated on the proxy. If the enclosed proxy is signed and returned, you may, nevertheless, revoke it at any time prior to the voting thereof at your pleasure, either by (i) your filing a written notice of revocation received by the person or persons named therein, (ii) your attendance at the Annual Meeting and voting the shares covered thereby in person, or (iii) your delivery of another duly executed proxy dated subsequent to the date thereof to the addressee named in the enclosed proxy.

Abstentions, broker non-votes and proxies directing that the shares are not to be voted will not be counted as a vote in favor of a matter called for vote.

The cost of preparing, assembling, printing and mailing this proxy statement and the enclosed proxy form and the cost of soliciting proxies related to the Annual Meeting will be borne by us. We will request banks and brokers to solicit their customers who are beneficial owners of shares of common stock listed of record in names of nominees, and will reimburse such banks and brokers for the reasonable out-of-pocket expenses for such solicitation.

Committees and Meetings of the Board of Directors

On September 11, 2003, certain changes in our Board of Directors occurred and a number of corporate governance initiatives were adopted by the Board of Directors, including the following:

- i. The retirement or resignation of three management directors and one independent director was accepted and two new independent directors were elected by the remaining directors, which resulted in a majority of our Board of Directors being comprised of independent directors.
- ii. The Board adopted Independence Standards to determine the independence of a director, which Independence Standards are consistent with the independence standards set forth in the proposed New York Stock Exchange Listing Standards, and upon such adoption made an affirmative determination that Messrs. Kosberg, McCuistion, O Neill and Rossi were independent. A copy of the Independence Standards are attached hereto as Appendix A.
- iii. Corporate Governance Guidelines were adopted, a copy of which is attached hereto as Appendix B. The Corporate Governance Guidelines include, among other things:

Submission of auditors to stockholders for approval annually,

Adoption of auditor rotation policy,

Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form DEF 14A

Formation of a Nominating/ Corporate Governance Committee of the Board of Directors comprised solely of independent Directors,

Institution of stock ownership guidelines for both directors and executive officers,

Prohibition on stock option re-pricing,

Formalization of the ability of independent directors and committees of the Board of Directors to retain outside advisors,

Formation of a Compensation Committee comprised solely of independent directors,

Performance of periodic formal Board evaluation, and

Limitation of the number of additional company boards a director may serve on to a maximum of four.

iv. The Audit Committee was reconstituted, with the four independent directors (Messrs. Rossi, O Neill, Kosberg and McCuiston) being elected to serve thereon. Mr. Rossi was designated as the Audit Committee chairman. Upon consideration of the attributes of an audit committee financial expert as set forth in Section 401(h) of Regulation S-K promulgated by the Securities and Exchange Commission, the Board of Directors determined that Mr. Rossi possessed those attributes through his years of public accounting experience and he was designated as the Audit Committee Financial Expert. Mr. Rossi is independent as that term is defined in Item 7(d)(3)(iv)(A) of Schedule 14A under the Exchange Act. The Board of Directors also approved and adopted a revised Audit Committee Charter, a copy of which is attached hereto as Appendix C.

v. The Special Compensation Committee was consolidated into the Compensation Committee, the Committee membership was reconstituted with two independent directors (Messrs. O Neill and Kosberg) being elected to serve thereon, Mr. O Neill was designated as the Chairman of the Compensation Committee, and a Compensation Committee Charter was adopted, a copy of which is attached hereto as Appendix D.

O Neill and McCuiston) being elected to serve thereon, Mr. O Neill was designated as the Chairman of the Nominating/ Corporate Governance Committee, and a Nominating/ Corporate Governance Committee Charter was adopted, a copy of which is attached hereto as Appendix E.

During fiscal year 2003, the standing committees of the Board of Directors were the Audit Committee, the Compensation Committee, the Special Compensation Committee, the Special Transaction Committee and the Nominating Committee.

During fiscal year 2003 our Audit Committee was composed of Messrs. Rossi (Chairman) and O Neill, and Clifford M. Kendall. Mr. Kendall is not standing for re-election. All of such Audit Committee members were independent as defined in the current New York Stock Exchange listing standards. The Audit Committee of the Board of Directors is responsible for monitoring the integrity of our consolidated financial statements, our system of internal controls and the independence and performance of our internal and independent auditors. The Audit Committee has selected the independent auditors for fiscal year 2004, subject to ratification by our stockholders. The Audit Committee operates under a written charter adopted and approved by the Board of Directors. The Report of the Audit Committee for fiscal year 2003 is included in this proxy statement on page 19.

During fiscal year 2003, the members of the Compensation Committee were Messrs. Deason (Chairman), Rossi and O Neill. The Compensation Committee was responsible for recommending to the Board of Directors policies and plans concerning the salaries, bonuses and other compensation of our executive officers, including reviewing the salaries of the executive officers and recommending bonuses and other forms of additional compensation for the executive officers.

In connection with our establishment of certain procedures to comply with the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended, so that compensation to executive officers whose annual compensation exceeds \$1 million may be deductible by us for federal income tax purposes, we formed the Special Compensation Committee in August 1996. The members of the Special Compensation Committee were Messrs. Rossi and O'Neill (Chairman). The Special Compensation Committee was responsible for reviewing the compensation of the executive officers whose annual compensation exceeds \$1 million, including reviewing and recommending salaries, bonuses and other forms of additional compensation. The Special Compensation Committee was also responsible for the grant of all awards under the stock option plans (other than those to independent directors). The Report of the Compensation Committee and Special Compensation Committee for fiscal year 2003 is included in this proxy statement on page 17.

The Special Transaction Committee, which was formed in August 1997 and on which Mr. Deason serves, has the responsibility of considering, evaluating, and approving the terms of potential transactions resulting in the acquisition of assets, businesses, or stock of third parties for cash, our Class A common stock, or other consideration with a dollar value of up to 10% of our consolidated assets. The Special Transaction Committee has delegated to the Chief Executive Officer the authority to consider, evaluate, and approve the terms of potential transactions resulting in the acquisition of assets, businesses, or stock of third parties for cash, our Class A common stock, or other consideration with a dollar value of up to \$25,000,000.

The Nominating Committee was formed in March 1999. Mr. Deason was the sole member of the Nominating Committee during fiscal year 2003. The Nominating Committee had the sole responsibility of considering, evaluating and recommending to the Board the slate of director nominees. Future recommendations as to nominees will be considered by the Nominating/ Corporate Governance Committee, which was formed on September 11, 2003 to replace the Nominating Committee. Recommendations by the Nominating/ Corporate Governance Committee are subject to the approval of Mr. Deason pursuant to his Employment Agreement with us. Recommendations for nominees can be submitted to the Nominating/ Corporate Governance Committee by directing them to our executive offices at 2828 North Haskell Avenue, Dallas, Texas 75204.

During the fiscal year ended June 30, 2003, there were five (5) meetings of our Board of Directors. During the fiscal year, there were thirteen (13) meetings held by the Audit Committee and two executive sessions to meet with our independent auditor and to meet with the director of internal audit, two (2) meetings held by the Compensation Committee, one (1) meeting held by the Special Transaction Committee, nine (9) meetings held by the Special Compensation Committee, and one (1) meeting held by the Nominating Committee. Each incumbent director attended at least 75% of the meetings of the Board and the Board committees of which they are members.

PROPOSAL 2

APPROVAL OF PERFORMANCE-BASED INCENTIVE

COMPENSATION FOR OUR EXECUTIVE OFFICERS

The Internal Revenue Code limits our tax deduction for expense in connection with compensation of our chief executive officer and our four other most highly-compensated executive officers for any fiscal year to the extent that the remuneration of such person exceeds \$1 million during such fiscal year, excluding remuneration that qualifies as performance-based compensation. Section 162(m) of the Internal Revenue Code provides that in order for remuneration to be treated as qualified performance-based compensation, the material terms of the performance goals must be disclosed to and approved by the stockholders of the employer.

At the Annual Meeting, the stockholders will be asked to approve the terms relating to incentive compensation to be paid to our executive officers for fiscal year 2004. Executive officer compensation for fiscal year 2004 will consist of a base salary, stock option plan, and bonus compensation and will be based on criteria that are similar to the criteria previously used in fiscal year 2003. There are approximately one thousand

(1,000) of our officers who will participate in the incentive compensation plan, including our nine (9) executive officers. See Report of the Compensation Committee and Special Compensation Committee on Executive Compensation. Executive officers (other than Mr. Rexford) will be entitled to receive varying percentages (up to 250% for the Chairman of the Board, up to 200% for the Chief Executive Officer, up to 175% for the President and Chief Operating Officer, and up to 150% for all the other six (6) executive officers) of their base salaries upon achievement of bonus performance goals, which include our achievement of pre-established growth performance goals in the following four targeted financial measures: consolidated revenues, consolidated earnings before interest, taxes, and acquisition amortization, consolidated pre-tax earnings and consolidated earnings per share. The maximum bonus that any executive officer may receive for the fiscal year 2004 will be \$1,948,676. The bonus performance goals have been pre-established by the Compensation Committee and approved by the Board of Directors for all executive officers other than any executive officer whose compensation may exceed \$1 million. For any executive officer whose compensation may exceed \$1 million, bonus performance goals were established in fiscal year 2003 by the Special Compensation Committee and will be established after September 11, 2003 by the Compensation Committee, which consists solely of independent directors, and are then approved by our Board of Directors. We believe that the incentive-related provisions provide performance incentives that are and will be beneficial to our stockholders.

Since the amounts payable under the performance-based incentive compensation plan for the fiscal year ending June 30, 2004 are dependent on our financial performance, the amounts are not currently determinable. However, the following table sets forth information regarding the amounts which would have been earned by each of the following executive officers if the plan had been in effect for the fiscal year ending June 30, 2003.

Name and Position	Maximum Incentive Compensation \$(1)
Darwin Deason Chairman of the Board	\$ 1,948,676
Jeffrey A. Rich Chief Executive Officer	\$ 1,500,000
Mark A. King President and Chief Operating Officer	\$ 962,500
John Brophy Group President State & Local Solutions and Executive Vice President	\$ 562,500
Lynn Blodgett Group President Commercial Solutions and Executive Vice President	\$ 562,500
All executive officers (9 persons)	\$7,538,676

- (1) Since fiscal year 2004 incentive compensation is not yet determinable, the dollar value was calculated utilizing the fiscal year 2004 base salary and bonus percentages for each executive officer and the fiscal year 2003 bonus performance goals achieved by each respective executive officer.

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF THE INCENTIVE COMPENSATION PLAN FOR THE EXECUTIVE OFFICERS.

Directors are reimbursed for their travel expenses incurred in connection with the meetings. On November 30, 1994 we granted to Mr. Rossi options to purchase 100,000 shares of Class A common stock. Mr. Rossi s options are fully vested and exercisable and, as of the record date, Mr. Rossi has exercised options to purchase 75,000 shares of Class A common stock. On November 30, 1994, we granted to Mr. O Neill options to purchase 40,000 shares of Class A common stock, and all of such options were exercised in fiscal year 2003. On July 3, 2001 we granted to Mr. O Neill options to purchase 60,000 shares of Class A common stock, which options vest ratably over five years and 24,000 of such options are vested as of the record date, but none of such options are exercisable until July 3, 2006.

In 2002 KPMG conducted a study on the then market compensation for independent directors. Such study was conducted by KPMG at our request. The KPMG study was based on compensation paid to independent directors in the computer services peer group and three independent director compensation surveys. The

- (2) The amounts in these columns are the result of calculations at the 5% and 10% rates set by the SEC and are not intended to forecast possible future appreciation, if any, of our stock price.

All of the above options were granted on July 23, 2002. As it relates to Mr. Deason, KPMG performed a separate study on long-term incentives for founders within the technology sector. This study indicated that the stock option grant fell within the median and 75th percentile and falls below grants awarded to executives at other companies that ACS had outperformed. Other than the stock option grant which partially funded Mr. Deason's Supplemental Executive Retirement Agreement, this is the first grant to Mr. Deason since ACS formation in 1988. The options granted to the other Named Executive Officers were based on (i) the operating results of ACS for fiscal year 2002, (ii) a study performed by KPMG on behalf of ACS of compensation paid to executives in the computer services group of companies that were peers to ACS, (iii) ACS internal analysis of compensation paid to executive officers, and (iv) the positioning of ACS in the business process outsourcing marketplace. ACS operating results for fiscal year 2002 compared to the prior fiscal year reflect a 48% increase in revenues, a 71% increase in net income, a 43% increase in earnings per share (25% after adjusting prior period elimination of goodwill amortization), a 121% increase in free cash flow and a 61% increase in new contract signings. The compensation study performed by KPMG on behalf of ACS reviewed the peer group companies in six separate financial categories and ACS was ranked in the 100th percentile in three of those categories, above the 75th percentile in two of those categories and above the 50th percentile in the other category.

Mr. Deason's Supplemental Executive Retirement Agreement and Employment Agreement; Severance Agreements for Certain Executive Officers

In December 1998, we entered into a Supplemental Executive Retirement Agreement with Mr. Deason, which was amended in August 2003 to conform the normal retirement date specified therein to our fiscal year end next succeeding the termination of the Employment Agreement between Mr. Deason and us. Pursuant to the Supplemental Executive Retirement Agreement, which was reviewed and approved by the Board of Directors, Mr. Deason will receive a benefit upon the occurrence of certain events equal to the excess of (i) an actuarially calculated amount based on a percentage of his average monthly compensation determined by his monthly compensation during the highest thirty-six consecutive calendar months from among the 120 consecutive calendar months ending on the earlier of his termination of employment or his normal retirement date over (ii) the value of particular options granted to Mr. Deason (including 150,000 shares covered by options granted in October 1998 with an exercise price of \$11.53 per share and 300,000 shares granted in August 2003 with an exercise price of \$44.10). The percentage applied to the average monthly compensation will vary from 2% on June 30, 1999 to 56% on May 18, 2005. The events triggering the benefit are retirement, total and permanent disability, death, resignation, and change in control or termination for any reason other than cause. The benefit will be paid in a lump sum or, at the election of Mr. Deason, in monthly installments over a period not to exceed ten years. We have estimated that our obligation with respect to Mr. Deason under the Supplemental Executive Retirement Agreement was \$6.25 million at June 30, 2003 and will be \$15.4 million at June 30, 2007 (the normal retirement date under the Supplemental Executive Retirement Agreement) and the value (the excess of the market price over the option price) of the options at the record date was \$8.7 million. If the payment is caused by a change in control and at such time Mr. Deason would be subject to an excise tax under the Internal Revenue Code with respect to the benefit, the amount of the benefit will be grossed-up to offset this tax.

In March 1999, we also entered into an Employment Agreement with Mr. Deason. The Employment Agreement, which was previously reviewed and approved by the Board of Directors and replaced an earlier severance agreement, has a term that currently ends on May 18, 2007, provided that such term shall

automatically be extended for one year periods on May 18 of each year, unless thirty (30) days prior to May 18 of any year, Mr. Deason gives notice to us that he does not wish to extend the term or our Board of Directors (upon a unanimous vote of the directors, except for Mr. Deason) gives notice to Mr. Deason that it does not wish to extend the term. The Employment Agreement provides annual adjustments to Mr. Deason's base salary by a percentage equal to the average percentage adjustments to the annual salaries of our top five executive officers (excluding promotions). The Employment Agreement also provides for an annual bonus based on the achievement of financial goals set for Mr. Deason by the Special Compensation Committee. This bonus can be up to 250% of Mr. Deason's base salary for that year, which is consistent with the bonus percent Mr. Deason has been eligible to receive since 1996. In addition, the Employment Agreement provides for severance benefits for Mr. Deason upon a change of control and for supplemental retirement benefits for Mr. Deason, which are in addition to the benefits under the aforementioned Supplemental Executive Retirement Agreement.

We have previously entered into severance agreements with our executive officers who are or were members of the Board of Directors (other than Mr. Deason), which upon the occurrence of certain events, will entitle the executive to receive a severance benefit. Under the severance agreements, one of the conditions to payment of the severance benefit is that one of the following triggering events must occur: (i) we undergo a consolidation or merger in which we are not the surviving company or in which our common stock is converted into cash, securities or other property such that our holders of common stock do not have the same proportionate ownership of the surviving company's common stock as they held of our common stock prior to the merger or consolidation; (ii) we sell, lease or transfer all or substantially all of our assets to a company in which we own less than 80% of the outstanding voting securities; or (iii) we adopt or implement a plan or proposal for our liquidation. If our Board of Directors does not approve the consummation of any of such foregoing triggering events, then each executive officer shall be entitled to receive the severance benefit. If our Board of Directors approves the consummation of the triggering event, then the executive's right to receive the severance benefit accrues only if, within three years of the consummation of the triggering event, (a) the executive is terminated without cause, (b) the executive is directly or indirectly removed from a position he held prior to the consummation of the triggering event, (c) the executive suffers a significant and adverse change in the nature or scope of his authority or responsibilities, (d) the executive believes in good faith that he has been rendered unable to carry out his responsibilities or has suffered a reduction of his authority or responsibilities, (e) the executive is required to travel significantly more than prior to the consummation of the triggering event, or (f) if we materially breach the severance agreement.

The executive's right to receive such severance benefit also accrues if a person or entity (other than one or more trusts established by us for the benefit of our employees or a person or entity that holds 15% or more of our outstanding common stock on the date the particular severance agreement was entered into) becomes the beneficial owner of 15% or more of our outstanding common stock, or if during any period of 24 consecutive months there is a turnover of a majority of the Board of Directors. There shall be excluded from the determination of the turnover of directors, (i) those directors who are replaced by new directors who are approved by a vote of at least a majority of the directors (continuing director) who have been a member of our Board of Directors since August 5, 1997, (ii) a member of the board who succeeds an otherwise continuing director and who was elected, or nominated for election by our stockholders, by a majority of the continuing directors then still in office, and (iii) any director elected, or nominated for election by our stockholders to fill any vacancy or newly created directorship by a majority of the continuing directors still in office.

The severance benefit to be received by each executive includes a lump sum payment, equal to (a) three times the sum of (i) the executive's per annum base salary, plus (ii) the executive's bonus for the preceding fiscal year, plus (b) the executive's target bonus for the then-current fiscal year, pro rated to reflect the number of days the executive was employed by us in that fiscal year. In addition, we will, for up to three years after severance, continue to pay insurance benefits to the executive until the executive secures employment that provides replacement insurance, and we will continue to provide insurance benefits to the executive to the extent any new insurance the executive receives from a subsequent employer does not cover a pre-existing condition. Also, when determining any executive's eligibility for post-retirement benefits under any welfare benefit plan, the executive shall be credited with three years of participation and age credit. The executive is

also entitled to receive additional payments to compensate for the effect of excise taxes imposed under Section 4999 of the Internal Revenue Code and any interest or penalties associated with these excise taxes upon payments made by us for the benefit of the executive.

These severance agreements may be terminated by us with one year advance written notice; however, if a triggering event is consummated prior to termination by us, then these agreements will remain in effect for at least three years plus any additional time necessary to give effect to the terms of the agreements.

Stock Ownership Guidelines

On September 24, 2003 the Board of Directors adopted a policy for stock ownership by its directors and executive officers. The Board of Directors may evaluate whether exceptions should be made to any of these policies for any director or executive officer and may from time to time change such policies.

Our CEO is required to own shares of our Class A common stock having a value equal to a minimum of five times his or her annual base salary. As of June 30, 2003 our CEO owned Class A common having a value in excess of five times his annual base salary. All of our other executive officers are required to own shares of our Class A common stock having a value equal to a minimum of three times his or her annual base salary. Executive officers elected on or after July 1, 2000 shall meet such minimum ownership requirement within five years after the date such policy was adopted. Executive officers elected prior to July 1, 2000, shall meet such minimum ownership requirement within three years after the date of adoption of such policy. Independent directors serving on the Board of Directors are required to own shares of our Class A common stock having a value equal to a minimum of three times their annual retainer. Independent directors serving on the board on the date of such policy adoption shall meet such minimum ownership requirement within three years after the date such policy was adopted. New directors elected to serve on the Board of Directors shall meet such minimum ownership requirement within five years after their election.

REPORT OF THE COMPENSATION COMMITTEE AND SPECIAL COMPENSATION

COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee has been responsible for approving compensation for certain of our senior executives. The Compensation Committee made recommendations to the Board of Directors on policies and plans concerning the salaries, bonuses and other compensation for all executive officers. Prior to September 11, 2003, the approval and recommendation of salaries, bonus and other compensation for Mr. Deason, Mr. Rich and Mr. King was the responsibility of the Special Compensation Committee. Subsequent to September 11, 2003 the Compensation Committee, which is now comprised of independent directors, will have the responsibility for approving compensation for all of our senior executives.

The objective of our executive compensation program is to attract and retain qualified, motivated executives and to closely align their financial interests with both the short and long-term interests of our stockholders. The executive compensation program is intended to provide our executive officers with overall levels of compensation that are competitive within the business process and information technology outsourcing industry, as well as within a broader spectrum of companies of similar size and complexity.

CEO Compensation

The Special Compensation Committee determined the base salary, bonus and other compensation for the CEO, based upon our financial performance, and upon the contribution, performance, and the pay levels of similarly positioned executives in comparable companies. Evaluation of these factors is subjective, and no fixed, relative weights are assigned to the criteria considered. During fiscal year 2003, Mr. Rich earned a salary of \$750,000 and received a cash bonus of \$1,500,000. The bonus paid to Mr. Rich reflected our achievement of all the objective goals on which Mr. Rich's bonus was based for fiscal year 2003. During fiscal year 2003 and based on the KPMG study, Mr. Rich was awarded options to purchase 400,000 shares of our Class A common stock, \$.01 par value. In determining Mr. Rich's compensation package for fiscal year 2004, the Special Compensation Committee considered (i) our operating results for fiscal year 2003, (ii) an internally prepared update of a study performed in 2002 by KPMG on our behalf of compensation paid to executives in the computer services group of companies that are peers to us, (iii) our internal analysis of compensation paid to executive officers, and (iv) our positioning in the business process outsourcing marketplace. Our operating results for fiscal year 2003 compared to the prior fiscal year reflect a 24% increase in revenues, a 34% increase in net income, and a 25% increase in earnings per share. The compensation study performed in 2002 by KPMG on our behalf reviewed the peer group companies in six separate financial categories. Based on our internally generated update, we have determined that in fiscal year 2003, we were ranked in the 100th percentile in four of those categories, above the 90th percentile in one of those categories and at the 50th percentile in the other category. Mr. Rich has been instrumental in our growth and operating performance and in positioning us as a leader in BPO services. However, at the request of Mr. Rich, his annual base salary for fiscal year 2004 will remain the same. Mr. Rich's bonus for the fiscal year ending June 30, 2004 will range from zero to 200%, such percentage range being unchanged from the prior year. The actual percentage will be determined based on objective performance criteria. Mr. Rich's salary and bonus is slightly above the average salary and bonus for company CEOs in the KPMG compensation study, but well below the 75th percentile.

The three principal components of our executive compensation program are base salary, annual incentive bonus opportunities and stock options.

Base Salaries

Each executive officer's base salary is reviewed annually and is subject to adjustment on the basis of individual, corporate and, in some instances, business unit performance, as well as competitive and inflationary considerations.

Incentive Bonus

Incentive bonus payments for executive officers are made at the end of each fiscal year based upon the achievement of some or all of the following: consolidated financial criteria (which can include

consolidated revenues, consolidated earnings before interest, taxes and acquisition amortization, consolidated pre-tax earnings and consolidated earnings per share), business unit financial criteria, and the attainment of individual goals. Such criteria and goals are established by our CEO, and are subject to approval by the Compensation Committee of the Board of Directors, at the beginning of each fiscal year (or, in the cases of the Chairman, the Chief Executive Officer, and the President and Chief Operating Officer, subject to the approval of the Special Compensation Committee). For fiscal year 2003, executive officers were eligible to receive maximum bonuses of between 150% and 250% of salary provided the set goals and criteria were met. During fiscal year 2003, we achieved 100% of such measures of consolidated financial criteria.

Stock Option Plan

Our 1997 Stock Incentive Plan (Stock Option Plan) is administered by the Special Compensation Committee, and after September 11, 2003 will be administered by the Compensation Committee. Prior to September 11, 2003, the Special Compensation Committee approved the individuals eligible to receive grants of options under the Stock Option Plan, the type of option granted, the number of shares of Class A common stock subject to a grant and the terms of the grant, including exercise price, exercise date and any restrictions on exercise. After September 11, 2003 such responsibilities will be assumed by the Compensation Committee.

The Stock Option Plan also provides for the issuance of stock purchase rights. When the Special Compensation Committee determines to grant a stock purchase right, it will advise the recipient of the grant of the terms and conditions of the grant, including any restrictions on the grant, the number of shares subject to the grant, the exercise price of the grant and the time within which the grant must be accepted by the recipient. The maximum amount of time that a recipient may have to accept the grant is 30 days. The purchase price of stock acquired pursuant to a stock purchase right shall not be less than 50% of the fair market value of our Class A common stock at the time of grant. There have been no stock purchase rights granted through June 30, 2003.

The Corporate Governance Guidelines adopted by the Board of Directors on September 11, 2003 includes a provision prohibiting re-pricing of stock options. A copy of the Corporate Governance Guidelines are attached hereto as Appendix B.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors was, until September 11, 2003, comprised of the three directors named below. Each member of the Audit Committee during fiscal year 2003 was an independent director as defined by the current New York Stock Exchange Listing Standards. The Audit Committee has adopted a revised written charter which was approved by the Board of Directors on September 11, 2003. The Audit Committee has reviewed and discussed our audited financial statements with management, which has primary responsibility for the financial statements and related system of internal controls. PricewaterhouseCoopers LLP (PwC), our independent auditor for fiscal year 2003, is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles. The Audit Committee has discussed with PwC the matters that are required to be discussed by Statement on Auditing Standards No. 61 (*Communication With Audit Committees*). PwC has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions With Audit Committees*), and the Audit Committee discussed PwC's independence. The Audit Committee also concluded that PwC's provision of non-audit services is compatible with PwC's independence.

Based on the considerations referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for fiscal year 2003 and that PwC be appointed our independent auditors for our fiscal year 2004, subject to stockholder ratification. The foregoing report is provided by the following independent directors, who constituted the Audit Committee during fiscal year 2003.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2003, the Compensation Committee was composed of Darwin Deason, Frank A. Rossi and Joseph P. O Neill and the Special Compensation Committee consisted of Messrs. Rossi and O Neill. No

member of the Special Compensation Committee was an officer or employee of ours or any of our subsidiaries. None of our executive officers served on the Board of Directors or on the compensation committee of any other entity, for which any officers of such other entity served either on our Board or on our Compensation Committee. For information on insider participation, see Certain Transactions.

CERTAIN TRANSACTIONS

As of June 30, 2002, we held a minority preferred stock interest in DDH Aviation, Inc., a corporate airplane brokerage company organized in 1997 (DDH). Our Chairman owns a majority voting interest in DDH and our President and General Counsel, along with our Chairman, were directors of DDH. At June 30, 2002, DDH had a \$48 million line of credit with Citicorp USA, Inc., for which we and our Chairman, in exchange for warrants to acquire additional voting stock, acted as partial guarantors. In addition, we obtained access to corporate aircraft at favorable rates in consideration of our guaranty. We had guaranteed up to approximately \$11.5 million of the line of credit and our Chairman guaranteed up to approximately \$17.5 million of the line of credit.

In July 2002, our Chairman assumed in full our guaranty obligations to Citicorp and our guaranty to Citicorp was released in full. Our minority preferred stock interest and warrants (with a recorded value of \$100,000 at June 30, 2002) in DDH were cancelled. We have no further ownership interest in DDH. Our officers, other than the Chairman, are no longer directors of DDH. In the first quarter of fiscal year 2003, we purchased \$1.0 million in prepaid charter flights at favorable rates from DDH. As of June 30, 2003, we have \$0.8 million remaining in prepaid flights with DDH. During fiscal year 2003, we paid DDH approximately \$0.5 million for maintenance services, chartered aircraft and equipment.

In August 2001, we purchased a Challenger 600 aircraft from DDH for a purchase price of \$8.5 million, which included interior and exterior refurbishment of the aircraft. As of June 30, 2002, the purchase price for the aircraft was paid in full, and refurbishment was near completion. The aircraft was delivered to us in the first quarter of fiscal year 2003.

DIRECTOR INDEPENDENCE STANDARDS

**ADOPTED BY THE BOARD OF DIRECTORS
OF
AFFILIATED COMPUTER SERVICES, INC.**

AS ADOPTED SEPTEMBER 11, 2003

Only directors who the Board of Directors has affirmatively determined have no material relationship (whether directly or indirectly, including but not limited to, as a partner, shareholder or officer of an organization that has a relationship with the Company) with the Company will be considered independent. The following guidelines have been established to assist the Board of Directors in its determination of director independence. For the purposes of these standards, the term "Company" means Affiliated Computer Services, Inc. and its direct and indirect subsidiaries.

No director will be considered independent if, within the last five years prior to the date of determination, the director or any of such director's immediate family:

(a) received, more than \$100,000 in any year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); provided that the Board may negate this presumption with respect to a director if the Board determines (and no independent director dissents) that, based upon the relevant facts and circumstances, such compensatory relationship is not material; or

(b) who is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company; or

(c) was employed as an executive officer of another company where any of the Company's present executive officers serves on such other company's compensation committee; or

(d) is an executive officer or an employee of another company (i) that accounts for the greater of 2% or \$1 million of the Company's consolidated gross revenues, or (ii) for which the Company accounts for the greater of 2% or \$1 million of such other company's consolidated gross revenues; or

(e) is affiliated with a charitable organization that receives substantial charitable contributions from the Company.

CORPORATE GOVERNANCE GUIDELINES

**ADOPTED BY THE BOARD OF DIRECTORS
OF
AFFILIATED COMPUTER SERVICES, INC.**

AS ADOPTED SEPTEMBER 11, 2003

The following Corporate Governance Guidelines were formally adopted by the ACS Board of Directors in September 2003. The purpose of the Guidelines is to assist the Company's Board of Directors in maintaining effective corporate governance practices for the long-term benefit of its stockholders. The Guidelines formalize certain practices followed by the ACS Board since formation of ACS, and also establish new governance practices the Board has implemented to strengthen the Company's corporate governance and to comply with new listing standards of the New York Stock Exchange and new legal requirements. The ACS Board intends to review the Guidelines periodically and revise the Guidelines as the Board deems appropriate in light of continuing developments in corporate governance principles.

Board Role and Responsibilities

1. Role and Responsibilities of the Board. The primary role of the ACS Board is to exercise its business judgment to promote the long-term interests of the Company's stockholders. The Board provides strategic direction to the Company and oversight of management in the performance of the Company's business activities. The Board's responsibilities include:

Review, approval and monitoring of the Company's significant financial and business strategies as developed by management;

Review and approval of material transactions and corporate activities not entered into in the ordinary course of business;

Assessment of material risks facing the Company and review of management's plans for mitigating such risks;

Evaluation of performance and compensation of the CEO and oversight of CEO succession planning;

Oversight of the evaluation of performance and compensation of executive management; and

Oversight of the Company's processes and practices for ensuring the Company's compliance with laws and the integrity of the Company's financial reporting, internal controls, and public disclosure.

2. Responsibilities of Individual Directors. In addition to the qualifications required of individual ACS directors described in the Guidelines, directors are expected to understand the Company's businesses and markets, to regularly attend and be prepared for Board and committee meetings, and to actively participate in board discussions and decisions. ACS directors are expected to proactively promote the best interests of the Company and to be generally available between formal meetings for advice and consultation on matters of importance to the Company.

3. Ethics and Conflicts of Interest. ACS directors are expected to act ethically at all times and to adhere to the Company's Business Code of Conduct when they are representing or acting on behalf of the Company. If a director develops an actual or potential conflict of interest with the Company, the director must report the conflict immediately to the Chairman of the Board's Audit Committee and the Company's General Counsel. If a significant conflict exists and cannot be resolved between such director and the Board, the director should resign. All directors must recuse themselves from any decision affecting their personal, business or professional interests.

Board Composition

4. Majority of Independent Directors. The Board of Directors will have a majority of members who meet the applicable independence requirements of the New York Stock Exchange and any applicable law. The Board's Nominating and Corporate Governance Committee will review the independence of each director under the applicable requirements annually and will present its findings and recommendations to the Board. In conducting its review the Nominating and Corporate Governance Committee will consider that Board members' independence may be jeopardized if Board compensation exceeds appropriate levels, if the Company makes substantial charitable contributions to organizations with which a Board member is affiliated, or if the Company enters into material consulting arrangements with (or provides other indirect forms of compensation to) a director or an organization with which a director is affiliated. Based on these findings and recommendations the Board will affirmatively determine whether each director is independent under the applicable requirements and the Company will publicly disclose such determinations in accordance with the requirements of the New York Stock Exchange or applicable law.

5. Board Size. The Company's Certificate of Incorporation, as amended, provides that the Board of Directors shall consist of not fewer than three or more than fifteen members (with the exact number to be determined by the Board). The Board should be neither too small to maintain the needed expertise and independence, nor too large to function effectively. However, from time to time, the Board will evaluate its size and determine whether changing circumstances warrant a change in the size of the Board.

6. Board Leadership. The Chairman of the Board will preside at all meetings of the Company's stockholders and the Board of Directors. The Chairman of the Board position and the Chief Executive Officer position are held at this time by separate individuals. The Company's current Chairman of the Board serves in that position during the term of his employment agreement with the Company. If for any reason he should cease to serve in that position, the Company's bylaws provide that the Chairman of the Board would be chosen by the remaining directors. The Board has concluded at this time that it is not necessary to establish a lead director. The Chairman of the Nominating and Corporate Governance Committee will preside at all executive session meetings of the non-management directors.

7. Nomination and Selection of Directors. Directors are elected each year by the Company's stockholders at the Annual Meeting of Stockholders. The Board's Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending a qualified slate of nominees for election to the Board. The Nominating and Corporate Governance Committee may, in the exercise of its discretion, actively solicit nominee candidates; however, nominee recommendations submitted by other directors or stockholders will be considered. The slate of nominees proposed by the Nominating and Corporate Governance Committee is subject to approval by the Chairman of the Board under his employment agreement with the Company as permitted by New York Stock Exchange rules. Any vacancies occurring in non-management director positions between annual stockholder meetings are filled by the Board and vacancies in director positions held by management are filled by the Chairman of the Board.

8. Board Qualifications. The Nominating and Corporate Governance Committee establishes the qualifications for directors and reviews such qualifications with the Board annually. The Nominating and Corporate Governance Committee seeks candidates who have the background, skills and expertise to make a significant contribution to the Board, the Company and its stockholders. Candidates nominated for election or reelection to the Board should possess the following qualifications:

Sound personal and professional integrity;

An inquiring and independent mind;

Practical wisdom and mature judgment;

Broad training and experience at the policy-making level in business, finance and accounting, government, education or technology;

Expertise that is useful to the Company and complementary to the background and experience of other Board members, so that an optimal balance of Board members can be achieved and maintained;

Willingness to devote the required time to carrying out the duties and responsibilities of Board membership;

Commitment to serve on the Board for several years to develop knowledge about the Company's businesses;

Willingness to represent the best interests of all stockholders and objectively appraise management performance; and

Involvement only in activities or interests that do not conflict with the director's responsibilities to the Company and its stockholders.

9. Extending Invitation to Potential Director. The invitation to a prospective Board member to join the Board will be extended by the Chairman of the Board following the qualification and selection of the nominee in accordance with the procedures described in paragraph 7 above.

10. Retirement. The Board does not have a mandatory retirement policy for directors. The Board believes that factors such as the age of a director will be appropriately considered by the Nominating and Corporate Governance Committee on an annual basis. However, the Board will continue to review this issue and could in the future determine that a mandatory retirement policy is appropriate.

11. Resignations; Changes in a Director's Principal Business Activities. Any director who is also an officer of the Company shall submit a letter of resignation to the Board upon any termination of employment as an officer of the Company. Any non-management director who experiences a significant change in the director's principal business or other activity in which the director was engaged at the time of the director's election will consult with the Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee and will offer to resign as a director. The Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee will review the circumstances, determine whether resignation from the Board is appropriate, and recommend a course of action to the Board.

12. Term Limits. The Board does not have a term limits policy for length of service as a director. The absence of term limits allows the Company to retain directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole.

13. Service on Other Boards and Other Commitments. Service as a director of the Company is a significant commitment in terms of both time and responsibility. Accordingly, each director is encouraged to limit the number of other public or private company boards on which the director serves and to be mindful of the director's other existing and planned commitments, so that such other directorships and commitments do not materially interfere with the director's service as an effective and active member of the Company's Board. The Board has adopted a policy that directors should not serve as a director of more than four public companies in addition to the ACS Board. Directors must advise the Chairman of the Board and the Chairman of the Nominating and Corporate Governance Committee in advance of accepting an invitation to serve on another public company board or significant private company board.

Board Operation

14. Scheduling Board Meetings. The Chairman of the Board in consultation with other directors will determine the timing and length of Board meetings. The Board expects that a minimum of four regular meetings per year, one in each fiscal quarter, is desirable for the performance of the Board's responsibilities. In addition to regularly scheduled meetings, special Board meetings may be called at any time in accordance with the procedures set forth in the Company's bylaws to address specific needs of the Company.

15. Establishing Board Meeting Agendas. The Chairman of the Board in consultation with executive management will establish the agenda for each Board meeting. Each Board member is free to suggest the inclusion of items on the agenda, request the presence of or a report by any member of the Company's management, or raise at any Board meeting subjects that are not on the agenda for that meeting.

16. Meeting Attendance and Preparation. Directors are expected to attend all Board meetings and meetings of committees on which they serve, to spend the time needed to review materials in advance of such meetings, to participate in such meetings, and to meet as frequently as necessary to properly discharge their responsibilities. In advance of each Board meeting and Board committee meeting, directors will receive the meeting agenda and other materials important to the Board's understanding of the matters to be considered. In addition, periodically directors will receive and should review materials designed to keep them well informed as to the most significant aspects of the Company's business, performance and prospects.

17. Access to Management. Each director has complete and open access to the Company's executive management. Directors should inform the Chairman of the Board of any material issues they believe should be addressed directly with executive management. In addition, the Board encourages, or may require, the attendance of executive management at Board and committee meetings in order to brief the Board and its committees on particular topics. The Board encourages the Company's executive management to offer presentations at such meetings by managers who can provide additional insight into items being considered or who have potential for greater responsibility and should be given exposure to the Board.

18. Access to Independent Advisors. The non-management directors as a group and each of the Board's committees have the authority to retain at any time, at the expense of the Company, independent legal, financial or other advisors if they determine such independent advice is necessary, appropriate and in the best interests of the Company and its stockholders.

19. Executive Sessions of Non-Management Directors. Non-management directors will meet without management present at least twice annually at regularly scheduled executive sessions and at such other times as they may deem necessary or appropriate. The Chairman of the Nominating and Corporate Governance Committee will preside at these meetings and, as appropriate, will report the results of the meetings to the Chairman of the Board or invite the Chairman of the Board to join the executive sessions for further discussion.

20. External Communication. The Board believes that it is the responsibility of the Company's executive management to speak on behalf of the Company to stockholders, analysts, the media, customers, suppliers or employees. If comments from or on behalf of the Board are appropriate under the circumstances, they should, in most cases, be made by the Chairman of the Board or his designee. In those instances in which it is necessary for an individual director to speak with such outside constituencies, it is expected that the director will do so only with the knowledge of the Chairman of the Board and, absent unusual circumstances, only at the request of the Chairman of the Board.

21. Annual Performance Evaluation. The Nominating and Corporate Governance Committee will establish appropriate performance criteria and processes for, and implement and oversee, an annual performance evaluation of each director, each committee of the Board, and the Board as a whole. The Nominating and Corporate Governance Committee will report the results of these evaluations to the Board and identify opportunities to improve the effectiveness of the Board and its Committees.

22. New Director Orientation; Continuing Education. The Nominating and Corporate Governance Committee will develop and oversee an orientation program for new directors. The orientation process will include comprehensive information about the Company's businesses and financial performance, as well as the policies, procedures and responsibilities of the Board and its committees. New directors will also meet with senior management and will have the opportunity to visit Company facilities. In addition, the Company will facilitate the participation of directors in relevant continuing education programs when requested by a director or when the Board concludes that such education would be of significant benefit to a director.

Board Committees

23. Board Committees and Responsibilities. The Board has established an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Special Transaction Committee. The Board of Directors may, from time to time, establish or maintain additional committees as necessary or appropriate. The Board has adopted charters for each committee setting forth the purpose and

responsibilities of the committee. Each committee will report to the Board on its meetings and activities at the next regularly scheduled meeting of the Board or as appropriate.

24. Independent Director Committee Members. Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are comprised solely of directors who meet the applicable independence requirements of the New York Stock Exchange and any applicable law.

25. Assignment of Committee Members. The Nominating and Corporate Governance Committee will make annual recommendations to the Board for committee appointments. In selecting committee members the Nominating and Corporate Governance Committee and the Board will consider several factors, including each director's interests, tenure and subject-matter expertise; the need for both continuity and fresh ideas and perspectives; and applicable requirements of the Securities and Exchange Commission, Internal Revenue Service, New York Stock Exchange and other legal requirements.

26. Limit on Audit Committee Memberships. Given the significant time demands and responsibilities of serving on a public company audit committee, the Board has established a policy that no member of the Audit Committee may serve on more than two other public company audit committees.

27. Committee Meeting Frequency, Length and Agendas. The Chairman of each Board committee, in consultation with the committee members and appropriate members of management, will determine the frequency and length of committee meetings and develop the agenda for each committee meeting. However, the Board expects that the Audit Committee will meet at least eight times per year, or twice quarterly, to review financial results prior to earnings release and in conjunction with the quarterly Board meetings to review matters as deemed appropriate. The Chairman of the Board may participate in any committee meeting except when such participation would present a conflict of interest or the meeting is a non-management executive session of the committee.

Board Compensation and Stock Ownership

28. Compensation of Directors. The Board, upon the recommendation of the Compensation Committee, will establish the form and amount of compensation to be paid to non-management directors. Directors who are also employees of the Company receive no additional compensation for serving on the Board. The Compensation Committee will conduct an annual review of Board compensation, which will include information obtained from one or more third-party reports or surveys in order to compare the Company's Board compensation practices with those of other public companies in the Company's peer group or of comparable size.

29. Stock Ownership Guidelines. The Board believes that significant direct ownership of ACS stock (excluding unexercised stock options) by directors aligns their interests with the interests of the Company's stockholders. Accordingly, the Board has established stock ownership guidelines for the directors.

Management Review and Succession Planning

30. Annual Compensation Review of Executive Management. The Compensation Committee, in consultation with the Chairman of the Board, will annually approve the goals and objectives for compensating the Chief Executive Officer. The Compensation Committee and the Chairman of the Board will evaluate the CEO's performance in attaining these goals before setting the CEO's salary, bonus and other incentive and equity compensation. The Compensation Committee, in consultation with the Chairman of the Board, will also annually approve the compensation structure for the Company's other executive management and will evaluate the performance of these officers in attaining these goals before setting the salary, bonus and other incentive and equity compensation for executive management. The salary, bonus and other incentive and equity compensation of the Chairman of the Board is determined annually under his employment agreement with the Company.

31. Succession Planning and Management Development. The Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board, will make an annual report to the Board on succession planning. The Board will work with the Nominating and Corporate Governance

Committee and the Chairman of the Board to evaluate potential successors to the position of Chief Executive Officer and other members of executive management and to establish policies regarding succession in the event of an emergency or retirement of the Chief Executive Officer.

Other Practices

32. Policies Relating to Auditors. The Company will request annually that the stockholders ratify the Audit Committee's selection of auditors. In addition, the Audit Committee has adopted a policy that it will rotate from its current auditors to new auditors within the next five years and thereafter auditors will be rotated every ten years, at minimum, subject to the Audit Committee's evaluation of circumstances at the time and any determination by the Audit Committee that such rotation would not be in the best interests of the Company and its stockholders.

33. Stock Ownership Guidelines. The Board believes that significant direct ownership of ACS stock (excluding unexercised stock options) by executive management of the Company aligns their interests with the interests of the Company's stockholders. Accordingly, the Board has established stock ownership guidelines for executive management.

34. Personal Loans Prohibition. The Company will not extend or maintain credit, arrange for the extension of credit, or renew an extension of credit, in the form of a personal loan to or for any director or member of the Company's executive management.

35. No Repricing of Stock Options. The Company will not reprice stock options for any reason (including, without limitation, by canceling an outstanding option and replacing such option with a new option with a lower exercise price).

36. Guidelines Disclosed in Proxy; Web Site Posting. These Corporate Governance Guidelines will be disclosed annually in the Company's proxy report. In addition, the Corporate Governance Guidelines, the charters for the Audit, Compensation, and Nominating and Corporate Governance Committees, the Company's Code of Business Conduct, and other relevant corporate governance information will be posted for public access on the Company's web site.

CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF
AFFILIATED COMPUTER SERVICES, INC.
(the Corporation)

AS REVISED AND ADOPTED ON SEPTEMBER 11, 2003

I. Purpose

The primary functions of the Audit Committee (the Committee) are to:

(A) assist board oversight by reviewing (1) the financial reports and other financial information provided by the Corporation to any governmental body or the public, including but not limited to, the integrity of the Corporation's financial statements and the Corporation's compliance with legal and regulatory requirements, (2) the Corporation's system of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established, (3) the Corporation's auditing, accounting and financial reporting processes, including, but not limited to, the independent accountant's qualifications and independence and the performance of the Corporation's internal audit function and independent accountants; and

(B) prepare the report, required by the proxy rules of the Securities and Exchange Commission (SEC), to be included in the Corporation's annual proxy statement, or, if the Corporation does not file a proxy statement, in the Corporation's annual report filed on Form 10-K with the SEC.

Consistent with this function, the Committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. Composition

The Committee shall be comprised of at least three (3) directors as determined by the Board, each of whom shall be independent directors. The independence of a director will be determined in accordance with the applicable requirements of the New York Stock Exchange, including, but not limited to Section 303 A (6) of the New York Stock Exchange Listed Company Manual, (or other exchange on which shares of the Corporation may be listed) and the requirements of the SEC.
